CAUTIONARY STATEMENT REGARDING FORWARD LOOKING INFORMATION

This quarterly report contains forward-looking statements. These forward-looking statements are subject to risks and uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from the results, performance or achievements expressed or implied by the forward-looking statements. You should not unduly rely on these statements. Forward-looking statements can be identified by the fact that they do not relate strictly to historical or current facts. They use words such as anticipate, estimate, expect, project, intend, plan, believe, project, contemplate, would, should, could, or may. With respect to any forward-looking statement that includes a statement of its underlying assumptions or bases, we believe such assumptions or bases to be reasonable and have formed them in good faith, assumed facts or bases almost always vary from actual results, and the differences between assumed facts or bases and actual results can be material depending on the circumstances. When, in any forward-looking statement, we express an expectation or belief as to future results, that expectation or belief is expressed in good faith and is believed to have a reasonable basis, but there can be no assurance that the stated expectation or belief will result or be achieved or accomplished. All subsequent written and oral forward-looking statements attributable to us, or anyone acting on our behalf, are expressly qualified in their entirety by the cautionary statements.

OTHER PERTINENT INFORMATION

When used in this quarterly report, the terms IceWEB, the Company, we, our, and us refers to IceWEB, Inc., a Delaware corporation, and our subsidiaries. The information which appears on our web site at www.iceweb.com is not part of this quarterly report.

ICEWEB, INC. AND SUBSIDIARIES

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2009

NOTE 1 - NATURE OF BUSINESS

IceWEB, Inc. was originally founded to serve the commercial and federal markets with network security products and proprietary on-line software solutions. In 2008, the Company narrowed its focus and expanded its capabilities by acquiring INLINE Corporation, a data storage company specializing in custom designed, short-production run storage solutions for the Geospatial Information Systems (GIS) market.

In fiscal year 2009, through the second quarter ended March 31, 2009 the Company had three lines of business: Storage & GIS products, IT solutions and Online Services.

In March, 2009, the Company sold IceWEB Virginia, Inc., its IT solutions business, to an unrelated third party. As a result, the Company is now focused exclusively on Storage and GIS products, and Online Services. The Company plans to focus and grow its revenues and profits in the Storage and Online Services market.

Storage and GIS Products. These products simplify how enterprises retain, access, manage and protect their data. Demand for data storage is ever-growing and ubiquitous as data files in all market sectors have become larger and richer with video and multimedia content. This growth is particularly strong in the already billion dollar GIS market that is projected to grow ten-fold over the next decade. Therefore, IceWEB's strategic direction is to grow its share and profits in this market based upon its own proprietary designs and its strategic relationships with its GIS software OEMs such as ESRI, the world-wide leader in GIS application software.

IceWEB and ESRI have collaborated to create ultra-high performance INLINE/ESRI GIS systems that allow customers to analyze data in ways never before possible. IceWEB designs, manufactures and, in concert with its OEM partners, markets these systems to organizations all over the world.

In addition to the Company's line of hardware/software storage products, customers can choose from a broad range of warranty and service programs. INLINE products range from storage servers, to NAS (Network Attached Storage) and SAN (Storage Area Network) solutions. OEM/Custom products are focused on the GIS markets.

GIS products utilize the latest storage server, SAN and NAS technology

Online Services. In December 2005, IceWEB launched IceMAIL™ a packaged software service that provides network hosted groupware, email, calendaring and collaboration functionality. Customers are organizations wishing to use Microsoft Exchange and Outlook without having to procure, maintain and manage their own equipment and software. Online services were subsequently expanded to include IcePORTAL™ which provides customers with a complete Intranet portal and IceSECURE™ a hosted email encryption service. These products continue to provide predictable monthly revenues for the Company; however the Company has no plans to make new investments in this business in 2009.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2009

NOTE 2 - BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Our interim consolidated financial statements included herein have been prepared by us, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC"). Certain information and footnote disclosures normally included in annual financial statements prepared in accordance with generally accepted accounting principles in the United States ("GAAP") have been condensed or omitted pursuant to such rules and regulations. In the opinion of management, the interim consolidated financial statements reflect all adjustments (consisting only of normal recurring adjustments) necessary for a fair presentation of the statement of the results for the interim periods presented. These interim consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto, as well as the accompanying Management's Discussion and Analysis of Financial Condition and Results of Operations for the year ended September 30, 2008 included in our Annual Report on Form 10-KSB. Interim financial results are not necessarily indicative of the results that may be expected for a full year.

Reclassifications

Certain reclassifications have been made to previously reported amounts to conform to fiscal 2009 amounts.

Going Concern

The Company's auditors stated in their report on the consolidated financial statements of the Company for the years ended September 30, 2008 and 2007 that the Company is dependent on outside financing and has had losses since inception that raise doubt about its ability to continue as a going concern. For the six months ended March 31, 2009, the Company had net income of \$2,062,907 which included noncash expenses of \$1,013,345, and noncash income from the gain on sale of its subsidiary of \$3,452,235. Cash used in operations totaled \$788,470. The consolidated financial statements do not include any adjustments related to the recovery and classification of recorded assets, or the amounts and classification of liabilities that might be necessary in the event the Company cannot continue in existence.

Management has established plans intended to increase the sales of the Company's products and services. Management intends to seek new capital from new equity securities offerings to provide funds needed to increase liquidity, fund growth, and implement its business plan. However, no assurances can be given that the Company will be able to raise any additional funds.

Use of estimates

Edgar Filing: ICEWEB INC - Form 10-Q

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates in 2009 and 2008 include the allowance for doubtful accounts, the valuation of stock-based compensation, the useful life of intangible assets and property and equipment, and the valuation of goodwill.

Cash and Cash Equivalents

The Company considers all highly liquid debt instruments with original maturities of three months or less to be cash equivalents.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2009

NOTE 2 - BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Accounts Receivable

Accounts receivable consists of normal trade receivables. The Company recorded a bad debt allowance of \$9,000 as of March 31, 2009. Management performs ongoing evaluations of its accounts receivable. Management believes that all remaining receivables are fully collectable. Bad debt expense amounted to \$0 and \$0 for the six months ended March 31, 2009 and 2008, respectively.

Intangible Assets

Intangible assets, net consists of the cost of acquired customer relationships and the value of Federal contracts that the Company acquired in the acquisition of Inline Corporation. The Company capitalizes and amortizes the cost of acquired intangible assets over their estimated useful lives on a straight-line basis. The estimated useful lives of the Company's acquired customer relationships and Federal government contracts are three to five years.

Property and Equipment

Property and equipment is stated at cost, net of accumulated depreciation. Depreciation is provided by using the straight-line method over the estimated useful lives of the related assets.

Long-lived Assets

In accordance with Statement of Financial Accounting Standards (SFAS) No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets, the Company reviews the carrying value of intangibles and other long-lived assets for impairment at least annually or whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of long-lived assets is measured by comparison of its carrying amount to the undiscounted cash flows that the asset or asset group is expected to generate. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the property, if any, exceeds its fair market value.

Revenue Recognition

The Company follows the guidance of the Securities and Exchange Commission's Staff Accounting Bulletin 104 for revenue recognition. In general, the Company records revenue when persuasive evidence of an arrangement exists, services have been rendered or product delivery has occurred, the sales price to the customer is fixed or determinable, and collectability is reasonably assured. The following policies reflect specific criteria for the various revenue streams of the Company:

Revenues from sales of products are generally recognized when products are shipped unless the Company has obligations remaining under sales or licensing agreements, in which case revenue is either deferred until all obligations are satisfied or recognized ratably over the term of the contract.

Revenue from services is recorded as it is earned. Commissions earned on third party sales are recorded in the month in which contracts are awarded. Customers are generally billed every two weeks based on the units of production for the project. Each project has an estimated total which is based on the estimated units of production and agreed upon billing rates. Amounts billed in advance of services being provided are recorded as deferred revenues and recognized in the consolidated statement of operations as services are provided.

NOTE 2 - BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Earnings per Share

The Company computes earnings per share in accordance with Statement of Accounting Standards No. 128, Earnings per Share (SFAS No. 128). Under the provisions of SFAS No. 128, basic earnings per share is computed by dividing the net income (loss) for the period by the weighted average number of common shares outstanding during the period. Diluted earnings per share is computed by dividing the net income (loss) for the period by the weighted average number of common and potentially dilutive common shares outstanding during the period. Potentially dilutive common shares consist of the common shares issuable upon the exercise of stock options and warrants (using the treasury stock method) and upon the conversion of convertible preferred stock (using the if-converted method). Potentially dilutive common shares are excluded from the calculation if their effect is anti-dilutive. At March 31, 2009, there were Series B convertible preferred stock, options and warrants to purchase 2,393,066 shares of common stock which could potentially dilute future earnings per share.

Stock-Based Compensation

Prior to January 1, 2005, the Company accounted for stock options issued under the Plan under the recognition and measurement provisions of APB Opinion No. 25, *Accounting for Stock Issued to Employees*, and related interpretations, as permitted by FASB Statement No. 123, *Accounting for Stock-Based Compensation* (SFAS No. 123).

Effective January 1, 2005 we adopted the fair value recognition provisions of FASB Statement No. 123 (revised 2004), *Share-Based Payment* (SFAS 123(R)) which requires the measurement and recognition of compensation expense for all stock-based payment awards made to employees and directors, including employee stock options, based on estimated fair values. We had previously applied Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees*, (APB 25) and related Interpretations and provided the required pro forma disclosures of Statement of Financial Accounting Standards No. 123, *Accounting for Stock-Based Compensation* (SFAS 123) which was superseded by SFAS 123(R). The Company has also applied the provisions of Staff Accounting Bulletin No. 107 (SAB 107) in the adoption of SFAS 123(R).

We elected to adopt the modified prospective application transition method as provided by SFAS 123(R). In accordance with the modified prospective transition method, consolidated financial statements for prior periods have not been restated to reflect, and do not include, the impact of SFAS 123(R). Under that transition method, compensation cost recognized in the three months ended December 31, 2008 includes: (a) compensation cost for all share-based payments granted prior to, but not yet vested as of December 31, 2008, based on the grant date fair value estimated in accordance with the original provisions of Statement 123, and (b) compensation cost for all share-based payments granted subsequent to October 1, 2005, based on the grant-date fair value estimated in accordance with the provisions of Statement 123(R).

On March 30, 2009, the Company completed the sale of IceWEB Virginia, Inc., a wholly owned subsidiary, to ABC Networks, Inc., (ABC) a privately held U.S. company. Pursuant to the terms of the transaction, ABC acquired 100% of the outstanding common stock of IceWEB, Virginia, Inc.

The aggregate sales price consisted of the following:

Common stock issued to purchaser	\$ 80,000
Net book value of disposed subsidiary	(3,532,236)
	\$ (3,452,236)

The following table summarizes the estimated fair values of IceWeb Virginia s assets and liabilities disposed of at the date of the sale:

Intangible assets, net	\$ (53,565)
IceWEB, Inc. common stock	(80,000)
Accounts payable and accrued liabilities	3,585,801
Estimated gain on the sale	\$ 3,452,236

The following table summarizes the required disclosures for IceWEB, as if the disposition of IceWEB Virginia, Inc. had occurred at October 1, 2007.

	For the Six Months Ended March 31,	
	2009	2008
Revenues, net	\$ 1,484,493	\$ 678,187
Net loss, excluding gain from sale in 2009	(772,279)	(1,961,287)
Net income (loss) per common share basic and diluted	\$ (0.03)	\$ (0.13)

The above unaudited pro forma results have been prepared for comparative purposes only and do not purport to be indicative of results of operations that actually would have resulted had the acquisition occurred at October 1, 2006, nor is it necessarily indicative of future operating results.

NOTE 6 - NOTES PAYABLE

Sand Hill Finance, LLC

On December 19, 2005, the Company entered into a Financing Agreement with Sand Hill Finance, LLC pursuant to which, together with related amendments, the Company may borrow up to 80% on the Company's accounts receivable balances up to a maximum of \$1,800,000. In conjunction with the acquisition of Inline Corporation in December, 2007, the lending limit on the credit facility was increased to \$2,750,000. In addition, the Company and Sand Hill Finance, LLC entered into a 36 month term note agreement in the amount of \$1,000,000, due November 30, 2011. Amounts borrowed under the Financing Agreement are secured by a first security interest in substantially all of the Company's assets. At March 31, 2009, the principal amount due under the Financing Agreement amounted to \$1,530,947.

NOTE 6 - NOTES PAYABLE (continued)

In November, 2008, in connection with the term note the Company executed a convertible debenture agreement with Sand Hill Finance, LLC in the amount of \$1,170,767. The debenture bears interest at 18% and will allow Sand Hill Finance, LLC to convert the outstanding obligation into shares of IceWEB common stock at a fixed floor conversion price of \$0.30 per share. The principal amount due under the convertible debenture amounted to \$1,197,536 at March 31, 2009.

Interest on the accounts receivable-based borrowings is payable at a rate of 2% per month on the average loan balance outstanding during the year, equal to an annual interest of approximately 24% per year. The Company also agreed to pay an upfront commitment fee of 1% of the credit line upon signing the Financing Agreement, half of which was due and paid upon signing (amounting to \$9,000) and half of which is due on the first anniversary of the Financing Agreement. In addition, the Company is obligated to pay a commitment fee of 1% of the credit limit annually, such amounts are payable on the anniversary of the agreement.

In connection with the Financing Agreement, the Company issued Sand Hill Finance, LLC, a seven-year common stock purchase warrant to purchase 25,000 shares of our common stock at an exercise price of \$1.00 per share. The exercise price was subsequently reduced to \$0.50 per share pursuant to Warrant Amendment Agreement which was executed in conjunction with the convertible debenture. The warrant contains a cashless exercise provision which means that at the option of the holder, the warrant is convertible into a number of shares of our common stock as determined by dividing the aggregate fair market value of the Company's common stock minus the aggregate exercise price of the warrant by the fair market value of one share of common stock. The number of shares issuable upon the exercise of the warrant and the exercise price are subject to adjustment in the event of stock dividends, stock splits and reclassifications. The fair value of the warrant of \$16,250 has been recorded as an addition to paid-in capital and interest expense during the year ended September 30, 2007.

In connection with the term note, the Company issued Sand Hill Finance, LLC a seven-year common stock purchase warrant to purchase 120,000 shares of our common stock at an exercise prices \$1.00 per share. The exercise price was subsequently reduced to \$0.50 per share pursuant to Warrant Amendment Agreement which was executed in conjunction with the convertible debenture. The warrant contains a cashless exercise provision which means that at the option of the holder, the warrant is convertible into a number of shares of our common stock as determined by dividing the aggregate fair market value of the Company's common stock minus the aggregate exercise price of the warrant by the fair market value of one share of common stock. The number of shares issuable upon the exercise of the warrant and the exercise price are subject to adjustment in the event of stock dividends, stock splits and reclassifications. The fair value of the warrant of \$13,589 has been recorded as an addition to paid-in capital and deferred finance costs during the year ended September 30, 2008.

The Financing Agreement has a term of one year, subject to mutual extension by both parties. As a result, the balance due to Sand Hill Finance, LLC is classified as a current liability on the accompanying consolidated balance sheet.

The terms of the Financing Agreement also restrict the Company from undertaking certain transactions without the written consent of the creditor including (i) permit or suffer a change in control involving 20% of its securities, (ii) acquire assets, except in the ordinary course of

Third party guarantee - In November 2006, the Company sold its interest in one of its subsidiaries (Integrated Power Solutions, Inc. or IPS) to a shareholder of the Company and related party. IPS is a party to the Financing Agreement and can borrow against receivables transferred to Sand Hill Finance, LLC under the terms of the Financing Agreement. The Company remains liable for any such amounts borrowed under the Financing Agreement by IPS which is no longer under the Company's control. To date, IPS has not borrowed any funds under the Financing Agreement.

In August, 2008, the Company borrowed \$187,500 from an accredited investor. The note bears interest at 16% and had a term of four months, and can be repaid in either cash or IceWEB common stock. As of December 31, 2008 the Company had repaid the full amount of the note through the sale of 2,226,101 shares of Iceweb common stock.

NOTE 7 - EQUIPMENT FINANCING PAYABLE

On July 6, 2006, the Company entered into what is in essence a sale and leaseback agreement with respect to certain computer and office equipment. The Company received gross proceeds of \$300,000 from the sale of the equipment to a third party. As part of the same transaction, the Company entered into an agreement to lease the equipment back from the third party for 36 monthly rent payments of \$10,398 until August 2009. The Company is accounting for this equipment financing arrangement as a capital lease. In connection with the agreement, the Company made an initial security deposit of \$30,000 and is included in deposits in the balance sheet at March 31, 2009. The equipment had a net book value of \$37,846 on the date of the transaction. In connection with the financing, the Company did not record any gain or loss. Imputed interest on this financing is 20% per annum. At March 31, 2009, the amount due under this equipment financing arrangement amounted to \$46,693, which is reflected as a current liability on the accompanying balance sheet.

NOTE 8 - CONCENTRATION OF CREDIT RISK

Bank Balances

The Company maintains its cash bank deposits at various financial institutions which, at times, may exceed federally insured limits. Accounts are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At March 31, 2009, the Company had no balances in excess of FDIC insured limits. The Company has not experienced any losses in such accounts.

NOTE 9 - STOCKHOLDERS DEFICIT

During the six months ended March 31, 2009 in connection with the payment on a note payable discussed in Note 6, the Company issued 1,959,601 shares of common stock. The shares were valued at \$152,273, the fair market value in the date of issuance.

During the six months ended March 31, 2009, in connection with the exercise of 3,040,000 stock options, the Company issued 3,040,000 shares of common stock for cash proceeds of \$163,800.

During the six months ended March 31, 2009, Sand Hill Finance, LLC converted \$45,000 of their outstanding convertible debenture into 300,000 shares of common stock.

NOTE 10 - STOCK OPTION PLAN

In August 2000, the Board of Directors adopted the 2000 Management and Director Equity Incentive and Compensation Plan (the "Plan") for directors, officers and employees that provides for non-qualified and incentive stock options to be issued enabling holders thereof to purchase common shares of the Company at exercise prices determined by the Company's Board of Directors. The Plan was approved by the Company's stockholders in August 2001.

The purpose of the Plan is to advance the Company's interests and those of its stockholders by providing a means of attracting and retaining key employees, directors and consultants. In order to serve this purpose, the Company believes the Plan encourages and enables key employees, directors and consultants to participate in its future prosperity and growth by providing them with incentives and compensation based on its performance, development and financial success. Participants in the Plan may include the Company's officers, directors, other key employees and consultants who have responsibilities affecting our management, development or financial success.

Awards may be made under the Plan in the form of Plan options, shares of the Company's common stock subject to a vesting schedule based upon certain performance objectives ("Performance Shares") and shares subject to a vesting schedule based on the recipient's continued employment ("restricted shares"). Plan options may either be options qualifying as incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended or options that do not so qualify. Any incentive stock option granted under the Plan must provide for an exercise price of not less than 100% of the fair market value of the underlying shares on the date of such grant, but the exercise price of any incentive option granted to an eligible employee owning more than 10% of our common stock must be at least 110% of such fair market value as determined on the date of the grant. Only persons who are officers or other key employees are eligible to receive incentive stock options and performance share grants. Any non-qualified stock option granted under the Plan must provide for an exercise price of not less than 50% of the fair market value of the underlying shares on the date of such grant.

As amended in April, 2007 and again in February, 2009, the Plan permits the grant of options and shares for up to 20,000,000 shares of the Company's common stock. The Plan terminates 10 years from the date of the Plan's adoption by the Company's stockholders.

The term of each Plan option and the manner in which it may be exercised is determined by the Board of Directors, provided that no Plan option may be exercisable more than three years after the date of its grant and, in the case of an incentive option granted to an eligible employee owning more than 10% of the Company's common stock, no more than five years after the date of the grant. The exercise price of the stock options may be paid in either cash, or delivery of unrestricted shares of common stock having a fair market value on the date of delivery equal to the exercise price, or surrender of shares of common stock subject to the stock option which has a fair market value equal to the total exercise price at the time of exercise, or a combination of the foregoing methods.

The fair value of stock options granted was estimated at the date of grant using the Black-Scholes options pricing model. The Company used the following assumptions for determining the fair value of options granted under the Black-Scholes option pricing model:

NOTE 10 - STOCK OPTION PLAN (continued)

The expected volatility was determined with reference to the historical volatility of the Company's stock. The Company uses historical data to estimate option exercise and employee termination within the valuation model. The expected term of options granted represents the period of time that options granted are expected to be outstanding. The risk-free interest rate for periods within the contractual life of the option is based on the U.S. Treasury rate in effect at the time of grant.

For the six months ended March 31, 2009 total stock-based compensation charged to operations for option-based arrangements amounted to \$352,025. At March 31, 2009, there was approximately \$816,908 of total unrecognized compensation expense related to non-vested option-based compensation arrangements under the Plan.

A summary of the status of the Company's outstanding stock options as of March 31, 2009 and changes during the period ending on that date is as follows:

NOTE 11 - SEGMENT REPORTING

SFAS No. 131, Disclosure about Segments of an Enterprise and Related Information, establishes standards for the reporting by business enterprises of information about operating segments, products and services, geographic areas, and major customers. The method for determining what information to report is based on the way that management organizes the operating segments with IceWEB for making operational decisions and assessments of financial performance.

IceWEB's chief operating decision-maker is considered to be the chief executive officer (CEO). The CEO reviews financial information presented on a consolidated basis for purposes of making operating decisions and assessing financial performance. The financial information reviewed by the CEO is identical to the information presented in the accompanying consolidated statements of operations. Therefore, IceWEB has determined that it operates in a single operating segment, specifically, the manufacture and sales of IT storage products. For the six months ended March 31, 2009 and 2008 all material assets and revenues of IceWEB were in the United States.

NOTE 12 - SUBSEQUENT EVENTS

For the period from April 1, 2009 through May 12, 2009, the Company issued 3,100,000 share of its common stock related to the exercise of 3,100,000 common stock options, for proceeds of \$158,000.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

The following analysis of our consolidated financial condition and results of operations for the three and six months ended March 31, 2009 and 2008 should be read in conjunction with the consolidated financial statements, including footnotes, appearing elsewhere in this quarterly report.

OVERVIEW

IceWEB, through our Inline Corporation subsidiary is a leading provider of high-performance storage products that simplify the way enterprises retain, access, manage and protect their data. Our products are designed specifically for mid-sized enterprises that have complex storage needs but cannot justify the high procurement and ongoing management costs of other storage area network, or SAN, alternatives. Our products are offered in an integrated, all-inclusive package that combines resilient disk storage with a comprehensive suite of intelligent storage management software.

In addition, we offer small and medium sized businesses (SMBs) hosted access to enterprise-class applications delivered via the Internet for a reasonable monthly fee. These rapidly growing SaaS offerings include such hosted applications as Microsoft Exchange Server, Sharepoint, BlackBerry Enterprise Server, Good Messaging Server, SPAM and Virus protection, and advanced Email Encryption services. Our current customer base consists of nearly 900 organizations worldwide in both the public and private sectors.

Our storage product architecture employs innovative, proprietary virtualization software that severs the traditional tie between stored data and disk drive hardware. This virtualization software masks the complexity of the underlying storage configuration and enables our storage arrays to cooperate with one another to automatically share resources and balance workloads. Our products are based on the iSCSI network protocol, which utilizes widely-deployed Internet Protocol, or IP, networks. As a result, our customers can cost-effectively install, expand and modify their data storage resources.

Beginning in 2001, we began a series of strategic acquisitions and divestitures which have resulted in our current business and operations and impacted our financial statements for fiscal 2008 and 2007, including:

in June 2001, we acquired the assets of Learning Stream, Inc., a provider of digital content streaming services, which coincided with the transition of our business model to a focus on e-learning. Learning Stream had developed custom streaming solutions which we believed were more efficient and effective than the solutions we had implemented at that time. We considered the software we acquired to be competitive because it helped remove the complexity and unnecessary cost from the implementation of the streaming technology,

in June 2003, we acquired all of the outstanding stock of Interlan Corporation, a provider of data communications and networking solutions for business, government, and education. Interlan provided technical services including presales design and consulting, installation, troubleshooting, and long term maintenance and support contracts,

in June 2003, we also acquired all of the outstanding stock of The Seven Corporation, a provider of network engineering services to commercial and government customers throughout the United States,

Edgar Filing: ICEWEB INC - Form 10-Q

in October 2003, we acquired the software ownership rights and customers of Iplicity, Inc. of Virginia. Iplicity had developed a complete content management software platform based on open source architecture to run in any operating environment. In this transaction we acquired software licenses, source code, potential patents and trademarks,

- 20 -

Edgar Filing: ICEWEB INC - Form 10-Q

in May 2004 we acquired substantially all of the assets of DevElements, Inc. of Virginia, a professional IT consultancy firm that designs, develops and implements web-based productivity solutions for its customers. In this transaction we acquired software licenses, source code, potential patents and trademarks, as well as some cash and tangible assets, and

in March 2006, the Company, through its wholly-owned subsidiary, IceWEB Online, Inc., completed the acquisition of substantially all of the assets and some liabilities of PatriotNet, Inc.

In August 2006, after multiple quarters of collapsing revenue and higher than anticipated losses in fiscal 2006, our Board of Directors and senior management implemented a strategy of re-focusing the Company on hosted software services and network security sales. The Company determined, through a detailed analysis of operations, that the PatriotNet and Integrated Power Solutions activities were not profitable or in line with the company's core focus and competencies. In addition, the Company believes we can focus our limited sales and marketing budgets on the remaining core business activities to achieve more success.

On November 15, 2006, the Company acquired the assets of True North Federal Solutions Group for \$350,000 of which \$250,000 was paid in cash and \$100,000 due upon future terms of the agreement. Under the terms of the agreement, IceWEB acquired the customer database, forecast, contract renewals, and GSA schedule of True North Federal. The revenue generated to IceWEB from this division since the acquisition, exceeded the revenue from the discontinued PatriotNet and IPS operations.

On December 1, 2006, we sold the assets of PatriotNet to Leros Technologies, a third party, for \$150,000 in cash and the assumption of \$60,000 in liabilities. On September 30, 2007 we recorded goodwill impairment of \$180,000 related to this transaction. The PatriotNet services constituted 9.5% of revenue in fiscal 2006.

On December 1, 2006, we sold 100% of the capital stock of our wholly-owned subsidiary, Integrated Power Solutions, Inc. to John Younts, a related party, for the assumption of approximately \$200,000 in liabilities. In fiscal 2006, revenues for Integrated Power Solutions accounted for approximately \$400,000 or 7% of our total IceWEB revenues.

On December 22, 2007, we acquired 100% of the outstanding stock of Inline Corporation for \$2,412,731 in cash, plus 503,356 shares of IceWEB common stock valued at \$276,846, the fair market value on the date of acquisition. The acquisition was accounted for using the purchase method of accounting. The results of operations are included in the financial statements from the date of acquisition. Inline is a leading provider of intelligent enterprise data storage solutions and services for the geospatial intelligence marketplace. Inline's proprietary products include reliable, high performance Storage Area Network Solutions, Network Attached Storage, and Direct Attached Storage and the rapidly expanding OEM Storage Centric Appliances. Today, Inline has developed its fifth generation of advanced data storage solutions, marketed under the brands *TruEnterprise* and *FileStorm*. All Inline systems function in a heterogeneous operating system environment, including Windows, UNIX and Linux. The purchase of Inline Corporation included the acquisition of assets of \$2,688,795, and liabilities of \$614,668.

On March 30, 2009, the Company completed the sale of IceWEB Virginia, Inc., a wholly owned subsidiary, to ABC Networks, Inc., (ABC) a privately held U.S. company. Pursuant to the terms of the transaction, ABC acquired 100% of the outstanding common stock of IceWEB, Virginia, Inc.

We generate revenues from the manufacture and sale of data storage appliances and servers, the sale of software services, application development, network integrated technology, and third party hardware sales. We believe that the key factors to our continued growth and profitability include the following:

Continued focus on the GIS market and expanding our channels of distribution with OEM partners

Continued investment in product development and research efforts

Raising approximately \$3 million of additional working capital to expand our marketing, research and development, and restructure our debt.

Hiring additional qualified, technical employees, and

Improving our internal financial reporting systems and processes.

CRITICAL ACCOUNTING POLICIES

The discussion and analysis of our financial condition and results of operations are based upon our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these consolidated financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On an on-going basis, we evaluate our estimates based on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

Edgar Filing: ICEWEB INC - Form 10-Q

A summary of significant accounting policies is included in Note 1 to the audited consolidated financial statements included for the year ended September 30, 2008 and notes thereto contained on Form 10-KSB of the Company as filed with the Securities and Exchange Commission. Management believes that the application of these policies on a consistent basis enables us to provide useful and reliable financial information about the company's operating results and financial condition.

- 22 -

Financial Reporting Release No. 60, which was released by the U.S. Securities and Exchange Commission, encourages all companies to include a discussion of critical accounting policies or methods used in the preparation of financial statements. Our consolidated financial statements include a summary of the significant accounting policies and methods used in the preparation of our consolidated financial statements. Management believes the following critical accounting policies affect the significant judgments and estimates used in the preparation of the financial statements.

Use of Estimates - Management's Discussion and Analysis or Plan of Operations is based upon our unaudited consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these consolidated financial statements requires management to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues, and expenses, and related disclosure of contingent assets and liabilities. On an ongoing basis, management evaluates these estimates, including those related to allowances for doubtful accounts receivable, the carrying value of property and equipment and long-lived assets, and the value of stock-option based compensation. Management bases these estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

Accounting for Stock Based Compensation - Effective October 1, 2005, we adopted Statement of Financial Accounting Standards No. 123 (revised 2004), *Share Based Payment* (SFAS No. 123R). SFAS No. 123R establishes the financial accounting and reporting standards for stock-based compensation plans. As required by SFAS No. 123R, we recognize the cost resulting from all stock-based payment transactions including shares issued under our stock option plans in the financial statements. The adoption of SFAS No. 123R will have a negative impact on our future results of operations.

Revenue Recognition - The Company follows the guidance of the Securities and Exchange Commission's Staff Accounting Bulletin 104 for revenue recognition. In general, the Company records revenue when persuasive evidence of an arrangement exists, services have been rendered or product delivery has occurred, the sales price to the customer is fixed or determinable, and collectability is reasonably assured. The following policies reflect specific criteria for the various revenues streams of the Company:

Revenues from sales of products are generally recognized when products are shipped unless the Company has obligations remaining under sales or licensing agreements, in which case revenue is either deferred until all obligations are satisfied or recognized ratably over the term of the contract.

Revenue from services is recorded as it is earned. Commissions earned on third party sales are recorded in the month in which contracts are awarded. Customers are generally billed every two weeks based on the units of production for the project. Each project has an estimated total which is based on the estimated units of production and agreed upon billing rates.

Amounts billed in advance of services being provided are recorded as deferred revenues and recognized in the consolidated statement of operations as services are provided.

THREE AND SIX MONTHS ENDED MARCH 31, 2009 COMPARED TO THE THREE AND SIX MONTHS ENDED MARCH 31, 2008

The following table provides an overview of certain key factors of our results of operations for the three and six months ended March 31, 2009 as compared to the three and six months ended March 31, 2008:

Six Month Period ended March 31, 2009**Revenues**

For the six months ended March 31, 2009, we reported revenues of \$3,110,290 as compared to revenues of \$8,114,863 for the six months ended March 31, 2008, a decrease of \$5,004,573 or approximately 62%. The decrease is primarily due to the Company's focus on our high margin data storage business unit and the related decrease in our third party product sales through IceWEB Solutions Group. Storage revenue accounted for approximately 43% of our revenue. Revenues from the Solutions Group business accounted for 52% of our revenue and our online services accounted for 5% of our revenue during the six months ended March 31, 2009.

Cost of Sales

Our cost of sales consists of products purchased for resale, and component parts for the manufacture of our storage products. For the six months ended March 31, 2009, cost of sales was \$2,074,066, or approximately 66.6% of revenues, compared to \$6,877,890, or approximately 84.8% of revenues, for the six months ended March 31, 2008. The decrease in costs of sales as a percentage of revenue and the corresponding increase in our gross profit margin for the six months ended March 31, 2009 as compared to the six months ended March 31, 2008 was the result of improved mix of higher margin storage products during the six months ended March 31, 2009 as a percentage of total revenue. We anticipate that our gross profit margins will continue to improve through the balance of fiscal 2009, as IceWEB storage product revenue will make up a larger percentage of total revenue, primarily through sales of Inline storage products.

Total Operating Expenses

Our total operating expenses decreased approximately 34% to \$2,061,402 for the six months ended March 31, 2009 as compared to \$3,145,074 for the six months ended March 31, 2008. These changes include:

Marketing and Selling. For the six months ended March 31, 2009, marketing and selling costs were \$30,514 as compared to \$88,720 for the six months ended March 31, 2008, a decrease of \$58,208 or approximately 66%. The decrease was due to a decrease in IceWEB Online web marketing, advertising and print advertising during the six months ended March 31, 2009.

Depreciation and amortization expense. For the six months ended March 31, 2009, depreciation and amortization expense amounted to \$347,045 as compared to \$152,364 for the six months ended March 31, 2008, an increase of \$194,681 or 128%. The increase in depreciation and amortization was primarily attributable to the amortization of leasehold improvements, manufacturing GSA schedule, and other fixed assets acquired as part of the acquisition of Inline Corporation in December, 2007.

General and administrative expense. For the six months ended March 31, 2009, general and administrative expenses were \$1,527,415 as compared to \$2,818,260 for the six months ended March 31, 2008, a decrease of \$1,300,146 or approximately 46%. For the six months ended March 31, 2009 and 2008 general and administrative expenses consisted of the following:

	Fiscal Q2 2009	Fiscal Q2 2008
Occupancy	8,068	154,505
Consulting	60,142	85,076
Employee compensation	1,292,667	1,958,510
Professional fees	14,194	54,568
Internet/Phone	39,507	54,372
Travel/Entertainment	13,915	74,347
Investor Relations	19,778	187,476
Insurance	20,889	28,930
Other	55,398	187,176
Leased Equipment	2,857	33,300
	1,527,415	2,818,260

For the six months ended March 31, 2009, Occupancy expense decreased to \$8,068 as compared to \$154,505. Occupancy expense is lower due to the Company's relocation to its manufacturing facility in Dulles, Virginia.

For the six months ended March 31, 2009, Consulting expense decreased to \$60,142 as compared to \$85,076. Consulting expense decreased as a result of general cost-cutting measures put in place by the Company.

For the six months ended March 31, 2009, salaries and related expenses decreased to \$1,292,667 as compared to \$1,958,510. Employee compensation is lower due to lower headcount and the resulting lower salaries paid, offset by higher expense related to the amortization of deferred compensation related to employee stock options of \$289,691.

For the six months ended March 31, 2009, Professional fees expense decreased to \$14,194 as compared to \$54,568. Professional fees expense decreased as a result of general cost-cutting measures put in place by the Company.

For the six months ended March 31, 2009, travel and entertainment expense decreased to \$13,915 as compared to \$74,347. Travel and entertainment expense decreased as a result of limited travel by sales and marketing and general cost-cutting measures put in place by the Company.

For the six months ended March 31, 2009 Other expense amounted to \$55,398 as compared to \$187,176 for the six months ended March 31, 2008, a decrease of 131,778. The decrease was due to a one-time charge for credit card fees of \$20,817 and \$23,375 of miscellaneous tax and auto expense related to the acquisition of Inline in the six months ended March 31, 2008. In addition, web development expense was lower in the six months ended March 31, 2009 versus the year-ago period by \$27,880.

For the six months ended March 31, 2009 Investor relations expense decreased to \$19,778 as compared to \$187,176 for the six months ended March 31, 2008. The decrease is due to a decreased number of road shows and a general decrease in investor relations activity.

We anticipate that general and administrative expenses will continue to remain flat during the balance of fiscal 2009, with the exception of share-based payments that the Company may incur from time to time.

LOSS FROM OPERATIONS

We reported a loss from operations of \$1,025,178 for the six months ended March 31, 2009 as compared to a loss from operations of \$1,908,101 for the six months ended March 31, 2008, an improvement of \$882,923 or approximately 46%.

OTHER INCOME (EXPENSES)

Gain from sale of subsidiary. The gain on sale of subsidiary of \$3,452,236 resulted from the sale of IceWEB Virginia, Inc. in March, 2009.

Interest Income. Interest income for the six months ended March 31, 2009 amounted to \$1,142 and represented interest earned on interest bearing cash accounts. This compares to \$2,584 in interest income in the comparable period in fiscal 2008.

Interest Expense. For the six months ended March 31, 2009, interest expense amounted to 365,294 as compared to \$285,007 for the six months ended March 31, 2008, an increase of \$80,287 or 28%. The increase in interest expense is primarily attributable to the increase in borrowings and certain interest bearing liabilities related to the acquisition of Inline Corporation. Also, during the six months ended March 31, 2009, we amortized deferred financing costs of \$40,233, as compared to \$0 during the six months ended March 31, 2008.

NET INCOME/ LOSS

Our net income was \$2,062,907 for the six months ended March 31, 2009 compared to a net loss of \$2,190,524 for the six months ended March 31, 2008.

Three Month Period ended March 31, 2009

Revenues

For the three months ended March 31, 2009, we reported revenues of \$1,369,702 as compared to revenues of \$3,902,131 for the three months ended March 31, 2008, a decrease of \$2,532,429 or approximately 65%. The decrease is primarily due to the Company's focus on our high margin data storage business unit and the related decrease in our third party product sales through IceWEB Solutions Group. For the three months ended March 31, 2008, storage revenue accounted for approximately 66% of our revenue. Revenues from the Solutions Group business accounted for 28% of our revenue and our online services accounted for 6% of our revenue during the three months ended March 31, 2009.

Cost of Sales

Our cost of sales consists of products purchased for resale, and component parts for the manufacture of our storage products. For the three months ended March 31, 2009, cost of sales was \$806,391, or approximately 59% of revenues, compared to \$3,264,075, or approximately 83.6% of revenues, for the three months ended March 31, 2008. The decrease in costs of sales as a percentage of revenue and the corresponding increase in our gross profit margin for the three months ended March 31, 2009 as compared to the three months ended March 31, 2008 was the result of improved mix of higher margin storage products during the three months ended March 31, 2009 as a percentage of total revenue.

Total Operating Expenses

Our total operating expenses decreased approximately 45% to \$1,125,187 for the three months ended March 31, 2009 as compared to \$2,032,889 for the three months ended March 31, 2008. These changes include:

Marketing and Selling. For the three months ended March 31, 2009, marketing and selling costs were \$19,268 as compared to \$59,314 for the three months ended March 31, 2008, a decrease of \$40,046 or approximately 68%. The decrease was due to a decrease in IceWEB Online

Other	26,819	81,106
Leased Equipment	1,391	16,650
	858,256	1,811,313

For the three months ended March 31, 2009, Occupancy expense decreased to \$2,297 as compared to \$102,474.

Occupancy expense is lower due to the Company's consolidation of locations and relocation to its manufacturing facility in Dulles, Virginia.

For the three months ended March 31, 2009, Consulting expense decreased to \$41,659 as compared to \$46,571.

Consulting expense decreased as a result of general cost-cutting measures put in place by the Company.

For the three months ended March 31, 2009, salaries and related expenses decreased to \$736,242 as compared to \$1,302,913. Employee compensation is lower due to lower headcount and the resulting lower salaries paid, offset by higher expense related to the amortization of deferred compensation related to employee stock options of \$134,471.

For the three months ended March 31, 2009, Professional fees expense decreased to \$2,747 as compared to \$30,072.

Professional fees expense decreased as a result of general cost-cutting measures put in place by the Company.

For the three months ended March 31, 2009, travel and entertainment expense decreased to \$8,844 as compared to \$43,577. Travel and entertainment expense decreased as a result of limited travel by sales and marketing and general cost-cutting measures put in place by the Company.

For the three months ended March 31, 2009 Other expense amounted to \$26,819 as compared to \$81,106 for the three months ended March 31, 2008, a decrease of \$54,287. The decrease was due to a general cost-cutting measures implemented by the Company and lower headcount-driven expenses such as supplies, and the non-recurring expenses related to absorbing the acquisition of Inline in the three months ended March 31, 2008. In addition, web development expense was lower in the three months ended March 31, 2009 versus the year-ago period by \$14,800.

For the three months ended March 31, 2009 Investor relations expense decreased to \$16,620 as compared to \$142,277 for the three months ended March 31, 2008. The decrease is due to a decreased number of road shows and a general decrease in investor relations activity.

Net cash used in operating activities was \$788,470 for the six months ended March 31, 2009 as compared to net cash used in operating activities of \$633,426 for the six months ended March 31, 2008, an increase of \$155,046. For the six months ended March 31, 2009, we had net income of \$2,062,907 and non-cash items such as depreciation and amortization expense of \$347,045, share-based compensation expense of \$631,379, amortization of deferred finance costs of \$34,920, offset by the gain on sale of our IceWEB Virginia subsidiary in the amount of \$3,452,235, and decreases from changes in assets and liabilities of \$420,800. During the six months ended March 31, 2009 we experienced a decrease in accounts receivable of \$2,253,828, which was offset by a decrease in accounts payable during the period of \$6,518,451. For the six months ended March 31, 2008, we used cash to fund our net loss of \$2,190,524 offset by non-cash items such as depreciation expense of \$149,328, share-based compensation expense of \$727,925, and offset by changes in assets and liabilities of \$572,782. Also during the six months ended March 31, 2008 we experienced increases in collections of accounts receivable of \$2,591,828, which was offset by a decrease in accounts payable during the period of \$1,199,694.

Net cash used in investing activities for the six months ended March 31, 2009 was \$15,118 as compared to net cash used in investing activities of \$1,347,009 for the six months ended March 31, 2008. During the six months ended March 31, 2009, we used cash of \$15,118 for property and equipment purchases. During the six months ended March 31, 2008, we used net cash of \$1,311,318 as partial consideration in our acquisition of Inline. Additionally, we used cash of \$35,691 for property and equipment purchases.

Net cash provided by financing activities for the six months ended March 31, 2009 was \$807,166 as compared to net cash provided of \$1,011,364 for the six months ended March 31, 2008. For the six months ended March 31, 2009, net cash provided by financing activities related to proceeds received from notes payable of \$6,175,684 which were advances under our factoring line with Sand Hill Finance LLC, and proceeds from the exercise of common stock options of \$163,800, offset by repayments on notes payable of \$5,684,478 which were to pay down the balance on the Sand Hill Finance LLC factoring line, and repayments of equipment financing of \$45,114. For the six months ended March 31, 2008, net cash provided by financing activities related to proceeds received from notes payable of \$6,043,934 which were advances under our factoring line with Sand Hill Finance LLC, offset by repayments on notes payable of \$4,872,667 which were to pay down the balance on the Sand Hill Finance LLC factoring line, payments on related party advances of \$115,767 and repayments of equipment financing of \$44,136.

At March 31, 2009 we had a working capital deficit of \$1,792,838 and an accumulated deficit of \$18,069,050. The report from our independent registered public accounting firm on our audited financial statements for the fiscal year ended September 30, 2008 contained an explanatory paragraph regarding doubt as to our ability to continue as a going concern as a result of our net losses in operations. While our sales decreased significantly during the six months ended March 31, 2009, our gross profit margin was approximately 33.3% and our sales were not sufficient to pay our operating expenses. We reported net income of \$2,062,907 for the six months ended March 31, 2009. There are no assurances that we will report income from operations in any future periods.

Historically, our revenues have not been sufficient to fund our operations and we have relied on capital provided through the sale of equity securities, and various financing arrangements and loans from related parties. At March 31, 2009 we had cash on hand of \$8,358. In fiscal 2006, we entered into a receivable factoring agreement with Sand Hill Finance, LLC under which we can sell certain accounts receivable to the lender on a full recourse basis at 80% of the face amount of the receivable up to an aggregate of \$3.0 million. At March 31, 2009 we owed Sand Hill Finance, LLC \$1,530,947 under this accounts receivable line.

We do not have any commitments for capital expenditures. In connection with our annual report for our fiscal year ending September 30, 2009 our management will be required to provide an assessment of the effectiveness of our internal control over financial reporting, including a statement as to whether or not internal control over financial reporting is effective. In order to comply with this requirement we will need to engage a consulting firm to undertake an analysis of our internal controls. We have yet to engage such a consulting firm and are unable at this time to predict the costs associated with our compliance with Section 404 of Sarbanes-Oxley Act of 2002. We do not presently have any external sources of working capital other than what may be available under the factoring agreement with Sand Hill Finance and loans from related parties. Our working capital needs in future periods are dependent primarily on the rate at which we can increase our revenues while controlling our expenses and decreasing the use of cash to fund operations. Additional capital may be needed to fund acquisitions of additional companies or assets, although we are not a party to any pending agreements at this time and, accordingly, cannot estimate the amount of capital which may be necessary, if any, for acquisitions.

As long as our cash flow from operations remains insufficient to completely fund operations, we will continue depleting our financial resources and seeking additional capital through equity and/or debt financing. In March 2005 we sold shares of our Series A Convertible Preferred Stock and in December 2005 we sold shares of our Series B Convertible Preferred Stock to the same purchaser. The designations of these shares included a restriction that so long as the shares are outstanding, we cannot sell or issue any common stock, rights to subscribe for shares of common stock or securities which are convertible or exercisable into shares of common stock at an effective purchase price of less than the then conversion value which is presently \$0.60 per share for the Series A Convertible Preferred Stock and \$0.2727 for the Series B Convertible Preferred Stock. Under the terms of the Series B Convertible Preferred Stock transaction, we also agreed not to issue any convertible debt or preferred stock. Finally, under the terms of the financing agreement with Sand Hill Finance, LLC we agreed not to incur any additional indebtedness other than trade credit in the ordinary course of business. These covenants may limit our ability to raise capital in future periods.

There can be no assurance that acceptable financing can be obtained on suitable terms, if at all. Our ability to continue our existing operations and to continue growth strategy could suffer if we are unable to raise the additional funds on acceptable terms which will have the effect of adversely affecting our ongoing operations and limiting our ability to increase our revenues and maintain profitable operations in the future. If we are unable to secure the necessary additional working capital as needed, we may be forced to curtail some or all of our operations.
