This report contains information that are not statements of historical fact, but merely reflect our intent, belief or expectations regarding the anticipated effect of events, circumstances and trends. Such statements should be considered forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Although we believe that our expectations are based on reasonable assumptions within the bounds of our knowledge of our business and operations, there can be no assurance that actual results will not differ materially from our expectations. Meaningful factors which could cause actual results to differ from expectations include, but are not limited to, risks related to the following: the passage of state, federal or local legislation that would expand, restrict, further tax or prevent gaming operations in the jurisdictions in which we do business; the activities of our competitors; increases in our effective rate of taxation at any of our properties or at the corporate level; successful completion of capital projects at our gaming and pari-mutuel facilities; the existence of attractive acquisition candidates and the costs and risks involved in the pursuit of those acquisitions; our ability to maintain regulatory approvals for our existing businesses and to receive regulatory approvals for our new businesses; the maintenance of agreements with our horsemen and pari-mutuel clerks; our dependence on key personnel; the impact of terrorism and other international hostilities; the availability and cost of financing; and other factors as discussed in our other filings with the United States Securities and Exchange Commission. We do not intend to update publicly any forward-looking statements except as required by law.

EXPLANATORY NOTE

This Amendment No. 1 to our Quarterly Report on Form 10-Q for the period ended March 31, 2004 is being filed solely for the purpose of responding to comments of the staff of the Securities and Exchange Commission. In order to preserve the nature and character of the disclosures as originally filed, except to address the comments of the Securities and Exchange Commission staff, no attempt has been made in this Amendment No. 1 to modify or update disclosures as presented in our Quarterly Report on Form 10-Q for the period ended March 31, 2004 for events that occurred subsequent to its original filing on May 10, 2004. Accordingly, this Amendment No. 1 should be read in conjunction with our subsequent filings with the Securities and Exchange Commission. None of these corrections change our previously reported net revenues, income from operations, net income, income per share or cash flows for the periods included, nor result in a restatement of our financial position or results of operations.

Notes to Consolidated Financial Statements

1. Basis of Presentation

The consolidated financial statements are unaudited and include the accounts of Penn National Gaming, Inc. (Penn) and its subsidiaries (collectively, the Company). Investment in and advances to an unconsolidated affiliate that is 50% owned are accounted for under the equity method. All significant intercompany accounts and transactions have been eliminated in consolidation. Certain prior year amounts have been reclassified to conform to current year presentation.

In the opinion of management, all adjustments (consisting of normal recurring accruals) have been made that are necessary to present fairly the financial position of the Company as of March 31, 2004 and the results of its operations for the three month periods ended March 31, 2003 and 2004. The results of operations experienced for the three month period ended March 31, 2004 are not necessarily indicative of the results to be experienced for the fiscal year ending December 31, 2004.

The statements and related notes have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Accordingly, certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been omitted pursuant to such rules and regulations. The accompanying notes should therefore be read in conjunction with the Company's December 31, 2003 annual consolidated financial statements filed on Form 10-K, as amended.

2. Revenue Recognition

In accordance with gaming industry practice, the Company recognizes casino revenues as the net of gaming wins less losses. Net revenues exclude the retail value of complimentary rooms, and food and beverage furnished gratuitously to customers. These amounts, which are included in promotional allowances, were as follows:

		Three Months Ended March 31,		
	2003	(In thousands)	2004	
Rooms	\$	1,334	\$	3,010
Food and beverage		9,474		16,423
Other		929		2,822
Total promotional allowances	\$	11,737	\$	22,255

The estimated cost of providing such complimentary services, which is included in operating expenses, was as follows:

Edgar Filing: PENN NATIONAL GAMING INC - Form 10-Q/A

		Three Months Ended March 31,	
		2003	2004
		(In thousands)	
Rooms	\$	1,063	\$ 2,465
Food and beverage		6,314	12,572
Other		690	1,471
Total cost of complimentary services	\$	8,067	\$ 16,508

Racing revenues include the Company's share of pari-mutuel wagering on live races after payment of amounts returned as winning wagers, the Company's share of wagering from import and export simulcasting, as well as its share of wagering from its OTWs.

Revenues from the management service contract the Company has with Casino Rama (the Casino Rama Management Contract) are recognized as those services are performed.

3. Earnings Per Share

The weighted average number of shares of common stock and common stock equivalents used in the computation of basic and diluted earnings per share are set forth in the table below. For the three month periods ended March 31, 2003 and 2004, the effect of all outstanding stock options have been included in the calculation of diluted earnings per share.

	2003	Three Months Ended March 31, (In thousands)	2004
Weighted average number of shares outstanding Basic earnings per share		39,219	39,859
Dilutive effect of stock options		1,061	1,253
Weighted average number of shares outstanding Diluted earnings per share		40,280	41,112

4. Stock-Based Compensation

The Company grants stock options for a fixed number of shares to employees with an exercise price equal to the fair market value of the shares at the date of grant. The Company accounts for stock option grants using the intrinsic-value method in accordance with Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees (APB 25) and related Interpretations. Under the intrinsic-value method, because the exercise price of the Company's employee stock options is more than or equals the market price of the underlying stock on the date of grant, no compensation expense is recognized.

The Company accounts for the plan under the recognition and measurement principles of APB 25 and related Interpretations. No stock-based employee compensation cost is reflected in net income for options granted since all options granted under the plan had an exercise price equal to the fair market value of the underlying common stock on the date of grant. However, there are situations that may occur, such as the accelerated vesting of options that require a current charge to income. The following table illustrates the affect on net income and earnings per share if the Company had applied the fair value recognition provisions of Financial Accounting Standards Board Statement No. 123, Accounting for Stock-Based Compensation (SFAS 123) as amended by Statement of Financial Accounting Standards No. 148, Accounting for Stock-Based Compensation-Transition and Disclosure (SFAS 148), to stock-based employee compensation.

	Three Months Ended March 31,		
	2003	(In thousands)	2004
Net income, as reported	\$ 13,187	\$	17,787
Add: Stock-based employee compensation expense included in reported net income, net of related tax effects			
Deduct: Total stock-based employee compensation expense determined under fair value based method for all awards, net of related tax effects	(571)		(781)

Basic-pro forma	\$.32	\$.43
Diluted-as reported	\$.33	\$.43
Diluted-pro forma	\$.31	\$.41

The fair value of each option grant is estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted average assumptions used for grants:

Three months ended March 31,	2003	2004
Risk-free interest rate	3.0%	3.0%
Volatility	50.0%	31.0%
Dividend yield	0.0%	0.0%
Expected life (years)	5	6

The effects of applying SFAS 123 and SFAS 148 in the above pro forma disclosure are not indicative of future amounts. SFAS 123 and SFAS 148 do not apply to awards prior to 1995. Additional awards in future years are anticipated.

5. Certain Risks and Uncertainties

The Company's operations are dependent on its continued licensing by state gaming and racing commissions. The loss of a license, in any jurisdiction in which the Company operates, could have a material adverse affect on future results of operations.

The Company is dependent on each gaming and racing property's local market for a significant number of its patrons and revenues. If economic conditions in these areas deteriorate or additional gaming or racing licenses are awarded in these markets, the Company's results of operations could be adversely affected.

The Company is also dependant upon a stable gaming and admission tax structure in the states that it operates in. Any change in the tax structure could have a material adverse affect on future results of operations.

6. Property and Equipment

Property and equipment consist of the following:

	December 31, 2003	March 31, 2004
	(In thousands)	
Land and improvements	\$ 123,660	\$ 128,756
Building and improvements	530,845	531,817

Less: accumulated depreciation and amortization	152,335	169,287
Property and equipment, net	\$ 740,507	\$ 734,107

Interest capitalized in connection with major construction projects was \$.3 million and \$0 for the year ended December 31, 2003 and for the three months ended March 31, 2004, respectively. Depreciation and amortization expense, for property and equipment, totaled \$12.2 million and \$18.6 million for the three months ended March 31, 2003 and 2004, respectively.

7. Supplemental Disclosures of Cash Flow Information

8. Long-term Debt

Long-term debt is as follows (in thousands):

	December 31, 2003	March 31, 2004
Senior secured credit facility. This credit facility is secured by substantially all of the assets of the Company	\$ 399,700	\$ 378,700

Other notes payable	7	
	1,109,468	1,088,165
Less: current maturities	124,979	124,736
	\$ 984,489	\$ 963,429

The following is a schedule of future minimum repayments of long-term debt as of March 31, 2004 (in thousands):

2004 (9 months)	\$ 123,518
2005	5,591
2006	5,709
2007	370,346
2008	202,288
2009	2,015
Thereafter	378,698
Total minimum payments	\$ 1,088,165

At March 31, 2004, the Company was contingently obligated under letters of credit issued pursuant to the senior secured credit facility with face amounts aggregating \$7.8 million.

The senior secured credit facility requires the Company, among other obligations, to maintain specified financial ratios and satisfy certain financial tests, including interest coverage and total leverage ratios. In addition, the senior secured credit facility restricts, among other things, the Company's ability to incur additional indebtedness, incur guarantee obligations, amend debt instruments, pay dividends, create liens on assets, make investments, make acquisitions, engage in mergers or consolidations, make capital expenditures, or engage in certain transactions with subsidiaries and affiliates and otherwise restrict corporate activities. The terms of the senior subordinated notes contain similar restrictions. Except for the defaults under the Hollywood Casino Shreveport notes, for which the Company (other than the Shreveport entities) is not liable,

at March 31, 2004, we were in compliance with all required financial covenants.

9. Segment Information

The Company views each property as an operating segment. The Company has aggregated its gaming properties that are economically similar, offer similar types of products and services (table games and/or slot machines), cater to the same types of customers (local patronage) and are heavily regulated into one reporting segment called gaming. The Company has aggregated its racing properties that are economically similar, offer similar products and services (live and simulcast racing), cater to the similar types of customers (local patronage) and are similarly regulated into one reporting segment called racing. The accounting policies for each segment are the same as those described in the Summary of Significant Accounting Policies section of the Company's Annual Report on Form 10-K, as amended, for the year ended December 31, 2003.

The table below presents information about reported segments (in thousands):

(1) Reflects results of Hollywood Casino since the March 3, 2003 acquisition, which the Company accounts for as of March 1, 2003.

(2) Primarily reflects intercompany transactions related to import/export simulcasting.

(3) Primarily reflects elimination of intercompany investments, receivables and payables.

10. Litigation

Penn and its subsidiaries are subject to various legal and administrative proceedings relating to personal injuries, employment matters, commercial transactions and other matters arising in the normal course of business. The Company does not believe that the final outcome of these matters will have a material adverse effect on the Company's consolidated financial position or results of operations. In addition, the Company maintains what it believes is adequate insurance coverage to further mitigate the risks of such proceedings. However, such proceedings can be costly, time consuming and unpredictable and, therefore, no assurance can be given that the final outcome of such proceedings may not materially impact the Company's consolidated financial condition or results of operations. Further, no assurance can be given that the amount or scope of existing insurance coverage will be sufficient to cover losses arising from such matters.

The following proceedings could result in costs, settlements or damages that materially impact the Company's consolidated financial condition or operating results. In each instance, the Company believes that it has meritorious defenses and/or counter-claims and intends to vigorously defend itself.

In August 2002, the lessor of the property on which Casino Rouge conducts a significant portion of its dockside operations filed a lawsuit against the Company in the 19th Judicial District Court for the Parish of East Baton Rouge, Louisiana seeking a declaratory judgment that the plaintiff is entitled to terminate the lease and/or void the Company's option to renew the lease due to certain alleged defaults by the Company or its predecessors-in-interest. The term of the Company's lease expired in January 2004 and the Company exercised its automatic right to renew for an additional five year term (which, as previously noted is being contested by the landlord). In September 2003 the court granted the Company a partial motion for summary judgment. In February 2004, the Company filed another motion for partial judgment on most of the remaining

issues. A hearing date has been set for July 2004. Further litigation on the remaining issues is anticipated.

In October 2002, in response to the Company's plans to relocate the river barge underlying the Boomtown Biloxi casino to an adjacent property, the lessor of the property on which the Boomtown Biloxi casino conducts a portion of its dockside operations, filed a lawsuit against the Company in the U.S. District Court for the Southern District of Mississippi seeking a declaratory judgment that (i) the Company must use the leased premises for a gaming use or, in the alternative, (ii) after the move, the Company will remain obligated to make the revenue based rent payments to plaintiff set forth in the lease. The plaintiff filed this suit immediately after the Mississippi Gaming Commission approved the Company's request to relocate the barge. Since such approval, the Mississippi

Department of Marine Resources and the U.S. Army Corps of Engineers have also approved our plan to relocate the barge. The Company filed a motion for summary judgment in October 2003 and the plaintiff filed its own motion for summary judgment in January 2004. In March 2004, the trial court ruled in favor of the Company on all counts. The plaintiff has filed a motion for reconsideration, which has not yet been ruled on by the trial court.

In October 2003, the Company and one of its subsidiaries brought a declaratory action for coverage against Lexington Insurance Company and National Union Fire Insurance of Pittsburgh, Pennsylvania (National Union) in the Circuit Court of Jefferson County, West Virginia (the West Virginia Action). The case involves a dispute over coverage for punitive damage awards for claims arising in West Virginia. Subsequent to the filing of the West Virginia action, National Union brought an action against the Company and several of its subsidiaries in the Court of Common Pleas of Berks County, Pennsylvania denying coverage for punitive damage awards for claims arising in West Virginia. The Company has resolved the underlying cases in West Virginia in which punitive damages have been plead, paid out the settlement amounts in the first quarter of 2004 (which amounts are included in miscellaneous assets) and is seeking reimbursement for the settlement amounts in the West Virginia action.

11. Subsidiary Guarantors

Under the terms of the senior subordinated notes, all of the Company's domestic subsidiaries are guarantors under the agreement, except for Onward Development, LLC, an inactive subsidiary, HWCC-Argentina, Inc., an inactive subsidiary, HWCC-Louisiana, Inc., HWCC-Shreveport, Inc. HCS I, Inc, HCS II Inc., HCS-Golf Course, LLC, Hollywood Casino Shreveport and Shreveport Capital Corporation and their respective subsidiaries (the Subsidiary Non-Guarantors). The guarantees provided by our subsidiaries are full and unconditional, joint and several. There are no significant restrictions in the indentures on the Company's ability to obtain funds from its subsidiaries, except for the Subsidiary Non-Guarantors, by dividend or loan. However, we note that in certain jurisdictions, the gaming authorities may impose restrictions pursuant to the authority granted to them with regard to the Company's ability to obtain funds from its subsidiaries.

Summarized financial information as of and for the three months ended March 31, 2004 and 2003 for Penn, the Subsidiary Guarantors and Subsidiary Non-guarantors is as follows:

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Our Operations

Edgar Filing: PENN NATIONAL GAMING INC - Form 10-Q/A

We are a leading, diversified, multi-jurisdictional owner and operator of gaming properties, as well as horse racetracks and associated off-track wagering facilities, or OTWs. We own or operate nine gaming properties located in Colorado, Illinois, Louisiana, Mississippi, Ontario and West Virginia that are focused primarily on serving customers within driving distance of the properties. We also own two racetracks and eleven OTWs in Pennsylvania, one racetrack in West Virginia, and through a joint venture, own and operate a racetrack in New Jersey. We operate in two segments, gaming and pari-mutuel operations, and derive substantially all of our revenues from such operations. We believe that our portfolio of assets provides us with a diversified cash flow from operations.

We intend to continue to expand our gaming operations through the implementation of a disciplined capital expenditure program at our existing properties and the continued pursuit of strategic acquisitions of gaming properties particularly in attractive regional markets.

Gaming revenues are derived primarily from gaming on slot machines and table games. Pari-mutuel revenues are derived from wagering on our live races, wagering on import simulcasts at our racetracks and OTWs and through telephone account wagering, and fees from wagering on export simulcasting our races at out-of-state locations. Other revenues are derived from hotel, dining, retail, admissions, program sales, concessions and certain other ancillary activities.

Key performance indicators related to revenues are:

Gaming revenue indicators slot handle (volume indicator), table game drop (volume indicator) and win or hold percentages, which are not fully controllable by us. Our typical slot win percentage is in the range of 5% to 9% of slot handle and our typical table games win percentage is in the range of 15% to 21% of table game drop; and

Pari-mutuel revenue indicators pari-mutuel wagering commissions (volume indicator) earned on wagering on our live races, wagering on import simulcasts at our racetracks and OTWs and through telephone account wagering, and fees from wagering on export simulcasting our races at out-of-state locations.

Our properties generate significant operating cash flow since most of our revenue is cash-based from slot machines and pari-mutuel wagering. Our business is capital intensive and we rely on cash flow from our properties to generate operating cash to repay debt, fund maintenance capital expenditures, fund new capital projects at existing properties and provide excess cash for future development and acquisitions.

Results of Operations

The following are the most important factors and trends that contribute to our operating performance:

The continued emphasis on slot revenue at our properties, which revenue is the consistently profitable segment of the gaming industry.

The continued expansion and revenue gains at our Charles Town Entertainment Complex.

Recent economic conditions could intensify the efforts of state and local governments to raise revenues through increases in gaming taxes, as illustrated by our experience in Illinois in 2003.

A number of states are currently considering legislation to legalize or expand gaming. Such legislation presents both potential opportunities to establish new properties (for instance in Pennsylvania and Maine) and potential competitive threats to business at our existing properties (such as Maryland and Texas). The timing and occurrence of these events remain uncertain. Legalized gaming from casinos located on Native American lands could also have a significant competitive effect.

Net revenues for the three month period ended March 31, 2004 increased by \$105.6 million, or 46.9%, to \$330.7 million from \$225.1 million in 2003. The three new Hollywood Casino properties contributed \$78.6 million of the increase in revenue. The increase for the Hollywood Casino properties was a result of comparing a three month period of operations in 2004 to a one month period of operations in 2003. For the properties we owned prior to the acquisition of the Hollywood Casino properties, revenues increased by \$27.0 million, or 15.3%. The properties with the largest revenue gains this quarter were Charles Town Entertainment Complex with a net revenue increase of \$23.6 million, Casino Magic-Bay St. Louis with an increase of \$1.9 million and Bullwhackers Casinos with an increase of \$1.6 million.

Gaming Revenues

Gaming revenue increased in 2004 by \$99.8 million, or 54.2%, to \$283.8 million from \$184.0 million in 2003. The three Hollywood Casino properties contributed \$74.3 million of the increase and the properties we owned prior to the acquisition contributed \$25.5 million. Of this total, Charles Town Entertainment Complex increased gaming revenue by \$22.3 million or 35.1% over the same period last year due to the opening of an additional 38,000 square feet of gaming space with 700 new slot machines in July of 2003. The average number of gaming machines in play increased to 3,500 in 2004 from 2,710 in 2003 with the average win per machine increasing to \$271 from \$261 per day. At Casino-Magic-Bay St. Louis, gaming revenue increased by \$1.8 million or 7.8%. The primary driver in the revenue increase was a higher occupancy rate at the 291-room Bay Tower Hotel and Conference Center. The occupancy rate for the three months ended March 31, 2004 was 87.3% compared to 72.6% in 2003 and was the result of a marketing program that focused on better utilization of the hotel and increased play on the gaming floor. Gaming revenue at Bullwhackers increased by \$1.4 million, or 22.4%, due to the introduction of penny machines that were part of the facility renovations completed in 2003 and a more aggressive marketing program that is focused on the locals market.

Management service fees from Casino Rama increased by \$.8 million, or 29.6%, to \$3.5 million from \$2.7 million in 2003. The increase in management service fees is a result of mild winter weather and marketing programs that focus on trip generation, recent visitors, the hotel and convention center and the concert program. These programs have increased attendance, hotel occupancy and slot play in the casino.

Food, beverage and other revenue increased in 2004 by \$16.5 million, or 60.9%, to \$43.6 million from \$27.1 million in 2003. The three new Hollywood Casino properties contributed \$14.1 million of the increase and the properties we owned prior to the acquisition contributed \$2.4 million. Charles Town increased its food, beverage and other revenue by \$1.0 million as a result of the increased attendance that added \$.6 million in food and beverage revenue and \$.4 million in revenue from retail operations and other ancillary services. At Casino Magic-Bay St. Louis, food, beverage and other revenue, including hotel revenues, increased by \$.6 million as a result of the marketing programs that were implemented to increase hotel occupancy and feature our dining outlets.

Promotional allowances increased in 2004 by \$10.6 million to \$22.3 million from \$11.7 million in 2003. The three new Hollywood Casino properties accounted for \$9.8 million of the increase and the properties we owned prior to the acquisition increased by \$.8 million. Of the \$.8 million, approximately \$.4 million of the increase was attributed to Charles Town because of the expansion of the facility and \$.4 million was attributable to the marketing of the hotel and convention center at Casino Magic-Bay St. Louis.

Racing Revenues

Racing revenues at our Pennsylvania facilities decreased in 2004 by \$.9 million, or 4.3%, to \$20.0 million from \$20.9 million in 2003. Adverse winter weather conditions were a factor as we had a number of race day cancellations and lower attendance on a number of other days.

There was no significant changes in food, beverage and other revenues at our racing properties.

Depreciation and amortization	11,969	860		12,829
Total operating expenses	\$ 165,556	\$ 21,122	\$ (347)	\$ 186,331

Operating expenses for the three month period ended March 31, 2004 increased by \$90.1 million, or 48.4%, to \$276.4 million from \$186.3 million in 2003. The three new Hollywood Casino properties were responsible for \$67.6 million of the increase in operating expenses. The increase was a result of comparing a three month period of operations in 2004 to a one month period of operations in 2003. For the properties we owned prior to the acquisition of the Hollywood Casino properties, expenses increased by \$22.8 million, or 15.1%. Our largest increases in operating expenses occurred at Charles Town, Casino Magic-Bay St. Louis and Bullwhackers Casino.

Gaming operating expenses

Gaming expenses increased in 2004 by \$53.0 million, or 52.5%, to \$154.0 million from \$101.0 million in 2003. The three Hollywood Casino properties accounted for \$37.9 million of the increase and the properties we owned prior to the acquisition increased by \$15.1 million. At the Charles Town Entertainment Complex, gaming expenses increased by \$13.7 million, or 34.1%, over the same period from last year due to the opening of an additional 38,000 square feet of gaming space with 700 new slot machines in July of 2003. At Casino Magic Bay St. Louis, gaming expenses increased by \$1.4 million and included higher gaming taxes and slot machine participation fees that increased with revenues and higher marketing expenses for entertainment and players club promotions. Gaming expenses at Bullwhackers increased by \$1.0 million or 30.7%, primarily as a result of the higher gaming taxes associated with higher revenues and increased marketing expenses for advertising and players club promotions.

Food, beverage and other expenses increased in 2004 by \$12.1 million to \$31.6 million from \$19.5 million in 2003. The three Hollywood Casino properties accounted for \$10.9 million of the increase and the properties we owned prior to the acquisition increased by \$1.2 million. Most of the increase occurred at Charles Town which had significant gains in attendance during the period compared to last year as a result of the gaming space expansion in July of 2003 and had increased staffing costs to properly service our customers and increased cost of sales due to increased food and beverage revenues.

General and administrative expenses increased by \$19.0 million to \$52.1 million in 2004 from \$33.1 million in 2003. The addition of the three Hollywood properties increased general and administrative expenses by \$14.1 million, the properties we owned prior to acquisition had an increase in general and administrative expenses of \$3.3 million and corporate overhead increased by \$1.6 million. General and administrative expenses at the properties includes facility maintenance, utilities, property and liability insurance, housekeeping, and all administration departments such as accounting, purchasing, human resources, legal and internal audit. At the properties, general and administrative expenses increased at Charles Town by \$2.9 million primarily as a result of the expansion project that added new gaming space. The other properties did not have any significant changes in these expenses. Corporate overhead expenses increased by \$1.6 million for the three months ended March 31, 2004 as compared to 2003. We continue to incur expenses for lobbying and site development expenses in connection with Pennsylvania slot legislation and Maine slot legislation. Other corporate expenses such as payroll and employee benefits, legal, outside services and travel have increased as a result of the Hollywood Casino acquisition in March of 2003. Notably, our corporate overhead as a percentage of our net revenues has decreased to 2.1% in 2004 compared to 2.4% in 2003.

Depreciation and amortization expense increased by \$6.5 million, or 54.2%, to \$18.5 million in 2004 from \$12.0 million in 2003. The addition of the Hollywood Casino properties increased depreciation and amortization expense by \$4.6 million. The remaining increase of \$1.9 million was primarily a result of the expansion at Charles Town for additional gaming space and the parking structure, the hotel complex at Casino Magic-Bay St. Louis and the purchase of new slot machines at many of our properties.

Racing operating expenses

Racing expenses at our Pennsylvania facilities decreased in 2004 by \$.8 million, or .5%, to \$14.8 million from \$15.6 million in 2003. Expenses that have a direct relationship to racing revenue such as purse expense, pari-mutuel taxes, simulcast fees and totalisator expense all decreased with the decrease in racing revenues.

Other racing related expenses such as food, beverage and other expenses, general and administrative expenses and depreciation expenses decreased slightly or have remained at the same levels as the prior period.

Income from operations

Operating income increased by \$15.5 million, or 39.9%, to \$54.3 million for the three months ended March 31, 2004 from \$38.8 million in 2003. The increase was all generated by our gaming properties. The primary drivers, as discussed above, in the growth of income from operations were the three Hollywood Casino properties, which accounted for \$11.2 million of the increase, and Charles Town, which accounted for \$3.4 million.

Other income (expense)

Other income (expense) summary (in thousands):

Edgar Filing: PENN NATIONAL GAMING INC - Form 10-Q/A

Three Months Ended March 31,	2003	2004
Other income (expense):		
Interest expense	\$ (16,352)	\$ (25,698)
Interest income	434	389
Earnings from joint venture	588	460
Other	(104)	(1,078)
Loss on change in fair values of interest rate swaps	(527)	
Loss on early extinguishment of debt	(1,310)	
Total other expense	\$ (17,271)	\$ (25,927)

Interest expense increased by \$9.3 million for the three months ended March 31, 2004 compared to 2003 as a result of borrowing an additional \$700 million for the acquisition of Hollywood Casino Corporation and the interest expense associated with the Hollywood Casino Shreveport notes. During the first quarter of 2004, we made principal payments of \$21.3 million on our senior secured credit facility, including an accelerated payment of \$20 million on March 31, 2004. Subject to the availability of attractive acquisition or project opportunities, we expect to continue to accelerate our principal payments as free cash flow allows.

During the first quarter of 2004, we incurred other non-recurring expenses of \$1.1 million. These expenses are primarily attributable to costs for debt negotiations relative to, and the proposed sale of, Hollywood Casino Shreveport.

Liquidity and Capital Resources

Historically, our primary sources of liquidity and capital resources have been cash flow from operations, borrowings from banks and proceeds from the issuance of debt and equity securities.

Net cash provided by operating activities was \$40.7 million for the three months ended March 31, 2004. This consisted of net income of \$17.8 million, non-cash reconciling items of \$23.4 million and net decreases in current liability accounts along with net decreases in current asset accounts of \$.5 million, net of assets and liabilities acquired in the Hollywood Casino Corporation acquisition.

Cash flows used in investing activities totaled \$9.9 million for the three months ended March 31, 2004. Expenditures for property, plant, and equipment totaled \$13.1 million and included \$2.0 million at Charles Town for the Phase III expansion project, \$3.5 million for a land purchase at Boomtown and \$7.6 million in maintenance capital expenditures including new slot machines. We also received a \$3.1 million cash distribution from our New Jersey joint venture.

Cash used in financing activities was \$20.6 million for the three months ended March 31, 2004. Principal payments on long-term debt included \$21.3 million in payments under our credit facility. Net proceeds from the exercise of stock options totaled \$1.2 million.

Outlook

Based on our current level of operations, and anticipated revenue growth, we believe that cash generated from operations and amounts available under our credit facility will be adequate to meet our anticipated debt service requirements, capital expenditures and working capital needs for the foreseeable future. We cannot assure you, however, that our business will generate sufficient cash flow from operations, that our anticipated revenue growth will be realized, or that future borrowings will be available under our credit facility or otherwise will be available to enable us to service our indebtedness, including the credit facility and the notes, to retire or redeem the notes when required or to make anticipated capital expenditures. In addition, if we consummate significant acquisitions in the future, our cash requirements may increase significantly. We may need to refinance all or a portion of our debt on or before maturity. Our future operating performance and our ability to service or refinance our debt will be subject to future economic conditions and to financial, business and other factors, many of which are beyond our control.

Capital Expenditures

Capital expenditures are budgeted and accounted for as either capital project or capital maintenance (replacement) expenditures. Capital project expenditures are for fixed asset additions that expand an existing facility. Capital maintenance (replacement) expenditures are expenditures to replace existing fixed assets with a useful life greater than one year that are obsolete, worn out or it is no longer cost effective to repair.

Edgar Filing: PENN NATIONAL GAMING INC - Form 10-Q/A

The following table summarizes our budgeted capital expenditures, other than maintenance capital expenditures, by property for the fiscal year ended December 31, 2004 and actual expenditures during the first quarter of 2004 (in thousands):

Property	Budget for Year Ended December 31, 2004		Expenditures Through March 31, 2004		Balance to Expend	
	\$		\$		\$	
Charles Town Entertainment Complex	\$	34,200	\$	2,034	\$	32,166
Boomtown Biloxi		5,460		3,481		1,979
Totals	\$	39,660	\$	5,515	\$	34,145

The Charles Town Entertainment Complex has started the design work for Phase III of the facility expansion. Phase III includes the expansion of the parking garage by approximately 1,050 spaces, adding an additional 300 slot machines and related equipment and infrastructure improvements, including a loading dock, dry storage area, offices and a maintenance shop. The parking garage should be completed by the third quarter of 2004 and the new gaming area should be open by the fourth quarter of 2004.

At Boomtown Biloxi, we signed an option to purchase approximately 4 acres of land adjacent to our Boomtown Biloxi property in January 2002. This purchase was completed in January 2004 at a cost of \$3.7 million and is part of our 2004 budget. We expect to use the land for additional parking and to develop the property in the event that we move the casino barge. The decision to move the casino barge is contingent upon the outcome of the lawsuit filed by our landlord that goes to trial in 2004. Moving the casino barge is estimated to cost approximately \$20.0 million. Due to the ongoing litigation with our landlord at the Boomtown Biloxi property, we have elected not to budget for any additional project-related capital expenditures in 2004 other than the acquisition of the land. In the event that this dispute can be resolved, we may elect to revisit the decision.

During 2003, we began expanding our corporate offices to provide additional workstations and office space for our employees. The first part of this project was completed in the second quarter of 2003. Additional office space expansion is planned for 2004.

During the quarter, we spent approximately \$7.6 million for maintenance capital expenditures at our properties.

For 2004, we expect to spend approximately \$53.7 million for maintenance capital expenditures at our properties. Of this total, approximately \$11.1 million will be spent on slot machines and ticket-in, ticket-out slot technology at our facilities in states where the new technology is approved.

Cash generated from operations funded our capital expenditures and maintenance capital expenditures.

Debt

Senior Secured Credit Facility

At March 31, 2004, we had an outstanding balance of \$378.7 million on the Term Loan D facility and \$92.2 million available to borrow under the revolving credit facility after giving effect to outstanding letters of credit of \$7.8 million. The weighted average interest rate on the Term D facility is 3.63% at March 31, 2004, excluding swaps and deferred finance fees.

Hollywood Casino Shreveport Notes

Edgar Filing: PENN NATIONAL GAMING INC - Form 10-Q/A

Hollywood Casino Shreveport and Shreveport Capital Corporation are co-issuers of \$150 million aggregate principal amount of 13% senior secured notes due 2006 and \$39 million aggregate principal amount of 13% first mortgage notes due 2006, which we refer to collectively in this document as the Hollywood Casino Shreveport notes. Hollywood Casino Shreveport is a general partnership that owns the casino operations. Shreveport Capital Corporation is a wholly-owned subsidiary of Hollywood Casino Shreveport formed solely for the purpose of being a co-issuer of the Hollywood Casino Shreveport notes.

The Hollywood Casino Shreveport notes are non-recourse to us and our subsidiaries (other than Hollywood Casino Shreveport, Shreveport Capital Corporation, HCS I, Inc., HCS II, Inc. and HWCC-Louisiana, Inc., which we refer to as the Shreveport entities) and are secured by substantially all of the assets of the casino, and the partnership interests held by HCS I, Inc. and HCS II, Inc. and the stock held by HWCC-Louisiana, Inc.

On February 3, 2004, our indirect subsidiary, HCS I, Inc., the managing general partner of Hollywood Casino Shreveport general partnership, or HCS, announced that its Board of Directors has initiated a process that it hopes will result in the sale or other disposition of the riverboat casino/hotel complex of HCS located in Shreveport, Louisiana. The announcement followed action by the Board authorizing HCS's financial advisor, Libra Securities LLC, to begin contacting potential acquirers. The Board also authorized the creation of an independent committee to oversee the sale process. The Board created the independent committee in case we seek to participate as a bidder in the sale process. The Board took action after consultation with an ad hoc committee of holders of the Hollywood Casino Shreveport notes. Although no formal agreement has been reached with the ad hoc committee regarding the sale process, HCS anticipates that it will consult with the ad hoc committee throughout the process. There can be no assurance that the process will result in the sale or other disposition of the riverboat casino/hotel complex or that, if it does, the sale proceeds will be adequate to pay the Hollywood Casino Shreveport notes in full. Further, the holders of the Hollywood Casino Shreveport notes might pursue all rights and remedies that they may have under the indentures as a result of the event of default. Any such action on the part of the note holders may prompt HCS to seek the protection of the bankruptcy laws or other similar remedies. HCS currently anticipates that any transaction would be effected through a federal bankruptcy proceeding. HCS did not make the August 1, 2003 and the February 1, 2004 interest payments, aggregating \$24.6 million, due on the Hollywood Casino Shreveport notes. The Hollywood Casino Shreveport notes have been in default under the terms of their respective note indentures since May 2003, and accordingly are classified as current obligations at March 31, 2004.

Covenants

Our senior secured credit facility requires us, among other obligations, to maintain specified financial ratios and satisfy certain financial tests, including interest coverage and total leverage ratios. In addition, our senior secured credit facility restricts, among other things, our ability to incur additional indebtedness, incur guarantee obligations, amend debt instruments, pay dividends, create liens on assets, make investments, make acquisitions, engage in mergers or consolidations, make capital expenditures, or engage in certain transactions with subsidiaries and affiliates and otherwise restrict corporate activities. The terms of our senior subordinated notes contain similar restrictions. Except for the defaults under the Hollywood Casino Shreveport notes, for which the Company (other than the Shreveport entities) is not liable, at March 31, 2004, we were in compliance with all required financial covenants.

Commitments and Contingencies*Contractual Cash Obligations*

The following table presents our contractual cash obligations as of March 31, 2004:

	Total	2004	Payments Due By Period 2005 - 2006 (In thousands)			2007	2008	2009 and After

Total	\$ 1,516,705	\$ 270,536	\$ 123,940			\$ 668,833		\$ 453,396

(1) As of March 31, 2004 there was no indebtedness outstanding under the credit facility and there was approximately \$92.2 million available for borrowing under the revolving credit portion of the credit facility.

(2) The \$200.0 million aggregate principal amount of 11 1/8% notes matures on March 1, 2008. Interest payments of approximately \$11.1 million are due on each March 1 and September 1 until March 1, 2008.

(3) The \$175.0 million aggregate principal amount of 8 7/8% notes matures on March 15, 2010. Interest payments of approximately \$7.8 million are due on each March 15 and September 15 until March 15, 2010.

(4) The \$200.0 million aggregate principal amount of 6 7/8% notes matures on December 1, 2011. Interest payments of approximately \$6.8 million are due on each June 1 and December 1 until December 1, 2011.

(5) The \$150.0 million aggregate principal amount of 13% senior secured notes matures August 1, 2006 and the \$39.0 million aggregate principal amount of 13% first mortgage notes matures August 1, 2006. Interest payments of approximately \$12.3 million are due on the notes each August 1 and February 1 until August 1, 2006. The Hollywood Casino Shreveport notes are non-recourse to us and our subsidiaries (other than HCS, Shreveport Capital Corporation, HCS I, Inc., HCS II, Inc. and HWCC-Louisiana, Inc.). The Hollywood Casino Shreveport notes have been in default under the terms of their respective note indentures since May 2003, and accordingly are classified as current obligations at March 31, 2004.

Other Commercial Commitments

The following table presents our material commercial commitments as of March 31, 2004 for the following future periods:

	Total Amounts Committed		Amount of Commitment Expiration Per Period					2009 and After
			2004	2005 (In thousands)	2006	2007	2008

Guarantees of New Jersey Joint Venture Obligations(2)		8,625	8,625					
Total	\$	16,434	\$ 16,434	\$		\$		\$

(1) The available balance under the revolving portion of the \$100 million senior secured credit facility is diminished by outstanding letters of credit.

(2) In connection with our 50% ownership interest in Pennwood Racing, Inc., our joint venture in New Jersey, we have entered into a debt service maintenance agreement with Pennwood's lender to guarantee up to 50% of Pennwood's \$17.2 million term loan. Our obligation as of March 31, 2004 under this guarantee is approximately \$8.6 million.

Interest Rate Swap Agreements

See Item 3, "Quantitative and Qualitative Disclosures About Market Risk" below.

Accounting Pronouncements Issued or Adopted in 2004

There are no accounting standards issued before March 31, 2004 but effective after December 31, 2003 which are expected to have a material impact on our financial reporting.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The table below provides information as of March 31, 2004, about our financial instruments that are sensitive to changes in interest rates, including debt obligations and interest rate swaps. For debt obligations, the table presents notional amounts and weighted average interest rates by maturity dates. For interest rate swaps, the table presents notional amounts and weighted average interest rates by contractual maturity dates. Notional amounts are used to calculate the contractual payments to be exchanged under the contract and the weighted average variable rates are based on implied forward rates in the yield curve as of March 31, 2004.

(1) Interest payable is based on the Three Month London Interbank Offer Rate (LIBOR) plus a spread.

(2) Interest payable is based on the Three Month London Interbank Offer Rate (LIBOR).

On December 20, 2000, we entered into an interest rate swap with a notional amount of \$100 million and a termination date of December 22, 2003. Under this agreement, we pay a fixed rate of 5.835% against a variable interest rate based on the 90-day LIBOR rate. On August 3, 2001, we entered into an interest rate swap with a notional amount of \$36 million with a termination date of June 30, 2004. Under this agreement, we paid a fixed rate of 4.8125% against a variable interest rate based on the 90-day LIBOR rate. On March 3, 2003, we terminated our \$36 million notional amount interest rate swap originally scheduled to expire in June 2004. We paid \$1.9 million to terminate the swap agreement.

We have a policy designed to manage interest rate risk associated with our current and anticipated future borrowings. This policy enables us to use any combination of interest rate swaps, futures, options, caps and similar instruments. To the extent we employ such financial instruments pursuant to this policy, they are accounted for as hedging instruments. In order to qualify for hedge accounting, the underlying hedged item must expose us to risks associated with market fluctuations and the financial instrument used must be designated as a hedge and must reduce our exposure to the market in fluctuations throughout the hedge period. If these criteria are not met, a change in the market value of the financial instrument is recognized as a gain or loss in the period of change. Interest paid or received pursuant to the financial instrument is included as interest expense in the period.

On March 27, 2003, we entered into forward interest rate swap agreements with a total notional amount of \$375.0 million in accordance with the terms of the \$800 million senior secured credit facility. There are three two-year swap contracts totaling \$175 million with an effective date of March 27, 2003 and a termination date of

March 27, 2005. Under these contracts, we pay a fixed rate of 1.92% against a variable rate based on the 90-day LIBOR rate. We also entered into three three-year swap contracts totaling \$200 million with a termination date of March 27, 2006. Under these contracts, we pay a fixed rate of 2.48% to 2.49% against a variable rate based on the 90-day LIBOR rate. The difference between amounts received and amounts paid under such agreements, as well as any costs or fees, is recorded as reduction of, or addition to, interest expense as incurred over the life of the swap or similar financial instrument. At March 31, 2004, the 90-day LIBOR rate was 1.14%.

ITEM 4. CONTROLS AND PROCEDURES

Our management, under the supervision and with the participation of the principal executive officer and principal financial officer, have evaluated the effectiveness of our controls and procedures related to our reporting and disclosure obligations as of March 31, 2004, which is the end of the period covered by this Quarterly Report on Form 10-Q. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based on that evaluation, the principal executive officer and principal financial officer have concluded that these disclosure controls and procedures are sufficient to provide that (a) material information relating to us, including our consolidated subsidiaries, is made known to these officers by other employees of us and our consolidated subsidiaries, particularly material information related to the period for which this periodic report is being prepared; and (b) this information is recorded, processed, summarized, evaluated and reported, as applicable, within the time periods specified in the rules and forms of the Securities and Exchange Commission.

There were no changes that occurred during the fiscal quarter covered by this Quarterly Report on Form 10-Q that have materially affected, or are reasonable likely to materially affect, our internal controls over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Information in response to this Item is incorporated by reference to the information set forth in Note 10. Litigation in the Notes to Consolidated Financial Statements in Part I of this Quarterly Report on Form 10-Q.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

As discussed in the Liquidity and Capital Resources Section of Management's Discussion and Analysis of Financial Condition and Results of Operations, following the March 3, 2003 consummation of the merger of our wholly-owned subsidiary with and into Hollywood Casino Corporation, HCS and Shreveport Capital Corporation were required under the indentures governing the Hollywood Casino Shreveport notes, of which there were aggregate of \$189 million outstanding, to make an offer to purchase the Hollywood Casino Shreveport notes. On March 14, 2003, the HCS and Shreveport Capital Corporation were notified by an ad hoc committee of holders of the Hollywood Shreveport notes that they have 60 days from receipt of the notice to cure the failure to offer to purchase the Hollywood Casino Shreveport notes or an event of default will have occurred under the indentures. Neither HCS nor Shreveport Capital Corporation made a Change of Control offer to purchase the

Edgar Filing: PENN NATIONAL GAMING INC - Form 10-Q/A

Hollywood Casino Shreveport notes within the 60 days and, as a result, a default occurred.

On February 3, 2004, our indirect subsidiary, HCS I, Inc., the managing general partner of HCS, announced that its Board of Directors has initiated a process that it hopes will result in the sale or other disposition of the riverboat casino/hotel complex of HCS located in Shreveport, Louisiana. We anticipate that any transaction may be effected through a federal bankruptcy proceeding. There can be no assurance that the process will result in the sale or other disposition of the riverboat casino/hotel complex or that, if it does, the sale proceeds will be adequate to pay the Hollywood Casino Shreveport notes in full. Further, the holders of the

Hollywood Casino Shreveport notes might pursue all rights and remedies that they may have under the indentures as a result of the event of default. Any such action on the part of the note holders may prompt HCS to seek the protection of the bankruptcy laws or other similar remedies. On August 1, 2003 and February 1, 2004, interest payments of \$12.3 million each became due on the Hollywood Casino Shreveport notes. The managing general partner of Hollywood Casino Shreveport did not make those payments.

The Hollywood Casino Shreveport notes are non-recourse to Penn and its subsidiaries (other than Hollywood Casino Shreveport, Shreveport Capital Corporation, HCS I, Inc., HCS II, Inc. and HWCC-Louisiana, Inc.) and are secured by substantially all of the assets of the casino, and the partnership interests held by HCS I, Inc. and HCS II, Inc. and the stock held by HWCC-Louisiana, Inc. Further, an event of default under the indentures for the Hollywood Casino Shreveport notes does not cause an event of default under the Company's senior secured credit facility or senior subordinated notes.

ITEM 5. OTHER INFORMATION

Recent Developments

Since the filing of our last Annual Report on Form 10-K, several developments have occurred with respect to certain matters noted in our annual report.

Development activity in Maine

In April 2004, in the litigation brought by certain special interest groups challenging the grant of the conditional racing license to Bangor Historic Track, Inc., the trial court dismissed the petitioners' appeals from the Maine Harness Racing Commission decision granting a conditional license. No appeal of the court's decision has been taken and the time to file such appeals has expired. There is still pending before the trial court an independent count requesting declaratory judgment regarding the initial gaming legislation adopted in Maine; however that legislation has since been repealed and replaced. It is unclear at this time whether the plaintiffs intend to pursue this count.

In May 2004, the governor of Maine signed into law a bill providing for increased taxation and additional regulation of slot machine gaming as well as for the creation of a gambling control board. The law takes effect on July 29, 2004. Nomination and appointment of the members of the new gambling control board is currently expected to be completed by the close of the third quarter of 2004. The governor also signed an executive order creating a gambling advisory council that is tasked with immediately commencing work on the creation and implementation of the State's regulatory structure.

While we are preparing to move forward with this project, no assurance can be given that we will be able to complete this project or the transaction contemplated by the purchase agreement relating to this project. There remain several conditions and contingencies regarding the consummation of the purchase transaction, and both the regulatory and legislative environments continue to remain subject to uncertainty, including, without limitation, the process of adopting rules and regulations necessary to allow for the issuance of gaming related licenses.

Hollywood Casino Shreveport

In May 2004, our indirect subsidiary, HCS I, Inc., the managing general partner of Hollywood Casino Shreveport general partnership, or HCS, distributed formal requests for bids from certain qualified bidders recommended by its independent financial advisor. There can be no assurance that the process will result in the sale or other disposition of the riverboat casino/hotel complex or that, if it does, the sale proceeds will be adequate to pay the HCS notes in full. HCS currently anticipates that any transaction would be effected through a federal bankruptcy proceeding.
