REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Plan Administrator of the SkyWest, Inc. Employees Retirement Plan

We have audited the accompanying statements of assets available for benefits of the SkyWest, Inc. Employees Retirement Plan (the Plan) as of December 31, 2007 and 2006, and the related statement of changes in assets available for benefits for the year ended December 31, 2007. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for benefits of the Plan as of December 31, 2007 and 2006, and the changes in assets available for benefits for the year ended December 31, 2007, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H, line 4i schedule of assets (held at end of year) as of December 31, 2007 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

SKYWEST, INC. EMPLOYEES RETIREMENT PLAN

Notes to Financial Statements

(1) Plan Description

The following description of the SkyWest, Inc. Employees Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan's provisions.

(a) General

SkyWest, Inc. (the Company or Employer) adopted the Plan, effective April 1, 1977. The Plan is a defined contribution plan and is intended to be a qualified retirement plan under Section 401(a) of the Internal Revenue Code (IRC) of 1986 as amended. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan has been amended at various times.

The Plan was established to provide employees with an opportunity to accumulate funds for retirement or disability and to provide death benefits for employees' dependents and beneficiaries. Historically, the Plan's trustees included three employees of the Company until May 31, 2006, at which point Wells Fargo became the directed Trustee, and the three employees effectively resigned as trustees. One of the three employees is an officer of the Company.

(b) Eligibility

Employees who have completed 90 days of service are eligible to participate in the Plan. Participation is available to all employees of the Company and its affiliates. An eligible employee, who has enrolled, becomes a participant on the first day of the month coinciding with or following the date that the employee meets the eligibility requirements. Employees must affirmatively elect to participate in the Plan.

(c) Contributions

Participants elect both the amount of salary reduction contributions and the allocation of the salary reduction contributions among the various investment alternatives within the Plan. Annual salary reduction contributions cannot exceed the lesser of 100% of the participant's eligible compensation or the maximum amount allowable under the IRC, which was \$15,500 during 2007 (\$20,500 for participants age 50 and older).

Employees are eligible for the Company match when they have completed one year of service and have enrolled in the Plan. Employees must be making contributions to the Plan in order to receive the employer match. During 2007, the Company matched 100% of each eligible participant's salary reduction contribution up to levels ranging from 2% to 6% of compensation, based on years of service. Matching contributions are not available to highly compensated employees. Additionally, each year the Company may make a discretionary contribution based on its earnings. An employee is eligible to participate in the discretionary contribution program when he or she has completed two years of service and is 18 years of age or older. The Company did not make a discretionary contribution in 2007. Company discretionary contributions have been allocated based on the participants' eligible compensation.

(d) *Participant-Directed Options for Investments*

Participants direct the investment of their contributions and the Company matching contributions into various investments offered by the Plan. Investment options include mutual funds, a common/collective trust fund, and SkyWest, Inc. common stock. Participants may change their election or transfer monies between funds at any time.

Participants with common stock of SkyWest, Inc. in their accounts may direct the sale of the stock and the investment of the resulting monies into other investments offered by the Plan.

(e) *Vesting and Payment of Benefits*

Participants are immediately vested 100% in their account balances. Benefits are normally paid at retirement, disability, death, or other termination. Benefit distributions may be made in a single lump sum payment, installments, or an annuity. Participants may withdraw funds from the Plan while actively employed subject to specific restrictions set forth in the Plan agreement.

(f) *Participant Loans Receivable*

The Plan agreement provides for loans to be made to participants and beneficiaries. The loans must bear a reasonable rate of interest, have specific repayment terms and be adequately secured. Under no circumstances can the amount of the loan exceed the lesser of \$50,000 or 50% of the participant's vested account balance.

(g) *Custodian and Record Keeper*

Effective June 1, 2006, the Company changed the advisory, record keeping and custodial services to Wells Fargo Institutional Trust Services. Wells Fargo Institutional Trust Services also became a directed trustee on the same date.

(h) *Parties-in-Interest*

The Company and Wells Fargo Institutional Trust Services (Wells Fargo) are considered Parties-in-interest to the Plan. The Company's common stock and Wells Fargo managed mutual funds are investment options in the Plan. Wells Fargo is the asset custodian for the Plan.

(2) **Summary of Significant Accounting Policies**

(a) ***Basis of Accounting***

The Plan's financial statements are prepared on the accrual basis of accounting, in accordance with U.S. generally accepted accounting principles.

(b) ***Use of Estimates***

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the reported amounts of assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported changes in assets available for benefits during the reporting period. Actual results could differ from these estimates.

(c) ***Investment Valuation and Income Recognition***

The Plan provides for investments in certain investment securities. These securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of

investment securities will occur in the near term and such changes could materially affect the amounts reported in the accompanying statements of assets available for benefits.

Mutual funds are valued at quoted market prices, which represent the net asset values of units held by the Plan at year-end. The Company's common stock is valued at the last reported sales price on the last business day of the Plan year. Loans receivable from participants are valued at face value, which approximates the future principal and interest payments discounted at prevailing interest rates for similar instruments. Unrealized appreciation or depreciation caused by fluctuations in the fair value of investments is recognized in the statement of changes in assets available for benefits. Dividends and interest are reinvested as earned. Purchases and sales of investments are recorded on a trade-date basis.

The Plan invests in common/collective trusts, which primarily hold investments in fully benefit-responsive insurance contracts that provide that the Plan may make withdrawals at contract value for benefit-responsive requirements. Accordingly, the Plan's investment in units of the common/collective trusts are presented at fair value in the Statements of Assets Available for Benefits, with an adjustment to its contract value separately disclosed as provided in the Financial Accounting Standards Board Staff Position No. 94-4-1. *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*. The common/collective trusts reported fair values are determined as the sum of (a) the fair value of the investments in guaranteed insurance contracts and security-backed investment contracts that are wrapped by an insurance company, bank or other financial institution (collectively, the Investment Contracts), as determined by that fund's trustee and (b) the fair value of that fund's investments in externally managed collective investment funds as determined by those funds' trustees. The contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan sponsor or other Plan sponsor events (e.g., divestitures or spin-offs of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA). The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

(d) *Distributions to Participants*

Distributions to participants are recorded when paid.

(e) *Expenses*

The Plan pays substantially all administrative expenses of the Plan, other than legal fees, which are paid by the Company.

(f) *Interest and Dividend Income*

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

(g) ***Termination of Plan***

Although it has not expressed any intent to do so, the Company may terminate the Plan at any time subject to the provisions of the Plan and ERISA. If the Plan is terminated, the participants have a non-forfeitable interest in their accounts.

(3) Transactions with Parties-in-Interest

Transactions in shares of the Company's common stock qualify as party-in-interest transactions under the provisions of ERISA. The Plan held 150,672 and 179,120 shares of SkyWest, Inc. common stock with a fair value of \$4,045,536 and \$4,569,362 as of December 31, 2007 and 2006, respectively.

Certain Plan investments include mutual funds and a common/collective trust fund managed by Wells Fargo, who is also the Plan trustee, and therefore a party-in-interest. While transactions involving Plan assets with a party-in-interest are usually prohibited, these transactions are exempt under ERISA Section 408(b)(8).

Loans to Plan participants totaling \$7,339,899 and \$5,805,802 as of December 31, 2007 and 2006, respectively, are also considered party-in-interest transactions.

(4) Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated July 19, 2005, stating that the Plan is designed in accordance with applicable sections of the IRC and, therefore, the related trust is exempt from taxation. As of December 31, 2007, the Plan was required to make certain corrective distributions in order to remain qualified under IRC 401(a). Subsequent to December 31, 2007, the Plan made the corrective distributions in accordance with the IRS regulations. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

(5) Investments

During 2007, the Plan's investments (including investments purchased, sold, as well as held during the year) appreciated (depreciated) in fair value as determined by quoted market prices as follows:

SkyWest, Inc., common stock	\$	170,111
Mutual funds		19,558,778
	\$	19,728,889

The carrying values of individual investments that represent 5 percent or more of the Plan's assets are as follows:

	December 31,	
	2007	2006

Edgar Filing: SKYWEST INC - Form 11-K

Janus Overseas Fund	\$	36,090,694	\$	24,378,575
Wells Fargo Aggressive Portfolio		17,624,070		15,411,688
Wells Fargo Stable Return		16,008,809		12,783,179
Neuberger Berman Genesis Fund		13,798,941		11,434,210
Wells Fargo Very Aggressive Portfolio		12,742,189		11,918,049
Wells Fargo Advantage Growth		12,272,421		10,786,219
Merrill Lynch BlackRock		11,653,570		11,389,607
Harris Associates Oakmark Select Fund		*		10,249,623

* Amount was not greater than 5% of the Plan's assets for the respective year.

(6) Reconciliation of Financial Statements to Form 5500

The following differences between the financial statements and the Form 5500 are due to the adjustment from fair value to contract value of the Wells Fargo Stable Return Fund, a fully benefit-responsive investment contract.

Assets available for benefits as presented in the financial statements	\$ 228,588,367
Adjustment from contract value to fair value for fully benefit- responsive investment contract	(48,026)
Assets available for benefits as presented in Form 5500	\$ 228,540,341
