**QUESTIONS AND ANSWERS ABOUT THE PROXY
MATERIALS
AND THE ANNUAL MEETING**

PROXY MATERIALS

1. Why am I receiving these materials?

Our Board is providing these proxy materials to you on the internet or, upon your request, has delivered printed proxy materials to you, in connection with our Annual Meeting of Stockholders, which will take place on June 17, 2016 at

Edgar Filing: Neuralstem, Inc. - Form DEF 14A

12:00 p.m. EDT at 20271 Goldenrod Lane, 2nd Floor, Germantown, Maryland 20876. As a stockholder, you are invited to attend the meeting and requested to vote on the items of business described in this proxy statement. This proxy statement includes information that we are required to provide to you under SEC rules and is designed to assist you in voting your shares.

2. What is included in the proxy materials?
The proxy materials include:

Our proxy statement for the 2016 Annual Meeting of Stockholders;
Our 2015 Annual Report to Stockholders, which consists of our Annual Report on Form 10-K for the fiscal year ended December 31, 2015; and

The proxy card or a voting instruction form for the Annual Meeting.

3. What information is contained in these materials?

The information in this proxy statement relates to the proposals to be voted on at the Annual Meeting, the voting process, the compensation of our directors and most highly paid executive officers, corporate governance, and certain other required information.

4. Why did I receive a notice in the mail regarding the internet availability of proxy materials instead of a full set of proxy materials?

In accordance with rules adopted by the SEC, we may furnish proxy materials, including this proxy statement and our 2015 Annual Report to our stockholders by providing notice and access to such documents on the internet instead of mailing printed copies. Most stockholders will not receive printed copies of the proxy materials unless they specifically request them. Instead, the Notice which shall be mailed to stockholders will instruct you as to how you may access and review all of the proxy materials on the internet. The Notice also instructs you as to how you may submit your proxy on the internet. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice.

5. I share an address with another stockholder and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

We have adopted a procedure called householding, which the SEC has approved. Under this procedure, we deliver a single copy of the Notice and, if applicable, the proxy materials to multiple stockholders who share the same address unless we received contrary instructions from one or more of the stockholders. This procedure reduces our printing costs, mailing costs, and fees. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written request, we will deliver promptly a separate copy of the Notice and, if applicable, the proxy materials to any stockholder at a shared address to which we delivered a single copy of any of these documents. To receive a separate copy of the Notice and, if applicable, the proxy materials, stockholders may contact our transfer agent at:

American Stock Transfer & Trust Company, LLC
Customer Service
6201 15th Avenue
Brooklyn, NY 11219
800-937-5449

Stockholders who hold shares in street name (as described below) may contact their brokerage firm, bank, broker-dealer, or other similar organization to request information about householding.

6. How can I access the proxy materials over the internet?

The Notice will contain instructions on how to view our proxy materials for the Annual Meeting on the internet and vote your shares. Our proxy materials are also available on our website at www.neuralstem.com. Choosing to receive future proxy materials by email will save us the cost of printing and mailing documents to you, and will reduce the impact of printing and mailing these materials on the environment. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

VOTING INFORMATION

7. What items of business will be voted on at the Annual Meeting?

The election of two (2) Class II director to our Board, to hold office until the annual meeting of stockholders in 2019, or until their successors are elected and qualified.

The ratification of Stegman & Company as our independent registered public accounting firm for the fiscal year ending December 31, 2016.

To transact such other business as may properly come before the Annual Meeting and any postponement(s) or adjournment(s) thereof (See Question 22 below).

2

8. How does the Board recommend that I vote on each of the matters?
Our Board recommends that you vote your shares:

FOR the director nominees;

FOR the ratification of the appointment of Stegman & Company as our independent registered public accounting firm for the 2016 fiscal year.; and

FOR the amendment to the 2010 Equity Compensation Plan; and

9. What shares can I vote?

Each share of our common stock issued and outstanding as of the close of business on the Record Date is entitled to be voted on all items being voted on at the Annual Meeting. You may vote all shares owned by you as of the Record Date, including (i) shares held directly in your name as the stockholder of record, and (ii) shares held for you as the beneficial owner in street name through a broker, bank, trustee, or other nominee. On the Record Date, we had 92,044,042 shares of common stock issued and outstanding.

10. How many votes am I entitled to per share?

Each holder of shares of common stock is entitled to one vote for each share of common stock held as of the Record Date.

11. What is the difference between holding shares as a stockholder of record and as a beneficial owner?
Most of our stockholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. There are some important distinctions between shares held of record and those beneficially owned.

Stockholder of Record

If your shares are registered directly in your name with our transfer agent, American Stock Transfer and Trust Company, you are considered, with respect to those shares, the *stockholder of record*, and the Notice was sent directly to you by Neuralstem. As the *stockholder of record*, you have the right to grant your voting proxy directly to Neuralstem or to vote in person at the Annual Meeting. If you have requested printed proxy materials, enclosed in such materials will be a proxy card for you to use. You may also vote on the internet or by telephone, as below under the heading *How can I vote my shares without attending the Annual Meeting?*

Beneficial Owner

If your shares are held in an account at a brokerage firm, bank, broker-dealer, trust, or other similar organization, like the vast majority of our stockholders, you are considered the *beneficial owner* of shares held *in street name*, and the Notice was forwarded to you by that organization. As the beneficial owner, you have the right to direct your broker, bank, trustee, or nominee how to vote your shares, and you are also invited to attend the Annual Meeting.

Since a beneficial owner is not the *stockholder of record*, you may not vote your shares in person at the Annual Meeting unless you obtain a legal proxy from the broker, bank, trustee, or nominee that holds your shares giving you the right to vote the shares at the meeting. If you do not wish to vote in person or you will not be attending the Annual Meeting, you may vote by proxy. You may vote by proxy over the internet or by telephone, as described below under the heading *How can I vote my shares without attending the Annual Meeting?*

12. If I am a Shareholder of Record, how do I vote?
If you are a shareholder of record, there are four ways to vote:

In person. You may vote in person at the Annual Meeting by requesting a ballot from an usher when you arrive. You must bring valid picture identification such as a driver's license or passport and may be requested to provide proof of

stock ownership as of the Record Date.

Via the Internet. You may vote by proxy via the Internet by following the instructions provided in the Notice.

3

By Telephone. If you request printed copies of the proxy materials by mail, you may vote by proxy by calling the toll free number found on the proxy card.

By Mail. If you request printed copies of the proxy materials by mail, you will receive a proxy card and you may vote by proxy by filling out the proxy card and returning it in the envelope provided.

13. If I am a beneficial owner of shares held in street name, how do I vote?

If you are a beneficial owner of shares held in street name, there are four ways to vote:

In person. If you are a beneficial owner of shares held in street name and wish to vote in person at the Annual Meeting, you must obtain a legal proxy from the organization that holds your shares. A legal proxy is a written document that will authorize you to vote your shares held in street name at the Annual Meeting. Please contact the organization that holds your shares for instructions regarding obtaining a legal proxy.

You must bring a copy of the legal proxy to the Annual Meeting and ask for a ballot from an usher when you arrive.

You must also bring valid picture identification such as a driver's license or passport. In order for your vote to be counted, you must hand both the copy of the legal proxy and your completed ballot to an usher to be provided to the inspector of election.

Via the Internet. You may vote by proxy via the Internet by following the instructions found in your Notice. The availability of Internet voting may depend on the voting process of the organization that holds your shares.

By Telephone. If you request printed copies of the proxy materials by mail, you may vote by proxy by calling the toll free number found on the voting instruction form. The availability of telephone voting may depend on the voting process of the organization that holds your shares.

By Mail. If you request printed copies of the proxy materials by mail, you will receive a voting instruction form and you may vote by proxy by filling out the voting instruction form and returning it in the envelope provided.

14. How are proxies voted?

All shares represented by valid proxies received prior to the taking of the vote at the Annual Meeting will be voted and, where a shareholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the shareholder's instructions.

15. What happens if I do not give specific voting instructions?

Shareholders of Record. If you are a shareholder of record and you:

Indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board; or Sign and return a proxy card without giving specific voting instructions, then the persons named as proxy holders, Richard Daly and Karl Johe, will vote your shares in the manner recommended by the Board on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

Beneficial Owners of Shares Held in Street Name. If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions then, under applicable rules, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, that organization will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a broker non-vote.

16. Can I change my vote or revoke my proxy?

You can change your vote or revoke your proxy at any time before the final vote at the meeting. You can do this by casting a later proxy through any of the available methods described in the questions and answers. If you are a stockholder of record, you can also revoke your proxy by delivering a written notice of your revocation to our Corporate Secretary at our principal executive office at 20271 Goldenrod Lane, Germantown, Maryland 20876. If you are a beneficial owner, you can change your vote by submitting new voting instructions to your broker, bank, trustee, or nominee following the instructions they provided, or if you have obtained a legal proxy from your broker, bank, trustee, or nominee giving you the right to vote your shares, by attending the Annual Meeting and voting in person.

17. How many shares must be present or represented to conduct business at the Annual Meeting?

The quorum requirement for holding the Annual Meeting and transacting business is that holders of a majority of the voting power of our common stock as of the Record Date must be present in person or represented by proxy. Both abstentions and broker non-votes (described below) are counted for the purpose of determining the presence of a quorum.

17. How are votes counted?

In the election of directors (Proposal Number 1), you may vote FOR all or some of the nominees or your vote may be WITHHELD with respect to one or more of the nominees.

For the other items of business, you may vote FOR, AGAINST, or ABSTAIN, if you elect to ABSTAIN, the abstention has the same effect as a vote AGAINST.

If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If no instructions are indicated, the shares will be voted as recommended by the Board.

18. What is the voting requirement to approve each of the proposals?

In the election of directors (Proposal Number 1), the persons receiving the highest number of affirmative FOR votes at the Annual Meeting will be elected.

In the case of the ratification of the appointment of Stegman & Company as our independent registered public accounting firm for the fiscal year ending December 31, 2016 (Proposal Number 2) and the amendment to our 2010 Equity Compensation Plan in order to increase the number of shares of common stock issuable under the plan by 7,000,000 (Proposal Number 3), the affirmative FOR vote of the holders of a majority of the voting power of our common stock present in person or represented by proxy at the Annual Meeting and entitled to vote thereon is required for approval.

If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute broker non-votes. Broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. These matters are referred to as non-routine matters. All of the matters scheduled to be voted on at the Annual Meeting are non-routine, except for the proposal to ratify the appointment of Stegman & Company as our independent registered public accounting firm for the fiscal year ending December 31, 2016 (Proposal Number 2).

19. How do Broker Non-Votes and Abstentions Effect the Voting Results

With respect to the election of directors (Proposal No. 1), under plurality voting, broker non-votes and abstentions would have no effect on determining the nominees elected.

With respect to the ratification of Stegman & Company (Proposal No. 2) this is considered a routine matter under applicable rules and accordingly, a broker will generally vote on such routine matters. Therefore, no broker non-votes

are expected in connection with Proposal No. 2. Abstentions will have the same effect as a vote against.

With respect to the amendment to the Company's 2010 Equity Compensation Plan (Proposal No. 3), broker non-votes will not be counted as shares entitled to vote and will have no effect on the results of the votes. Abstentions will have the same effect as a vote against.

Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present.

Please note that brokers may not vote your shares on the election of directors, the amendment to the 2010 Equity Compensation Plan, or certain corporate governance matters in the absence of your specific instructions. In order to minimize the number of broker non-votes, the Company encourages you to vote or to provide voting instructions with respect to each proposal to the organization that holds your shares by carefully following the instructions provided in the Notice or voting instruction form.

20. Is cumulative voting permitted for the election of directors?
No. You may not cumulate your votes for the election of directors.

21. Who is paying for this proxy solicitation?

The cost of preparing, assembling, printing and mailing this Proxy Statement and the accompanying proxy card, the Notice of Internet Availability, and the cost of soliciting proxies relating to the Annual Meeting, will be borne by the Company. The Company may request banks, brokers and other third parties to solicit their customers who beneficially own Common Stock listed of record in the name of such bank, broker or other third party, and the Company will reimburse such banks, brokers and third parties for their reasonable out-of-pocket expenses for such solicitations. The solicitation of proxies by mail may be supplemented by telephone, facsimile, Internet and personal solicitation by directors, officers and other employees of the Company, but no additional compensation will be paid to such individuals.

22. What happens if additional matters are presented at the Annual Meeting?

Other than the three (3) items of business described in this proxy statement, we are not aware of any other business to be acted upon at the Annual Meeting. If you grant a proxy, the persons named as proxy holders, Richard Daly and Dr. Karl Johe, or any of them, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any reason, any of the nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board.

23. Where can I find the voting results of the Annual Meeting?

We will announce preliminary voting results at the Annual Meeting. We will also disclose voting results on a Current Report on Form 8-K filed with the SEC within four (4) business days after the Annual Meeting, which will also be available on our website.

ATTENDING THE ANNUAL MEETING

24. How can I attend the Annual Meeting?

You are entitled to attend the Annual Meeting only if you were a Neuralstem stockholder as of the Record Date or you hold a valid proxy for the Annual Meeting. Since seating is limited, admission to the meeting will be on a first-come, first-served basis. You must present photo identification for admittance. If you are not a stockholder of record but hold shares as a beneficial owner in street name, you must also provide proof of beneficial ownership as of the Record Date, such as your most recent account statements for the periods prior to and after April 28, 2016, a copy of the voting instruction card provided by your broker, bank, trustee, or nominee, or other similar evidence of ownership. If you do not provide photo identification or comply with the other procedures outlined above, you will not be admitted to the Annual Meeting. STOCKHOLDER PROPOSALS, DIRECTOR NOMINATIONS, RELATED BYLAW PROVISIONS AND MISCELLANEOUS ITEMS

27. What is the deadline to propose actions for consideration at next year's Annual Meeting of Stockholders or to nominate individuals to serve as directors?

Stockholder Proposals:

Stockholders may present proper proposals for inclusion in our proxy statement and for consideration at the next annual meeting of stockholders by submitting their proposals in writing to Neuralstem's Corporate Secretary in a timely manner and must contain the information required by our bylaws. For a stockholder proposal to be considered for inclusion in our proxy statement for our 2017 Annual Meeting of Stockholders, the Corporate Secretary of Neuralstem must receive the written proposal at our principal executive offices no later than December 28, 2016; provided, however, that in the event that we hold our 2017 Annual Meeting of Stockholders more than 30 days before or after the one-year anniversary date of the 2016 Annual Meeting, the deadline is a reasonable time before we begin to print and send our 2017 notices for the 2017 Annual Meeting. Such proposals also must comply with any applicable SEC regulations regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Proposals should be addressed to:

Neuralstem, Inc.
Attn: Corporate Secretary
20271 Goldenrod Lane, Suite 2024
Germantown, Maryland 20876
Fax: 301-560-6634

Our bylaws also establish an advance notice procedure for stockholders who wish to present a proposal before an annual meeting of stockholders but do not intend for the proposal to be included in our proxy statement. Our bylaws provide that the only business that may be conducted at an annual meeting is business that is (1) specified in the notice of a meeting given by or at the direction of the Board, (2) otherwise properly brought before the meeting by or at the direction of the Board, or (3) a proper matter for stockholder action under the Delaware General Corporation Law that has been properly brought before the meeting by a stockholder entitled to vote at the annual meeting who has delivered timely written notice to our Corporate Secretary, which notice must contain the information specified in our bylaws. To be timely for our 2017 Annual Meeting of Stockholders, our Corporate Secretary must receive the written notice at our principal executive offices:

not earlier than the close of business on February 19, 2017, and
not later than the close of business on March 21, 2017.

In the event that we hold our 2017 Annual Meeting of Stockholders more than 30 days before or after the one-year anniversary date of the 2016 Annual Meeting, then notice of a stockholder proposal that is not intended to be included in our proxy statement must be received not later than the close of business on the earlier of the following two dates:

the 10th day following the day on which notice of the meeting date is mailed, or
the 10th day following the day on which public disclosure of the meeting date is made.

If a stockholder who has notified us of his or her intention to present a proposal at an annual meeting does not appear to present his or her proposal at such meeting, we are not required to present the proposal for a vote at such meeting.

Nomination of Director Candidates:

You may propose director candidates for consideration by our Governance and Nominating Committee. Any such recommendations should include the nominee's name and qualifications for membership on the Board, and should be directed to the Corporate Secretary of Neuralstem at the address set forth above. Board of Directors

Our Board consists of eight members. Our business, property and affairs are managed under the direction of the Board. Members of the Board are kept informed of our business through discussions with the Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board and its committees.

Our Board is responsible for establishing broad corporate policies and for overseeing our overall management. In addition to considering various matters which require its approval, the Board provides advice and counsel to, and ultimately monitors the performance of, our senior management.

Board Meetings

During 2015, the Board held ten (10) meetings and acted through unanimous written consent three (3) times. Each director attended at least 75% of all meetings of the general Board and each respective committee on which such

director serves. The Board currently holds regularly scheduled meetings and calls for special meetings or acts through unanimous written consents as necessary. Meetings of the Board may be held telephonically. Directors are expected to attend all board meetings and meetings of the committees of the board on which they serve and to spend the time needed and meet as frequently as necessary to properly discharge their duties. Information with regard to committee meetings and written consent is provided for below in the section of this proxy statement entitled Committees. Although attendance of meetings is encouraged, we do not have a formal policy regarding attendance by directors at board and committee meetings.

12

Attendance at 2015 Annual Meeting

Though we do not have a formal policy regarding attendance by directors at annual meetings of stockholders, attendance is encouraged. Our 2015 Annual Meeting was attended, in person, by all of the Company's directors at the time: Messrs. Garr, Ogilvie, Oldaker, Smith and Westreich and Drs. Sohn and Johe.

Classification of Board

Pursuant to our bylaws, we have a classified Board which is divided into three classes with staggered three-year terms.

Only one class may be elected each year, while the directors in the other classes continue to hold office for the remainder of their three-year terms. Each class is required to have approximately the same number of directors. The Board may, on its own, determine the size of the exact number of directors on the Board and may fill vacancies on the Board. The procedure for electing and removing directors on a classified board of directors generally makes it more difficult for stockholders to change management control by replacing a majority of the board at any one time, and the classified board structure may discourage a third party tender offer or other attempt to gain control of the Company and may maintain the incumbency of directors. In addition, under our bylaws, directors may only be removed from office by a vote of the majority of the shares then outstanding and eligible to vote.

Independent Directors

Our common stock is listed on the NASDAQ Capital Market. As such, we are subject to the NASDAQ Stock Market LLC (NASDAQ) director independence standards. In accordance with these standards, in determining independence the Board affirmatively determines whether a director has a material relationship with Neuralstem that would compromise his or her independence from management or would cause him or her to fail to meet the NASDAQ's specific independence criteria. When assessing the materiality of a director's relationship with Neuralstem, the Board considers all relevant facts and circumstances, not merely from the director's standpoint, but from that of the persons or organizations with which the director has an affiliation, and, where applicable, the frequency and regularity of the services, and whether the services are being carried out at arm's length in the ordinary course of business. Material relationships can include commercial, consulting, charitable, familial and other relationships. A relationship is not material if, in the Board's judgment, it is not inconsistent with the NASDAQ's director independence standards and it does not compromise a director's independence from management.

Applying the NASDAQ's standards, the Board has determined that Messrs. Ogilvie, Oldaker, Smith and Westreich, and Dr. Sohn are each independent as that term is defined by the NASDAQ's standards. Messrs. Oldaker and Westreich are up for re-election at the Annual Meeting.

Communications with Directors

We have adopted a formal process for shareholder communications with our independent directors. The policy, is available on our website, www.neuralstem.com in the Corporate Governance section under the Investors tab. Individuals wanting to communicate with our directors are invited to communicate with the non-management members of the Board by sending correspondence to the non-management members of the Board of Directors, c/o Corporate Secretary, Neuralstem, Inc., 20271 Goldenrod Lane, Suite 2024, Germantown, MD 20876.

The Corporate Secretary will review all such correspondence and forward to the non-management members of the Board a summary of all such correspondence received during the prior month and copies of all such correspondence that deals with the functions of the Board or committees thereof or that otherwise is determined to require attention of

the non-management directors. Non-management directors may at any time review the log of all correspondence received by us that are addressed to the non-management members of the Board and request copies of any such correspondence. Concerns relating to accounting, internal controls or auditing matters will immediately be brought to the attention of the Chairman of the Audit Committee.

Corporate Governance Guidelines and Code of Ethics

We have adopted Corporate Governance Guidelines that are intended to ensure that our Board has the necessary authority and practices in place to review and evaluate our business operations and to make decisions that are independent of management. The Corporate Governance Guidelines are intended to align the interests of directors and management with those of our shareholders and establish practices for the Board with regard to its oversight of the Company. Under our guidelines, the Board conducts a self-evaluation to assess adherence to the Corporate Governance Guidelines and identify opportunities to improve Board performance. A copy of our codes can be viewed on our website at www.neuralstem.com under Corporate Governance under the Investors tab.

In addition to our Corporate Governance Guidelines, we have adopted several guidelines intended to promote the honest and ethical conduct of our officers, directors, employees and consultants. They include, our Code of Ethics that applies to our officer, directors and employees and our Finance Code of Professional Conduct that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, and any persons who participate in our financial reporting process. A copy of our codes can be viewed on our website at www.neuralstem.com under Corporate Governance under the Investors tab.

The codes incorporate our guidelines designed to deter wrongdoing and to promote honest and ethical conduct and compliance with applicable laws and regulations. The codes also incorporate our expectations of our officers, directors and employees that enable us to provide accurate and timely disclosure in our filings with the SEC and other public communications. In addition, the codes incorporate guidelines pertaining to topics such as complying with applicable laws, rules, and regulations; reporting violations; and maintaining accountability for adherence to the codes.

We intend to disclose future amendments to certain provisions of our codes, or waivers of such provisions on our web site within four business days following the date of such amendment or waiver.

In addition to our established committee, we may from time to time establish special committees as the Board deems necessary. Leadership Structure

The Board does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board as the Board believes it is in the best interests of the Company to make that determination based on the position and direction of the Company and the membership of the Board. At present, the positions of Chairman and Chief Executive Officer are held by different individuals. This structure makes the best use of the Chief Executive Officer's and Chairman's respective knowledge of the Company, its business and its industry, as well as fostering greater communication between the Company's management and the Board.

Risk Oversight

The Company has a risk management program overseen by the Chief Executive Officer. Material risks are identified and prioritized by management, and each prioritized risk is referred to a Board Committee or the full Board for oversight. For example, strategic risks are referred to the full Board while financial risks are referred to the Audit Committees. The Board regularly reviews information regarding the Company's liquidity and operations, as well as the risks associated with each, and annually reviews the Company's risks as a whole. Also, the Compensation Committee periodically reviews the most important risks to the Company to ensure that compensation programs do not encourage excessive risk-taking. Mr. Stanley Westreich serves as the Board's lead independent board member. As the Company's lead independent director, Mr. Westreich has the following responsibilities:

The policy of our Governance and Nominating Committee is to consider properly submitted recommendations for candidates to the Board from stockholders. In evaluating such recommendations, the Governance and Nominating Committee seeks to achieve a balance of experience, knowledge, integrity, and capability on the Board and to address the membership criteria set forth under **Director Qualifications** below. Any stockholder recommendations for consideration by the Governance and Nominating Committee should include the candidate's (i) the name, age, business address and residence address of the person, (ii) the principal occupation or employment of the person, (iii) the class or series and number of shares of capital stock of the corporation which are owned beneficially or of record by the person, (iv) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nominations are to be made by the stockholder, (v) a written indication of the candidate's willingness to serve on the Board, (vi) any other information required to be provided under securities laws and regulations, and (vii) a written indication to provide such other information as the Governance and Nominating Committee may reasonably request. There are no differences in the manner in which the Governance and Nominating Committee evaluates nominees for director based on whether the nominee is recommended by a stockholder or otherwise. Stockholder recommendations to the Board should be sent to:

Neuralstem, Inc.
Attn: Corporate Secretary
20271 Goldenrod Lane, Suite 2024
Germantown, Maryland 20876
Fax: 301-560-6634

In addition, our bylaws permit stockholders to nominate directors for consideration at an annual meeting. For a description of the process for nominating directors in accordance with our bylaws, see **Questions 27** **What is the deadline to propose actions for consideration at next year's Annual Meeting of Stockholders or to nominate individuals to serve as directors?** on page 7 of this proxy statement.

Director Qualifications

Our Governance and Nominating Committee will evaluate and recommend candidates for membership on the Board consistent with criteria established by the Board. While the Board has not adopted a formal diversity policy or specific standards with regard to the selection of director nominees, due to the nature of our business, the Board believes it is important to consider diversity of race, ethnicity, gender, age, education, cultural background, and professional experiences in evaluating board candidates.

Although the Board has not formally established any specific, minimum qualifications that must be met by each candidate for the Board or specific qualities or skills that are necessary for one or more of the members of the Board to possess, when considering a potential non-incumbent candidate, the Governance and Nominating Committee will factor into its determination the following qualities of a candidate: educational background, diversity of professional experience, including whether the person is a current or former chief executive officer or chief financial officer of a public company or the head of a division of a large international organization, knowledge of our business, integrity, professional reputation, independence, and ability to represent the best interests of our stockholders.

The Board is composed of a diverse group of individuals who have gained experience over their respective careers in strategic and financial planning, public company financial reporting, compliance, risk management, and leadership

development. Most of our directors also have experience serving on boards of directors and board committees of other public and private companies, which provides an understanding of different business processes, challenges, and strategies. Some of our directors also have experience with regard to the protection of intellectual property and litigation strategy as well as with the development of our core technologies.

The Governance and Nominating Committee and the Board believe that the above-mentioned attributes, along with the leadership skills and other experiences of our board members described below, provide us with a diverse range of perspectives and judgment necessary to guide our strategies and monitor their execution.

Identification and Evaluation of Nominees for Directors

Our Governance and Nominating Committee uses a variety of methods for identifying and evaluating nominees for directors. Our Governance and Nominating Committee regularly assesses the appropriate size and composition of the Board, the needs of the Board and the respective committees of the Board, and the qualifications of candidates in light of these needs. Candidates may come to the attention of the Governance and Nominating Committee through stockholders, management, current members of the Board, or search firms. The evaluation of these candidates may be based solely upon information provided to the committee or may also include discussions with persons familiar with the candidate, an interview of the candidate or other actions the committee deems appropriate, including the use of third parties to review candidates.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our officers, directors, and stockholders owning more than ten percent of our common stock, to file reports of ownership and changes in ownership with the SEC and to furnish us with copies of such reports. Based solely on our review of Form 3, 4 and 5 s, the following table provides information regarding any of the reports which were filed late during the fiscal year ended December 31, 2015:

Name of Reporting Person	Type of Report and Number Filed Late	No. of Transactions Reported Late

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transactions Procedure

We review all known relationships and transactions in which Neuralstem and our directors, executive officers, and significant stockholders or their immediate family members are participants to determine whether such persons have a direct or indirect interest. Our management, in consultation with our outside legal consultants, determines based on specific fact and circumstances whether Neuralstem or a related party has a direct or indirect interest in these transactions. In addition, our directors and executive officers are required to notify us of any potential related party transactions and provide us with the information regarding such transactions.

If it is determined that a transaction is a related party transaction, the Audit Committee must review the transaction and either approve or disapprove it. In determining whether to approve or ratify a transaction with a related party, the Audit Committee will take into account all of the relevant facts and circumstances available to it, including, among any other factors it deems appropriate:

the benefits to us of the transaction;

the nature of the related party's interest in the transaction;

whether the transaction would impair the judgment of a director or executive officer to act in the best interests of Neuralstem and our stockholders;

the potential impact of the transaction on a director's independence; and

whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances.

Any member of the Audit Committee who is a related party with respect to a transaction under review may not participate in the deliberations or vote on the approval of the transaction.

Related Party Transactions

Summarized below are certain transactions and business relationships between Neuralstem and persons who are or were an executive officer, director or holder of more than five percent of any class of our securities since January 1, 2015.

Information regarding disclosure of an employment relationship or transaction involving an executive officer and any related compensation solely resulting from that employment relationship or transaction is included in the Section of this proxy statement entitled *Director Compensation* and *Executive Compensation*.

Information regarding disclosure of compensation to a director is included in the Section of this proxy statement entitled *Director Compensation*.

Information regarding the identification of each independent director is included in the Section of this proxy statement entitled *Director, and Executive Officers - Independent Directors*.

During 2015 and 2016, all of our officers and directors entered into our revised standard indemnification agreement. On March 2, 2016, we entered into a general release and waiver of claims agreement with I. Richard Garr in connection with his resignation as the Company's chief executive officer. Mr. Garr's employment agreement previously

required the Company to pay Mr. Garr, upon termination of employment and as severance, (i) a one-time payment of \$1,000,000 and (ii) the vesting of all outstanding, but unvested awards and grants. Pursuant to the release, the terms of Mr. Garr's severance were amended as follows: (i) Mr. Garr will continue to earn his current monthly salary until March 2017, (ii) Mr. Garr will receive payments in the amount of \$177,000 to be paid on June 1, 2016, January 1, 2017 and March 1, 2017, (iii) Mr. Garr will continue to receive healthcare benefits until March 2017, and (iv) the immediate vesting of any previously outstanding but unvested equity awards.

DIRECTOR COMPENSATION

Board Compensation Arrangements

Our director compensation program is designed to enable continued attraction and retention of highly qualified directors by ensuring that director compensation is in line with peer companies competing for director talent, and is designed to address the time, effort, expertise, and accountability required of active board membership. In general, we believe that annual compensation for non-employee directors should be equity based and designed to compensate members for their service on the Board and its committees, align the interests of directors and stockholders and, by vesting over time, to create an incentive for continued service on the Board.

The following are the terms of our amended Director Compensation Plan pursuant to which non-employee directors are compensated:

Securities

Each director will receive a \$200,000 annual board fee subject to annual review and adjustment. The board fee will be payable in restricted stock, restricted stock units, or common stock options at the election of the director. Such grants will be made as of July 1 each year and will vest quarterly over the grant year. Fees for new directors appointed or elected during the year will be pro-rated and made on the fifth (5th) day following such approval and acceptance on the Board.

Each continuing director will elect to receive the board fee in either restricted stock, restricted stock units, or common stock options by June 15th of each year. New directors will make such election upon a notification of their approval to serve on the board. A failure to make any election will result in the fee being paid via a stock option grant.

All grants of restricted stock and restricted stock units will be valued using the adjusted closing bid price of the Company's common stock on the applicable grant date. All option grants will be valued using the Black-Scholes option pricing model and be subject to customary assumptions used in the preparation of the financial statements.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides information about the material components of our executive compensation program for:

Richard J. Daly, our current President and Chief Executive Officer (CEO);

Jonathan Lloyd Jones, our current Chief Financial Officer (CFO);

Dr. Karl Johe, our Chairman of the Board and Chief Scientific Officer (CSO); and

I. Richard Garr, our former President, Chief Executive Officer, Chief Financial Officer (until May 2015) and General Counsel (our CEO and CFO). Mr. Jonathan Lloyd Jones assumed the role of CFO in May 2015. Mr. Garr resigned from all employment duties on February 15, 2016, but remained a member of the Board.

We refer to these executives collectively in this Compensation Discussion and Analysis and the related compensation tables as the Named Executive Officers.

Specifically, this Compensation Discussion and Analysis provides an overview of our executive compensation philosophy, the overall objectives of our executive compensation program, and each element of compensation that we provide. In addition, we explain how and why the Compensation Committee of the Board (the Compensation Committee) arrived at the specific compensation policies and decisions involving our executives during 2015.

Executive Summary

Our executive compensation program is relatively straightforward and does not materially change from year to year. At the core of our executive compensation philosophy is a strong pay-for-performance structure that links a significant portion of each executive's compensation to both corporate and individual performance. At the same time, the Compensation Committee has structured our executive compensation program to ensure that our executives and other members of senior management are compensated in a manner consistent with stockholder interests and competitive practices. The following table sets forth a summary of the primary components of our executive compensation program and the actions taken in 2015 and 2016 to date:

No long-term equity incentive awards were granted to Mr. Garr, our former CEO, or Dr. Johe, our CSO.

A further description of these awards and the manner in which such compensation was paid is included in our executive compensation table beginning on page 30 of this Proxy Statement.

Size of the long-term incentive awards in a given year is determined by the overall performance of the Company and each individual executive's performance.

Executive Compensation Philosophy and Objectives

Our executive compensation program impacts all of our employees by establishing a general framework for compensation and creating a work environment focused on expectations, goals, and rewards. Because the performance of every employee is important to the overall success of the Company, our Board is mindful of the impact that our executive compensation program has on all of our employees. In considering our executive compensation policies and practices, our Board balances the needs to conserve cash and minimize stockholder dilution against the requirements to attract, retain, and motivate our executives and other employees while fostering an innovative and entrepreneurial corporate culture. Our Board strives to act in the long-term best interests of the Company and its stockholders, as well as ensure that the components of compensation do not, individually or in the aggregate, encourage excessive risk-taking.

Compensation-Setting Process

Role of the Board and Compensation Committee

The Compensation Committee is responsible for overseeing, determining, and approving the compensation of our CEO and other executives, including the other Named Executive Officers. From time to time during the year, the Compensation Committee will review the compensation of our CEO and other executives, determine whether to make any adjustments to their base salaries, determine whether an annual incentive award was earned for the last completed fiscal year based on its assessment of the Company and individual performance for that period and, if so, the amount of any such bonuses, and determine whether to make equity awards based on Company and individual performance.

As described below, the Compensation Committee gives considerable weight to our CEO's performance evaluation of the other executives because of his direct knowledge of each executive's performance and contributions. The Compensation Committee conducts an annual review of our executives' compensation and considers adjustments in executive compensation levels to ensure alignment with our compensation strategy and competitive market practices. During this process, the Compensation Committee is also mindful of the

results of the shareholder's Advisory Vote on Executive Compensation during the most recent vote and although not binding, is considered in the compensation setting process.

Role of Senior Management

The Compensation Committee typically seeks the input of our CEO when discussing the performance of and compensation for our other executives, including the other Named Executive Officers. In this regard, at the request of the Compensation Committee our CEO reviews the performance of the other executives, including the other Named Executive Officers, annually and presents to the Compensation Committee his conclusions and recommendations as to their compensation, including base salary adjustments, annual incentive awards, and long-term equity incentive awards. The Compensation Committee then uses these recommendations as one factor in its deliberations to determine the compensation of our executives.

Role of Compensation Consultant

The Compensation Committee is authorized to retain the services of one or more executive compensation advisors, as it sees fit, in connection with the oversight of our executive compensation program and related policies and practices. In 2015, the Compensation Committee consulted with Radford, an Aon Hewitt Company and a national compensation consulting firm, with regard to our executive compensation program. Radford was engaged to provide the Compensation Committee with information, recommendations, and other advice relating to executive compensation on an ongoing basis. Radford serves at the discretion of the Compensation Committee and provides no other services to the Company. During 2015, the Company paid an aggregate of \$28,380 to Radford for such services.

Competitive Positioning

In making compensation decisions, the Compensation Committee reviews independent survey data, such as the Radford Global Life Sciences compensation survey, as well as publicly-available data from companies with which we compete for executive talent. The companies chosen for comparison may differ from one executive to the next depending on the scope and nature of the business for which the particular executive is responsible.

Although the compensation data from comparable companies is useful comparative information, the Compensation Committee does not require that the compensation components of individual executives bear any particular relationship to the compensation of executives of similar positions of those comparable companies. In development-focused companies within the biopharmaceutical industry, many traditional measures of corporate performance, such as earnings-per-share or sales growth, may not readily apply in reviewing the performance of executives. Because of the Company's current stage of development, the Compensation Committee evaluates other indications of performance, including progress towards the Company's research and development programs and corporate development activities, as well as the Company's success in securing capital sufficient to enable the Company to continue research and development activities, in its decision-making process.

Say-on-Pay

At our 2014 Annual Meeting of Stockholders held on June 27, 2014, we submitted two proposals to our stockholders regarding our executive compensation practices.

The first was an advisory vote on the 2013 compensation awarded to our named executive officers (commonly known as a say-on-pay vote). At our 2014 annual meeting, excluding broker non-votes, approximately 25,282,538 shares cast votes with regard to the say-on-pay proposal. Of those, 21,316,632 or approximately 84%, of the shares approved the compensation of named executive officers. We believe that the outcome of our say-on-pay vote signals our

stockholders' support of our compensation approach, specifically our efforts to retain and motivate our named executive officers. In light of this stockholder support, the Compensation Committee determined not to change its approach to compensation. However, even though stockholders demonstrated overwhelming support for our compensation approach in 2014, the Compensation Committee annually reevaluates our compensation practices to determine how they might be improved. The Compensation Committee will continue to consider the outcome of say-on-pay votes when making future compensation decisions for our named executive officers.

The second proposal was a vote on the frequency of future stockholder advisory votes regarding compensation awarded to named executive officers (commonly known as a say-when-on-pay vote). The frequency of once every three years received the highest number of votes cast. Based on these results, our Board of Directors determined that we would hold our next say-on-pay votes at the 2017 Annual Meeting.

Executive Compensation Program Components

The compensation of our executives, including the Named Executive Officers, consists of base salary, an annual incentive award opportunity, long-term equity compensation (in the form of stock options, restricted stock units, or restricted stock), and benefits and perquisites. Of these components, only base salary is fixed while the other components are variable based on the performance of both the Company and the individual executive.

Base Salary

We use base salary to provide a minimum amount of financial certainty and security to our executives on an ongoing basis. The Compensation Committee annually evaluates the base salaries for all of our executives. If necessary, adjustments are made to reflect changes in job responsibilities and market conditions. At the discretion of the Compensation Committee, these adjustments can be made on a retroactive basis if warranted.

When establishing or reviewing base salaries for each executive, the Compensation Committee considers numerous factors, including the qualifications of the executive, his or her level of relevant experience, the nature and responsibility of the position, strategic goals for which the executive has responsibility, Company and individual performance, salary norms for persons in comparable positions at comparable companies, the competitiveness of the market for the executive's services, and industry compensation levels.

In March 2015, the Compensation Committee increased the salary of I. Richard Garr, our chief executive officer from \$407,000 per annum to \$440,000 per annum effective March 1, 2015. Mr. Garr resigned as chief executive officer on February 15, 2016.

As of May 18, 2015, we entered into an at will employment agreement with Jonathan Lloyd Jones, our chief financial officer with a base salary of \$315,000 per annum.

On February 15, 2016, we entered into an at will employment agreement with Richard Daly, our chief executive officer and president with a base salary of \$440,000 per annum.

The base salaries paid to the Named Executive Officers during 2015 (and to be paid during 2016) are set forth in the section entitled *Summary Compensation Table* below.

Annual Incentive Awards

We use annual incentive awards to motivate our executives to achieve our short-term objectives while making progress towards our longer-term goals. Each year, the Compensation Committee establishes an annual incentive award plan for our executives, which provides for annual cash incentive awards based on our actual level of achievement as measured against one or more pre-established corporate objectives as well as the achievement of individual performance objectives. By using an appropriate amount of performance-based compensation, we believe our annual incentive award plan creates a direct link between executive compensation and our performance to provide further motivation for our executives to implement strategic initiatives.

Edgar Filing: Neuralstem, Inc. - Form DEF 14A

Each employee, including each executive, is given target annual incentive award opportunity, which is expressed as a percentage of the employee's base salary. This percentage varies by rank within the Company and is competitive with market practices. In the case of the Named Executive Officers, their target annual incentive award opportunities for 2015 were as follows:

Named Executive Officer	2015 Annual Incentive Award Opportunity (as a percentage of base salary)
Dr. Johe	60 %
Mr. Garr	60 %
Mr. Lloyd Jones	50 %

26

Each executive's annual incentive award is determined by taking into account corporate and individual performance. There are no guaranteed minimum payouts and awards. Also, at the discretion of the Compensation Committee, individuals may receive awards above the target level of each respective Named Executive Officer. Awards may be made in cash or equity (RSUs, shares or Options) at the discretion of the executive. Awards are made on a discretionary basis by the Compensation Committee after subjectively evaluating the corporate and individual performance achieved by our Named Executive Officers for the year. Individual performance for each executive is based on our CEO's assessment of the executive's performance for the year which is then provided to the Compensation Committee. While our CEO reviews the performance of our other executives, our Board conducts an independent assessment of our CEO's performance which is submitted to the Compensation Committee for its use.

Annual incentive award opportunities for our Named Executive Officers for 2016 and are as follows:

Named Executive Officer	2016 Annual Incentive Award Opportunity (as a percentage of base salary)
Dr. Johe	60 %
Mr. Daly*	50 %
Mr. Lloyd Jones	50 %

* Mr. Daly's employment with the Company began on February 15, 2016.

Award Decisions and Analysis

For 2015, the Compensation Committee determined the amount of the annual incentive awards to be paid to our executives, including the Named Executive Officers, by consultation with our CEO with respect to the Named Executive Officers other than himself and evaluated our performance and the level of achievement of both corporate and individual goals for the year. Following this review, the Compensation Committee decided to award discretionary annual incentive awards, which were calculated using each executive's annual base salary as of January 1, 2015 (or such date of employment in the event such executive was not yet employed). In the case of the Named Executive Officers, the annual incentive awards for 2015 were as follows:

Named Executive Officer	2015 Base Salary	Target Annual Incentive Award Opportunity (as a percentage of base salary)	Percentage of Target Incentive Opportunity Awarded	Annual Incentive Award
Dr. Johe	\$ 750,000	60 %	25 %	\$ 122,500 ⁽¹⁾
Mr. Garr	\$ 440,000	60 %	0 %	\$ 0
Mr. Lloyd Jones	\$ 315,000 ⁽²⁾	50 %	50 %	\$ 48,976 ⁽¹⁾⁽²⁾

(1) Dr. Johe's and Mr. Lloyd Jones' awards were paid in cash

(2) Mr. Lloyd Jones received his award on a pro-rated basis as his employment began on May 18, 2015.

Long Term Equity Incentive Awards

We use long term equity awards to incent, reward and retain our executives, including the Named Executive Officers, for long-term corporate performance and, thereby, to align the interests of our executives with those of our stockholders. These equity awards have been granted in the form of stock options to purchase shares of our common stock, restricted stock grants and restricted stock unit awards. We believe that stock options, when granted with exercise prices equal to the fair market value of our common stock on the date of grant, provide an appropriate long-term incentive for our executives, since the stock options reward them only to the extent that our stock price grows and stockholders realize value. In addition, we believe that restricted stock grants and restricted stock unit awards serve as an effective retention tool while also motivating our executives to work toward corporate objectives that provide a meaningful return to our stockholders.

The Compensation Committee determines the size of each executive's long-term equity awards according to his or her position within the Company, competitive market practices and sets a level it considers appropriate to create an opportunity for reward predicated on increasing stockholder value. Other factors include long-term incentives previously granted, the amount of actual versus theoretical equity value per year that has been derived to date by the executive, and the current actual value of the unvested equity awards for the executive. The relative weight given to each of these factors can vary among executives in the Compensation Committee's discretion. There is no set formula for the granting of long-term equity awards to individual executives.

In connection with their employment during 2015, the following awards have been granted:

Named Executive Officer	2015 Base Salary	Target Long Term Equity Incentive Award (as a percentage of base salary)	Percentage of Long Term Equity Target Awarded	Long Term Equity Award
Dr. Johe	\$ 750,000	100 %	0 %	\$ 0
Mr. Garr	\$ 440,000	100 %	0 %	\$ 0
Mr. Lloyd Jones	\$ 315,000	50 %	50 %	\$ 48,976 ⁽¹⁾

- (1) Mr. Lloyd Jones received his award on a pro-rated basis as his employment began on May 18, 2015. Each named executive's 2015 Long Term Equity Incentive Award was as follows:

Name	Common Stock Options
Karl Johe, Ph.D.	0
Richard Garr	0
Jonathan Lloyd Jones	79,776

These awards were granted pursuant to our equity compensation plans and are subject to certain vesting conditions. In determining the amount of these awards, the Compensation Committee took into consideration the factors described above, as well as internal equity and current market practices. The number of shares of our common stock to be awarded under option was determined by dividing the Black-Sholes value of a stock option for a single share by the value of the executives' stock option pool. The awards vest 1/12 per quarter over three years commencing on the grant date based on each respective Named Executive Officer's continued employment with the Company. The long-term equity awards granted to the Named Executive Officers as compensation for 2015 are set forth in the Summary Compensation Table in the Compensation Committee Report below.

Target Long term Equity Awards for 2016 are as follows:

Benefits and Perquisites

We provide other medical benefits to our executives, including the Named Executive Officers, on the same basis as all of our full-time employees. These benefits include medical, dental, prescription and vision insurance, a non-contributory 401k program, life insurance and long term and short term disability pay. These benefits are provided to our executives on the same general terms as to all of our full-time employees in the country in which they are resident.

We provide a limited number of perquisites to our executives to assist them in the performance of their duties, to make them more efficient and effective, and for recruitment and retention purposes. Perquisites provided to the Named Executive Officers during 2015 included an automobile allowance, relocation allowance and limited tax preparation services as described in the Summary Compensation Table in the Compensation Committee Report below.

Employment Agreements

We have employment agreements with each of the Named Executive Officers setting forth the terms and conditions of their employment. Each of these arrangements was approved on our behalf by the Board. For a summary of the material terms and conditions of employment for the Named Executive Officers, see *Employment Agreements and Arrangements and Change-In-Control Arrangements* below.

In retaining our executives, we recognized that it would be necessary to recruit and retain individuals with the requisite experience and skills to manage a dynamic, growing business. In addition, we recognized that a competitive compensation package would have to contain a financial inducement sufficient to motivate the candidate to accept an employment offer over any competing offers. Accordingly, we have sought to develop competitive compensation packages to attract qualified candidates who could fill our most critical positions. At the same time, we have been sensitive to the need to maintain an equitable executive compensation structure, balancing both competitive and internal considerations.

Post-Employment Compensation

Except as contained in the employment agreements, if any, for our Named Executive Officers, we do not have any agreements or other arrangements with any of our executives that provide for payments or benefits in the event of a termination of employment or in connection with a change in control of the Company. For a summary of such terms and conditions, see *Employment Agreements and Arrangements and Change-In-Control Arrangements* below.

Except as set forth below, unless otherwise instructed, the persons appointed in the accompanying form of proxy will vote the proxies received by them for these nominees, who are all presently directors of Neuralstem. In the event that any nominee becomes unavailable or unwilling to serve as a member of our Board of Directors, the proxy holders will vote in their discretion for a substitute nominee. The term of office of each person elected as a director will continue until the 2019 annual meeting or until a successor has been elected and qualified, or until the director's earlier death, resignation, or removal. The nominees for election have agreed to serve if elected, and management has no reason to believe that the nominees will be unable to serve.

Required Vote

The nominee receiving the highest number of affirmative FOR votes shall be elected as directors. Unless marked to the contrary, proxies received will be voted FOR these nominees.

Recommendation

The Board of Directors Unanimously Recommends that Stockholders Vote FOR the Election of the Nominees to the Board of Directors

PROPOSAL 2

RATIFICATION OF AUDIT COMMITTEE'S SELECTION OF STEGMAN & COMPANY AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2016

The Audit Committee has selected Stegman & Company as the independent registered public accounting firm for the fiscal year ending December 31, 2016. Stegman & Company has served as the Company's independent registered public accounting firm since 2007. Representatives of Stegman & Company are expected to attend the Annual Meeting, either in person or telephonically, and to respond to appropriate questions, and they will have the opportunity to make a statement if they wish.

We are asking our stockholders to ratify the selection of Stegman & Company as our independent registered public accounting firm. Although ratification is not required, our Board is submitting the selection of Stegman & Company to stockholders for ratification because we value our stockholders' views on our independent registered public accounting firm and as a matter of good corporate practice. In the event stockholders fail to ratify the appointment of Stegman & Company, the Audit Committee will reconsider this appointment. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that the change would be in the best interests of the Company and our stockholders.

The Company has been informed by Stegman & Company that, to the best of their knowledge, neither the firm nor any of its members or their associates has any direct financial interest or material indirect financial interest in the Company or its affiliates.

Required Vote

Ratification of the appointment of Stegman & Company as our independent registered public accounting firm for the fiscal year ending December 31, 2016 requires the affirmative "FOR" vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote thereon. Unless marked to the contrary, proxies received will be voted "FOR" ratification of the appointment of Stegman & Company.

Recommendation

Our Board of Directors recommends a vote FOR the ratification of the appointment of Stegman & Company as our independent registered public accounting firm for the fiscal year ending December 31, 2016.

PROPOSAL 3

AMENDMENT OF 2010 EQUITY COMPENSATION PLAN

On April 26, 2016 our Compensation Committee recommended and our Board approved an amendment to our 2010 Equity Compensation Plan (*Plan*). Pursuant to the amendment, the number of shares eligible for issuance under the plan will be increased by 7,000,000. We are asking our stockholders to approve the amendment of the Plan. Under the terms of the Plan, as amended, we will reserve an aggregate of 21,000,000 common shares for awards to our employees, directors, officers and consultants. As of March 31, 2016, there are 12,387,737 shares issued or reserved for issuance upon the exercise or conversion of outstanding awards. The Compensation Committee and the full board of directors believe that in order to successfully attract and retain the best possible candidates, we must continue to offer a competitive equity incentive program. Upon review, our Compensation Committee and board determined that the provisions as well as shares available for future awards under our existing plans were insufficient to achieve such goal. Therefore, the Compensation Committee recommended, and the full board of directors approved, subject to stockholder approval, the amendment of the Plan in order to increase the aggregate number of shares available for grants and awards under the plan to 21,000,000 of which 8,612,263 shares will be reserved for issuance for future grants and awards.

Summary of the Plan

The following summary of the Plan is qualified in its entirety by the specific language of the Plan as proposed to be amended, which is included in this proxy statement as Appendix A.

General. The Plan provides for the grant of incentive stock options, within the meaning of Section 422 of the Code, to our employees and nonstatutory stock options, restricted stock, performance units, performance shares, RSUs, and other stock based awards to our employees, directors, and consultants. The purpose of the Plan is to attract and retain the best available personnel for positions of substantial responsibility, to provide additional incentive to our employees, directors, and consultants and to promote the success of our business.

Common Stock Available Under the Plan. Assuming stockholders approve this proposal, a total of 21,000,000 shares of common stock will have been reserved for issuance pursuant to the Plan, of which 12,387,737 are issued or will be reserved for issuance pursuant to outstanding awards. If an award expires or is terminated or canceled without having been exercised or settled in full, or is forfeited back to or repurchased by us, the terminated portion of the award (or forfeited or repurchased shares subject to the award) will become available for future grant or sale under the Plan (unless the Plan has terminated). Shares are not deemed to be issued under the Plan with respect to any portion of an award that is settled in cash or to the extent such shares are withheld in satisfaction of tax withholding obligations. If the exercise or purchase price of an award is paid for through the tender of shares, or tax withholding obligations are met through the tender or withholding of shares, those shares tendered or withheld will again be available for issuance under the Plan. However, shares that have actually been transferred to a financial institution or other person or entity selected by the Plan administrator will not be returned to the Plan and will not be available for future distribution under the Plan.

Administration of the Plan. Our board of directors, or one or more committees appointed by our board of directors, will administer our Plan (the *administrator*). In the case of awards intended to qualify as *performance-based compensation* within the meaning of Section 162(m) of the Code, the Compensation Committee will consist of two or more *outside directors* within the meaning of Section 162(m) of the Code to enable us to receive a federal tax

deduction for certain compensation paid under the Plan. The administrator has the power to determine the terms of the awards, including the exercise price (which may be changed by the administrator after the date of grant), the number of shares subject to each award (subject to the limits under the Plan), the exercisability of the awards and the form of consideration payable upon exercise. The administrator also has the power to implement an award exchange program, an award transfer program (whereby awards may be transferred to a financial institution or other person or entity selected by the Plan administrator), and a program through which participants may reduce cash compensation payable in exchange for awards, and to create other stock based awards that are valued in whole or in part by reference to (or are otherwise based on) shares of our common stock (or the cash equivalent of such shares).

Eligibility. Nonstatutory stock options, restricted stock, stock appreciation rights, performance units, performance shares, RSUs, and other stock based awards may be granted under the Plan to our employees, directors, and consultants. Incentive stock options may be granted only to employees. As of March 31, 2016, we had thirty three (33) employees, eight (8) directors (including two employee directors) and numerous consultants and/or temporary workers.

Limitations. In general, Section 162(m) limits our compensation deduction to \$1,000,000 paid in any tax year to any covered employee as defined under Section 162(m). This deduction limitation does not apply to certain types of compensation, including Performance-Based Compensation. The terms of the Plan permit, but do not require, us to grant performance-based awards under the Plan that meet the requirements of Performance-Based Compensation so that such awards will be deductible by us for federal income tax purposes.

Options. A stock option is the right to purchase shares of our common stock at a fixed exercise price for a fixed period of time. Each option is evidenced by a stock option agreement and is subject to the following terms and conditions:

Number of Options. The administrator will determine the number of shares granted to any eligible individual pursuant to a stock option.

Exercise Price. The administrator will determine the exercise price of options granted under our Plan at the time the options are granted, but with respect to nonstatutory stock options intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code and all incentive stock options, the exercise price generally must be at least equal to the fair market value of our common stock on the date of grant. The exercise price of an incentive stock option granted to a 10% stockholder may not be less than 110% of the fair market value on the date such option is granted. The fair market value of common stock generally is determined with reference to the closing sale price for our common stock (or the closing bid if no sales were reported) on the day the option is granted.

Exercise of Option; Form of Consideration. The administrator determines when options become exercisable, and may in its discretion, accelerate the vesting of any outstanding option. The means of payment for shares issued upon exercise of an option is specified in each option agreement. To the extent permitted by applicable law, the Plan permits payment to be made by cash, check, promissory note, other shares of our common stock (with some restrictions), cashless exercises, a reduction in the amount of our liability to the participant, any combination of the prior methods of payment or any other form of consideration permitted by applicable law.

Term of Option. The term of stock options will be stated in the stock option agreement. However, the term of an incentive stock option may not exceed ten years, except that with respect to any participant who owns 10% of the voting power of all classes of our outstanding capital stock, the term must not exceed five years. No option may be exercised after the expiration of its term.

Termination of Service. After termination of service, an option holder may exercise his or her option for the period of time determined by the administrator and stated in the option agreement. In the absence of a time specified in a participant's award agreement, a participant may exercise the option within three months of such termination, to the extent that the option is vested on the date of termination (but in no event later than the expiration of the term of such option as set forth in the option agreement), unless such participant's service terminates due to the participant's death or disability, in which case the participant or, if the participant has died, the participant's estate, beneficiary designated in accordance with the administrator's requirements or the person who acquires the right to exercise the option by bequest or inheritance may exercise the option, to the extent the option was vested on the date of termination (or to the extent the vesting is accelerated upon the participant's death), within one year from the date of such termination.

Nontransferability of Options. Unless otherwise determined by the administrator, options granted under the Plan are not transferable other than by will or the laws of descent and distribution, and may be exercised during the optionee's lifetime only by the optionee. However, the administrator may at any time implement an award transfer program (whereby awards may be transferred to a financial institution or other person or entity selected by the Plan administrator).

Restricted Stock. Restricted stock awards are awards of shares of our common stock that vest in accordance with terms and conditions established by the administrator. The administrator may impose whatever conditions to vesting it determines to be appropriate including, if the administrator has determined it is desirable for the award to qualify as performance-based compensation for purposes of Section 162(m) of the Code, that the restricted stock will vest based on the achievement of performance goals. Each award of restricted stock is evidenced by an award agreement specifying the terms and conditions of the award. The administrator will determine the number of shares of restricted stock granted to any employee. The administrator also determines the purchase price of any grants of restricted stock and, unless the administrator determines otherwise, shares that do not vest typically will be subject to forfeiture or to our right of repurchase, which we may exercise upon the voluntary or involuntary termination of the purchaser's service with us for any reason including death or disability.

Restricted Stock Units. RSUs are awards of restricted stock, performance shares, or performance units that are paid out in installments or on a deferred basis. The administrator determines the terms and conditions of RSUs. Each RSU award will be evidenced by an award agreement that will specify terms and conditions as the administrator may determine in its sole discretion, including, without limitation whatever conditions to vesting it determines to be appropriate. As with awards of restricted stock, performance shares, and performance units, the administrator may set restrictions with respect to the RSUs based on the achievement of specific performance goals. The administrator also determines the number of shares granted pursuant to a RSU award.

Performance Shares and Performance Units. Performance units and performance shares are awards that will result in a payment to a participant only if performance goals established by the administrator are achieved or the awards otherwise vest. The administrator will establish performance goals in its discretion, which, depending on the extent to which they are met, will determine the number and/or the value of performance units and performance shares to be paid out to participants. The performance goals may be based upon the achievement of company-wide, divisional, or individual goals (including solely continued service), applicable securities laws or other basis determined by the administrator. Payment for performance units and performance shares may be made in cash or in shares of our common stock with equivalent value, or in some combination, as determined by the administrator. Performance units will have an initial dollar value established by the administrator prior to the grant date. Performance shares will have an initial value equal to the fair market value of our common stock on the grant date. The administrator also determines the number of performance shares and performance units granted to any employee. Each performance unit and performance share is evidenced by an award agreement, and is subject to the terms and conditions determined by the administrator.

Other Stock Based Awards. The administrator has the authority to create awards under the Plan in addition to those specifically described in the Plan. These awards must be valued in whole or in part by reference to, or must otherwise be based on, the shares of our common stock (or the cash equivalent of such shares). These awards may be granted either alone, in addition to, or in tandem with, other awards granted under the Plan and/or cash awards made outside the Plan. Each other stock based award will be evidenced by an award agreement that will specify terms and conditions as the administrator may determine.

Transferability of Awards. Unless the administrator determines otherwise, our Plan does not allow for the transfer of awards other than by will, by the laws of descent and distribution, or pursuant to an award transfer program which the administrator has reserved the discretion to implement from time to time. Only the participant may exercise an award

during his or her lifetime.

Performance Goals. As discussed above, under Section 162(m) of the Code, the annual compensation paid to the chief executive officer, the chief financial officer, and each of the other three most highly compensated executive officers (our named executive officers) may not be deductible to the extent it exceeds \$1,000,000.

44

However, we are able to preserve the deductibility of compensation in excess of \$1,000,000 if the conditions of Section 162(m) of the Code are met. These conditions include stockholder approval of the Plan, setting limits on the number of awards that any individual may receive, and for awards other than options establishing performance criteria that must be met before the award actually will vest or be paid. The administrator (in its discretion) may make performance goals applicable to a participant. The performance goals may differ from participant to participant and from award to award. Any criteria used may be measured, as applicable, in absolute terms or in relative terms (including passage of time and/or against another company or companies), on a per-share basis, against the performance of the company as a whole or any segment of the company, and on a pre-tax or after-tax basis.

Adjustments upon Changes in Capitalization. In the event that our stock changes by reason of any dividend (excluding an ordinary dividend) or other distribution, recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of our securities, or other similar change in our capital structure, the administrator will make the adjustments to the number and class of shares of common stock subject to the Plan, the maximum number of shares of common stock that may be issued to any individual in any fiscal year pursuant to awards, and the number, class, and price of shares of common stock subject to any outstanding award.

Adjustments upon Liquidation or Dissolution. In the event of our liquidation or dissolution, any unexercised award will terminate. The administrator may, in its sole discretion, provide that each participant will have the right to exercise all or any part of the award, including shares as to which the award would not otherwise be exercisable.

Adjustments upon Merger or Change in Control. Our Plan provides that in the event of a merger with or into another corporation or our change in control, including the sale of all or substantially all of our assets, the successor corporation will assume or substitute an equivalent award for each outstanding award. Unless determined otherwise by the administrator, any outstanding options not assumed or substituted for will be fully vested and exercisable, including as to shares that would not otherwise have been vested and exercisable, for a period of up to 15 days from the date of notice to the holder of such award. The option or stock appreciation right will terminate at the end of such period. Unless determined otherwise by the administrator, any restricted stock, performance shares, performance units, RSUs, or other stock based awards not assumed or substituted for will be fully vested as to all of the shares subject to the award, including shares which would not otherwise be vested. In the event an outside director is terminated immediately prior to or following a change in control, other than pursuant to a voluntary resignation, the awards he or she received under the Plan will fully vest and become immediately exercisable.

Amendment and Termination of Our Plan. Our Plan will automatically terminate in July 11, 2020, unless we terminate it sooner. In addition, our board of directors has the authority to amend, suspend, or terminate our Plan provided it does not adversely affect any award previously granted under our Plan.

Plan Benefits

The amount and timing of awards granted under the Plan are determined in the sole discretion of the administrator and therefore cannot be determined in advance. The future awards that would be received under the Plan by executive officers and other employees are discretionary and are therefore not determinable at this time.

U.S. Federal Income Tax Information

Incentive Stock Options. An optionee who is granted an incentive stock option does not recognize taxable income at the time the option is granted or upon its exercise, although the exercise is an adjustment item for alternative minimum tax purposes and may subject the optionee to the alternative minimum tax. Upon a disposition of the shares

more than two years after grant of the option and one year after exercise of the option, any gain or loss is treated as long-term capital gain or loss. If these holding periods are not satisfied, the optionee recognizes ordinary income at the time of disposition equal to the difference between the exercise price and the lower of (i) the fair market value of the shares at the date of the option exercise, or (ii) the sale price of the shares. Any gain or loss recognized on such a premature disposition of the shares in excess of the amount treated as ordinary income is treated as long-term or short-term capital gain or loss, depending on the

45

holding period. Unless limited by Section 162(m) of the Code, we are generally entitled to a deduction in the same amount as the ordinary income recognized by the optionee.

Nonstatutory Stock Options. An optionee does not recognize any taxable income at the time he or she is granted a nonstatutory stock option. Upon exercise, the optionee recognizes taxable income generally measured by the excess of the then fair market value of the shares over the exercise price. Any taxable income recognized in connection with an option exercise by an employee is subject to tax withholding. Unless limited by Section 162(m) of the Code, we are generally entitled to a deduction in the same amount as the ordinary income recognized by the optionee. Upon a disposition of such shares by the optionee, any difference between the sale price and the optionee's exercise price, to the extent not recognized as taxable income as provided above, is treated as long-term or short-term capital gain or loss, depending on the holding period.

Restricted Stock, Restricted Stock Units, Performance Shares and Performance Units. A participant generally will not have taxable income at the time an award of restricted stock and RSUs are granted. Instead, he or she will recognize ordinary income in the first taxable year in which his or her interest in the shares underlying the award becomes either (i) freely transferable, or (ii) no longer subject to substantial risk of forfeiture (e.g., vested). However, a holder of a restricted stock award may elect to recognize income at the time he or she receives the award in an amount equal to the fair market value of the shares underlying the award less any amount paid for the shares on the date the award is granted.

Our Tax Impact from Awards. We generally will be entitled to a tax deduction in connection with an award under the Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonstatutory stock option). Special rules limit the deductibility of compensation paid to our named executive officers. Under Section 162(m) of the Code, the annual compensation paid to named executive officers may not be deductible to the extent it exceeds \$1,000,000. However, we can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) of the Code are met.

These conditions include stockholder approval of the Plan and setting limits on the number of awards that any individual may receive per year. The Plan has been designed to permit the administrator to grant awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m) of the Code, which permits us to continue to receive a federal income tax deduction in connection with such awards.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF U.S. FEDERAL INCOME TAXATION WITH RESPECT TO THE GRANT AND EXERCISE OF AWARDS UNDER THE PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF AN INDIVIDUAL'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH ANY ELIGIBLE INDIVIDUAL MAY RESIDE.

(xviii) to impose such restrictions, conditions or limitations as it determines appropriate as to the timing and manner of any resales by a Participant or other subsequent transfers by the Participant of any Shares issued as a result of or under an Award, including without limitation, (A) restrictions under an insider trading policy, and (B) restrictions as to the use of a specified brokerage firm for such resales or other transfers; and

A-6

(xix) to make all other determinations deemed necessary or advisable for administering the Plan.

(c) Effect of Administrator's Decision. The Administrator's decisions, determinations and interpretations will be final and binding on all Participants and any other holders of Awards.

5. Eligibility. Nonstatutory Stock Options, Restricted Stock, Performance Units, Performance Shares, Restricted Stock Units and Other Stock Based Awards may be granted to Service Providers. Incentive Stock Options may be granted only to Employees.

6. Limitations.

(a) ISO \$100,000 Rule. Each Option will be designated in the Award Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Participant during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds \$100,000, such Options will be treated as Nonstatutory Stock Options. For purposes of this Section 6(a), Incentive Stock Options will be taken into account in the order in which they were granted. The Fair Market Value of the Shares will be determined as of the time the Option with respect to such Shares is granted.

(b) No Rights as a Service Provider. Neither the Plan nor any Award shall confer upon a Participant any right with respect to continuing his or her relationship as a Service Provider, nor shall they interfere in any way with the right of the Participant or the right of the Company or its Parent or Subsidiaries to terminate such relationship at any time, with or without cause.

(c) 162(m) Limitation. For purposes of qualifying Awards as performance-based compensation under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals shall be set by the Administrator on or before the latest date permissible to enable the Award to qualify as performance-based compensation under Section 162(m) of the Code. In granting Awards which are intended to qualify under Section 162(m) of the Code, the Administrator shall follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Section 162(m) of the Code (e.g., in determining the Performance Goals).

7. Stock Options.

(a) Term of Option. The term of each Option will be stated in the Award Agreement. In the case of an Incentive Stock Option, the term will be ten (10) years from the date of grant or such shorter term as may be provided in the Award Agreement. Moreover, in the case of an Incentive Stock Option granted to a Participant who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option will be five (5) years from the date of grant or such shorter term as may be provided in the Award Agreement.

(b) Option Exercise Price and Consideration.

(i) Exercise Price. The per Share exercise price for the Shares to be issued pursuant to exercise of an Option will be determined by the Administrator, subject to the following:

(1) In the case of an Incentive Stock Option

Edgar Filing: Neuralstem, Inc. - Form DEF 14A

(A) granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price will be no less than 110% of the Fair Market Value per Share on the date of grant.

(B) granted to any Employee other than an Employee described in paragraph (A) immediately above, the per Share exercise price will be no less than 100% of the Fair Market Value per Share on the date of grant.

A-7

(2) In the case of a Nonstatutory Stock Option, the per Share exercise price will be determined by the Administrator. In the case of a Nonstatutory Stock Option intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, the per Share exercise price will be no less than 100% of the Fair Market Value per Share on the date of grant.

(3) Notwithstanding the foregoing, Incentive Stock Options may be granted with a per Share exercise price of less than 100% of the Fair Market Value per Share on the date of grant pursuant to a merger or other corporate transaction.

(ii) Waiting Period and Exercise Dates. At the time an Option is granted, the Administrator will fix the period within which the Option may be exercised and will determine any conditions that must be satisfied before the Option may be exercised.

(c) Form of Consideration. The Administrator will determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator will determine the acceptable form of consideration at the time of grant. Such consideration to the extent permitted by Applicable Laws may consist entirely of:

(i) cash;

(ii) check;

(iii) promissory note;

(iv) other Shares which meet the conditions established by the Administrator to avoid adverse accounting consequences (as determined by the Administrator);

(v) consideration received by the Company under a cashless exercise program implemented by the Company in connection with the Plan;

(vi) a reduction in the amount of any Company liability to the Participant, including any liability attributable to the Participant's participation in any Company-sponsored deferred compensation program or arrangement;

(vii) any combination of the foregoing methods of payment; or

(viii) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws.

(d) Exercise of Option.

(i) Procedure for Exercise; Rights as a Stockholder. Any Option granted hereunder will be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Award Agreement. An Option may not be exercised for a fraction of a Share.

An Option will be deemed exercised when the Company receives: (x) written or electronic notice of exercise (in accordance with the Award Agreement) from the person entitled to exercise the Option, and (y) full payment for the Shares with respect to which the Option is exercised. Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Award Agreement and the Plan. Shares issued upon exercise of an Option will be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books

of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder will exist with respect to the Awarded Stock, notwithstanding the exercise of the Option.

The Company will issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 14 of the Plan or the applicable Award Agreement.

A-8

Exercising an Option in any manner will decrease the number of Shares thereafter available for sale under the Option, by the number of Shares as to which the Option is exercised.

(ii) Termination of Relationship as a Service Provider. If a Participant ceases to be a Service Provider, other than upon the Participant's death or Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for three (3) months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan on the date one (1) month following the Participant's termination. If after termination the Participant does not exercise his or her Option within the time specified by the Administrator, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iii) Disability of Participant. If a Participant ceases to be a Service Provider as a result of the Participant's Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan on the date one (1) month following the Participant's termination. If after termination the Participant does not exercise his or her Option within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iv) Death of Participant. If a Participant dies while a Service Provider, the Option may be exercised following the Participant's death within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of death (but in no event may the option be exercised later than the expiration of the term of such Option as set forth in the Award Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated prior to Participant's death in a form acceptable to the Administrator. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal representative of the Participant's estate or by the person(s) to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following Participant's death. Unless otherwise provided by the Administrator, if at the time of death Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will immediately revert to the Plan on the date one (1) month following the Participant's death. If the Option is not so exercised within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(e) Buyout Provisions. The Administrator may at any time offer to buy out for a payment in cash or Shares an Option previously granted based on such terms and conditions as the Administrator shall establish and communicate to the Participant at the time that such offer is made.

8. Restricted Stock.

(a) Grant of Restricted Stock. Subject to the terms and provisions of the Plan, the Administrator, at any time and from time to time, may grant Shares of Restricted Stock to Service Providers in such amounts as the Administrator, in its sole discretion, will determine. Subject to any restrictions specifically provided for in this Plan, the Administrator shall have complete discretion to determine (i) the number of Shares subject to a Restricted Stock award granted to any Participant, and (ii) the conditions, if any, that

must be satisfied, which typically will be based principally or solely on continued provision of services but may include a performance-based component, upon which is conditioned the grant, vesting or issuance of Restricted Stock.

(b) Restricted Stock Agreement. Each Award of Restricted Stock will be evidenced by an Award Agreement that will specify the Period of Restriction, the number of Shares granted, and such other terms and conditions as the Administrator, in its sole discretion, will determine. Unless the Administrator determines otherwise, Shares of Restricted Stock will be held by the Company as escrow agent until the restrictions on such Shares have lapsed.

(c) Transferability. Except as provided in this Section 8, Shares of Restricted Stock may not be sold, transferred, pledged, assigned, or otherwise

(d) Other Restrictions. The Administrator, in its sole discretion, may impose such other restrictions on Shares of Restricted Stock as it may deem advisable or appropriate.

(e) Removal of Restrictions. Except as otherwise provided in this Section 8, Shares of Restricted Stock covered by each Restricted Stock grant made under the Plan will be released from escrow as soon as practicable after the last day of the Period of Restriction. The Administrator, in its discretion, may accelerate the time at which any restrictions will lapse or be removed.

(f) Voting Rights. During the Period of Restriction, Service Providers holding Shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those Shares, unless the Administrator determines otherwise.

(g) Dividends and Other Distributions. During the Period of Restriction, Service Providers holding Shares of Restricted Stock will be entitled to receive all dividends and other distributions paid with respect to such Shares unless otherwise provided in the Award Agreement. If any such dividends or distributions are paid in Shares, the Shares will be subject to the same restrictions on transferability and forfeitability as the Shares of Restricted Stock with respect to which they were paid.

(h) Return of Restricted Stock to Company. On the date set forth in the Award Agreement, the Restricted Stock for which restrictions have not lapsed will revert to the Company and again will become available for grant under the Plan.

9. Performance Units and Performance Shares.

(a) Grant of Performance Units/Shares. Subject to the terms and conditions of the Plan, Performance Units and Performance Shares may be granted to Service Providers at any time and from time to time, as will be determined by the Administrator, in its sole discretion. Subject to any restrictions specifically provided for in this Plan, the Administrator will have complete discretion in determining the number of Performance Units and Performance Shares granted to each Participant.

(b) Value of Performance Units/Shares. Each Performance Unit will have an initial value that is established by the Administrator on or before the date of grant. Each Performance Share will have an initial value equal to the Fair Market Value of a Share on the date of grant.

(c) Performance Objectives and Other Terms. The Administrator will set performance objectives in its discretion which, depending on the extent to which they are met, will determine the number or value of Performance Units/Shares that will be paid out to the Service Providers. The time period during which the performance objectives must be met will be called the Performance Period. Each Award of Performance Units/Shares will be evidenced by an Award Agreement that will specify the Performance Period, and such other terms and conditions as the Administrator,

in its sole discretion, will determine. The Administrator may set performance objectives based upon the achievement of Company-wide, divisional, or individual goals, applicable federal or state securities laws, or any other basis determined by the Administrator in its discretion.

(d) Earning of Performance Units/Shares. After the applicable Performance Period has ended, the holder of Performance Units/Shares will be entitled to receive a payout of the number of Performance Units/Shares earned by the Participant over the Performance Period, to be determined as a function of the

A-10

extent to which the corresponding performance objectives have been achieved. After the grant of a Performance Unit/Share, the Administrator, in its sole discretion, may reduce or waive any performance objectives for such Performance Unit/Share.

(e) Form and Timing of Payment of Performance Units/Shares. Payment of earned Performance Units/Shares will be made as soon after the expiration of the applicable Performance Period at the time determined by the Administrator. The Administrator, in its sole discretion, may pay earned Performance Units/Shares in the form of cash, in Shares (which have an aggregate Fair Market Value equal to the value of the earned Performance Units/Shares at the close of the applicable Performance Period) or in a combination thereof.

(f) Cancellation of Performance Units/Shares. On the date set forth in the Award Agreement, all unearned or unvested Performance Units/Shares will be forfeited to the Company, and again will be available for grant under the Plan.

10. Restricted Stock Units. Restricted Stock Units shall consist of a Restricted Stock, Performance Share or Performance Unit Award that the Administrator, in its sole discretion permits to be paid out in installments or on a deferred basis, in accordance with rules and procedures established by the Administrator.

11. Other Stock Based Awards. Other Stock Based Awards may be granted either alone, in addition to, or in tandem with, other Awards granted under the Plan and/or cash awards made outside of the Plan. The Administrator shall have authority to determine the Service Providers to whom and the time or times at which Other Stock Based Awards shall be made, the amount of such Other Stock Based Awards, and all other conditions of the Other Stock Based Awards including any dividend and/or voting rights.

12. Leaves of Absence. Unless the Administrator provides otherwise, vesting of Awards granted hereunder will be suspended during any unpaid leave of absence and will resume on the date the Participant returns to work on a regular schedule as determined by the Company; provided, however, that no vesting credit will be awarded for the time vesting has been suspended during such leave of absence. A Service Provider will not cease to be an Employee in the case of (i) any leave of absence approved by the Company or (ii) transfers between locations of the Company or between the Company, its Parent, or any Subsidiary. For purposes of Incentive Stock Options, no such leave may exceed ninety (90) days, unless reemployment upon expiration of such leave is guaranteed by statute or contract. If reemployment upon expiration of a leave of absence approved by the Company is not so guaranteed, then three months following the 91st day of such leave any Incentive Stock Option held by the Participant will cease to be treated as an Incentive Stock Option and will be treated for tax purposes as a Nonstatutory Stock Option.

13. Non-Transferability of Awards. Unless determined otherwise by the Administrator, an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Participant, only by the Participant. If the Administrator makes an Award transferable, such Award will contain such additional terms and conditions as the Administrator deems appropriate.

14. Adjustments; Dissolution or Liquidation; Merger or Change in Control.

(a) Adjustments. In the event that any dividend (excluding an ordinary dividend) or other distribution (whether in the form of cash, Shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Shares or other securities of the Company, or other change in the corporate structure of the Company affecting the Shares occurs, then the Administrator shall appropriately adjust the number and class of Shares which may be delivered under the Plan, the 162(m) limits under Section 6(c) of the Plan, and the number, class, and price of Shares subject to outstanding Awards. Notwithstanding the preceding, the number of Shares subject to any Award always shall be a whole number.

(b) Dissolution or Liquidation. In the event that any dividend (excluding an ordinary dividend) or other distribution (whether in the form of cash, Shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off,

A-11

combination, repurchase, or exchange of Shares or other securities of the Company, or other change in the corporate structure of the Company affecting the Shares occurs then the Administrator shall appropriately adjust the number and class of Shares which may be delivered under the Plan, the 162(m) limits under Section 6(c) of the Plan, and the number, class, and price of Shares subject to outstanding Awards. Notwithstanding the preceding, the number of Shares subject to any Award always shall be a whole number.

(c) Merger or Change in Control. In the absence of any specific language contained in the Award Agreement:

(i) Stock Options. In the event of a merger or Change in Control, each outstanding Option shall be assumed or an equivalent option substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. With respect to Options granted to an Outside Director that are assumed or substituted for, if immediately prior to or after the merger or Change in Control the Participant's status as a Director or a director of the successor corporation, as applicable, is terminated other than upon a voluntary resignation by the Participant, then the Participant shall fully vest in and have the right to exercise such Options as to all of the Awarded Stock, including Shares as to which it would not otherwise be vested or exercisable. Unless determined otherwise by the Administrator, in the event that the successor corporation refuses to assume or substitute for the Option, the Participant shall fully vest in and have the right to exercise the Option as to all of the Awarded Stock, including Shares as to which it would not otherwise be vested or exercisable. If an Option is not assumed or substituted in the event of a merger or Change in Control, the Administrator shall notify the Participant in writing or electronically that the Option shall be exercisable, to the extent vested, for a period of up to fifteen (15) days from the date of such notice, and the Option shall terminate upon the expiration of such period. For the purposes of this paragraph, the Option shall be considered assumed if, following the merger or Change in Control, the option confers the right to purchase or receive, for each Share of Awarded Stock subject to the Option immediately prior to the merger or Change in Control, the consideration (whether stock, cash, or other securities or property) received in the merger or Change in Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or Change in Control is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the Option, for each Share of Awarded Stock subject to the Option, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the merger or Change in Control. Notwithstanding anything herein to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more performance goals will not be considered assumed if the Company or its successor modifies any of such performance goals without the Participant's consent; provided, however, a modification to such performance goals only to reflect the successor corporation's post-merger or post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

(ii) Restricted Stock, Performance Shares, Performance Units, Restricted Stock Units and Other Stock Based Awards. In the event of a merger or Change in Control, each outstanding Restricted Stock, Performance Share, Performance Unit, Other Stock Based Award and Restricted Stock Unit awards shall be assumed or an equivalent Restricted Stock, Performance Share, Performance Unit, Other Stock Based Award and Restricted Stock Unit award substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. With respect to Awards granted to an Outside Director that are assumed or substituted for, if immediately prior to or after the merger or Change in Control the Participant's status as a Director or a director of the successor corporation, as applicable, is terminated other than upon a voluntary resignation by the Participant, then the Participant shall fully vest in such Awards, including Shares as to which it would not otherwise be vested. Unless determined otherwise by the Administrator, in the event that the successor corporation refuses to

assume or substitute for the Restricted Stock, Performance Share, Performance Unit, Other Stock Based Award or Restricted Stock Unit award, the Participant shall fully vest in the Restricted Stock, Performance Share, Performance Unit, Other Stock Based Award or Restricted Stock Unit including as to Shares which would not otherwise be vested.

For the purposes of this paragraph, a Restricted Stock, Performance Share, Performance Unit, Other Stock Based Award and Restricted Stock Unit award shall be considered assumed if, following the merger or Change in Control, the award confers the right to purchase or receive, for each Share subject to the Award immediately prior to the merger or Change in Control, the consideration (whether stock, cash, or other securities or property) received in the merger or Change in Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or Change in Control is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received, for each Share and each unit/right to acquire a Share subject to the Award, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the merger or Change in Control. Notwithstanding anything herein to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more performance goals will not be considered assumed if the Company or its successor modifies any of such performance goals without the Participant's consent; provided, however, a modification to such performance goals only to reflect the successor corporation's post-merger or post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

15. Date of Grant. The date of grant of an Award will be, for all purposes, the date on which the Administrator makes the determination granting such Award, or such other later date as is determined by the Administrator. Notice of the determination will be provided to each Participant within a reasonable time after the date of such grant.

16. Term of Plan. Subject to Section 21 of the Plan, the Plan will become effective upon its adoption by the Board. It will continue in effect for a term of ten (10) years less one day from the date that the Plan was initially adopted, or July 11, 2020, unless terminated earlier under Section 17 of the Plan.

17. Amendment and Termination of the Plan.

- (a) Amendment and Termination. The Board may at any time amend, alter, suspend or terminate the Plan.
- (b) Stockholder Approval. The Company will obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws.
- (c) Effect of Amendment or Termination. Subject to Section 19 of the Plan, no amendment, alteration, suspension or termination of the Plan will impair the rights of any Participant, unless mutually agreed otherwise between the Participant and the Administrator, which agreement must be in writing and signed by the Participant and the Company. Termination of the Plan will not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.
- (d) No Repricing. Notwithstanding any other provision herein or in any agreement evidencing any Award, in no case (except due to an adjustment contemplated by Section 14 or any repricing that may be approved by shareholders) shall any action be taken with respect to the Plan or any Award hereunder that would constitute a repricing (by amendment, substitution, cancellation and regrant, exchange or other means) of the per share exercise price of any Award.

18. Conditions Upon Issuance of Shares.

(a) Legal Compliance. Shares will not be issued pursuant to the exercise of an Award unless the exercise of such Award and the issuance and delivery of such Shares will comply with Applicable Laws and will be further subject to the approval of counsel for the Company with respect to such compliance.

A-13

(b) Investment Representations. As a condition to the exercise or receipt of an Award, the Company may require the person exercising or receiving such Award to represent and warrant at the time of any such exercise or receipt that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

19. Severability. Notwithstanding any contrary provision of the Plan or an Award to the contrary, if any one or more of the provisions (or any part thereof) of this Plan or the Awards shall be held invalid, illegal or unenforceable in any respect, such provision shall be modified so as to make it valid, legal and enforceable, and the validity, legality and enforceability of the remaining provisions (or any part thereof) of the Plan or Award, as applicable, shall not in any way be affected or impaired thereby.

20. Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, will relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority will not have been obtained.

21. Stockholder Approval. The Plan will be subject to approval by the stockholders of the Company within twelve (12) months after the date the Plan is adopted. Such stockholder approval will be obtained in the manner and to the degree required under Applicable Laws.

22. Nonexclusivity Of The Plan. Neither the adoption of this Plan by the Board, the submission of this Plan to the stockholders of the Company for approval, nor any provision of this Plan will be construed as creating any limitations on the power of the Board to adopt such additional compensation arrangements as it may deem desirable, including, without limitation, the granting of stock options and other equity awards otherwise than under this Plan, and such arrangements may be either generally applicable or applicable only in specific cases.
