NOTE 2. The financial statements included in the Form 10-Q are presented in accordance with the requirements of the Form and do not include all of the disclosures required by accounting principles generally accepted in the United States of America. For additional information, reference is made to the Company's annual report on Form 10-K for the fiscal year ended October 31, 2011. The results of operations for the six month periods ended April 30, 2012 and 2011 are not necessarily indicative of operating results for the full year.

NOTE 3. INVENTORY

Inventory consists principally of purchased finished goods. Inventory is stated at the lower of cost or market on a first-in, first-out basis. The Company has decided to discontinue the manufacturing of its hunting and swimming line of apparel. The Company has booked a reserve against this inventory at October 31, 2011 of approximately \$116,000. Based on the company's review of inventory, the Company decreased the reserve to \$65,000 during the quarter ended January 31, 2012. Management will continue to evaluate its obsolete inventory reserve throughout the year and make adjustments as needed.

NOTE 4. EARNINGS PER SHARE

Innovative Designs, Inc. (the "Company") calculates net income (loss) per share in accordance with FASB Accounting Standard Codification ("ASC") Topic 260 "*Earnings per Share*". Basic earnings (loss) per share is calculated by dividing income (loss) by the weighted average number of common shares outstanding for the period. During the periods presented, the Company only has common stock outstanding. As a result diluted earnings per share was not calculated.

NOTE 5. DEPOSITS

The Company only has one manufacturer that produces the apparel on behalf of the Company, located in Indonesia. The Company will send deposits to the manufacturer for future production of the apparel. As of April 30, 2012, the Company had no deposits for the production of apparel.

NOTE 6. INCOME TAXES

The Company accounts for income taxes in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 740 "*Income Taxes*", which requires an asset and liability approach for financial reporting purposes. Deferred income taxes are provided for differences between the tax bases of assets and liabilities and the financial reporting amounts at the end of the period, and for net operating loss and tax credit carryforwards available to offset future taxable income. Changes in enacted tax rates or laws result in adjustments to recorded deferred tax assets and liabilities in the periods in which the tax laws are enacted or tax rates are changed.

INNOVATIVE DESIGNS, INC.

NOTES TO THE CONDENSED FINANCIAL STATEMENTS

For the Six Month Period Ended April 30, 2012 (Unaudited)

The Company will continue to evaluate its income tax obligation throughout the year and will record a tax provision when it is necessary.

NOTE 7. COMMON STOCK

On April 12, 2012, the Company issued 35,000 shares of our stock to Mr. Rick Tocchet for professional services. The shares issued were valued at \$.30 a share or an aggregate price of \$10,500. We believe that Section 4(2) was available because the sale did not involve a public offering and there was no general solicitation or general advertising involved in the sale. We placed legends on the stock certificates stating that the securities were not registered under the Securities Act and set forth the restrictions on their transferability and sale.

NOTE 8. SHIPPING AND HANDLING COSTS

The Company pays shipping and handling costs on behalf of customers for purchased merchandise. The shipping and handling costs are billed back to the customer through the billing invoice. Our selling, general and administrative expenses were \$194,288 for the three months ended April 30, 2012 compared to \$144,369 for the three months ended April 30, 2011. Part of the increase was a result of an increase in professional fees.

INNOVATIVE DESIGNS, INC.**Results of Operations**Comparison of the Six Months Ended April 30, 2012 with the Six Months Ended April 30, 2011.

The following table shows a comparison of the results of operations between the six month periods ended April 30, 2012 and April 30, 2011:

	Six Months Ended April 30, 2012	% of Sales		Six Months Ended April 30, 2011	% of Sales	Increase (Decrease)	% Change

Net income	\$ (75,910)	-12.71 %		\$ 50,288	7.03 %	\$(126,198)	-250.95 %

Revenues for the six months ended April 30, 2012, were \$597,242 compared to revenues of \$715,170 for the six months ended April 30, 2011. The decrease was a result of the warmer weather that was experienced in the geographic areas that we market our cold weather apparel.

Our selling, general and administrative expenses were \$409,972 for the six months ended April 30, 2012 compared to \$303,740 for the six months ended April 30, 2011. The increase was a result of an increase in professional fees and

bank service charges.

As a result of the warm winter just experienced, we believe that orders for our cold weather products for the forthcoming season will be placed later than usual as customers try to determine what the extent of the cold season will be.

In February 2012, we announced in a press release that our House Wrap product had drawn the interest of several large homebuilders and that samples had been sent to them for evaluation. In order for such homebuilders to buy our House Wrap it must have an ICC certification. ICC is the International Code Council. We are in the process of having a testing machine built that will ensure the House Wrap complies with ICC standards. We expect the testing machine to be completed in June, 2012. We are also in advanced discussions with a large nationwide retailer to sell our House Wrap. We are using an independent sales force experienced in this industry.

-9-

INNOVATIVE DESIGNS, INC.

The House Wrap Product will be produced, on a purchase order basis, by a third party manufacturer located in the Northeastern section of the United States. The finished product will be stored at our warehouse facility and at the manufacturer's plant.

We are also having a seam tape, made to our specifications, produced that will be sold with the House Wrap.

Liquidity and Capital Resources

During the quarter ended April 30, 2012, we funded our operations from revenues from sales. Subsequent to April 30, 2012, we received a short-term advance of \$100,000 from a private lender.

Short Term: We will continue to fund our operations from sales and short term borrowings from shareholders and others and the possible sale of our securities. We currently have no commercial credit facilities available to us. We continue to pay our creditors when payments are due.

Long Term: The Company will continue to fund its operations from revenues, borrowings from private parties and the possible sale of our securities. We have ceased trying to obtain commercial lending. Should we not be able to rely on the private sources for borrowing, our operations would be severely effected as we would not be able to fund our purchase orders to our suppliers for finished goods.

ITEM 2. UNREGISTERED SALE OF EQUITY SECURITIES AND USE OF PROCEEDS

On April 12, 2012, the Company, issued 35,000 shares of its restricted common stock to Mr. Rick Tocchet for professional services. The shares were valued at \$.30 per share for an aggregate price of \$10,500. The shares were issued without registration under the Securities Act, of 1933, as amended, pursuant to Section 4(2) of the Securities Act and Regulation D promulgated thereunder.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As a smaller reporting company, we are not required to provide the information otherwise required by this Item.

ITEM 4T.CONTROLS AND PROCEDURES

Management has developed and implemented a policy and procedures for reviewing, on a quarterly basis, our disclosure controls and procedures. During the fourth quarter ended October 31, 2011, our principle executive/financial officer concluded that these controls and procedures were ineffective. During the fourth quarter ended October 31, 2011 and the first quarter ended January 31, 2012, the Company was not able to close the books and records in a timely fashion. Consequently, the Company was not able to file its Form 10K or its Form 10Q within the timeline established by the SEC. There were no reclassifications made during the first quarter of 2012. Management will take action to correct these procedures moving forward.
