**ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD JUNE 1, 2016**

PROXY STATEMENT

The Board of Directors (the Board or the Board of Directors) of Derma Sciences, Inc. (the Company, Derma Sciences, we, us or our) has made these materials available to you on the Internet, or, upon your request, has delivered printed versions of these materials to you by mail, in connection with the Board's solicitation of proxies for use at its Annual Meeting of Stockholders (the Meeting) to be held at 3:30 pm, on Wednesday, June 1, 2016, at the offices of the Company, 214 Carnegie Center, Suite 300, Princeton, New Jersey, 08540, and at any adjournments thereof. The purpose of the Meeting and the matters to be acted upon are set forth under the headings *Proposal 1 Election of Directors, Proposal 2 Advisory Vote on the Compensation of Our Named Executive Officers* and *Proposal 3 Ratification of Appointment of Independent Registered Public Accounting Firm* below and in the Notice of Annual Meeting of Stockholders. Stockholders are requested to promptly vote by proxy over the Internet by following the instructions provided in the Notice of Internet Availability of Proxy Materials, which was mailed to you on or about April 20, 2016. If you request printed copies of the proxy materials by mail, you can also vote by mail or by telephone.

The close of business on April 12, 2016, has been fixed as the record date (the Record Date) for the determination of stockholders entitled to notice of, and to vote at, the Meeting. On the Record Date, the Company had the following shares issued, outstanding and entitled to vote:

25,885,494 shares of common stock, par value \$0.01 per share (Common Stock);
18,598 shares of Series A Convertible Preferred Stock (the Series A Preferred Stock); and
54,734 shares of Series B Convertible Preferred Stock (the Series B Preferred Stock, together with the Series A Preferred Stock, the Preferred Stock).

The foregoing shares of Common Stock and Preferred Stock are collectively referred to herein as the Shares. Holders of the Shares are entitled to one vote for each share held of record. The Shares are the only voting securities of the Company.

The presence at the Meeting, in person or by proxy, of the holders of 12,979,414 Shares (a majority of the aggregate number of shares of Common Stock and Preferred Stock issued and outstanding and entitled to vote as of the Record Date) is necessary to constitute a quorum to transact business. Proxies marked ABSTAIN and Broker Non-Votes (as defined below), if any, will be counted in determining the presence of a quorum.

If the on-line or paper form of proxy is executed properly and submitted, Shares represented by it will be voted at the

Meeting in accordance with the instructions on the proxy. However, if no instructions are specified, Shares will be voted **FOR** the election as directors of those nominees named in the proxy, **FOR** the compensation of our named executive officers and **FOR** ratification of the selection of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2016. The Board knows of no matters which are to be presented for consideration at the Meeting other than those specifically described herein and in the Notice of Annual Meeting of Stockholders, but if other matters are properly presented, it is the intention of the persons designated as proxies to vote on them in accordance with their judgment.

If your Shares are held in street name and you do not provide voting instructions to the broker or other nominee that holds your Shares, the broker or other nominee has the authority, even if it does not receive instructions from you, to vote your unvoted Shares for Proposal No. 3, the ratification of our independent public accountant, but does not have authority to vote your unvoted Shares for Proposal No. 1, the election of directors, or Proposal No. 2, the advisory vote on the compensation of our named executive officers. We encourage you to provide voting instructions. This ensures your Shares will be voted at the Meeting in the

manner you desire. If your broker cannot vote your Shares on a particular matter because it has not received instructions from you and does not have discretionary voting authority on that matter or because your broker chooses not to vote on a matter for which it does have discretionary voting authority, this is referred to as a broker non-vote (Broker Non-Votes).

A proxy may be revoked at any time prior to the time it is voted by written notice to the Secretary of the Company at the above address or by submission of a proxy bearing a later date. Any stockholder may attend the Meeting and vote in person whether or not a proxy was previously submitted.

For Proposal No. 1, the nominees for director who receive the most votes (also known as a plurality) will be elected. You may vote either FOR all of the nominees, WITHHOLD your vote from all of the nominees or WITHHOLD your vote from any one of the nominees. Votes that are withheld will not be included in the vote tally for the election of directors. Abstentions and Broker Non-Votes, if any, will not be counted as having been voted and will have no effect on the election of directors, except to the extent the failure to vote for a nominee results in another nominee receiving a larger number of votes.

Adoption of Proposal No. 2 requires that the votes cast in favor of the proposal exceed the votes cast against the proposal. Abstentions and Broker Non-Votes will not be counted as either votes cast for or against this proposal.

Adoption of Proposal No. 3 requires the affirmative vote of a majority of the total number of votes cast for this proposal. In determining whether Proposal No. 3 has received the requisite number of affirmative votes, abstentions will be counted and will have the same effect as a vote against the proposals, and Broker Non-Votes, if any, will have no effect on the votes for the proposal.

The Notice of Annual Meeting, this proxy statement (this Proxy Statement), the accompanying proxy card and our Annual Report on Form 10-K are being made available on the Internet at <https://materials.proxyvote.com/249827> through the notice and access process and, upon request, mailed to our stockholders on or about April 20, 2016. The expense of solicitation will be borne by the Company. The solicitation of proxies will be largely by mail, but may include telephonic, telegraphic or oral communications by officers or other representatives of the Company. The Company will also reimburse brokers or other persons holding Shares in their names or in the names of their nominees for reasonable out-of-pocket expenses in connection with forwarding proxies and proxy materials to the beneficial owners of such Shares.

BOARD OF DIRECTOR AND CORPORATE GOVERNANCE STANDARDS AND POLICIES

General

The Board of Directors is the ultimate decision-making body of the Company, except with respect to those matters to be decided by the stockholders. It selects the Chief Executive Officer and other members of the senior management team, which is charged with the conduct of the Company's day to day business. The Board acts as an advisor and counselor to senior management and ultimately monitors its performance. The function of the Board to monitor the performance of senior management is facilitated by the presence of non-employee directors of stature who have substantive knowledge of the Company's business.

Conduct of Board Meetings

The Chairman sets the agenda for Board meetings with the understanding that the Board is responsible for providing suggestions for agenda items that are aligned with the advisory and monitoring functions of the Board. Agenda items that fall within the scope of responsibilities of a Board Committee are reviewed with the chair of that Committee. Any member of the Board may request that an item be included on the agenda. Board materials related to agenda items are provided to Board members sufficiently in advance of Board meetings to allow the directors to prepare for discussion of the items at the meeting. At the invitation of the Board, members of senior management recommended by the Chairman attend Board meetings or portions thereof for the purpose of participating in discussions. Generally, presentations of matters to be considered by the Board are made by the manager responsible for that area of the Company's operations.

Meeting Attendance

While we strongly encourage attendance by our Board of Directors at our annual stockholders' meetings, we do not have a formal policy with respect to attendance. Seven of eight directors, including Mr. Quilty, attended last year's annual stockholders' meeting. C. Richard Stafford, Esq., who did not stand for re-election at the 2015 Annual Meeting, was not in attendance. In fiscal year 2015, there were a total of ten meetings of the Board of Directors, including six telephonic meetings, and the various committees of the Board of Directors met a total of ten times. No director attended fewer than 75% of the total number of meetings of the Board of Directors and of committees of the Board of Directors on which he or she served during fiscal year 2015.

Qualifications of Directors

The Nominating and Corporate Governance Committee has not established specific criteria or minimum qualifications that must be met by committee-nominated or stockholder-nominated nominees for director. Regardless of the source of a given nominee's nomination, the Nominating and Corporate Governance Committee believes each nominee should be evaluated based solely upon his/her educational attainments, relevant experience and professional stature.

We seek board candidates with a broad diversity of experience, professions, skills, geographic representation, backgrounds and commitment necessary to make a significant contribution to our Company. The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. Experience in the healthcare industry, while not a prerequisite for nomination, is a positive factor in the selection process.

Our Board believes that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board of Directors to fulfill its responsibilities. Nominees are not discriminated against on the basis of race, religion, national origin, sexual orientation, disability or any other basis proscribed by law. The Nominating and Corporate Governance Committee has not set either term limits or a mandatory retirement age for members of the Board, believing that the Company's interests are best served by members of the Board with substantial experience and knowledge of the Company's business and that age is generally not a barrier to effective performance as a member of the Board.

7

In connection with the selection of nominees for director, consideration will be given to the Board's overall balance of diversity of perspectives, backgrounds and experiences; however, the Board has not adopted a formal diversity policy.

The Nominating and Corporate Governance Committee will evaluate potential nominees, including stockholder nominees, by reviewing qualifications, considering references, conducting interviews and reviewing such other information as committee members may deem relevant. The Nominating and Corporate Governance Committee primarily seeks nominations for director from institutional security holders, members of the investment banking community and current directors. The Nominating and Corporate Governance Committee may, at its discretion, employ consultants to help us identify or screen prospective directors.

Board of Directors Leadership

The Board of Directors recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide independent oversight of management. The Board understands that the right Board of Directors leadership structure may vary as circumstances warrant. Consistent with this understanding, it is the Company's policy that non-employee directors consider the Board of Directors' leadership structure on an annual basis.

The Board has determined that the optimal Board of Directors leadership structure for us is served by the role of Chairman of the Board being held by our Interim Executive Chairman and principal executive officer, Stephen T. Wills, CPA, MST. Due to his long tenure with the Company, Mr. Wills possesses detailed and in-depth knowledge of the issues, opportunities and challenges we face, and is thus best positioned to ensure a focused direction for the Company until a permanent Chief Executive Officer is appointed.

Our non-employee directors have also determined that it is optimal for the Board to have an independent lead director, whose responsibilities include, among others, (i) serving as primary intermediary between non-employee directors and management; (ii) formulating, in consultation with the Chairman of the Board, the agenda and meeting schedules for the Board; (iii) advising the Chairman of the Board as to the quality, quantity and timeliness of the information submitted by management to directors; (iv) recommending to the Chairman of the Board the retention of advisors and consultants who report directly to the Board; (v) calling meetings of non-employee directors; (vi) serving as liaison for consultation and communication with stockholders; and (vii) serving as Chairman of the Executive Committee of the Board if, and when, the same shall be established. Mr. Wills served as our lead director until his appointment as Interim Executive Chairman on December 21, 2015.

Although we believe that the combination of the Chairman and principal executive officer roles in the position of Interim Executive Chairman is appropriate in the current circumstances, we expect to separate the offices of Chairman and Chief Executive Officer in the future as we believe this serves our best interests and the best interests of our stockholders.

Role of the Board of Directors in Risk Oversight

Our executive officers are responsible for the day-to-day management of risks the Company faces, while our Board of Directors has responsibility, as a whole and also at the committee level, for the oversight of the Company's risk management. The Board of Directors regularly reviews the Company's long-term business strategy, including industry trends and their potential impact on the Company, our competitive positioning, potential acquisitions and divestitures, as well as the Company's technology and market direction. The Board of Directors also reviews information regarding the Company's actual and planned financial position and operational performance, as well as the risks associated with each. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation and the Company's incentive, equity award and other benefit plans. The Audit

Committee oversees management of financial risks, including but not limited to accounting matters, tax positions, insurance coverage and security of the Company's cash reserves. The Nominating and Corporate Governance Committee manages risks associated with the independence and remuneration of the Board of Directors and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed about such risks by committee reports as well as advice and counsel from expert advisors.

Director Independence

It is the policy of the Company that the Board consist of a majority of independent Directors. The Nominating and Corporate Governance Committee of the Board has established Director Qualification Standards to assist it in determining Director independence, which either meet or exceed the independence requirements of NASDAQ Marketplace Rule 5605(a)(2). The Board will consider all relevant facts and circumstances in making an independence determination, and not merely from the standpoint of the Director, but also from that of persons or organizations with which the Director has an affiliation. The Board has reviewed the materiality of any relationship that each of our directors has with the Company. Based upon this review, the Board has determined that all director nominees, with the exception of Mr. Wills, are independent as defined in NASDAQ Marketplace Rule 5605(a)(2). The term of office of each person elected as director will continue until our next annual meeting of stockholders or until his successor has been duly elected and qualified.

Board of Director Committees

It is the general policy of the Company that all major decisions be considered by the Board as a whole. As a consequence, the Committee structure of the Board is limited to those Committees considered to be basic to, or required or appropriate for, the operation of the Company. Currently, these Committees are the Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee. The members and chairs of these Committees are recommended to the Board by the Nominating and Corporate Governance Committee. The Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee are made up of only independent Directors.

Audit Committee

We maintain an Audit Committee that is currently composed of Srini Conjeevaram, Chairman, Samuel E. Navarro and Bruce F. Wesson. Messrs. Conjeevaram, Navarro and Wesson are considered to be independent as defined in NASDAQ Marketplace Rule 5605(a)(2). The Audit Committee reviews the results and scope of the audit and the financial recommendations provided by our independent registered public accounting firm. The Audit Committee held four meetings in 2015. Details relative to the Audit Committee's financial expert, together with the Audit Committee Report, are set forth on page 38 of this Proxy Statement under the heading *Additional Information*.

Compensation Committee

We maintain a Compensation Committee that is currently composed of Robert G. Moussa, Chairman, Srini Conjeevaram and Amy Paul. Messrs. Moussa and Conjeevaram and Ms. Paul are considered to be independent as defined in NASDAQ Marketplace Rule 5605(a)(2). The Compensation Committee reviews the compensation of management and recommends to the Board the amounts and types of cash and equity incentives to be offered to management. The Compensation Committee operates under a written charter, a copy of which may be viewed on the Company's website at <http://www.dermasciences.com> under the heading Corporate Governance in the Investor Relations section. The Compensation Committee held four meetings in 2015. The Compensation Committee Report is set forth in the Compensation Discussion and Analysis beginning on page 15 of this Proxy Statement.

Nominating and Corporate Governance Committee

We maintain a Nominating and Corporate Governance Committee that is currently composed of Bruce F. Wesson, Chairman, Robert G. Moussa, Amy Paul and Samuel E. Navarro. Messrs. Wesson, Moussa and Navarro and Ms. Paul are considered to be independent as defined in NASDAQ Marketplace Rule 5605(a)(2). The Nominating and Corporate Governance Committee reviews the qualifications of prospective directors for consideration by the Board as management's nominees for directors. The Nominating and Corporate Governance Committee operates under a written charter, a copy of which may be viewed on the Company's website at <http://www.dermasciences.com> under the heading Corporate Governance in the Investor Relations section. The Nominating and Corporate Governance Committee held two meetings in 2015.

We will consider nominations for directors submitted by stockholders. Stockholder nominations for election to the Board must be made by written notification received by the chairperson of the Board not later than sixty days prior to the anniversary date of the preceding annual meeting of stockholders. Such notification shall contain, at a minimum, the following information:

1. The name and residential address of the proposed nominee and of each notifying stockholder;
 2. The principal occupation of the proposed nominee;
 3. A representation that the notifying stockholder intends to appear in person or by proxy at the meeting to nominate the person specified in the notice;
 4. The total number of our shares that will be voted for the proposed nominee;
 5. The total number of our shares owned by the notifying stockholder;
 6. A description of all arrangements or understandings between the notifying stockholder and the proposed nominee and any other person or persons pursuant to which the nomination is to be made by the notifying stockholder;
 7. Any other information regarding the nominee that would be required to be included in a proxy statement filed with the SEC; and
 8. The consent of the nominee to serve as one of our directors, if elected.
- The Nominating and Corporate Governance Committee will return, without consideration, any notice of proposed nomination which does not contain the foregoing information.

The director nominees for the Meeting were recommended by the Nominating and Corporate Governance Committee and unanimously approved by the Board.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ELECTION AS DIRECTORS OF THE NOMINEES LISTED ABOVE.

PROPOSAL 2 ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act, we included a stockholder vote on the frequency of future votes on named executive officer compensation in our 2013 proxy statement which was advisory and nonbinding. Our stockholders approved the frequency of future votes on the recommendation of our Board of Directors to hold future say-on-pay votes on an annual basis. The next stockholder vote on the frequency of future votes on named executive officer compensation will occur at our 2019 annual meeting of stockholders.

As a result, our stockholders are entitled to vote at the Annual Meeting to approve the compensation of our named executive officers (referred to herein as the NEOs) listed in the Summary Compensation Table in the Compensation Discussion and Analysis section of this Proxy Statement (commonly referred to as a say on pay vote). Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, the stockholder vote on executive compensation is an advisory vote only, and it is not binding on the Company or the Board of Directors.

Our executive compensation programs are based on three core principles that are designed to motivate our NEOs to achieve annual financial and strategic objectives to enhance the profitability of the Company and create long-term stockholder value. The fiscal year 2015 compensation of our NEOs reflected these core principles:

A significant portion of each NEO's cash compensation was based on the annual financial performance of the Company and was therefore at risk;

A significant portion of each NEO's total compensation was provided in the form of long-term equity, a significant portion of which was subject to stock price performance, to further align the interest of our NEOs and stockholders; and

The target total direct compensation package for each NEO was consistent with market practices for executive talent and each NEO's individual experience, responsibilities and performance.

We believe that our compensation programs and policies for the fiscal year ended December 31, 2015 were consistent with our core compensation principles, an effective incentive for the achievement of positive results, aligned with stockholders' interests, supported by strong compensation governance practices and worthy of continued stockholder support. Accordingly, we ask for our stockholders to indicate their support for the compensation paid to our NEOs by voting FOR the following non-binding resolution at the Meeting:

RESOLVED, that the Company's stockholders approve the compensation of the named executive officers for fiscal year 2015 listed in the Summary Compensation Table in the Compensation Discussion and Analysis section of the proxy statement, as disclosed pursuant to Item 402 of Regulation S-K.

Approval of this proposal requires that votes cast in favor of the proposal exceed the votes cast against the proposal. Abstentions and Broker Non-Votes will not be counted as having been voted for purposes of this proposal. Because your vote is advisory, the result will not be binding upon the Company. Although not binding, our Compensation Committee and the Board value the opinions of our stockholders and will consider the outcome of the vote, along with other relevant factors, when making future compensation decisions for NEOs.

**THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE APPROVAL OF THE
COMPENSATION OF THE NEOs, AS STATED IN THE ABOVE NON-BINDING RESOLUTION.**

The Board proposes that the stockholders ratify this appointment. We expect that representatives of KPMG will be present at the Meeting, will be able to make a statement if they so desire, and will be available to respond to appropriate questions.

Section 1: Executive Summary

Compensation Objectives

The objectives of our compensation programs are as follows:

Objective	Description
Pay-For-Performance	Our compensation program emphasizes performance-based compensation in order to motivate our executives to achieve strong financial, operational and individual performance in line with the Company's corporate strategies, business objectives and the long-term interests of the Company's stockholders.
Talent Retention	In order to attract and retain qualified executive leadership, the Company must offer compensation which is comparable to similarly situated companies and which provides the potential for substantial rewards if the Company is successful over the long-term. The Company seeks to pay base salary, annual bonus and long-term incentive compensation at levels competitive with other medical device companies.
Alignment with Stockholder Interests	Our compensation program aligns our executives' interests with those of our stockholders by making stock-based incentives a core element of our executives' compensation.

Pay-For-Performance

We are committed to a pay-for-performance philosophy. As described below, the variable components of our compensation program are short-term incentives (STI) and long-term incentives (LTI). Our STI opportunities are provided under an annual cash bonus plan, the payout of which is dependent on the achievement of certain financial, operational or technological objectives. Our LTI opportunities are provided through performance and time-based stock options and performance-based restricted share unit (RSU) awards. Because of our pay-for-performance commitment, a meaningful portion of our named executive officers' total direct compensation, which consists of base

salary and target STI and LTI opportunities, is variable.

Compensation Policies and Practices

The Compensation Committee has implemented a number of compensation policies and practices that are intended to further our compensation objectives. The following are some key features of our executive compensation program.

Our Compensation Policies and Practices

Claw-Back Policy and Forfeiture of Equity. We maintain a claw-back policy, under which we will require the reimbursement of any incentive compensation paid to the executive officers of the Company if the payment was predicated upon financial results that were subsequently the subject of a restatement. In addition, if an executive is terminated for cause then he will forfeit all awards granted under the Company's 2012 Equity Incentive Plan.

No Excise Tax Gross-Ups. We do not provide excise tax gross-ups for severance benefits received in connection with a change in control of the Company.

No SERP or Pension Plan. We do not maintain a supplemental executive retirement plan, pension plan, or any other type of defined benefit retirement plan.

Retain an Independent Consultant. The Compensation Committee retains an independent consultant to assist in developing and reviewing our executive compensation strategy and to confirm that the design and pay levels of our compensation programs are consistent with market practices.

Consideration of Prior Year's Say on Pay Vote. As in previous years, stockholders continued to show support for our executive compensation program by approving the compensation of our named executive officers by a vote of approximately 86% of the shares voted at the 2015 Annual Meeting. The Compensation Committee views the continued support of such stockholders as an endorsement of our compensation program and our compensation objectives.

Executive Transition

Effective December 21, 2015, Mr. Quilty, our former Chief Executive Officer and Chairman, departed from the Company, and Mr. Wills, our former Lead Director, was appointed as the Company's Interim Executive Chairman.

Mr. Wills does not have an employment agreement with the Company. In connection with his appointment as Interim Executive Chairman, on December 17, 2015, the Compensation Committee of the Board approved the material terms of Mr. Wills' additional compensation for that position, which includes monthly cash compensation of \$15,000 and a one-time stock option grant of 15,000 shares subject to a twelve-month vesting schedule.

In connection with Mr. Quilty's departure we entered into a separation agreement and a consulting agreement with Mr. Quilty. Pursuant to the separation agreement, which required Mr. Quilty to provide a release of any claims in favor of the Company, Mr. Quilty is entitled to receive the following compensation:

Cash severance of \$1,030,000, payable over a two year period ending December 31, 2017.

An annual bonus of \$93,344 for the 2015 fiscal year, which was paid in December 2015.

Vesting of the following equity awards that otherwise would have been forfeited upon his departure: 39,000 time-based stock option shares, 18,125 performance-based stock option shares, 16,250 time-based restricted stock units and 5,438 performance-based restricted stock units.

Subject to Mr. Quilty's timely election of continued health coverage under COBRA, the Company will pay all premiums required to maintain Mr. Quilty's health insurance coverage for a two-year period ending December 31, 2017.

Reimbursement of up to \$2,500 in legal fees and costs related to the separation agreement.

Pursuant to his consulting agreement with the Company, Mr. Quilty has agreed to provide consulting services with regard to the Company's business and operations until June 30, 2016 or until such earlier date on which the consulting relationship is terminated, in exchange for a total consulting fee of \$60,000 payable in six equal monthly installments.

Section 2: Elements of Compensation

The following is an overview of the compensation program for our named executive officers, which generally consists of base salary, STI opportunity, and LTI opportunity. In connection with the transition in our executive leadership as described above, in December 2015, we entered into certain compensation arrangements with Mr. Quilty and Mr. Wills, which differ in some respects from our general executive compensation program described below. For example, Mr. Wills did not participate in our 2015 STI and LTI programs, and instead received a one-time grant of stock options in December 2015 with respect to 15,000 shares, subject to a twelve-month vesting schedule.

Base Salary

To the extent applicable, the employment agreement with each named executive officer sets an initial base salary in accordance with industry norms and the named executive officer's experience and qualifications. The Compensation Committee annually reviews each executive officer's base salary. Among the factors taken into consideration are: (i) individual and corporate performance, (ii) levels of responsibility, (iii) prior experience, (iv) breadth of knowledge of the industry and (v) competitive pay practices. If salaries at comparable companies have increased, the Compensation Committee normally recommends similar increases. However, increases will be recommended only if the executive's historical performance warrants an increase and if the increase is prudent in view of the Company's financial condition.

Effective January 1, 2015, the base salary of each named executive officer (other than Mr. Wills) was increased by 3% in order to reflect a cost of living adjustment. This 3% increase represented the same range of base salary increase applicable to all of the Company's employees.

Effective January 1, 2016, the base salary of each named executive officer (other than Mr. Wills) was increased by 1.5%.

Short-Term Incentive Compensation

In addition to base salary, the Company seeks to reward executives each year for the achievement of specific goals through short-term incentives. As noted above, Mr. Wills did not participate in the Company's 2015 STI program.

For 2015, the Compensation Committee did not adjust the target STI opportunity, which is expressed as a percentage of base salary, for the named executive officers because the levels were already competitively positioned. The target levels for the named executive officers are set forth in the table which follows.

Name	Target STI Opportunity
Mr. Quilty	50 %
Mr. Yetter	30 %
Mr. Cole	30 %
Mr. Eigner	30 %
Mr. Wolfenson	35 %

Performance Goals

For 2015, the performance goals for the STI opportunity for each named executive officer were allocated (i) 75% to financial goals which were tied to the 2015 financial and operational budget, and (ii) 25% to strategic and personal goals. The R&D financial goal was primarily based on the DSC127 Phase 3 development program and included both financial spend and patient enrollment target numbers. Effective November 2015, management of the Company approved a plan to terminate the Company's DSC127 Phase 3 clinical program, and as a result, no portion of the 2015 STI opportunity allocated to R&D goals was earned. The financial goals and actual performance results were as follows:

Financial Goals	Weight % Target	Budget (\$ millions)	Actual (\$ millions)	Weight % Achieved
Net Sales	30 %	\$ 91.72	\$ 84.47	7.5 %
Gross Profit	15 %	\$ 32.99	\$ 32.73	11.25 %
R&D	15 %	\$ NA	\$ NA	0 %
EBITDA (Excluding R&D)	15 %	\$ (12.13)	\$ (11.23)	15 %
TOTAL	75 %			33.75 %

Payouts

The Compensation Committee determined the payouts under the 2015 STI program based on aggregate performance. The weighted-average achievement and payout levels for the named executive officers under the 2015 STI program are set forth below. As noted above, the separation agreement entered into between the Company and Mr. Quilty in connection with his departure provides for the payment of to Mr. Quilty of a \$93,344 STI bonus for 2015.

Name ⁽¹⁾	Financial Goals Achievement Level (75%)		Strategic and Personal Goals Achievement Level (25%)		Weighted Average Achievement Level		Target STI Opportunity	Payout

(1) Amounts and percentages are subject to rounding conventions adopted by the Compensation Committee.

(2) Mr. Eigner's STI payout was paid in Canadian dollars. The average exchange rate for 2015 was 1.28.

Long-Term Incentive Compensation

The Company's long-term incentives for named executive officers consist of stock options and RSUs awarded pursuant to the Company's 2012 Equity Incentive Plan. The Compensation Committee determines the number and terms of recommended option and RSU grants to the Company's named executive officers based on practices at comparable companies in the medical device industry and the Company's policy of linking long-term incentives to performance. As noted above, Mr. Wills did not participate in the Company's regular LTI program for named executive officers generally, and instead received a one-time grant of 15,000 stock options, effective December 21, 2015. Mr. Wills' 2015 stock option grant is subject to a twelve-month vesting schedule.

2015 Annual Grants

On February 12, 2015, the Compensation Committee granted performance-based RSUs and time-based and performance-based stock options to the named executive officers (other than Mr. Wills). The time-based stock options vest 25% upon the date of grant and 25% annually thereafter. The performance-based stock options and performance-based RSUs are to vest, if at all, to the extent the Company achieves the financial, strategic and personal goals as set forth in the STI program. The number of performance-based RSUs and stock options granted to each named executive officer as part of the 2015 annual grant are set forth below.

Potential Payments Upon Termination or Change in Control

The Company has entered into agreements and maintains plans and arrangements that require it to pay or provide compensation and benefits to the named executive officers in the event of certain terminations of employment or a change in control. The estimated amount payable or provided to each named executive officer (other than Mr. Quilty) in each situation is summarized below. These estimates are based on the assumption that the various triggering events occurred on the last day of 2015, along with other material assumptions noted below. The actual amounts that would be paid to these executives upon termination or a change in control can only be determined at the time the actual triggering event occurs.

In addition, the table below quantifies the post-employment benefits Mr. Quilty actually received in connection with the termination of his employment with the Company. Those benefits are described under the heading Executive Transition on page 16.

The amount of compensation and benefits described below does not take into account compensation and benefits that a named executive officer has earned prior to the applicable triggering event, such as the 2015 annual incentive payouts, equity awards that had previously vested in accordance with their terms, or vested benefits otherwise payable under the retirement plans and programs (unless those benefits are enhanced or accelerated). Please refer to the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table for the amount of the 2015 annual incentive payout and the Outstanding Equity Awards at Year-End table for a summary of each named executive officer's vested equity awards. Please see the Summary Compensation Table for the annual incentive earned by our named executive officers in 2015.

(1) Amounts listed under "Cash Severance and Other Cash Payments" for Messrs. Yetter, Cole, Eigner and Wolfenson are equal to the named executive officer's annual base salary in effect immediately prior to termination. These amounts are payable over 12 equal monthly installments. Notwithstanding the foregoing, as a Canadian employee,

Mr. Eigner will be entitled to a severance payment equal to the greater of his annual base salary or as required by common law. Mr. Eigner's compensation is paid in Canadian dollars. The amount reported in this column for Mr. Quilty includes cash severance of \$1,030,000, payable over 24 equal monthly installments; consulting fees of \$60,000 for services to be performed after termination of employment, payable in six equal monthly installments; \$42,587 in accrued paid time off, paid in single lump sum; and up to \$2,500 in reimbursement of legal fees for review of Mr. Quilty's separation agreement.

(2) Pursuant to the terms of the applicable employment agreement, each named executive officer would be entitled to continued health care benefits at the Company's cost for 12 months, except in the case of Mr. Quilty who is entitled to 24 months of benefits. Amounts listed under "Welfare and Other Benefits" are equal to the cost of such health care benefits. Health benefits for Mr. Eigner include \$1,835 for Canada health care benefits plus \$4,449 for the Executive Medical Program, if applicable, which are included in the salary column of the Summary Compensation Table.

(3) Represents the accelerated vesting of unvested, outstanding equity awards as a result of the applicable termination trigger. For Messrs. Wills, Yetter, Cole, Eigner and Wolfenson, the value of accelerated vesting of equity awards is determined based on the closing price of our Common Stock on the NASDAQ Stock Market of \$4.57 per share on December 31, 2015. For Mr. Quilty, the value of accelerated vesting of equity awards is determined based on the closing price of our Common Stock on the NASDAQ Stock Market of \$4.63 per share on December 21, 2015, the date Mr. Quilty's employment terminated. In either case, the value of accelerated vesting of stock options is determined based on the excess of the applicable closing price over the exercise price of the stock option, and if the exercise price of the accelerated stock option did not exceed the December 31 or December 21 price (as applicable), no value is reported in the table above for such stock option. For further details on specific awards and their applicable termination triggers, please see the narrative descriptions below.

(4) Represents the total payout under each termination category.

(5) Amounts disclosed represent compensation and benefits actually received by Mr. Quilty in connection with his departure effective December 21, 2015.

Any unvested RSUs will vest immediately upon termination of the named executive officer without cause or upon a change in control of the Company while the named executive officer remains employed.

2012 Performance-Based RSU Retention Grant

On December 20, 2012, the Company made a one-time grant of performance-based RSUs. Vesting of the performance-based RSUs were contingent upon achievement and maintenance prior to December 20, 2015, for a period of sixty (60) consecutive trading days, of a Common Stock closing price per share equal to or greater than certain prices. Because the Compensation Committee determined that the stock price performance goals were not achieved, the performance-based RSUs did not vest as to any named executive officer and were forfeited.

REFERENCE IN ANY DOCUMENT SO FILED.

The Audit Committee met privately with KPMG and Company financial personnel, each of whom has unrestricted access to the Audit Committee. The Audit Committee met with management periodically during the year to consider the adequacy of the Company's internal controls and the objectivity of its financial reporting. The Audit Committee discussed these matters with KPMG and with appropriate Company financial personnel.

The Audit Committee also discussed with the Company's senior management and KPMG the process used for certifications by the Company's Chief Executive Officer and Chief Financial Officer which are required by the SEC and the Sarbanes-Oxley Act of 2002 for certain of the Company's filings with the SEC.

Management has primary responsibility for the implementation of the system of internal controls and for the preparation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States. KPMG audited the financial statements prepared by management for the year ended December 31, 2015, expressed an opinion as to whether those financial statements fairly present the financial position, results of operations and cash flows of the Company in conformity with accounting principles generally accepted in the United States and discussed with the Audit Committee any issues they believed should be raised with the Audit Committee.

The Audit Committee reviewed with management and with KPMG the Company's financial statements and met separately with both management and KPMG to discuss and review those financial statements and reports prior to their issuance. Management has represented to the Audit Committee, and KPMG has confirmed, that the financial statements were prepared in accordance with accounting principles generally accepted in the United States.

The Audit Committee discussed and reviewed with KPMG all communications required by standards of the Public Company Accounting Oversight Board (PCAOB), including those described in PCAOB Auditing Standards No. 16, Communications with Audit Committees and, with and without management present, discussed and reviewed the results of KPMG's audit of the 2015 annual financial statements and internal controls over financial reporting as of December 31, 2015.

OTHER BUSINESS

Management of the Company knows of no other business which will be presented for consideration at the Meeting, but should any other matters be brought before the Meeting it is intended that the persons named in the accompanying proxy will vote at their discretion.

STOCKHOLDER PROPOSALS AND COMMUNICATIONS

Pursuant to Rule 14a-8 under the Exchange Act, stockholders may present proper proposals for inclusion in the Company's proxy statement for consideration at the 2017 annual meeting of stockholders by submitting their proposals to the Company in a timely manner. In order to be so included for the next annual meeting, stockholder proposals must be received by the Company no later than December 21, 2016 and must otherwise comply with the requirements of Rule 14a-8. All such proposals should be in compliance with the applicable regulations of the SEC.

In addition, the Company's Bylaws have an advance notice procedure with regard to nominations for the election of directors to be held at an annual meeting of stockholders by any stockholder. In general, the Company will consider nominations for directors submitted by any stockholder, only if such stockholder has given timely notice in proper written form of such nomination or nominations, setting forth certain specified information relating to such stockholder and his or her nominations. To be timely, notice must be received by the Chairman of the Board no later than April 2, 2017. Nominations that are not received in a timely manner will not be voted on at the 2017 annual meeting of stockholders. Notices of intent to nominate candidates for election as directors or other stockholder communications should be submitted to: Derma Sciences, Inc., 214 Carnegie Center, Suite 300, Princeton, New Jersey 08540.

Stockholders may communicate with our Board of Directors by sending correspondence to our Board of Directors, or to any individual director, at the following address: Derma Sciences, Inc. Board of Directors, 214 Carnegie Center, Suite 300, Princeton, New Jersey 08540, Attention: Chief Legal Officer.

Your communications should indicate whether you are a Derma Sciences, Inc. stockholder. Depending on the subject matter, we will either forward the communication to the director or directors to whom it is addressed, attempt to handle the inquiry directly or not forward the communication if it is unduly hostile, threatening, illegal, does not reasonably relate to the Company or its business, or is similarly inappropriate.

STOCKHOLDERS SHARING THE SAME ADDRESS

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to implement a delivery procedure called householding. Under this procedure, multiple stockholders who reside at the same address may receive a single copy of our Annual Report on Form 10-K and proxy materials, including the Notice of Internet Availability of Proxy Materials, unless the affected stockholder has provided contrary instructions. This procedure reduces our printing costs and postage fees.

Once again this year, the Company and a number of brokers with account holders who beneficially own the Common Stock will be householding our Annual Report on Form 10-K and proxy materials, including the Notice of Internet Availability of Proxy Materials. A single Notice of Internet Availability of Proxy Materials and, if applicable, a single set of our Annual Report on Form 10-K and other proxy materials will be delivered to multiple stockholders sharing an address unless contrary instructions has been received from the affected stockholders. Once you have received notice from your broker or us that it or we will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent.

Upon written or oral request, we will promptly deliver a separate copy of the Notice of Internet Availability of Proxy Materials and, if applicable, a separate Annual Report on Form 10-K and set of proxy materials to any beneficial owner at a shared address to which a single copy of any of those documents was delivered. To receive a separate copy of the Notice of Internet Availability of Proxy Materials and, if applicable, a separate Annual Report on Form 10-K and set of proxy materials, you may write or call the Corporate Secretary of the Company at Derma Sciences, Inc., 214 Carnegie Center, Suite 300, Princeton, New Jersey 08540, Attention: Corporate Secretary, telephone 609-514-4744. If you live at the same address as another stockholder and are receiving multiple copies of our proxy materials, please contact us at the telephone number or address above if you only want to receive one copy of those materials.
