### NEWS RELEASE

15 December 2004

Vancouver, B.C.....Wealth Minerals Ltd. (TSX Venture Exchange: WML, OTCBB: WMLLF, Frankfurt: EJZ) is pleased to announce that it has entered into a letter agreement with Minera San Jorge S.A. de C.V. ("MSJ") granting an exclusive due diligence period and right of first refusal to acquire an interest in two mineral exploration properties, one in Colombia and the other in Mexico. The Colombian project comprises a land area covering tens of square kilometers in northwestern Colombia within which local miners have been extracting significant quantities of gold from veins for many years. The Mexican project is located in the state of Jalisco and covers an area of historic silver mining. Wealth has an opportunity to acquire up to a 60% interest in either property, pending completion of satisfactory due diligence prior to January 31, 2005 and entering into an option agreement.

In order to gain the exclusive due diligence period, Wealth advanced a sum of US\$150,000. If Wealth elects to proceed with an acquisition agreement on either property, this advance will be applied to the ensuing agreement. Should Wealth elect not to proceed, the advance is secured by both negotiable securities in an amount exceeding the funds advanced, and by a promissory note.

Wealth Minerals is a newly-formed mineral exploration company with 10.4 million shares outstanding, nearly C\$3 million in the treasury, with listings on the TSX Venture, OTCBB and Frankfurt Exchanges. Wealth is actively evaluating metals exploration properties in the Americas for acquisition and evaluation with a goal of discovering and defining a world class mineral deposit to create value for shareholders.
