ATOMIC BURRITO, INC. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Note 1 - GENERAL

In the opinion of Atomic Burrito, Inc. (the "Company"), the accompanying unaudited consolidated financial statements contain all adjustments (consisting of only normal recurring accruals) necessary to present fairly the Company's financial position as of March 31, 2001 and the results of its operations and cash flows for the three months ended March 31, 2001 and 2000. These statements are condensed and, therefore, do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. The statements should be read in conjunction with the consolidated financial statements and footnotes included in the Company's Annual Report on Form 10KSB for the year ended December 31, 2000. The results of operations for the three months ended March 31, 2001 and 2000 are not necessarily indicative of the results to be expected for the full year.

Operating results were reclassified for 2000 to segregate the discontinued operations of the Atomic Burrito Restaurants from continuing operations.

The Board of Directors has approved a plan by the affiliate to pay, offset, or otherwise reduce amounts owed by it to the Company during the second quarter of 2001, in addition to a previous agreement to pay at least 5% of the principle balance on the \$480,000 receivable note annually beginning in 2002 until maturity.

Note 5 - DISCONTINUED OPERATIONS

On August 30, 2000, the Company announced its intentions to discontinue its Atomic Burrito Restaurant operations. Accordingly the following sales occurred prior to December 31, 2000:

- (1) The Company president resigned and formed Three B's Restaurant Group, Inc. (Three B's), which bought from the Company its subsidiary company, which held the restaurant concept, Atomic Development, Inc. (Development) and two companies which held the majority interest in two restaurant locations, AB of Tulsa-I, L.L.C. (Tulsa) and AB of Wichita-I, L.L.C. (Wichita) for \$425,000 on November 30, 2000. Three B's acquired the leases for the two restaurant locations and all assets and liabilities of the entities sold. However, the Company was required to reduce accounts payable of Tulsa by \$40,000 and loan Wichita \$40,000 which is to be repaid beginning May 30, 2001 at an interest rate of 9% per annum with a first payment of \$4,000 and \$550 monthly thereafter until October 31, 2005 with the remaining balance being due at that time. At December 31, 2000, no funds had been advanced to Three B's on this note.

Three B's issued three notes as consideration for the sale of the above mentioned entities, as follows: Development - \$75,000, Tulsa - \$160,000 and Wichita - \$150,000. All notes bear interest at a rate of 9% per annum, have monthly payments scheduled to commence June 1, 2001 with final payment due on October 31, 2005. The notes are collateralized by all of the assets of the entities acquired by Three B's with requirements of the Company to provide satisfaction on certain liabilities of the entities sold to Three B's. In connection with this transaction, the Company has provided for a reserve of \$250,000 to cover future possible losses which could arise from disputes resulting in adjustments in amounts paid on the notes receivable.

- (2) The Company sold its Norman restaurant location to Atomic Restaurant Group, L.L.C. (ARG) on September 15, 2000. The sales price was a \$370,000 note payable in installments at 8% beginning November 15, 2000 for \$3,535.91 until paid in full on September 15, 2007. The Company sold all its assets at the Norman location but was still liable for the liabilities in the AB of Norman-I, L.L.C. entity, which included the obligations on the Norman location equipment. The Company has provided a \$100,000 reserve to cover future possible losses, which could arise from disputes resulting in adjustments in amounts paid on the note receivable.

The Houston location and the Oklahoma City locations ceased operations and the equipment at the Houston location has been written down to \$120,000, which is the anticipated sales price of the equipment to Three B's. The Oklahoma City property has been written down by \$200,000 and the Company is currently paying the rental on this location and is responsible for the liabilities of the Oklahoma City location.

Note 6 - SUBSEQUENT EVENTS

On March 7, 2001, the Company agreed to the sale of its nightclub business in Wichita, Kansas for \$1,200,000 in cash. The sale includes the equipment and improvements, the lease, permits and licenses at this

Edgar Filing: ATOMIC BURRITO INC - Form 10QSB

location together with certain other assets at this location. The Company closed on this sale on April 11, 2001, realizing a gain of approximately \$682,000 in connection with this transaction.

13

General

The Company owns and operates two country and western nightclubs, one in St Louis, Missouri and one in Wichita Kansas.

In June 1998, the Company formed a subsidiary corporation, Atomic Burrito, Inc., through which to develop a new restaurant concept. Subsequently, Atomic Burrito, Inc. entered into license agreements for two "Atomic Burrito" restaurants to be located in Stillwater and Norman, Oklahoma, and entered into a third license agreement for a restaurant in Longview, Washington. In addition, in October 1998, the Company entered into a joint venture agreement with New York Bagel Enterprises, Inc., ("New York Bagel") for the joint development of "Atomic Burrito" restaurants. The agreement provides for New York Bagel to contribute certain of its restaurant locations, including leases, leasehold improvements, and equipment for a 40% interest in the operation, while the Company would contribute up to \$150,000 for the remodel and conversion costs, as well as for additional equipment. The first unit opened in March 1999 in Tulsa, Oklahoma, while the second unit opened in April 1999 in Wichita, Kansas.

Edgar Filing: ATOMIC BURRITO INC - Form 10QSB

In September 1999, the Company and New York Bagel agreed to terminate the joint venture agreement as it related to additional development, and New York Bagel agreed to sell its interest in the two operations in Tulsa and Wichita to the Company. New York Bagel's stated reasons for the termination were the lack of expansion capital on the part of either of the parties, and their desire to move in a different direction. Subsequently, New York Bagel filed for protection under Chapter 13 of the Federal Bankruptcy Statutes. The Company did not exercise its option to purchase New York Bagel's interest in these restaurants and as described below, subsequently sold its interest in these operations to its former president.

In December, 1999, the original licensees who had previously opened Atomic Burrito units in Stillwater and Norman, Oklahoma, approached the Company with a plan to sell their Norman restaurant to the Company. They had previously closed their Stillwater restaurant and were in the process of expanding their other restaurant and brew pub operations in both Oklahoma and Texas. Thereafter, the Company entered into an agreement, effective December 31, 1999, to purchase the Norman restaurant from the licensee for the issuance of 360,000 (valued at \$270,000) shares of the Company's common stock as well as the assumption of certain liabilities totaling \$60,967, giving the transaction a total value of \$330,967.

During February, 2000, the Company opened an Atomic Burrito restaurant in Oklahoma City in which it owned a 100% interest.

During September, 1999, the Company opened an Atomic Burrito restaurant in Houston, Texas in which it owned a 50% interest.

During September, 2000, The Company's Board of Directors decided to discontinue its efforts to develop and expand the Atomic Burrito Restaurant concept.

14

In September 2000, the Company sold the property, equipment, and leasehold improvements on its Norman Atomic Burrito restaurant to an LLC in which one of the principals is a former Company employee. In connection with the sale of these assets, the LLC agreed to sublease land and building associated with this restaurant. This property was sold in exchange for a \$370,000 8% note receivable.

In November, the Company sold its interest in the Tulsa and Wichita Atomic Burrito restaurant operations to a company controlled by the Company's former president for \$180,000 and \$170,000 respectively. The sale was consummated with a \$40,000 down payment and the issuance of 8% notes receivable in the amounts of \$160,000 for the Tulsa operations and \$150,000 for the Wichita operations.

Also in November the Company sold its stock in Atomic Development, Inc., a wholly owned subsidiary established to oversee the development and franchise of the Atomic Burrito concept, for \$75,000, to the same company that purchased the Tulsa and Wichita Atomic Burrito restaurants.

At December 31, 2000, the Company recorded an allowance for bad debts in the amount of \$350,000 associated with the above described notes. This charge was taken to the losses on discontinued operations for financial reporting purposes.

In September, 2000, the Company closed its Houston Atomic Burrito location. The leasehold improvements on this location were forfeited to the landlord in release from any future lease obligations. The Company is attempting to sell or lease this equipment as of year-end.

In September, 2000, the Company closed its Oklahoma City Atomic Burrito location

Edgar Filing: ATOMIC BURRITO INC - Form 10QSB

and is currently seeking a buyer to take over this location and assume the lease. As of December 31, 2000, the Company has reduced the carrying value of these assets by an additional \$150,000 to reflect the anticipated loss on ultimate disposition. This charge was also taken to the loss on discontinued operations.

Liquidity and Capital Resources

As of March 31, 2001, the Company had cash of \$66,731, which was generated from operating activities, financing activities and investing activities. This amount represented a decrease \$12,164 or 6.38% from cash at year-end 2000, and a decrease of \$123,996 from the first quarter of 2000. The decrease in cash from year-end is a result of operating losses incurred during the first quarter of 2001.

As of March 31, 2001, the Company's working capital position (current assets minus current liabilities) was a negative \$(1,432,371) compared to a negative \$(1,287,457) at year-end 2000. The decrease of \$144,914 was due to operating losses incurred during the first quarter of 2001. Because of the sale of the In Cahoots night club in Wichita, Kansas, as discussed in the Notes to the Financial Statements, management does not believe the decrease in working capital position will have any material effect on its ability to service its debts and continue the expansion of its restaurant division.

Property and equipment is made up primarily of assets required to operate the St. Louis and Wichita clubs and certain restaurant equipment which the Company was attempting to dispose of.

The deferred income tax asset remains at a balance of \$100,000. This asset resulted from the net operating loss carryforwards from the loss on the write-off of the Tucson nightclub in a prior year, as well as from other operating losses contributing to the net operating loss carryforward. The Company anticipates that this credit will be utilized upon the sale of the Wichita night club which occurred on April 10, 2001. At December 31, 2000 the Company had approximately an additional \$2,800,000 in deferred tax assets which were fully reserved and not reflected on the Company's balance sheet at that date. At December 31, 2000 the Company had approximately \$4,400,000 in net operating losses which will expire commencing in 2013 if not utilized.

On April 10, 2001, the Company sold its Wichita Kansas night club operations for \$1,200,000. This sale resulted in a gain of approximately \$682,000 and provided cash of approximately \$1,100,000 to pay down existing debts and to finance future expansions of the night club operations.

In April, 2001, certain notes receivable totaling \$480,000 from an affiliated company become due. Management anticipates that the interest due will be received and that the notes will be renewed.
