NOTES TO FINANCIAL STATEMENTS
 (Expressed in thousands of United States dollars, except per share amounts)

Edgar Filing: SIERRA WIRELESS INC - Form 6-K

(Prepared in accordance with United States GAAP)
(Unaudited)

1. BASIS OF PRESENTATION

The accompanying financial information does not include all disclosures required under United States generally accepted accounting principles for annual financial statements. The accompanying financial information reflects all adjustments, consisting primarily of normal recurring adjustments, which are, in the opinion of management, necessary for a fair presentation of results for the interim periods. These financial statements should be read in conjunction with the financial statements and notes thereto included in our fiscal 2002 audited financial statements.

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the financial statements, we have incurred recurring net losses. This, among other factors, may indicate that we will be unable to continue as a going concern for a reasonable period of time.

2. SIGNIFICANT ACCOUNTING POLICIES

These interim financial statements follow the same accounting policies and methods of application as our annual financial statements, except for 2(b).

(a) STOCK-BASED COMPENSATION

We account for employee stock options using the intrinsic value method. As we grant all stock options with an exercise price equal to the market value of the underlying common shares on the date of the grant, no compensation expense is required to be recognized. Had compensation cost for our employee stock option plan been determined by the fair value method, our net loss would have been as follows:

Six months ended June 30,	2003	2002
	-----	-----
Net loss:		
As reported.....	\$ (3,643)	\$ (9,382)
Less: Total stock-based employee compensation expense determined under fair value based method for all awards..	(124)	(235)
	-----	-----
Pro forma.....	\$ (3,767)	\$ (9,617)
	-----	-----

We recognize the calculated benefit at the date of granting the stock options on a straight-line basis over the shorter of the expected service period and the vesting period.

We have estimated the fair value of each option on the date of the grant using the Black-Scholes option pricing model with the following assumptions:

Edgar Filing: SIERRA WIRELESS INC - Form 6-K

Six months ended June 30,	2003	2002
	-----	-----
Expected dividend yield.....	--	--
Expected stock price volatility.....	70%	70%
Risk-free interest rate.....	3.00%	5.00%
Expected life of options.....	5 years	5 years
Weighted average fair value of options granted.....	\$5.75	\$0.13

(b) RECENT ACCOUNTING PRONOUNCEMENTS

In May 2003, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("FAS") No. 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity" ("FAS No. 150"), which establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. FAS No. 150 is effective for financial instruments entered into or modified after May 31, 2003. We have adopted FAS No. 150, which had no effect on our financial statements.

In April 2003, the FASB issued FAS No. 149, "Amendment of Statement 133 on Derivative Instruments and Hedging Activities" ("FAS No. 149"), which amends and clarifies financial accounting and reporting for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities under FAS No. 133. FAS No.149 is to be applied prospectively for certain contracts entered into or modified after June 30, 2003. We are currently evaluating the impact of FAS No. 149 on our financial results.

In January 2003, the FASB issued FASB Interpretation No. 46, "Consolidation of Variable Interest Entities" ("FIN 46"), which requires the consolidation of a variable interest entity by the primary beneficiary. FIN 46 also requires additional disclosure by both the primary beneficiary and enterprises that hold a significant variable interest in a variable interest entity. FIN 46 is applicable to variable interest entities created after January 31, 2003. Entities created prior to February 1, 2003 must be consolidated effective December 31, 2003. However, because we do not have any variable interest entities, there is no impact on our financial statements.

In November 2002, the FASB issued FASB Interpretation No. 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others" ("FIN 45"). FIN 45 expands on previously issued accounting guidance and requires additional disclosure by a guarantor to recognize, at the inception of a guarantee, a liability for the fair value of an obligation assumed by issuing a guarantee. The provision for initial recognition and measurement of the liability is applied on a prospective basis to guarantees issued or modified after December 31, 2002. We have adopted FIN 45 in our financial statements.

In November 2002, FASB issued Emerging Issues Task Force 00-21, "Revenue Arrangements with Multiple Deliverables" ("EITF 00-21"). EITF 00-21 addresses certain aspects of the accounting by a vendor for arrangements under which it will perform multiple revenue-generating activities. In some arrangements, the different revenue-generating activities are sufficiently separable, and there may be sufficient evidence of their

Edgar Filing: SIERRA WIRELESS INC - Form 6-K

fair values to separately account for some or all of the deliverables. In other arrangements, some or all of the deliverables are not independently functional, or there is not sufficient evidence of their fair values to account for them separately. EITF 00-21 is effective for revenue arrangements entered into in fiscal periods beginning after June 15, 2003. We are currently evaluating the impact of this accounting pronouncement on our financial results.

3. CONTINGENCIES

(a) CONTINGENT LIABILITY ON SALE OF PRODUCTS

We accrue product warranty costs, when we sell the related products, to provide for the repair or replacement of defective products. Our accrual is based on an assessment of historical experience and estimates are made by management. An analysis of changes in the liability for product warranties follows:

	2003	2002
	----	----
Balance, January 1.....	\$174	\$ 80
Provisions.....	252	56
Expenditures.....	(42)	--
Adjustment to provision.....	--	(79)
	----	----
Balance, June 30.....	\$384	\$ 57
	----	----
	----	----

(b) LEGAL PROCEEDINGS

We are engaged in legal actions arising in the ordinary course of business and believe that the ultimate outcome of these actions will not have a material adverse effect on our operating results, liquidity or financial position.

5. SUBSEQUENT EVENTS

On August 12, 2003, Sierra Wireless, Inc. ("Sierra") acquired 100% of the

Edgar Filing: SIERRA WIRELESS INC - Form 6-K

outstanding securities of AirPrime in exchange for 3,708,521 common shares of Sierra. Immediately prior to the acquisition, the convertible notes payable of \$6,139 were converted into common shares of AirPrime. Subsequent to the acquisition date, AirPrime's name was changed to Sierra Wireless America, Inc.

6. COMPARATIVE FIGURES

We have reclassified certain of the figures presented for comparative purposes to conform to the financial statement presentation we adopted for the current period.
