## Section 1 – Registrant's Business and Operations

### Item 1.01 Entry Into a Material Definitive Agreement

On November 16, 2018, QEP Resources, Inc. (the "Company"), through its wholly owned subsidiaries, QEP Energy Company, QEP Marketing Company, and QEP Oil & Gas Company (collectively, "Seller"), entered into a purchase and sale agreement (the "Purchase Agreement", and such sale transaction, the "Haynesville Divestiture") with Aethon III BR LLC ("Buyer"). The Purchase Agreement provides for the sale of natural gas and oil producing properties, undeveloped acreage and associated gas gathering and treating systems in the Haynesville/Cotton Valley located in Louisiana for an aggregate purchase price of \$735.0 million, subject to purchase price adjustments, including adjustments for certain title and environmental defects asserted prior to the closing.

The Purchase Agreement provides that within two Business Days after the execution of the Purchase Agreement, the Buyer will deposit approximately \$36.8 million (the "Escrow Amount") into an escrow account as a deposit to be applied against the purchase price at closing. The Haynesville Divestiture has an effective date of July 1, 2018. The Company and Seller expect to close the Haynesville Divestiture in the first quarter of 2019, subject to due diligence and the satisfaction of closing conditions.

#### Conditions to the Closing of the Haynesville Divestiture and Termination Rights

Before the closing of the Haynesville Divestiture, Buyer intends to conduct customary due diligence to assess the aggregate dollar value of any title and environmental defects, preferential purchase rights and certain consents. Except for its termination right, its remedy for a breach of Seller's special warranty of title and its remedy for a breach by Seller of certain limited representations, indemnifications and interim period covenants, Buyer's exclusive remedy for title matters and environmental matters will be handled through a title or environmental defect mechanism.

Each party's separate obligation to consummate the Haynesville Divestiture is conditioned upon, among other things, (i) confirmation of the counterparty's representations and warranties as of the closing, (ii) the counterparty's performance, in all material respects, of all covenants, (iii) the absence of material legal matters prohibiting the Haynesville Divestiture, (iv) the expiration or termination of the waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, (v) delivery by the counterparty of a closing certificate, (vi) the counterparty being ready to deliver the closing deliverables, and (vii) the granting of the waivers by the Federal Energy Regulatory Commission (the "FERC") to facilitate the transfer of the firm transportation agreements from Seller to Buyer.

If the Purchase Agreement is terminated by Seller as a result of Buyer's failure to consummate the Haynesville Divestiture at a time when Buyer's conditions to closing have been satisfied, then, Seller will be entitled to receive the Escrow Amount and escrow earnings as liquidated damages. If the Purchase Agreement is terminated by Buyer as a result of Seller's failure to consummate the Haynesville Divestiture at a time when Seller's conditions to closing have been satisfied, Buyer will be entitled to (i) receive the Escrow Amount and escrow earnings and seek to recover actual, direct damages up to but not exceeding the aggregate amount of the Escrow Amount and the escrow earnings, or (ii) seek specific performance of Seller to consummate the Haynesville Divestiture.

#### Others Terms of the Purchase Agreement

The Purchase Agreement contains customary representations, warranties and covenants for a transaction of this nature. The Purchase Agreement also contains customary mutual pre-closing covenants, including the obligation of Seller to conduct its business in all material respects in the usual, regular and ordinary manner consistent with its past practices and to refrain from taking certain specified actions, in each case with respect to the Haynesville Assets, without the consent of Buyer.

As part of the Haynesville Divestiture, Buyer has agreed to assume all firm gas transportation agreements related to the Haynesville Assets. In addition, Seller will novate natural gas derivative contracts covering approximately 40 BCF of gas for the last 11 months of 2019 to Buyer.

The foregoing is qualified in its entirety by reference to the full text of the Purchase Agreement, which is filed as Exhibit 10.1 to this Current Report on Form 8-K and is incorporated herein by reference.
