PROXY STATEMENT

This Proxy Statement and the accompanying Notice of Annual Meeting of Shareholders and Proxy Card are being furnished in connection with the solicitation by the Board of Directors of Manugistics Group, Inc. (the "Company") of proxies to be voted at the Annual Meeting of Shareholders scheduled to be held on Thursday, August 4, 2005, at 9:00 a.m. E.D.T. at the Company's principal executive office located 9715 Key West Avenue, Rockville, Maryland, and any adjournment or postponement thereof (the "Meeting"). This Proxy Statement and the enclosed Proxy Card are being furnished on or about June 28, 2005, to all holders of record of the Company's Common Stock (the "Common Stock") as of 5:00 p.m. E.D.T. on June 17, 2005. A copy of the Company's 2005 Annual Report on Form 10-K, including consolidated financial statements for the fiscal year ended February 28, 2005, accompanies this Proxy Statement.

At the Meeting, shareholders will elect two Class I directors, each to serve for a term of three years (Proposal 1).

VOTING SECURITIES AND RECORD DATE

The Board of Directors has fixed 5:00 p.m. E.D.T. on June 17, 2005 as the record date (the "Record Date") for determination of shareholders entitled to notice of and to vote at the Meeting. As of the Record Date, there were 83,820,360 shares of Common Stock issued and outstanding and there were no other voting securities of the Company outstanding. The presence at the Meeting, in person or by proxy, of a majority of the outstanding shares of Common Stock, or 41,910,181 shares, shall constitute a quorum for the Meeting. Each outstanding share of Common Stock entitles the record holder thereof to one vote. Abstentions and broker non-votes (where a broker or nominee is not permitted to vote on a matter without specific instructions) are not counted as votes cast on any matter to which they relate, but are counted in determining the presence of a quorum. The election of directors is considered a routine matter for which brokers may vote without specific instructions.

Election of Directors. Assuming the presence of a quorum, a plurality of the votes cast at the Meeting is required to elect each of the nominees for director. Abstentions and broker non-votes have no effect on the outcome of the election.

VOTING RIGHTS AND SOLICITATION OF PROXIES

Eligible shareholders of record may vote at the Meeting in person or by means of the enclosed Proxy Card. You may specify your voting choices by marking the appropriate boxes on the Proxy Card. The proxy solicited hereby, if properly signed and returned to the Company and not revoked prior to or at the Meeting, will be voted in accordance with the instructions specified thereon. If you properly sign and return your Proxy Card, but do not specify your choices, your shares will be voted by the proxy holders as recommended by the Board of Directors.

The Board of Directors encourages you to complete and return the Proxy Card even if you expect to attend the Meeting. You may revoke your proxy at any time before it is voted at the Meeting by giving written notice of revocation to the Secretary of the Company, by submission of a proxy bearing a later date or by attending the Meeting in person and casting a ballot.

The proxy holders, Joseph L. Cowan and Timothy T. Smith, will vote all shares of Common Stock represented by Proxy Cards that are properly signed and returned by shareholders. The Proxy Card also authorizes the proxy holders to vote the shares represented with respect to any matters not known at the

time this Proxy Statement is mailed that may properly be presented for consideration at the Meeting. **You must return a signed Proxy Card if you want the proxy holders to vote your shares of Common Stock.**

The cost of soliciting proxies will be borne by the Company. Following the mailing of proxy solicitation materials, proxies may be solicited by directors, officers and employees of the Company and its subsidiaries personally, by telephone or otherwise. Such persons will not receive any fees or other compensation for such solicitation. In addition, the Company will reimburse brokers, custodians, nominees and other persons holding shares of Common Stock for others for their reasonable expenses in sending proxy materials to the beneficial owners of such shares and in obtaining their proxies.

PROPOSAL 1 ELECTION OF DIRECTORS

The Second Amended and Restated By-Laws of the Company (the By-Laws) provide that the Company's business shall be managed by a Board of Directors of not fewer than six and not more than nine directors, with the number of directors to be fixed by the Board of Directors from time to time. The number of directors is presently fixed at nine. The By-Laws also provide that the Company's Board of Directors is divided into three classes: Class I, Class II and Class III, each class being as nearly equal in number as possible. The directors in each class serve terms of three years and until their respective successors have been elected and qualified. The term of office of one class of directors expires each year in rotation so that one class is elected at each annual meeting of shareholders for a three-year term.

On October 24, 2002, William H. Janeway, a partner of Warburg Pincus & Co. and a Vice-Chairman and member of Warburg Pincus LLC, a private equity investment firm, was nominated and appointed as a Class III director pursuant to the request for representation on the Board from Warburg Pincus Private Equity VIII, L.P. (WP VIII) as a result of WP VIII's significant ownership interest in the Company in 2002. In connection with Mr. Janeway's appointment to the Board, the Company entered into a standstill agreement with WP VIII. Under the standstill agreement, the Company consented to the acquisition by WP VIII and certain of its affiliates of up to 19.9% of the Common Stock and agreed that, for as long as WP VIII and its affiliates beneficially own at least ten percent (10%) of the outstanding shares of Common Stock, the Company would nominate and use its best efforts to have elected to the Board one person designated by WP VIII and reasonably acceptable to the Company. If WP VIII beneficially owns less than ten percent (10%) of the outstanding shares of Common Stock as a result of the sale, transfer or disposition of shares of Common Stock by WP VIII, then upon the request of the Company, WP VIII's designated member of the Board would be required to resign from the Board. Mr. Janeway is indemnified by WP VIII in connection with his service on the Company's Board of Directors

There are presently three directors in Class I, two directors in Class II and three directors in Class III. The term of the three Class I directors, J. Michael Cline, Lynn C. Fritz and Kevin C. Melia, will expire at the Meeting. In the spring of 2004, Mr. Cline informed the Board of Directors that he would not stand for re-election to another term. The Class II and Class III directors will remain in office for the remainder of their respective terms, as indicated below. There is presently one vacancy on the Board created by the resignation of Gregory J. Owens, a Class III director, in April 2005. A second vacancy will be created upon the expiration of Mr. Cline's term at the Meeting. Based upon the recommendations to be made by the Corporate Governance Committee, the Board of Directors will consider suitable candidates to fill the vacancies. At the request of the Board, the Company has engaged a national search firm to assist the Corporate Governance Committee in identifying a suitable candidates to fill the Class I and III vacancies on the Board of Directors.

At the Meeting, two Class I directors are to be elected. Each of the two director nominees, Lynn C. Fritz and Kevin C. Melia, is presently a director of the Company. Each nominee has consented to being named as a nominee for director of the Company and has agreed to serve if elected. In the event that any

nominee should become unavailable or unable to serve as a director prior to the Meeting, the persons named as proxies on the Proxy Card will vote for the person(s) the Board of Directors recommends.

Candidates for election to the Board of Directors at annual meetings of shareholders are nominated by the Board of Directors. The Corporate Governance Committee is responsible for identifying and recommending nominees for director to the Board of Directors. The Corporate Governance Committee has the authority to hire advisors to assist it in identifying suitable candidates at the Company's expense. Shareholders may recommend director candidates to the Corporate Governance Committee for consideration in accordance with the procedures set forth in the Company's Corporate Governance Guidelines. The recommendation must be in writing and set forth the information prescribed in the Corporate Governance Guidelines. The Corporate Governance Committee will accept for consideration only one recommendation from any shareholder or affiliated group of shareholders for each annual meeting of shareholders. The Corporate Governance Committee evaluates each candidate, including candidates recommended to the Corporate Governance Committee by shareholders, according to the candidate's professional experience, expertise, judgment, personal integrity, independence, ability to devote time and attention to the Board and whether the candidate has any conflicts of interest with the Company. The Corporate Governance Committee may also consider other characteristics that it deems relevant. Shareholders may contact the Corporate Governance Committee by writing c/o the Corporate Secretary of Manugistics Group, Inc., 9715 Key West Avenue, Rockville, Maryland 20850. Manugistics' Corporate Governance Guidelines, as adopted, are available at www.manugistics.com.

Shareholders are also entitled to nominate director candidates for the Board of Directors in accordance with the procedures set forth in the By-Laws. Shareholders may nominate candidates for election to the Board of Directors if notice of such nomination is given to the Secretary of the Company 60 days in advance of an annual meeting, if the meeting is to be held on a day within 30 days prior to the anniversary of the preceding year's annual meeting, or 90 days in advance of the annual meeting if the annual meeting is held on or after the anniversary of the preceding year's annual meeting. With respect to annual meetings held 30 days or more prior to the anniversary of the preceding year's annual meeting and with respect to special meetings, notice of the nomination must be received no later than the close of business on the tenth day after the public announcement of the date of such meeting. The shareholder's notice must set forth as to each nominee (i) the nominee's name, age, and business and residence address, (ii) the nominee's principal occupation, (iii) the class and number of shares of the Company's equity securities beneficially owned by the nominee, and (iv) such other information regarding such nominee that is required to be disclosed under the proxy rules of the Securities and Exchange Commission relating to elections of directors (including the nominee's written consent to serve if elected). In addition, the notice must give the name and address of the shareholder giving the notice as they appear on the Company's books and the class and number of shares of the Company's equity securities beneficially owned by the shareholder.

Set forth below is certain information regarding each nominee for Class I director, and each Class II and Class III director, each of whose term of office will continue after the Meeting.

Compensation of Directors

The Company pays all non-employee directors an annual retainer of \$15,000, except for the Chairman of the Board, who receives an annual retainer of \$80,000. Additionally, the Chairman of the Audit Committee receives an annual retainer of \$10,000, and each of the Chairmen of the Company's other committees receives an annual retainer of \$5,000. Non-employee directors also receive \$1,000 for each Board and committee meeting attended. Directors who are employees of the Company do not receive any compensation for their service on the Board. Directors are reimbursed for their reasonable out-of-pocket expenses incurred in connection with attendance at meetings of the Board of Directors and its committees. Mr. Cline served as Lead Independent Director until April 2005, when Mr. Melia, an independent director, was appointed Chairman of the Board. Mr. Cline was paid an annual retainer of \$10,000 for his service as Lead Independent Director.

In addition, under the Company's Amended and Restated 1998 Stock Option Plan (the "1998 SOP"), each non-employee director, including the Chairman of the Board, receives annually, commencing with the first annual meeting of shareholders following the date of appointment or election to the Board, an option to purchase 10,000 shares of Common Stock. Any non-employee director who is appointed or elected to the Board after March 1, 2003 receives an option to purchase 35,000 shares on the date of appointment or election, prorated based on the number of fiscal quarters ending from the date of the appointment or election until the next annual meeting. All of these options vest quarterly over a five-year period. The 1998 SOP further provides that discretionary grants of options may also be made to non-employee directors. In April 2005, Mr. Melia received a discretionary grant of an option to purchase 100,000 shares of Common Stock in connection with his appointment as Chairman of the Board, which vests quarterly over five years. All stock option grants have been granted with a per share exercise price equal to the market price of a share of Common Stock on the date of grant, as determined under the 1998 SOP.

Governance of the Company

Board of Directors Meetings. During fiscal 2005, the Board of Directors held fourteen meetings, including four regularly scheduled meetings and ten special meetings. Under the Company's Corporate Governance Guidelines, the independent members of the Board of Directors are required to meet quarterly, before or after regularly scheduled Board meetings. Directors are expected to attend all regular Board meetings in person, absent family or health emergencies or exigent or unavoidable business conflicts. All members of the Board of Directors on the date of the 2004 Annual Meeting attended the 2004 Annual Meeting. No director attended fewer than 75% of the aggregate of (1) the total number of Board meetings held during the period he was a director and (2) the total number of meetings of the Board committee or committees on which he served during the period he served on such committee or committees.

Independence of Directors. Under the Company's Corporate Governance Guidelines and as required under the listing standards of the Nasdaq Stock Market, the full Board is required to annually assess the independence of the non-management directors of the Board by reviewing the financial and other relationships between the directors and Manugistics. This review is designed to determine whether these directors are independent, as defined under the listing standards of the Nasdaq Stock Market. In general, to be deemed independent, a director must have no material relationship with the Company, directly or indirectly. A relationship is considered material if in the judgment of the Board it would interfere with the director's independent judgment. The Board has determined that six of the Company's seven

non-management directors are independent under this standard. The Board made these independence determinations with consideration of the business and other relationships between the Company and members of the Board of Directors, and among directors, disclosed in this Proxy Statement. The Board has determined that Mr. Jacovini does not qualify as an independent director, in view of the business relationship between the Company and Dilworth Paxson LLP, which provides legal services to the Company and of which Mr. Jacovini is a partner and Chairman. As a result, Mr. Jacovini does not serve on any of the Company's standing committees. Otherwise, Mr. Jacovini continues to participate fully in the Board's activities and to provide valuable expertise and advice. Commencing with the Company's next fiscal year, Mr. Jacovini will be eligible, under the listing standards of the Nasdaq Stock Market, for consideration as an independent director.

Shareholder Communications. Under the Company's Corporate Governance Guidelines, shareholders who wish to communicate with the Board of Directors or any of its committees or directors should address their correspondence to the Board, committee or directors they wish to communicate with, by name or title, c/o the Secretary of Manugistics Group, Inc., 9715 Key West Avenue, Rockville, Maryland 20850. The Secretary of the Company monitors shareholder communications, forwards the shareholder communications to the Board, Board committee or director, as applicable, and facilitates an appropriate response. The Secretary of the Company also keeps the Chairman of the Board apprised of such shareholder communications and the responses to those communications.

Lead Independent Director. Until the appointment of Kevin C. Melia, an independent director, as Chairman of the Board in April 2005, J. Michael Cline served as the Lead Independent Director of the Board of Directors.

Board of Directors Committees. The Board of Directors has established standing Audit, Compensation and Corporate Governance committees. The membership of each of these standing committees is determined from time to time by the full Board, based on the recommendation of the Corporate Governance Committee. The Board of Directors has adopted written charters for the Audit Committee, the Compensation Committee and the Corporate Governance Committee, which can be found on the Company's web site at www.manugistics.com. In light of the two vacancies on the Board following Mr. Cline's departure, the Board may consider amending the Company's Corporate Governance Charter and Corporate Governance Guidelines to permit a non-independent director to serve on a committee pursuant to the listing standards of the Nasdaq stock market. Under the Nasdaq listing standards, a company may appoint one non-independent director to each of its audit committee, compensation committee and nominations committee if the company's Board of Directors, under exceptional and limited circumstances, determines that membership on such committee by a non-independent director is in the best interests of the company and its stockholders.

Audit Committee. The Audit Committee, which presently consists of William G. Nelson, Chairman, Kevin C. Melia and Thomas A. Skelton, held eleven meetings during fiscal 2005. The Board of Directors has determined that all members of the Audit Committee are independent as that term is defined in the applicable Nasdaq listing standards and regulations of the Securities and Exchange Commission. In addition, the Board of Directors has determined that Mr. Nelson, Mr. Melia and Mr. Skelton have the financial experience required by the applicable Nasdaq listing standards and each of Mr. Nelson and Mr. Melia is an audit committee financial expert as defined by applicable regulations of the Securities and Exchange Commission.

The Committee operates under a written charter adopted by the Board of Directors and assists the Board of Directors in fulfilling its oversight responsibilities with respect to the accounting, internal controls and financial reporting processes of the Company and audits of the financial statements of the Company. As part of its responsibilities, the Committee appoints, determines funding for, oversees (including resolution of disagreements between management and the auditor regarding financial reporting), evaluates

and has the authority to replace the Company's independent auditor. In addition, the committee, in consultation with the independent auditor and senior management, reviews the adequacy and quality of the Company's financial reporting processes and system of internal controls. The Committee meets with the Company's independent auditor, with and without management present, to discuss the results of their audits and reviews, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee reviews with senior management and, where appropriate, the independent auditor, the financial information contained in the Company's quarterly earnings releases and quarterly and annual reports (i.e., Forms 10-Q and 10-K), and determines whether to recommend the inclusion of the Company's audited financial statements in its annual report for filing with the Securities and Exchange Commission.

The information contained in this Proxy Statement with respect to the Audit Committee charter and the independence of the members of the Audit Committee shall not be deemed to be soliciting material or to be filed with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any prior or subsequent filing under the Securities Act of 1933, as amended (the Securities Act), or the Securities Exchange Act of 1934, as amended (the Exchange Act), except to the extent that the Company specifically incorporates it by reference in such filing.

Compensation Committee. The Compensation Committee, which presently consists of J. Michael Cline, Chairman, William G. Nelson and William H. Janeway, held three meetings during fiscal 2005. The Board of Directors has determined that all members of the Compensation Committee are independent as that term is defined in the applicable Nasdaq listing standards. The Committee operates under a written charter adopted by the Board of Directors and assists the Board of Directors in fulfilling its responsibilities for matters related to: determination and approval of the compensation and equity incentives and awards for the Company's chief executive officer and other executive officers; review and making of recommendations to the Board of Directors regarding the Company's compensation and equity incentive and award plans, policies and programs; and administration of the Company's equity incentive and award plans.

Corporate Governance Committee. The Corporate Governance Committee, which presently consists of Lynn C. Fritz, Chairman, J. Michael Cline and William H. Janeway, held one meeting during fiscal 2005. The Board of Directors has determined that all members of the Corporate Governance Committee are independent as that term is defined in the applicable Nasdaq listing standards. The Committee operates under a written charter adopted by the Board of Directors and assists the Board of Directors in fulfilling its responsibilities for matters related to the governance of the Company and also serves as the nominating committee of the Board of Directors. As part of its responsibilities, the Committee monitors and reviews emerging corporate governance issues and principles and relevant regulatory developments; recommends rules and processes relating to corporate governance matters to the Board of Directors; recommends to the Board of Directors nominees for election to the Board of Directors, at annual or special meetings of the shareholders of the Company; and recommends, for the approval of the full Board of Directors, candidates to fill vacancies on the Board of Directors.

Other Corporate Governance Initiatives. The Company's Audit Committee established policies and procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters. The Board also approved a code of business conduct and ethics for all employees of our Finance department, as well as the chief executive officer, chief financial officer and principal accounting officer, known as the Code of Ethics, and a code of business conduct and ethics for all directors, officers and employees, known as the Code of Conduct. The policies and procedures referenced can be found on the Company's web site at www.manugistics.com.

Equity Compensation Plans Not Approved by Securityholders

The Company has granted stock option awards under the following equity compensation plans that are not approved by the shareholders: the Company's Amended and Restated 2000 Non-Qualified Stock Option Plan (2000 SOP) and four stock option plans with two individuals.

2000 SOP

The 2000 SOP, as amended, provides for the grant of non-qualified stock options to the Company's employees (and employees of subsidiaries), including directors who are employees. Non-employee directors and consultants may receive non-qualified stock options. As of May 31, 2005, a maximum of 244,649 shares are authorized for issuance under the 2000 SOP, all of which were issuable. As of May 31,

2005, there were approximately 222 employees and no directors participating in the 2000 SOP. All shares issuable under the 2000 SOP have been registered.

On July 27, 2001, the Company terminated the 2000 SOP as to all unissued options on that date. No further options will be granted under the 2000 SOP, except that options were granted in exchange for options cancelled under the Company's 2003 OEP that were originally granted under the 2000 SOP or the Company's 1996 Fifth Amended and Restated Stock Option Plan were granted under the 2000 SOP. Although terminated as to most new option grants (other than the replacements just mentioned), it continues to govern outstanding grants.

Administration. The Company's Compensation Committee administers the 2000 SOP. This committee of the Board of Directors consists of not fewer than two members of the Board, each of whom is a Non-Employee Director (as defined in Rule 16b-3 under the Exchange Act). Subject to the terms and conditions and within the limitations of the 2000 SOP, the Compensation Committee may modify outstanding options granted under the 2000 SOP, except that no modification of an option may, without the consent of the optionee, impair any rights under any option theretofore granted under the 2000 SOP, and no modification may, without the consent of shareholders, decrease the exercise price of outstanding options. The Compensation Committee also has the full power to construe and interpret the 2000 SOP and make any determination of fact incident to the 2000 SOP; issue, amend, and rescind rules and regulations relating to the implementation, operation, and administration of the 2000 SOP; and make all other determinations and take all other actions as the Committee may deem necessary or advisable for the administration and operation of the 2000 SOP.

Price. The exercise price of all stock options granted under the 2000 SOP must be at least equal to the fair market value of the Common Stock on the date of grant.

Terms and Exercisability. An option will be exercisable at such time or times and subject to such terms and conditions as the Compensation Committee determines at the date of grant. Options may be exercised by an optionee only during the period in which the optionee is employed by the Company or its subsidiaries, except that the Compensation Committee may permit the exercise of any option for any period following the optionee's termination of employment not in excess of the original term of the option on such terms and conditions as it deems appropriate. If any option is subject to any vesting requirements, the Compensation Committee may provide for the acceleration of the time in which such option may be exercised.

Option Exercise Payment. The 2000 SOP permits Common Stock purchased upon the exercise of options to be paid (i) in cash or by check, (ii) through a broker-facilitated cashless exercise procedure to the extent permitted by applicable law, or (iii) if approved by the Compensation Committee, by delivery of shares owned by the optionee, provided such shares have been held for at least six months, in each case subject to the Sarbanes-Oxley Act of 2002 or other applicable law.

Merger or Consolidation. If the Company is the surviving corporation after a merger or consolidation, outstanding awards will pertain to the resulting corporation, subject to adjustments as appropriate to provide that it relates to the consideration a shareholder received. If the Company dissolves, liquidates, or merges or consolidates but does not survive, each option will terminate (unless assumed or replaced by a successor or related company) provided that an optionee must have an opportunity before the transaction or other event to exercise all his then outstanding options. Notwithstanding the foregoing, if an employee is terminated involuntarily without cause within one year after a consolidation or merger in which the Company is not the surviving corporation, all outstanding options (i.e., successor options) will be exercisable for a period of 90 days after such termination, but in no event longer than the original expiration date set forth in the option.

Adjustment Upon Changes In Capital Structure. If the Company undergoes a change in its capital structure, capitalization or common stock, such as a stock dividend, stock split, recapitalization, merger, consolidation, split-up, combination or exchange of shares or other form of reorganization or any other change affecting the Common Stock, the Board will make such proportionate adjustment, if any, as it may consider appropriate to reflect such change with respect to the maximum number of shares of Common Stock that may be issued under the 2000 SOP, the number of shares of Common Stock subject to any outstanding option, the per share exercise price in respect to any outstanding option, and any other term or condition of any grant affected by any such change.

Amendment. The Board of Directors may amend the 2000 SOP at any time.

Termination. On July 27, 2001, the Company terminated the 2000 SOP as to all unissued options on that date. No further options will be granted under the 2000 SOP, except that options under the 2000 SOP were granted in exchange for options cancelled under the Company's 2003 OEP that were originally granted under the 2000 SOP or the Company's 1996 Fifth Amended and Restated Stock Option Plan. Although terminated as to most new option grants (other than the replacements just mentioned), it continues to govern outstanding grants.

Individual Stock Option Plans

Individual Stock Option Plans. The Company also has four stock option plans with two individuals that were entered into in connection with those individuals' employment with the Company. Three of the four plans grant options to the Company's former Chairman and Chief Executive Officer (the Former CEO Plans), Gregory J. Owens, and one plan grants options to the Company's former President (the Former President's Plan), Jeremy P. Coote. These plans have not been approved by the shareholders of the Company. The four stock plans contain substantially the same terms and conditions as those of the 2000 SOP. All of the shares issuable under these plans have been registered.

The options issued under the Former CEO Plans vested and became exercisable in equal monthly installments over terms of 48 or 60 months, and are fully vested. The options issued under the Former President's Plan vest and become exercisable upon the earlier to occur of satisfaction of specified performance criteria or seven years. Each of these stock option plans contain change in control rights, which provide that 50% of the option vests immediately upon the occurrence a change in control of the Company, and 100% of the option vests immediately if the employee's responsibilities are diminished or the employee is constructively terminated following a change in control. A change in control is deemed to have occurred if 51% of the Company's voting stock is acquired by any person or affiliated group of persons in a single or series of related transactions. The period of exercise following such a termination is three months from the date of termination of employment in the event that the employee is terminated without cause by the Company. The exercisability of the Former CEO Plans was amended in connection with Mr. Owens resignation as Chief Executive Officer of the Company, effective July 21, 2004. As amended, all options are exercisable through January 22, 2006, after which date all unexercised options shall be forfeited. Under the terms of the former President's Plan, vesting and exercisability continue for up to twelve months in the event that employment is terminated by the Company without cause or by the President for Good Reason (as defined in the President's Plan). The period of exercise following such a termination is one month from the date of termination unless extended as provided in the option agreement. Mr. Coote's employment with the Company terminated August 31, 2004 without cause. The option granted under the Former President's Plan shall expire in full on September 30, 2005 before vesting.

Each of these four stock option plans provides for a term of ten years, unless sooner terminated.

As of May 31, 2005, a total of 5,251,000 shares of Common Stock are issuable under these four stock plans.

Employment Agreements

The Company entered into a two-year employment agreement with Mr. Cowan in fiscal 2005 in connection with the commencement of his employment with the Company under which he receives a minimum annual base salary. Under his agreement, Mr. Cowan is eligible for bonuses of up to 100% of his annual base salary. The Company entered into employment agreements with Messrs. Rajaji and Walravens in fiscal 2000, and with Mr. Kubera in 1993, in connection with the commencement of their employment with the Company under which each receives a minimum annual base salary. Assuming the fiscal 2005 bonus arrangements continue without modification in fiscal 2006, Messrs. Rajaji and Kubera would be eligible for bonuses of up to 95% and 100%, respectively, of their respective annual base salaries. Under the terms of these agreements, the Company also provides to each of Messrs. Cowan and Rajaji certain benefits, including medical, life and disability insurance, participation in any Company's employee stock purchase plan, and fringe benefits. These same benefits are also provided to Messrs. Kubera and Walravens. In addition, Mr. Cowan receives a monthly car allowance of \$1,350, and is entitled to a health club membership subject to an annual cap of \$3,000 and reimbursement up to \$25,000 for financial or tax advice in the event of a change in control of the Company.

Under the respective employment agreements, if the Company terminates the executive's employment other than for cause, the Company will make severance payments to the executive in the amount of his base salary and benefits during the six-month period, in the case of Messrs. Rajaji, Kubera and Walravens, and during a twelve-month period, in the case of Mr. Cowan, commencing on the termination date. The severance payments to the executive will cease if he obtains alternative employment during the severance period. In addition, under the terms of Mr. Rajaji's employment agreement, if his employment is terminated by the Company other than for cause, the vesting of options granted to him in his employment agreement will continue for a period of up to six months beginning on the date of an involuntary termination of employment. Under the terms of their employment agreements, all options granted to Mr. Cowan and Mr. Kubera shall continue to vest during the period severance payments are made. Mr. Kubera's employment agreement provides that on his termination of employment by the Company other than for cause, all options granted to him shall continue to vest during the term he receives severance payments. Some or all of the executive's options may immediately vest in the event of a change of control of the Company, under the terms of the employment agreement or subsequent option grants.

Under a separation agreement between Mr. Owens and the Company, Mr. Owens received a lump sum of \$10,000 and is entitled to receive over a twelve-month period (the severance period) commencing October 23, 2004 at regular payroll intervals, severance payments equal to one year's base salary. During the severance period, the Company agreed to continue to pay certain life, accidental death and dismemberment and long-term disability insurance premiums, the cost of continuation of Mr. Owens' family health insurance coverage under COBRA, and for the preparation and filing of Mr. Owens' 2004 tax returns. All such payments and benefits shall cease if Mr. Owens takes full-time employment or part-time employment during the severance period that conflicts with the business of the Company. Under the agreement, Mr. Owens' restricted stock and stock options granted under the Company's 1998 Stock Option Plan continue to vest and become exercisable through November 22, 2005, and Mr. Owens' stock options granted under three individual plans continue to vest and become exercisable through January 22, 2006, after which applicable date any unvested restricted stock and unvested or unexercised stock options shall lapse or be forfeited. The agreement also contains certain customary provisions regarding indemnification, non-disparagement, non-solicitation and non-competition rights and obligations, as well as a full release of claims by Mr. Owens.

Under a separation agreement between the Company and Mr. Holmes effective February 28, 2005, Mr. Holmes is entitled to receive, over a twenty-six week period commencing March 1, 2005 (the severance period), severance payments equal to twenty-six week's base salary. During the severance period, the Company also has agreed to continue certain life insurance benefits on Mr. Holmes' life in the

amount of \$700,000, to reimburse Mr. Holmes for the cost of preparing his tax returns for 2004, to reimburse Mr. Holmes up to \$1,800 for a comprehensive physical exam to be performed at any time during the severance period, to reimburse Mr. Holmes for up to \$1,000 for the cost of life insurance premiums on new policies he obtains on his life to provide coverage during the severance period, and to pay for Mr. Holmes continuation of health insurance coverage under COBRA. All such payments and benefits shall cease if Mr. Holmes takes employment during the severance period. Under the terms of the agreement, the Company has also agreed to reimburse Mr. Holmes for rent of \$1,490 per month from March 1, 2005 through June 22, 2005. In addition, under the agreement, Mr. Holmes' restricted stock and stock options granted under the Company's plans continue to vest and become exercisable during the severance period. Following the severance period, stock options vested on the last day of the severance period will continue to be exercisable for a period of thirty (30) days, subject to any contrary terms of the plans under which they were granted. The agreement also contains certain customary provisions regarding indemnification, non-disparagement, non-solicitation and non-competition rights and obligations, as well as a full release of claims by Mr. Holmes. The agreement also provides that under certain conditions, Mr. Holmes is entitled to receive 1% of the Net License Revenue (as defined in the agreement) and 1% of the maintenance revenue received from certain transactions. The agreement also appoints Mr. Holmes as a non-exclusive agent of the Company for a period of two years in certain territories with respect to the Company's government, aerospace and defense business, which may entitle Mr. Holmes to receive thirty percent (30%) of the Net License Revenue received from the transaction under certain conditions.

Report of the Compensation Committee of the Board of Directors on Executive Compensation

During fiscal 2005, Joseph L. Cowan served as Chief Executive Officer of the Company commencing from July 22, 2004. The Compensation Committee of the Board of Directors was directly responsible for the approval and administration of the compensation program for Mr. Cowan. For fiscal 2005, the Board of Directors approved the salary and cash incentive components of the compensation program of Mr. Cowan, and the Compensation Committee approved and the Board of Directors ratified the stock option and restricted stock grants made to Mr. Cowan. The award targets and goals underlying the cash incentive component of Mr. Cowan's Compensation Program were approved by the Compensation Committee and ratified by the Board of Directors.

During fiscal 2005, Gregory J. Owens served as Chief Executive Officer of the Company through July 21, 2004. In fiscal 2005, the Compensation Committee of the Board of Directors was directly responsible for the approval and administration of the compensation program for Mr. Owens. The salary and cash incentive components of the fiscal 2005 compensation program of Mr. Owens were approved by the Compensation Committee and reviewed by the Board of Directors.

During fiscal 2005, the Chief Executive Officer implemented the Company's compensation program for the other executive officers of the Company, including those named in the Summary Compensation Table. Based in part on the recommendations made by Mr. Owens, the salary and cash incentive components of the fiscal 2005 compensation program for other executive officers were approved by the Compensation Committee and were reviewed by the Board of Directors.

The Compensation Committee was responsible for the administration of the Company's equity compensation plans. The Compensation Committee also approved the grant of options and restricted stock to executive officers other than the Chief Executive Officer under the Company's various stock option plans, although it delegated limited authority to the Chief Executive Officer with respect to the grant of stock options to employees who are not executive officers. The Compensation Committee's approval was based, in part, on grant recommendations made by Mr. Cowan.

The Compensation Committee consisted of three non-employee directors of the Company: J. Michael Cline, Chairman of the Committee, William H. Janeway and William G. Nelson.

Objectives and Policies

The objectives of the Company's executive compensation programs are to:

- Attract and retain highly qualified executives to lead and manage the Company by providing competitive total compensation packages;
- Reward executives based on the business performance of the Company and upon individual performance;
- Provide executives with incentives designed to maximize the long-term performance of the Company and to align further their interests with those of the shareholders of the Company; and
- Assure that consistent objectives for corporate and individual performance are established and measured.

Compensation of Executive Officers other than the Chief Executive Officer

In fiscal 2005, the Company's compensation program for executive officers other than Mr. Owens and Mr. Cowan consisted of cash compensation and the award of stock options and restricted stock. Cash compensation consisted of base salary and cash bonuses awarded based upon the attainment of certain corporate, managerial and personal award targets and goals.

Base Salary. Base salaries for executive officers of the Company (including the Chief Executive Officer) have historically been determined by evaluating the responsibilities associated with their respective positions, the experience of the officers, individual performance and by reference to salary surveys and other publicly available compensation data for executive officers with comparable ability and experience at similarly-sized companies in the technology industry. Individual salary increases are reviewed annually and, in fiscal year 2005, the review was based primarily on competitive market forces affecting compensation for executive officers and the period of time since the executive officer's last increase in base salary. At the close of fiscal 2005, there were seven executive officers, including the Chief Executive Officer.

In fiscal 2005, annual base salaries for the executive officers, other than the Chief Executive Officer, were approved by the Compensation Committee based, in part, on the recommendation of the Chief Executive Officer. Base salaries were increased for seven executive officers in fiscal 2005, including Mr. Owens. Of the seven executive officers receiving increases, four received increases based on a promotion to a higher office or a substantial increase in responsibilities. The three other executive officers receiving increases had not received a salary increase since their date of hire, consisting of periods ranging from three to five years, with five years being the period in the case of Mr. Owens.

Cash Bonuses. During fiscal 2005, each of the executive officers, other than the Chief Executive Officer, was eligible to receive an annual incentive cash bonus in an amount ranging up to 150% of the executive officer's base salary, payable quarterly, based on corporate performance, managerial and personal award targets or goals. The corporate performance award targets consisted of specific revenue and operational goals to be reached by the Company during the course of the fiscal year. Managerial awards were based on a subjective evaluation by the Chief Executive Officer of the overall performance of the executive officer for the quarter, and were subject to the achievement of a specific operational goal of the Company. Personal award targets consisted of specific operational goals and revenue targets to be achieved by the executive officer or the Company during the course of the fiscal year. The award targets and goals were recommended by Mr. Owens and approved by the Compensation Committee. In formulating the award targets and goals, the Chief Executive Officer considered, among other factors, corporate and individual performance, growth in the economy as projected by various economists and industry growth expectations as published by AMR Research and others.

The Company did not achieve its corporate performance award targets or the operational goal upon which the managerial award was based for fiscal 2005 and only one executive officer received any cash compensation for achieving corporate performance or managerial targets and goals for fiscal 2005. Only two executive officers received cash compensation for achieving their personal award targets and goals. Another executive officer received fifty percent of his incentive cash compensation which had been guaranteed during the first year of his employment.

Stock Option/ Restricted Stock Awards. Each executive officer other than the Chief Executive Officer is also eligible to receive performance awards in the form of stock option grants and restricted stock awards which are recommended by the Chief Executive Officer to the Compensation Committee for approval. In fiscal 2005, Mr. Cowan based his recommendations primarily on his evaluation of the performance of such executive officer, competitive market forces affecting executive compensation, the size of previous option grants to such executive officer, together with the number of options held by such executive officer at the beginning of fiscal 2005. These stock option grants and restricted stock awards were also intended to serve as a strong long-term retention incentive. The Compensation Committee approved and the Board of Directors ratified the stock option grants and restricted stock awards as recommended by Mr. Cowan. In making its decision, the Compensation Committee considered a report commissioned by the Company from an independent compensation specialist presenting prevailing market practices for retention programs, certain constraints imposed by the terms of the Company's equity plans, the number

of outstanding equity awards, the likely potential for mandatory option expensing in the near future and coordination of an equity retention program with the Company's annual equity grant program.

Compensation of the Chief Executive Officer

Joseph L. Cowan

Mr. Cowan has served as the Company's Chief Executive Officer since July 22, 2004. He has a two-year Employment Agreement with the Company. When determining the overall compensation program for Mr. Cowan, the Board of Directors and the Compensation Committee considered competitive market conditions for chief executive officers of similar companies with volatile stock prices.

Base Salary. Mr. Cowan's annualized base salary for fiscal 2005 is \$400,000. In setting Mr. Cowan's base salary, the Compensation Committee considered the responsibilities associated with the position, Mr. Cowan's experience, reference to salary surveys and other publicly available compensation data for chief executive officers with comparable ability and experience at similarly-sized companies in the technology industry.

Cash Bonuses. In fiscal 2005, Mr. Cowan was eligible to receive an annual incentive cash bonus of up to \$240,000, an amount equal to 100% of his annual base salary prorated from his date of hire through the end of fiscal 2005, based on the corporate performance award targets referred to above and certain managerial and personal performance targets and goals approved by the Compensation Committee and ratified by the Board of Directors. Neither the corporate performance nor the operational and revenue goals to which Mr. Cowan's managerial and personal award targets and goals for fiscal 2005 were subject were achieved. As a result, Mr. Cowan did not receive any annual incentive cash bonus for fiscal 2005.

Stock Option/Restricted Stock Award. Mr. Cowan received the following equity grants in fiscal 2005 under the terms of his Employment Agreement with the Company:

- An option to acquire one million shares granted at fair market value on the date of hire, July 22, 2004, with 250,000 shares vested at grant and the balance vesting monthly in equal installments over five years, with certain change in control rights as agreed in his Employment Agreement.
- An option to acquire one million shares granted at fair market value on January 3, 2005, with 100,000 vested at grant and the balance vesting monthly in equal installments over five years, with certain change in control rights as agreed in his Employment Agreement.
- Two hundred thousand shares of restricted stock granted on the date of hire, July 22, 2004, vesting in full January 1, 2006, with certain change in control rights as agreed in his Employment Agreement.
- One hundred thirty-three thousand shares of restricted stock granted on January 3, 2005, vesting in full January 1, 2006, with certain change in control rights as agreed in his Employment Agreement.

Gregory J. Owens

In determining the base salary and cash incentive components of the fiscal 2005 compensation program of Mr. Owens, the Company's Chief Executive Officer through July 21, 2004 and an employee of the Company through October 22, 2004, the Compensation Committee considered competitive market conditions and the fact that Mr. Owens had not received an increase in base salary since his date of hire in April 1999.

Base Salary. Mr. Owens' base salary was increased from \$375,000 to \$430,000 for fiscal 2005.

Cash Bonuses. Mr. Owens was eligible to receive an annual incentive cash bonus of up to \$500,000, an amount equal to 116% of his annual base salary, based on the corporate performance award targets

referred to above and managerial and personal award targets and goals. Neither the corporate performance nor Mr. Owens' managerial and personal award targets and goals for fiscal 2005 were met and Mr. Owens did not receive any annual incentive cash bonus for fiscal 2005.

Stock Option/Restricted Stock Award. Mr. Owens was not considered for and did not receive any equity awards in fiscal 2005. In connection with his resignation from the Company, the Compensation Committee extended the exercisability and vesting of all outstanding options held by Mr. Owens through periods ranging from November 22, 2005 to January 22, 2006.

Except as described above in this report, no specific weight or relative importance was assigned to the various specific factors or detailed compensation information considered respectively by the Committee, Mr. Owens or Mr. Cowan. Accordingly, the Company's compensation policies and practices relating to base salaries, cash bonuses and stock option and restricted stock awards, including the Chief Executive Officer's, may, to that extent, be deemed informal and subjective.

Section 162(m)

Section 162(m) of the Code limits the federal income tax deductibility of compensation paid to the five most highly compensated executive officers of public companies. Under this section of the Code, the Company generally may deduct compensation paid to any such officer to the extent that it does not exceed \$1 million during any calendar year or is performance-based as defined in Section 162(m). The Compensation Committee expects that the deductibility limit of Section 162(m) will not currently have a significant effect on the Company. Current cash compensation paid to each of the Company's executive officers is less than \$1 million per year and is thus generally fully deductible. Compensation decisions will take the deduction limitation into consideration but will not necessarily be based on full deductibility.

III. Membership Requirements

The Committee shall consist of not less than three members, each of whom shall be independent (as defined by all applicable rules and regulations), free from any relationship (including disallowed compensatory arrangements) that, in the opinion of the Board of Directors, would interfere with the exercise of a member's judgment, not have participated in the preparation of the financial statements of the Company or any current subsidiary of the Company at any time during the past three years and able to read and understand fundamental financial statements at the time of appointment to the Committee. At least one member shall have past employment experience as a CEO, CFO or other senior officer with financial oversight responsibility or background which results in the member's financial sophistication, and at least one member (who may be the same member) shall qualify as an audit committee financial expert (as that term is defined in SEC disclosure requirements).

Conflicts of Interest. In the event that a Committee member faces a potential or actual conflict of interest with respect to a matter before the Committee, that Committee member shall be responsible for alerting the Committee Chairman, or if the affected committee member is the Committee Chairman, shall advise the remaining members of the Committee. In the event that the Committee Chairman, or the remaining members of the Committee, as the case may be, concur that a potential or actual conflict of interest exists, the affected Committee member shall not participate in the matter before the Committee.
