NOTICE TO STOCKHOLDERS OF ACTIONS APPROVED BY CONSENTING STOCKHOLDERS

The following actions were taken based upon the recommendation of NuWay's

Edgar Filing: NUWAY ENERGY INC - Form DEF 14C

Board of Directors and the written Consent of the consenting stockholders:

ACTION 1 AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO CHANGE THE NAME OF THE COMPANY

On July 19, 2002, the Board issued a Consent whereby they unanimously approved an amendment to NuWay's Certificate of Incorporation to change the name of the company from "NuWay Energy, Inc." to "NuWay Medical, Inc." (the "Name Change"). On August 12, 2002, the consenting stockholders issued a Consent, whereby they approved the Name Change. It is the opinion of the Board and the consenting stockholders that the Name Change is desirable to more accurately reflect the nature of the business and operations of NuWay on a going forward basis. Over the next four quarters, NuWay intends to shift its business focus away from the oil and gas, gaming equipment and cigar industries, and toward the medical technology and healthcare services industries. Accordingly, it is the opinion of the Board that it is in the best interests of the company and its stockholders to commence the Name Change.

NuWay's stockholders will not be affected by the name change in any way, and NuWay stockholders will not be required to exchange outstanding stock certificates for new certificates.

The Name Change Amendment will become effective upon the filing of the Amended Certificate of Incorporation with the Secretary of State of Delaware. Under federal securities laws, NuWay cannot file the Amended Certificate of Incorporation until at least 20 days after the mailing of this Information Statement.

ACTION 2 AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO INCREASE THE AUTHORIZED COMMON STOCK

On July 19, 2002, the Board issued a Consent whereby they unanimously approved an amendment to NuWay's Certificate of Incorporation to increase the authorized common stock from 15,000,000 to 100,000,000 shares, and to authorize the issuance of up to 25,000,000 shares of preferred stock, such terms to be defined at the time of issuance. Both share authorizations are cumulatively referred to as the "Authorized Shares Amendment." On August 12, 2002, the consenting stockholders issued a Consent, whereby they approved the Authorized Shares Amendment. Currently, NuWay has 15,000,000 shares of common stock authorized, of which 7,761,353 shares are issued and outstanding as of the record date.

The Authorized Shares Amendment will be implemented by filing the Amended Certificate of Incorporation with the Secretary of State of Delaware. Once NuWay files the Amended Certificate of Incorporation, NuWay will have 91,845,095 shares of authorized but unissued common stock available for issuance. The unissued shares of common stock will be available for issuance from time to time as may be deemed advisable or required for various purposes, including the issuance of shares in connection with financing or acquisition transactions and the issuance or reservation of common stock for employee stock options. NuWay's Board would be able to authorize the issuance of shares for these transactions without the necessity, and related costs and delays, of either calling a special stockholders' meeting or of waiting for the regularly scheduled annual meeting of stockholders in order to increase the authorized capital. If in a particular transaction stockholder approval were required by law or any stock exchanges or markets or were otherwise deemed advisable by the Board, then the matter would be referred to the stockholders for their approval notwithstanding that NuWay may have the requisite number of voting shares to consummate the transaction.

Edgar Filing: NUWAY ENERGY INC - Form DEF 14C

The Authorized Shares Amendment is not intended to have any anti-takeover effect and is not part of any series of anti-takeover measures contained in any debt instruments or the Certificate of Incorporation or the Bylaws of NuWay in effect on the date of this Information Statement. However, NuWay stockholders should note that the availability of additional authorized and unissued shares of common stock could make any attempt to gain control of NuWay or the Board more difficult or time consuming and that the availability of additional authorized and unissued shares might make it more difficult to remove management. Although the Board currently has no intention of doing so, shares of common stock could be issued by the Board to dilute the percentage of common stock owned by a significant stockholder and increase the cost of, or the number of, voting shares necessary to acquire control of the Board or to meet the voting requirements imposed by Delaware law with respect to a merger or other business combination involving NuWay. NuWay is not aware of any proposed attempt to take over the company or of any attempt to acquire a large block of NuWay's common stock. NuWay has no present intention to use the increased authorized common stock for anti-takeover purposes.

The Authorized Shares Amendment will become effective upon the filing of the Amended Certificate of Incorporation. Under federal securities laws, NuWay cannot file the Amended Certificate of Incorporation until at least 20 days after the mailing of this Information Statement

ACTION 3

APPROVAL OF MED WIRELESS EXCLUSIVE LICENSE AND ASSIGNMENT AGREEMENT

On August 12, 2002, the consenting stockholders issued a Consent whereby they approved the Terms (as defined below) of a proposed license and assignment agreement between the Corporation and Med Wireless, Inc., a Nevada

corporation ("Med Wireless"). On August 19, 2002, the Board issued a Resolution adopting and approving an Exclusive License and Assignment Agreement (the "Med Wireless Agreement") by and among NuWay and Med Wireless pursuant to which (i) for a period of 15 years, NuWay would license from Med Wireless all of its rights and interest in certain applications and software relating to the movement of medical images and data through the Internet and handheld wireless devices, databases of healthcare providers and customer lists, (ii) Med Wireless would assign its customer and distribution agreements related to the licensed intellectual property to NuWay, and (iii) NuWay would assume \$1,120,000 of outstanding debt of Med Wireless, in exchange for the issuance to Med Wireless of 6,600,000 shares of NuWay restricted common stock (the "Terms"). The Med Wireless Agreement will result in Med Wireless owning approximately 42.1% of NuWay's outstanding shares after giving effect to the transaction. Two affiliated parties, each with minority interests in NuWay, also own minority interests in Med Wireless either directly or indirectly. The two parties combined control 52.3% of Med Wireless, although the two parties do not have any oral or written agreement to act in concert in any respect. The closing of this transaction remains subject to the effectiveness of this Schedule 14C and our compliance with NASDAQ regulations, including all requisite filings. It is the opinion of the Board and the consenting stockholders that the Med Wireless Agreement is desirable to effectuate NuWay's shift in business focus toward the medical technology and healthcare services industries.
