Item 2. Acquisition or Disposition of Assets.

On July 1, 2003, Kindred Healthcare, Inc. (the Company) announced that it had completed the divestiture of all of its Florida and Texas nursing center operations. In connection with these divestitures, the Company expects to record a second quarter pretax loss of approximately \$55 million to \$60 million.

In connection with the divestitures, the Company acquired 15 Florida nursing centers and one Texas nursing center from Ventas, Inc. (Ventas) for approximately \$60 million and a \$4 million lease termination fee, arrived at through negotiations with Ventas. In addition, the Company amended its master leases with Ventas to: (1) pay incremental rent in varying amounts generally over seven years, the net present value of which will approximate \$44 million using a discount rate of 11%, (2) provide that all annual escalators under the master leases will be paid in cash at all times, and (3) expand certain cooperation and information sharing provisions of the master leases. The current annual rent of approximately \$9 million on the acquired facilities terminated on the closing of the purchase transaction.

For accounting purposes, the \$44 million present value rent obligation to Ventas will be recorded by the Company as long-term debt. The Company financed its obligations at the closing of the purchase transaction through the use of existing cash.

The Company subsequently completed the divestiture of all of its Florida nursing center operations. The Company sold the real estate related to the 15 nursing centers it acquired from Ventas and the two nursing centers previously owned by the Company in Florida. The sale price for the real estate and related personal property associated with all of the Florida nursing center operations aggregated approximately \$64 million. The real property related to the 17 Florida facilities was sold to WKTM-Florida, LLC for approximately \$62 million, arrived at through negotiations with the purchaser. The personal property related to all of the Florida facilities was sold to 19 separate purchasing entities that will operate the facilities for an aggregate consideration paid to the Company of approximately \$2 million.

The Company also has subleased the remaining Florida nursing center operated by the Company. The rental payments under the sublease approximate the Company's annual rental obligations under the existing lease agreement. The sublease will expire upon the expiration of the primary lease, whereupon the Company's obligation with respect to the primary lease also will terminate.

The Company also sold its accounts receivable relating to the Florida nursing centers.

The Company also announced that it had completed the divestiture of its two Texas nursing center operations. The Company has terminated the lease with respect to one facility and has entered into a lease with a third party to transfer the operations of the other Texas facility acquired from Ventas. The Company has entered into a non-binding letter of intent to sell the remaining leased facility to the same third party.

The Company previously announced certain amendments to its revolving credit agreement and its senior secured notes agreement relating to its divestiture plans. These amendments provided for, among other provisions, a \$60 million repayment of the senior secured notes from the sale proceeds of the Florida and Texas divestitures. The Company completed the \$60 million repayment on July 1, 2003.

This Form 8-K includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements regarding the Company's expected future financial position, results of operations, cash flows, financing plans, business strategy, budgets, capital expenditures, competitive positions, growth opportunities, plans and

objectives of management and statements containing the words such as anticipate, approximate, believe, plan, estimate, expect, project, should, will, intend, may and other similar expressions, are forward-looking statements.

Such forward-looking statements are inherently uncertain, and stockholders and other potential investors must recognize that actual results may differ materially from the Company's expectations as a result of a variety of factors, including, without limitation, those discussed below. Such forward-looking statements are based on management's current expectations and include known and unknown risks, uncertainties and other factors, many of which the Company is unable to predict or control, that may cause the Company's actual results or performance to differ materially from any future results or performance expressed or implied by such forward-looking statements. These statements involve risks, uncertainties and other factors discussed below and detailed from time to time in the Company's filings with the Securities and Exchange Commission.

Factors that may affect the Company's plans or results include, without limitation, (a) the Company's ability to operate pursuant to the terms of its debt obligations and its master lease agreements with Ventas; (b) the Company's ability to meet its rental and debt service obligations; (c) adverse developments with respect to the Company's results of operations or liquidity; (d) the Company's ability to attract and retain key executives and other healthcare personnel; (e) increased operating costs due to shortages in qualified nurses and other healthcare personnel; (f) the effects of healthcare reform and government regulations, interpretation of regulations and changes in the nature and enforcement of regulations governing the healthcare industry; (g) changes in the reimbursement rates or methods of payment from third party payors, including the Medicare and Medicaid programs and the new prospective payment system for long-term acute care hospitals; (h) national and regional economic conditions, including their effect on the availability and cost of labor, materials and other services; (i) the Company's ability to control costs, particularly labor and employee benefit costs; (j) the Company's ability to comply with the terms of its Corporate Integrity Agreement; (k) the Company's ability to integrate operations of acquired facilities; (l) the increase in the costs of defending and insuring against professional liability claims and the Company's ability to predict the estimated costs related to such claims; and (m) the Company's ability to successfully reduce (by divestiture or otherwise) its exposure to professional liability claims. Many of these factors are beyond the Company's control. The Company cautions investors that any forward-looking statements made by the Company are not guarantees of future performance. The Company disclaims any obligation to update any such factors or to announce publicly the results of any revisions to any of the forward-looking statements to reflect future events or developments.

FINANCIAL STATEMENTS

The unaudited pro forma condensed consolidated statements of operations for the three months ended March 31, 2003 and 2002, the year ended December 31, 2002 and the nine months ended December 31, 2001 for the Reorganized Company (as defined) and the three months ended March 31, 2001 and the year ended December 31, 2000 for the Predecessor Company (as defined), give effect to the Company's purchase of 15 Florida nursing centers and one Texas nursing center that it leased from Ventas (the Facility Acquisitions), the divestiture of its Florida and Texas nursing center operations (the Florida and Texas Divestiture) and the repayment of \$60 million of the Company's senior secured notes from a portion of the net proceeds of the Florida and Texas Divestiture (the Senior Note Repayment), assuming these transactions occurred on January 1, 2000. The unaudited pro forma condensed consolidated balance sheet gives effect to these transactions assuming they occurred on March 31, 2003. The unaudited pro forma condensed consolidated financial statements should be read in conjunction with the Company's historical consolidated financial statements and accompanying notes. The unaudited pro forma condensed consolidated financial statements may not necessarily reflect the financial position or results of operations which would have been obtained if these transactions had been consummated on the dates indicated in the unaudited pro forma condensed consolidated financial statements. As more fully described in the Company's Annual Report on Form 10-K and Note 1 of the Notes to Unaudited Pro Forma Condensed Consolidated Financial Statements, the term Predecessor Company refers to the Company and its operations for periods prior to April 1, 2001, while the term Reorganized Company is used to describe the Company and its operations for periods thereafter. NOTES TO UNAUDITED PRO FORMA CONDENSED CONSOLIDATED

FINANCIAL STATEMENTS

NOTE 1 BASIS OF PRESENTATION

The accompanying unaudited pro forma condensed consolidated financial statements are based upon the Company's historical consolidated financial statements.

On April 20, 2001, the Company and its subsidiaries emerged from proceedings under Chapter 11 of Title 11 of the United States Code pursuant to the terms of the Company's Fourth Amended Joint Plan of Reorganization (the "Plan of Reorganization"), as modified at the confirmation hearing by the United States Bankruptcy Court for the District of Delaware. In connection with its emergence, the Company changed its name to Kindred Healthcare, Inc.

For accounting purposes, the Company reflected the terms of the Plan of Reorganization in its consolidated financial statements as of April 1, 2001. As used in these unaudited pro forma condensed consolidated financial statements, the term "Predecessor Company" refers to the Company and its operations for periods prior to April 1, 2001, while the term "Reorganized Company" is used to describe the Company and its operations for periods thereafter.

In May 2002, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 145 (SFAS 145), "Rescission of SFAS Nos. 4, 44, 64, Amendment of SFAS 13, and Technical Corrections as of April 2002." SFAS 145 rescinds SFAS No. 4, "Reporting Gains and Losses from Extinguishment of Debt." Under SFAS 145, gains or losses from extinguishment of debt should be classified as extraordinary items only if they meet the criteria in Accounting Principles Board Opinion No. 30 (APB 30), "Reporting Results of Operations—Reporting the Effects of Disposal of a Segment of a Business." Applying the criteria in APB 30 will distinguish transactions that are part of an entity's recurring operations from those that are unusual or infrequent or that meet the criteria for classification as an extraordinary item. SFAS 145 is applicable to the Company for all periods beginning after December 31, 2002. Any gains or losses on extinguishment of debt that were classified as extraordinary items in prior periods that did not meet the new criteria of APB 30 for classification as extraordinary items have been reclassified to income from operations in the accompanying historical results of operations.

NOTE 2 PRO FORMA ADJUSTMENTS

The following pro forma adjustments are reflected in the accompanying unaudited pro forma condensed consolidated financial statements:

- (a) To reflect interest expense on the \$44 million net present value rent obligation payable to Ventas resulting from the Facility Acquisitions. The additional rent is payable in varying amounts generally over seven years and discounted at a rate of 11%. For accounting purposes, the net present value rent obligation to Ventas is recorded as long-term debt. Amortization of the rent obligation was computed using the effective interest rate method.

Edgar Filing: KINDRED HEALTHCARE INC - Form 8-K

- (b) To eliminate investment income resulting from the use of \$64.3 million of the Company's cash to consummate the Facility Acquisitions based upon an assumed investment rate of 2%. See note k.
- (c) To record the pro forma provision for income taxes based upon pro forma pretax income (loss). Income taxes for each respective period were based upon a combined state and federal tax rate of 38.5%.
- (d) To eliminate the Florida and Texas nursing center operations from historical operating results. For the three months ended March 31, 2001, reorganization items resulting from the Plan of Reorganization that were specific to the Florida and Texas nursing centers also were eliminated.

NOTE 2 PRO FORMA ADJUSTMENTS (Continued)

- (e) To record sublease income related to one Florida nursing center that was subleased to a third party as part of the Florida and Texas Divestiture. The rental payments under the sublease approximate the Company's annual rental obligation under the existing lease agreement.
- (f) To record lease income related to one Texas nursing center that was leased to a third party as part of the Florida and Texas Divestiture.
- (g) To record the pro forma reduction in interest expense related to the Senior Note Repayment. The pro forma reduction in interest expense commenced on April 1, 2001 (calculated using the Company's floating rate of 5.64% at June 30, 2003) because the senior secured notes were issued in connection with the Plan of Reorganization. A variance of $\frac{1}{8}\%$ in market interest rates would change the annual income (loss) from operations by approximately \$80,000.
- (h) To record the pro forma amortization of deferred financing costs incurred in connection with the Senior Note Repayment over the loan period.
- (i) To adjust certain consolidated intercompany elimination entries resulting from the Florida and Texas Divestiture.
- (j) To record the pro forma deferred income tax valuation allowance adjustment based upon management's estimate of sufficient taxable income to realize the net deferred tax assets recorded during the year ended December 31, 2000 and the three months ended March 31, 2001.
- (k) To record the Facility Acquisitions, calculated as follows (in thousands):
