PIK Payment In Kind.

- (1) Senior floating-rate interests often require prepayments from excess cash flows or permit the borrower to repay at its election. The degree to which borrowers repay, whether as a contractual requirement or at their election, cannot be predicted with accuracy. As a result, the actual remaining maturity may be substantially less than the stated maturities shown. However, it is anticipated that the senior floating-rate interests will have an expected average life of approximately two to three years. The stated interest rate represents the weighted average interest rate of all contracts within the senior loan facility. Senior Loans typically have rates of interest which are redetermined either daily, monthly, quarterly or semi-annually by reference to a base lending rate, plus a premium. These base lending rates are primarily the London-Interbank Offered Rate ( LIBOR ), and secondarily the prime rate offered by one or more major United States banks (the Prime Rate ) and the certificate of deposit ( CD ) rate or other base lending rates used by commercial lenders.
- (2) Unfunded loan commitments. The Trust may enter into certain credit agreements all or a portion of which may be unfunded. The Trust is obligated to fund these commitments at the Borrower s discretion.
- (3) Defaulted security. Currently the issuer is in default with respect to interest payments.
- (4) Non-income producing security.

34

- (5) Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be sold in transactions exempt from registration, normally to qualified institutional buyers. At February 28, 2006, the aggregate value of the securities is \$27,722,387 or 3.9% of the Trust's net assets.
- (6) Security valued at fair value using methods determined in good faith by or at the direction of the Trustees of the Trust.

A summary of financial instruments at February 28, 2006 is as follows:

**Credit Default Swaps**

Notional Amount	Date Expiration	Description	Net Unrealized Depreciation
1,400,000 USD	3/20/2009	Agreement with Lehman Brothers Special Financing, Inc. dated 9/24/2004 to receive 2.30% per year times the notional amount. The Trust makes payment only upon a default event on underlying loan assets (50 in total, each representing 2% of the notional value of the swap).	\$ (7,095 )
2,000,000 USD	3/20/2010	Agreement with Lehman Brothers Special Financing, Inc. dated 3/15/2005 to receive 2.20% per year times the notional amount. The Trust makes payment of the notional amount only upon a default event on the reference entity, a Revolving Credit Agreement issued by Inergy, L.P.	\$ (12,962 )

At February 28, 2006 the Trust had sufficient cash segregated to cover potential obligations arising from open swap contracts.

The cost and unrealized appreciation (depreciation) in value of the investments owned by the Trust at February 28, 2006, as computed on a federal income tax basis, were as follows:

<b>Aggregate cost</b>	<b>\$ 1,123,935,901</b>
Gross unrealized appreciation	\$ 10,645,935
Gross unrealized depreciation	(3,394,070 )
<b>Net unrealized appreciation</b>	<b>\$ 7,251,865</b>

**Item 2. Controls and Procedures**

(a) It is the conclusion of the registrant's principal executive officer and principal financial officer that the effectiveness of the registrant's current disclosure controls and procedures (such disclosure controls and procedures having been evaluated within 90 days of the date of this filing) provide reasonable assurance that the information required to be disclosed by the registrant on this Form N-Q has been recorded, processed, summarized and reported within the time period specified in the Commission's rules and forms and that the information required to be disclosed by the registrant on this Form N-Q has been accumulated and communicated to the registrant's principal executive officer and principal financial officer in order to allow timely decisions regarding required disclosure.

(b) There have been no changes in the registrant's internal controls over financial reporting during the fiscal quarter for which the report is being filed that have materially affected, or are reasonably likely to materially affect the registrant's internal control over financial reporting.
