ITEM 1. CHANGES IN CONTROL OF REGISTRANT.

Edgar Filing: CATALYST LIGHTING GROUP INC - Form 8-K

As of February 12, 2003, Catalyst Lighting Group, Inc., formerly known as Wentworth III, Inc. (the "Registrant" or the "Company") and Whitco Company, LP (as successor in interest to Whitco Company, L.L.P.) ("Whitco") and all of the partners of Whitco (the "Partners") entered into a Securities Exchange Agreement ("Merger Agreement") pursuant to which (a) the Partners exchanged all issued and outstanding partnership units of Whitco ("Partnership Units") for, and (b) holders of options to purchase partnership units of Whitco exchanged such options (the "Options") for options to purchase, an aggregate of 3,800,000 shares of the common stock, par value \$.001 per share ("Common Stock"), of the Registrant (the "Merger"). On August 27, 2003, the transactions contemplated by the Merger Agreement were consummated and the Partnership Units and Options were exchanged for Common Stock representing approximately 88% of the outstanding shares of Common Stock of the Registrant on a fully diluted basis.

As part of the Merger, one of the directors of the Registrant, Spencer Browne, resigned and the size of the board of directors of the Registrant (the "Board") was increased to three and Dennis H. Depenbusch and Henry Glover were named to fill the vacancies on the Board. On September 4, 2003, the size of the Board was increased to five members and Mary Titus and Tracy Taylor were added as directors to fill those vacancies.

The following table sets forth certain information after giving effect to the issuance of securities as part of the closing of the Merger with respect to beneficial ownership of the outstanding shares of Common Stock by the Registrant's directors, executive officers and each person known by the Registrant to own in excess of 5% of the outstanding shares of Common Stock and the directors and executive officers as a group. WHITCO COMPANY, LLP

NOTES TO FINANCIAL STATEMENTS

(Information subsequent to September 30, 2002 is unaudited.)

SUMMARY OF ACCOUNTING POLICIES:

Nature of Operations - Whitco Company, LLP (the Company) was formed as a

Edgar Filing: CATALYST LIGHTING GROUP INC - Form 8-K

Texas limited liability partnership on June 27, 2000. The Company, located in Fort Worth, Texas, sells sports and area lighting poles to distributors throughout the United States of America.

Pursuant to a redemption in May 2002, the Company purchased 800 partnership units for \$1,200,000 (i.e., \$1,500 per unit) from two of the three members. To finance the redemption of these partnership units, the Company issued 436 partnership units for \$655,000 (at \$1,500 per unit) and \$545,000 in notes payable to the then remaining member, persons related to him and a limited number of new investors. The change in ownership, however, did not result in a change in control or management, therefore all transactions were recorded at cost.

Change in Year End - Effective January 1, 2002, the Company changed its year end from December 31 to September 30.

Inventories - Inventories are stated at the lower of cost or market, determined under the first-in, first-out method.

Property and Equipment - Property and equipment are stated at cost. Depreciation and amortization of property and equipment is provided using the modified straight-line method over the following estimated useful lives:

Vehicles and office furniture and equipment 5 years

Depreciation expense for the nine months ended June 30, 2003 and 2002, for the nine months ended September 30, 2002 and for the year ended December 31, 2001 was \$21,876, \$15,265, \$23,910 and \$5,461, respectively. Maintenance, repairs and renewals which neither materially add to the value of property and equipment nor appreciably prolong its life are charged to operations as incurred. Gains or losses on disposals of property and equipment are included in income.

Impairment of Long-Lived Assets - Management of the Company assesses impairment whenever events or changes in circumstances indicate that the carrying amount of a long-lived asset may not be recoverable. If the net carrying value exceeds the net cash flows, then impairment will be recognized to reduce the carrying value to the estimated fair value.

F-8

WHITCO COMPANY, LLP

NOTES TO FINANCIAL STATEMENTS

(Information subsequent to September 30, 2002 is unaudited.)

Acquisition and Goodwill - On June 30, 2000, the Company acquired the operating assets and liabilities of Whitco Sales, Inc. The purchase price was allocated to the assets acquired and liabilities assumed based on their estimated fair value. The fair value of assets acquired and liabilities assumed was as follows:

During fiscal 2001, the Company amortized goodwill using a fifteen-year life. Beginning January 1, 2002, the Company adopted Statement of Financial Accounting Standards No. 142 (SFAS 142) "Goodwill and Other Intangible Assets," and as a result ceased amortizing goodwill. The Company tests goodwill for impairment annually or on an interim basis if an event or circumstance occurs between the annual tests that may indicate impairment of goodwill. Impairment of goodwill will be recognized in operating results in the period it is identified. Had the Company recorded amortization expense during the nine months ended June 30, 2003 and the nine months ended September 30, 2002, unaudited pro forma net income (loss) would have been approximately \$(578,640) and \$(25,000), respectively.

F-9

WHITCO COMPANY, LLP

NOTES TO FINANCIAL STATEMENTS

(Information subsequent to September 30, 2002 is unaudited.)

Income Taxes - The Company has been organized as a limited liability partnership. Accordingly, no provision for income taxes has been provided for in the financial statements since taxable income of the Company is required to be reported by the respective partners on their income tax returns. However, the Company has included unaudited estimated pro forma income taxes and the resulting pro forma net income (loss) in the statements of income. Pro forma income taxes (tax refund) were estimated using the effective Federal and state tax rates, as if the Company was a C-Corporation.

Concentrations of Credit Risk - Financial instruments which potentially subject the Company to concentrations of credit risk consist primarily

Edgar Filing: CATALYST LIGHTING GROUP INC - Form 8-K

of trade receivables. The Company grants credit to distributors of sports and area lighting poles located throughout the United States of America. Collateral is generally not required for the Company's trade receivables.

Use of Estimates - In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash Equivalents - For purposes of the statements of cash flows, the Company considers all highly liquid investments with a maturity of three months or less to be cash equivalents. There were no cash equivalents at September 30, 2002 or June 30, 2003.

Revenue Recognition - The Company recognizes revenue in accordance with SEC Staff Accounting Bulletin No. 101, Revenue Recognition in Financial Statements (SAB 101), as amended by SAB 101A and 101B. SAB 101 requires that four basic criteria must be met before revenue can be recognized: (1) persuasive evidence of an arrangement exists; (2) delivery has occurred or services rendered; (3) the fee is fixed and determinable; and (4) collectibility is reasonably assured. Company product is made to customer or industry specifications at an agreed upon price as typically specified in the customer purchase order. Title passes to the customer at the point of shipment along with all the risks and rewards of ownership. Customers receive a one-year product warranty for defects in materials and workmanship providing repair or replacement or refund of purchase price. The Company provides an accrual as a reserve for potential warranty costs, which historically have not been significant.

Stock-Based Compensation - The Company accounts for partnership interest-based compensation for employees using the intrinsic value method prescribed in Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees, and related interpretations. Accordingly, compensation cost for partnership options granted to employees is measured as the excess, if any, of the market price of the Company's partnership interest at the measurement date (generally, the date of grant) over the amount an employee must pay to acquire the partnership interest.

F-10

WHITCO COMPANY, LLP

NOTES TO FINANCIAL STATEMENTS

(Information subsequent to September 30, 2002 is unaudited.)

In October 1995, the Financial Accounting Standards Board issued a new statement titled Accounting for Stock-Based Compensation (SFAS No. 123). SFAS No. 123 requires that options, warrants, and similar instruments which are granted to non-employees for goods and services be recorded at fair value on the grant date. Fair value is generally determined under an option pricing model using the criteria set forth in SFAS No. 123. The Company did not adopt SFAS No. 123 to account for partnership interest-based compensation for employees but is subject to the pro forma disclosure requirements.

Edgar Filing: CATALYST LIGHTING GROUP INC - Form 8-K

Interim Financial Information - The accompanying interim financial information as of June 30, 2003 and for the periods ended June 30, 2003 and 2002 and December 31, 2002 has been taken from the Company's books and records without audit. However, in the opinion of management, such information includes all adjustments (consisting only of normal recurring accruals) necessary to fairly present the financial position as of June 30, 2003 and results of operations of the Company for the periods ended June 30, 2002 and 2001 and December 31, 2002.

Impact of Recently Issued Accounting Pronouncements - In July 2002, the FASB issued Statements of Financial Accounting Standards No. 146, Accounting for Costs Associated with Exit or Disposal Activities (SFAS 146). SFAS 146 requires companies to recognize costs associated with exit or disposal activities when they are incurred rather than at the date of a commitment to an exit or disposal plan. Examples of costs covered by SFAS 146 include lease termination costs and certain employee severance costs that are associated with a restructuring, discontinued operation, plant closing, or other exit or disposal activity. SFAS 146 is to be applied prospectively to exit or disposal activities initiated after December 31, 2002. The adoption of SFAS 146 is not expected to have a material effect on the Company's financial position or results of its operations.

In August 2002, the FASB issued Statements of Financial Accounting Standards No. 147, Acquisitions of Certain Financial Institutions (SFAS 147). SFAS 147 requires financial institutions to follow the guidance in SFAS 141 and SFAS 142 for business combinations and goodwill and intangible assets, as opposed to the previously applied accounting literature. This statement also amends SFAS 144 to include in its scope long-term customer relationship intangible assets of financial institutions. The provisions of SFAS 147 do not apply to the Company.

In December 2002, the FASB issued Statements of Financial Accounting Standards No. 148, Accounting for Stock-Based Compensation - Transition and Disclosure - An Amendment of FASB Statement 123 (SFAS 123). For entities that change their accounting for stock-based compensation from the intrinsic method to the fair value method under SFAS 123, the fair value method is to be applied prospectively to those awards granted after the beginning of the period of adoption (the prospective method). The amendment permits two additional transition methods for adoption of the fair value method. In addition to the prospective method, the entity can choose to either (i) restate all periods presented (retroactive restatement method) or (ii) recognize compensation cost from the beginning of the fiscal year of adoption as if the fair value method had been used to account for awards (modified prospective method). For fiscal years beginning December 15, 2003, the prospective method will no longer be allowed. The Company currently accounts for its stock-based compensation using the intrinsic value method as proscribed by Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees and plans on continuing using this method to account for stock options, therefore, it does not intend to adopt the transition requirements as specified in SFAS 148. The Company has adopted the new SFAS 148 disclosure requirements of SFAS 148 in these financial statements.

In May 2003, the FASB issued Statement No. 150, Accounting for Certain Financial Instruments with Characteristics of Both Liabilities and Equity ("FAS 150"). FAS 150 requires that three classes of freestanding financial statements that embody obligations for entities be classified as liabilities. Generally, FAS 150 is effective for financial instruments entered into or modified after May 31, 2003 and is otherwise

Edgar Filing: CATALYST LIGHTING GROUP INC - Form 8-K

effective at the beginning of the first interim period beginning after June 15, 2003. The Company does not believe the adoption of FAS 150 will have a material impact on its financial position or results of operations.

REVOLVING NOTE PAYABLE:

The Company has a revolving credit agreement with a bank which bears interest at the bank's prime rate plus 1.50% (totaling 5.75% and 6.25% at June 30, 2003 and September 30, 2002) which enables the Company to borrow up to the lesser of \$2,000,000 or the aggregate of 80% of eligible accounts receivable and 50% of eligible inventory as defined by the agreement. Borrowings outstanding on the revolving loan were \$1,673,884 and \$1,087,025 at June 30, 2003 and September 30, 2002, respectively.

Borrowings under the revolving credit agreement are collateralized by essentially all assets of the Company including accounts receivable and inventory. The agreement requires the Company to maintain certain financial covenants which include tangible net worth, cash flow coverage and debt ratios as defined in the agreement. As of June 30, 2003, the Company was not in compliance with certain financial covenants, whereby enabling the lender to call the note on demand. The lender is aware of this non-compliance and the Company does not believe its lender will initiate any action which would be detrimental to the Company's liquidity situation. The agreement also limits the amount of additional third-party borrowings the Company can obtain and the amount of distributions the Company can pay partners. The agreement is subject to annual review by the lender who has the right to terminate or change any of the terms and conditions of the agreement.

SUBSEQUENT EVENTS:

The merger (the Merger) was effective August 27, 2003, after all contingencies had been met. For financial statement purposes, the Company will be considered the acquiring company. For legal purposes, however, CLG will remain the surviving entity, therefore, the combined entity will retain CLG's capital structure and all the partnerships' units will be converted into common stock of CLG.

On August 6, 2003, Whitco Company LLP received a bridge loan of \$250,000 from Keating Reverse Merger Fund ("Lender"). The note and accrued interest is due February 6, 2004. Interest on the note is at a rate of 10%. In consideration for the note, the Company agreed to issue warrants for the purchase of up to 125,000 shares (the "Warrant Shares") of the common stock of CLG upon consummation of the Merger at a price of \$2.00 per Warrant Share. The agreement carries certain rights to repay the note early following any capital raised by the company.

PRO FORMA FINANCIAL INFORMATION

INTRODUCTION

In August 2003, Catalyst Lighting Group, Inc. (CLG) completed a merger with Whitco. On January 31, 2003, certain noteholders converted \$375,000 of notes that were outstanding at December 31, 2002 into partnership units which are to be exchanged into CLG common stock. CLG's assets and liabilities were nominal at the date of the agreement. The transaction is accounted for as a reverse merger acquisition, which results in a recapitalization of WC in as much as it is deemed to be the acquiring entity for accounting purposes. Assuming the acquisition is successful, the registrant intends to adopt Whitco's year end.

The accompanying unaudited pro forma combining, condensed balance sheet combines the balance sheet of WC as of June 30, 2003 with the balance sheet of CLG as of June 30, 2003.

The accompanying unaudited pro forma combining, condensed statements of operations combine the operations of WC and CLG for the nine months ended June 30, 2003 and for the twelve months ended December 31, 2002, as if the acquisition and conversion of notes was completed as of the beginning of the periods presented under the purchase method of accounting.

These statements are not necessarily indicative of future operations or the actual results that would have occurred had the merger been consummated at the beginning of the periods indicated.

The unaudited pro forma combined, condensed financial statements should be read

Edgar Filing: CATALYST LIGHTING GROUP INC - Form 8-K

in conjunction with the historical financial statements and notes thereto, included elsewhere in this document.
