On March 26, 2003, NuWay Medical, Inc. (the "Registrant") filed a Current Report on Form 8-K to report a change in control. This Amendment 1 to Form 8-K amends Item 1 on the current report filed March 26, 2003.

ITEM 1. CHANGES IN CONTROL OF REGISTRANT

Pending approval of the shareholders of the Company, a change in the control of the Registrant may occur as a result of the following transaction.

On March 26, 2003, New Millennium Capital Partners, LLC, an entity controlled and owned in part by the registrant's President Dennis C. Calvert ("New Millennium"), entered into an agreement to purchase a \$1,120,000 note held by Summitt Ventures, Inc. due and payable by the registrant on June 15, 2003 (the "Summitt Note").

As part of this same transaction, New Millennium purchased from shareholders Camden Holdings, Inc. and Summit Healthcare, Inc. 4,182,107 shares of NuWay Medical, Inc. common stock. This transaction closed on April 9, 2003.

## Edgar Filing: NUWAY MEDICAL INC - Form 8-K/A

The total purchase price for the transaction in which the stock and Summitt Note were purchased was \$900,000. Consideration was provided via a promissory note executed by New Millennium (the "New Millennium Note") dated December 31, 2002 and secured by the stock sold in the transaction and any shares held by Dennis Calvert. The seller required the purchaser of the Summitt Note convert the Summitt Note to restricted common stock of the registrant at the time of acquisition.

The Board of Directors of the Registrant voted on March 26, 2003 to convert the New Millennium Note to restricted stock in the company at a 37.5% discount to current market price. The common stock to be issued pursuant to the conversion is subject to the holding period required by Rule 144. Given the concerns raised by Nasdaq that the issuance pursuant to this conversion would violate Nasdaq Marketplace Rules unless shareholder approval of the conversion is obtained by the Registrant, the Registrant has not issued the subject shares to New Millennium. The Board has placed approval of the conversion and issuance of shares that would constitute a change in control on the agenda for the Registrant's next meeting of shareholders. The Registrant expects this meeting to take place within 90 days.

As a result of the above-described transaction, no additional shares have been issued to Mr. Calvert, who now owns approximately 15.4% of the common stock of the registrant.

### Security Ownership of Certain Beneficial Owners and Management

The following table sets forth information regarding the beneficial ownership of shares of the registrant's common stock as of April 22, 2003 by (i) all stockholders known to the registrant to be beneficial owners of more than 5% of the outstanding common stock; and (ii) all directors and executive officers of the registrant, individually and as a group:
