Form 10-K for the fiscal year ended October 31, 2012. The results of operations for the three month periods
ended January 31, 2013 and 2012 are not necessarily indicative of operating results for the full year.

NOTE 3. INVENTORY

Inventory consists principally of purchased finished goods. Inventory is stated at the lower of cost or market on a first-in, first-out basis. The Company has decided to discontinue the manufacturing of its hunting and swimming line of apparel. The Company has booked a reserve against this inventory at October 31, 2012 of \$65,000 and continues to maintain this reserve as of January 31, 2013. Management will continue to evaluate its obsolete inventory reserve throughout the year and make adjustments as needed.

NOTE 4. EARNINGS PER SHARE

Innovative Designs, Inc. (the "Company") calculates net income (loss) per share in accordance with FASB Accounting Standard Codification ("ASC") Topic 260 "*Earnings per Share*". Basic earnings (loss) per share is calculated by dividing income (loss) by the weighted average number of common shares outstanding for the period. During the periods presented, the Company only has common stock outstanding. As a result diluted earnings per share was not calculated.

NOTE 5. DEPOSITS

The Company only has one manufacturer that produces the apparel on behalf of the Company, located in Indonesia. The Company will send deposits to the manufacturer for future production of the apparel. As of January 31, 2013, the Company had \$23,602 on deposit for the production of apparel.

NOTE 6. INCOME TAXES

The Company accounts for income taxes in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 740 “*Income Taxes*”, which requires an asset and liability approach for financial reporting purposes. Deferred income taxes are provided for differences between the tax bases of assets and liabilities and the financial reporting amounts at the end of the period, and for net operating loss and tax credit carryforwards available to offset future taxable income. Changes in enacted tax rates or laws result in adjustments to recorded deferred tax assets and liabilities in the periods in which the tax laws are enacted or tax rates are changed.

INNOVATIVE DESIGNS, INC.

NOTES TO THE CONDENSED FINANCIAL STATEMENTS

For the Three Month Period Ended January 31, 2013 (Unaudited)

The Company will continue to evaluate its income tax obligation throughout the year and will record a tax provision when it is necessary.

NOTE 7. SHIPPING AND HANDLING COSTS

The Company pays shipping and handling costs on behalf of customers for purchased merchandise. These costs are billed back to the customer through the billing invoice. The shipping and handling costs associated with merchandise ordered by the Company are included as part of cost of goods sold. The shipping and handling costs were approximately \$23,000 and \$41,000 for the three month periods ending January 31, 2013 and 2012, respectively. These costs are included in selling, general and administrative expenses.

NOTE 8. DEBT

The Company entered into three Note Payable Agreements during the three month period ended January 31, 2012. Two of these notes, totaling \$63,000, were from private lenders, with an additional \$20,000 note from a shareholder. These borrowings were used to fund operations during the quarter.

NOTE 9. LITIGATION

The Company filed a civil complaint during 2012 in which we assert that the defendants made deceptive claims in their advertising and promotions that are aimed at our Arctic Armor products in order to gain an unfair competitive advantage over our products. The Company is seeking damages from each defendant in excess of \$75,000. This matter is currently in the discovery phase.

The Company was named as a defendant in a complaint asserting libel, slander, and torturous interference during 2012. As a result of the Company not responding in a timely manner to the summons, a default judgment hearing was scheduled for February 2013. The Company filed a motion for an extension, which was granted and lifted the default

judgment. As a result of this complaint the Company recorded a contingent liability of \$190,000 as of October 31, 2012. No adjustment was made to the contingent liability as the litigation is still ongoing and an outcome cannot be reasonably determined at this time.

NOTE 10. SUBSEQUENT EVENTS

The Company has evaluated subsequent events in accordance with Accounting Standards Codification Topic 855, “*Subsequent Events*”, through March 20, 2013, which is the date financial statements were available to be issued. With the exception of the matters discussed below, no subsequent event items were identified by the Company.

On February 4, 2013 the Company issued 30,000 shares of stock for professional services for \$0.30 per share, or \$9,000.

Background

Innovative Designs, Inc. (hereinafter referred to as the "Company", "we or "our") was formed on June 25, 2002. We market and sell clothing products such as outdoor apparel, and cold weather gear called "Arctic Armor" that are made from INSULTEX, a material with buoyancy, scent block and thermal resistant properties. We also market our House Wrap product line which is a building material with thermal qualities. House Wrap is also made from INSULTEX. We obtain INSULTEX through a license agreement with the owner and manufacturer of the material. Since our formation we have devoted our efforts to:

- Completing the development, design and prototypes of our products,
- Obtaining retail stores or sales agents to offer and sell our products,
- Developing our website to sell more of our products, and
- Establishing distribution channels for our House Wrap product.

INNOVATIVE DESIGNS, INC.**Results of Operations**Comparison of the Three Months Ended January 31, 2013 with the Three Months Ended January 31, 2012.

The following table shows a comparison of the results of operations between the three month periods ended January 31, 2013 and January 31, 2012:

	Three Months Ended January 31, 2013	% of Sales	Three Months Ended January 31, 2012	% of Sales	Increase (Decrease)	% Change
REVENUE	\$295,046	100.00 %	\$551,771	100.00 %	\$(256,725)	-46.53 %
OPERATING EXPENSES						
Cost of sales	127,631	43.26 %	206,372	37.40 %	(78,741)	-38.15 %
Selling, general and administrative expenses	150,064	50.86 %	215,684	39.09 %	(65,620)	-30.42 %
Income from operations	17,351	5.88 %	129,715	23.51 %	(112,364)	-86.62 %
OTHER INCOME/(EXPENSE)						
Interest expense	(24,323)	-8.24 %	(21,696)	-3.93 %	(2,627)	12.11 %
Net income (loss)	\$(6,972)	-2.36 %	\$108,019	19.58 %	\$(114,991)	-106.45 %

Revenues for the quarter ended January 31, 2013 were \$295,046 compared to revenues of \$551,771 for the quarter ended January 31, 2012. The decrease is attributable, in large part, to the warm winter. However, management is also of the opinion that the actions alleged in its complaint against the defendants in the action currently before the court in the Western District of Pennsylvania have also resulted in lost sales of our Arctic Armor products. Also, due to the warmer winter that was experienced, our customers are ordering later in the year. Nearly all of our revenue was from the sales of our Arctic Armor cold weather product line.

Our selling, general and administrative expenses were \$150,064 for the three months ended January 31, 2013 compared to \$215,684 for the three months ended January 31, 2012.

Liquidity and Capital Recourses

During the quarter ended January 31, 2013, we funded our operations from revenues from sales and short-term advances. During the quarter, we received three short-term advances totaling \$83,000, \$63,000 from private lenders and \$20,000 from a shareholder.

Short Term: We will continue to fund our operations from sales and short term borrowings from shareholders and others and the possible sale of our securities. We currently have no commercial credit facilities available to us. We continue to pay our creditors when payments are due.

Long Term: The Company will continue to fund its operations from revenues, borrowings from private parties and the possible sale of our securities. We have ceased trying to obtain commercial lending. Should we not be able to rely on the private sources for borrowing, our operations would be severely effected as we would not be able to fund our purchase orders to our suppliers for finished goods.

INNOVATIVE DESIGNS, INC.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

In July, 2012, we filed a civil complaint in the District Court for the Western District of Pennsylvania against Striker Brands, LLC and Korky's Outpost, LLC. We assert in the complaint that the defendants make deceptive claims in their advertising and promotions that are aimed at our Arctic Armor products in order to gain an unfair competitive advantage over our products. We are asking for damages from each defendant in excess of \$75,000. This matter is currently in the discovery phase.

The defendants filed a complaint in the District Court for Ramsey County, Second Judicial District, State of Minnesota alleging interference with prospective business advantage and defamation. They also named an independent sale agent of the Company. In addition, the Company did not timely respond to a summons and filed a motion with the court requesting an extension. The motion was granted but the Company was ordered to pay \$3,150 in attorney fees. The matter is now in the discovery phase. The Company recorded a contingent liability of \$190,000 as of October 31, 2012 as a result of this complaint. This liability will be evaluated as this matter progresses.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As a smaller reporting company, we are not required to provide the information otherwise required by this Item.

ITEM 4T. CONTROLS AND PROCEDURES

Management has developed and implemented a policy and procedures for reviewing, on a quarterly basis, our disclosure controls and procedures. During the quarter ended January 31, 2013, our principle executive/financial officer concluded that these controls and procedures were ineffective. At this time we do not have the financial resources to employ a financial staff with accounting and financial expertise, once we have the necessary financial resources, we plan to hire and designate an individual responsible for identifying reportable developments and to implement procedures designed to remediate the material weakness by focusing additional attention and resources in our internal accounting functions. During the first quarter ended January 31, 2013, the Company was not able to close

the books and records in a timely fashion. Consequently, the Company was unable to file its Form 10-Q within the timeline established by the SEC and requested an extension of five days in which to file the report. There were no reclassifications made during the first quarter of 2013.

Changes in Internal Control Over Financial Reporting

During the most recent fiscal quarter, there were no changes in the Company's internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Exchange Act Rules 13(a)-15 or 15d-15 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.
