NOTE 1 BASIS OF PRESENTATION AND ORGANIZATION

These interim financial statements as of and for the nine months ended March 31, 2012 reflect all adjustments which, in the opinion of management, are necessary to fairly state the Company's financial position and the results of its operations for the periods presented in accordance with the accounting principles generally accepted in the United States of America. All adjustments are of a normal recurring nature.

These interim financial statements should be read in conjunction with the Company's financial statements and notes thereto included in the Company's fiscal year end June 30, 2010 report. The Company assumes that the users of the interim financial information herein have read, or have access to, the audited financial statements for the preceding period, and that the adequacy of additional disclosure needed for a fair presentation may be determined in that context. The results of operations for the nine month period ended March 31, 2012 are not necessarily indicative of results for the entire year ending June 30, 2012.

Berry Only Inc. ("the Company") was incorporated in the State of Nevada on June 24, 2009. The Company was incorporated for the purpose of marketing and distributing a sanitizing product for mobile phones and other mobile devices. The Company was first capitalized in August, 2009.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

CASH AND CASH EQUIVALENTS

The Company considers all liquid investments with a maturity of three months or less from the date of purchase that are readily convertible into cash to be cash equivalents.

PROPERTY & EQUIPMENT

Capital assets are stated at cost. Depreciation of equipment is provided using the straight-line method over the estimated useful lives of the assets. Expenditures for maintenance and repairs are charged to expense as incurred. The Company did not have any property & equipment at March 31, 2012.

LONG-LIVED ASSETS

The Company accounts for long-lived assets under the FASB (Financial Accounting Standards Board) ASC (Accounting Standard Codification) 340-10 OTHER ASSETS AND DEFERRED COSTS, (SFAS 142 and 144: "ACCOUNTING FOR GOODWILL AND OTHER INTANGIBLE ASSETS" and "ACCOUNTING FOR IMPAIRMENT OR DISPOSAL OF LONG-LIVED ASSETS") . In accordance with ASC 340-10, long-lived assets, goodwill and certain identifiable intangible assets held and used by the Company are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset will not be recoverable. For purposes of evaluating the recoverability of long-lived assets, goodwill and intangible assets, the recoverability test is

6

performed using undiscounted net cash flows related to the long-lived assets. Impairment of experimental water clarification equipment is calculated based on its estimated useful life.

USE OF ESTIMATES

Edgar Filing: Berry Only Inc. - Form 10-Q

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

INCOME TAXES

The Company utilizes FASB ACS 740, "INCOME TAXES," which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred tax assets and liabilities are determined based on the difference between the tax basis of assets and liabilities and their financial reporting amounts based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment. The Company generated a deferred tax credit through net operating loss carry-forward. However, a valuation allowance of 100% has been established.

FOREIGN CURRENCY TRANSLATION

In accordance with FASB ASC 830-20 FOREIGN CURRENCY TRANSACTIONS, (SFAS No. 52 "FOREIGN CURRENCY TRANSLATION"), the Company has determined that its functional currency is the United States Dollar. Exchange differences since inception are accumulated as a component of accumulated other comprehensive gain (loss).

COMPREHENSIVE INCOME (LOSS)

Comprehensive income or loss encompasses net income or loss and "other comprehensive income or loss", which includes all other non-owner transactions and events that change shareholders' equity/deficiency. The Company's other comprehensive gain reflects the effect of foreign currency translation adjustments on the translation of the financial statements from the functional currency of Canadian dollars into the reporting currency of U.S. dollars.

FAIR VALUE OF FINANCIAL INSTRUMENTS

The Financial Accounting Standards Board issued ASC (Accounting Standards Codification) 820-10 (SFAS No. 157), "FAIR VALUE MEASUREMENTS AND DISCLOSURES" for financial assets and liabilities. ASC 820-10 provides a framework for measuring fair value and requires expanded disclosures regarding fair value measurements. FASB ASC 820-10 defines fair value as the price that would be received for an asset or the exit price that would be paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants on the measurement date. FASB ASC 820-10 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs, where available. The following summarizes the three levels of inputs required by the standard that the Company uses to measure fair value:

7

- * Level 1: Quoted prices in active markets for identical assets or liabilities
- * Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active, or other inputs that are observable or can be

Edgar Filing: Berry Only Inc. - Form 10-Q

corroborated by observable market data for substantially the full term of the related assets or liabilities.

- * Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The carrying amounts of the Company's financial instruments as of March 31, 2012 were valued according to the following inputs:

| | Observable Inputs | Observable Inputs Other Than Level 1 Prices | Unobservable Inputs, significant | Total |
|---------------------------|----------------------|--|--|--------|
| | ----- Level 1 | ----- Level 2 | ----- Level 3 | ----- |
| Cash and Cash Equivalents | 2,776 | | | 2,776 |
| Shareholders' Loan | | 7,484 | | 7,484 |
| | ----- | ----- | | ----- |
| | 2,776 | 7,484 | | 10,260 |
| | ===== | ===== | | ===== |

BASIC AND DILUTED EARNINGS PER SHARE

Net loss per share is calculated in accordance with FASB ASC 260, EARNINGS PER SHARE, for the period presented. ASC 260 requires presentation of basic earnings per share and diluted earnings per share. Basic income (loss) per share ("Basic EPS") is computed by dividing net loss available to common stockholders by the weighted average number of common shares outstanding during the period. Diluted earnings per share ("Diluted EPS") is similarly calculated. Dilution is computed by applying the treasury stock method. Under this method, options and warrants are assumed to be exercised at the beginning of the period (or at the time of issuance, if later), and as if funds obtained thereby were used to purchase common stock at the average market price during the period. As at March 31, 2012, there were no potentially dilutive securities. The following is a reconciliation of the numerators and denominators of the basic and diluted earnings per share computations for the nine months ended March 31, 2012 and 2011:

8

| | 2012 ----- | 2011 ----- |
|--|---------------|---------------|
| Basic and diluted net loss per share: | | |
| Numerator: | | |
| Comprehensive Loss | \$ (17,903) | \$ (26,383) |
| Denominator: | | |
| Basic and diluted weighted average number of shares outstanding | 5,950,000 | 5,950,000 |
| Basic and Diluted Net Loss Per Share: | \$ (0.00) | \$ (0.00) |

REVENUE RECOGNITION

The Company's revenue recognition policies are in compliance with ASC 605-13 (Staff accounting bulletin (SAB) 104). Sales revenue is recognized at the date of shipment to customers when a formal arrangement exists, the price is fixed or determinable, the delivery is completed, no other significant obligations of the Company exist and collectability is reasonably assured. There were no sales in the nine months ended March 31, 2012.

Edgar Filing: Berry Only Inc. - Form 10-Q

DEVELOPMENT-STAGE COMPANY

The Company is considered a development-stage company, with no operating revenues during the periods presented. Such companies report their operations, shareholders deficit and cash flows since inception through the date that revenues are generated from management's intended operations, among other things. Management has defined inception as June 24, 2009. Since inception, the Company has incurred an operating loss of \$56,708. The Company's working capital has been generated through the sales of common stock. Management has provided financial data since January June 24, 2009, "Inception" in the financial statements, as a means to provide readers of the Company's financial information to make informed investment decisions.

NOTE 3 DEALERSHIP CONTRACT

On July 8, 2010 the Company signed an exclusive dealership agreement with Wireless Wipes, a New York corporation that manufactures a sanitizing wipe used to clean cell phones and other mobile devices. The agreement grants the Company the exclusive right to purchase, inventory, promote and resell the product within Canada under certain minimum order rules.

9

NOTE 4 UNCERTAINTY OF ABILITY TO CONTINUE AS A GOING CONCERN

The Company's financial statements are prepared using the generally accepted accounting principles applicable to a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. However, the Company has not generated any revenue and has incurred a loss of \$56,708 since inception June 24, 2009.

Management has taken the following steps to revise its operating and financial requirements, which it believes are sufficient to provide the Company with the ability to continue as a going concern. The Company pursued funding through sale of stock. It has pursued a dealership agreement for its intended product, the marketing and sales of which is anticipated to be profitable. Management believes that the above actions will allow the Company to continue operations through the next fiscal year. However management cannot provide any assurances that the Company will be successful in its retail operation.

Recoverability of a major portion of the recorded asset amounts shown in the accompanying balance sheets is dependent upon continued operations of the Company, which in turn is dependent upon the Company's ability to raise additional capital, obtain financing and to succeed in its future operations. If the Company is unable to make it profitable, the Company could be forced to discontinue operations.

The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

NOTE 5 INCOME TAXES

No provision was made for federal income tax for the nine months ended March 31, 2010, since the Company had an operating loss.

Net operating loss carry forwards may be used to reduce taxable income through the year 2030. The availability of the Company's net operating loss carry forwards are subject to limitation if there is a 50% or more positive change in the ownership of the Company's stock.

Edgar Filing: Berry Only Inc. - Form 10-Q

The net operating loss carry forward for federal and state income tax purposes is approximately \$56,708 generating a Federal deferred tax credit of \$13,610 as of March 31, 2012. A 100% allowance of \$13,610 has been established.

NOTE 6 CAPITAL

There was no stock issued in the nine months ended March 31, 2012.

As of March 31, 2012 the Company had authorized 5,000,000 preferred shares of par value \$0.001, of which none was issued and outstanding.

As of March 31, 2012 the Company had authorized 75,000,000 shares of common stock of par value \$0.001, of which 5,950,000 shares were issued and outstanding.

NOTE 7 SUBSEQUENT EVENTS

Events subsequent to March 31, 2012 have been evaluated through May 17, 2012, the date these statements were available to be issued, to determine whether they should be disclosed. Management found no subsequent events to be disclosed.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

THE FOLLOWING DISCUSSION OF THE RESULTS OF OUR OPERATIONS AND FINANCIAL CONDITION SHOULD BE READ IN CONJUNCTION WITH OUR FINANCIAL STATEMENTS AND THE NOTES THERETO INCLUDED ELSEWHERE IN THIS REPORT.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This section of this report includes a number of forward-looking statements that reflect our current views with respect to future events and financial performance. Forward-looking statements are often identified by words like: believe, expect, estimate, anticipate, intend, project and similar expressions, or words which, by their nature, refer to future events. You should not place undue certainty on these forward-looking statements, which apply only as of the date of our report. These forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from historical results and predictions. We are a development stage company and have not yet generated or realized any revenues.

OVERVIEW

We were incorporated as Berry Only Inc. under the laws of Nevada on June 24, 2009. On July 8, 2010 the Company signed an exclusive dealership agreement with Wireless Wipes, a New York corporation that manufactures a sanitizing wipe used to clean cell phones and other mobile devices. The agreement granted the Company the exclusive right to purchase, inventory, promote and resell the product within Canada under certain minimum order rules. The agreement required an annual distribution of 10,000 pouches of product. The Company was unable to generate the required annual sales and the agreement lapsed. The Company is seeking new business opportunities.

On November 30, 2011, David Guest voluntarily tendered his resignation as President, Chief Executive Officer, Chief Financial Officer, Secretary and Director of the Company. By resolution of the Board of Directors, dated November 30, 2011, pursuant to the bylaws of the Company, Lisa Guise was appointed President, Chief Executive Officer, Chief Financial Officer, Secretary, and a Director of the Company, effective on November 30, 2011.

Edgar Filing: Berry Only Inc. - Form 10-Q

Ms. Guise graduated Syracuse University. Ms. Guise received her Bachelor's of science degree in speech communications in 1991. Over the past few years Ms. Guise has been an independent business consultant. Her experience includes working with management of privately-held companies to maximize productivity as well as general corporate matters. Ms. Guise has experience in various industries including fitness and transportation.

11

We are currently seeking business opportunities with established business entities for the merger of a target business with our company. In certain instances, a target business may wish to become a subsidiary of us or may wish to contribute assets to us rather than merge. We are currently in negotiations with several parties to enter into a business opportunity but we have not entered into any definitive agreements to date and there can be no assurance that we will be able to enter into any definitive agreements. We anticipate that any new acquisition or business opportunities by our company will require additional financing. There can be no assurance, however, that we will be able to acquire the financing necessary to enable us to pursue our plan of operation. If our company requires additional financing and we are unable to acquire such funds, our business may fail.

We have no revenues, have achieved losses since inception, have been issued a going concern opinion by our auditors and rely upon the sale of our securities to fund operations. Accordingly, we will be dependent on future additional financing in order to maintain our operations and continue seeking new business opportunities.

OUR CURRENT BUSINESS

We are currently seeking business opportunities with established business entities for the merger of a target business with our company. In certain instances, a target business may wish to become a subsidiary of us or may wish to contribute assets to us rather than merge. We are currently in negotiations with several parties to enter into a business opportunity but we have not entered into any definitive agreements to date and there can be no assurance that we will be able to enter into any definitive agreements. We anticipate that any new acquisition or business opportunities by our company will require additional financing. There can be no assurance, however, that we will be able to acquire the financing necessary to enable us to pursue our plan of operation. If our company requires additional financing and we are unable to acquire such funds, our business may fail.

Management of our company believes that there are perceived benefits to being a reporting company with a class of publicly-traded securities. These are commonly thought to include: (i) the ability to use registered securities to acquire assets or businesses; (ii) increased visibility in the financial community; (iii) the facilitation of borrowing from financial institutions; (iv) improved trading efficiency; (v) stockholder liquidity; (vi) greater ease in subsequently raising capital; (vii) compensation of key employees through stock options; (viii) enhanced corporate image; and (ix) a presence in the United States capital market.

We may seek a business opportunity with entities that have recently commenced operations, or entities who wish to utilize the public marketplace in order to raise additional capital in order to expand business development activities, to develop a new product or service, or for other corporate purposes. We may acquire assets and establish wholly-owned subsidiaries in various businesses or acquire existing businesses as subsidiaries.

12

Edgar Filing: Berry Only Inc. - Form 10-Q

In implementing a structure for a particular business acquisition or opportunity, we may become a party to a merger, consolidation, reorganization, joint venture, or licensing agreement with another corporation or entity. We may also acquire stock or assets of an existing business. Upon the consummation of a transaction, it is likely that our present management will no longer be in control of our company. In addition, it is likely that our officer and director will, as part of the terms of the acquisition transaction, resign and be replaced by one or more new officers and directors.

As of the date hereof, management has not entered into any formal written agreements for a business combination or opportunity. When any such agreement is reached, we intend to disclose such an agreement by filing a current report on Form 8-K with the Securities and Exchange Commission.

We anticipate that the selection of a business opportunity in which to participate will be complex and without certainty of success. Management believes that there are numerous firms in various industries seeking the perceived benefits of being a publicly registered corporation. Business opportunities may be available in many different industries and at various stages of development, all of which will make the task of comparative investigation and analysis of such business opportunities extremely difficult and complex. We can provide no assurance that we will be able to locate compatible business opportunities.

As a development stage company, we are not able to fund our cash requirements through our current operations. Historically, we have been able to raise a limited amount of capital through private placements of our equity stock, but we are uncertain about our continued ability to raise funds privately. Further, we believe that our company may have difficulties raising capital until we locate a prospective property through which we can pursue our plan of operation. If we are unable to secure adequate capital to continue our acquisition efforts, our shareholders may lose some or all of their investment and our business may fail.

RESULTS OF OPERATIONS

The following summary of our results of operations should be read in conjunction with our financial statements included herein. Our operating results for the three months ended March 31, 2012 and 2011 are summarized as follows:

| | Three Months Ended March 31, | |
|--------------------|---------------------------------|---------|
| | 2012 | 2011 |
| Revenue | \$ 0 | \$ 0 |
| Operating Expenses | 3,129 | 3,827 |
| Net Loss | \$3,129 | \$3,890 |

REVENUES

We have not earned any revenues to date. We are currently seeking business opportunities with established business entities for the merger of a target business with our company. We are presently in the development stage of our business and we can provide no assurance that we begin earning revenues.

EXPENSES

Edgar Filing: Berry Only Inc. - Form 10-Q

Our expenses for the three months ended March 31, 2012 and 2011 are outlined in the table below:

| | Three Months Ended March 31, | |
|--|---------------------------------|---------|
| | 2012 | 2011 |
| Professional Fees | \$ 905 | \$ 550 |
| Consulting | 785 | 0 |
| Other Selling General & Administrative | 1,439 | 3,277 |
| TOTAL EXPENSES | \$3,129 | \$3,827 |
| | ===== | ===== |

PROFESSIONAL FEES

Professional fees include our accounting and auditing expenses incurred in connection with the preparation of our financial statements and professional fees that we pay to our legal counsel. The decrease in our professional fees is associated with less business activity.

We incurred operating losses in the amount of \$56,708 from inception on June 24, 2009 through the period ended March 31, 2012. These operating expenses were composed of marketing expenses, professional fees, consulting, and other selling and general and administrative expenses.

GOING CONCERN

We have not attained profitable operations and are dependent upon obtaining financing to pursue any extensive development activities. For these reasons our auditors stated in their report on our audited financial statements that they have substantial doubt we will be able to continue as a going concern.

FINANCINGS AND SHARE ISSUANCE

Our operations to date have been funded by equity investment. All of our equity funding has come from a private placement of our securities

14

We closed an issue of 2,000,000 shares of common stock on August 26, 2009 to our sole officer and director, David Guest, at a price of \$0.005 per share. The total proceeds received from this offering were \$10,000. These shares were issued pursuant to Section 4(2) of the Securities Act of 1933 and are restricted shares as defined in the Securities Act. We did not engage in any general solicitation or advertising.

We closed an issue of 1,000,000 shares of common stock on April 29, 2010 to our sole officer and director, David Guest, at a price of \$0.01 per share. The total proceeds received from this offering were \$10,000. These shares were issued pursuant to Section 4(2) of the Securities Act of 1933 and are restricted shares as defined in the Securities Act. We did not engage in any general solicitation or advertising.

On December 16, 2011 David Guest entered into an Agreement for the Purchase of Common Stock with Lisa Guise, pursuant to which David Guest sold an aggregate of 3,000,000 shares of the Company's common stock to Lisa Guise. The purchase price was \$20,000. Lisa Guise acquired approximately 76% of the total outstanding number of shares of common stock of the Company and the 3,000,000 shares

ITEM 4. CONTROLS AND PROCEDURES.

As of the end of the period covered by this Report, the Company's President, and principal financial officer (the "Certifying Officer"), evaluated the effectiveness of the Company's "disclosure controls and procedures," as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934. Based on that evaluation, the officer concluded that, as of the date of the evaluation, the

15

Company's disclosure controls and procedures were effective to provide reasonable assurance that the information required to be disclosed in the Company's periodic filings under the Securities Exchange Act of 1934 is accumulated and communicated to management to allow timely decisions regarding required disclosure.

The Certifying Officer has also indicated that there were no changes in internal controls over financial reporting during the Company's last fiscal quarter, and no significant changes in our internal controls or other factors that could significantly affect such controls subsequent to the date of their evaluation and there were no corrective actions with regard to significant deficiencies and material weaknesses.

Our management, including the Certifying Officer, does not expect that our disclosure controls or our internal controls will prevent all errors and fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. In addition, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people or by management override of the control. The design of any systems of controls also is based in part upon certain assumptions about the likelihood of future events, and there

can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Because of these inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.
