## FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q and any exhibits to this Report contains "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. The words "anticipate," "believe," "estimate," "expect," "intend," "wil "should" and similar expressions, as they relate to us, are intended to identify forward-looking statements. These statements reflect management's current beliefs, assumptions and expectations and are subject to a number of factors that may cause actual results to differ materially. Such factors include, but are not limited to: our ability to address our business challenges in order to reverse revenue declines, reduce costs and increase productivity so that we can invest in and grow our business; changes in economic conditions, political conditions, trade protection measures, licensing requirements and tax laws in the United States and in the foreign countries in which we do business; changes in foreign currency exchange rates; our ability to successfully develop new products, technologies and service offerings and to protect our intellectual property rights; the risk that multi-year contracts with governmental entities could be terminated prior to the end of the contract term and that civil or criminal penalties and administrative sanctions could be imposed on us if we fail to comply with the terms of such contracts and applicable law; the risk that partners, subcontractors and software vendors will not perform in a timely, quality manner; actions of competitors and our ability to promptly and effectively react to changing technologies and customer expectations; our ability to obtain adequate pricing for our products and services and to maintain and improve cost efficiency of operations, including savings from restructuring actions; the risk that individually identifiable information of customers, clients and employees could be inadvertently disclosed or disclosed as a result of a breach of our security systems; reliance on third parties, including subcontractors, for manufacturing of products and provision of services; our ability to manage changes in the printing environment and markets and expand equipment placements; interest rates, cost of borrowing and access to credit markets; funding requirements associated with our employee pension and retiree health benefit plans; the risk that our operations and products may not comply with applicable worldwide regulatory requirements, particularly environmental regulations and directives and anti-corruption laws; the outcome of litigation and regulatory proceedings to which we may be a party; the risk that we do not realize all of the expected strategic and financial benefits from the separation and spin-off of our Business Process Outsourcing (BPO) business; and other factors that are set forth in the "Risk Factors" section, the "Legal Proceedings" section, the "Management's Discussion and Analysis of Financial Condition and Results of Operations" section and other sections of this Quarterly Report on Form 10-Q, our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2017 and June 30, 2017 and our 2016 Annual Report on Form 10-K, as well as our Current Reports on Form 8-K filed with the Securities and Exchange Commission (SEC). Xerox assumes no obligation to update any forward-looking statements as a result of new information or future events or developments, except as required by law.
Fuji Xerox Co., Ltd. ("Fuji Xerox") is a joint venture between Xerox Corporation and Fujifilm Holdings Corporation ("Fujifilm") in which Xerox holds a noncontrolling $25 \%$ equity interest and Fujifilm holds the remaining equity interest. Given our status as a minority investor, we have limited contractual and other rights to information with respect to Fuji Xerox matters. In April 2017, Fujifilm publicly announced it had formed an independent investigation committee (IIC) to primarily conduct a review of the appropriateness of the accounting practices at Fuji Xerox's New Zealand subsidiary and at other subsidiaries. Fujifilm publicly announced that the IIC completed its review during the second quarter 2017 and identified aggregate adjustments to Fuji Xerox's financial statements of approximately JPY 40 billion (approximately $\$ 360$ million based on the Yen/U.S. Dollar spot exchange rate at March 31, 2017 of 111.89). The adjustments primarily related to misstatements at Fuji Xerox's New Zealand and Australian subsidiaries, as well as certain other adjustments. We determined that our cumulative share of the revised amount of total adjustments identified as part of the investigation was approximately $\$ 90$ million and impacted our fiscal years 2009 through 2017. Based on our procedures, as well as those performed by Fuji Xerox and Fujifilm, we concluded that the cumulative correction of the misstatements in our historical financial statements would have had a material effect on our current year consolidated financial statements. Accordingly, we concluded that we should revise our previously issued annual and interim consolidated financial statements for 2014, 2015 and 2016 and the first quarter of 2017 the next time they are filed. The Fujifilm audited financial statements were issued in Japan on July 31, 2017, and our review of this matter has been completed. However, Fujifilm and Fuji Xerox continue to review Fujifilm's oversight and governance of Fuji Xerox as well as Fuji Xerox's oversight and governance over its businesses in light of the findings of the IIC. In
addition, at this time, we can provide no assurances relative to the outcome of any potential governmental investigations or any consequences thereof that may happen as a result of this matter.

## XEROX CORPORATION

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)
(in millions, except per-share data and where otherwise noted)

## Note 1 - Basis of Presentation

References herein to "we," "us," "our," the "company" and "Xerox" refer to Xerox Corporation and its consolidated subsidiari unless the context suggests otherwise.
We have prepared the accompanying unaudited Condensed Consolidated Financial Statements in accordance with the accounting policies described in our 2016 Annual Report on Form 10-K (2016 Annual Report), and the interim reporting requirements of Form 10-Q. Accordingly, certain information and note disclosures normally included in our annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. You should read these Condensed Consolidated Financial Statements in conjunction with the Consolidated Financial Statements included in our 2016 Annual Report.
In our opinion, all adjustments which are necessary for a fair statement of financial position, operating results and cash flows for the interim periods presented have been made. These adjustments consist of normal recurring items. Interim results of operations are not necessarily indicative of the results of the full year.
For convenience and ease of reference, we refer to the financial statement caption "Income before Income Taxes and Equity Income" as "pre-tax income."
Overview
On December 31, 2016, Xerox Corporation completed the Separation of its Business Process Outsourcing (BPO) business from its Document Technology and Document Outsourcing (DT/DO) business (the "Separation"). The Separation was accomplished through the transfer of the BPO business into a new legal entity, Conduent Incorporated ("Conduent"), and then distributing one hundred percent ( $100 \%$ ) of the outstanding common stock of Conduent to Xerox Corporation stockholders (the "Distribution"). The Separation and Distribution were structured to be tax-free for Xerox Corporation stockholders for federal income tax purposes. Conduent is now an independent public company trading on the New York Stock Exchange ("NYSE") under the symbol "CNDT". After the Separation, Xerox retained the DT/DO businesses and Xerox does not beneficially own any shares of Conduent common stock.
As a result of the Separation and Distribution, the financial position and results of operations of the BPO business are presented as discontinued operations and, as such, have been excluded from continuing operations for all periods presented. The accompanying Notes to the Condensed Consolidated Financial Statements have all been revised to reflect the effect of the Separation and Distribution and all prior year balances have been revised accordingly to reflect continuing operations only. The historical statements of Comprehensive Income (Loss) and Shareholders' Equity have not been revised to reflect the Separation and instead reflect the Separation and Distribution as a final adjustment to the balances at December 31, 2016. Refer to Note 5 - Divestitures for additional information regarding discontinued operations.
In connection with the Separation, Xerox entered into several agreements with Conduent to (1) effect the legal and structural separation of Xerox and Conduent, (2) govern the relationship between Xerox and Conduent up to and after the completion of the Separation and (3) allocate between Xerox and Conduent various assets, liabilities and obligations, including, among other things, employee benefits and tax-related assets and liabilities. The agreements entered into included a separation and distribution agreement, a transition service agreement, a tax matters agreement, an employee matters agreement, an intellectual property agreement and a trademark license agreement.
Segment Discussion
Following the separation of the BPO business, we realigned our operations to better manage the business and serve our customers and the markets in which we operate. In 2017 we transitioned to a geographic focus and are primarily organized from a sales perspective on the basis of "go-to-market" sales channels. These sales channels are structured to serve a range of customers for our products and services. As a result of this transition and change in structure, we concluded that we have one operating and reportable segment - the design, development and sale of document management systems and solutions. Our chief executive officer was identified as the chief operating decision maker ("CODM"). All of the company's activities are interrelated, and each activity is dependent upon and supportive of the
other, including product development, supply chain and back-office support services. In addition,
Xerox 2017 Form 10-Q
7
all significant operating decisions are largely based upon an analysis of Xerox at the consolidated level, including assessments related to the company's incentive compensation plan, as well as operating decisions at the Board level. Reverse Stock Split
On May 23, 2017, the Board of Directors authorized a reverse stock split of the issued and outstanding Xerox common stock at a ratio of one-for-four shares, together with the proportionate reduction in the authorized shares of its common stock from $1,750,000,000$ shares to $437,500,000$ shares. Shareholder approval for the reverse stock split was obtained at the company's Annual Shareholder Meeting on May 23, 2017 and the reverse stock split became effective on June 14, 2017. At the effective time, every four shares of the company's common stock that were issued and outstanding were automatically combined into one issued and outstanding share, without any change in par value of such shares. Accordingly, we reclassified $\$ 760$ from Common stock to Additional paid-in capital. The reverse stock split also correspondingly affected all outstanding Xerox equity awards and outstanding convertible securities. All authorized, issued and outstanding stock and per share amounts contained in the accompanying Condensed Consolidated Financial Statements have been adjusted to reflect this reverse stock split for all prior periods presented.
Note 2 - Correction of Fuji Xerox Misstatement in Prior Period Financial Statements
Fuji Xerox is a joint venture between Xerox Corporation and Fujifilm Holdings Corporation ("Fujifilm") in which Xerox holds a noncontrolling 25\% equity interest and Fujifilm holds the remaining equity interest. On April 20, 2017, Fujifilm publicly announced it had formed an independent investigation committee (IIC) to conduct a review of the appropriateness of the accounting practices at Fuji Xerox's New Zealand subsidiary related to the recovery of receivables associated with certain bundled leasing transactions that occurred in, or prior to, Fuji Xerox's fiscal year ending March 31, 2016.
The IIC's review, completed during the second quarter 2017, subsequently identified total aggregate adjustments to Fuji Xerox's financial statements of approximately JPY 40 billion (approximately $\$ 360$ based on the Yen/U.S. Dollar spot exchange rate at March 31, 2017 of 111.89). The adjustments identified by the IIC primarily related to misstatements at Fuji Xerox's New Zealand subsidiary as well as their Australian subsidiary and certain other adjustments. We determined that our cumulative share of the revised amount of total adjustments identified as part of the investigation was approximately $\$ 90^{1}$ and impacted our fiscal years 2009 through 2017.
In the second quarter 2017, we determined that the misstatements to our Equity in net income of unconsolidated affiliates in prior years and the first quarter of 2017 identified through the IIC's review were immaterial to our previously issued financial statements. However, we concluded that the cumulative correction of these misstatements would have had a material effect on our current year consolidated financial statements. Accordingly, we will revise our previously issued annual and interim consolidated financial statements for 2014, 2015 and 2016 and the first quarter of 2017 the next time they are filed. Certain of the corrections discussed above affected periods prior to fiscal year 2014, and this effect was reflected as a cumulative, net of tax adjustment to reduce retained earnings as of January 1,2014 by $\$ 69$. The effect of the revision on our previously issued financial statements is provided in the tables below. Amounts throughout the consolidated financial statements and notes thereto have been adjusted to incorporate the revised amounts, where applicable.
(1) The difference between the aggregate revision to retained earnings and the $\$ 90$ impact at March 31,2017 is ${ }^{1)}$ primarily due to currency and the impact of adjustments recorded directly by Xerox in the first quarter 2017.

## Edgar Filing: XEROX CORP - Form 10-Q

Note 3 - Recent Accounting Pronouncements

## Revenue Recognition

In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers (Topic 606), to supersede nearly all existing revenue recognition guidance under U.S. GAAP. The core principle of ASU 2014-09 is to recognize revenues when promised goods or services are transferred to customers in an amount that reflects the consideration that is expected to be received for those goods or services. ASU 2014-09 defines a five step process to achieve this core principle and, in doing so, it is possible more judgment and estimates may be required within the revenue recognition process than required under existing U.S. GAAP, including identifying performance obligations in the contract, estimating the amount of variable consideration to include in the transaction price and allocating the transaction price to each separate performance obligation. ASU 2014-09 is effective for our fiscal year beginning January 1, 2018. Subsequent to the issuance of ASU 2014-09, the FASB issued the following ASU's which amend or provide additional guidance on topics addressed in ASU 2014-09. In March 2016, the FASB issued ASU 2016-08, Revenue Recognition - Principal versus Agent (reporting revenue gross versus net). In April 2016, the FASB issued ASU 2016-10, Revenue Recognition - Identifying Performance Obligations and Licenses. In May 2016, the FASB issued ASU 2016-12, Revenue Recognition - Narrow Scope Improvements and Practical Expedients.
We will adopt this standard beginning January 1, 2018 and expect to use the modified retrospective method of adoption. Under current revenue recognition guidance, a significant majority of our revenue is recorded when we invoice customers, as that is normally the point at which all the revenue recognition criteria are met. Under ASU 2014-09, based on the nature of our contracts, we expect to continue to recognize revenue upon invoicing the customer for the large majority of our revenue. Additionally, we expect the unit of accounting, that is, the identification of performance obligations, will be consistent with current revenue guidance. Accordingly, the adoption of this standard is not expected to have a material impact for the large majority of our revenues. Lastly, a significant portion of our equipment sales are either recorded as sales-type leases or through direct sales to distributors and resellers and these revenue streams are not expected to be impacted by the adoption of ASU 2014-09. We have substantially completed the review of certain contracts that are either more complex or where the revenue recognition criteria are not directly aligned with invoicing to the customer, to determine their treatment under ASU 2014-09. Based on this review we do not expect a material change in our pattern of revenue recognition. We expect to continue to evaluate the impact of our pending adoption of ASU 2014-09 on our consolidated financial statements throughout the remainder of 2017. Additionally, we are continuing to assess the impacts of the additional disclosures and the cost deferral guidance required by ASU 2014-09 as the new standard requires an increased level of disclosures as well as cost deferrals. Deferred costs are minimal under our current practices as most costs to obtain a contract and fulfill a contract are expensed as incurred. However, based on an initial assessment of the contract cost guidance included in the new standard, we expect to record a transition asset upon adoption of $\$ 150$ to $\$ 200$ related to the incremental cost to obtain contracts. Substantially all of this adjustment is related to the deferral of sales commissions paid to sales people and agents in connection with the placement of equipment with post sale service arrangements. This amount is expected to be amortized over its estimated period of benefit, which we currently estimate to be approximately four years. The amount of the adjustment is subject to change based on activity for the remainder of 2017. We do not expect the post-adoption deferral and amortization of these costs to have a material impact on the Consolidated Statements of Income.
Leases
In February 2016, the FASB issued ASU 2016-02, Leases. This update requires the recognition of leased assets and lease obligations by lessees for those leases currently classified as operating leases under existing lease guidance. Short term leases with a term of 12 months or less are not required to be recognized. The update also requires disclosure of key information about leasing arrangements to increase transparency and comparability among organizations. The accounting for lessors does not fundamentally change except for changes to conform and align guidance to the lessee guidance as well as to the new revenue recognition guidance in ASU 2014-09. This update is effective for our fiscal year beginning January 1, 2019. We are currently evaluating the impact of the adoption of ASU 2016-02 on our consolidated financial statements. The aggregate undiscounted value of our operating lease commitments at December 31, 2016 was approximately $\$ 450$.

## Cash Flows

In August 2016, the FASB issued ASU 2016-15, Statement of Cash Flows - Classification of Certain Cash Receipts and Cash Payments. This update provides specific guidance on eight cash flow classification issues where current GAAP is either unclear or does not include specific guidance. This update is effective for our fiscal year beginning January 1, 2018. This update includes specific guidance which requires cash collected on beneficial interests received in a sale of receivables be classified as inflows from investing activities. Currently, those collections are

Xerox 2017 Form 10-Q
13

## Edgar Filing: XEROX CORP - Form 10-Q

reported in operating cash flows. We reported $\$ 270$ and $\$ 305$ of collections on beneficial interests as operating cash inflows on the Statement of Cash Flows for the years ended December 31, 2016 and 2015, respectively. The other seven issues noted in this update are not expected to have a material impact on our financial condition, results of operations or cash flows.

Additionally, in November 2016 the FASB issued ASU 2016-18, Statement of Cash Flows - Restricted Cash. The update requires that amounts generally described as restricted cash and restricted cash equivalents should be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows. We held $\$ 138$ and $\$ 179$ of restricted cash, currently reported in other current or long-term assets at September 30, 2017 and December 31, 2016, respectively. This update is effective for our fiscal year beginning January 1, 2018. We are currently evaluating the impact, if any, that the adoption of ASU 2016-18 may have on our statements of cash flows in future reporting periods.
Stock Compensation
In March 2016, the FASB issued ASU 2016-09, Compensation - Stock Compensation, Improvements to Employee Share-Based Payment Accounting (Topic 718). This update includes provisions to simplify certain aspects related to the accounting for share-based awards and the related financial statement presentation. The update also requires that excess tax benefits and deficiencies be recorded in the income statement when the awards vest or are settled as compared to equity as allowed under certain conditions by current US GAAP. This change is required to be adopted prospectively in the period of adoption. In addition, the ASU modifies the classification of certain share-based payment activities within the statements of cash flows and these changes are required to be applied retrospectively to all periods presented. We adopted ASU 2016-09 effective for our fiscal year beginning January 1, 2017. The adoption of ASU No. 2016-09 did not have a material impact on our financial condition, results of operations or cash flows. However, the impacts may vary and may add volatility to our income tax expense in future periods depending upon, among other things, the level of tax expense and the price of the company's common stock at the date of vesting for share-based awards. For the three and nine months ended September 30, 2017, we recognized $\$ 1$ and $\$ 3$, respectively, of additional tax expense related to the application of this update.
Income Taxes
In October 2016, the FASB issued ASU 2016-16, Income Taxes - Intra-Entity Transfers of Assets Other than Inventory. This update requires recognition of the income-tax consequences of an intra-entity transfer of assets other than inventory when the transfer occurs. Under current GAAP, recognition of the income tax consequences for asset transfers other than inventory could not be recognized until the asset was sold to a third party. This update is effective for our fiscal year beginning January 1, 2018 and should be applied on a modified retrospective basis through a cumulative-effect adjustment directly to retained earnings as of the beginning of the period of adoption. We are currently evaluating the impact of the adoption of ASU 2016-16 on our consolidated financial statements. Financial Instruments - Credit Losses
In June 2016, the FASB issued ASU 2016-13, Financial Instruments Credit Losses - Measurement of Credit Losses on Financial Instruments, which requires measurement and recognition of expected credit losses for financial assets. The update impacts financial assets and net investment in leases that are not accounted for at fair value through net income. This update is effective for our fiscal year beginning January 1, 2020, with early adoption permitted as of January 1, 2019. We are currently evaluating the impact of the adoption of ASU 2016-13 on our consolidated financial statements.

## Retirement Benefits

In March 2017, the FASB issued ASU 2017-07, Compensation - Retirement Benefits (Topic 715): Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost. This update changes how employers that sponsor defined benefit pension plans and other postretirement plans present the net periodic benefit cost in the income statement. An employer is required to report the service cost component in the same line item or items as other compensation costs arising from services rendered by the pertinent employees during the period. Other components of net retirement benefit cost are required to be presented in the income statement separately from the
service cost component and outside a subtotal of income from operations, if one is presented. The amendment also allows only the service cost component to be eligible for capitalization, when applicable. This update is effective for us beginning January 1, 2018. The amendment will be applied retrospectively for the presentation requirements and prospectively for the capitalization of the service cost component requirements. The adoption of this update is not expected to have a material impact on our financial condition, results of operations or cash flows. Refer to Note 14 Employee Benefit Plans for the service cost component and other components of net retirement benefit cost.

Xerox 2017 Form 10-Q
14

Derivatives
In August 2017, the FASB issued ASU 2017-12, Derivatives and Hedging (Topic 815): Targeted Improvements to Accounting for Hedging Activities. The amendments in this update expand and refine hedge accounting for both financial and non-financial risk components, aligns the recognition and presentation of the effects of hedging instruments with the same income statement line item that the hedged item is reported and includes certain targeted improvements to ease the application of current guidance related to the assessment of hedge effectiveness. This update is effective for our fiscal year beginning January 1, 2019, with early adoption permitted at any interim period. We are currently evaluating the impact of the adoption of ASU 2017-12 on our consolidated financial statements.
Other Updates
In 2017, 2016 and 2015, the FASB also issued the following Accounting Standards Updates which did not have or are not expected to have a material impact on our financial condition, results of operations or cash flows upon adoption. Those updates are as follows:

Service Concession Arrangements: ASU 2017-10, (Topic 853) Determining the Customer of the Operation Services (a consensus of the FASB Emerging Issues Task Force). This update is effective for our fiscal year beginning January 1, 2018.
Compensation - Stock Compensation: ASU 2017-09, (Topic 718) Scope of Modification Accounting. This update is effective for our fiscal year beginning January 1, 2018.
Other Income - Gains and Losses from the Derecognition of Nonfinancial Assets: ASU 2017-05, (Subtopic 610-20) Clarifying the Scope of Asset Derecognition Guidance and Accounting for Partial Sales of Nonfinancial Assets. This update is effective for our fiscal year beginning January 1, 2018.
Intangibles - Goodwill and Other: ASU 2017-04, Simplifying the Goodwill Impairment Test. This update is effective for our fiscal year beginning January 1, 2020, with early adoption permitted.
Business Combinations: ASU 2017-01, Business Combinations (Topic 805) Clarifying the Definition of a Business. This update is effective for our fiscal year beginning January 1, 2018.
Equity Method Accounting: ASU 2016-07, Equity Method and Joint Venture Accounting (Topic 353), Simplifying the Transition to the Equity Method of Accounting. This update was effective for our fiscal year beginning January 1, 2017.

Financial Instruments - Classification and Measurement: ASU 2016-01, Financial Instruments - Recognition and Measurement of Financial Instruments and Financial Liabilities. This update is effective for our fiscal year beginning January 1, 2018.
Inventory: ASU 2015-11, Simplifying the Subsequent Measurement of Inventory, which was effective for our fiscal year beginning January 1, 2017.
Note 4 - Acquisitions
Xerox is focused on increasing its Small and Mid-sized (SMB) coverage through resellers and partners (including multi-brand dealers) and continued distribution acquisitions. During 2017, distribution acquisitions totaled $\$ 76$ and included the acquisition of MT Business Technologies, Inc. (MT Business), an Ohio-based multi-brand dealer, and one smaller multi-brand dealer in Iowa. MT Business provides office equipment, productivity solutions and managed print services to organizations throughout Ohio and south eastern Michigan. The acquisition of MT Business opens new market opportunities in Ohio, including large metropolitan areas such as Cleveland and Columbus.
The operating results of these acquisitions are not material to our financial statements and are included within our results from the acquisition dates. The purchase prices were all cash and were primarily allocated to intangible assets and goodwill based on management's estimates which included, in certain situations, third-party valuations.

Xerox 2017 Form 10-Q
15

Note 5 - Divestitures
Business Process Outsourcing (BPO)
As previously disclosed, on December 31, 2016, Xerox completed the Separation of its BPO business through the Distribution of all of the issued and outstanding stock of Conduent to Xerox Corporation stockholders. As a result of the Separation and Distribution, the financial position and results of operations of the BPO Business are presented as discontinued operations and, as such, have been excluded from continuing operations for all periods presented. Separation costs are included in Income (Loss) from discontinued operations, net of tax, in the accompanying Condensed Consolidated Statements of Income.

| Ended | Ended |
| September | September |
| 30 | 30, |
| 20172016 | 20172016 |

Separation costs \$1 \$ 39 \$ 9 \$75
Separation costs are primarily for third-party investment banking, accounting, legal, consulting and other similar types of services related to the Separation transaction as well as costs associated with the operational separation of the two companies, such as those related to human resources, brand management, real estate and information management to the extent they were not capitalized. Separation costs also include the costs associated with bonuses and restricted stock grants awarded to employees for retention through the Separation.
Income from discontinued operations, net of tax, for the three months ended September 30, 2017 of $\$ 3$ was primarily related to changes in estimates. Summarized financial information for our Discontinued Operations is as follows:

| Revenues | Three <br> Months <br> Ended <br> September <br> 30, <br> 20172016 <br> \$- \$1,587 | Nine Months <br> Ended <br> September <br> 30, <br> 20172016 <br> \$- \$4,855 |
| :---: | :---: | :---: |
|  |  |  |
| Cost of services | 1,317 | 4,069 |
| Other expenses ${ }^{(1)}$ | 286 | 897 |
| Total costs and expenses | 1,603 | 4,966 |
| Net loss before income taxes | (1) (16 | ) (9 ) (111 ) |
| Income tax benefit | 424 | 646 |
| Income (loss) from discontinued operations, net of tax | \$3 \$8 | \$(3) \$(65 ) |

(1) The three and nine months ended September 30, 2016 include $\$ 6$ and $\$ 13$, respectively, of interest on the $\$ 1.0$ billion Senior Unsecured Term Facility, which was required to be repaid upon completion of the Separation and therefore was reported in the Income (loss) from discontinued operations.
Refer to Note 11 - Debt for additional information regarding the Separation Debt Activity.
In January 2017, as provided for in the Separation Agreement, we received a distribution from Conduent of \$161 representing the final adjustment required to set Conduent's cash balance at $\$ 225$ as of the Separation. This amount was recorded as a receivable from Conduent included in Other Current Assets at December 31, 2016. The cash receipt was reported in Cash Flows from Financing Activities in the Condensed Consolidated Statements of Cash Flows as it represented an adjustment to our Distribution of Conduent.
Other Divestitures

In August 2017 we completed the sale of the Xerox Research Centre Europe in Grenoble, France to Naver Corporation (Naver). The selling price was approximately $\$ 23$ and included a license agreement and the transfer of liabilities. The net assets and expenses of the sale were approximately $\$ 10$, including approximately $\$ 6$ of Goodwill, resulting in a pretax gain of $\$ 13$ ( $\$ 4$ after-tax), which is included in Other expenses, net in the Condensed Consolidated Statements of Income for the three and nine months ended September 30, 2017. The sale included the transfer of approximately 80 researchers and administrative staff who became part of Naver.

Xerox 2017 Form 10-Q
16

Note 6 - Accounts Receivable, Net
Accounts receivable, net were as follows:
September December 31, 30, 20172016
Invoiced \$731 \$651
Accrued $357 \quad 374$
Allowance for doubtful accounts (57 ) (64 )
Accounts Receivable, Net \$ 1,031 \$ 961
We perform ongoing credit evaluations of our customers and adjust credit limits based upon customer payment history and current creditworthiness. The allowance for uncollectible accounts receivable is determined principally on the basis of past collection experience as well as consideration of current economic conditions and changes in our customer collection trends.
Accounts Receivable Sales Arrangements
We have facilities in the U.S., Canada and several countries in Europe that enable us to sell certain accounts receivable, without recourse, to third-parties. The accounts receivable sold are generally short-term trade receivables with payment due dates of less than 60 days. In connection with the efforts of our Strategic Transformation Program to reduce costs and simplify our business processes, we have decided to terminate all accounts receivable sales arrangements in North America and most arrangements in Europe during the fourth quarter 2017.
All of our arrangements involve the sale of our entire interest in groups of accounts receivable for cash. In most instances, a portion of the sales proceeds are held back by the purchaser and payment is deferred until collection of the related receivables sold. Such holdbacks are not considered legal securities nor are they certificated. We report collections on such receivables as operating cash flows in the Condensed Consolidated Statements of Cash Flows because such receivables are the result of an operating activity and the associated interest rate risk is de minimis due to their short-term nature. Our risk of loss following the sales of accounts receivable is limited to the outstanding deferred purchase price receivable. These receivables are included in Other current assets in the accompanying Consolidated Balance Sheets and were $\$ 56$ and $\$ 48$ at September 30, 2017 and December 31, 2016, respectively. Under most of the arrangements, we continue to service the sold accounts receivable. When applicable, a servicing liability is recorded for the estimated fair value of the servicing. The amounts associated with the servicing liability were not material.
Of the accounts receivable sold and derecognized from our balance sheet, $\$ 476$ and $\$ 531$ remained uncollected as of September 30, 2017 and December 31, 2016, respectively.
Accounts receivable sales were as follows:

Accounts receivable sales
Deferred proceeds
Loss on sales of accounts receivable
Estimated decrease to operating cash flows (1)

Note 7 - Finance Receivables, Net
Finance Receivables - Allowance for Credit Losses and Credit Quality
Finance receivables include sales-type leases, direct financing leases and installment loans arising from the marketing of our equipment. Our finance receivable portfolios are primarily in the U.S., Canada and Europe. We generally establish customer credit limits and estimate the allowance for credit losses on a country or geographic basis. Our policy and methodology used to establish our allowance for doubtful accounts has been consistently applied over all periods presented.

The following table is a rollforward of the allowance for doubtful finance receivables as well as the related investment in finance receivables:

Xerox 2017 Form 10-Q
18

We evaluate our customers based on the following credit quality indicators:
Investment grade: This rating includes accounts with excellent to good business credit, asset quality and capacity to meet financial obligations. These customers are less susceptible to adverse effects due to shifts in economic conditions or changes in circumstance. The rating generally equates to a Standard \& Poor's (S\&P) rating of BBB- or better. Loss rates in this category are normally less than $1 \%$.
Non-investment grade: This rating includes accounts with average credit risk that are more susceptible to loss in the event of adverse business or economic conditions. This rating generally equates to a BB S\&P rating. Although we experience higher loss rates associated with this customer class, we believe the risk is somewhat mitigated by the fact that our leases are fairly well dispersed across a large and diverse customer base. In addition, the higher loss rates are largely offset by the higher rates of return we obtain with such leases. Loss rates in this category are generally in the range of $2 \%$ to $4 \%$.
Substandard: This rating includes accounts that have marginal credit risk such that the customer's ability to make repayment is impaired or may likely become impaired. We use numerous strategies to mitigate risk including higher rates of interest, prepayments, personal guarantees, etc. Accounts in this category include customers who were downgraded during the term of the lease from investment and non-investment grade evaluation when the lease was originated. Accordingly, there is a distinct possibility for a loss of principal and interest or customer default. The loss rates in this category are approximately $10 \%$.

Credit quality indicators are updated at least annually and the credit quality of any given customer can change during the life of the portfolio. Details about our finance receivables portfolio based on industry and credit quality indicators are as follows:

Note 10 - Restructuring Programs
During the nine months ended September 30, 2017, we recorded net restructuring and asset impairment charges of $\$ 178$, which included approximately $\$ 200$ of severance costs related to headcount reductions of approximately 2,100 employees worldwide and $\$ 3$ of lease cancellation costs. These costs were partially offset by $\$ 25$ of net reversals, primarily resulting from changes in estimated reserves from prior period initiatives.
We also recorded $\$ 18$ of costs during the nine months ended September 30, 2017, primarily related to professional support services associated with the implementation of the Strategic Transformation program.
Information related to restructuring program activity is outlined below:

|  | Severance and Related Costs | Lease Cancellation and Other Costs |  |  |  | (2) Total |

Note 11 - Debt
Senior Notes
In September 2017, we issued $\$ 1.0$ billion of $3.625 \%$ Senior Notes due March 2023 (the "2023 Senior Notes") at $99.920 \%$ of par resulting in aggregate net proceeds of approximately $\$ 992$. Interest on these Senior Notes is payable semi-annually. Debt issuance costs of approximately $\$ 8$ were paid and deferred in connection with the issuance of these Senior Notes and will be amortized over the term of the Senior Notes. The debt proceeds were used for general corporate purposes, which included a voluntary cash contribution of $\$ 500$ to our U.S. defined benefit pension plans as
well as the early redemption of certain debt.
In September 2017, we announced the early redemption of $\$ 475$ of the remaining $\$ 740$ of $6.35 \%$ Senior Notes due May 2018. The redemption was completed in October 2017 and we expect to record a net loss of $\$ 7$ in the fourth quarter 2017.

Xerox 2017 Form 10-Q
22

Refer to Note 14 - Employee Benefit Plans for further information regarding the voluntary contribution made to our U.S. defined benefit pension plans.

## Credit Facility

In August 2017, we entered into an Amended and Restated Credit Agreement that included a reduction in the size of our unsecured revolving Credit Facility from $\$ 2.0$ billion to $\$ 1.8$ billion and an extension in the maturity date from March 2019 to August 2022. The amended and restated Credit Facility also included a reduction in the letter of credit sub-facility from $\$ 300$ to $\$ 250$. The accordion feature of our previous $\$ 2.0$ billion Credit Facility, which allowed us to increase (from time to time, with willing lenders) the overall size of the facility by $\$ 750$, was retained. We also have the right to request a one year extension on any anniversary of the amendment date.
We deferred $\$ 5$ of debt issuance costs in connection with this amendment, which includes approximately $\$ 2$ of unamortized deferred debt issuance costs associated with the existing Credit Facility. The write-off of debt issuance costs associated with lenders who reduced their participation in the amended and restated Credit Facility were not material.
At September 30, 2017, we had no outstanding borrowings or letters of credit under the amended and restated Credit Facility.
The amended and restated $\$ 1.8$ billion Credit Agreement also includes revisions to pricing as well as certain financial covenants as follows:
Borrowings under the amended and restated Credit Facility bear interest at our choice, at either (a) a Base Rate as defined in the new Credit Facility agreement, plus a spread that varies between $0.000 \%$ and $0.700 \%$ depending on our credit rating at the time of borrowing, or (b) LIBOR plus an all-in spread that varies between $1.000 \%$ and $1.700 \%$ depending on our credit rating at the time of borrowing. Based on our credit rating as of September 30, 2017, the applicable all-in spreads for the Base Rate and LIBOR borrowing were $0.175 \%$ and $1.175 \%$, respectively.

An annual facility fee is payable to each lender in the amended and restated Credit Facility at a rate that varies between $0.125 \%$ and $0.300 \%$ depending on our credit rating. Based on our credit rating as of September 30, 2017 the applicable rate is $0.200 \%$.

The amended and restated Credit Facility contains various conditions to borrowing and affirmative, negative and financial maintenance covenants. Certain of the more significant covenants are summarized below:
(a) Maximum leverage ratio (a quarterly test that is calculated as principal debt divided by consolidated EBITDA, both as defined in the amended and restated Credit Facility) of 4.25x.
Minimum interest coverage ratio (a quarterly test that is calculated as consolidated EBITDA divided by
(b)consolidated interest expense, both as defined in the amended and restated Credit Facility) may not be less than 3.00 x .

Limitations on (i) liens securing debt, (ii) mergers, consolidations and liquidations, (iii) limitations on debt incurred
(c) by certain subsidiaries, (iv) sale of all or substantially all our assets, (v) payment restrictions affecting subsidiaries,
c) (vi) non-arm's length transactions with affiliates, (vii) change in nature of business, (viii) actions that may violate OFAC and anti-corruption laws.

The amended and restated Credit Facility contains various events of default that are substantially similar to those included in the $\$ 2.0$ billion Credit Facility, the occurrence of which could result in termination of the lenders' commitments to lend and the acceleration of all our obligations under the amended and restated Credit Facility. These events of default include, without limitation: (i) payment defaults, (ii) breaches of covenants under the amended and restated Credit Facility (certain of which breaches do not have any grace period), (iii) cross-defaults and acceleration to certain of our other obligations and (iv) a change of control of Xerox.

## Debt Exchange

In March 2017, we completed a private offering to exchange portions of certain outstanding Senior Notes due 2018 through 2020 (collectively, the old notes), listed below, for $\$ 300$ of new Senior Notes due 2022 and $\$ 322$ in cash consideration, which includes a $\$ 22$ exchange premium.
The following principal amounts of each series of old notes were validly tendered and subsequently cancelled:

|  |  |  | Principal <br> Coupon <br> Amount <br> Exchanged | $4.07 \%$ <br> Senior <br> Notes <br> Due |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- |
| March |  |  |  |  |$\quad$| Cash |
| :--- |
| Consideration |

The new Senior Notes bear a fixed coupon rate of $4.07 \%$ and are due in March 2022. There were no other significant changes to the terms between the old and new Senior Notes. We recorded a loss of approximately $\$ 9$ for the exchange premium and other carrying value adjustments related to the portion of the old notes exchanged for cash. However, the old notes exchanged for the new Senior Notes were accounted for as a debt modification and therefore approximately $\$ 9$ related to the exchange premium and other carrying value adjustments for that portion was carried over as an adjustment to the carrying value of new Senior Notes and is expected to be accreted over the term of the new Senior Notes. Transaction costs incurred on the exchange and paid to third parties of $\$ 4$ were expensed as part of the loss.

## Separation Debt Activity

In connection with the Separation, Conduent made a cash distribution of approximately $\$ 1.8$ billion to Xerox in the fourth quarter 2016. Xerox used a portion of the cash distribution proceeds to repay its $\$ 1.0$ billion Senior Unsecured Term Facility in January 2017, which was required to be repaid upon completion of the Separation. This $\$ 1.0$ billion of cash and debt was excluded from the Cash and cash equivalents and Total Debt at December 31, 2016, respectively, and was reported in Current Assets and Current Liabilities of discontinued operations at December 31, 2016, respectively. In addition, due to the segregation of this cash at year-end, the payment was treated as a non-cash activity for the quarter ended March 31, 2017. Interest expense associated with this borrowing incurred during 2016 was included in Loss from discontinued operations, net of tax. Xerox used the balance of the proceeds received as well as cash on hand to repay its $\$ 500$ 6.75\% Senior Notes and $\$ 500$ 2.95\% Senior Notes that came due in first quarter 2017.

Interest Expense and Income
Interest expense and interest income were as follows:

| Three | Nine |  |
| :--- | :--- | :--- |
| Months | Months |  |
| Ended | Ended |  |
| September | September |  |

(1) Includes Cost of financing as well as non-financing interest expense that is included in Other expenses, net in the
Condensed Consolidated Statements of Income.
(2) Includes Finance income as well as other interest income that is included in Other expenses, net in the Condensed ${ }^{(2)}$ Consolidated Statements of Income.
Note 12 - Financial Instruments
Interest Rate Risk Management
We use interest rate swap agreements to manage our interest rate exposure and to achieve a desired proportion of variable and fixed rate debt. These derivatives may be designated as fair value hedges or cash flow hedges depending on the nature of the risk being hedged.

Xerox 2017 Form 10-Q
24

## Fair Value Hedges

As of September 30, 2017, pay variable/receive fixed interest rate swaps with notional amounts of \$300 and net asset fair value of $\$ 4$ were designated and accounted for as fair value hedges. The swaps were structured to hedge the fair value of related debt by converting them from fixed rate instruments to variable rate instruments.
The following is a summary of our fair value hedges at September 30, 2017:
Debt Instrument Year First Designated $\begin{aligned} & \text { Notional } \begin{array}{l}\text { Net } \\ \text { Amount } \\ \text { Fair } \\ \text { Value }\end{array} \begin{array}{l}\text { Weighted Interest } \\ \text { Average } \\ \text { Interest } \\ \text { Rate Paid Received }\end{array}\end{aligned}$ Basis Maturity
Senior Note $20212014 \quad \$ 300$ \$ 4 2.79 \% 4.5 \% $\begin{array}{llllll} & \text { Libor } 2021\end{array}$
Foreign Exchange Risk Management
We are a global company that is exposed to foreign currency exchange rate fluctuations in the normal course of our business. As a part of our foreign exchange risk management strategy, we use derivative instruments, primarily forward contracts and purchased option contracts, to hedge the following foreign currency exposures, thereby reducing volatility of earnings or protecting fair values of assets and liabilities:
-Foreign currency-denominated assets and liabilities
Forecasted purchases and sales in foreign currency
At September 30, 2017 and December 31, 2016, we had outstanding forward exchange and purchased option contracts with gross notional values of $\$ 2,036$ and $\$ 3,149$ respectively, with terms of less than 12 months. Approximately $69 \%$ of the contracts at September 30, 2017 mature within three months, $25 \%$ mature in three to six months and $6 \%$ in six to twelve months. The associated currency exposures being hedged at September 30, 2017 were materially consistent with our year-end currency exposures, with the exception of our Euro/U.K. Pound Sterling exposure, which decreased by approximately $\$ 1,130$ (currencies hedged - buy/sell). There has not been any material change in our hedging strategy.
Foreign Currency Cash Flow Hedges
We designate a portion of our foreign currency derivative contracts as cash flow hedges of our foreign currency-denominated expenses. The net liability fair value of these contracts were $\$ 21$ and $\$ 20$ as of September 30, 2017 and December 31, 2016, respectively.

Summary of Derivative Instruments Fair Value
The following table provides a summary of the fair value amounts of our derivative instruments:

| Designation of Derivatives | Balance Sheet Location | September 30, December 31 20172016 |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Derivatives Designated as Hedging Instruments |  |  |  |  |  |
| Foreign exchange contracts - forwards | Other current assets | \$ 1 |  | \$ 6 |  |
|  | Other current liabilities | (22 | ) | (26 | ) |
| Interest rate swaps | Other long-term assets | 4 |  | 4 |  |
|  | Net Designated Derivative Liability | \$ (17 | ) | \$ (16 | ) |
| Derivatives NOT Designated as Hedging Instruments |  |  |  |  |  |
| Foreign exchange contracts - forwards | Other current assets | \$ 5 |  |  |  |
|  | Other current liabilities | (27 | ) | (13 | ) |
|  | Net Undesignated Derivative (Liability) Asset | \$ (22 | ) | \$ 69 |  |
| Summary of Derivatives | Total Derivative Assets | \$ 10 |  |  |  |
|  | Total Derivative Liabilities | (49 | ) |  | ) |
|  | Net Derivative (Liability) Asset | \$ (39 | ) |  |  |

Xerox 2017 Form 10-Q

## Summary of Derivative Instruments Gains (Losses)

Derivative gains (losses) affect the income statement based on whether such derivatives are designated as hedges of underlying exposures. The following is a summary of derivative gains (losses).
Designated Derivative Instruments Gains (Losses)
The following table provides a summary of gains (losses) on derivative instruments:

Gain (Loss) on Derivative Instruments

| Three | Nine |  |
| :--- | :--- | :--- |
| Months | Months |  |
| Ended | Ended |  |
| September | September |  |
| 30 | 30, |  |
| 2017 | 2016 | 2017 |
|  |  | 2016 |
| $\$(1)$ | $\$(3)$ | $\$-$ |
| 1 | 3 | - |
|  |  | $\$ 8$ |
|  |  |  |

Cash Flow Hedges - Foreign exchange forward contracts and options
Derivative (loss) gain recognized in OCI (effective portion)
\$(9) \$4 \$(22) \$61
Derivative (loss) gain reclassified from AOCL to income - Cost of sales (effective portion)
(15) $17 \quad(23) 24$

During the three and nine months ended September 30, 2017 and 2016 no amount of ineffectiveness was recorded in earnings for these designated cash flow hedges and all components of each derivative's gain (loss) was included in the assessment of hedge effectiveness. In addition, no amount was recorded for an underlying exposure that did not occur or was not expected to occur.
As of September 30, 2017, a net after-tax loss of $\$ 17$ was recorded in accumulated other comprehensive loss associated with our cash flow hedging activity. The entire balance is expected to be reclassified into net income within the next 12 months, providing an offsetting economic impact against the underlying anticipated transactions. Non-Designated Derivative Instruments (Losses) Gains
Non-designated derivative instruments are primarily instruments used to hedge foreign currency-denominated assets and liabilities. They are not designated as hedges since there is a natural offset for the re-measurement of the underlying foreign currency-denominated asset or liability.
The following table provides a summary of (losses) gains on non-designated derivative instruments:

|  |  | Three | Nine |
| :--- | :--- | :--- | :--- | :--- |
|  |  | Months | Months |

Net currency gains and losses are included in Other expenses, net and include the mark-to-market adjustments of the derivatives not designated as hedging instruments and the related cost of those derivatives as well as the re-measurement of foreign currency-denominated assets and liabilities. For the three and nine months ended September 30, 2017, currency losses, net were $\$ 0$ and $\$ 4$, respectively. For the three and nine months ended September 30, 2016, currency losses, net were $\$ 4$ and $\$ 7$, respectively.

Xerox 2017 Form 10-Q
26

Note 13 - Fair Value of Financial Assets and Liabilities
The following table represents assets and liabilities measured at fair value on a recurring basis. The basis for the measurement at fair value in all cases is Level 2 - Significant Other Observable Inputs.

| September 30, December 31, |  |
| :--- | :--- |
| 2017 | 2016 |

Assets:
Foreign exchange contracts - forwards $\quad \$ \quad 6 \quad \$ 88$
Interest rate swaps 4

Deferred compensation investments in mutual funds 1715
Total \$ $27 \quad$ \$ 107
Liabilities:
Foreign exchange contracts - forwards $\quad \$ \quad 49 \quad \$ 39$
Deferred compensation plan liabilities 18
Total \$ 67 \$ 56
We utilize the income approach to measure the fair value for our derivative assets and liabilities. The income approach uses pricing models that rely on market observable inputs such as yield curves, currency exchange rates and forward prices, and therefore are classified as Level 2.
Fair value for our deferred compensation plan investments in mutual funds is based on quoted market prices for those funds. Fair value for deferred compensation plan liabilities is based on the fair value of investments corresponding to employees' investment selections.
Summary of Other Financial Assets and Liabilities
The estimated fair values of our other financial assets and liabilities were as follows:

$$
\begin{array}{ll}
\text { September 30, } & \text { December 31, } \\
2017 & 2016 \\
\text { Carryingair } & \text { Carryingair } \\
\text { AmountValue } & \text { AmountValue }
\end{array}
$$

Cash and cash equivalents $\$ 1,781 \$ 1,781 \quad \$ 2,223 \$ 2,223$
Accounts receivable, net 1,031 1,031 $961 \quad 961$
$\begin{array}{lllll}\text { Short-term debt } \quad 763 & 774 & 1,011 & 1,015\end{array}$
Long-term debt $\quad 5,235 \quad 5,400 \quad 5,305 \quad 5,438$
The fair value amounts for Cash and cash equivalents and Accounts receivable, net, approximate carrying amounts due to the short maturities of these instruments. The fair value of Short and Long-term debt was estimated based on the current rates offered to us for debt of similar maturities (Level 2). The difference between the fair value and the carrying value represents the theoretical net premium or discount we would pay or receive to retire all debt at such date.

| 85 | 161 |
|  |  |

Retiree Health $\quad \$ 49 \quad \$ 46 \quad \$ 65 \quad \$ 61$
The estimated full year 2017 U.S. pension plan contributions of $\$ 674$ include $\$ 650$ contributed in the third quarter of 2017 to our domestic tax-qualified defined benefit plans, which was comprised of $\$ 15$ to meet the minimum funding requirements and $\$ 635$ of additional voluntary contributions. The original estimate of 2017 voluntary contributions of $\$ 135$ was increased by $\$ 500$ to $\$ 635$ as a result of funding provided from a Senior Note offering in the third quarter 2017. Refer to Note 11 - Debt for further information regarding the issuance of the Senior Notes.

Note 15 - Shareholders' Equity
As previously disclosed in Note 1 - Basis of Presentation, a one-for-four reverse stock split became effective on June 14,2017 for all authorized, issued and outstanding shares of Xerox common stock. Accordingly, all share and per share amounts have been adjusted to reflect this reverse stock split for all prior periods presented.
The historical statements of Shareholders' Equity were not revised to reflect the effect of the Separation and instead reflect the Separation as a final adjustment to the balances at December 31, 2016. Refer to Note 5 - Divestitures for additional information regarding the Separation.

## Edgar Filing: XEROX CORP - Form 10-Q

Note 18 - Contingencies and Litigation
Legal Matters
We are involved in a variety of claims, lawsuits, investigations and proceedings concerning: securities law; governmental entity contracting; servicing and procurement law; intellectual property law; environmental law; employment law; the Employee Retirement Income Security Act (ERISA); and other laws and regulations. We determine whether an estimated loss from a contingency should be accrued by assessing whether a loss is deemed probable and can be reasonably estimated. We assess our potential liability by analyzing our litigation and regulatory matters using available information. We develop our views on estimated losses in consultation with outside counsel handling our defense in these matters, which involves an analysis of potential results, assuming a combination of litigation and settlement strategies. Should developments in any of these matters cause a change in our determination as to an unfavorable outcome and result in the need to recognize a material accrual, or should any of these matters result in a final adverse judgment or be settled for significant amounts, they could have a material adverse effect on our results of operations, cash flows and financial position in the period or periods in which such change in determination, judgment or settlement occurs.
Brazil Tax and Labor Contingencies
Our Brazilian operations are involved in various litigation matters and have received or been the subject of numerous governmental assessments related to indirect and other taxes, as well as disputes associated with former employees and contract labor. The tax matters, which comprise a significant portion of the total contingencies, principally relate to claims for taxes on the internal transfer of inventory, municipal service taxes on rentals and gross revenue taxes. We are disputing these tax matters and intend to vigorously defend our positions. Based on the opinion of legal counsel and current reserves for those matters deemed probable of loss, we do not believe that the ultimate resolution of these matters will materially impact our results of operations, financial position or cash flows.
The labor matters principally relate to claims made by former employees and contract labor for the equivalent payment of all social security and other related labor benefits, as well as consequential tax claims, as if they were regular employees. As of September 30, 2017, the total amounts related to the unreserved portion of the tax and labor contingencies, inclusive of any related interest, amounted to approximately $\$ 637$, with the decrease from our December 31, 2016 balance of approximately $\$ 750$, primarily related to closed cases, partially offset by interest. With respect to the unreserved balance of $\$ 637$, the majority has been assessed by management as being remote as to the likelihood of ultimately resulting in a loss to the company. In connection with the above proceedings, customary local regulations may require us to make escrow cash deposits or post other security of up to half of the total amount in dispute. As of September 30, 2017, we had $\$ 78$ of escrow cash deposits for matters we are disputing and additional letters of credit and surety bonds of approximately $\$ 150$ and $\$ 100$, respectively, which include associated indexation. There were no liens on any of our Brazilian assets as of September 30, 2017. Generally, any escrowed amounts would be refundable and any liens would be removed to the extent the matters are resolved in our favor. We routinely assess all these matters as to probability of ultimately incurring a liability against our Brazilian operations and record our best estimate of the ultimate loss in situations where we assess the likelihood of an ultimate loss as probable. Litigation Against the Company
State of Texas v. Xerox Corporation, Xerox State Healthcare, LLC, and ACS State Healthcare, LLC: On May 9, 2014, the State of Texas, via the Texas Office of Attorney General (the "State"), filed a lawsuit in the 53rd Judicial District Court of Travis County, Texas. The lawsuit alleges that Xerox Corporation, Xerox State Healthcare, LLC and ACS State Healthcare (collectively "the Defendants") violated the Texas Medicaid Fraud Prevention Act in the administration of ACS's contract with the Texas Department of Health and Human Services ("HHSC"). Xerox Corporation provided a guaranty of contractual performance with respect to the ACS contract. The State alleges that the Defendants made false representations of material facts regarding the processes, procedures, implementation and results regarding the prior authorization of orthodontic claims. The State seeks recovery of actual damages, two times the amount of any overpayments made as a result of unlawful acts, civil penalties, pre- and post-judgment interest and all costs and attorneys' fees. The State references the amount in controversy as exceeding hundreds of millions of dollars. The Defendants filed their Answer in June 2014 denying all allegations. In August 2017, the State
of Texas filed a Second Amended Petition, which makes substantially similar allegations and seeks similar remedies as the original lawsuit. On October 23, 2017, Xerox Corporation filed a Motion for Summary

Xerox 2017 Form 10-Q
32

Judgment seeking judgment in Xerox's favor on all claims against it. The Defendants will continue to vigorously defend themselves in this matter. This matter is a "Conduent Liability", as defined in the Separation and Distribution Agreement dated as of December 31, 2016 between Xerox Corporation and Conduent Incorporated, for which Conduent is required to indemnify Xerox. Conduent is entitled to direct the defense of this matter.
Oklahoma Firefighters Pension and Retirement System v. Xerox Corporation, Ursula M. Burns, Luca Maestri, Kathryn A. Mikells, Lynn R. Blodgett, Robert K. Zapfel, David H. Bywater and Mary Scanlon: On October 21, 2016, the Oklahoma Firefighters Pension and Retirement System ("plaintiff") filed a purported securities class action complaint against Xerox Corporation, Ursula Burns, Luca Maestri, Kathryn Mikells, Lynn Blodgett and Robert Zapfel (collectively, "defendants") in the U.S. District Court for the Southern District of New York on behalf of the plaintiff and certain purchasers or acquirers of Xerox common stock. The complaint alleged that defendants made false and misleading statements, in violation of Sections 10(b) and 20(a) of the Securities Exchange Act and SEC Rule 10b-5, relating to the operations and prospects of Xerox's Health Enterprise business. Plaintiff sought, among other things, unspecified monetary damages and attorneys' fees. Other, similar lawsuits may follow. On December 28, 2016, the Court entered a stipulated order setting out a schedule for amendment of the complaint and for defendants' response to that complaint following the Court's appointment of lead plaintiff under the Private Securities Litigation Reform Act. On February 28, 2017, the Court issued an opinion and order appointing the Arkansas Public Employees Retirement System ("APERS") as lead plaintiff. On May 1, 2017, APERS filed an amended complaint, alleging substantially similar claims and seeking substantially similar relief, but adding David Bywater and Mary Scanlon as defendants. On June 30, 2017, defendants moved to dismiss the amended complaint, and the motion was fully briefed on October 13, 2017. Xerox will vigorously defend against this matter. At this time, it is premature to make any conclusion regarding the probability of incurring material losses in this litigation. Should developments cause a change in our determination as to an unfavorable outcome, or result in a final adverse judgment or settlement, there could be a material adverse effect on our results of operations, cash flows and financial position in the period in which such change in determination, judgment, or settlement occurs.
Other Contingencies
We have issued or provided approximately $\$ 396$ of guarantees as of September 30, 2017 in the form of letters of credit or surety bonds issued to i) support certain insurance programs; ii) support our obligations related to the Brazil tax and labor contingencies; and iii) support certain contracts, primarily with public sector customers, which require us to provide a surety bond as a guarantee of our performance of contractual obligations.
In general, we would only be liable for the amount of these guarantees in the event we defaulted in performing our obligations under each contract; the probability of which we believe is remote. We believe that our capacity in the surety markets as well as under various credit arrangements (including our Credit Facility) is sufficient to allow us to respond to future requests for proposals that require such credit support.

## Indemnifications

We have indemnified, subject to certain deductibles and limits, the purchasers of businesses or divested assets for the occurrence of specified events under certain of our divestiture agreements. Where appropriate, an obligation for such indemnifications is recorded as a liability. Since the obligated amounts of these types of indemnifications are often not explicitly stated and/or are contingent on the occurrence of future events, the overall maximum amount of the obligation under such indemnifications cannot be reasonably estimated. Other than obligations recorded as liabilities at the time of divestiture, we have not historically made significant payments for these indemnifications. Additionally, under certain of our acquisition agreements, we have provided for additional consideration to be paid to the sellers if established financial targets are achieved post-closing. We have recognized liabilities for these contingent obligations based on an estimate of the fair value of these contingencies at the time of acquisition. Contingent obligations related to indemnifications arising from our divestitures and contingent consideration provided for by our acquisitions are not expected to be material to our financial position, results of operations or cash flows.

Xerox 2017 Form 10-Q

## ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following Management's Discussion and Analysis (MD\&A) is intended to help the reader understand the results of operations and financial condition of Xerox Corporation. MD\&A is provided as a supplement to, and should be read in conjunction with, our Condensed Consolidated Financial Statements and the accompanying notes. Throughout this document, references to "we," "our," the "company," and "Xerox" refer to Xerox Corporation and its subsidiaries. References to "Xerox Corporation" refer to the stand-alone parent company and do not include its subsidiaries.
Currency Impact
To better understand the trends in our business, we believe that it is helpful to analyze the impact of changes in the translation of foreign currencies into U.S. Dollars on revenue and expenses. We refer to this analysis as "constant currency", "currency impact" or "the impact from currency." This impact is calculated by translating current period activity in local currency using the comparable prior year period's currency translation rate. This impact is calculated for all countries where the functional currency is the local country currency. We do not hedge the translation effect of revenues or expenses denominated in currencies where the local currency is the functional currency. Management believes the constant currency measure provides investors an additional perspective on revenue trends. Currency impact can be determined as the difference between actual growth rates and constant currency growth rates. The constant currency impact for signings growth is calculated on the basis of plan currency rates.

## Overview

## Fuji Xerox Accounting Review

Fuji Xerox is a joint venture between Xerox Corporation and Fujifilm Holdings Corporation ("Fujifilm") in which Xerox holds a noncontrolling 25\% equity interest and Fujifilm holds the remaining equity interest. In April 2017, Fujifilm publicly announced it had formed an independent investigation committee (IIC) to conduct a review of the appropriateness of the accounting practices at Fuji Xerox's New Zealand subsidiary related to the recovery of receivables associated with certain bundled leasing transactions that occurred in, or prior to, Fuji Xerox's fiscal year ending March 31, 2016. The IIC's review, completed during the second quarter 2017, identified total aggregate adjustments to Fuji Xerox's prior period financial statements of approximately JPY 40 billion (approximately $\$ 360$ million based on the Yen/U.S. Dollar spot exchange rate at March 31, 2017 of 111.89). The adjustments identified by the IIC primarily related to misstatements at Fuji Xerox's New Zealand subsidiary as well as their Australian subsidiary and certain other adjustments. We determined that our cumulative share of the total adjustments identified as part of the IIC's investigation was approximately $\$ 90$ million $^{2}$ and impacted our fiscal years 2009 through 2017. In second quarter 2017, we determined that the misstatements to our equity income in prior years and in first quarter 2017 resulting from the IIC's review were immaterial to our previously issued financial statements. However, we concluded that the cumulative correction of these misstatements would have had a material effect on our current year consolidated financial statements. Accordingly, we will revise our previously issued annual and interim consolidated financial statements for 2014, 2015 and 2016 and the first quarter of 2017 the next time they are filed. Certain of the corrections discussed above affected periods prior to fiscal year 2014, and this effect was reflected as a cumulative, net of tax adjustment to reduce retained earnings as of January 1, 2014 by $\$ 69$ million. Prior period amounts throughout this section have been adjusted to incorporate the revised amounts, where applicable.
Refer to Note 2 - Correction of Fuji Xerox Misstatement in Prior Period Financial Statements for additional information regarding this matter.
Reverse Stock Split
On May 23, 2017, the Board of Directors authorized and shareholders approved a reverse stock split of outstanding Xerox common stock at a ratio of one-for-four shares, together with the proportionate reduction in the authorized shares of its common stock from $1,750,000,000$ shares to $437,500,000$ shares. The reverse stock split became effective on June 14, 2017.
Refer to Note 1- Basis of Presentation in the Condensed Consolidated Financial Statements for additional information regarding the reverse stock split.

## Edgar Filing: XEROX CORP - Form 10-Q

## Segment Changes

Following the separation of the Business Process Outsourcing (BPO) business, we realigned our operations to better manage the business and serve our customers and the markets in which we operate. In 2017, we transitioned to a geographic focus and are primarily organized from a sales perspective on the basis of "go-to-market" sales channels. These sales channels are structured to serve a range of customers for our products and services. As a result of this transition and change in structure, we concluded that we have one operating and reportable segment - the design, development and sale of document management systems and solutions. Our chief executive officer was identified as the chief operating decision maker ("CODM"). All of the company's activities are interrelated, and each activity is dependent upon and supportive of the other, including product development, supply chain and back-office support services. In addition, all significant operating decisions are largely based upon an analysis of Xerox at the consolidated level, including assessments related to the company's incentive compensation plans, as well as at the Board level.
Separation Update
On December 31, 2016, Xerox Corporation completed the separation of its BPO business from its Document Technology and Document Outsourcing (DT/DO) business (the "Separation"). The Separation was accomplished through the transfer of the BPO business into a new legal entity, Conduent Incorporated ("Conduent"), and then distributing one hundred percent ( $100 \%$ ) of the outstanding common stock of Conduent to Xerox Corporation stockholders (the "Distribution"). Conduent is now an independent public company trading on the New York Stock Exchange ("NYSE") under the symbol "CNDT". As a result of the Separation and Distribution, the BPO business is presented as a discontinued operation and, as such, has been excluded from continuing operations for all periods presented.
Refer to Note 5 - Divestitures in the Condensed Consolidated Financial Statements for additional information regarding the Separation.
Third Quarter 2017 Review
During the third quarter 2017 the rate of decline in revenues moderately improved and margins, as well as cash flows were both in line with expectations. The launch of our new ConnectKey products continued to show improvement during third quarter 2017 and we also had improvement in our Managed Document Services revenues. Total revenue of $\$ 2.5$ billion for third quarter 2017 declined $5.0 \%$ from third quarter 2016 including a 0.9 -percentage point favorable impact from currency. Post-sale revenue of $\$ 1.98$ billion, which represented $79 \%$ of total revenues, declined $3.9 \%$ including a 0.9 -percentage point favorable impact from currency. The decline in post-sale revenue primarily reflects lower equipment signings, installs and sales in prior periods, a continued decline in page volumes, lower other I/T hardware sales and lower supplies demand. Equipment revenues of $\$ 521$ million declined by $9.1 \%$, including a 0.9 -percentage point favorable impact from currency. Equipment revenues declined across all product areas, which reflected the impact of longer new product transitions cycles in certain areas of the business, ongoing black-and-white revenue declines that reflected overall market decline trends and unfavorable mix. Equipment revenues were also impacted by price declines of approximately $5 \%$. Total revenue of $\$ 7.52$ billion for the nine months ended September 30, 2017 declined $6.5 \%$ from the prior year period including a 0.9 -percentage point negative impact from currency. Post-sale revenue of $\$ 5.95$ billion, which represented $79 \%$ of total revenues, declined $5.1 \%$ including a 0.9 -percentage point negative impact from currency. Equipment revenues of $\$ 1.57$ billion declined by $11.1 \%$, including a 0.7 -percentage point negative impact from currency.
Net income from continuing operations attributable to Xerox for the three months ended September 30, 2017 and 2016 was $\$ 176$ million and $\$ 175$ million, respectively, and included after-tax costs of $\$ 60$ million and $\$ 48$ million, respectively, related to the amortization of intangible assets, restructuring and related costs, non-service retirement-related costs and other discrete adjustments, resulting in adjusted ${ }^{1}$ net income from continuing operations attributable to Xerox of $\$ 236$ million and $\$ 223$ million, respectively. The increase in net income from continuing operations attributable to Xerox and adjusted ${ }^{1}$ net income for the three months ended September 30, 2017 as compared to the prior year period were primarily due to costs savings from our Strategic Transformation program as well as, lower interest expense and a gain from the sale of a research facility, which are both included in Other expenses, net, and lower income taxes. These increases were partially offset by lower revenues and Equity in net
income of unconsolidated affiliates as well as the impact of negative transaction currency.
Xerox 2017 Form 10-Q
35

Net income from continuing operations attributable to Xerox for the nine months ended September 30, 2017 and 2016 was $\$ 388$ million and $\$ 437$ million, respectively, and included after-tax costs of $\$ 253$ million and $\$ 226$ million, respectively, related to the amortization of intangible assets, restructuring and related costs and non-service retirement-related costs other discrete adjustments, resulting in adjusted ${ }^{1}$ net income from continuing operations attributable to Xerox of $\$ 641$ million and $\$ 663$ million, respectively. The decrease in net income from continuing operations attributable to Xerox and adjusted ${ }^{1}$ net income for the nine months ended September 30, 2017 were primarily due to lower revenues partially offset by costs savings from our Strategic Transformation program as well as, lower interest expense and a gain from the sale of a research facility, which are both included in Other expenses, net. The decrease in net income from continuing operations attributable to Xerox was also impacted by higher restructuring and related costs and non-service retirement-related costs partially offset by lower income taxes, which were higher on an adjusted basis.
Operating cash flow from continuing operations for the nine months ended September 30, 2017 was $\$ 150$ million, as compared to $\$ 556$ million for the prior year period. The decrease is primarily due to higher pension contributions of $\$ 615$ million, which reflects an incremental $\$ 500$ million contribution to our U.S. defined benefit pension plans and higher restructuring payments, partially offset by working capital ${ }^{3}$ improvements, increased cash flows from the run-off of finance assets and lower income tax payments. The $\$ 500$ million incremental pension contribution was funded through a $\$ 1.0$ billion Senior Note offering during the third quarter 2017. Cash used in investing activities from continuing operations for the nine months ended September 30, 2017 was $\$ 116$ million and included capital expenditures of $\$ 70$ million and $\$ 76$ million for acquisitions that were partly offset by proceeds of $\$ 20$ million from the sale of a research facility. Cash used in financing activities of $\$ 430$ million for the nine months ended September 30,2017 primarily reflects payments of $\$ 1.0$ billion on Senior Notes, net payments of $\$ 326$ million on the tender and exchange of certain Senior Notes, and dividend payments of $\$ 223$ million partly offset by proceeds from the issuance of $\$ 1.0$ billion of Senior Notes in third quarter 2017 and $\$ 161$ million from the final cash adjustment with Conduent. 2017 Outlook
We continue to expect total revenues to decline for 2017 in the mid-single digits range, excluding the impact of currency, which at September 30, 2017 exchange rates, is expected to have a slightly negative to neutral impact on total revenues in 2017. However, we do continue to expect to see an improving trend in revenue for the balance of the year as we continue to realize the benefits from new product launches and other growth initiatives, which are expected to continue into the fourth quarter. Reported and adjusted ${ }^{1}$ margins and earnings are expected to be in line with our full-year expectations.
During third quarter 2017, we updated our expectations for full year 2017 operating cash flows from continuing operations from a range of $\$ 700$ million to $\$ 900$ million to a range of $\$(50)$ million to $\$ 150$ million. This update reflects the net impact of higher operating cash flows of $\$ 100$ million, which are expected to be more than offset by the incremental pension contributions of $\$ 500$ million, as well as the estimated one-time 2017 cash impact of approximately $\$ 350$ million from the termination of certain accounts receivable sales programs in the fourth quarter 2017. The additional pension funding will significantly reduce mandatory cash contributions to our U.S. plans in future years beginning 2018 and the termination of certain accounts receivable sales programs is not expected to impact cash flows in 2018.
We also reduced our expected capital expenditures, inclusive of internal use software, to approximately $\$ 125$ million from $\$ 175$ million, which is expected to be offset by a $\$ 50$ million increase in acquisitions.
(1)See the "Non-GAAP Financial Measures" section for an explanation of the non-GAAP financial measure.
(2)

The difference between the aggregate revision to retained earnings and the $\$ 90$ million impact at March 31, 2017 is
primarily due to currency and the impact of adjustments recorded directly by Xerox in the first quarter 2017.
3) Working capital reflects Accounts receivable, Collections of deferred proceeds from sales of receivables, Inventory (3) and Accounts payable and Accrued compensation

CC - See "Currency Impact" section for a description of Constant Currency.
(1) Equipment sales revenue in 2016 has been revised to reclassify certain Global Imaging Systems IT-related equipment sales to other sales, which are included in Post sale revenue.
(2)Refer to the "Geographic Sales Channels and Product and Offerings Definitions" section.

Excluding equipment revenue, Managed Document Services (MDS) was $\$ 745$ million and $\$ 719$ million, respectively, for the three months ended September 30, 2017 and 2016, representing an increase of $3.6 \%$ including
(3)a 1.0-percentage point favorable impact from currency. For the nine months ended September 30, 2017 and 2016, excluding equipment revenue, MDS was $\$ 2,194$ million and $\$ 2,200$ million, respectively, representing a decline of $0.3 \%$ including a 1.2 -percentage point negative impact from currency.
Third quarter 2017 total revenues decreased $5.0 \%$ as compared to third quarter 2016, with a 0.9 -percentage point favorable impact from currency. Third quarter 2017 total revenues reflect the following:
Post sale revenue decreased $3.9 \%$ as compared to third quarter 2016, with a 0.9 -percentage point favorable impact from currency. Post sale revenue is comprised of the following:

Services, maintenance and rentals revenue includes rental and maintenance revenue (including bundled supplies) as well as the post sale component of the document services revenue from our Managed Document Services (MDS) offerings, and revenues from our Communication and Marketing Solutions (CMS) offerings that transferred to Xerox from the BPO business upon Separation. These revenues declined $3.1 \%$, with a 1.1 -percentage point favorable impact from currency; the decline at constant currency ${ }^{1}$ reflected lower signings and installs in prior periods and the continuing decline in page volumes.
Supplies, paper and other sales includes unbundled supplies and other sales. These revenues declined $5.0 \%$, with a 0.3 -percentage point favorable impact from currency. The decline at constant currency ${ }^{1}$ was driven by lower network integration solutions sales from our Global Imaging business, as well as reduced original equipment manufacturer (OEM) supplies and lower supplies demand consistent with declining equipment sales in prior periods. Financing revenue is generated from financed equipment sale transactions. The $12.0 \%$ decline in these revenues reflected a declining finance receivables balance due to lower equipment sales in prior periods and included a 0.9 -percentage point favorable impact from currency.

Xerox 2017 Form 10-Q
37

Total revenues for the nine months ended September 30, 2017 decreased $6.5 \%$ as compared to the prior year period, with a 0.9-percentage point negative impact from currency. Year-to-date 2017 total revenues reflect the following: Post sale revenue decreased $5.1 \%$ as compared to the prior year period, with a 0.9 -percentage point negative impact from currency. Post sale revenue is comprised of the following:
Services, maintenance and rentals revenue includes rental and maintenance revenue (including bundled supplies) as well as the post sale component of the document services revenue from our Managed Document Services (MDS) offerings, and revenues from our Communication and Marketing Solutions (CMS) offerings that transferred to Xerox from the BPO business upon Separation. These revenues declined $5.1 \%$, with a 1.0 -percentage point negative impact from currency; the decline at constant currency ${ }^{1}$ reflected lower signings and installs in prior periods and the continuing decline in page volumes.
Supplies, paper and other sales includes unbundled supplies and other sales. These revenues declined $4.4 \%$, with a 0.9 -percentage point negative impact from currency. The decline at constant currency ${ }^{1}$ was driven by lower network integration solutions sales from our Global Imaging business, reduced original equipment manufacturer (OEM) supplies and lower supplies demand (both in U.S. and European channels) consistent with declining equipment sales in prior periods. The decline was partly offset by higher supplies sales from our Global Imaging business, as well as in developing markets.
Financing revenue is generated from financed equipment sale transactions. The $10.1 \%$ decline in these revenues reflected a declining finance receivables balance due to lower equipment sales in prior periods and included a 0.9 -percentage point negative impact from currency.

CC - See "Currency Impact" section for a description of Constant Currency.
(1) Equipment sales revenue in 2016 has been revised to reclassify certain Global Imaging Systems IT-related (1) equipment sales to other sales, which are included in Post sale revenue.

Equipment sales revenue for the three months ended September 30, 2017 decreased $9.1 \%$ as compared to third quarter 2016, with a 0.9-percentage point favorable impact from currency. Revenue decline was impacted by price declines of approximately $5 \%$ (which were in-line with our historic impact). The decline in mid-range sales reflected longer new product transition cycles that are characteristic of certain areas of the business as well as ongoing black-and-white revenue declines that reflected overall market decline trends; the decline in mid-range improved sequentially, led by Global Imagining, US channels and developing markets. The decline in high-end sales primarily reflected lower revenues from our black-and-white systems consistent with overall market decline trends, along with the impact of higher sales of iGen and Color Press in the prior year associated with the drupa trade show; these declines were only partially mitigated by higher sales of our continuous feed inkjet systems and demand for our recently launched Versant entry production color system. The decline in entry sales reflected an unfavorable mix caused by higher install activity associated with new ConnectKey products that are at the lower end of the portfolio, and a higher low-end printer mix in developing markets, as well as continued lower OEM activity.

Equipment sales revenue for the nine months ended September 30, 2017 decreased $11.1 \%$ as compared to the prior year period, with a 0.7 -percentage point negative impact from currency. Revenue declined across all product areas and was impacted by price declines of approximately $5 \%$ (which were in-line with our historic impact). The decline in mid-range sales reflected in part the mid-year transition to our new product portfolio and lower revenue from color devices as well as lower revenues from black-and-white systems reflecting the overall market decline trends. The decline in high-end sales primarily reflected lower revenues from our black-and-white systems, consistent with overall market decline trends, along with the impact of higher sales of iGen and Color Press in the prior year associated with the drupa trade show; these declines were only partially mitigated by higher sales of our continuous feed inkjet color systems and the recently launched Versant products. High-end color sales also included lower digital front-end (DFE) sales to Fuji Xerox. The decline in entry sales reflected lower OEM activity, an

Xerox 2017 Form 10-Q
38
unfavorable mix caused by higher install activity associated with new ConnectKey products that are at the lower end of the portfolio, as well as low-end printers in developing markets.
Revenue Metrics
Total Installs
Install activity includes Managed Document Services and Xerox-branded products shipped to Global Imaging Systems. Detail by product group (see Geographic Sales Channels and Product and Offerings Definitions) is shown below:
Installs for the three months ended September 30, 2017:
Entry ${ }^{(1)}$
$\mathbf{2 3 \%}$ increase in color multifunction devices, reflecting demand for recently launched products as well as the migration from printers to multifunction devices, consistent with market trends.
$.26 \%$ increase in black-and-white multifunction devices, driven largely by a higher activity for low-end printers in developing markets.
Mid-Range ${ }^{(2)}$
Mid-range color installs were flat, reflecting demand for recently launched products including strong activity in developing markets, offset by the timing of large account sales in the prior year.
$11 \%$ decrease in mid-range black-and-white, reflecting overall market decline as well as the impact of transitioning to the new product portfolio, partly offset by growth in developing markets.
High-End ${ }^{(2)}$
$2 \%$ decrease in high-end color systems, as growth from continuous feed color and the recently launched Versant products was more than offset by higher iGen and Color Press installs in the prior year, following the drupa trade show.
$32 \%$ decrease in high-end black-and-white systems reflects overall market decline and trends.
Installs for the nine months ended September 30, 2017:
Entry ${ }^{(1)}$
$\mathbf{2 0 \%}$ increase in color multifunction devices, reflecting demand for recently launched products as well as the migration from printers to multifunction devices, consistent with market trends.
$.12 \%$ increase in black-and-white multifunction devices, driven largely by a higher activity for low-end printers in developing markets.
Mid-Range ${ }^{(2)}$
6\% decrease in mid-range color installs, reflecting the transition to the new product portfolio, partly offset by growth in developing markets.
$.16 \%$ decrease in mid-range black-and-white, reflecting overall market decline as well as the impact of transitioning to the new product portfolio, partly offset by growth in developing markets.
High-End ${ }^{(2)}$
$9 \%$ decrease in high-end color systems, as growth from continuous feed color and the recently launched Versant products was more than offset by higher iGen and Color Press installs in the prior year, following the drupa trade show.
31\% decrease in high-end black-and-white systems reflecting overall market decline and trends.
Note: Descriptions of "Entry", "Mid-Range" and "High-End" are defined below in the Geographic Sales Channels and Product and Offerings Definitions discussion.
Signings
Signings are defined as estimated future revenues from contracts signed during the period, including renewals of existing contracts. Our reported signings mostly represent those from our Enterprise deals, as we do not currently include signings from our growing partner print services offerings or those from our Global Imaging Systems channel. Total Contract Value (TCV) is the estimated contractual revenue related to signed contracts; our signings expressed in TCV were as follows:

| Three | Nine Months |
| :--- | :--- |
| Months | Ended |

|  | Ended Septe 30 , | ber |  |  | Septemb | er 30, |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |

Xerox 2017 Form 10-Q
39

## Edgar Filing: XEROX CORP - Form 10-Q

Signings for the three months ended September 30, 2017 decreased $8.6 \%$ from third quarter 2016, with a 1.9-percentage point unfavorable impact from currency primarily reflecting a lower contribution from new business. Signings for the nine months ended September 30, 2017 decreased $8.8 \%$ from the prior year period with a 1.8-percentage point unfavorable impact from currency primarily reflecting a lower contribution from new business. On a trailing twelve month (TTM) basis, signings decreased $14.1 \%$ from the comparable prior year period, with a 3.4-percentage point unfavorable impact from currency.

New business TCV declined $14.2 \%$ from the third quarter 2016, with a 1.6-percentage point unfavorable impact from currency. New business TCV for the nine months ended September 30, 2017 decreased $21.0 \%$ from the prior year period, with a 1.8-percentage point unfavorable impact from currency. On a TTM basis, new business TCV decreased $28.2 \%$ from the comparable prior year period, with a 3.1 -percentage point unfavorable impact from currency. This performance is the result of ongoing competitive pressure in the market as well as the timing of new products amplified by the longer sales cycles in this area of the business.

## Renewal Rate

Renewal rate is defined as the annual recurring revenue (ARR) on contracts that are renewed during the period as a percentage of ARR on all contracts for which a renewal decision was made during the period. Third quarter 2017 contract renewal rate was $85 \%$, an increase of 3-percentage points as compared to our full year 2016 renewal rate of $82 \%$.
$\overline{C C}$ - See "Currency Impact" section for a description of Constant Currency.
Geographic Sales Channels and Product and Offerings Definitions
Our business is aligned to a geographic focus and is primarily organized on the basis of go-to-market sales channels, which are structured to serve a range of customers for our products and services:
North America, which includes our sales channels in the U.S. and Canada.
International, which includes our sales channels in Europe, Eurasia, Latin America, Middle East, Africa and India. Other primarily includes our OEM business, as well as sales to and royalties from Fuji Xerox, and our licensing revenue.
Our products and offerings include:
"Entry", which includes A4 devices and desktop printers. Prices in this product group can range from approximately \$150 to \$3,000.
"Mid-Range", which includes A3 Office and Light Production devices that generally serve workgroup environments in mid to large enterprises. Prices in this product group can range from approximately $\$ 2,000$ to $\$ 75,000+$.
"High-End", which includes production printing and publishing systems that generally serve the graphic communications marketplace and large enterprises. Prices for these systems can range from approximately $\$ 30,000$ to \$1,000,000+.
Managed Document Services (MDS) revenue, which includes solutions and services that span from managing print to automating processes to managing content. Our primary offerings within MDS are Managed Print Services (including from Global Imaging Systems), as well as workflow automation services, and Centralized Print Services and Solutions (CPS). MDS excludes Communications and Marketing Solutions (CMS).

Entry installations exclude OEM sales; including OEM sales, Entry color multifunction devices increased $3 \%$ and
(1) decreased $7 \%$, respectively, for the three and nine months ended September 30, 2017. Entry black-and-white multifunction devices increased $15 \%$ and $5 \%$ for the three and nine months ended September 30, 2017, respectively.
Mid-range and High-end color installations exclude Fuji Xerox digital front-end sales; including Fuji Xerox digital front-end sales, Mid-range color devices were flat for the three months ended September 30, 2017 and decreased $6 \%$ for the nine months ended September 30, 2017, while High-end color systems decreased $2 \%$ and $15 \%$, respectively, for the three and nine months ended September 30, 2017.

Xerox 2017 Form 10-Q

Memo:
Non-service retirement-related costs \$136 \$112 \$(24) N/A N/A N/A See the "Non-GAAP Financial Measures" section for an explanation of the non-GAAP financial measure. In fourth (1) quarter 2016, we began to include Equity in net income of unconsolidated affiliates in the calculation of adjusted operating income and margin. Prior periods have been restated accordingly to conform to current year presentation.

## Edgar Filing: XEROX CORP - Form 10-Q

## Pre-tax Income Margin

Third quarter 2017 pre-tax income margin of $6.7 \%$ increased 0.4 -percentage points as compared to third quarter 2016. The increase was primarily driven by lower Other expenses, net reflecting lower interest expense and a gain from the sale of a research facility. Costs and expense savings from strategic transformation also mitigated the impact of lower revenues and higher transaction currency, restructuring and non-service retirement-related costs.
Pre-tax income margin for the nine months ended September 30, 2017 of $4.6 \%$ declined 0.2 -percentage points as compared to the prior year period primarily due to lower revenues which were only partially offset by savings from strategic transformation.
Additional analysis on changes in non-service retirement-related costs, restructuring and related costs, amortization of intangible assets and other expenses, net are included in subsequent sections.
Adjusted ${ }^{1}$ Operating Margin
Third quarter 2017 adjusted $^{1}$ operating margin of $12.2 \%$ declined 0.4 -percentage points as compared to third quarter 2016. Cost productivity and savings from strategic transformation were more than offset by revenue decline and adverse transaction currency of 0.6-percentage points. The decline is also partly driven by higher compensation and benefits expenses, as well as lower equity income from our Fuji Xerox joint venture.
Adjusted ${ }^{1}$ operating margin for the nine months ended September 30, 2017 of $12.3 \%$ increased 0.3 -percentage points as compared to the prior year period. The improvement was driven primarily by cost productivity and savings from strategic transformation, including restructuring savings that outpaced the rate of revenue decline. Those improvements were partly offset by adverse transaction currency of 0.9 -percentage points, as well as lower equity income from our Fuji Xerox joint venture.
(1)Refer to the Operating Income/Margin reconciliation table in the "Non-GAAP Financial Measures" section. Gross Margin
Third quarter 2017 gross margin of $39.6 \%$ increased by 0.2 -percentage points compared to third quarter 2016. On an adjusted ${ }^{1}$ basis, gross margin of $40.2 \%$ increased by 0.3 -percentage points. This performance reflects cost savings from strategic transformation and cost productivity, partly offset by adverse transaction currency of 0.6 -percentage points.
Gross margin for the nine months ended September 30, 2017 of $39.5 \%$ was 0.1 -percentage points higher compared to the prior year period. On an adjusted ${ }^{1}$ basis, gross margin of $40.2 \%$ increased by 0.3 -percentage points. This performance reflects cost savings from strategic transformation and cost productivity, partly offset by adverse transaction currency of 0.9-percentage points.
Third quarter 2017 equipment gross margin of $29.2 \%$ decreased 2.7-percentage points as compared to third quarter 2016, as product cost productivity was more than offset by transaction currency.
Equipment gross margin for the nine months ended September 30, 2017 of $29.4 \%$ decreased 1.4-percentage points as compared to the prior year period, as product cost productivity was more than offset by transaction currency and an unfavorable mix towards entry sales.
Third quarter 2017 post sale gross margin of $42.4 \%$ increased 0.9 -percentage points as compared to third quarter 2016. On an adjusted ${ }^{1}$ basis, post sale gross margin of $43.1 \%$ improved 1.0-percentage point, as a result of cost savings from strategic transformation, including restructuring, which more than offset the pace of revenue decline and the impact of adverse transaction currency.
Post sale gross margin for the nine months ended September 30, 2017 of $42.2 \%$ improved 0.4 -percentage points as compared to the prior year period. On an adjusted ${ }^{1}$ basis, post sale gross margin of $43.1 \%$ improved 0.6 -percentage points, as a result of cost savings from strategic transformation, including restructuring, which more than offset the pace of revenue decline and the impact of adverse transaction currency.
(1)Refer to the Key Financial Ratios reconciliation table in the "Non-GAAP Financial Measures" section.

Research, Development and Engineering Expenses (RD\&E)

| Three | Nine |

42

Third quarter 2017 RD\&E as a percentage of revenue of $4.3 \%$ decreased 0.2 -percentage points from third quarter 2016. On an adjusted ${ }^{1}$ basis, RD\&E was $4.1 \%$ of revenue and decreased 0.1 -percentage points as compared to third quarter 2016.
RD\&E of $\$ 108$ million decreased by $\$ 10$ million compared to third quarter 2016. On an adjusted ${ }^{1}$ basis, RD\&E of $\$ 103$ million decreased by $\$ 8$ million; the reduction reflected savings from strategic transformation including restructuring savings and lower expenses as a result of the transfer of resources to Electronics for Imaging (EFI), a third-party print server supplier and the sale of our Xerox Research Centre Europe in Grenoble, France, which was mainly dedicated to support the discontinued BPO business.
RD\&E as a percentage of revenue for the nine months ended September 30, 2017 of 4.4\% decreased 0.1-percentage points from the prior year period. On an adjusted ${ }^{1}$ basis, RD\&E was $4.2 \%$ of revenue and decreased 0.1 -percentage points as compared to the prior year period.
RD\&E of $\$ 332$ million decreased by $\$ 31$ million compared to the prior year period. On an adjusted ${ }^{1}$ basis, RD\&E of $\$ 315$ million decreased by $\$ 27$ million; the reduction reflected savings from cost productivity and strategic transformation including restructuring savings and lower expenses as a result of the transfer of resources to Electronics for Imaging (EFI), a third-party print server supplier and the sale of our Xerox Research Centre Europe in Grenoble, France. We strategically coordinate our R\&D investments with Fuji Xerox.

#### Abstract

(1)Refer to the Key Financial Ratios reconciliation table in the "Non-GAAP Financial Measures" section. Selling, Administrative and General Expenses (SAG) SAG as a percentage of revenue of $26.0 \%$ increased by 0.7 -percentage points from third quarter 2016. On an adjusted ${ }^{1}$ basis, SAG was $25.3 \%$ of revenue and increased 0.6 -percentage points, reflecting the impact of lower revenues that were partly mitigated by productivity and cost savings from strategic transformation, including restructuring savings. SAG of $\$ 648$ million was $\$ 16$ million lower than third quarter 2016. On an adjusted ${ }^{1}$ basis, SAG of $\$ 631$ million decreased $\$ 19$ million, including an approximate $\$ 5$ million unfavorable impact from currency; the reduction primarily reflected cost savings, including savings from restructuring, and lower incentives and marketing expenses consistent with lower revenues; these savings were partly offset by higher compensation and benefit expenses. Bad debt expense of $\$ 8$ million was $\$ 5$ million lower than third quarter 2016 and remained at less than one percent of receivables. SAG as a percentage of revenue for the nine months ended September 30, 2017 of $26.0 \%$ increased by 0.4 -percentage points from the prior year period. On an adjusted ${ }^{1}$ basis, SAG was $25.1 \%$ of revenue and increased 0.1-percentage points, reflecting the impact of lower revenues that were partly mitigated by productivity and cost savings from strategic transformation, including restructuring savings. SAG of $\$ 1,955$ million for the nine months ended September 30, 2017 was $\$ 101$ million lower than the prior year period. On an adjusted ${ }^{1}$ basis, SAG of $\$ 1,888$ million decreased $\$ 119$ million, including an approximate $\$ 20$ million favorable impact from currency; the reduction primarily reflected cost savings, including savings from restructuring, as well as a decrease in selling expenses related to lower compensation and marketing expenses consistent with lower revenues; these savings were partly offset by higher incentive and benefit expenses. Bad debt expense for the nine months ended September 30, 2017 of $\$ 30$ million was $\$ 5$ million lower than the prior year period and remained at less than one percent of receivables.

(1)Refer to the Key Financial Ratios reconciliation table in the "Non-GAAP Financial Measures" section.

Non-Service Retirement-Related Costs
Non-service retirement-related costs increased $\$ 3$ million and $\$ 24$ million, respectively, for the three and nine months ended September 30, 2017 as compared to the respective prior year periods. Both period increases were primarily driven by higher losses from pension settlements in the U.S. Full year 2017 U.S. settlement losses are expected to be approximately $\$ 150$ million, which is an increase of approximately $\$ 85$ million as compared to 2016 but about $\$ 50$ million lower than the amount originally expected at the beginning of the year.
Restructuring and Related Costs

During third quarter 2017 we recorded net restructuring and asset impairment charges of $\$ 35$ million as well as $\$ 1$ million of additional costs primarily related to professional support services associated with the implementation of the Strategic Transformation program.
Third quarter 2017 net restructuring and asset impairment charges of $\$ 35$ million reflected $\$ 40$ million of severance costs related to headcount reductions of approximately 600 employees worldwide. Third quarter 2017 actions impacted several functional areas, with approximately $80 \%$ focused on SAG reductions and approximately $20 \%$ focused on gross margin improvements. These costs were partially offset by $\$ 5$ million of net reversals for changes

Xerox 2017 Form 10-Q
43
in estimated reserves from prior period initiatives.
During the nine months ended September 30, 2017, we recorded net restructuring and asset impairment charges of $\$ 178$ million as well as $\$ 18$ million of additional costs primarily related to professional support services associated with the implementation of the Strategic Transformation program.
Nine months ended September 30, 2017 net restructuring and asset impairment charges of $\$ 178$ million reflected $\$ 200$ million of severance costs related to headcount reductions of approximately 2,100 employees worldwide and $\$ 3$ million of lease cancellation costs partially offset by $\$ 25$ million of net reversals for changes in estimated reserves from prior period initiatives, primarily reflecting unanticipated attrition and other job changes prior to completion of the restructuring initiatives, as well as a $\$ 5$ million favorable adjustment on the early termination of the lease for our corporate airplane.
During third quarter 2016 restructuring and related costs were $\$ 25$ million which included net restructuring and asset impairment charges of $\$ 13$ million as well as $\$ 12$ million of additional costs primarily related to professional support services associated with the implementation of the Strategic Transformation program.
Third quarter 2016 net restructuring and asset impairment charges of $\$ 13$ million reflected $\$ 18$ million of severance costs related to headcount reductions of approximately 150 employees worldwide. Third quarter 2016 actions impacted several functional areas, with approximately $40 \%$ focused on gross margin improvements, approximately $50 \%$ on SAG reductions with the remainder focused on RD\&E optimization. These costs were partially offset by $\$ 5$ million of net reversals for changes in estimated reserves from prior period initiatives.
During the nine months ended September 30, 2016, we recorded net restructuring and asset impairment charges of $\$ 154$ million as well as $\$ 18$ million of additional costs primarily related to professional support services associated with the implementation of the Strategic Transformation program.
Nine months ended September 30, 2016 net restructuring and asset impairment charges of $\$ 154$ million reflected $\$ 167$ million of severance costs related to headcount reductions of approximately 2,400 employees worldwide and $\$ 2$ million of lease cancellation costs partially offset by $\$ 10$ million of net reversals for changes in estimated reserves from prior period initiatives, as well as a gain of $\$ 5$ million from the sale of real estate impaired in prior periods. The restructuring reserve balance as of September 30, 2017 for all programs was $\$ 147$ million, of which $\$ 142$ million is expected to be spent over the next twelve months.
We expect to incur additional restructuring and related costs of approximately $\$ 30$ million in fourth quarter 2017 for actions and initiatives that have not yet been finalized. For full-year 2017, we expect to incur restructuring and related costs of approximately $\$ 225$ million.
Refer to Note 10 - Restructuring Programs in the Condensed Consolidated Financial Statements for additional information regarding our restructuring programs.
Amortization of Intangible Assets
Amortization of intangible assets for the nine months ended September 30, 2017 of $\$ 41$ million was $\$ 3$ million lower compared to the prior year period.
Worldwide Employment
Worldwide employment was approximately 36,100 as of September 30, 2017 and decreased by approximately 1,500 from December 31, 2016. The reduction is primarily due to the impact of restructuring and productivity-related reductions partly offset by an increase of approximately 300 from acquisitions.

## Non-Financing Interest Expense

Non-financing interest expense for the three and nine months ended September 30, 2017 decreased $\$ 13$ million and $\$ 49$ million, respectively, as compared to the prior year periods. When combined with financing interest expense (Cost of financing), total interest expense declined by $\$ 12$ million and $\$ 47$ million, respectively, from the prior year comparable periods. The decrease is primarily due to a lower debt balance reflecting the repayment of approximately $\$ 1.3$ billion of debt in the first quarter 2017 as well as repayment of approximately $\$ 1.0$ billion in 2016. The decrease was partly offset by the issuance of approximately $\$ 1.0$ billion of new debt in third quarter 2017, of which $\$ 500$ million of the proceeds was used for a voluntary pension contribution, while $\$ 475$ million of the proceeds was used in October for the early redemption of a portion of our outstanding debt due May 2018.
Refer to Note 11 - Debt in the Condensed Consolidated Financial Statements for additional information regarding 2017 debt activity including debt repayments following the Separation (Separation Debt Activity) in first quarter 2017 and the issuance of Senior Notes due 2023 in third quarter 2017.
Gains on Sales of Businesses and Assets
Gains on sales of businesses and assets for the nine months ended September 30, 2017 declined $\$ 6$ million as compared to the prior year period. The results for 2017 include a gain of $\$ 13$ million recorded on the sale of a research facility in Grenoble, France during the third quarter 2017, while the results for 2016 include a gain of $\$ 17$ million on the sale of surplus technology assets.
Loss on Early Extinguishment of Debt
During the first quarter of 2017, we recorded a $\$ 13$ million loss associated with the repayment of $\$ 300$ million in Senior Notes.
Refer to Note 11 - Debt in the Condensed Consolidated Financial Statements for additional information regarding the Debt Exchange.
Income Taxes
Third quarter 2017 effective tax rate was $10.8 \%$. On an adjusted ${ }^{1}$ basis, third quarter 2017 tax rate was $19.4 \%$. Both rates were lower than the U.S. statutory tax rate primarily due to the redetermination of certain unrecognized tax positions upon conclusion of several audits. The adjusted ${ }^{1}$ effective tax rate excludes the tax benefits associated with the following charges: restructuring and related costs, amortization of intangible assets and non-service retirement-related costs.
The effective tax rate for the nine months ended September 30, 2017 was $10.8 \%$ and on an adjusted ${ }^{1}$ basis, the nine months ended September 30, 2017 effective tax rate was $24.5 \%$. Both rates were lower than the U.S. statutory tax rate primarily due to foreign tax credits, the redetermination of certain unrecognized tax positions upon conclusion of several audits and the geographical mix of profits. The adjusted ${ }^{1}$ effective tax rate excludes the tax benefits associated with the following charges: restructuring and related costs, amortization of intangible assets and non-service retirement-related costs.
Third quarter 2016 effective tax rate was $16.9 \%$. On an adjusted ${ }^{1}$ basis, third quarter 2016 tax rate was $23.0 \%$. Both rates were lower than the U.S. statutory tax rate primarily due to foreign tax credits resulting from anticipated dividends from our foreign subsidiaries. The adjusted ${ }^{1}$ effective tax rate excludes the tax benefits associated with the following charges: restructuring and related costs, amortization of intangible assets and non-service retirement-related costs.
The effective tax rate for the nine months ended September 30, 2016 was $11.3 \%$ and on an adjusted ${ }^{1}$ basis, the nine months ended September 30, 2016 effective tax rate was $20.8 \%$. Both rates were lower than the U.S. statutory tax rate primarily due to foreign tax credits resulting from anticipated dividend from our foreign subsidiaries, the redetermination of certain unrecognized tax positions upon conclusion of several audits and the geographical mix of profits. The adjusted ${ }^{1}$ effective tax rate excludes the tax benefits associated with the following charges: restructuring and related costs, amortization of intangible assets and non-service retirement-related costs.
Xerox operations are widely dispersed. The statutory tax rate in most non-U.S. jurisdictions is lower than the combined U.S. and state tax rate. The amount of income subject to these lower foreign rates relative to the amount of U.S. income will impact our effective tax rate. However, no one country outside of the U.S. is a significant factor to our overall effective tax rate. Certain foreign income is subject to U.S. tax net of any available foreign tax credits. Our
full year effective tax rate includes a benefit of approximately 12-percentage points from these non-U.S. operations, which reflects lower foreign tax credit benefits from prior year.

Xerox 2017 Form 10-Q
45

Our effective tax rate is based on nonrecurring events as well as recurring factors, including the taxation of foreign income. In addition, our effective tax rate will change based on discrete or other nonrecurring events that may not be predictable. Excluding the effects of intangibles amortization, restructuring and related costs, non-service retirement-related costs and other discrete items, we anticipate that our adjusted ${ }^{1}$ effective tax rate will be approximately $25 \%$ to $28 \%$ for full year 2017.
(1)Refer to the Effective Tax Rate reconciliation table in the "Non-GAAP Financial Measures" section. Equity in Net Income of Unconsolidated Affiliates

| 6 | $\$ 90$ |
|  | 9 |

Equity in net income of unconsolidated affiliates primarily reflects our $25 \%$ share of Fuji Xerox net income. For the three and nine months ended September 30, 2017 equity income decreased $\$ 10$ million, as compared to the prior year periods. Equity in net income of unconsolidated affiliates for the three and nine months ended September 30, 2017 included unfavorable translation currency and $\$ 4$ million and $\$ 6$ million, respectively, of higher year-over-year charges related to our share of Fuji Xerox after-tax restructuring and other costs. Other charges in third quarter 2017 represent audit and other fees associated with the independent investigation of Fuji Xerox's accounting practices. We have revised Equity in net income of unconsolidated affiliates for all applicable prior periods presented throughout this document. Refer to Note 2 - Correction of Fuji Xerox Misstatement in Prior Period Financial Statements in the Condensed Consolidated Financial Statements, for additional information on this revision. Net Income from Continuing Operations
Third quarter 2017 net income from continuing operations attributable to Xerox was $\$ 176$ million, or $\$ 0.67$ per diluted share. On an adjusted ${ }^{1}$ basis, net income from continuing operations attributable to Xerox was $\$ 236$ million, or $\$ 0.89$ per diluted share. Third quarter 2017 adjustments to net income include the amortization of intangible assets, restructuring and related costs and non-service retirement-related costs.
Third quarter 2016 net income from continuing operations attributable to Xerox was $\$ 175$ million, or $\$ 0.66$ per diluted share. On an adjusted ${ }^{1}$ basis, net income from continuing operations attributable to Xerox was $\$ 223$ million, or $\$ 0.84$ per diluted share. Third quarter 2016 adjustments to net income include the amortization of intangible assets, restructuring and related costs and non-service retirement-related costs.
Net income from continuing operations attributable to Xerox for the nine months ended September 30, 2017 was $\$ 388$ million, or $\$ 1.47$ per diluted share. On an adjusted ${ }^{1}$ basis, net income from continuing operations attributable to Xerox was $\$ 641$ million, or $\$ 2.44$ per diluted share and reflects adjustments for the amortization of intangible assets, restructuring and related costs and non-service retirement-related costs as well as other discretely identified adjustments.
Net income from continuing operations attributable to Xerox for the nine months ended September 30, 2016 was $\$ 437$ million, or $\$ 1.64$ per diluted share. On an adjusted ${ }^{1}$ basis, net income from continuing operations attributable to Xerox was $\$ 663$ million, or $\$ 2.52$ per diluted share and reflects adjustments for the amortization of intangible assets, restructuring and related costs and non-service retirement-related costs.
Refer to Note 17 - Earnings per Share in the Condensed Consolidated Financial Statements, for additional information regarding the calculation of basic and diluted earnings per share.

[^6]As previously discussed, discontinued operations relate to our Business Process Outsourcing (BPO) business, which was separated effective December 31, 2016.
Refer to Note 5 - Divestitures in the Condensed Consolidated Financial Statements for additional information regarding discontinued operations.

Xerox 2017 Form 10-Q
46

## Net Income

Third quarter 2017 net income attributable to Xerox was $\$ 179$ million, or $\$ 0.68$ per diluted share. Third quarter 2016 net income attributable to Xerox was $\$ 183$ million, or $\$ 0.69$ per diluted share.
Net income attributable to Xerox for the nine months ended September 30, 2017 was $\$ 385$ million, or $\$ 1.46$ per diluted share. Net income attributable to Xerox for the nine months ended September 30, 2016 was $\$ 372$ million, or $\$ 1.38$ per diluted share.
Other Comprehensive Income (Loss)
Third quarter 2017 Other comprehensive income attributable to Xerox was $\$ 115$ million as compared to a loss of $\$ 45$ million in third quarter 2016. The $\$ 160$ million increase is primarily due to a $\$ 175$ million change from net translation adjustment gains of $\$ 154$ million for the three months ended September 30, 2017 as compared to net losses of $\$ 21$ million in the prior year period. The gains in 2017 reflect the strengthening of our major foreign currencies against the U.S. Dollar as compared to a weakening in the prior year. Offsetting the increase from net translation adjustments were increased losses from changes in defined benefit plans of $\$ 41$ million for the three months ended September 30, 2017 as compared to $\$ 15$ million in the prior year period.
Other comprehensive income attributable to Xerox for the nine months ended September 30, 2017 was $\$ 442$ million as compared to $\$ 4$ million in the prior year period. The $\$ 438$ million increase is primarily due to a $\$ 405$ million increase in net translation adjustment gains of $\$ 491$ million for the nine months ended September 30, 2017, as compared to gains of $\$ 86$ million for the prior year period. The gains in 2017 reflect a strengthening of all of our major foreign currencies against the U.S. Dollar in the first half of 2017. The gains in 2016 were primarily due to a strengthening of the Brazilian Real, Japanese Yen, Euro and Canadian Dollar as compared to the U.S. Dollar, which were partially offset by a weaker Pound Sterling compared to the U.S. Dollar for the year-to-date 2016. The increase in Other comprehensive income also reflected a $\$ 63$ million year-over-year benefit due to lower net losses from changes in defined benefit plans of $\$ 44$ million during the nine months ended September 30, 2017 as compared to net losses of $\$ 107$ million in the prior year period. The benefit plan losses for the nine months ended September 30, 2017 were minimal as a decrease in discount rates and currency losses were offset by favorable asset returns. In comparison, benefit plan losses for the nine months ended September 30, 2016 were primarily due to losses from plan remeasurements resulting from a decrease in discount rates. Offsetting the increase in net translation adjustments and defined benefit plans was an increase in unrealized losses on our foreign currency derivative instruments of \$28 million reflecting net losses of $\$ 4$ million for the nine months ended September 30, 2017 as compared to net gains of $\$ 24$ million in the prior year period.
Refer to Note 12 - Financial Instruments in the Condensed Consolidated Financial Statements, for additional information regarding foreign currency derivatives, and Note 14 - Employee Benefit Plans in the Condensed Consolidated Financial Statements, for additional information regarding net changes in our defined benefit plans and related losses and gains.

Xerox 2017 Form 10-Q
47

## Capital Resources and Liquidity

As of September 30, 2017 and December 31, 2016, total cash and cash equivalents were $\$ 1,781$ million and $\$ 2,223$ million, respectively. There were no borrowings under our Credit Facility or Commercial Paper Program at September 30, 2017 or December 31, 2016, respectively. The decrease in total cash and cash equivalents primarily reflects the repayment of $\$ 1.0$ billion of maturing Senior Notes and a repayment of $\$ 300$ million in Senior Notes as part of a tender and exchange transaction in first quarter 2017, as well as incremental voluntary contributions of \$500 million to our defined benefit pension plans, partly offset by proceeds from the issuance of $\$ 1.0$ billion of Senior Notes in third quarter 2017. The cash and cash equivalent balance at September 30, 2017 includes $\$ 475$ million which was used for the early redemption of the March 2018 Senior Notes (Refer to Note 11 - Debt in the Condensed Consolidated Financial Statements for additional information regarding 2017 debt activity).
Cash Flow Analysis
The following table summarizes our cash and cash equivalents:

|  | $\begin{array}{l}\text { Nine Months } \\ \text { Ended } \\ \text { September 30, }\end{array}$ |  | Change |  |
| :--- | :--- | :--- | :--- | :--- |
|  | $\begin{array}{l}2017 \\ \text { (in millions) }\end{array}$ | 2016 |  |  |
| Net cash provided by operating activities of continuing operations | $\$ 150$ | $\$ 556$ | $\$(406)$ |  |
| Net cash used in operating activities of discontinued operations | $(97$ | $)(34$ | $)$ | $(63$ |$)$

Cash Flows from Operating Activities
Net cash provided by operating activities of continuing operations was $\$ 150$ million for the nine months ended September 30, 2017. The $\$ 406$ million decrease in operating cash from the prior year period was primarily due to the following:
\$246 million increase in accounts payable and accrued compensation primarily related to the year-over-year timing of supplier and vendor payments.
$\$ 144$ million increase due to higher net tax payments in prior year partially attributable to the separation of Conduent.
$\$ 64$ million increase from finance receivables primarily related to a higher level of run-off due lower originations.
$\$ 49$ million increase due to lower placements of equipment on operating leases reflecting decreased installs.
$\$ 615$ million decrease primarily from voluntary contributions of $\$ 635$ million to domestic tax-qualified defined
benefit plans in 2017.
$\$ 169$ million decrease from the settlements of foreign currency derivative contracts associated with our
Yen-denominated inventory purchases as well as other foreign currency denominated arrangements.
$\$ 86$ million decrease from higher restructuring payments.
$\$ 83$ million decrease from inventory primarily due to a lower volume of equipment and supplies sales and the impact of new product launches.
$\$ 35$ million decrease from accounts receivable primarily due to a reduction in the benefit from the sales of receivables.

The $\$ 635$ million of voluntary contributions to our domestic tax-qualified defined benefit plans included an incremental $\$ 500$ million that was funded through a Senior Note offering in third quarter 2017. See Cash Flows from Financing Activities below as well as Note 11 - Debt in the Condensed Consolidated Financial Statements for additional information regarding the issuance of the Senior Notes. The additional pension funding will significantly reduce mandatory cash contributions to U.S. plans in future years beginning 2018 and is incremental to the $\$ 350$ million of global pension contributions originally planned in 2017.

Xerox 2017 Form 10-Q
48

Cash Flows from Investing Activities
Net cash used in investing activities of continuing operations was $\$ 116$ million for the nine months ended September 30,2017 . The $\$ 29$ million change from the prior year period was primarily due to the following:
$\$ 59$ million decrease due to acquisitions.
$\$ 21$ million decrease from lower proceeds from the sale of assets. Prior year included proceeds from the sale of surplus technology assets.
$\$ 29$ million increase due to lower capital expenditures (including internal use software).
$\$ 20$ million increase due to proceeds from the sale of the Xerox Research Centre in Grenoble, France in 2017.
Cash Flows from Financing Activities
Net cash used in financing activities was $\$ 430$ million for the nine months ended September 30, 2017. The $\$ 217$ million increase in the use of cash from the prior year period was primarily due to the following:
$\$ 377$ million increase from net debt activity. 2017 reflects proceeds of $\$ 1.0$ billion on Senior Notes offset by payments of $\$ 1.0$ billion on Senior Notes, net payments of $\$ 326$ million on the tender and exchange of certain Senior Notes including transaction costs and deferred debt issuance costs of $\$ 11$ million. 2016 reflects net proceeds of $\$ 1.0$ billion from a Senior Unsecured Term Facility offset by payments of $\$ 700$ million on Senior Notes and $\$ 250$ million on Notes.
$\$ 161$ million decrease reflecting the final cash adjustment with Conduent.
Debt and Customer Financing Activities
The following summarizes our debt:

|  | September 30, December 31, |  |  |
| :--- | :--- | :--- | :--- |
| (in millions) | 2017 | 2016 |  |
| Principal debt balance ${ }^{(1)}$ | $\$ 6,053$ | $\$ 6,349$ |  |
| Net unamortized discount | $(37$ | $)$ | $(43$ |
| Debt issuance costs | $(34$ | $)$ | $(21$ |
| Fair value adjustments ${ }^{(2)}$ |  |  |  |
| $\quad$ - terminated swaps | 12 | 27 |  |
| $\quad$ - current swaps | 4 | 4 |  |
| Total Debt | $\$ 5,998$ | $\$ 6,316$ |  |

[^7]Fair value adjustments include the following - (i) fair value adjustments to debt associated with terminated interest rate swaps, which are being amortized to interest expense over the remaining term of the related notes; and (ii) changes in fair value of hedged debt obligations attributable to movements in benchmark interest rates. Hedge accounting requires hedged debt instruments to be reported inclusive of any fair value adjustment.

## Finance Assets and Related Debt

${ }^{(1)}$ Consolidated Statements of Income.
Debt Activity
Refer to Note 11 - Debt in the Condensed Consolidated Financial Statements for additional information regarding 2017 debt activity including the Debt Exchange and debt repayments following the Separation (Separation Debt Activity) during first quarter 2017 and the issuance of Senior Notes due 2023 during third quarter 2017 as well as the October 2017 early redemption of $\$ 475$ million of the remaining $\$ 740$ million 6.35\% Senior Notes due May 2018. Credit Facility
Refer to Note 11 - Debt in the Condensed Consolidated Financial Statements for additional information regarding the amendment of our Credit Facility during third quarter 2017.
Sales of Accounts Receivable
In connection with the efforts of our Strategic Transformation Program to reduce costs and simplify our business processes, we have decided to terminate all accounts receivable sales arrangements in North America and most arrangements in Europe during the fourth quarter 2017. The termination of these programs will result in a one-time reduction of our original operating cash flow expectations for the full year 2017 of approximately $\$ 350$ million.
Refer to Note 6 - Accounts Receivable, Net in the Condensed Consolidated Financial Statements for additional information regarding our accounts receivable sales arrangements.
Liquidity and Financial Flexibility
We manage our worldwide liquidity using internal cash management practices, which are subject to (1) the statutes, regulations and practices of each of the local jurisdictions in which we operate, (2) the legal requirements of the agreements to which we are a party and (3) the policies and cooperation of the financial institutions we utilize to maintain and provide cash management services.
Our principal debt maturities are in line with historical and projected cash flows and are spread over the next five years as follows:

| (in millions) | Amount |
| :--- | :--- |
| 2017 Q4 | $\$ 7$ |
| 2018 | 749 |
| 2019 | 968 |
| 2020 | 1,059 |
| 2021 | 1,068 |
| 2022 and thereafter | 2,202 |
| Total | $\$ 6,053$ |

Treasury Stock
There were no share repurchases through the third quarter of 2017 or through the date of our filing on October 30, 2017.

Financial Risk Management
We are exposed to market risk from changes in foreign currency exchange rates and interest rates, which could affect operating results, financial position and cash flows. We manage our exposure to these market risks through our regular operating and financing activities and, when appropriate, through the use of derivative financial instruments. These derivative financial instruments are utilized to hedge economic exposures, as well as to reduce earnings and cash flow volatility resulting from shifts in market rates. We enter into limited types of derivative contracts, including interest rate swap agreements, foreign currency spot, forward and swap contracts and net purchased foreign currency options to manage interest rate and foreign currency exposures. Our primary foreign currency market exposures include the Yen, Euro and Pound Sterling. The fair market values of all our derivative contracts change with fluctuations in interest rates and/or currency rates and are designed so that any changes in their values are offset by changes in the values of the underlying exposures. Derivative financial instruments are held solely as risk management tools and not for trading or speculative purposes.
We are required to recognize all derivative instruments as either assets or liabilities at fair value in the balance sheet. As permitted, certain of these derivative contracts have been designated for hedge accounting treatment. Certain of our derivatives that do not qualify for hedge accounting are effective as economic hedges. These derivative contracts are likewise required to be recognized each period at fair value and therefore do result in some level of volatility. The level of volatility will vary with the type and amount of derivative hedges outstanding, as well as fluctuations in the currency and interest rate markets during the period. The related cash flow impacts of all of our derivative activities are reflected as cash flows from operating activities.
By their nature, all derivative instruments involve, to varying degrees, elements of market and credit risk. The market risk associated with these instruments resulting from currency exchange and interest rate movements is expected to offset the market risk of the underlying transactions, assets and liabilities being hedged. We do not believe there is significant risk of loss in the event of non-performance by the counterparties associated with these instruments because these transactions are executed with a diversified group of major financial institutions. Further, our policy is to deal with counterparties having a minimum investment grade or better credit rating. Credit risk is managed through the continuous monitoring of exposures to such counterparties.
The current market events have not required us to materially modify or change our financial risk management strategies with respect to our exposures to interest rate and foreign currency risk. Refer to Note 12 - Financial Instruments in the Condensed Consolidated Financial Statements for further discussion and information on our financial risk management strategies.

## Edgar Filing: XEROX CORP - Form 10-Q

## Non-GAAP Financial Measures

We have reported our financial results in accordance with generally accepted accounting principles (GAAP). In addition, we have discussed our financial results using the non-GAAP measures described below. We believe these non-GAAP measures allow investors to better understand the trends in our business and to better understand and compare our results. Accordingly, we believe it is necessary to adjust several reported amounts, determined in accordance with GAAP, to exclude the effects of certain items as well as their related income tax effects.
A reconciliation of these non-GAAP financial measures to the most directly comparable financial measures calculated and presented in accordance with GAAP are set forth below as well as in the third quarter 2017 presentation slides available at www.xerox.com/investor.
These non-GAAP financial measures should be viewed in addition to, and not as a substitute for, the company's reported results prepared in accordance with GAAP.
Adjusted Earnings Measures
Net income and Earnings per share (EPS)
Effective tax rate
Gross margin, RD\&E and SAG (adjusted for non-service retirement-related costs only)
The above measures were adjusted for the following items:
Amortization of intangible assets: The amortization of intangible assets is driven by our acquisition activity which can vary in size, nature and timing as compared to other companies within our industry and from period to period. The use of intangible assets contributed to our revenues earned during the periods presented and will contribute to our future period revenues as well. Amortization of intangible assets will recur in future periods.
Restructuring and related costs: Restructuring and related costs include restructuring and asset impairment charges as well as costs associated with our Strategic Transformation program beyond those normally included in restructuring and asset impairment charges. Restructuring consists of costs primarily related to severance and benefits paid to employees pursuant to formal restructuring and workforce reduction plans. Asset impairment includes costs incurred for those assets sold, abandoned or made obsolete as a result of our restructuring actions, exiting from a business or other strategic business changes. Additional costs for our Strategic Transformation program are primarily related to the implementation of strategic actions and initiatives and include third-party professional service costs as well as one-time incremental costs. All of these costs can vary significantly in terms of amount and frequency based on the nature of the actions as well as the changing needs of the business. Accordingly, due to that significant variability, we will exclude these charges since we do not believe they provide meaningful insight into our current or past operating performance nor do we believe they are reflective of our expected future operating expenses as such charges are expected to yield future benefits and savings with respect to our operational performance.
Non-service retirement-related costs: Our defined benefit pension and retiree health costs include several elements impacted by changes in plan assets and obligations that are primarily driven by changes in the debt and equity markets as well as those that are predominantly legacy in nature and related to employees who are no longer providing current service to the company (e.g. retirees and ex-employees). These elements include (i) interest cost, (ii) expected return on plan assets, (iii) amortized actuarial gains/losses and (iv) the impacts of any plan settlements/curtailments. Accordingly, we consider these elements of our periodic retirement plan costs to be outside the operational performance of the business or legacy costs and not necessarily indicative of current or future cash flow requirements. Adjusted earnings will continue to include the elements of our retirement costs related to current employee service (service cost and amortization of prior service cost) as well as the cost of our defined contribution plans. Other discrete, unusual or infrequent items: In addition, during the first quarter of 2017 we have also excluded the following additional items given the discrete, unusual or infrequent nature of the items and their impact on our results for the period: 1) a loss on early extinguishment of debt; and 2) a benefit from the remeasurement of a tax matter related to a previously adjusted item. We believe the exclusion of these items allows investors to better understand and analyze the results for the period as compared to prior periods and expected future trends in our business.
Adjusted Operating Income and Margin
We also calculate and utilize adjusted operating income and margin earnings measures by adjusting our pre-tax income and margin amounts. In addition to the costs and expenses noted as adjustments for our Adjusted Earnings
measures, adjusted operating income and margin also exclude Other expenses, net. Other expenses, net is primarily comprised of non-financing interest expense and also includes certain other non-operating costs and expenses. We exclude these amounts in order to evaluate our current and past operating performance and to better

Xerox 2017 Form 10-Q
52
understand the expected future trends in our business. Adjusted operating income and margin also includes Equity in net income of unconsolidated affiliates. Equity in net income of unconsolidated affiliates primarily reflects our $25 \%$ share of Fuji Xerox net income. We include this amount in our measure of adjusted operating income and margin as Fuji Xerox is our primary intermediary to the Asia/Pacific market for distribution of Xerox branded products and services.
Constant Currency (CC)
Refer to "Currency Impact" for a discussion of this measure and its use in our analysis of revenue growth.
Summary
Management believes that all of these non-GAAP financial measures provide an additional means of analyzing the current period's results against the corresponding prior period's results. However, these non-GAAP financial measures should be viewed in addition to, and not as a substitute for, the company's reported results prepared in accordance with GAAP. Our non-GAAP financial measures are not meant to be considered in isolation or as a substitute for comparable GAAP measures and should be read only in conjunction with our consolidated financial statements prepared in accordance with GAAP. Our management regularly uses our supplemental non-GAAP financial measures internally to understand, manage and evaluate our business and make operating decisions. These non-GAAP measures are among the primary factors management uses in planning for and forecasting future periods. Compensation of our executives is based in part on the performance of our business based on these non-GAAP measures.
A reconciliation of these non-GAAP financial measures and the most directly comparable measures calculated and presented in accordance with GAAP are set forth on the following tables:

(1) Income and Diluted EPS from continuing operations attributable to Xerox.

As Reported Adjusted Operating profit excludes Fuji Xerox restructuring charges. As Reported Adjusted Operating
(2)Profit for the three months ended March 31, 2017 also reflects the reversal of the $\$ 30$ million out-of-period adjustment recoded in the first quarter 2017.

The difference between the $\$ 30$ million out-of-period adjustment recorded in first quarter 2017 and the revision (3) adjustment of $\$ 24$ million, primarily relates to the additional adjustments subsequently identified as part of the IIC review.

Note: The sum of quarterly earnings per share may differ from the full-year amounts due to rounding, or in the case of diluted earnings per share, because securities that are anti-dilutive in certain quarters may not be anti-dilutive on a full-year basis.

## ITEM 3 - QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The information set forth under the "Financial Risk Management" section of this Quarterly Report on Form 10-Q is hereby incorporated by reference in answer to this Item.

## ITEM 4 - CONTROLS AND PROCEDURES

(a)Evaluation of Disclosure Controls and Procedures

The company's management evaluated, with the participation of our principal executive officer and principal financial officer, or persons performing similar functions, the effectiveness of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as of the end of the period covered by this report. Based on this evaluation, our principal executive officer and principal financial officer have concluded that, as of the end of the period covered by this report, our disclosure controls and procedures were effective to ensure that information we are required to disclose in the reports that we file or submit under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms relating to Xerox Corporation, including our consolidated subsidiaries, and was accumulated and communicated to the company's management, including the principal executive officer and principal financial officer, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.
(b)Changes in Internal Controls

In connection with the evaluation required by paragraph (d) of Rule 13a-15 under the Exchange Act, there was no change identified in our internal control over financial reporting that occurred during the last fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

## PART II — OTHER INFORMATION

## ITEM 1 — LEGAL PROCEEDINGS

The information set forth under Note 18 - Contingencies and Litigation in the Condensed Consolidated Financial Statements of this Quarterly Report on Form $10-\mathrm{Q}$ is incorporated by reference in answer to this Item.

## ITEM 1A — RISK FACTORS

Reference is made to the Risk Factors set forth in Part I, Item 1A of our 2016 Annual Report. The Risk Factors remain applicable from our 2016 Annual Report.

## ITEM 2 - UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

(a)

Sales of Unregistered Securities during the Quarter ended September 30, 2017
During the quarter ended September 30, 2017, Registrant issued the following securities in transactions that were not registered under the Securities Act of 1933, as amended (the "Act").
Semi-Annual Director Fees:
Securities issued on July 14, 2017: Registrant issued 33,692 deferred stock units (DSUs), representing the right to ${ }^{\mathrm{a}}$. receive shares of Common stock, par value $\$ 1$ per share, at a future date.
No underwriters participated. The shares were issued to each of the non-employee Directors of Registrant: Gregory b. Q. Brown, Jonathan Christodoro, Joseph J. Echevarria, William Curt Hunter, Robert J. Keegan, Cheryl Gordon Krongard, Charles Prince, Ann N. Reese, Stephen H. Rusckowski and Sara Martinez Tucker.
The DSUs were issued at a deemed purchase price of $\$ 29.39$ per DSU (aggregate price $\$ 990,208$ ), based upon the c. market value on the date of issuance, in payment of the semi-annual Director's fees pursuant to Registrant's 2004 Equity Compensation Plan for Non-Employee Directors.
d.

Exemption from registration under the Act was claimed based upon Section 4(2) as a sale by an issuer not involving a public offering.

Xerox 2017 Form 10-Q
57

Dividend Equivalent:
Securities issued on July 31, 2017: Registrant issued 2,525 DSUs, representing the right to receive shares of
${ }^{\text {a. }}$ Common stock, par value $\$ 1$ per share, at a future date.
No underwriters participated. The shares were issued to each of the non-employee Directors of Registrant: Jonathan
b.Christodoro, Joseph J. Echevarria, Richard J. Harrington, William Curt Hunter, Robert J. Keegan, Cheryl Gordon Krongard, Charles Prince, Ann N. Reese, Stephen H. Rusckowski and Sara Martinez Tucker.
The DSUs were issued at a deemed purchase price of $\$ 29.03$ per DSU (aggregate price $\$ 73,301$ ), based upon the
c. market value on the date of record, in payment of the dividend equivalents due to DSU holders pursuant to Registrant's 2004 Equity Compensation Plan for Non-Employee Directors.
Exemption from registration under the Act was claimed based upon Section 4(2) as a sale by an issuer not involving d. ${ }_{\text {a public offering. }}$
(b)Issuer Purchases of Equity Securities during the Quarter ended September 30, 2017

Board Authorized Share Repurchases Programs:
There were no repurchases of Xerox Common Stock pursuant to Board authorized share repurchase programs during the third quarter 2017 or through the date of our filing on October 30, 2017.

Repurchases Related to Stock Compensation Programs ${ }^{(1)}$ :
