Item 2.06 Material Impairments.

On March 21, 2018, Tronox LLC an indirect wholly owned subsidiary of Tronox Limited (the “Company” or “Tronox”) announced that it had entered into a definitive agreement (the “Purchase Agreement”), pursuant to which EMD Acquisition LLC agreed to acquire certain of the assets and liabilities of the Tronox Electrolytic Operations based in Henderson, Nevada (the “Henderson Electrolytic Operations”) for \$13 million in cash (the “Cash Consideration”), subject to certain working capital adjustments (the “Transaction”).

As a result of the approval of the Transaction and its entry into the Purchase Agreement, the Company concluded that it is expected to record a pre-tax impairment charge and write-down in the quarter ending March 31, 2018 in the range of \$25 million to \$30 million. This range reflects the Company’s best estimate of the charges at this time; however, the Company continues to evaluate the amount of the write-downs and impairments. Until the evaluation has been finalized, the Company can make no assurances that this range will not change. No cash expenditures other than customary closing costs and advisor fees are anticipated as a result of the impairment losses.

As a result of the expected sale, the Company has concluded that the assets and liabilities included in the Transaction will be classified as held for sale as of the quarter ended March 31, 2018.

Item 8.01 Other Events.

On March 21, 2018, the Company issued a press release announcing the Transaction, a copy of which is attached as Exhibit 99.1 to this Form 8-K and incorporated herein by reference.

Forward Looking Statements

Statements in this release that are not historical are forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements, which are subject to known and unknown risks, uncertainties and assumptions about us, may include projections of our future financial performance based on our growth strategies and anticipated trends in our business. These statements are only predictions based on our current expectations and projections about future events. There are important factors that could cause our actual results, level of activity, performance or achievements to differ materially from the results, level of activity, performance or achievements expressed or implied by the forward-looking statements. These and other risk factors are discussed in the Company’s filings with the Securities Exchange Commission, including those under the heading entitled “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2017. Significant risks and uncertainties may relate to, but are not limited to, the risk that the Transaction does not close due to failure of a closing condition or termination of the Purchase Agreement in accordance with its terms, including the preliminary nature of the estimated charges, the completion of the Company’s closing procedures, final adjustments and any other developments or information arising before the Company’s financial and operating results for the reporting period are finalized.

Moreover, we operate in a very competitive and rapidly changing environment. New risks and uncertainties emerge from time to time, and it is not possible for our management to predict all risks and uncertainties, nor can management assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Although we believe the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, level of activity, performance or achievements. Neither we nor any other person assumes responsibility for the accuracy or completeness of any of these forward-looking statements. You should not rely upon forward-looking statements as predictions of future events. Unless otherwise required by applicable laws, we undertake no obligation to update or revise any forward-looking statements, whether as a result of new information or future developments.
