(A Development Stage Company)  
Notes to the Consolidated Financial Statements (unaudited)  
September 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The consolidated financial statements presented are those of Timeshare Holdings, Inc., (“THoldings”) and its wholly-owned subsidiary, TimeShareLoans.com, Inc., (“TSL”), a development stage company. The consolidated entity presented herewith utilizes the financial history of TSL prior to the merger, more fully described in the following paragraphs. Collectively, they are referred to herein as the "Company".

TSL was incorporated in Nevada on July 12, 2005 with the goal of providing consumer financing for those individuals and entities seeking to acquire, dispose or refinance timeshare intervals or equivalents through a secondary or resale market. Pursuant to Statement of Financial Accounting Standard No.7, “Accounting and Reporting by Development Stage Enterprises”, the Company is classified as a development stage company.

On March 9, 2007 TSL and THoldings entered into the Agreement and Plan of Reorganization, (“The Agreement”). In this transaction TSL was merged with THoldings, a shell corporation incorporated in Nevada on January 30, 2007. It is Managements’ belief that this transaction is properly reflected as a reverse merger for accounting purposes and the financial statement presentation is a reflection of that belief. TSL continues as the operating entity while THoldings is reflected as the parent company for legal purposes. As a result, we effected a forward stock split of our outstanding shares of common stock on a pro-rata basis which resulted in all 29,991,000 common shares of THoldings being issued to the shareholders of TSL in exchange for all 1,182,700 outstanding common shares of TSL. TSL became a wholly owned subsidiary of THoldings.

At the time of consolidation, no reverse merger adjustment was needed in that there were no shareholders in the parent company at the time of the merger. The financial information from inception includes the financial results of the Company from its inception on July 12, 2005 to September 30, 2008.

The financial information included in this periodic report should be read in conjunction with the consolidated financial statement of the Company for quarterly periods ended March 31, 2008 and June 30, 2008, and the annual period ending December 31, 2007, and related notes thereto included in form SB-2 filed with the United States Securities and Exchange Commission (“SEC”) on August 13, 2007, and the SB-2A filed with the SEC on September 28, 2007, along with the copies of filings of Forms POS AM (Post-effective Amendments) filed on May 30, 2008, June 13, 2008 and June 20, 2008.

On September 28, 2007 the registration statement was declared effective by the Securities and Exchange Commission. In connection therewith, an aggregate of 10,000,000 shares of common stock were registered for proposed sale by the Company at a fixed price of \$.50 share. Between March 26, 2008 and May 1, 2008, we received offers to purchase and deposits towards the purchase price of an aggregate of 373,329 of the shares of common stock at a price of \$.15 per share. Such shares were offered by us based upon the erroneous belief that we could offer such shares pursuant to our Prospectus which is included in the Registration Statement so long as we did not sell the shares at a price that was less than the market price on the date of sale. Because we could not under Federal securities laws sell such shares pursuant to such Prospectus at prices other than the previously contemplated \$.50 share, the receipt of offers to purchase and deposits towards the purchase price of shares of common stock that are contemplated to be sold by us in the offering covered by the Prospectus may be deemed to have not been exempt from the

registration or qualification requirements under the securities laws of certain states and/or the registration and qualification requirements under the Securities Act of 1933. While the company is not currently in a position to undertake or complete a rescission offer with respect to these offerees and shares due to our limited cash position, we nevertheless contemplate undertaking to complete such a rescission offer at such time as our financial position improves, whether out of revenues from our proposed operations or out of proceeds of our proposed offering. Such rescission offer would be intended to address any federal and state securities laws compliance issues by allowing holders of the shares covered by the rescission offer to rescind the underlying securities transactions and sell those securities back to us. If all nine shareholders who are entitled to rescission accept our rescission offer, the total amount is \$56,000.

TIMESHARE HOLDINGS, INC.  
(A Development Stage Company)  
Notes to the Consolidated Financial Statements (unaudited)  
September 30, 2008

The Company is headquartered in Las Vegas, Nevada and also maintains an office in Irvine, California.

### Interim Financial Reporting

The accompanying condensed financial statements of the Company have been prepared by the Company, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States have been condensed or omitted pursuant to such rules and regulations. These condensed financial statements reflect all adjustments (consisting only of normal recurring adjustments) that, in the opinion of management, are necessary to present fairly the results of operations of the Company for the periods presented. These condensed financial statements should be read in conjunction with the financial statements and the notes thereto included in the Company's Forms 10-KSB for the year ended December 31, 2007 and Forms SB-2 and SB-2A for the year ended December 31, 2006. The results of operations for the nine months ended September 30, 2008, are not necessarily indicative of the results that may be expected for the fiscal year ending December 31, 2008.

### Earnings per Share

Basic earnings per share excludes dilution and is computed by dividing net income available to common shareholders by the weighted average number of common shares outstanding for the period. Diluted earnings per share reflects the potential dilution that could occur if securities or other contracts to insure common stock were exercised or converted into common stock or resulted in the issuance of common stock that shared in the earnings of the Company. The Company did not have any outstanding common stock equivalents at September 30, 2008 and 2007.

NOTE 2 – GOING CONCERN

The accompanying Financial Statements have been prepared assuming that the Company will continue as a going concern. The Company currently has no revenues, and is dependent upon raising capital to continue operations. The financial statements do not include any adjustments that might result from the outcome of this uncertainty. It is Management's plan to generate additional working capital from an Initial Public Offering to investors, and then begin offering a new and better way to accommodate purchases and re-finances of resale timeshares by consumers. Given the current economic and fiscal crisis affecting the United States, as well as, the tightening of credit and the scarcity of investment capital, this strategy may no longer be viable. Therefore, the Company is exploring other strategic alternatives while simultaneously exploring other sources of Venture Capital.

All notes are unsecured and due on demand. During the nine month period ended September 30, 2008 the President and Treasurer funded the Company with \$14,450 at an interest rate of 12%. #### NOTE 4 – STOCKHOLDERS' EQUITY

As a result of the Agreement, dated March 9, 2007, THoldings issued 29,991,000 shares of common stock to the shareholders of TSL in exchange for the 1,182,700 shares of common stock of TSL, a Development Stage Company, which is reflected in our financial presentation as a forward split. The transaction represented an exchange of 100% of the outstanding and issued common shares of TSL, a Development Stage Company. The existing Shareholders of TSL exchanged their shares desiring that the transaction be qualified as a tax free reorganization under Section 368 (a)(1)(B) of the Internal Revenue Code of 1968, as amended. The Internal Revenue Service, "IRS", has not ruled on this transaction.

To fund the Company's ongoing need for capital the Company entered into The Agreement and Plan of Reorganization, (The Agreement) dated March 9, 2007 as previously mentioned. As a provision of this agreement the Company agreed to file with the Security and Exchange Commission, (SEC), and use it's best efforts to make effective a registration statement of Form SB-2A to register for resale 10,383,374 shares of common stock of selling shareholders, and an initial Public Offering of 10,000,000 shares of the Company's previously unissued common shares.

The SEC approved the filing in September 2007. As a provision of the approved filing, the 10,000,000 Public Offering shares were priced at \$.50 per share as outlined in the Prospectus. Subsequently, the Company's stock began trading as a Bulletin Board stock, trading under the symbol OTC BB:TMSH. The stock has historically traded in the range of \$.01 to \$.25 per share. Given the trading range, it has become increasingly difficult for the Company to market and sell its Public Offering of 10,000,000 common shares at the subscription price of \$.50 per share; approximately double the level of the market value. Therefore, the Company has chosen to file with the SEC a post-effective amendment lowering the price of its Public Offering shares from \$.50 to \$.10 per share which the Company believes more accurately reflects the activity of the stock in the public market. The Company has received offers from individual investors to purchase shares at the reduced price per share once the post-effective amendment to its Public Offering has been approved. The Company has accounted for these transactions as Stock Deposits. As of September 30, 2008 the Company has booked Stock Deposits of \$56,000.

#### NOTE 5 – COMMITMENTS AND CONTINGENCIES

The Company has engaged FJC Financial to place credit facilities on behalf of the company. Consultant, FJC Financial, only earns a fee upon completed commitment from a lender. The success fee is 3% plus reimbursement for any out of pocket expenses. The Company paid FJC in advance a \$3,000 non-refundable retainer which will be deducted from the earned success fee. As of September 30, 2008 FJC Financial has been unable to place a credit facility on behalf of the Company; the Company is seeking other alternative sources of financing

NOTE 6 – LITIGATION

On October 10, 2008 a complaint was filed against TimeShareLoans.com, Inc. in Superior Court of the State of California, County of Orange, for commercial unlawful detainer as a result of the alleged contractual breach of the Company. The complaint alleges, amongst other things, that the Company has failed to pay the lease obligation for its Irvine, California office location at 16842 Von Karman Ave, Ste. 475, Irvine California. The Company has referred the complaint to its legal counsel.

## Item 2. Management's Discussion and Analysis or Plan of Operation.

This Report contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These statements relate to future events or our future financial performance. In some cases, you can identify forward-looking statements by terminology such as "may," "will," "should," "expect," "plan," "anticipate," "believe," "estimate," "predict," "potential" or "continue," the negative of such terms, or other comparable terminology. These statements are only predictions. Actual events or results may differ materially from those in the forward-looking statements as a result of various important factors. Although we believe that the expectations reflected in the forward-looking statements are reasonable, such should not be regarded as a representation by Timeshare Holdings, Inc., or any other person, that such forward-looking statements will be achieved. The business and operations of Timeshare Holdings, Inc. and its subsidiaries are subject to substantial risks, which increase the uncertainty inherent in the forward-looking statements contained in this Report. Further, given the current economic and fiscal crisis affecting the United States as well as the tightening of credit and the scarcity of investment capital, the business risks and future uncertainty have escalated during the past fiscal quarter, and are expected to remain unchanged for the foreseeable future.

The following discussion and analysis should be read in conjunction with the Consolidated Financial Statements and related notes included elsewhere in this Report.

### Overview

Our business focuses on the market niche in the vacation ownership financing business segment. Our business was established to provide financing for consumers wishing to purchase and/or refinance vacation ownership intervals in the secondary, or resale market or elsewhere. We intend to focus on originating short-term, high-yield consumer notes. Both fee simple and non-fee simple licensed timeshare interests collateralize the notes.

TimeShareLoans.com, Inc. was incorporated on July 12, 2005 to provide financing for consumers wishing to purchase and/or refinance vacation ownership intervals in the secondary, or resale market, or elsewhere. Timeshare Holdings Inc. was incorporated in Nevada on January 30, 2007 with the intent of merging with TimeShareLoans.com, Inc.

On March 9, 2007 we acquired TimeShareLoans.com, Inc. by entering into an Agreement and Plan of Reorganization (the "Agreement") with TimeShareLoans.com, Inc. Pursuant to the terms of the Agreement, the respective shareholders of TimeShareLoans.com, Inc. exchanged their outstanding shares in TimeShareLoans.com, Inc. for shares in Timeshare Holdings (the "business combination"). As a result of the business combination as set forth in the Agreement, Timeshare Holdings became the parent company of TimeShareLoans.com, Inc. and we took over all the business operations of TimeShareLoans.com, Inc. Upon the closing of the business combination, a total of 1,182,680 shares of TimeShareLoans.com, Inc. common stock were exchanged for 29,991,000 shares of common stock in Timeshare Holdings.

As a result of the transaction outlined above, the operations of the company are comprised of the operations of Timeshare and TimeshareLoans.com, Inc.

Set forth below is a discussion of the financial condition and results of operations of the Company for the three months ended September 30, 2008 and 2007.
