ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

The following presentation of management's discussion and analysis of the Company's financial condition and results of operation should be read in conjunction with the Company's financial statements and notes contained herein for the three months ended March 31, 2003.

GENERAL

Reality Interactive, Inc., (the "Company") was incorporated on May 24, 1994 for the purpose of developing technology-based knowledge solutions for the industrial marketplace. On April 30, 1999, the Company ceased business operations, sold substantially all of its assets and terminated all of its employees.

Since April 30, 1999, the Company has been exploring potential business opportunities to acquire or merge with. Until a suitable acquisition candidate can be found, the Company intends to comply with all SEC reporting requirements in order to maintain its status as a public company. On February 1, 2002, the Company acquired all of the issued and outstanding shares of Bright Europe Tech, Inc., and Faster Cash ATM, Inc. Due to market conditions in the United States and Eastern Europe which prevented planned capital raising, the Company rescinded the acquisitions during the fourth fiscal quarter of 2002.

Liquidity and Capital Resources. The Company has no assets and is currently in the process of looking for business opportunities to merge with or acquire. At minimum, the Company will need to raise additional capital through private funding to meet the financial needs of being a reporting company and to meet the obligations of the current accounts payable. In the past, the company has funded its operations from the sale of its products, the sale of common stock and loans from various sources. With the rescission of the Bright Europe Tech and Faster Cash ATM acquisition, the Company no longer has any business operations. The Company is currently searching for a business opportunity to acquire or merge with. There is no guarantee that the Company will be successful in obtaining necessary funding to develop any business opportunities.

Results of Operation. The Company reported a net loss of \$50,024 and \$80,000 for the quarters ended March 31, 2003, and March 31, 2002, respectively. The Company anticipates very little or no overhead from future operations until a successor business can be acquired or merged.

Plan of Operations. The Company is currently in the process of looking for business opportunities to acquire or merge with. There is no guarantee that management will be successful in finding such an opportunity.

ITEM 3 - CONTROLS AND PROCEDURES.

(a) Evaluation of disclosure controls and procedures.
