Forward - Looking Statements Caution Concerning Forward - Looking Statements This communication contains “forward - looking” statements as that term is defined in Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, as amended by the Private Securities Litigation Reform Act of 1995, including statements regarding the proposed transaction between DDE and TRWH. All statements, other than historical facts, including statements regarding the expected timing and structure of the proposed transaction and other corporate actions, the ability of the parties to complete the proposed transaction considering the various closing conditions, the expected benefits of the proposed transaction, including future financial and operating results, the tax consequences of the proposed transaction and the combined company’s plans, objectives, expectations and intentions, legal, economic and regulatory conditions and any assumptions underlying any of the foregoing, are forward - looking statements. Forward - looking statements concern future circumstances and results and other statements that are not historical facts and are sometimes identified by the words “may,” “will,” “should,” “potential,” “intend,” “expect,” “endeavor,” “anticipate,” “estimate,” “overestimate,” “underestimate,” “believe,” “could,” “project,” “predict,” “continue,” “target” or other words or expressions. Forward - looking statements are based upon current plans, estimates and expectations that are subject to risks, uncertainties and assumptions. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those indicated or anticipated by such forward - looking statements. The inclusion of such statements should not be regarded as a representation that such plans, estimates or expectations will be achieved. Important factors that could cause actual results to differ materially from such plans, estimates or expectations include, among others, (1) that one or more closing conditions to the transaction, including certain regulatory approvals, may not be satisfied or waived, on a timely basis or otherwise, including that a governmental entity may prohibit, delay or refuse to grant approval for the consummation of the proposed transaction or may require conditions, limitations or restrictions in connection with such approvals, (2) the risk that the proposed transaction may not be completed on the terms or in the time frame expected by DDE or TRWH, or at all, (3) unexpected costs, charges or expenses resulting from the proposed transaction, (4) uncertainty of the expected financial performance of the combined company following completion of the proposed transaction, (5) failure to realize the anticipated benefits of the proposed transaction, including as a result of delay in completing the proposed transaction or integrating the businesses of DDE and TRWH, (6) the ability of the combined company to implement its business strategy, (7) difficulties and delays in achieving revenue and cost synergies of the combined company, (8) the consummation, timing and terms of any stock split, tender offer or similar transaction, (9) the inability to retain and hire key personnel, (10) the occurrence of any event that could give rise to termination of the proposed transaction; (11) the risk that stockholder litigation in connection with the proposed transaction or other settlements or investigations may affect the timing or occurrence of the proposed transaction or result in significant costs of defense, indemnification and liability, (12) evolving legal, regulatory and tax regimes, (13) changes in general economic and/or industry specific conditions, (14) actions by third parties, including government agencies, and (15) other risk factors as detailed from time to time in DDE’s reports filed with the SEC as well as risk factors to be included in the Form S - 4 that will be filed in connection with the proposed transaction, including DDE’s annual report on Form 10 - K, periodic quarterly reports on Form 10 - Q, periodic current reports on Form 8 - K and other documents filed with the SEC. The foregoing list of important factors is not exclusive. Any forward - looking statements speak only as of the date of this communication. Neither DDE nor TRWH undertakes any obligation to update any forward - looking statements, whether as a result of new information or development, future events or otherwise, except as required by law. Readers are cautioned not to place undue reliance on any of these forward - looking statements. 3

Dover Downs Overview • Dover Downs Gaming & Entertainment was founded in 1967 as a motorsports and harness racing company in Delaware. DDE began offering gaming in 1995 after the legalization of video lottery operations. In 2002, DDE was separated from the motorsports company so each entity could focus on its respective operations. The property's replacement cost is estimated at over \$300 million. Since 2005, DDE has invested almost \$140 million in the property on upgrades and renovations. • DDE currently operates the Dover Downs Casino, the Dover Downs Hotel and Conference Center and the Dover Downs Raceway. Dover Downs Casino: 165,000 square - foot casino with 2,200 VLTs, 40 table games, an 18 - table poker room, sports betting, ten restaurants, retail outlets, a lounge/nightclub with seating for 200 guests, as well as other amenities. Dover Downs Hotel and Conference Center: 500 - room AAA Four Diamond hotel, full service spa/salon, conference center, banquet hall, ballroom and concert hall facilities. Dover Downs Raceway - a harness racing track with pari - mutuel wagering on live and simulcast horse races and sports betting.  table below reconciles Net Income to EBITDA and Adjusted EBITDA. EBITDA is defined as net income before net
 interest expense, income taxes, depreciation and amortization and other non-operating income or losses. Adjusted
 EBITDA is defined as EBITDA before stock based compensation, franchise taxes and non-recurring expenses such
 as non-recurring litigation expenses, non-recurring CVR-related expenses, legal and financial expenses for
 strategic reviews, credit agreement amendment expenses, storm-related repair expenses, acquisition, expansion and
 pre-opening expenses and referendum costs. Although EBITDA and Adjusted EBITDA are not measures of
 performance calculated in accordance with GAAP, TRWH management believes they are useful measures to evaluate
 our operating performance. 21

DDE EBITDA Reconciliation • DDE defines EBITDA as earnings before interest, taxes, depreciation and amortization. EBITDA is a supplemental non - GAAP financial measure commonly used by management and industry analysts to evaluate Company operations. DDE believes that EBITDA provides useful information to investors regarding its ability to service debt. EBITDA should not be construed as an alternative to net earnings (loss) (as an indicator of our operating performance) as determined in accordance with accounting principles generally accepted in the United States of America. Not all companies calculate EBITDA in the same manner, and EBITDA as presented by Dover Downs Gaming & Entertainment, Inc. may not be comparable to similarly titled measures presented by other companies.
