RoboGroup Announces Net Profit and 26% Increase in Revenues in Third-Quarter 2005

ROSH HA AYIN, Israel, November 17, 2005 RoboGroup T.E.K. Ltd. (Nasdaq: ROBO) today reported financial results for the third-quarter and first nine months of 2005. Revenues for the third quarter increased by 26% to NIS 17.7 million (US\$3.8 million) from NIS 14 million (US\$3.1 million) for the comparable quarter in 2004. The NIS 3.7 million increase can be approximately attributed equally to both YET and the Company's Educational Division. Gross profit for the third quarter was NIS 7.7 million (US\$1.7 million) compared with NIS 6.6 million (US\$1.5 million) for the comparable period in 2004.

The company reported third-quarter neALIGN=RIGHT>10,745 10,757

***Directors' Report for
Nine-Month Period
Ended September 30,
2005***

We are pleased to present the Directors' Report on the financial condition of the Company for the nine month period ended September 30, 2005.

**1. Main data out of the
Company's business
description**

The Company engages, by itself and through its subsidiaries (the Company and its subsidiaries, hereinafter:

The Group), in two major fields of activity:

- 1.1 The first field of activity is the Company's traditional field of activity – the field of education, performed mainly abroad but also in Israel. The Company's activities in the field of education include research and development, operation, marketing and sales of the Company's products, and the sale and to a much smaller degree the marketing of third party products to the training and education markets in Israel. Overseas, this activity is performed mainly through the Company and its U.S. subsidiary, Intelitek Inc. In Israel, the activity is performed through the Company and its subsidiary, Robotec

				Adjustments on translation of financial statement of an autonomous consolidated company
Number of shares	Share capital	Premium on shares	Capital reserves	

Technologies Ltd.

1.2 The second field of activity is industrial motion control. The Group engages, through its subsidiary, Yaskawa Eshed Technology Ltd (**YET**), in the development, manufacturing and marketing of industrial motion controllers for motorized systems, marketed to the international and domestic industrial markets. The motion controllers are electronic systems with embedded software whose function is to supervise the process of regular, day to day operation of machines and motors of various kinds and sizes.

Data and developments that have occurred in the nine month period ended September 30, 2005

For the three months ended September 30, 2005 the Company recorded net profits of approximately NIS 1.4 million and positive cash flows from operating activities in the amount of approximately NIS 0.2 million, compared to net losses of approximately NIS 0.6 million and positive cash flows from operating activities of approximately NIS 0.4 million for the three months ended September 30, 2004.

The profit in the second and the third quarter of 2005, resulted from an increase in sales compared to the corresponding period of 2004

Number of shares	Share capital	Premium on shares	Capital reserves	Adjustments on translation of financial statement of an autonomous consolidated company
---------------------	------------------	----------------------	---------------------	--

and from a reduction in expenses compared to the corresponding period of 2004.

For the nine months ended September 30, 2005 the Company incurred net losses of approximately NIS 0.8 million and had positive cash flows from operating activities in the amount of approximately NIS 0.2 million compared to net losses of approximately NIS 6.4 million and negative cash flows from operating activities in the amount of approximately NIS 7.5 million for the nine months ended September 30, 2004.

**RoboGroup T.E.K.
Limited**

***Directors' Report for
Nine-Month Period
Ended September 30,
2005***

**Deregistration and delisting
from the NASDAQ
SmallCap Market**

On August 3, 2005, the Company's board of directors resolved to voluntarily deregister the Company's shares under the Securities Exchange Act of 1934 and to voluntarily delist from the NASDAQ Small Cap Market (currently known as the NASDAQ Capital Market).

The Company's plan to deregister and delist its ordinary shares was made after careful consideration by its board of directors, of the advantages and disadvantages of continuing its share registration in the United States and the rising costs and demands on management time arising in connection with SEC and NASDAQ compliance requirements. The Company's board determined that continuing the Company's listing on the NASDAQ SmallCap Market could not be justified, in light of the low trading volume of the Company's shares on the SmallCap Market and the high costs as a result of recent legislation in the United States.

The Company's board believes that the current burdens

Number of shares	Share capital	Premium on shares	Capital reserves	Adjustments on translation of financial statement of an autonomous consolidated company
		<p>associated with being a reporting company under the 1934 Act, including the recent obligations arising under the provisions of the Sarbanes-Oxley Act of 2002 outweighs the advantages of being traded both in the US and in Israel. The board estimates that the deregistration and delisting will achieve a substantial reduction in the Company's annual expenses associated with being a reporting company in the US. In the opinion of the Company's board, the delisting and deregistration will benefit the Company and all of its shareholders, including its US shareholders, who will be able to continue to trade the Company's shares on the Tel-Aviv Stock Exchange.</p> <p>On August 8, 2005 the Company filed a post-effective amendment to its Registration Statement on Form F-2, which was filed with the SEC late last year in connection with the Standby Equity Distribution Agreement between the Company and Cornell Capital Partners LP.</p> <p>On September 9, 2005 the Company filed a Form 15 with the SEC thereby suspending its formal obligations for filing annual and other reports with the SEC. The Company will maintain the listing of its shares on the NASDAQ Capital Market for the period of 90 days, or such shorter period until the deregistration of its shares becomes effective, and has undertaken to continue to file reports on a voluntary</p>		

Number of shares	Share capital	Premium on shares	Capital reserves	Adjustments on translation of financial statement of an autonomous consolidated company
---------------------	------------------	----------------------	---------------------	--

basis until the delisting of its shares. Following the effectiveness of the Form 15 (which the Company anticipates to occur within no more than 90-days from the filing of the Form 15), the Company will request the delisting of its shares from the NASDAQ Capital Market.

Following the deregistration and delisting, the Company's shares will continue to trade on the TASE and the Company will continue to issue periodic and other reports in accordance with the rules and regulations of the Israeli Securities Authority.

Events after balance sheet date:

***Execution of Contract to Provide e-learning Systems and Technology Labs**

In October 2005 the Company entered into a contract to provide e-learning systems and technology labs to a chain of training institutions, abroad. The value of the contract is approximately \$1.2 million. The products, which are part of the Company's offering to customers include: TrainNet, LearnMate, training content and technology labs. The Company expects to supply the products under the said contract in the course of 2005- 2006.

***CEO of the Company's
Subsidiary, Yaskawa Eshed
Technology Ltd (YET) To
Retire**

On December 2005 Mr. Biran, who has served as YET's CEO since its formation and for the past nine years, will be retiring. Mr. Dan who serves as YET's VP, Sales and Marketing will replace Mr. Biran.

The Company's Board of Directors wishes to express its appreciation and thank Mr. Biran for his contribution to YET during the last nine years, while serving as YET's CEO.

Backlog of Orders

The Company's backlog of orders as of September 30, 2005 was approximately NIS 11.9 million, compared to approximately NIS 12.8 million as of September 30, 2004.

As a result of the contract to provide e-learning systems and technology labs described above, NIS 5.6 million was added to the backlog of orders in October 2005.

**Previous Names of the
Company**

The Company's name at the

2. Financial Results

Sales

The Company's revenues for the third quarter of 2005 totaled approximately NIS 17.7 million, compared with NIS 14 million for the corresponding period of 2004.

The Company's revenues for the nine months ended September 30, 2005 amounted to approximately NIS 45.4 million, as compared to approximately NIS 41.6 million for the corresponding period of 2004.

The increase in revenues in the third quarter of 2005, stemmed from an increase in sales of the Company's products in the industrial motion control field, in the sum of approximately NIS 2 million and from an increase of approximately NIS 1.7 million in the Company's revenues in the education activity field.

Gross profit

The Company's gross profit for the third quarter of 2005 totaled approximately NIS 7.7 million (approximately 44% of sales), compared with approximately NIS 6.6 million (approximately 47% of sales) for the corresponding period of

Number of shares	Share capital	Premium on shares	Capital reserves	Adjustments on translation of financial statement of an autonomous consolidated company
		2004.		
		<p>The Company's gross profit for the nine months ended September 30, 2005 was approximately NIS 20 million (44% of the total revenues), compared to approximately NIS 18.6 million (44% of the total revenues) for the corresponding period of 2004.</p>		
		<p><u>Research and development expenses, net</u> Research and development expenses, net, for the third quarter of 2005 totaled approximately NIS 1 million, compared with approximately NIS 1.6 million for the corresponding period of 2004.</p>		
		<p>Research and development expenses, net, for the nine months ended September 30, 2005 were approximately NIS 4.3 million as compared to approximately NIS 6 million for the corresponding period of 2004.</p>		
		<p>The decrease in research and development expenses stemmed mainly from a reduction in the Company's development expenses in the education activity field.</p>		
		<p><u>Sales and marketing expenses</u> Sales and marketing expenses for the third quarter of 2005 totaled approximately NIS 2.9 million, compared with approximately NIS 3.1 million for the corresponding period of 2004.</p>		
		<p>Sales and marketing expenses for the nine months ended September 30, 2005 were approximately NIS 9.2 million</p>		

Number of shares	Share capital	Premium on shares	Capital reserves	Adjustments on translation of financial statement of an autonomous consolidated company
---------------------	------------------	----------------------	---------------------	--

as compared to approximately NIS 10.2 million for the corresponding period of 2004.

The decrease in sales and marketing expenses in the nine months ended September 30, 2005 is attributed mainly to the reduction in the Company's marketing expenses in the education activity field.

Number of shares	Share capital	Premium on shares	Capital reserves	Adjustments on translation of financial statement of an autonomous consolidated company
---------------------	------------------	----------------------	---------------------	--

**RoboGroup T.E.K.
Limited**

***Directors' Report for
Nine-Month Period
Ended September 30,
2005***

General and administrative
expenses

General and administrative expenses for the third quarter of 2005 totaled approximately NIS 2.2 million, compared with approximately NIS 2.3 million for the corresponding period of 2004.

General and administrative expenses for the nine months ended September 30, 2005 were approximately NIS 6.1 million as compared to approximately NIS 7.3 million for the corresponding period of 2004.

The reduction in administrative expenses stemmed mainly from a reduction in general and administrative expenses in the education activity field.

Operating income (loss)

The operating income for the third quarter of 2005 totaled approximately NIS 1.6 million, compared with an operating loss of approximately NIS 0.5 million for the corresponding period of 2004.

The Company's operating income for the nine months ended September 30, 2005 was approximately NIS 0.4 million as compared to operating loss of approximately NIS 4.8 million for the corresponding

Number of shares	Share capital	Premium on shares	Capital reserves	Adjustments on translation of financial statement of an autonomous consolidated company
period of 2004.				
<u>Financial income (expenses), net</u>				
Financial expenses, net, for the third quarter of 2005 totaled approximately NIS 0.3 million, representing no change from the corresponding period of 2004.				
The financial expenses, net, for the nine months ended September 30, 2005 were approximately NIS 0.7 million as compared to approximately NIS 1.3 million for the corresponding period of 2004.				
The decrease in financial expenses was mainly due to a reduction in exchange rate differences.				
<u>Other income (expenses), net</u>				
Other expenses, net, for the third quarter of 2005 totaled approximately NIS 0.2 million, compared with other income, net, of approximately NIS 0.7 million for the corresponding period of 2004.				
The decrease is attributed mainly to a write-off of prepaid issuance expenses of approximately NIS 0.6 million in the second quarter of 2005, and to a reduction in income net of expenses from renting space in the Company's building in Rosh Ha Ayin.				
<u>Income (loss) before tax</u>				
The income before tax for the third quarter of 2005 totaled approximately NIS 1.5 million, compared with a loss before tax of approximately NIS 0.6 million for the corresponding period of 2004.				

Number of shares	Share capital	Premium on shares	Capital reserves	Adjustments on translation of financial statement of an autonomous consolidated company
		<p>The loss before tax for the nine months ended September 30, 2005 was approximately NIS 0.5 million as compared to approximately NIS 5.5 million for the corresponding period of 2004.</p> <p><u>Taxes on income</u> The tax expenses for the third quarter of 2005 totaled approximately NIS 0.1 million. In the corresponding period of 2004 the company did not include tax expenses</p>

*NIS in Thousands***NOTE 1 GENERAL**

- (a) These financial statements have been prepared in a condensed format as of September 30, 2005, and for the nine and three months then ended (interim financial statements). The above mentioned financial statements have been prepared in conformity with chapter 4 of the Securities Regulations (Interim and Immediate Statements), 1970. These financial statements should be read in conjunction with the Company's audited annual financial statements and accompanying notes as of December 31, 2004 and for the year then ended.
- (b) These financial statements have been reviewed by the Company's certified public accountants. The review was conducted in accordance with the procedures established by the Institute of Certified Public Accountants in Israel regarding interim periods. The review was limited in scope and did not constitute an audit in accordance with generally accepted auditing standards and therefore no opinion was expressed by the Company's certified public accountants.
- (c) In management's opinion all necessary adjustments were made in order to present correctly these interim financial statements.
- (d) In the years ended December 31, 2004 and 2003, the Company incurred net losses of approximately NIS 8 million and NIS 18 million, respectively. In addition, the Company had negative cash flows from operating activities in the amount of approximately NIS 6 million and NIS 9 million, respectively.

The Company's management took steps to strengthen and improve the Company's financial state and its profitability. Those steps included consolidating activities, reducing manpower, reducing salary costs of senior executives and cutting general expenses. Those steps were implemented mainly during the year 2004.

For the three months ended September 30, 2005 the Company had net profit of approximately NIS 1.4 million and positive cash flows from operating activities in the amount of approximately NIS 0.2 million, compared to net losses of approximately NIS 0.6 million and positive cash flows from operating activities of approximately NIS 0.4 million for the three months ended September 30, 2004.

For the nine months ended September 30, 2005 the Company incurred net losses of approximately NIS 0.8 million and had positive cash flows from operating activities in the amount of approximately NIS 0.2 million compared to net losses of approximately NIS 6.4 million and negative cash flows from operating activities in the amount of approximately NIS 7.5 million for the nine months ended September 30, 2004.

In addition, a proportionally consolidated company distributed dividends as detailed in Note 3 (1).

*NIS in Thousands***NOTE 1 GENERAL (cont.)**(e) Deregistration and delisting from the NASDAQ SmallCap Market

On August 3, 2005, the Company's board of directors resolved to voluntarily deregister the Company's shares under the Securities Exchange Act of 1934 and to voluntarily delist from the NASDAQ Small Cap Market (currently known as the NASDAQ Capital Market).

The Company's plan to deregister and delist its ordinary shares was made after careful consideration by its board of directors, of the advantages and disadvantages of continuing its share registration in the United States and the rising costs and demands on management time arising in connection with SEC and NASDAQ compliance requirements. The Company's board determined that continuing the Company's listing on the NASDAQ SmallCap Market could not be justified, in light of the low trading volume of the Company's shares on the SmallCap Market and the high costs as a result of recent legislation in the United States.

The Company's board believes that the current burdens associated with being a reporting company under the 1934 Act, including the recent obligations arising under the provisions of the Sarbanes-Oxley Act of 2002 outweighs the advantages of being traded both in the US and in Israel. The board estimates that the deregistration and delisting will achieve a substantial reduction in the Company's annual expenses associated with being a reporting company in the US. In the opinion of the Company's board, the delisting and deregistration will benefit the Company and all of its shareholders, including its US shareholders, who will be able to continue to trade the Company's shares on the Tel-Aviv Stock Exchange.

On August 8, 2005 the Company filed a post-effective amendment to its Registration Statement on Form F-2, which was filed with the SEC late last year in connection with the Standby Equity Distribution Agreement between the Company and Cornell Capital Partners LP.

On September 9, 2005 the Company filed a Form 15 with the SEC thereby suspending its formal obligations for filing annual and other reports with the SEC. The Company will maintain the listing of its shares on the NASDAQ Capital Market for the period of 90 days, or such shorter period until the deregistration of its shares becomes effective, and has undertaken to continue to file reports on a voluntary basis until the delisting of its shares. Following the effectiveness of the Form 15 (which the Company anticipates to occur within no more than 90-days from the filing of the Form 15), the Company will request the delisting of its shares from the NASDAQ Capital Market.

Following the deregistration and delisting, the Company's shares will continue to trade on the TASE and the Company will continue to issue periodic and other reports in accordance with the rules and regulations of the Israeli Securities Authority.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES**A. General**

The interim financial statements have been prepared in accordance with generally accepted accounting principles for the preparation of financial statements for interim periods, as prescribed in Accounting Standard No. 14 of the Israel Accounting Standards Board.

B. Impact of applying Standard No. 19 regarding Taxes on Income for the first time

Starting on January 1st, 2005, the company applies Standard No. 19 of the Israeli Accounting Standard Board Taxes on Income (hereon the standard). The standard provides the rules for recording, measuring and presenting of taxes on income in the financial statements.

The major difference set by the standard from the practice used is recording differed taxes on temporary differences in relation with real estate.

Applying the new standard had no material effect on the company's financial statements.

C. Impact on recently issued Accounting Standards

1. On July 2005, the Israeli Accounting Standards Board published Standard No. 22 Financial Instruments: Disclosure and Presentation .

The standard provides rules for presenting financial instruments in the financial statements and specifies the proper disclosure required in respect thereto. The standard provides the method for classifying financial instrument or its components as financial liability, financial asset or capital instrument, for classifying the interest, dividends, losses and gains related to those instrum New Roman, Times, Serif" SIZE=2>

Other receivables and debit balances	40	-	-	-
--------------------------------------	----	---	---	---

The standard provides that it is to be adopted on a prospective basis. The comparative data presented in the financial statements for periods beginning on the date the standard comes into effect will not be restated.

Applying the new Standard should have no material effect on the company's financial statements.

transactions.

The standard provides requirements of recognition, measurement and disclosure of fair value of the merchandise and services provided in exchange for the equity instrument granted. In particular, requirements of measurement of transactions with employees and other similar service providers, transactions with non-employee parties and transactions measured by fair value of the equity instruments granted. Further more, requirements in case of changes in terms of equity instrument granting were set.

The instructions of the standard should be applied to each share-based payment transactions executed after March 15, 2005 that has not yet vested until the effective date of the standard. Changes in the terms of a share-based payment transaction being settled by means of equity instruments after March 15, 2005 are to be treated in accordance with the instructions of the new standard, even if the standard did not apply to the initial grants which terms were changed. Financial statements for the year 2005 are to be restated in the financial statements for the year 2006, in order to reflect the expenses credited relating to aforementioned granting.
