Executive Compensation Programs

2017 was another record year, as we grew both US GAAP and Adjusted Net Income to \$1.6 billion, or \$7.53 earnings per share ("EPS"), representing a 23.8% year-over-year growth in Adjusted EPS, despite the impact from the 2017 hurricane season and the challenges from the redeployment of our South Korea sailings due to China's South Korea travel restrictions. We met our **Double-Double** targets, exceeding the Adjusted EPS target by \$0.75 and achieving Return on Invested Capital ("ROIC") in excess of 10%. We turned the year at a record booked position, as well as brand preference and guest satisfaction scores at an all-time high. Our compensation programs responded to these outcomes as outlined below.

Edgar Filing: ROYAL CARIBBEAN CRUISES LTD - Form DEF 14A

We place significant focus on the design of our executive compensation programs as we believe their effectiveness is crucial to our success as a company. We assess our programs regularly and strive to continuously make improvements as well as incorporate shareholder feedback. Our 2017 executive compensation program was

Table of Contents

generally consistent with the prior year's program with the exception that we further increased the emphasis on performance for our Chairman & CEO's compensation package by adjusting the split on his long-term incentive compensation from 60% performance shares/40% restricted stock units to 75% performance shares/25% restricted stock units. Similarly, the split for other NEOs was adjusted from 50% performance shares/50% restricted stock units to 60% performance shares/40% restricted stock units.

For a detailed discussion of our executive compensation program, please see the "Compensation Discussion and Analysis" beginning on page 29.

GENERAL INFORMATION

Who May Vote

Each share of our common stock outstanding as of the close of business on April 18, 2018 (the "Record Date") is entitled to one vote at the Annual Meeting. At the close of business on the Record Date, 211,746,787 shares of our common stock were outstanding and entitled to vote. You may vote all of the shares owned by you as of the close of business on the Record Date. These shares include shares that are (1) held of record directly in your name (in which case, you are a "Record Holder" with respect to such shares) and (2) held for you as the beneficial owner through a broker, bank or other nominee (in which case, you are a "Beneficial Holder" with respect to such shares). There are some distinctions between being a Record Holder and a Beneficial Holder as described herein.

Shares held of record

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, you are considered the Record Holder with respect to those shares, and this proxy statement was sent directly to you by Royal Caribbean. As the Record Holder, you have the right to grant your voting proxy directly to us or to vote in person at the Annual Meeting. We have enclosed a proxy card for you to use. You may also vote on the Internet as described in the proxy card and below under the heading "How to Vote."

Shares owned beneficially

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the Beneficial Holder of shares held in street name, and this proxy statement was forwarded to you by your broker or other nominee who is considered, with respect to those shares, the shareholder of record. As the Beneficial Holder, you have the right to direct your broker or other nominee on how to vote the shares in your account, and you are also invited to attend the Annual Meeting.

Table of Contents

Requirements to Attend the Annual Meeting

You are invited to attend the Annual Meeting if you are a Record Holder or Beneficial Holder as of the Record Date. If you are a Record Holder, you must bring proof of identification such as a valid driver's license for admission to the Annual Meeting. If you are a Beneficial Holder, you will need to provide proof of ownership by bringing either your proxy card provided to you by your broker or a copy of your brokerage statement showing your share ownership as of the Record Date.

How to Vote

Voting in Person

Shares held in your name as the Record Holder may be voted in person at the Annual Meeting. Shares for which you are the Beneficial Holder may be voted in person at the Annual Meeting only if you obtain a legal proxy from the broker or other nominee that holds your shares giving you the right to vote the shares. Even if you plan to attend the Annual Meeting, we recommend that you also vote by proxy as described below so that your vote will be counted if you later decide not to attend the meeting.

Voting Without Attending the Annual Meeting

Regardless of how you hold your shares, you may vote your shares without attending the Annual Meeting. You may vote by granting a proxy or, for shares held as a Beneficial Holder, by submitting voting instructions to your broker or other nominee. You may also vote using the Internet or by mail as outlined on your proxy card. Please see your proxy card or the information your broker or other holder of record provided to you for more information on these options. Votes cast by Internet have the same effect as votes cast by submitting a written proxy card.

How Proxies Work

All properly executed proxies will be voted in accordance with the instructions contained thereon and, if no choice is specified, the proxies will be voted:

FOR the election of the twelve nominees for director named below (Proposal No. 1);

FOR the approval of the compensation of our named executive officers (Proposal No. 2); and

FOR the ratification of the selection of PricewaterhouseCoopers LLP (Proposal No. 3).

Under New York Stock Exchange ("NYSE") rules, if you are a Beneficial Holder and do not provide specific voting instructions in a timely fashion to your broker or other nominee that holds your shares, such broker or nominee will not be authorized to vote your shares on any matters other than Proposal No. 3 regarding the ratification of the auditors. Therefore, failure to provide your broker or other nominee with specific voting instructions in a timely fashion will result in "broker non-votes" with respect to Proposals No. 1 and 2.

Matters to be Presented

We are not aware of any matters to be presented for a vote at the Annual Meeting other than those described in this proxy statement. If any matters not described in this proxy statement are properly presented at the meeting, the proxies will use their own judgment to determine how to vote your shares. If the meeting is postponed or adjourned, the proxies will vote your shares on the new meeting date in accordance with your previous instructions, unless you have revoked your proxy.

Votes Necessary to Approve Proposals

We will hold the Annual Meeting if we have a quorum, which requires the presence, in person or represented by proxy, of holders of a majority of the outstanding shares of common stock as of the Record Date. If you vote via the Internet or sign and return your proxy card, your shares will be counted to determine whether we have a quorum, even if you abstain or fail to vote on any of the proposals listed on the proxy card. If the persons present or

Table of Contents

represented by proxy at the Annual Meeting constitute the holders of less than a majority of the outstanding shares of common stock as of the Record Date, we will not have a quorum and the Annual Meeting may be adjourned to a subsequent date for the purpose of obtaining a quorum.

The affirmative vote of a majority of the votes cast is required to approve each proposal.

Although abstentions and broker non-votes will be counted for purposes of determining whether a quorum is present, they will not have any effect on the outcome of any proposal.

Prior to the Annual Meeting, we will select one or more inspectors of election for the meeting. Such inspectors shall determine the number of shares of common stock represented at the Annual Meeting, the existence of a quorum and the validity and effect of proxies. They shall also receive, count and tabulate ballots and votes and determine the results thereof.

Revoking a Proxy

Any proxy may be revoked by a shareholder at any time prior to the final vote at the Annual Meeting by voting again on a later date via the Internet (only your latest Internet proxy submitted prior to the Annual Meeting will be counted), by signing and submitting a later-dated proxy or by attending the Annual Meeting and voting in person. However, your attendance at the Annual Meeting will not automatically revoke your proxy unless you vote again at the Annual Meeting or specifically request that your prior proxy be revoked by delivering to our Corporate Secretary at 1050 Caribbean Way, Miami, Florida 33132 a written notice of revocation prior to the Annual Meeting.

CORPORATE GOVERNANCE

We are committed to maintaining strong governance practices as we evolve as a company and regularly assess our practices to determine effectiveness and whether additional enhancements should be made.

Corporate Governance Principles

We have adopted corporate governance principles which, along with our Board committee charters, provide the framework for the governance of the Company. The corporate governance principles address such matters as director qualifications, director independence, director compensation, Board committees and committee evaluations. Copies of these principles and our Board committee charters are posted in the corporate governance section on our website at www.rclcorporate.com/investors.

Board of Directors and Committees

Meetings

The Board held five meetings during 2017. In 2017, each of our directors attended at least 75% of an aggregate of all meetings of the Board and of any committees on which he or she served during the period the director was on the Board or committee. Our independent directors regularly meet in executive session without management directors present. The Lead Director presides at such meetings.

We do not have a formal policy regarding Board member attendance at the annual shareholders meeting. Two of our Board members attended our 2017 annual shareholders meeting.

Board Committees

The Board has established four standing committees: the Audit Committee, the Nominating and Corporate Governance Committee, the Safety, Environment and Health Committee, and the Talent and Compensation Committee, each of which consists solely of independent directors. Each committee has adopted a written charter, meets periodically throughout the year, reports its actions and recommendations to the Board, receives reports from senior management, annually evaluates its performance and has the authority to retain outside advisors in its discretion. The primary responsibilities of each committee are summarized in the charts below and set forth in more detail in each committee's written charter, which can be found in the corporate governance section on our website at www.rclcorporate.com/investors. In addition to these committees, the Board may, from time to time, authorize additional Board committees to assist the Board in executing its responsibilities.

Board Leadership Structure

The Board believes that one of its key responsibilities is to evaluate and implement an optimal leadership structure to facilitate appropriate oversight by an engaged Board of Directors. The Board regularly considers these matters and has concluded that the current leadership structure is appropriate to the Company's current circumstances.

The current leadership structure of the Board consists of:

Name	Title
Richard Fain	Chairman and Chief Executive Officer
William Kimsey	Lead Director, Chairman of Audit Committee
Bernt Reitan	Chairman of Talent and Compensation Committee
Thomas Pritzker	Chairman of Nominating and Corporate Governance Committee
William Reilly	Chairman of Safety, Environment and Health Committee

Mr. Kimsey is our Lead Director. As Lead Director, Mr. Kimsey is responsible for presiding at and calling meetings of non-management directors, serving as a liaison between the Chairman and the non-management directors, advising the Chairman on and approving Board meeting agendas and schedules as well as information sent to the Board and, if requested by major shareholders, being available as appropriate for consultation and direct communication. The Lead Director serves at the pleasure of the non-management directors and may be replaced at any time by a majority of the non-management directors.

The Board also regularly reviews the management structure within the Company and has concluded that combining the roles of Chairman and Chief Executive Officer is the most appropriate for our current circumstances. Mr. Fain has served as both Chairman & CEO for 30 years. His experience and knowledge of our company and his position in our industry are unparalleled. He has effectively led the Company in both roles during the Company's evolution, including through a number of challenging industry and macroeconomic environments. Over the years, he has developed strong working relationships and trust with other members of the Board. Further, the Board believes that the significant leadership roles undertaken by Mr. Kimsey as well as the various independent directors who chair the other Board committees strike an appropriate balance between effective Board leadership and independent oversight of management.

While currently appropriate, the Board notes that this conclusion is specific to today's circumstances. As these specific circumstances change, the Board intends to review the leadership structure, including the issue of combining the Chairman and Chief Executive Officer roles, and to make any changes that are appropriate at that time.

Talent Development and Succession Planning

Our Talent and Compensation Committee is responsible for overseeing our talent development programs for our senior executives, including initiatives and practices to further enhance their skills and experience in order to ensure the continuity of capable management. As part of this responsibility, the Talent and Compensation Committee, in consultation with the Chairman & CEO, annually reviews and reports to the Board on management succession planning. This review includes an assessment of the qualifications for the Chief Executive Officer job, an evaluation of potential successors to the position, consideration of the appropriate process going forward and a review of our emergency management succession plan.

Risk Oversight and Board Role

We have a formal enterprise risk management program. Pursuant to this program, management annually performs a Company-wide enterprise risk assessment under the supervision of the Audit & Advisory Services

Table of Contents

department. This assessment is updated at least once during the course of the year. The assessment identifies those risks inherent in our business plans and strategies with the greatest potential to impact the achievement of our business objectives. This assessment is used to provide us with a risk-based approach to managing our business. Management reviews and discusses the risk assessment report and updates thereto with the Audit Committee and the Board. In addition, committees of the Board consider and review with management at regularly scheduled committee meetings ongoing financial, strategic, operational, legal and compliance risks inherent in the business activities applicable to each committee's area of responsibility. The committee chairs inform the Board of the outcome of these reviews through reports to the Board at the regularly scheduled Board meetings.

Director Independence

Under our corporate governance principles, two-thirds of our directors are required to be independent within the meaning of the NYSE standards of independence for directors. Our corporate governance principles contain guidelines established by the Board to assist it in determining director independence in accordance with these NYSE standards. The Board believes that directors who do not meet the NYSE independence standards also make valuable contributions to the Board and to the Company by reason of their experience and wisdom, and the Board expects that some minority of its Board will not meet the NYSE independence standards.

To be considered independent under the NYSE independence standards, the Board must determine that a director does not have any direct or indirect material relationship with the Company or any of its subsidiaries (collectively, the "Royal Caribbean Group"). The Board has established the following guidelines to assist it in determining director independence in accordance with those standards:

A director will not be independent if:

- the director is, or has been within the preceding three years, an employee of the Royal Caribbean Group, or an immediate family member is, or has been within the preceding three years, an executive officer of the Royal Caribbean Group, other than in each instance as interim Chairman, interim CEO or other interim executive officer;
- the director or an immediate family member has received during any twelve-month period within the preceding three years more than \$120,000 in direct compensation from the Royal Caribbean Group other than (A) director and committee fees, (B) pension and other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), (C) compensation for former services as an interim Chairman, interim CEO or other interim executive officer or (D) compensation to an immediate family member for service as a non-executive employee of the Royal Caribbean Group;
- the director is a current partner or employee of Royal Caribbean's internal or external auditor (in either case, the "Auditor") or has an immediate family member who is either (A) a current partner of the Auditor or (B) a current employee who personally works on Royal Caribbean's audit;
- the director or an immediate family member was within the last three years a partner or employee of the Auditor and personally worked on Royal Caribbean's audit within that time;
- the director or an immediate family member is, or has been within the preceding three years, employed as an executive officer of another company where any of Royal Caribbean's current executive officers at the same time serves or served on the compensation committee of that other company; or
- the director is an employee of another company that does business with the Royal Caribbean Group, or the director has an immediate family member that is an executive officer of another company that does business with the Royal Caribbean Group and, in either case, the annual payments to, or payments from, the Royal Caribbean Group within any of the three most recently completed fiscal years exceed \$1,000,000 or two percent of the annual consolidated gross revenues of the other company (whichever is greater).

The following commercial relationships will not be considered to be material relationships that would impair a director's independence:

- if a director is an employee of another company that does business with the Royal Caribbean Group and the annual payments to, or payments from, the Royal Caribbean Group are less than \$1,000,000 or two percent of the annual consolidated revenues of the company he or she serves as an employee (whichever is greater);
- if a director is an employee of another company which is indebted to the Royal Caribbean Group, or to which the Royal Caribbean Group is indebted, and the total amount of indebtedness to the other is less than two percent or \$1,000,000 (whichever is greater) of the total consolidated assets of the company he or she serves as an employee; and
- if an immediate family member of a director is an executive officer of another company that does business with the Royal Caribbean Group, and the annual payments to, or payments from, the Royal Caribbean Group, are less than \$1,000,000 or two percent of the annual consolidated revenues of the company the immediate family member serves as an executive officer (whichever is greater).

Each director must regularly disclose to the Board whether his or her relationships satisfy these independence tests. Based on these disclosures and other information available to it, the Board has determined that each of the directors is independent with the exception of Mr. Fain, who is not considered independent as a result of his position as Chairman & CEO of the Company. In determining that Mr. Pritzker is independent, the Board considered the transactions described below in "Certain Relationships and Related Person Transactions Related Person Transactions."

Selection of Director Candidates

In identifying and evaluating candidates for nomination to the Board, the Nominating and Corporate Governance Committee considers the personal and professional ethics, integrity and values of the candidate, his or her willingness and ability to evaluate, challenge and stimulate, and his or her ability to represent the long-term interests of the shareholders. The Nominating and Corporate Governance Committee also considers the candidate's experience in business and other areas that may be relevant to the activities of the Company, his or her leadership ability, the applicable independence requirements, the current composition of the Board and the appropriate balance between the value of continuity of service by existing members of the Board with that of obtaining a new perspective.

The Board recognizes the value and importance of diversity and has designed our director nomination process to consider diversity when evaluating prospective nominees. As diversity can encompass many attributes, our corporate governance principles provide that diversity includes matters of race, gender and ethnicity. The Nominating and Corporate Governance Committee is committed to seeking out qualified and diverse director candidates, including women and individuals from minority groups, to include in the pool from which nominees are chosen.

The Nominating and Corporate Governance Committee has been committed to refreshing the Board by adding new directors. Four new members have been added to the Board within the past six years. Such refreshment brings different experiences to the Board and expands the Board's diversity in terms of gender, race and ethnicity.

The Nominating and Corporate Governance Committee regularly engages third party search firms to identify or assist in identifying potential director nominees. The Nominating and Corporate Governance Committee seeks to identify director candidates from a variety of sources, including search firms, personal connections, shareholder recommendations and recommendations by others. The Nominating and Corporate Governance Committee will consider director candidates recommended by shareholders that are submitted as described in our amended and restated by-laws. During the last year, we employed an outside firm to assist us with our search process for new directors.

Table of Contents**Director Compensation for 2017**

Directors who are also Company employees do not receive any compensation for their services as directors.

For services in 2017, each non-employee director was entitled to receive an annual cash retainer of \$80,000 for a full year of service. In addition, our Lead Director received a further annual cash retainer of \$50,000, which increased to \$75,000 for 2018.

We also pay annual cash retainers for chairing and service on various Board committees. The amount of these retainers in 2017 for a full year of service was as follows:

Committee Role	Audit Committee	Talent & Compensation Committee	Nominating & Corporate Governance Committee	Safety, Environment & Health Committee
Chairman	\$ 30,000	\$ 20,000	\$ 10,000	\$ 10,000
Member	\$ 20,000	\$ 10,000	\$ 7,500	\$ 7,500

Directors do not earn fees for each meeting attended; however, they are reimbursed for their travel expenses and, occasionally, for those of an accompanying guest.

In 2017, each non-employee director received restricted stock units with a fair market value of \$150,000 as of the grant date. These restricted stock units vested in full immediately upon grant and settled one year following the date of grant. Our stock ownership guidelines require directors to accumulate ownership of at least \$240,000 of our common stock (which is 3 times their annual cash retainer for Board service), including the value of restricted stock and restricted stock units, within three years of becoming a director. If the value of their stock holdings falls below this amount, directors cannot sell shares of our common stock until the value once again exceeds the required amount. In addition, non-employee directors may not be granted awards with a dollar value in excess of \$500,000 in any one calendar year.

Beginning in 2018, at the discretion of the Board, each non-employee director is eligible to receive an annual grant of equity awards with an aggregate value of \$180,000 as of the grant date. In accordance with the foregoing, in February 2018, each non-employee director received restricted stock units with a fair market value of \$180,000 as of the grant date. These restricted stock units vested in full immediately upon grant and will settle one year following the date of grant.

In order to increase their knowledge and understanding of our business, we encourage our non-management Board members and their families to experience our cruises. As a result, we have adopted a Non-Management Director Cruise Policy. Under this policy, with certain limited exceptions, a Board member is entitled to up to two complimentary staterooms on two cruises per year for the Board member and any immediate family accompanying the Board member on the cruise. Additional guests traveling with a Board member will receive a 15% discount off the lowest available fare for up to five staterooms. The Chairman & CEO may grant exceptions to this policy in his discretion but did not do so in 2017.

These amounts relate to discounts on Company cruises provided to directors. The aggregate value of other compensation that would be reportable in this column made available to non-employee directors other than Mr. Brock, Mr. Kimsey, Ms. Moore, Mr. Reilly, Mr. Reitan and Mr. Sørensen is less than \$10,000 per person.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Related Person Transaction Policy and Procedures

We have a written Related Person Transaction Policy that requires review of all relationships and transactions in which the Company is a participant and a "related person" which includes any director, executive officer or greater than 5% beneficial owner of the Company or any immediate family member of the foregoing has a direct or indirect material interest. Under this policy, each director, director nominee and executive officer is required to promptly notify the Corporate Secretary of any such transaction. The Corporate Secretary then presents such transactions to the Audit Committee, which is responsible for reviewing and determining whether to approve or ratify the transactions. The following types of transactions are deemed not to create or involve a material interest on the part of the related person and do not require approval or ratification under the policy, unless the Audit Committee determines that the facts and circumstances of the transaction warrant its review:

transactions involving the purchase or sale of products or services in the ordinary course of business, not exceeding \$120,000;

transactions in which the related person's interest derives solely from his or her service as a director of another corporation or organization that is a party to the transaction;

transactions in which the related person's interest derives solely from his or her ownership of less than 10% of the equity interest in another person (other than a general partnership interest) which is a party to the transaction;

transactions in which the related person's interest derives solely from his or her ownership of a class of equity shares of the Company and all holders of that class of equity securities received the same benefit on a pro rata basis;

compensation arrangements of any executive officer, other than an individual who is an immediate family member of a related person; and

non-executive director compensation arrangements.

In reviewing transactions submitted to them, the Audit Committee reviews and considers all relevant facts and circumstances to determine whether the transaction is in, or not inconsistent with, the best interests of the Company and its shareholders, including, without limitation:

the commercial reasonableness of the terms;

the benefit and perceived benefit, or lack thereof, to the Company;

opportunity costs of alternative transactions;

the character of the related person's interest; and

the actual or apparent conflict of interest of the related person.

Edgar Filing: ROYAL CARIBBEAN CRUISES LTD - Form DEF 14A

If after the review described above, the Audit Committee determines not to approve or ratify the transaction, it will be cancelled or unwound as the Audit Committee considers appropriate and practicable.

Related Person Transactions

The Audit Committee reviewed and approved or ratified the following transactions in accordance with our Related Person Transaction Policy.

During the year ended December 31, 2017, we paid Hyatt Hotels Corporation approximately \$635,000 for hotel stays of our guests and employees traveling on business and for use of Hyatt Hotels' facilities for business purposes. The amount represents less than 0.01% of Hyatt's revenues for 2017 and approximately 1.6% of our transportation and lodging expense for the same period. As in prior years, there are no specific arrangements or understandings between us and Hyatt Hotels Corporation in this regard. Hyatt is a major hotel chain and it would be imprudent for us to exclude them. Mr. Thomas J. Pritzker, one of our directors, is Executive Chairman of the Hyatt Hotels Corporation.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

2017 was another record year, as we grew both US GAAP and Adjusted Net Income to \$1.6 billion, or \$7.53 earnings per share ("EPS"), representing a 23.8% year-over-year growth in Adjusted EPS, despite the impact from the 2017 hurricane season and the challenges from the redeployment of our South Korea sailings due to China's South Korea travel restrictions. We met our **Double-Double** targets, exceeding the Adjusted EPS target by \$0.75 and achieving Return on Invested Capital ("ROIC") in excess of 10%. We turned the year at a record booked position, as well as brand preference and guest satisfaction scores at an all-time high. Our compensation programs responded to these outcomes as outlined below.

Table of Contents

We place significant focus on the design of our executive compensation programs as we believe their effectiveness is crucial to our success as a company. We assess our programs regularly and strive to continuously make improvements as well as incorporate shareholder feedback. Our 2017 executive compensation program was generally consistent with the prior year's program with the exception that we further increased the emphasis on performance for our Chairman & CEO's compensation package by adjusting the split on his long-term incentive compensation from 60% performance shares/40% restricted stock units to 75% performance shares/25% restricted stock units. Similarly, the split for other NEOs was adjusted from 50% performance shares/50% restricted stock units to 60% performance shares/40% restricted stock units.

In furtherance of our compensation program objectives, we maintain a high level of corporate governance standards within our executive compensation programs as follows:

What We Do

What We Don't Do

Establish a mix of compensation components, including fixed and variable pay and short- and long-term incentives, that encourages focus on both the short- and long-term interests of the Company and its shareholders

No repricing of underwater stock options

No cash buyouts of underwater stock options

Hold our executives to meaningful stock ownership guidelines

No tax-gross up provisions on any change-of-control severance benefits

Provide severance benefits in the event of a change-of-control only if there is an accompanying termination

No excessive perquisites or other executive-only benefits

Design our programs so as not to encourage unnecessary and excessive risk taking

Include "clawback" provisions for our cash and equity incentive awards

Prohibit our employees and directors from entering into any transaction to hedge the economic risk of owning the Company's stock

Hold an annual "say-on-pay" advisory vote

Utilize an independent compensation consultant to advise the Talent and Compensation Committee

Edgar Filing: ROYAL CARIBBEAN CRUISES LTD - Form DEF 14A

At our 2017 annual meeting, shareholders approved our 2016 NEO compensation with over 98% of the votes cast in favor of our practices. Given the high level of support, the Talent and Compensation Committee did not make any significant changes to its approach to executive compensation specifically as a result of this "say-on-pay" vote. The Talent and Compensation Committee plans to consider the outcome of our annual say-on-pay votes when making future compensation decisions for NEOs.

We discuss our compensation plans, policies and objectives in detail below.

Richard D. Fain	Chairman & Chief Executive Officer
Jason T. Liberty	Executive Vice President, Chief Financial Officer
Michael W. Bayley	President and Chief Executive Officer, Royal Caribbean International

(1) Mr. Goldstein will transition from his role as President and Chief Operating Officer to Vice Chairman in May 2018.

Each of the foregoing officers were also NEOs for 2016.

Executive Compensation Philosophy

We adhere to a pay-for-performance philosophy. In line with this philosophy, we have designed our compensation programs to support three main goals:

align the interests of our executives with the interests of our shareholders;

recruit, retain, and motivate an elite management team; and

reward positive contributions to both short-term and long-term corporate performance.

We provide compensation to our executives consisting of three principal elements: base salary, performance-based annual incentive bonus and equity awards. The objectives and key features of each pay element are described below.

Our commitment to performance-based compensation is illustrated by the following pie charts, which show the mix of each compensation component at target levels for our Chairman & CEO and for our other NEOs for 2017.

Market Comparison Group

The process of making compensation decisions begins with establishing a Market Comparison Group. Our Market Comparison Group is the foundation of our annual compensation review and is used to help guide the Talent and Compensation Committee's decisions regarding competitive pay levels and design architecture.

Although we strive for consistency, the list of companies that comprise our Market Comparison Group are developed by our independent compensation consultant and reviewed and approved annually by the Talent and Compensation Committee using the following criteria:

Availability of public information company is publicly-traded and compensation data is available in public filings

Relevant industry group company included in at least one of ten leisure and tourism industry groups

Table of Contents

Equivalent revenue company is within approximately 0.5 to 2 times our revenue

Similar business strategy company falls under hotels and motels, leisure time, leisure products and resort industry categories

Global Footprint company has significant operations outside of the United States

Historical precedent company included in the prior year's Market Comparison Group

For 2017 compensation decisions, in November 2016 our Talent and Compensation Committee reaffirmed the Market Comparison Group approved in August 2015.

Market Comparison Group Selection Criteria

Elements of the 2017 Executive Compensation Program

Base Salary

Edgar Filing: ROYAL CARIBBEAN CRUISES LTD - Form DEF 14A

Base salaries comprise, on average, less than 20% of the total target compensation for our NEOs (10% for our Chairman & CEO and 20% for our other NEOs). However, base salaries are an important and customary element of pay for attracting and retaining executives. The Talent and Compensation Committee seeks to pay each NEO a level of fixed compensation that competitively reflects their scope of responsibility.

The primary considerations used in adjusting base salary levels include each NEO's:

market positioning;

Table of Contents

scope of responsibilities;

expertise and experience;

tenure with the organization; and

performance and potential to further our business objectives.

The Talent and Compensation Committee generally reviews salaries in the early part of each year and, if appropriate, adjusts them to reflect changes in such considerations and to respond to market conditions and competitive pressures. The table below reflects the extent of increases in 2017 in the base salaries for our NEOs to better align with the market and to recognize positive performance and Company results.

Name	Base Salary		Percent Change
	2016	2017	
Richard D. Fain	\$ 1,100,000	\$ 1,100,000	0.0%
Jason T. Liberty	\$ 600,000	\$ 700,000	16.7%
Michael W. Bayley	\$ 700,000	\$ 800,000	14.3%
Adam M. Goldstein	\$ 825,000	\$ 850,000	3.0%
Lisa Lutoff-Perlo	\$ 550,000	\$ 600,000	9.1%

Performance Based Annual Incentive

The opportunity for incentive payments under our performance-based annual incentive plan (our "Executive Bonus Plan") comprises on average approximately 24% of the total target compensation for our NEOs (20% for our Chairman & CEO and 24% for our other NEOs) and is designed to reward our executives for the achievement of the Company's annual financial and strategic goals and, in most instances, recognize individual contributions.

Prior to the beginning of each year, our operating plan for that year, which takes into account our anticipated performance, our growth and profitability objectives as well as the economic climate, is prepared by management and approved by the Board. Based on this plan, we set pre-established goals for the year that will determine bonus payout levels once our financial and operational performance is evaluated and confirmed following the end of the year.

For 2017, the Talent and Compensation Committee established the following framework for the Executive Bonus Plan, which is generally consistent with prior years:

Target Annual Incentives:

The annual target performance-based incentive for each NEO is expressed as a percentage of base salary. In establishing the target percentage, the Talent and Compensation Committee takes into account the role and level of each executive and competitiveness with our Market Comparison Group.

Table of Contents

In 2017, the target annual incentive was increased for Mr. Liberty, Mr. Bayley and Ms. Lutoff-Perlo to make the target cash compensation more competitive with the market and to incentivize positive performance. The following table shows the 2016 and 2017 bonus targets of each NEO.

Name	2016 Bonus Target (% of base salary)	2017 Bonus Target (% of base salary)
Richard D. Fain	200%	200%
Jason T. Liberty	100%	120%
Michael W. Bayley	115%	125%
Adam M. Goldstein	130%	130%
Lisa Lutoff-Perlo	100%	110%
<i>Metrics and Weighting:</i>		

The performance-based annual incentive for each NEO consists of up to three award components, as applicable to each NEO: Corporate, Brand and Individual performance. The Talent and Compensation Committee assigns a specific weight to each of these components based on the executive's role and his or her ability to influence the outcomes.

For 2017, both the Corporate and Brand bonus components were further divided into two subcomponents: financial (Adjusted EPS for Corporate and adjusted brand-specific operating income for Brand) and key performance indicators (KPIs). There were four KPIs for 2017, with equal weighting assigned to each, as follows:

KPI	Description
Net Revenue Yield	Represents net revenues per available passenger cruise day, which we believe to be the most relevant measure of our pricing performance*
Net Cruise Costs excluding fuel	Represents gross cruise costs excluding commission, transportation and other expenses and onboard and other expenses and fuel expenses, which we believe to be the most relevant indicator of our ability to control costs in a manner that positively impacts income*
Guest Satisfaction	Represents results of surveys measuring customer satisfaction with their most recent cruise, his or her intent to cruise again with us and his or her willingness to recommend that others cruise with us
Safety, Security, Health and Environmental Stewardship	Represents various metrics of safety, security, environment and health performance, which we believe are key to our extremely high safety and security standards and our goal of being a good steward of the environmental resources we manage

*

Edgar Filing: ROYAL CARIBBEAN CRUISES LTD - Form DEF 14A

When determining KPI results for Net Revenue Yield and Net Cruise Costs excluding fuel, the Talent and Compensation Committee may, in certain circumstances, exclude from the calculation certain items that it believes were clearly outside the bounds of Management's ability to control.

Edgar Filing: ROYAL CARIBBEAN CRUISES LTD - Form DEF 14A

Table of Contents

As in prior years, financial results continued to be the predominant measure of both Corporate and Brand performance, comprising 70% of the annual bonus opportunity within each component. The following table shows the applicable measures and weights for each NEO.

Name	Award Components				
	Corporate		Brand		Individual
	Financial	KPIs	Financial	KPIs	
Richard D. Fain	70.0%	30%			
Jason T. Liberty	46.7%	20%			33.3%
Michael W. Bayley ⁽¹⁾	23.3%	10%	23.3%	10%	33.3%
Adam M. Goldstein	46.7%	20%			33.3%
Lisa Lutoff-Perlo ⁽²⁾	23.3%	10%	23.3%	10%	33.3%

(1) Brand performance for Mr. Bayley was based on Royal Caribbean International.

(2) Brand performance for Ms. Lutoff-Perlo was based on Celebrity Cruises.

In February of each year, the Talent and Compensation Committee approves the Corporate and Brand performance targets for the upcoming year. For Corporate and Brand financial and KPI performance, performance level funding ranges from 0% to 300% at maximum. Performance level funding for the Individual component ranges from 0% to 200% at maximum.

2017 Performance

Target Adjusted EPS for 2017 was \$7.00, the mid-point of the earnings guidance we announced in February 2017. The Talent and Compensation Committee believed that this target, which was 15.1% higher than actual Adjusted EPS we achieved in 2016, represented a challenging performance goal and was meaningfully higher than our actual 2016 financial results. See Annex A for more detail regarding the reconciliation of non-GAAP and GAAP measures presented regarding Adjusted EPS.

In January 2018, we announced US GAAP and Adjusted EPS of \$7.53 for 2017. In accordance with the terms of the Executive Bonus Plan, the Talent and Compensation Committee adjusted this number for purposes of 2017 annual bonuses to account for price variances in all fuel types from prices used in the January 2017 earnings guidance, net of the effects of fuel derivatives. This adjustment avoids penalizing or benefiting Management for fluctuations in fuel prices, but still takes into account Management's performance on energy consumption. Since fuel prices in 2017 were lower than planned, the Talent and Compensation Committee reduced EPS by \$0.05 to eliminate this benefit. In addition, and consistent with the Talent and Compensation Committee's discretion under the Executive Bonus Plan to adjust the calculation to account for events that it believes are clearly outside the bounds of Management's ability to control, it increased EPS by \$28 million, or \$0.13 per share, which represents 50% of the direct impact to the Company from the extraordinary 2017 hurricane season that had a substantial impact on us from an operational and financial perspective.

The Company's 2017 performance and the adjustments noted above resulted in a funding level of 221.0% for the Adjusted EPS component of the annual bonus which, when aggregated with 2017 performance across our four Corporate KPIs, yielded a funding level of 196.7% for Corporate performance.

Individual Measurement:

The Individual performance component of our Executive Bonus Plan awards are intended to reward managerial decision-making, behavioral interaction and overall contribution. With the exception of Mr. Fain, the NEOs have an Individual performance component. In determining the funding level of this component, the Talent and Compensation Committee considered the recommendation of Mr. Fain, including each NEO's achievement of

Edgar Filing: ROYAL CARIBBEAN CRUISES LTD - Form DEF 14A

Table of Contents

his or her individual goals and overall contribution to our successful growth, how each one directed their area of responsibility to meet challenges in the market and the results of specific projects they were responsible for during the year.

Actual 2017 Performance-Based Annual Incentive Payout

Based on the above performance results, the following table shows the 2017 performance-based annual incentive payout as a percentage of target for each award component:

Name	2017 Actual Funding Levels by Component (as a % of target)			Total Funding Level (as a % of target)
	Corporate	Brand	Individual	
Richard D. Fain	196.7%	n/a	n/a	196.7%
Jason T. Liberty	196.7%	n/a	150.0%	181.1%

Lisa Lutoff-Perlo	196.7%	140.6%	150.0%	162.4%

The following table shows each NEO's target and actual annual bonus award for 2017. The 2017 actual awards for all of our NEOs were above target, reflecting the Company's strong results and our pay-for-performance philosophy.

Name	2017 Target Payout	Actual 2017 Annual Incentive Plan Payout by Component			Actual Total 2017 Payout	Actual Total 2016 Payout
		Corporate	Brand	Individual		
Richard D. Fain	\$ 2,200,000	\$ 4,327,400	n/a	n/a	\$ 4,327,400	\$ 2,740,222
Jason T. Liberty	\$ 840,000	\$ 1,101,575	n/a	\$ 419,958	\$ 1,521,533	\$ 798,217
Michael W. Bayley	\$ 1,000,000	\$ 655,798	\$363,714	\$ 499,950	\$ 1,519,461	\$ 938,428
Adam M. Goldstein	\$ 1,105,000	\$ 1,449,096	n/a	\$ 478,785	\$ 1,927,881	\$ 1,355,320
Lisa Lutoff-Perlo	\$ 660,000	\$ 432,827	\$309,289	\$ 329,967	\$ 1,072,083	\$ 639,532

Awards under our Executive Bonus Plan, including awards to our NEOs, may be subject to clawback if the Company is required to restate its financial results for the bonus plan year and it is determined that the applicable executive's fraud, negligence or intentional misconduct was a significant contributing factor to the restatement.

Long-Term Incentive Awards

Our long-term incentive award program is the most significant element of our overall compensation program and comprises on average 62% of target total compensation for our NEOs (70% for our Chairman & CEO and 56% for our other NEOs). We structure our long-term program to align with shareholder interests, reward the achievement of long-term goals and promote stability and corporate loyalty among the executives. We use a combination of performance shares and time-based restricted stock units (RSUs) in our long-term incentive program to effectively and efficiently balance performance and retention objectives.

At the first regularly scheduled meeting of each year (which generally occurs in February), the Talent and Compensation Committee determines the target equity award value to be delivered to each NEO. As in prior years

Edgar Filing: ROYAL CARIBBEAN CRUISES LTD - Form DEF 14A

Table of Contents

and consistent with competitive market practice, in 2017, our long-term incentive awards for our NEOs consisted of a mix of performance shares and RSUs as follows:

Name	2016 Allocation	2017 Allocation
Richard D. Fain	60% performance shares, 40% RSUs	75% performance shares, 25% RSUs
Jason T. Liberty	50% performance shares, 50% RSUs	60% performance shares, 40% RSUs
Michael W. Bayley	50% performance shares, 50% RSUs	60% performance shares, 40% RSUs
Adam M. Goldstein	50% performance shares, 50% RSUs	60% performance shares, 40% RSUs
Lisa Lutoff-Perlo	50% performance shares, 50% RSUs	60% performance shares, 40% RSUs

The changes in the 2017 allocations were made to further align our NEO pay and performance.

In determining the appropriate long-term incentive award value, the Talent and Compensation Committee considers:

the compensation paid to comparable executives in the Market Comparison Group;

a review of other elements of compensation; and

the NEO's contribution to the overall results of the Company.

Ensuring that NEO compensation continues to motivate senior leadership to act consistent with long-term shareholder interests and fostering the retention of our senior leadership remain two key priorities of our executive compensation program. Long-term incentive compensation traditionally lagged the market for many of our NEOs and despite targeted increases in 2015 and 2016, certain NEOs' long-term incentive award values remained below the market. Coming off of another strong performance year and in recognition of the fact that each of Mr. Liberty, Mr. Bayley and Ms. Lutoff-Perlo continued to fall below the market in total target compensation, the Talent and Compensation Committee felt it appropriate to take more aggressive steps in 2017 to better position these leaders toward the market in terms of target pay opportunity. Accordingly, to achieve the desired level of market competitiveness and reflect performance, the Talent and Compensation Committee approved the following increases in the target award values for each of our NEOs in 2017.

Name	Long-Term Incentive Awards			% Change
	2016 Grant Values	2017 Grant Values		
Richard D. Fain	\$ 6,500,000	\$ 7,700,000		18.5%
Jason T. Liberty	\$ 1,200,000	\$ 1,800,000		50.0%
Michael W. Bayley	\$ 2,250,000	\$ 3,000,000		33.3%
Adam M. Goldstein	\$ 1,900,000	\$ 2,000,000		5.3%
Lisa Lutoff-Perlo	\$ 1,100,000	\$ 1,650,000		50.0%

RSU Vesting Schedule

To promote retention (and except as provided in connection with our Vesting into Retirement Policy to the extent applicable), the RSUs vest in equal annual installments over a four-year period commencing on the first anniversary date of the grant. As the RSU awards are inherently tied to the performance of our common stock, we consider a vesting schedule based on continued service appropriate to provide both retention and performance incentives.

Table of Contents*Performance Share Plan Mechanics*

As outlined above, at least 60% of each NEO's target equity award for 2017 consisted of performance shares. For this portion of the award, the NEO receives an award on the grant date expressed as a target number of performance shares. The actual number of shares ultimately delivered to the executive in settlement of the award ranges from 0% to 200% of target based on our performance results with regards to the predetermined metric or metrics across the measurement period. To receive the shares in settlement of this award, the executive must, with certain exceptions, remain employed through the settlement date of the award, which is three years after the grant date.

Payouts for performance share grants made in 2017 will be based on 2019 Adjusted EPS and 2019 ROIC. These metrics are equally weighted so that 50% of the total payout will be based on Adjusted EPS and 50% of the total payout will be based on ROIC. The payout level for the grants made in 2017 will be determined by our Talent and Compensation Committee in early 2020.

Payout under 2015 Performance-Based Equity Awards

In January 2018, the Talent and Compensation Committee determined the payout for the performance share grants issued to the NEOs in February 2015. The target payouts for such grants corresponded with our **Double-Double** goals of 2017 Adjusted EPS of \$6.78 and 2017 ROIC of 10.0%. The Company exceeded its **Double-Double** objectives, resulting in a payout level of 175% on the performance shares. For these payouts, ROIC was calculated by the Company as "Operating Profit" divided by "Invested Capital," whereby (i) "Operating Profit" was operating income (including income from equity pick-ups and related items) minus taxes, and (ii) "Invested Capital" was the most recent five-quarter average of total assets minus non-interest bearing current liabilities minus excess cash. The calculation of ROIC for 2017 also included interest income from joint venture seller financing, which was not included in the 2014 calculation of ROIC as well as other immaterial variances from the 2014 calculation. The effect of these changes was to increase the aggregate payout to the NEOs by approximately \$1 million.

One-Time Retention Equity Award

In September 2017, we awarded our NEOs (other than Mr. Fain) a one-time retention equity award in the form of restricted stock units that will vest as follows: 10% on the second anniversary of the grant date, 25% on each of the third and fourth anniversaries of the grant date, and 40% on the fifth anniversary of the grant date. These awards were granted to foster retention as we recognize the important contribution that each executive will make to our Company in the future and work to achieve our philosophical objective of continuity of continuing the high performance of our leadership team. The grant date award values are shown in the table below.

Name	Grant-Date Value of One- Time Equity Awards ⁽¹⁾
Jason T. Liberty	\$ 2,792,203
Michael W. Bayley	\$ 2,792,203
Adam M. Goldstein	\$ 1,861,505
Lisa Lutoff-Perlo	\$ 1,861,505

(1) Amount reports the fair value of restricted stock unit awards at their grant date, calculated in accordance with the provisions of FASB ASC Topic 718.

Equity Grant Practices

Timing of Equity Awards: The Talent and Compensation Committee generally grants annual equity awards to NEOs and other members of management at the first regularly scheduled Talent and Compensation Committee

Table of Contents

meeting of the calendar year, usually held in February. Equity awards may be granted outside of the annual grant cycle in connection with events such as hiring, promotion or extraordinary performance or as part of a special retention effort.

Calculation of Equity Awards: To determine the number of RSUs or performance shares awarded, the total grant value is multiplied by the RSU or performance share target allocation and then divided by the fair market value of our common stock as of the grant date. Our equity plan defines fair market value of a share of our common stock as the average of the high and low sale prices of our common stock on the NYSE on the grant date.

Share Limits: The maximum number of shares underlying awards that may be granted to an employee in any calendar year is 500,000 shares.

Clawback Policy: For awards of performance shares, the Company has adopted a "clawback" policy applicable to the award recipients, including the NEOs. If, for the two year period following the end of the three-year performance period of each award, the Company is required to restate its financial results for the award performance period in a manner that would have adversely affected the number of performance shares subject to the award, the Talent and Compensation Committee may (regardless of any fault on the part of the participant) adjust the number of performance shares subject to the award to reflect the number of performance shares that would have been payable under the restated financial statements, as determined by the Talent and Compensation Committee. For example, for the grants made in February 2015, the compensation recoupment period would extend to December 31, 2019.

Vesting into Retirement Policy: Starting with grants made in 2014, certain of our executives may be eligible for accelerated or continued vesting of applicable long-term equity awards under our "Vesting into Retirement" policy. In recognition that different motivations and considerations prevail for officers approaching retirement, awards granted to senior executives who are at least 62 years of age and who have been employed by the Company for at least 15 years are generally not subject to forfeiture upon termination of employment after the later of the first anniversary of the grant date and the first anniversary of the date that the officer meets both the age and service criteria. In order to maintain an alignment of interest with our shareholders, these awards continue to be subject to restrictions on transfer that will lift over a four-year period for the RSUs and over a three-year period for the performance shares (mirroring the typical vesting schedule for these awards).

2018 Executive Compensation Program

Our 2018 program remains generally consistent with our 2017 program in its design. Recognizing that:

the Company has performed exceptionally well over the last several years;

each of Mr. Liberty, Mr. Bayley and Ms. Lutoff-Perlo continue to fall below the market in total target compensation; and

each of Mr. Liberty, Mr. Bayley and Ms. Lutoff-Perlo has played and continues to play a critical role in our success,

our Talent and Compensation Committee felt it appropriate to take more aggressive steps to position compensation for these leaders closer to market in terms of target pay opportunity. The Talent and Compensation Committee thus approved compensation adjustments for Mr. Liberty, Mr. Bayley and Ms. Lutoff-Perlo increasing their total target compensation for 2018 by 24%, 10% and 16%, respectively, as compared to 2017 total target compensation. These adjustments are intended to help maintain stability among our leaders and continue to enhance their focus on long-term company performance and results.

Table of Contents***Stock Ownership Guidelines***

We recognize the importance of aligning our management's interests with those of our shareholders. As a result, the Board, at the recommendation of the Talent and Compensation Committee, has established stock ownership guidelines for all of our officers. Under these guidelines, the NEOs are expected to accumulate over a period of time Company stock having a fair market value equal to the multiples of their base salaries as shown in the table below. For purposes of determining compliance with the guidelines, officers are permitted to include derivative forms of Company equity, such as unvested and vested stock options, unvested restricted stock units and unvested performance shares following completion of the performance period. Officers are required to retain at least 50% of the net after-tax shares received upon the vesting and exercise of equity incentive awards until their target ownership is reached. The following table sets forth the current stock ownership guideline requirement for each NEO:

Name	Stock Ownership Guideline (as a multiple of base salary)
Richard D. Fain	8 times
Jason T. Liberty	5 times
Michael W. Bayley	5 times
Adam M. Goldstein	5 times
Lisa Lutoff-Perlo	5 times

Each NEO is in compliance with his or her respective stock ownership guideline requirement.

Other Elements of Compensation

In an effort to offer our employees a competitive remuneration package, we provide them with certain retirement, medical and welfare benefits, including a qualified non-contributory profit-sharing retirement plan (the "Retirement Plan"). The NEOs are eligible to participate and/or receive such benefits on a basis commensurate with that of other employees.

Effective January 1, 2009, as a result of the implementation of Section 457A of the U.S. Internal Revenue Code, all of our non-qualified deferred compensation plans were amended to not allow for any new contributions and to provide for the distribution of vested amounts deferred under such plan prior to January 1, 2009 on or prior to December 31, 2017. These distributions have been made and no balances remain in this plan. In addition, since January 1, 2009, as a result of Section 457A, in lieu of contributions to the Royal Caribbean Cruises Ltd. Supplemental Executive Retirement Plan (the "SERP"), each NEO receives, on an annual basis, a lump-sum cash payment of the benefits that would have been accrued under the SERP for services in a given year but for a change in tax laws. Amounts earned in 2017 in lieu of the SERP benefit are disclosed in the Summary Compensation Table - All Other Compensation column, as further detailed in the "2017 All Other Compensation Table."

We also offer the NEOs certain perquisites which include: Company paid automobile leases, discounts on Company cruises, annual executive physicals and travel expenses for guests accompanying executives on business travel. Our executives who have been on international assignment are also eligible to receive tax equalization and preparation assistance. Our NEOs also receive life insurance coverage equal to five times their annual base salary.

Severance

We have entered into Employment Agreements with each of the NEOs. These agreements provide for severance benefits in connection with various termination of employment scenarios, which are discussed in this proxy statement under the heading "Employment Agreements."

Table of Contents

We currently do not specifically provide for enhanced severance benefits if termination should follow a change-of-control of the Company. However, the Talent and Compensation Committee may, in its discretion, accelerate the vesting of long-term incentive awards in connection with a change-of-control, and the vesting of long-term incentive awards will occur automatically in the event of a qualifying termination within 18 months following a change-of-control.

Governance and Process

Our executive compensation program is overseen by the Talent and Compensation Committee. Talent and Compensation Committee members are appointed by our Board and meet the independence and other requirements of the NYSE and other applicable laws and regulations. Talent and Compensation Committee members are selected based on a variety of factors, including their knowledge and experience in compensation matters.

As provided for in its charter, the Talent and Compensation Committee has sole discretion to retain a compensation consultant and is directly responsible for the appointment, compensation and oversight for such consultant's work. The Talent and Compensation Committee has retained Willis Towers Watson as its independent compensation consultant and has asked Willis Towers Watson to regularly provide independent advice on the following:

the composition of our Market Comparison Group;

our compensation plan risk;

current trends in executive and director compensation design; and

the overall levels of compensation and types and blend of various compensation elements.

Willis Towers Watson has direct access to the Talent and Compensation Committee's members and advises them regarding matters for which the Talent and Compensation Committee is responsible. Within this framework, Willis Towers Watson has been instructed to work collaboratively with management, including our Chairman & CEO and our Senior Vice President, Chief Human Resources Officer and her staff to gain an understanding of our business and compensation programs to help Willis Towers Watson advise the Talent and Compensation Committee. In addition, Willis Towers Watson also regularly confers with our senior management and human resources department to collect, analyze and present data requested by the Talent and Compensation Committee. The total annual expense for the executive and director compensation advising services provided to us by Willis Towers Watson during 2017 was approximately \$219,000. In 2017, we also purchased industry surveys from Willis Towers Watson for approximately \$18,000.

In 2017, Willis Towers Watson also assisted the Talent and Compensation Committee with the CEO Pay Ratio calculation and disclosure. Aggregate fees incurred during 2017 for these services were approximately \$17,000.

During 2017, our management separately engaged Willis Towers Watson to provide insurance brokerage services. Aggregate fees billed during 2017 for these services were approximately \$242,000. The personnel who performed these services for us operated separately and independently of the Willis Towers Watson personnel who performed executive and director compensation-related services for the Talent and Compensation Committee. While the decision to engage Willis Towers Watson for such other services was made by management, the Talent and Compensation Committee assessed whether the services provided by Willis Towers Watson raised any conflicts of interest pursuant to applicable SEC and NYSE rules and concluded that no such conflicts of interest existed that would prevent Willis Towers Watson from independently advising the Talent and Compensation Committee. We do anticipate that, given the wide scope of services provided by Willis Towers Watson, we may continue to use them to provide insurance services outside of executive compensation from time to time. Willis Towers Watson has advised

Table of Contents

the Talent and Compensation Committee of a number of policies in place to ensure that their executive compensation advice is not influenced by this other work, including that:

individuals who are not part of the executive compensation consulting team (other than designated quality reviewers) are precluded from involvement in the development of recommendations regarding the compensation of our executives and directors;

executive compensation consultants who advise us on director and executive compensation may not serve in broader relationship-management roles for us; and

the compensation paid to Willis Towers Watson executive compensation consultants is not tied to the fees paid, or to the expansion of fees paid, by us.

For each NEO other than the Chairman & CEO, the Talent and Compensation Committee consults with and receives the recommendation of the Chairman & CEO, but the Talent and Compensation Committee is ultimately responsible for determining whether to accept such recommendations. For the compensation related to the Chairman & CEO, the Talent and Compensation Committee meets in an executive session and considers the opinion of Willis Towers Watson as well as other criteria identified in this Compensation Discussion & Analysis.

Report of the Talent and Compensation Committee

The Talent and Compensation Committee of the Board of Royal Caribbean Cruises Ltd. has reviewed and discussed with management the Compensation Discussion & Analysis and, based on such review and discussion, has recommended to the Board that the Compensation Discussion & Analysis be included in this proxy statement and incorporated by reference into our Annual Report on Form 10-K for 2017.

- (1) Amounts reflect base salary paid during the applicable calendar year in accordance with our bi-weekly payroll cycle. Although there are generally 26 pay periods in each calendar year, depending on the start and end dates of each cycle, there could be a higher (27) or lower (25) number of pay periods (or portions thereof) in any given year.
- (2) The columns titled "Stock Awards" report the fair value of restricted stock unit awards at their grant date in 2017, 2016 and 2015, as applicable, calculated in accordance with the provisions of FASB ASC Topic 718. The columns titled "Stock Awards" also include the value of the performance shares. This amount represents the fair value of the performance shares award at the service inception date (i.e. the date the Talent and Compensation Committee authorized the award) based upon the then-probable outcome of the performance conditions (i.e. the target value of the awards). The value of the 2017 performance shares on the service inception date assuming that the highest level of performance conditions will be achieved for Messrs. Fain, Liberty, Bayley, Goldstein and Ms. Lutoff-Perlo is \$11,549,984, \$2,032,110, \$2,257,960, \$3,386,850 and \$1,862,768, respectively. For the assumptions used in valuing these awards for purposes of computing this expense, please see Note 9 of the consolidated financial statements in the Company's Annual Report for the year ended December 31, 2017.
- (3) Amounts reflect cash bonus amounts earned pursuant to the Executive Bonus Plan. In addition, amounts for 2015 (other than Mr. Fain) include a special one-time cash bonus paid to bonus eligible employees based on the Company's (or, if applicable, brand's) constant currency net revenue yield performance for 2015 as follows: Mr. Liberty: \$17,400, Mr. Bayley: \$151,795 and Mr. Goldstein: \$36,192.
- (4) Each of the NEOs participated in the Royal Caribbean Cruises Ltd. Retirement Savings Plan as of December 31, 2017. Prior to January 1, 2009, each of the NEOs participated in the Royal Caribbean Cruises Ltd. SERP, and certain of the NEOs participated in the Royal Caribbean Cruises Ltd. Nonqualified Deferred Compensation Plan. In 2017, 2016 and 2015, certain of the NEOs continued to maintain a balance in the SERP and the Deferred Compensation Plan of amounts accrued prior to January 1, 2009. The aggregate above-market earnings on these NEO's holdings in these plans are

Edgar Filing: ROYAL CARIBBEAN CRUISES LTD - Form DEF 14A

listed under the column titled "Change in Pension Value and NQDC Earnings." The above-market portion of earnings is calculated as the total earnings in the plan, less the earnings that would have been achieved under an annual growth rate equal to 120% of the applicable federal long-term rate at the end of each year.

(5) Mr. Goldstein will transition from his role as President and Chief Operating Officer to Vice Chairman in May 2018.

(6) Please see the following table entitled "2017 All Other Compensation" for an itemized disclosure of this element of compensation.

(1) These values represent the target and maximum payouts under the Executive Bonus Plan.

(2) These amounts represent the target and maximum number of shares underlying the performance shares authorized by the Talent and Compensation Committee on the service inception date of February 7, 2017. The actual payout levels for the grants authorized on February 7, 2017 will be set by the Talent and Compensation Committee in early 2020 following the end of the three-year performance period. The performance shares vest in one installment on the third anniversary of the service inception date.

(3) Under the applicable FASB ASC Topic 718 rules, the "grant date" for accounting purposes will not be determined until the performance period has been completed because of the discretion provided to the Talent and Compensation Committee to make adjustments to the payout levels. Therefore, the amount reported in the table represents the fair value of the award at the service inception date (i.e. the date the Talent and Compensation Committee authorized the award) based upon the then-probable outcome of the performance conditions (i.e. the target value of the awards). See Note 9 of the consolidated financial statements in the Company's Annual Report for the year ended December 31, 2017, regarding assumptions underlying the valuation of these awards.

(4) The grant date fair values of the equity awards are calculated in accordance with FASB ASC Topic 718. See Note 9 of the consolidated financial statements in the Company's Annual Report for the year ended December 31, 2017, regarding assumptions underlying the valuation of these awards.

Employment Agreements

Edgar Filing: ROYAL CARIBBEAN CRUISES LTD - Form DEF 14A

We have employment agreements with each of our NEOs. These agreements are intended to enhance the retention and motivation of these key employees and include provisions protecting the Company such as

Table of Contents

non-competition and non-solicitation clauses. The terms of the employment agreements are summarized below and apply uniformly to all of our NEOs, except that Ms. Lutoff-Perlo's agreement is with Celebrity Cruises Inc.

Pursuant to each employment agreement, each NEO is entitled to receive an annual base salary, which may be increased, but not decreased, at any time during the term at our sole discretion. Each NEO is also eligible to participate in and receive awards, in our discretion, pursuant to any cash incentive compensation programs and any equity or long-term incentive plans on terms available to similarly situated executives of the Company.

Each NEO's employment can be terminated by us or by them at any time. If we terminate a NEO's employment without "cause" or if the NEO resigns for "good reason" (as both terms are defined in the applicable employment agreement), he or she is entitled to (i) two times his or her then-current base salary payable over the two-year period following termination, (ii) two times his or her "target" bonus under the annual Executive Bonus Plan for the year in which the termination of employment occurs, generally payable in accordance with our normal bonus payment practices, (iii) continued payment of health and medical benefits for a period of two years commencing on the date of termination, or until such time that he or she commences employment with a new employer, whichever occurs first, and (iv) payment of reasonable professional search fees relating to outplacement. At our sole discretion, each NEO is also eligible to receive a one-time lump-sum termination bonus to be paid two years after the date of termination in an amount not to exceed 50% of his or her base salary as of the date of termination. All of these payments are conditioned on the NEO executing a general release of claims for the benefit of the Company.

If the NEO's employment is terminated as a result of the NEO's death or disability, the NEO, or his or her legal representative, is entitled to, within 60 days of the NEO's death or disability (i) payment in a lump sum of compensation equal to two times his or her base salary in effect at the time of termination of employment, (ii) payment of the "target" bonus he or she would have been entitled to receive in each year during the two year period commencing on the date of termination under the annual Executive Bonus Plan and (iii) any death or disability benefit, as applicable, provided in accordance with the terms of the Company's employee benefit plans then in effect. If the NEO's employment is terminated for cause, we have no obligation to provide severance payments, except for certain amounts that were earned and unpaid as of the date of termination or as required by law.

Any outstanding equity grants held by the NEO at the time of termination will be treated in the manner provided for in each equity grant. Please see further information regarding treatment of equity grants under the heading "Payment Upon Termination of Employment."

Each NEO has agreed not to compete with the Company or its affiliates during the term of employment and for two years following termination of employment and to refrain from (i) employing the Company's or its affiliates' employees during this period or (ii) soliciting employees, consultants, lenders, suppliers or customers from discontinuing, modifying or reducing the extent of their relationship with the Company during such period. During the term of the agreements and subsequent thereto, the NEOs have agreed not to disclose or use any confidential information.

Royal Caribbean Cruises Ltd. Supplemental Executive Retirement Plan (the "SERP"). The SERP was originally established as a nonqualified (unfunded), non-contributory plan established for a select group of executives or highly compensated employees subject to Internal Revenue Code limitations on the benefits they are able to accrue under the Royal Caribbean Cruises Ltd. Retirement Savings Plan, our qualified non-contributory profit-sharing retirement plan (the "Retirement Plan"). This plan was designed to provide the participants with the benefits lost under the Retirement Plan because of the application of Section 401(a)(17) of the Internal Revenue Code, using the same contribution percentage and vesting service as under the Retirement Plan. For 2017, based upon his or her years of service to the Company and but for the Section 401(a)(17) limitations, each NEO would have been entitled to a Company contribution to the Retirement Plan in an amount equal to 10% of his or her base salary. Accordingly, as originally designed, the Company contribution to the SERP for each NEO during 2017 would have equaled the difference between the applicable percentage of his or her 2017 base salary and the IRS maximum compensation limit under the Retirement Plan for 2017. Following changes in U.S. tax laws affecting nonqualified deferred compensation plans for certain companies, including the Company, effective January 1, 2009, payment of amounts that would have been contributed to the SERP for each executive for services in a given year are made directly to the participant in the first quarter of the following year. These payments to the NEOs for 2017 are disclosed in the Summary Compensation Table All Other Compensation column, as further detailed in the "2017 All Other Compensation Table." The amounts reflected in the "2017 Nonqualified Deferred Compensation and Nonqualified Defined Contribution Retirement Plans" table for the SERP reflect amounts

accrued prior to January 1, 2009. These amounts have been distributed to participants, based upon their previously made election, on or before December 31, 2017.

Payments Upon Termination of Employment

The following table represents payments and benefits to which the NEOs would be entitled upon termination of their employment in accordance with their employment agreements and our equity plans and agreements. Termination of employment is assumed to occur, for purposes of this table, on December 31, 2017. The table does not include amounts a NEO would be entitled to receive without regard to the circumstances of termination, such as vested equity awards or accrued retirement benefits (if retirement eligible) and deferred compensation. Please see the "Outstanding Equity Awards at 2017 Fiscal Year End" and "2017 Nonqualified Deferred Compensation and Defined Contribution Retirement Plans" tables for more information. In most cases, the NEOs' entitlements upon termination of employment are governed by their employment agreement with the Company. These arrangements are described under the heading "Employment Agreements." In addition, the treatment of outstanding equity awards, which are unvested as of the time of termination, are treated in accordance with the agreement and plan applicable to the particular award, as described below. We do not provide any cash payments in the event of a change of control absent an employment termination nor do we increase the amount of cash severance that would be due to a NEO in the event of his termination of employment in connection with a change of control.

With respect to the treatment of outstanding equity awards, generally, for each NEO, unvested stock options, restricted stock units and performance shares will vest and be exercisable, or settled, as applicable, in the event of the executive's death or disability, as well as in the event of termination of the executive's employment by the Company without "cause" or by the executive for "good reason" within 18 months following a "change of control" (as such terms are defined in the applicable equity incentive plan). With respect to the performance shares,

if death or disability occurs during the performance period, the performance shares will vest based on the target number of shares underlying the award. If the NEO's employment is terminated without "cause" or by the executive for "good reason" within 18 months following a "change of control," the performance shares will vest based upon the Talent and Compensation Committee's then best estimate of the shares that will be awardable at the end of the performance period.

Compensation Risk

In order to assess the risk inherent in the design of our compensation plans, policies and programs, management regularly undertakes a comprehensive inventory of all plans and programs. In accordance with screening methodology approved by the Talent and Compensation Committee, in early 2018, management reviewed each plan and program for risk features and presented its findings to the Talent and Compensation Committee. Based on this review, management and the Talent and Compensation Committee believe that the nature of our business, and the material risks we face, are such that the compensation plans, policies and programs we have put in place are not reasonably likely to give rise to risks that would have a material adverse effect on our business. We believe our compensation programs and decisions include qualitative factors which restrain the influence that an overly formulaic approach may have on excessive risk-taking by management.

CEO Pay Ratio

In August 2015 pursuant to a mandate of the Dodd-Frank Wall Street Reform and Consumer Protection Act, the SEC adopted a rule requiring annual disclosure of the ratio of the median employee's annual total compensation to the total annual compensation of the principal executive officer ("PEO"). The Company's PEO is our CEO. The Company is presenting the required disclosure as follows:

We had approximately 64,000 employees as of December 31, 2017. We calculated median gross wages for this employee population and identified our median employee. We determined that this person was a crew member whose total compensation, calculated consistent with Item 402(c) of Regulation S-K, was \$18,320. This figure includes gratuities directly billed to our guests, but excludes any cash gratuities paid directly to the employee by guests. It also excludes room and board, which is provided to our crew members without charge. Based upon this methodology and the CEO's total compensation, as set forth in the Summary Compensation Table, we estimate the ratio of our CEO pay to the median worker's pay is 728:1.

PROPOSAL 2 ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

In accordance with the requirements of Section 14A of the Exchange Act and the related rules of the SEC, our shareholders have the opportunity to cast an annual advisory vote to approve the compensation of our named executive officers.

As described in detail under the heading "Compensation Discussion and Analysis," we adhere to a pay-for-performance philosophy and, to this end, our executive compensation programs are designed to align the interests of our executives with the interests of our shareholders, recruit, retain and motivate a talented and high-performing management team and reward our NEOs for their positive contributions to both short-term and long-term corporate performance. Shareholders are urged to read the Compensation Discussion and Analysis, which discusses in detail how our compensation policies and procedures implement our compensation philosophy.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the overall compensation of our NEOs. The vote is advisory, which means that the vote is not binding on the Company, our Board or the Talent and Compensation Committee. To the extent there is any significant vote against our NEO compensation as disclosed in this proxy statement, the Talent and Compensation Committee will evaluate whether any actions are necessary to address the concerns of shareholders.

Accordingly, we ask our shareholders to vote on the following resolution:

RESOLVED, that the shareholders of the Company approve, on an advisory basis, the overall compensation of the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative disclosures set forth in the proxy statement for this Annual Meeting.

Board Recommendation

THE BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" ADVISORY APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

Table of Contents**PROPOSAL 3 RATIFICATION OF PRINCIPAL INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed PricewaterhouseCoopers LLP as our principal independent auditor for the fiscal year ending December 31, 2018. PricewaterhouseCoopers LLP has served in this capacity since 1989. A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting to respond to questions from the shareholders and to make a statement if the representative desires to do so.

Although ratification by the shareholders of the appointment of our principal independent auditor is not legally required, the Board believes that such action is desirable. If the shareholders do not approve this proposal, the Audit Committee will consider selecting another independent registered public accounting firm for fiscal year 2018 and future fiscal years.

Aggregate fees for professional services rendered by PricewaterhouseCoopers LLP for the fiscal years ended December 31, 2017 and 2016 were:

	2017	2016
Audit fees	\$ 2,866,658	\$ 2,840,614
Audit-related fees	160,192	183,281
Tax fees	388,318	65,777
All other fees	9,000	7,740
Total	\$ 3,424,168	\$ 3,097,412

Pursuant to the terms of its charter, the Audit Committee approves all audit and audit-related engagement fees and terms and all non-audit engagements with the principal independent auditor. The Chairman of the Audit Committee also has the authority to approve any non-audit engagements with the independent registered public accounting firm but must report any such approvals to the Audit Committee at its next meeting. Our Audit Committee was not called upon in the fiscal year ended December 31, 2016, to approve, after the fact, any non-audit, review or attest services pursuant to the pre-approval waiver provisions of the auditor independence rules of the SEC and the Audit Committee charter. As permitted under such SEC provisions, the Audit Committee approved, after the fact, certain services in the amount equivalent to less than 1% of the non-audit services during the fiscal year ended December 31, 2017.

The audit fees for the fiscal years ended December 31, 2017 and 2016 were for professional services rendered for the integrated audits of the Company's consolidated financial statements and system of internal control over financial reporting, quarterly reviews, statutory audits required by foreign jurisdictions, consents and review of documents filed with the SEC.

The audit-related fees for the fiscal years ended December 31, 2017 and 2016 were for the audits of the Company's retirement savings plan and other attest services.

Tax fees for the fiscal years ended December 31, 2017 and 2016 were for services performed in connection with international tax compliance, transfer pricing and organizational tax structure services.

All other fees for the fiscal years ended December 31, 2017 and 2016 were for subscription fees for accounting and auditing research software.

The Audit Committee has considered and determined that the services provided by PricewaterhouseCoopers LLP are compatible with maintaining PricewaterhouseCoopers LLP's independence.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is composed of four non-management directors, each of whom meets the independence and financial literacy requirements of the New York Stock Exchange. In addition, three of the four members qualify as "audit committee financial experts" as defined by the SEC.

The Audit Committee operates under a written charter adopted by the Board of Directors, which may be accessed on our website at www.rclcorporate.com/investors. The Audit Committee reviews and assesses the adequacy of its charter on an annual basis. In accordance with the charter, the Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to the integrity of the Company's financial statements; the qualifications, independence and performance of the Company's principal independent auditor; the performance of the Company's internal audit function; and the Company's compliance with legal and regulatory requirements in connection with the foregoing.

It is the responsibility of the Company's management to prepare the Company's financial statements and to develop and maintain adequate systems of internal controls over financial reporting. The internal auditor's responsibility is to review and, when appropriate, audit the internal controls over financial reporting. The Company's principal independent auditor has the responsibility to express an opinion on the financial statements and internal controls over financial reporting based on an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board.

As part of its oversight of the Company's financial statements, the Audit Committee reviews and discusses with both management and the Company's principal independent auditor all annual and quarterly financial statements prior to their issuance. During 2017, management advised the Audit Committee that each set of financial statements reviewed had been prepared in accordance with generally accepted accounting principles, and management reviewed significant accounting and disclosure issues with the Audit Committee. These reviews included discussion with the principal independent auditor of matters required to be discussed pursuant to Public Company Accounting Oversight Board Auditing Standard No. 1301 (Communication with Audit Committees), including the quality of the Company's accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Audit Committee also discussed with the principal independent auditor matters relating to its independence, including the written disclosures and letter from the principal independent auditor to the Audit Committee pursuant to applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountants' communications with the Audit Committee concerning independence. The Audit Committee has also considered whether the provision of non-audit services is compatible with maintaining the independence of the principal independent auditor.

The Audit Committee also has reviewed and discussed with management, the internal auditor and the principal independent auditor the Company's internal controls report and the auditor's attestation of the report.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017, for filing with the Securities and Exchange Commission.
