PROXY STATEMENT

FOR 2004 ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON JUNE 2, 2004

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Reckson Associates Realty Corp., a Maryland corporation (the "Company"), for use at the 2004 Annual Meeting of Stockholders of the Company to be held on June 2, 2004, and at any adjournments or postponements thereof (the "Annual Meeting"). At the Annual Meeting, stockholders will be asked (1) to consider and vote on a proposal to amend the Articles of Incorporation, as amended and supplemented (the "Articles of Incorporation"), of the Company to eliminate the classification of the Board of Directors so that each director would stand for re-election on an annual basis, (2) to consider and vote on a proposal to amend the Articles of Incorporation of the Company to remove a potential anti-takeover defense regarding the Company's common stock ownership limit, (3) if Proposal 1 is approved by stockholders, to vote upon the election of nine directors of the Company to serve until the 2005 Annual Meeting of Stockholders, and until their respective successors are duly elected and qualified, or, if Proposal 1 is not approved by stockholders, to vote upon the election of three Class III directors, one Class I director and one Class II director of the Company, (4) to ratify the selection of Ernst & Young LLP as the independent auditors of the Company for the fiscal year ending December 31, 2004 and (5) to act upon any other matters that may properly be brought before the Annual Meeting and at any adjournments or postponements thereof.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form DEF 14A

This Proxy Statement and the accompanying Notice of Annual Meeting and Proxy Card are first being sent to stockholders on or about April 13, 2004. The Board of Directors has fixed the close of business on March 22, 2004 as the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting (the "Record Date"). Only stockholders of record of the Company's common stock, par value \$.01 per share, at the close of business on the Record Date will be entitled to notice of and to vote at the Annual Meeting. As of the Record Date, there were 66,388,203 shares of common stock outstanding and entitled to vote at the Annual Meeting. Holders of common stock outstanding as of the close of business on the Record Date will be entitled to one vote for each share held by them on the Record Date.

The presence, in person or by proxy, of holders of at least a majority of the total number of outstanding shares of common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum for the transaction of business at the Annual Meeting. The affirmative vote of the holders of a plurality of the votes cast on the matter at the Annual Meeting (assuming a quorum is present) is required for the election of directors. The affirmative vote of the holders of two-thirds of the votes entitled to be cast on the matter at the Annual Meeting (assuming a quorum is present) is required for the approval of amendments to the Company's Articles of Incorporation. The affirmative vote of the holders of a majority of votes cast on the matter is required for the approval of the ratification of the Company's auditors.

A broker non-vote occurs when a broker does not vote on some matter on the proxy card because the broker does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. Abstentions and broker non-votes are counted as present for determining a quorum at the Annual Meeting. For Proposal 3, the election of directors, and Proposal 4, the ratification of the selection of independent auditors, abstentions will not be counted as votes cast and will have no effect on the result of the vote. Broker non-votes will not exist for Proposal 3 and Proposal 4 because brokers have discretionary voting power. For Proposal 1 and

Proposal 2, each a proposal to amend the Company's Articles of Incorporation, abstentions and broker non-votes will have the same effect as votes cast against each Proposal.

The cost of solicitation of proxies in the form enclosed herewith will be paid by the Company. In addition to the solicitation of proxies by mail, the directors, officers and employees of the Company may also solicit proxies personally or by telephone without additional compensation for such activities. The Company will also request persons, firms and corporations holding shares in their names or in the names of their nominees, which are beneficially owned by others, to send proxy materials to and obtain proxies from such beneficial owners. The Company will reimburse such holders for their reasonable expenses.

Stockholders of the Company are requested to complete, sign, date and promptly return the accompanying Proxy Card in the enclosed postage-prepaid envelope. Shares represented by a properly executed proxy received prior to the vote at the Annual Meeting and not revoked will be voted at the Annual Meeting as directed on the proxy. If a properly executed proxy is submitted and no instructions are given, the proxy will be voted:

FOR the amendment to the Articles of Incorporation to eliminate the classification of the Board of Directors;

FOR the amendment to the Articles of Incorporation to amend the provision regarding the Company's common stock ownership limit;

FOR the election of nine nominees for directors of the Company, provided, however, that if Proposal 1 is not approved, the proxy will be voted FOR the election of the three nominees for Class III directors of the Company, the one nominee for Class I director of the Company and the one nominee for Class II director of the Company; and

FOR ratification of the Board of Directors' selection of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 31, 2004.

It is not anticipated that any matters other than those set forth in the Proxy Statement will be presented at the Annual Meeting. If other matters are presented, proxies will be voted in accordance with the discretion of the proxy holders.

A stockholder of record may revoke a proxy at any time before it has been exercised by filing a written revocation with the Secretary of the Company at the address of the Company set forth above, by filing a duly executed proxy bearing a later date, or by appearing in person and voting by ballot at the Annual Meeting. Any stockholder of record as of the Record Date attending the Annual Meeting may vote in person

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form DEF 14A

whether or not a proxy has been previously given, but the presence (without further action) of a stockholder at the Annual Meeting will not constitute revocation of a previously given proxy.

The Company's 2003 Annual Report, including financial statements for the fiscal year ended December 31, 2003, accompanies the proxy solicitation materials. The Annual Report, however, is not part of the proxy solicitation material.

PROPOSAL 1: APPROVAL OF AMENDMENT TO THE ARTICLES OF INCORPORATION TO ELIMINATE THE CLASSIFICATION OF THE BOARD OF DIRECTORS

Article V, Section 1 of the Company's Articles of Amendment and Restatement (the "Articles of Incorporation") currently provides for the classification of the Board of Directors into three classes, with each class being elected every three years. The Board of Directors has determined that the Articles of Incorporation should be amended to provide for the annual election of all directors commencing with the 2004 Annual Meeting. In furtherance of this purpose, the Board has unanimously adopted a resolution approving the amendment and declaring its advisability and recommending such amendment to our stockholders.

A classified board has the effect of making it more difficult for a substantial stockholder to gain control of the board without the approval or cooperation of incumbent directors and, therefore, may deter unfriendly and unsolicited takeover proposals and contests. A classified board also makes it more difficult for stockholders to change a majority of directors even where a majority of stockholders are dissatisfied with the performance of incumbent directors. Many institutional investors believe that the election of board members is the primary means for stockholders to influence corporate governance policies and to hold management accountable for implementing these policies. However, if the proposal is approved, the entire Board could be removed in any single year, which could make it more difficult to discourage persons from engaging in proxy contests or otherwise seeking control of the Company on terms that the current Board does not believe are in the best interests of stockholders.

The Board has examined the arguments for and against continuation of the classified Board and has determined that the classified Board should be eliminated.

If the proposed amendment is approved by our stockholders, the classified Board will be eliminated. In addition, each of our directors has agreed to stand for re-election at this Annual Meeting of Stockholders for a one-year term if the proposed amendment is approved by our stockholders, except for Messrs. Klein and Stephenson who will not stand for re-election in accordance with the Company's policy on the retirement of Board members. Directors will thereafter continue to be elected for one-year terms at each annual meeting of stockholders. In addition, any directors chosen as a result of a newly-created director position or to fill a vacancy on the Board will hold office until the next annual meeting and until his or her successor is duly elected and qualified.

The text of the proposed amendment to our Articles of Incorporation is attached as Annex A to this Proxy Statement.

The Board unanimously recommends a vote FOR the approval of the amendment to the Company's Articles of Incorporation to eliminate the classification of our Board.

3

PROPOSAL 2: APPROVAL OF AMENDMENT TO THE ARTICLES OF INCORPORATION TO AMEND THE PROVISION REGARDING THE COMPANY'S COMMON STOCK OWNERSHIP LIMIT

Due to the limitations on the concentration of ownership of shares of a real estate investment trust ("REIT") in the hands of individuals imposed by the Internal Revenue Code of 1986, as amended (the "Code"), the Company's Articles of Incorporation generally prohibit any stockholder from actually or constructively owning more than 9.0% of the lesser of the aggregate number or value of our outstanding common stock. Pursuant to Article VII, Section 11 of the Articles of Incorporation, the Board of Directors may, in its sole discretion, waive the ownership limit with respect to any particular Person or Persons (as such terms are defined in the Articles of Incorporation) if evidence satisfactory to the Board and the Company's tax counsel is presented that the changes in ownership pursuant to such a waiver will not cause the Company to fail to qualify as a REIT and is not reasonably likely to cause the Company to fail to qualify as a REIT and the Board otherwise determines that such a

waiver is in the best interests of the Company.

The REIT ownership limit may have the effect of making it more difficult for a stockholder to accumulate substantial stock holdings in the Company, and thereby may delay, defer or prevent a change-in-control of the Company or other transaction by a third party without the consent of the Board even if a change-in-control were in the best interests of our stockholders. As part of our strategic plan to improve corporate governance, the Board has determined that the Articles of Incorporation should be amended to remove a potential anti- takeover defense regarding the Company's common stock ownership limit. Specifically, the Board has determined that in the case of requests for waivers of the ownership limit by Persons that are not individuals (or treated as individuals for purposes of the relevant provisions of the Internal Revenue Code), the Board will be required, rather than permitted, to waive the ownership limit if evidence satisfactory to the Board and its tax counsel is provided that as a result of the requested waiver, no individual through its ownership interest in the Person will own in excess of the common stock ownership limit.

Under the proposed amendment, the common stock ownership limit will be revised so that, provided a Person or Persons (other than a Person that is an individual or treated as an individual for purposes of the relevant provisions of the Internal Revenue Code) provides evidence satisfactory to the Board and the Company's tax counsel that the changes in ownership that would be allowed pursuant to a waiver will not cause any individual (or Person treated as an individual) to Beneficially Own (as such term is defined in the Articles of Incorporation) shares of common stock in excess of the common stock ownership limit, the Board will waive the common stock ownership limit. In furtherance of this purpose, the Board has unanimously adopted a resolution approving the amendment and declaring its advisability and recommending such amendment to our stockholders.

The text of the proposed amendment to our Articles of Incorporation is attached as Annex B to this Proxy Statement.

The Board unanimously recommends a vote FOR the approval of the amendment to the Company's Articles of Incorporation to amend the provision regarding the Company's common stock ownership limit.

4

PROPOSAL 3: ELECTION OF DIRECTORS

The Board of Directors of the Company consists of eleven members and is currently divided into three classes, with the directors in each class serving for a term of three years and until their respective successors are duly elected and qualified. The term of one class expires at each Annual Meeting of Stockholders.

If Proposal 1 to declassify the Board of Directors is approved, each director has agreed to stand for re-election at this Annual Meeting, other than Messrs. Klein and Stephenson, both of whom are the age of 72 or over and who will not stand for re-election in accordance with the Company's policy for retirement of Board members. Mr. Klein's term as a director will expire at the Annual Meeting and Mr. Stephenson will resign from the Board immediately following the Annual Meeting. If Proposal 1 is approved, each director elected at this Annual Meeting will serve a term to expire at the 2005 Annual Meeting.

If Proposal 1 to declassify the Board of Directors is not approved, Messrs. Quick, Steinberg and Ruffle will be nominated to stand for election as members of Class III for a term expiring at the 2007 Annual Meeting of Stockholders, Ms. McCaul will be nominated to stand for election as a member of Class I for a term expiring at the 2005 Annual Meeting of Stockholders and Mr. Crocker will be nominated to stand for election as a member of Class II for a term expiring at the 2006 Annual Meeting of Stockholders. Messrs. Quick, Steinberg and Ruffle are currently serving as Class III directors of the Company, Ms. McCaul is currently serving as a Class I director of the Company and Mr. Crocker is currently serving as a Class II director of the Company. Since Messrs. Steinberg and Ruffle and Ms. McCaul were appointed by the Board of Directors in 2004 to fill vacant seats on the Board of Directors, in accordance with applicable law, they will be nominated by the Board of Directors for election by stockholders at this Annual Meeting if Proposal 1 is not approved. If Proposal 1 is not approved, Mr. Stephenson will continue to serve as a director for the remainder of his term.

The Board of Directors anticipates that each of the nominees will serve, if elected, as a director. However, if any person nominated by the Board of Directors is unable to accept election, the proxies will be voted for the election of such other person or persons as the Board of Directors may recommend.

In the event Proposal 1 receives stockholder approval, the Board of Directors recommends a vote FOR each of the nine Nominees.

In the event Proposal 1 does not receive stockholder approval, the Board of Directors recommends a vote FOR each of the five Nominees.

has recently adopted a policy whereby every three years at least one Independent Director of the Company will have rotated off of the Board.

The Board of Directors held twenty-one meetings during fiscal year 2003. In addition, the Independent Directors of the Company held thirteen executive sessions during fiscal year 2003 in which management directors did not participate. The Nominating and Corporate Governance Committee reviews with the Board on an annual basis the appropriate skills and characteristics required of Board members in the context of the then-current composition of the Board. Rechler (the Company's Chairman of the Board and uncle of Scott H. Rechler), have met the independence requirements of the New York Stock Exchange, based upon the application of objective categorical standards adopted by the Board. In making a determination regarding a director's independence, the Board considers all relevant facts and circumstances, including the director's commercial, banking, consulting, legal, accounting, charitable and familial relationships, and such other criteria as the Board may determine from time to time. In accordance with the Company's corporate governance guidelines, a director who satisfies all of the following criteria will be determined to be an Independent Director of the Company:

Direct or indirect ownership of even a significant amount of Company stock, by a director who may otherwise be determined to be independent as a result of the application of the foregoing standards, may not bar an independence finding as to such director.

For purposes of the foregoing (i), an "immediate family member" is defined as a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law and anyone (other than an employee) who shares such person's home. Ernst & Young LLP, the Company's independent auditors, are responsible for auditing the Company's financial statements and for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles. The Audit Committee reviewed and discussed with the independent auditors their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under Statement on Auditing Standards No. 61, as currently in effect. The Audit Committee also received the written disclosures and the letter from the independent auditors required by the Independence Standards Board Standard No. 1, as currently in effect, discussed with the independent auditors the auditors' independence from management and the Company and considered the compatibility of non-audit services with the auditors' independence.

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their audit. The Audit Committee meets at least quarterly with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. The Audit Committee also meets with management prior to the filing of the Company's quarterly reports on Form 10-Q with the SEC and release to the public of its quarterly and year-end financial results.

In reliance on the reviews and discussions referred to above, and subject to the limitations on the role and responsibilities of the Audit Committee referred to below, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the SEC.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting. Members of the Audit Committee rely, without independent verification, on the information provided to them and on the representations made by management and the independent auditors. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and

19

discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that Ernst & Young LLP is in fact "independent."

EXECUTIVE COMPENSATION

Report on Executive Compensation

The Role of the Committee. Generally, the Compensation Committee of the Board of Directors (the "Compensation Committee") establishes, oversees and directs the Company's executive compensation policies and programs, administers the Company's stock option plans and seeks to ensure that the Company's executive compensation philosophy is consistent with the Company's best interests.

The Compensation Committee has a charter which is available and can be viewed and downloaded from the Company's web site at www.reckson.com. A copy of the charter is available to stockholders free of charge on request to the Company's Secretary, Reckson Associates Realty Corp., 225 Broadhollow Road, Melville, New York 11747. The Compensation Committee charter provides that the responsibilities of the Compensation Committee include (i) reviewing and approving corporate goals and objectives relevant to the chief executive officer's compensation, evaluating the chief executive officer's performance in light of those goals and objectives, and, determining and approving the chief executive officer's compensation level based on this evaluation, (ii) making recommendations to the Board with respect to non-chief executive officer compensation, incentive-compensation plans and equity-based plans, and (iii) producing this annual compensation committee report on executive compensation as required by the SEC.

Compensation Philosophy and Review. The Compensation Committee seeks to align executive compensation with the Company's business objectives and strategies, management programs and financial performance. The Company's compensation philosophy for executive officers serves three principal purposes: (i) to provide a total compensation package for executive officers that is competitive with the total compensation paid by REITs similar to the Company, other public and private real estate companies and with the current market for executive talent, (ii) to attract, retain and motivate talented executives who will maximize stockholder value and (iii) to encourage senior management's long-term equity ownership in the Company by linking a portion of executive compensation directly to increases in stockholder value.

The Compensation Committee has overall responsibility for evaluating and approving the executive officer benefit, bonus, incentive compensation, severance, equity-based or other compensation plans, policies and programs of the Company. The Compensation Committee exercises independent discretion in respect of executive compensation matters. With respect to the compensation of the Named Executive Officers (as defined herein) other than Scott H. Rechler, the Compensation Committee reviews the recommendations of Scott H. Rechler.

Executive Compensation. The Company's executive compensation program consists primarily of an annual salary, cash bonuses linked to the performance of executives and the Company and long-term equity-based compensation.

Final compensation determinations for each fiscal year are generally made after the end of the fiscal year. At that time, base salaries for the following fiscal year are set, cash bonuses, if any, are determined for the past year's performance, and option grants or other long-term compensation awards, if any, are generally made. For fiscal 2003, the Compensation Committee reviewed the annual salaries of the Company's executive officers. At a meeting held in February 2004, the Compensation Committee set the base salaries for the Named Executive Officers for the fiscal year ending December 31, 2004 and approved cash bonuses for such officers in respect of the fiscal year ended December 31, 2003.

21

The Compensation Committee was advised by an independent compensation consultant regarding executive officer compensation matters, including annual base salary, annual incentives and long-term incentives. The independent compensation consultant is a consultant specializing in compensation matters in the real estate industry and is not affiliated with the Company. The Compensation Committee considered the independent compensation consultant's advice in determining base salaries for 2004 and annual bonuses and long-term incentives for fiscal 2003. In addition, the independent compensation consultant advised the Compensation Committee on the appropriate long-term incentive arrangements in order to meet the Company's objectives.

In determining executive compensation, the Compensation Committee noted several factors, including the Company's restructuring, the Company's disposition of the Long Island industrial portfolio, the Company's operating performance in a challenging economic environment and the improvement to the Company's balance sheet as a result of the Company's capital markets activities.

The following is a discussion of each element of the Company's executive compensation:

Annual Base Salary. Base salaries for the Current Named Executive Officers (as defined below) are the subject of employment and noncompetition agreements between the Company and each such executive as discussed below. Each such agreement provides that the base

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form DEF 14A

salary provided for under the respective agreement will be reviewed no less frequently than annually. For 2003, the Compensation Committee determined base salaries for the Named Executive Officers based upon comparable industry salaries, the current economic environment and the advice provided by the independent compensation consultant for the fiscal year ended December 31, 2003. The Current Named Executive Officers' 2004 base salaries increased between 0 - 10% from their 2003 base salaries.

Annual Incentives. Annual incentives are provided in the form of cash bonuses and were determined at the discretion of the Compensation Committee based upon the overall performance of the Company, the personal performance of each executive and the advice provided by the independent compensation consultant. For fiscal 2003, each of the Current Named Executive Officers received a cash bonus equal to 100% of their 2003 base salary.

Long-Term Incentives. Long-term incentives have historically been provided by the Company through a variety of means, including the grant of stock options, restricted stock awards, rights and, in prior years, stock loans to purchase the Company's common stock. These awards are intended to align the executive's long-term objectives with those of the Company's stockholders. The grant of stock options, restricted stock awards, rights and stock loans are made under the Company's stock option plans which are administered by the Compensation Committee. The Compensation Committee has the discretion to determine those individuals to whom awards are made and the terms and conditions of the awards.

Chief Executive Officer. The Compensation Committee determined the 2003 compensation of the Chief Executive Officer in accordance with the above discussion.

Tax Deductibility of Executive Compensation. Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), limits the deductibility on the Company's tax return of compensation over \$1 million to the Chief Executive Officer and the next four highest compensated officers of the Company (the "Covered Employees") unless, in general, the compensation is paid pursuant to a plan which is performance-related, non-discretionary and has been approved by the Company's stockholders.

22

The Company paid aggregate compensation of approximately \$7.9 million to its Covered Employees during 2003 which would be non-deductible under the limitations set forth in section 162(m).

(1) In 2003 the Company reviewed and adopted a Long-Term Incentive Plan (the "LTIP"), which was recommended by the Compensation Committee, for the Company's executive officers and other senior officers. The four-year plan has a core component (the "Core Award"), which provides for annual stock-based compensation based upon continued service and in part based on attaining certain annual performance measures. The LTIP has a special outperformance award (the "Special Outperformance Award"), which provides for compensation to be earned at the end of a four-year period if the Company attains certain four-year cumulative performance measures. Amounts earned under the special outperformance long-term component may be paid in cash or stock at the discretion of the Compensation Committee. Performance measures are based on total stockholder returns on a relative and absolute basis.

(2) These shares of restricted stock were awarded on March 13, 2003 as Core Awards under the Company's LTIP. The Core Award was made in the form of a grant of shares of restricted stock equal to a target amount to be earned over the four-year plan period. The shares of restricted stock were granted from available shares of common stock under the Company's 2002 stock option plan. Under the terms of the LTIP, 6.25% of an officer's shares will become vested on each of the four anniversaries of the date of grant, provided that the officer remains in continuous employment with the Company until such date. 18.75% of an officer's shares will become vested on each of the four anniversaries of the date of grant, provided that the officer remains in continuous employment with the Company until such date, and the Company has achieved a total return to holders of the common equity of the Company and the Operating Partnership ("Common Equity") that either (i) is at or above the 50th percentile of the total return to stockholders achieved by members of a designated peer group during the same period, or (ii) equals at least 9% per annum. Under the terms of the LTIP, if the performance requirement is not satisfied for a given year, the shares from that year will be rolled over to the following year and will become vested if the performance requirement is satisfied on a cumulative and compounded basis for the extended period. Dividends

on the shares of restricted stock will be held by the Company until such shares become vested, and will be distributed thereafter to the applicable officer.

(3)

The special outperformance component of the LTIP consists of a bonus pool equal to 10% of the total return in excess of a 9% cumulative and compounded annual total return on the Common Equity for the period through the four-year anniversary after the date of grant (the "Special Outperformance Pool"). The aggregate amount payable to such officers from the Special Outperformance Pool is capped at an amount calculated based upon a total cumulative and compounded annual return on the Common Equity of 15%. An officer's Special Outperformance Award represents an allocation of the Special Outperformance Pool and will become vested on the fourth anniversary of the date of grant, provided that the officer remains in continuous

28

employment with the Company or any of its affiliates until such date, and the Company has achieved on a cumulative and compounded basis, during the four fiscal years completed on the applicable anniversary date, a total return to holders of the Common Equity that (i) is at or above the 60th percentile of the total return to stockholders achieved by members of the peer group during the same period and (ii) equals at least 9% per annum. Special Outperformance Awards will be paid in cash; however, the Compensation Committee, in its sole discretion, may elect to pay such an award in shares of common stock, valued at the date of vesting, if shares are available at such time under any of the Company's existing stock option plans. The LTIP provides that no dividends or dividend equivalent payments will accrue with respect to the Special Outperformance Awards.

(4)

On March 13, 2003, each officer was also granted a Special Outperformance Award under the LTIP entitling such officer to a 10% share (6.02% in the case of Mr. Campofranco and 8.03% in the case of Mr. Waterman) of the Special Outperformance Pool.

(5)

Subsequent to the grant of his Core Award and Special Award, the terms of Mr. Campofranco's grant were amended with respect to certain change-in-control and other provisions. If a change-in-control or death or disability (an "Event") occurs within the first three years following the grant of the award, Mr. Campofranco will be entitled to the Core Award during the current year and a \$1 million cash payment and any remaining portion of the Core Award and the entire Special Award will be forfeited. However, if an Event occurs in the fourth year following the grant, the executive will be entitled to the Core Award during the current year, the \$1 million cash payment and to the Special Award to the extent earned, provided however that with respect to the Special Award the executive will only be entitled to an amount equal to the amount by which the Special Award earned exceeds \$1 million. Lastly, upon an Event any other contractual obligations that Mr. Campofranco may be entitled to will be reduced by the \$1 million cash payment.

(6)

In connection with their resignations from the Company, on November 10, 2003, Mitchell Rechler and Gregg Rechler each received 8,681 shares of the Company's common stock related to the service component of their Core Award. In addition, since the Company met its annual performance measure under the LTIP in March 2004, these individuals also each received 26,041 shares of common stock representing the balance of the annual Core Award as if they remained in continuous employment with the Company. The remainder of their Core Awards was forfeited as was the entire amount of the Special Award.

(7)

Threshold amount shown for the Core Award represents the number of shares vesting on each of the four anniversaries of the date of grant as long as the officer remains in continuous employment with the Company until such date.

Employment and Noncompetition Agreements

Each of the Current Named Executive Officers, other than Mr. Campofranco, has entered into an employment and noncompetition agreement with the Company. In addition, Messrs. Rechler, Maturo and Barnett have each entered into severance agreements with the Company.

The employment and noncompetition agreements with each of Scott H. Rechler, Michael Maturo and Jason M. Barnett were renewed as of August 15, 2000 for five-year terms, unless in each case otherwise extended. The term of each of their severance agreements is identical to their employment and noncompetition agreement, including any extension thereof. However, in the event of a "Change in Control" (as such term is defined in the applicable agreement), each severance agreement automatically extends the term of the corresponding employment agreement until the later of (i) the date on which the employment and noncompetition agreement otherwise would have expired and (ii) the date which is 60 months after the end of the calendar year in which such Change in Control occurs. Each agreement provides for certain benefits in the event of termination of the executive by the

Company without "Good Reason" (as such term is defined in the applicable agreement) or the resignation of the executive upon a material breach of the agreement by the Company or a Change in Control of the Company. These benefits include the continued payment of the executive's base salary during the remaining term of the agreement, immediate vesting of all equity awards as well as continued entitlement to receive other benefits conferred under the applicable agreement for such remaining term. Under the agreements, each executive is also entitled to certain specified benefits in the event of his death or disability.

In addition, the employment and noncompetition agreements for each of Messrs. Rechler, Maturo and Barnett, subject to limited exceptions, prohibit each such executive from engaging, directly or indirectly, during the term of his employment, in any business, which engages or attempts to engage in, directly or indirectly, the acquisition, development, construction, operation, management or leasing of any industrial or office real estate property in any of the submarkets throughout the tri-state metropolitan area of New York, New Jersey and Connecticut in which the Company is operating ("Competitive Activities"). These employment and noncompetition agreements also prohibit such persons from engaging, directly or indirectly, during a specified Noncompetition Period in any Competitive Activities, subject to limited exceptions. The Noncompetition Period for each such executive is the period beginning on the date of the termination of employment and ending on the later of (i) the first anniversary of such person's termination of employment with the Company and (ii) the third anniversary of the person's prior employment and noncompetition agreement.

Mr. Waterman's employment agreement provides for certain benefits in the event the Company terminates his employment without Cause (as defined in the agreement) or Mr. Waterman terminates his employment for Good Reason (as defined in the agreement). These benefits include a cash lump sum payment of \$2,000,000, immediate vesting of any stock options, the forgiveness of certain tax loans and the continuation of certain health, life insurance and disability benefits. In addition, Mr. Waterman's right to any remaining Core Award and the Special Award under the Company's LTIP will be forfeited. Mr. Waterman's employment agreement also provides for specified benefits upon a change-in-control of the Company and his death or disability.

Mr. Waterman's employment agreement also prohibits him from engaging, directly or indirectly, in any business which engages or attempts to engage in the acquisition, development, construction, operation, management or leasing of any industrial or office real estate anywhere in New York, New Jersey or Connecticut or intentionally interfere with, disrupt or attempt to disrupt the relationship between the Company and any customer, tenant, supplier, contractor, lender or employee during a specified Restrictive Period. The Restrictive Period for Mr. Waterman is the period beginning on the date of termination of his employment and an additional six months under certain circumstances.

Pursuant to the original employment and noncompetition agreement with Mr. Maturo entered into in 1995, the Company made a non-recourse loan to Mr. Maturo in the amount of approximately \$400,000 (the "Loan") in order to finance his purchase of an equity interest in the Company. On each of the first four anniversaries of the Loan, \$100,000 of the outstanding principal amount was forgiven by the Company and the Company made non-recourse loans to Mr. Maturo in an amount equivalent to his resulting tax liability, which in turn is forgiven (together with accrued interest thereon and on the Loan) over the sixth through eight anniversaries of the date the Loan was made.

STOCK PERFORMANCE GRAPH

The following graph provides a comparison of the cumulative total stockholder return on the common stock for the period from December 31, 1998 to December 31, 2003 with the cumulative total return on the Standard & Poor's 500 Composite Stock Price Index (the "S&P 500") and the NAREIT Equity REIT Total Return Index. Total return values were calculated based on cumulative total return assuming (i) the investment of \$100 in each of the common stock on December 31, 1998, in the S&P 500 and in the NAREIT Equity REIT Total Return Index on December 31, 1998, and (ii) the reinvestment of dividends.

For purposes of this table a person is deemed to have "beneficial ownership" of the number of shares of common stock that person has the right to acquire pursuant to the exercise of stock options within 60 days or upon the redemption of Units (assuming the Company elects to issue common stock rather than pay cash upon such redemption). SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires the Company's executive officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities ("10% Holders"), to file reports of ownership and changes in ownership with the SEC and the New York Stock Exchange. Officers, directors and 10% Holders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms that they file. To the Company's knowledge, based solely on review of the copies of such reports furnished to the Company, all Section 16(a) filing requirements applicable to its executive officers, directors and 10% Holders were satisfied during 2003, except as follows: Ronald Menaker, Peter Quick, John V. N. Klein, Conrad Stephenson, Lewis S. Ranieri, Douglas Crocker II, Philip Waterman III and Michael Maturo each filed a Form 4 with respect to one transaction subsequent to its due date; Donald J. Rechler and Scott H. Rechler each filed two Form 4s with respect to two transactions subsequent to the due date; Donald J. Rechler, Scott H. Rechler and Michael Maturo each reported a transaction on Form 5 that should have previously been reported on a Form 4; and Scott H. Rechler reported on his 2003 Form 5 a transaction that should have been reported on his 2002 Form 5.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Property Transactions

In connection with our initial public offering in May 1995 (the "IPO"), the Company was granted ten-year options to acquire ten properties (the "Option Properties") which were either owned by certain Rechler family members who were also executive officers of the Company, or in which the Rechler family members owned a non-controlling minority interest at a price based upon an agreed upon formula. In years prior to 2001, one Option Property was sold by the Rechler family members to a third party and four of the Option Properties were acquired by the Company for an aggregate purchase price of approximately \$35 million, which included the issuance of approximately 475,000 Units valued at approximately \$8.8 million.

On November 10, 2003, in connection with the Company's sale of its Long Island industrial building portfolio, four of the five remaining options (the "Remaining Option Properties") granted to the Company at the time of the IPO to purchase interests in properties owned by Rechler family members were terminated. In return the Company received an aggregate payment from the Rechler family members of \$972,000. Rechler family members have also agreed to extend the term of the remaining option on the property located at 225 Broadhollow Road, Melville, NY (the Company's current headquarters) for five years and to release the Company from approximately 15,500 square feet under its lease at this property. In connection with the restructuring of the remaining option, the Rechler family members paid the Company \$1 million in return for the Company's agreement not to exercise the option during the next three years. As part of the agreement, the exercise price of the option payable by the Company was increased by \$1 million.

As part of the Company's REIT structure it is provided management, leasing and construction related services through taxable REIT subsidiaries as defined by the Code. These services are currently provided by RCG, RMG, RANY and Reckson Construction Group New York, Inc. ("the Service Companies") in which, as of September 30, 2002, the Operating Partnership owned a 97% non-controlling interest. An entity that is substantially owned by certain Rechler family members, who are also executive officers of the Company, owned a 3% controlling interest in the Service Companies. In order to minimize the potential for corporate conflicts of interests, which became possible as a result of changes to the Code that permit REITs to own 100% of taxable REIT subsidiaries, the Independent Directors of the Company approved the purchase by the Operating Partnership of the remaining 3% interests in the Service Companies. On October 1, 2002, the Operating Partnership acquired such 3%

interests in the Service Companies for an aggregate purchase price of approximately \$122,000. Such

amount was less than the total amount of capital contributed by the Rechler family members. During the year ended December 31, 2003, RCG billed approximately \$775,000 of market rate services and RMG billed approximately \$279,000 of market rate management fees to the Remaining Option Properties. In addition, for the year ended December 31, 2003, RCG performed market rate services, aggregating approximately \$207,000, for a property in which certain former executive officers of the Company maintain an equity interest.

RMG leases approximately 28,000 square feet of office and storage space at a Remaining Option Property located at 225 Broadhollow Road, Melville, NY for its corporate offices at an annual base rent of approximately \$785,000. The Company had also entered into a short term license agreement at the property for 6,000 square feet of temporary space which expired in January 2004. RMG also leases 10,722 square feet of warehouse space used for equipment, materials and inventory storage at a property owned by certain members of the Rechler family at an annual base rent of approximately \$75,000.

In November 2003, the Company disposed of all but three of its 95 property, 5.9 million square foot, Long Island industrial building portfolio to members of the Rechler family (the "Disposition") for approximately \$315.5 million, comprised of \$225.1 million in cash and debt assumption and 3,932,111 Units valued at approximately \$90.4 million. Approximately \$204 million of sales proceeds from the Disposition were used to repay borrowings under the Company's credit facility. Two of the remaining three properties, which are subject to transfer pursuant to Section 1031 of the Code, are anticipated to close during 2004. The disposition of the other property, which is subject to certain environmental issues, is conditioned upon the approval of the buyer's lender, which has not been obtained. These three remaining properties aggregate approximately \$7.1 million of the \$315.5 million sales price. In addition, four of the five remaining options granted to the Company at the time of the Company's IPO to purchase interests in properties owned by Rechler family members (including three properties in which the Rechler family members hold non-controlling interests and one industrial property) were terminated along with management contracts relating to three of such properties.

In connection with the closing, the employment of Donald Rechler, Roger Rechler, Gregg Rechler and Mitchell Rechler as officers of the Company terminated and Roger Rechler, Gregg Rechler and Mitchell Rechler resigned as members of the Board of Directors. In connection with the Disposition and the terminations of employment, the Company incurred the following restructuring charges: (i) approximately \$7.5 million related to outstanding stock loans under the Company's historical long-term incentive program were transferred to the entity that acquired the Long Island industrial building portfolio and approximately \$642,000 of loans related to life insurance contracts were extinguished, (ii) approximately \$2.9 was million paid to the departing Rechler family members in exchange for 127,689 of rights to receive shares of common stock that were granted in 2002 and their rights that were granted in 2003 were forfeited in their entirety and (iii) with respect to two of the departing Rechler family members participating in the Company's March 2003 LTIP, each received 8,681 shares of the Company's common stock related to the service component of their core award which was valued at \$293,000 in the aggregate. In addition, since the Company attained its annual performance measure under the March 2003 LTIP in March 2004, these individuals also each received 26,041 shares of common stock representing the balance of the annual core award as if they remained in continuous employment with the Company. The remainder of their core awards was forfeited as was the entire amount of the special outperformance component of the March 2003 LTIP. The Company also incurred additional restructure charges of approximately \$1.2 million related primarily to the release and severance of approximately 25 employees. Total restructure charges of approximately \$12.5 million were mitigated by a \$972,000 fee from departing Rechler family members, related to the termination of the Company's option to acquire certain property, which was either owned by certain Rechler family members or in which the Rechler family members own a non-controlling minority interest.

A company affiliated with Lewis S. Ranieri, a director of the Company, leases 15,566 square feet at the Company's property located in Mitchel Field, New York, at an annual base rent of approximately \$447,500. In addition, Reckson Strategic Venture Partners LLC leased 5,144 square feet in one of the Company's joint venture properties at an annual base rent of approximately \$176,000. On June 15, 2003, this lease was mutually terminated and RSVP vacated the premises.

HQ, one of the largest providers of flexible officing solutions in the world and which was formerly controlled by FrontLine Capital Group ("FrontLine"), previously operated eleven executive office centers comprising approximately 205,000 square feet at the Company's properties, including two operated at the Company's joint venture properties. On March 13, 2002, as a result of experiencing financial difficulties, HQ voluntarily filed a petition for relief under Chapter 11 of the U.S. Bankruptcy Code and subsequently rejected three of its leases with the Company and surrendered approximately an additional 20,500 square feet from two other leases. The Company has since re-leased 100% of the

rejected space. In September 2003, the Bankruptcy Court approved the assumption and amendment by HQ of its remaining eight leases with the Company. The assumed leases expire between 2007 and 2011, encompass approximately 150,000 square feet and provide for current annual base rents totaling approximately \$3.5 million. A committee designated by the Board and chaired by an Independent Director conducted all negotiations with HQ.

FrontLine Capital Group

During 1997, the Company formed FrontLine and Reckson Strategic Venture Partners LLC ("RSVP"). RSVP is a real estate venture capital fund, which invested primarily in real estate and real estate operating companies outside the Company's core office focus and whose common equity is held indirectly by FrontLine. In connection with the formation and spin-off of FrontLine, the Operating Partnership established an unsecured credit facility with FrontLine (the "FrontLine Facility") in the amount of \$100 million for FrontLine to use in its investment activities, operations and other general corporate purposes. The Company advanced approximately \$93.4 million under the FrontLine Facility. The Operating Partnership also approved the funding of investments of up to \$100 million relating to RSVP (the "RSVP Commitment"), through RSVP-controlled joint ventures (for REIT-qualified investments) or advances made to FrontLine under an unsecured loan facility (the "RSVP Facility") having terms similar to the FrontLine Facility (advances made under the RSVP Facility and the FrontLine Facility hereafter, the "FrontLine Loans"). During March 2001, the Company increased the RSVP Commitment to \$110 million and as of December 31, 2003 approximately \$109.1 million was funded under the RSVP Commitment, of which \$59.8 million represents investments by the Company in RSVP-controlled (REIT-qualified) joint ventures and \$49.3 million represents loans made to FrontLine under the RSVP Facility. As of December 31, 2003, interest accrued (net of reserves) under the FrontLine Facility and the RSVP Facility was approximately \$19.6 million.

At June 30, 2001, the Company assessed the recoverability of the FrontLine Loans and reserved approximately \$3.5 million of the interest accrued during the three-month period then ended. In addition, the Company formed a committee of its Board of Directors, comprised solely of Independent Directors, to consider any actions to be taken by the Company in connection with the FrontLine Loans and its investments in joint ventures with RSVP. During the third quarter of 2001, the Company noted a significant deterioration in FrontLine's operations and financial condition and, based on its assessment of value and recoverability and considering the findings and recommendations of the committee and its financial advisor, the Company recorded a \$163 million valuation reserve charge, inclusive of anticipated costs, in its consolidated statements of operations relating to its investments in the FrontLine Loans and joint ventures with RSVP. The Company has discontinued the accrual of interest income with respect to the FrontLine Loans. The Company has also reserved against its share of GAAP equity in earnings from the RSVP controlled joint ventures funded through the RSVP Commitment until such income is realized through cash distributions.

36

At December 31, 2001, the Company, pursuant to Section 166 of the Code, charged off for tax purposes \$70 million of the aforementioned reserve directly related to the FrontLine Facility, including accrued interest. On February 14, 2002, the Company charged off for tax purposes an additional \$38 million of the reserve directly related to the FrontLine Facility, including accrued interest, and \$47 million of the reserve directly related to the RSVP Facility, including accrued interest.

FrontLine is in default under the FrontLine Loans from the Operating Partnership and on June 12, 2002, filed a voluntary petition for relief under Chapter 11 of the United States Bankruptcy Code.

In September 2003, RSVP completed the restructuring of its capital structure and management arrangements. In connection with the restructuring, RSVP redeemed the interest of the preferred equity holders of RSVP for an aggregate of approximately \$137 million in cash including proceeds from the disposition of all of the privatization and medical offices assets and the transfer to the preferred equity holders of the assets that comprised RSVP's parking investment valued at approximately \$28.5 million. RSVP also restructured its management arrangements whereby a management company formed by its former managing directors has been retained to manage RSVP pursuant to a management agreement and the employment contracts of the managing directors with RSVP have been terminated. The management agreement provides for an annual base management fee and disposition fees equal to 2% of the net proceeds received by RSVP on asset sales. (The base management fee and disposition fees are subject to a maximum over the term of the agreement of \$7.5 million.) In addition, the managing directors retained a one-third residual interest in RSVP's assets which is subordinated to the distribution of an aggregate amount of \$75 million to RSVP and/or the Company in respect of its joint ventures with RSVP. The management agreement has a three-year term, subject to early termination in the event of the disposition of all of the assets of RSVP.

In connection with the restructuring, RSVP and certain of its affiliates obtained a \$60 million secured loan. In connection with this loan, the Operating Partnership agreed to indemnify the lender in respect of any environmental liabilities incurred with regard to RSVP's remaining assets in which the Operating Partnership has a joint venture interest (primarily certain student housing assets held by RSVP) and guaranteed the obligation of an affiliate of RSVP to the lender in an amount up to \$6 million plus collection costs for any losses incurred by the lender as a result of certain acts of malfeasance on the part of RSVP and/or its affiliates. The loan is scheduled to mature in 2006 and is expected to be repaid from proceeds of asset sales by RSVP.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form DEF 14A

As a result of the foregoing, the net carrying value of the Company's investments in the FrontLine Loans and joint venture investments with RSVP, inclusive of the Company's share of previously accrued GAAP equity in earnings on those investments, is approximately \$65 million, which was reassessed with no change by management as of December 31, 2003. Such amount has been reflected in investments in service companies and affiliate loans and joint ventures on the Company's consolidated balance sheet.

Scott H. Rechler, who serves as President, Chief Executive Officer and a director of the Company, serves as CEO and Chairman of the Board of Directors of FrontLine and is its sole board member. Scott H. Rechler also serves as a member of the management committee of RSVP.

Loans

The Company has historically structured long-term incentive programs using restricted stock and stock loans. In addition, the Company had loaned, on behalf of executive officers, the payment of premiums on life insurance policies under which the executive has an interest in the cash surrender value of the policy, subject to the refund of such premiums to the Company upon the termination of such policies. Consistent with the requirements of the Sarbanes-Oxley Act of 2002, the Company has discontinued the use of loans in its long-term incentive programs and with regard to such life insurance policies. In connection with long-term incentive program grants made prior to the enactment of the

37

Sarbanes-Oxley Act of 2002, with respect to each fiscal year from 1996 through 2000, each of the Company's executive officers received a loan from the Company to purchase shares of common stock (the "1996 Stock Loans," the "1997 Stock Loans," the "1998 Stock Loans," the "1999 Stock Loans" and the "2000 Stock Loans" and collectively, the "Stock Loans"). The 1996 and 1997 Stock Loans matured in 2003 and were satisfied in full with the return to the Company of shares of restricted common stock securing the loans.

Each 1998 Stock Loan has a term of seven years, accrues interest at the mid-term "Applicable Federal Rate" ("AFR"), is secured by the shares purchased and is otherwise non-recourse. Each 1998 Stock Loan is forgiven ratably each year during the term of the loan, provided that the officer is then employed by the Company. By their terms, the 1998 Stock Loans also provide for the Company to loan to each officer an amount equal to his aggregate tax liability resulting from such forgiveness, which loans (together with interest thereon) are forgiven in one year, provided that the officer is still employed by the Company and for tax gross-up payments upon forgiveness of the tax loans. Consistent with the requirements of the Sarbanes-Oxley Act of 2002, the Company has discontinued the use of tax loans, but may make tax payments in lieu of such tax loans. The 1998 Stock Loans also provide for forgiveness upon the occurrence of certain events, including a change-in-control of the Company, the officer's death or permanent disability, termination of his employment by the Company without cause or a reduction in the nature or scope of his duties. In the event an officer leaves the employ of the Company or is terminated with cause, the outstanding amount of the applicable loans is immediately due and payable.

Each 1999 Stock Loan and 2000 Stock Loan has a term of ten years, accrues interest at the AFR, is secured by the shares purchased and is otherwise non-recourse. Forty percent of each officer's 1999 and 2000 Stock Loan (together with accrued interest) is forgiven ratably each year during the ten-year term of the loan, provided that the officer is then employed by the Company. The other 60% (together with accrued interest) is forgiven ratably each year during the term of the loan if the performance of the Company's common stock since the Company's IPO is ranked in the top 40% for office and industrial REITs (as reported by NAREIT or, if not available from NAREIT, from such other standard industry source as may be approved by the Compensation Committee) at the end of the respective year. In the event this criteria is not satisfied in any particular year, the portion of the 1999 Stock Loan or 2000 Stock Loan that is not forgiven in respect of such year is carried forward and forgiven in a subsequent year only if the Company's common stock satisfies the aforementioned performance criteria. The terms of the 1999 Stock Loans and 2000 Stock Loans are otherwise substantially similar to the terms of the 1998 Stock Loans with respect to tax loans and forgiveness upon the occurrence of certain events. Consistent with the requirements of the Sarbanes-Oxley Act of 2002, the Company has discontinued the use of tax loans, but may make tax payments in lieu of such tax loans.

Messrs. Campofranco and Waterman also have outstanding loans which were made to them prior to the time they became executive officers. Such loans are also forgiven ratably during the terms of the loans, provided that the officer is then employed by the Company and certain of the loans entitle the officers to tax payments upon such forgiveness.

As of March 25, 2004, the aggregate principal amount outstanding under the loans was \$2,069,458 in the case of Scott H. Rechler; \$1,864,521 in the case of Michael Maturo; \$1,684,366 in the case of Jason M. Barnett; \$88,960 in the case of Salvatore Campofranco and \$1,184,533 in the case of Philip Waterman III. The largest aggregate principal amount outstanding under all loans during fiscal 2003 was \$2,490,814 in the case of Donald J. Rechler; \$2,525,638 in the case of Scott H. Rechler; \$2,265,546 in the case of Michael Maturo; \$2,048,673 in the case of Jason M. Barnett; \$180,725 in the case of Salvatore Campofranco and \$1,771,554 in the case of Philip Waterman III.

38

Other

During the year ended December 31, 2003 and prior to his appointment to the Board, the Company paid approximately \$16,000 to Mr. Steinberg in consulting fees.

STOCKHOLDER PROPOSALS FOR 2005 ANNUAL MEETING

For a proposal of a stockholder to be presented at an annual meeting to be included in the Company's proxy statement pursuant to Rule 14a-8 of the Exchange Act ("Rule 14a-8"), the Secretary of the Company must receive written notice thereof on or before December 14, 2004.

The Company's Bylaws provide that any stockholder wishing to nominate a director or have a stockholder proposal, other than a stockholder proposal included in the Company's proxy statement pursuant to Rule 14a-8, considered at an annual meeting must provide written notice of such nomination or proposal and appropriate supporting documentation, as set forth in the Bylaws, to the Company at its principal executive offices not less than 120 days nor more than 180 days prior to the anniversary of the immediately preceding annual meeting of stockholders (the "Anniversary Date"); provided, however, that in the event that the annual meeting is scheduled to be held more than seven calendar days prior, or more than 60 days subsequent, to the Anniversary Date, such nominations or proposals must be delivered to the Company not earlier than the 180th day prior to such meeting and not later than the later of the 120th day prior to such annual meeting or the twentieth day following the earlier of the day on which public announcement of the meeting is first made or notice of the meeting is mailed to stockholders. Accordingly, for a proposal of a stockholder to be presented at the Company's 2005 annual meeting of stockholders, other than a stockholder proposal included in the Company's proxy statement pursuant to Rule 14a-8, it must be received at the principal executive offices of the Company after December 4, 2004 and on or before February 2, 2005. Any such proposal should be mailed to: Reckson Associates Realty Corp., 225 Broadhollow Road, Melville, New York 11747, Attn: Jason M. Barnett, Secretary.

In addition, pursuant to Rule 14a-4 of the Exchange Act, if a stockholder fails to notify the Company after December 4, 2004 and on or before February 2, 2005, management proxies are allowed to use their discretionary voting authority if the Board determines to permit the proposal at the annual meeting, without any discussion of the matter in the proxy statement.

OTHER MATTERS

The Board of Directors does not know of any matters other than those described in this Proxy Statement that will be presented for action at the Annual Meeting. If other matters are presented, proxies will be voted in accordance with the best judgment of the proxy holders.

PROPOSAL 1 TO AMEND THE ARTICLES OF INCORPORATION TO ELIMINATE THE CLASSIFICATION OF THE BOARD OF DIRECTORS

Section 1. *Number and Election of Directors.* The business and affairs of the Corporation shall be managed under the direction of the Board of Directors of the Corporation (the "Board of Directors"). ANNEX B

**PROPOSAL 2 TO AMEND THE ARTICLES OF INCORPORATION
TO REMOVE A POTENTIAL ANTI-TAKEOVER DEFENSE REGARDING
THE COMPANY'S COMMON STOCK OWNERSHIP LIMIT**

"The charter of Reckson Associates Realty Corp., a Maryland corporation (the "Corporation"), is hereby amended by deleting Article VII, Section 11 in its entirety and by adding a new Article VII, Section 11 to read as follows:

Section 11. *Exemptions by Board.* (i) The Board of Directors may, in its sole discretion, waive the Ownership Limit with respect to any particular Person or Persons if evidence satisfactory to the Board of Directors and the Corporation's tax counsel is presented that the changes in ownership pursuant to such waiver will not cause the Corporation not to continue to be qualified as a REIT and are not reasonably likely to cause the Corporation not to continue to be qualified as a REIT in the future and the Board of Directors otherwise decides that such action is in the best interest of the Corporation.

(ii) Notwithstanding Section 11(i), the Board of Directors shall waive the Ownership Limit with respect to any particular Person or Persons (other than a Person that is an individual, including any Person that is considered an individual for purposes of Section 542(a)(2) of the Code) to the extent that evidence satisfactory to the Board of Directors and the Corporation's tax counsel is presented that the changes in ownership that would be allowed pursuant to such waiver will not cause any individual (including any Person that is considered an individual for purposes of Section 542(a)(2) of the Code) to Beneficially Own shares of Common Stock in excess of the Ownership Limit.

(iii) In granting any such waiver under (i) or (ii) above, the Board of Directors may provide that the waiver is subject to compliance, at or after the time of the granting of the waiver, with any terms and conditions determined by the Board of Directors designed to enable the Corporation to continue to be qualified as a REIT."
