PART I

Item 4. Controls and Procedures

Evaluation of Disclosure Control and Procedures. Under the supervision and with the participation of our management, including our chief executive officer and senior vice president - finance and administration, we conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures, as such term is defined under Rule 13a-15(e) under the Securities and Exchange Act of 1934, as amended (the "Exchange Act"), as of September 30, 2005. Our chief executive officer and senior vice president - finance and administration concluded, based upon their evaluation, that our disclosure controls and procedures are effective and ensure that we disclose the required information in reports that we file under the Exchange Act and that the filings are recorded, processed, summarized and reported with the time periods specified in SEC rules and forms despite the material weaknesses identified by our independent auditors as disclosed in our Form 10-K for the year ended December 31, 2004 and filed with the Securities and Exchange commission on March 31, 2005. Our chief executive officer and senior vice president - finance and administration reached this conclusion after giving consideration to communications received from our independent auditors and the disclosure controls and procedures as they existed during the periods covered by the financial statements.

Changes in Internal Control. There were no changes in internal control over financial reporting that were identified in connection with the evaluation required by Rules 13a-15(d) or 15d-15(d) under the Exchange Act during the quarter ended September 30, 2005 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
