LEE ENTERPRISES, INCORPORATED

2005 ANNUAL MEETING OF STOCKHOLDERS

PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of the Company to be voted at the Annual Meeting of Stockholders to be held at the Radisson Quad City Plaza Hotel, 111 East 2nd Street, Davenport, Iowa on Wednesday, February 23, 2005, at 9:00 a.m., for the purposes set forth in the Notice of Annual Meeting of Stockholders.

The principal executive offices of the Company are located at 201 N. Harrison Street, Suite 600, Davenport, Iowa 52801-1924. This Proxy Statement and the enclosed form of proxy are being mailed to stockholders on or about January 17, 2005, together with a copy of the Company's Annual Report for the fiscal year ended September 30, 2004.

PROXIES

Your vote is very important. For this reason, the Board of Directors is requesting that you use the enclosed proxy card to vote your shares. If the accompanying proxy is executed, the shares represented by the proxy will be voted as specified below. You may also vote your shares by delivering your proxy by telephone or via the Internet.

If a broker, bank or other nominee holds your Common Stock, you will receive instructions from them that you must follow in order to have your shares voted. If you hold certificate(s) in your own name as a holder of record, you may vote your Common Stock or Class B Common Stock by signing, dating and mailing the proxy card in the postage paid envelope provided. Alternatively, you may vote your shares in person at the Annual Meeting.

You may revoke the proxy before the Annual Meeting, whether delivered by telephone, Internet or through the mail, by using the telephone voting procedures, the Internet voting procedures or by mailing a signed instrument revoking the proxy to: C. D. Waterman III, Corporate Secretary, Lee Enterprises, Incorporated, 201 N. Harrison Street, Suite 600, Davenport, IA 52801-1924. To be effective, a mailed revocation must be received by the Secretary on or before February 22, 2005. A stockholder may also attend the Annual Meeting in person, withdraw the proxy and vote in person.

VOTING PROCEDURES

Stockholders of record at the close of business on January 3, 2005 will be entitled to vote at the Annual Meeting or any adjournment thereof. As of November 30, 2004, there were 38,117,166 shares of Common Stock and 7,246,328 shares of Class B Common Stock outstanding. Each share of Common Stock is entitled to one vote at the Annual Meeting; each share of Class B Common Stock is entitled to ten votes at the meeting. The holders of Common Stock and Class B Common Stock will vote as a single class on all matters to be considered at the Annual

Meeting.

The presence, in person or by proxy, of a majority of the voting power of Common Stock and Class B Common Stock of the Company issued and outstanding and entitled to vote is necessary to constitute a quorum at the Annual Meeting. The affirmative vote of the holders of a plurality of the voting power of Common Stock and Class B Common Stock represented in person or by proxy at the Annual Meeting is required to elect directors, and the affirmative vote of the holders of a majority of the voting power of Common Stock and Class B Common Stock represented at the Annual Meeting is required to act on Proposal 2 and Proposal 3 as more fully set forth in this Proxy Statement and on any other matter properly brought before the meeting.

Abstentions from voting will be included for purposes of determining whether the requisite number of affirmative votes is received on any matters other than the election of directors submitted to the stockholders for vote and, accordingly, will have the same effect as a vote against such matters. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a

particular matter, those shares will be considered as present and entitled to vote, but will have no effect on the vote, with respect to that matter.

In voting by proxy with regard to the election of directors, stockholders may vote in favor of all nominees, withhold their votes as to all nominees, or withhold their votes as to specific nominees. Stockholders should specify their choices on the accompanying proxy card or by using the telephone or Internet voting procedures. All properly executed proxies delivered by stockholders to the Company and not revoked will be voted at the Annual Meeting in accordance with the directions given. If no specific instructions are given on a proxy card with regard to the matters to be voted upon, the shares represented by a signed proxy card will be voted **FOR** the election of all directors and the approval of Proposal 2 and Proposal 3 as more fully set forth in this Proxy Statement. If any other matters properly come before the Annual Meeting, the persons named as proxies will vote upon such matters according to their judgment.

PROPOSAL 1 - ELECTION OF DIRECTORS

Two directors are to be elected at the Annual Meeting to hold office for three-year terms expiring at the Annual Meeting of Stockholders in 2008.

Proxies will be voted for the election of the nominees unless the stockholder giving the proxy withholds such authority. DIRECTORS MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The Company's Board of Directors met four times in fiscal 2004.

The Company's Board of Directors has four committees. With the exception of the Executive Committee, each is composed of at least three independent directors and operates under a written charter, which are all available on the Company's website www.lee.net by clicking on Governance. The Board of Directors of the Company has examined the relationship between each director and the Company and has determined that Ms. Donovan and Messrs. Mayer, Newman, Prichett and Vittert do not have any direct or material indirect relationship with the Company, other than in their respective capacities as directors, which would compromise their ability to act as independent directors as contemplated under the Listing Standards of the New York Stock Exchange. Vertis, of which Mr. Moloney is Chief Operating Officer, North America, provides the Company, in the normal course of business, with an Internet subscription service that allows access to advertising prototypes. Fees paid by the Company to Vertis for its services totaled \$95,000 in fiscal 2004. In 2003, Vertis acquired The Newspaper Network, Inc. (TNN), which is in the business of placing advertising, including advertising in the Company's newspapers, for its clients. TNN customarily receives fees from its clients for such services but receives no compensation from the Company. The Board of Directors does not consider the relationship between the Company and Vertis to be material to either party, and also considers Mr. Moloney an independent director of the Company.

No incumbent director attended fewer than 75% of the aggregate of (1) the total number of meetings of the Board of Directors and (2) the total number of meetings held by all committees of the Board on which he or she served during fiscal 2004. All of the incumbent directors attended the Company's January 21, 2004 Annual Meeting of Stockholders. All directors are expected to attend each meeting of the Company's Board of Directors and the committees on which they serve and are also expected to attend the Company's annual meeting of stockholders.

Audit Committee

The Company's Audit Committee met seven times in fiscal 2004. The Audit Committee has the responsibilities set forth in its Charter with respect to the quality and integrity of the Company's financial statements; the Company's compliance with legal and regulatory requirements; the Company's overall risk management profile; the independent auditor's qualifications and independence; the performance of the Company's internal audit function and independent auditors; and preparation of the annual Audit Committee Report to be included in the Company's Proxy Statement.

Executive Compensation Committee

The Company's Executive Compensation Committee met five times in fiscal 2004. Its functions are to administer the Company's Retirement Account Plan, Supplementary Benefit Plan as Amended and Restated on April 26, 1990 and the 1990 Long-Term Incentive Plan as amended, restated and extended on January 26, 1999; to establish salary ranges and salaries, bonus formulae and bonuses, and participation in other benefit plans or programs for executive officers; to review employment terminations involving payment to any officer or other key executive in excess of \$200,000; to approve employment contracts for executives extending beyond one year; and to approve the position description, performance standards and key result areas for bonus criteria for the Chief Executive Officer of the Company and to measure her related performance. In addition, the Committee recommends to the Board of Directors significant employee benefit programs and bonus or other benefit plans affecting individuals on the executive payroll other than elected officers.

Nominating and Corporate Governance Committee

Edgar Filing: LEE ENTERPRISES INC - Form PRE 14A

The Nominating and Corporate Governance Committee (NCGC) met three times in fiscal 2004. Its functions are to consider and recommend to the Board all nominees for possible election and re-election to the Board of Directors, and to consider all matters relating to the size, composition and governance of the Board and the general subject matter, size and composition of Board committees.

The NCGC regularly reviews the composition of the Board of Directors, anticipated openings and whether the addition of directors with particular experiences, skills or characteristics would make the Board of

Directors more effective. The NCGC has not established any specific minimum criteria or qualifications that a nominee must possess. Rather, the NCGC seeks directors who possess integrity and other character traits, broad experience, expertise in their field, capacity to understand the Company's business, willingness to devote adequate time to duties of the Board of Directors and their ability to make independent judgments. The NCGC also considers if a potential nominee will otherwise qualify for membership on the Board of Directors and if the potential nominee will satisfy independence requirements of the New York Stock Exchange. In determining whether to recommend a director for re-election, the NCGC also considers the director's past attendance at meetings and participation in and contributions to the Board of Directors.

Consideration of a nominee for the Board of Directors typically involves a series of internal discussions, review of a nominee's background and experience and interviews of the nominee. In general, nominees are suggested by members of the Board of Directors or officers of the Company. The NCGC then meets to consider and approve the final nominees, and either makes its recommendation to the Board of Directors to fill a vacancy, add an additional member or recommends a slate of nominees to the Board of Directors for nomination or election to the Board of Directors. Director nominees recommended to the NCGC for election at an annual meeting of the stockholders are subject to approval by the full Board of Directors.

The NCGC will consider nominees recommended by the stockholders. The NCGC evaluates nominees proposed by stockholders using the same criteria as other nominees. A written nomination should be mailed or delivered to Mark Vittert, Chairman, NCGC, in care of the Company, at the address shown on the cover of this Proxy Statement. The nomination should include the stockholder's name, address and the class and number of shares of the Company's Common Stock owned. It should also include the name, age, business and residence address of the individual being nominated, the nominee's principal occupation or employment and the class and number of shares of the Company's Common Stock or Class B Common Stock, if any, owned by the nominee, together with a statement indicating the nominee's willingness to serve, if elected. To assist in the evaluation of nominees recommended by the stockholders, the NCGC may require the nominee to provide any additional information about the nominee as the NCGC may determine appropriate or desirable, including information required to be disclosed in the Company's proxy statement under Regulation 14A of the Securities Exchange Act of 1934. To be considered by the NCGC for the slate recommended in the proxy statement for the 2006 annual meeting, stockholders must submit the required information to Mr. Vittert by September 15, 2005.

CORPORATE GOVERNANCE

The Company maintains a corporate governance page on its website which includes key information about its corporate governance initiatives, including the Company's Corporate Governance Guidelines, Code of Business Conduct and Ethics, and charters for the committees of the Board of Directors. The corporate governance page can be found at www.lee.net by clicking on Governance. The documents noted above will also be provided without charge to any stockholder who requests them. Any changes to these documents, and any waivers granted by the Company with respect to its Code of Business Conduct and Ethics, will be posted on the Company's website.

The Company's policies and practices reflect corporate governance initiatives that are in compliance with the listing requirements of the New York Stock Exchange and the corporate governance requirements of the Sarbanes-Oxley Act of 2002, including:

The Board of Directors has adopted clear corporate governance policies;

A majority of the board members are independent of the Company and its management;

The independent directors meet regularly without the presence of management;

Edgar Filing: LEE ENTERPRISES INC - Form PRE 14A

All members of the Audit Committee, Executive Compensation Committee, and Nominating and Corporate Governance Committee are independent;

The independent directors have designated an independent lead director to chair their meetings and consult with the Company's Chief Executive Officer regarding matters considered by the independent directors;

The charters of the board committees clearly establish their respective roles and responsibilities;

The Company has a Code of Business Conduct and Ethics that is monitored by its Audit Committee and is annually affirmed by its directors and executive officers;

The Company's Code of Business Conduct and Ethics applies to its principal executive officer and all members of its finance staff, including the principal financial and accounting officer;

The Company has a hotline available to all employees, and the Company's Audit Committee has procedures in place for the anonymous submission of employee complaints on accounting, internal controls, or auditing matters; and

The Company's internal audit function maintains critical oversight over the key areas of its business and financial processes and controls, and reports directly to the Company's Audit Committee.

Stockholder communications to either the Board of Directors or the lead director should be sent to William E. Mayer, Lead Director, in care of the Company, at the address shown on the cover of this Proxy Statement.

COMPENSATION OF DIRECTORS

No Company employee receives any remuneration for acting as a director.

For fiscal 2004, in consideration of the increasing responsibilities being placed on directors by the New York Stock Exchange, the Securities and Exchange Commission and the Sarbanes-Oxley Act of 2002, the Company paid all non-employee directors a \$35,000 annual retainer. The Lead Director received an additional annual retainer of \$10,000. The Chairman of the Audit Committee received a \$10,000 annual retainer for acting as such and other committee chairmen received an annual retainer of \$5,000. Non-employee directors received \$1,000 for each Board or committee meeting attended and \$500 for each Board or committee telephonic meeting. Effective December 1, 2004, fees for telephonic meetings have been increased to \$1,000. Directors engaged to provide consultative services are normally compensated at the rate of \$1,500 per diem. No non-employee director provided such compensated consultative services in fiscal 2004.

Under the Amended and Restated 1996 Stock Plan for Non-Employee Directors, non-employee directors receive an annual grant of 1,500 shares of Common Stock, and may elect to receive all or 50% of the cash retainer and meeting fees described above in Common Stock of the Company.

The Board of Directors has authorized non-employee directors, prior to the beginning of any Company fiscal year, to elect to defer receipt of all or any part of the compensation a director might earn during such year. Amounts so deferred will be paid to the director upon his or her ceasing to be a director or upon attaining any specified age between 60 and 70, together with interest thereon at the average rate of interest earned by the Company on its invested funds during each year. Alternatively, directors may elect to have deferred compensation credited to a rabbi trust established by the Company with an independent trustee, which administers the investment of amounts so credited for the benefit and at the direction of the trust beneficiaries until their accounts are distributed under the deferred compensation plan.

PROPOSAL 2 - APPROVAL OF INCENTIVE COMPENSATION PROGRAM

Under section 162(m) of the Internal Revenue Code, in order for compensation in excess of \$1 million for any taxable year paid to a person named in the Summary Compensation Table and employed by the Company on the last day of the taxable year to be deductible by the Company, such compensation must qualify as performance-based. At the 2004 Annual Meeting, the stockholders of the Company approved the Annual Incentive Bonus Program, under which annual cash incentive compensation to be paid to executive officers subject to section 162(m) would be performance-based for purposes of exemption from the limitations of section 162(m). In November, 2004, the Executive Compensation Committee approved, subject to stockholder approval, the Company's Incentive Compensation Program (the Program), which

extends the authority of the Committee to pay annual bonus compensation and/or make incentive-based restricted stock awards that constitute performance-based compensation within the meaning of section 162(m). Such restricted stock awards may be granted to executives by the Committee, in its discretion, under the Company's 1990 Long-Term Incentive Plan based on terms and conditions, including performance-based goals, established by the Committee. See "Long-Term Incentive Compensation" below. Prior to the inception of the Program, restricted stock awards were not tax-deductible under section 162(m). A copy of the Program is included as Appendix A to this Proxy Statement. The principal terms of the Program adopted by the Committee are as follows:

The class of persons covered consists of those key executives of the Company who are from time to time designated by the Committee.

The performance criteria for the Program applicable to covered executives for performance years 2005 and thereafter will be limited to objective tests based on one or more of the following: net earnings, operating cash flow, customer satisfaction, revenue, financial growth, operating income, return and margin ratios, market performance, and total shareholder return, any of which may be measured either in absolute terms or as compared to another company or companies. Use of any other criterion will require ratification by stockholders if failure to obtain such approval would jeopardize the tax deductibility of future incentive payments.

In administering the Program and determining incentive awards, the Committee will not have the flexibility under the Program to pay a covered executive an incentive payment or grant a restricted stock award greater than the incentive award indicated by his or her attainment under the applicable standards. The Committee will have the flexibility, based on its business judgment, to reduce an award of cash or restricted stock. The Committee also has the flexibility to make other compensation payments outside the Program at its discretion.

There will be a maximum individual annual cash incentive amount limit equal to 200% of the annual base salary of any covered executive for any performance year. No participant may receive an annual cash incentive compensation award under the Program in excess of \$2 million.

The maximum incentive-based restricted stock award for any fiscal year of the Program shall not exceed 100,000 shares of Common Stock of the Company.

If the Program is approved by the stockholders, the Company's Board of Directors may from time to time amend, suspend or terminate the Program in whole or in part, except that stockholder approval shall be required for any amendment to the Program that would be required by section 162(m) or the related Internal Revenue Service regulations.

The Program is unchanged from provisions approved by stockholders January 21, 2004 with regard to payments of annual incentive bonuses.

It should be noted that it is the Committee's intent to prevent section 162(m) from limiting the deductibility of incentive compensation payments. However, because of possible unforeseen future events, it is impossible to be certain that all incentive compensation paid by the Company to named executive officers will be tax-deductible. The foregoing shall not preclude the Committee from making other compensation payments under different terms even if they do not qualify for tax deductibility under section 162(m).

Hypothetical Payments Based on 2004 Results

As discussed above, awards under the terms adopted by the Committee will be based upon performance goals established with respect to fiscal 2005 and future years. No incentive-based restricted stock awards under the Program have been earned by any covered executive, since the performance period has not concluded. Additionally, the amount of annual incentive compensation to be paid in the future to the Company's

Edgar Filing: LEE ENTERPRISES INC - Form PRE 14A

current or future executive officers subject to section 162(m) cannot be determined at this time, since actual amounts will depend on actual performance measured against the attainment of the Committee's pre-established performance goals and to the Committee's discretion to reduce such amounts.

The only participant under the Program in fiscal 2004 was Mary E. Junck, the Company's Chief Executive Officer. Based upon attainment of pre-established performance goals established by the Committee, Mary E. Junck's annual cash incentive compensation was \$1,080,000.

If the Program is not approved, in fiscal 2005 and thereafter, the Company will not be entitled to a deduction to the extent that the aggregate of salary, discretionary compensation payments, if any, and the value of restricted stock awards vesting in that year, exceeds \$1 million to a named executive officer.

The affirmative vote of a majority of the voting power of all Common Stock and Class B Common Stock present in person or by proxy, voting as a single class, a quorum being present, will be required for the approval of the foregoing proposal.

The Board of Directors recommends a vote FOR Proposal 2 to approve the Company's Incentive Compensation Program.

**PROPOSAL 3 - TO AMEND THE COMPANY'S
RESTATED CERTIFICATE OF INCORPORATION**

The following proposal will be presented for action at the Annual Meeting by direction of the Board of Directors:

RESOLVED, That the first paragraph of Article FOURTH of the Restated Certificate of Incorporation of Lee Enterprises, Incorporated is hereby amended to read as follows:

FOURTH: The total number of shares of all classes of stock which the Corporation shall have authority to issue is 150,500,000, consisting of 500,000 shares of Serial Convertible Preferred Stock, without par value, 120,000,000 shares of Common Stock, par value \$2.00 per share (Common Stock), and 30,000,000 shares of Class B Common Stock, par value \$2.00 per share (Class B Common Stock).

FURTHER RESOLVED, that the Board of Directors and the appropriate officers of the Company are authorized and directed to take appropriate steps to make effective the foregoing amendment to the Restated Certificate of Incorporation of the Company including filing such amendment in the office of the Secretary of State of the State of Delaware.

The proposed amendment to Article FOURTH would change the number of authorized shares of Common Stock without par value from 60,000,000 shares to 120,000,000 shares. This change is recommended by the Board of Directors in order to increase authority for the issuance of Common Stock. There would be no change in the number of authorized shares of Serial Convertible Preferred Stock.

The aggregate number of issued and outstanding shares of Common Stock and Class B Common Stock at the close of business on November 30, 2004 were 38,117,166 and 7,246,328, respectively. Under Section (D)(1) of the Company's Restated Certificate of Incorporation, the holder of outstanding shares of Class B Common Stock has the right at any time, and from time to time, to convert those shares into an equivalent number of shares of Common Stock. In addition, the stockholders have previously authorized the Company to reserve for issuance (i) 1,400,000 shares

Edgar Filing: LEE ENTERPRISES INC - Form PRE 14A

of Common Stock under the 1977 Employee Stock Purchase Plan (of which 760,700 shares remain unissued), (ii) 3,875,700 shares of Common Stock under the Restated 1990 Long-Term Incentive Plan (of which 3,270,600 shares remain unissued), and (iii) 150,000 shares of Common Stock under the 1996 Non-Employee Director Stock Plan (of which 90,500 shares remain unissued). After determination of the shares of Common Stock which remain reserved for issuance upon conversion of Class B Common Stock or pursuant to the foregoing plans, the Company has an unused balance of 10,515,000 shares.

This amount of unused authority to issue Common Stock represents a significant limitation in authorized but unissued shares available for future corporate purposes. The Board of Directors believes it would be in the best interest of the Company and its stockholders to increase the amount of authorized but unissued shares of Common Stock available under the Restated Certificate of Incorporation as described above. The Company and the Board of Directors have no current plans to use the additional shares for any particular

purpose, but the Board of Directors believes it is desirable to have such shares available for possible use in future acquisitions or for a future split of the Company's Common Stock by means of a stock dividend, or for other purposes within the limitations of Delaware law. Issuance of newly authorized shares will be within the Board of Directors' discretion, unless other authority is required by applicable laws.

The affirmative vote of a majority of the voting power of all Common Stock and Class B Common Stock present in person or by proxy, voting as a single class, a quorum being present, will be required for the approval of the foregoing proposal.

The Board of Directors recommends a vote FOR Proposal 3 to amend the Company's Restated Certificate of Incorporation to increase the authorized shares of Common Stock.

⁽¹⁾ The Class B Common Stock is convertible on a share-for-share basis into Common Stock at the option of the stockholder. As a result, pursuant to Rule 13d-3(d)(1) of the Securities Exchange Act of 1934, a stockholder is deemed to have beneficial ownership of the shares of Common Stock which such stockholder may acquire upon conversion of the Class B Common Stock. In order to avoid overstatement, the amount of Common

Stock beneficially owned does not take into account such shares of Common Stock which may be acquired upon conversion (an amount which is equal to the number of shares of Class B Common Stock held by a stockholder). The percentage of outstanding Common Stock does not take into account shares of Common Stock which may be issued upon conversion of the Class B Common Stock.

- (6) The Executive Compensation Committee of the Company meets following the conclusion of the Company's fiscal year to determine, among other things, the annual bonus and long term compensation grants to be awarded, if any, for the fiscal year just concluded. The Summary Compensation Table includes the value of shares of restricted Common Stock and the number of stock options granted by the Executive Compensation Committee under the Company's 1990 Long-Term Incentive Plan for the corresponding fiscal year.
- (7) Omitted if amounts are less than the lesser of \$50,000 or 10% of compensation.

- (8) Represents shares of restricted Common Stock in the following amounts granted to the named executive officers for fiscal 2004, 2003, and 2002, respectively.

	2004	2003	2002
Mary E. Junck	48,500	40,000 ⁽⁹⁾	35,000 ⁽⁹⁾
Carl G. Schmidt	5,810	4,100	2,400
James W. Hopson	4,090	3,800	2,400
Greg R. Veon	4,720	3,800	2,400
Michael E. Phelps	2,200	2,800	1,600

As of September 30, 2004, the aggregate number of shares of restricted Common Stock held by each of the named executive officers, and the dollar value of such shares, were as follows; Ms. Junck, 95,000 shares (\$4,402,300); Mr. Schmidt, 8,900 shares (\$412,400); Mr. Hopson, 8,600 shares (\$398,500); Mr. Veon, 8,600 shares (\$398,500); and Mr. Phelps, 6,000 shares (\$278,000). The dollar values are based on the closing price of the Company's Common Stock of \$46.34 on September 30, 2004. Holders of shares of restricted Common Stock receive the same cash dividends as other holders of Common Stock.

- (9) On November 19, 2004, 40,000 shares of restricted Common Stock granted to Ms. Junck in November 2003 and 35,000 share of restricted Common Stock granted in November 2002 were cancelled and reissued. The reissued shares of restricted Common Stock are identical to the cancelled shares with respect to voting rights, dividends, and timing of vesting. The value per share to Ms. Junck upon vesting is unchanged. Vesting of the cancelled shares was not dependent upon future performance of the Company. The reissued shares vest only if specified performance criteria established by the Executive Compensation Committee are met. If the specified performance is exceeded, up to 15,000 additional shares of restricted Common Stock may be issued. The Company believes the reissued shares meet the criteria for performance-based compensation under Section 162(m) of the Internal Revenue Code. Due to increases in the price of the Company's Common Stock from the original grant dates to November 19, 2004, the reissued shares have a fair market value in excess of the cancelled shares in the amount of \$705,800. See Proposal 2.

- (11) Represents direct and matching contributions by the Company on behalf of the named individuals to the Company's Retirement Account Plan and Supplementary Benefit Plan.

Option Grants For Year Ended September 30, 2004

The following table summarizes option grants to named executive officers for fiscal 2004:

Mary E. Junck	(1) 50,000	24.2%	\$ 47.64	11/19/2014	(3) \$ 550,500

James W. Hopson	7,020	3.4	47.64	11/19/2014	77,300
Greg R. Veon	8,100	3.9	47.64	11/19/2014	89,200
	850 ⁽²⁾	0.4	47.42	10/28/2006	5,600
Michael E. Phelps	3,780	1.8	47.64	11/19/2014	41,600
	396 ⁽²⁾	0.2	42.88	3/7/2010	4,100
	1,512 ⁽²⁾	0.7	42.88	11/14/2010	15,700

- ⁽¹⁾ The options granted to the named individuals (other than replacement options) were determined by the Executive Compensation Committee following review of each individual's performance in fiscal year 2004, and become exercisable in installments of 30% of the original grant on each of the first and second anniversaries of

the grant date and 40% on the third anniversary. All options are for Common Stock and have an exercise price equal to the closing market price of the stock on the grant date. The lesser of 25% or the maximum number of shares permitted by law are designated as incentive stock options, and the balance are non-qualified options. All options were granted under the Company's 1990 Long-Term Incentive Plan, the provisions of which, among other things, allow an optionee exercising an option to satisfy the withholding tax obligations by electing to have the Company withhold shares of stock otherwise issuable under the option with a fair market value equal to such obligations. The Plan also permits an optionee exercising an option to satisfy the exercise price by delivering previously awarded restricted stock or previously owned Common Stock. The limitations accompanying any restricted stock delivered at the exercise of an option remain in effect and apply to the corresponding number of shares issued upon the stock option exercise until they lapse according to their original terms.

- (2) Replacement, or reload, options awarded at fair market value at date of exercise of non-qualified stock options. Such options have a term equal to the remaining term of the options exercised and are exercisable after one year.
- (3) The grant date present value is a hypothetical fair value (\$11.01 for November 19, 2004 grants) determined under the Black-Scholes Option Pricing Model using certain specified assumptions. The range of assumptions used in calculating the values is as follows:

Factor	Grant of November 19, 2004
Dividend yield	1.5%
Volatility	24.3%
Risk-free interest rate	3.6%
Expected life (years)	4.7

The Company's stock options are not transferable, are subject to a risk of forfeiture, and the actual value of the stock options that an executive officer may realize, if any, will depend on the excess of the market price on the date of exercise over the exercise price.

Under the Company's Retirement Account Plan and Supplementary Benefit Plan, the Company matches, upon eligibility, employee contributions up to 5.0% of employee compensation and, in addition, contributes 4.96% of a participant's total compensation plus an additional 4.56% of such compensation in excess of \$87,900. These retirement plans are defined contribution plans. Company and employee contributions are invested according to investments selected by the employee, and the total amount is paid following retirement. Company contributions vest after six years of service for the Company's Retirement Account Plan. Contributions to the Supplementary Benefit Plan are vested immediately. Amounts credited in fiscal 2004 under the Retirement Account Plan and Supplementary Benefit Plan to the accounts of named executive officers are listed in the Summary Compensation Table under the caption All Other Compensation.

Change-of-Control Employment Agreements

The Board of Directors has approved employment agreements between the Company and its executive officers, including each of the named executive officers, which become effective upon a change of control or in the event of a termination of employment in anticipation of a change of control. The agreements extend for three years, but renew annually for a new three-year period unless the Company gives prior notice of termination. The agreements provide that each such officer is to remain an employee for a three-year period following a change of control of the Company (the Employment Period). During the Employment Period, the officer is entitled to (i) an annual base salary, payable monthly in an amount at least equal to his or her highest monthly base salary during the year prior to the change of control, (ii) an annual bonus in an amount at least equal to his or her highest annual bonus in the three years prior to the change of control, and (iii) continued participation in the Company's incentive, savings, retirement and welfare benefit plans. The officer also is entitled to payment of expenses and fringe benefits to the extent paid or provided to (a) such officer prior to the change of control or (b) other peer executives of the Company.

If during the Employment Period, the officer's employment is terminated other than for Cause or disability or the officer terminates his or her employment for Good Reason, including a detrimental change in responsibilities or a reduction in salary or benefits, the officer will be entitled to the following benefits: (i) all accrued and unpaid compensation; (ii) a severance payment equal to three times the sum of such officer's (a) annual base salary, and (b) highest recent annual bonus; (iii) payment equal to the retirement contribution that the officer would have been eligible to receive from the Company under the terms of the Company's Retirement Account Plan and Supplementary Benefit Plan (or successor plan or program then in effect), determined as if the officer were fully vested thereunder and had continued (after the date of termination) to be employed for an additional three years at the officer's highest recent annual compensation for purposes of determining the basic contributions and supplemental contributions; (iv) the amount of any forfeited benefits under the Company's Savings Plan, as defined; and (v) any legal fees and expenses incurred by the officer in asserting legal rights in connection with the agreement. The officer shall also be entitled to continued welfare benefits for three years and outplacement services. Subject to certain limits on payments, the agreement also requires tax gross-up payments to the officer to mitigate any excise tax imposed on the officer under Sections 280G and 4999 of the Internal Revenue Code of 1986, as amended (the Code), and any penalties and interest in connection with a change of control. These payments would be in addition to awards of restricted stock, stock options and stock appreciation rights or amounts payable in lieu thereof under the Company's 1990 Long-Term Incentive Plan which, in the event of a change of control and subject to certain limitations contained in the agreements, provides for early exercise and vesting and issuance or payment of such awards. The officer is entitled to receive such amounts in a lump-sum payment within 30 days of termination.

A change of control includes certain mergers and acquisitions, liquidation or dissolution of the Company, changes in the membership of the Company's Board of Directors and acquisition of securities of the Company.

**REPORT OF THE EXECUTIVE COMPENSATION COMMITTEE
OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION**

The Committee

The Executive Compensation Committee of the Board of Directors (the Committee) is composed of four independent outside directors. No executive officer of the Company is a member of the board of directors of any company with which a member of the Committee is affiliated. The Board of Directors has delegated to the Committee the authority to review, consider and determine the compensation of the Company's executive officers and other key employees and, in accordance with Rule 16b-3 of the Exchange Act, make the final determination regarding awards of stock options, restricted stock, and other stock-based awards to such persons.

Compensation Policies

The Committee operates on the principle that the compensation of the Company's executive management, including its Chief Executive Officer and the other executive officers named in the Summary Compensation Table, should be competitive with compensation of executive management at comparable companies. The Committee also follows a policy of basing a significant portion of the cash compensation of senior executive officers on the operating performance of the Company, and of other members of the executive management team on the performance of the enterprises, units or functions over which they exercise significant management responsibility. The Committee's policies are designed to assist the Company in attracting and retaining qualified executive management by providing competitive levels of compensation that integrate the Company's annual and long-term performance goals, reward strong corporate performance, and recognize individual initiative and achievement. The Committee also believes that stock ownership by management and stock-based performance compensation arrangements are beneficial in the linking of management's and stockholders' interest in the enhancement of shareholder value.

The Company's executive compensation program is comprised of three elements: (1) base salary; (2) annual incentive bonus; and (3) long-term incentive compensation.

Base Salary

Salary levels for executive management are set so as to reflect the duties and level of responsibilities inherent in the position, and to reflect competitive conditions in the lines of business in which the Company is engaged in the geographic areas where services are being performed. Comparative salaries paid by other companies in the industries and locations where the Company does business are considered in establishing the salary for a given position. The Company participates in the Towers Perrin Media Industry Compensation Survey (the Towers Survey), which is widely used in its industry and gives relevant compensation information on executive positions. The Company strives to position fully competent and highly performing executives at the median level of compensation, as reported annually in the Towers Survey.

The Towers Survey provides annual compensation analyses for executives in the media industry based on revenue, industry segments including publishing, and market type and size. The statistical information, including revenue and compensation levels, provided by survey participants is utilized by the Towers Survey to develop statistical equations based on revenue, industry segments and markets. These equations, along with other data, are used by the Company to determine the median and other levels of compensation of the executive management of media companies with profiles comparable to that of the Company. Base salaries for executives named in the Summary Compensation Table are reviewed annually by the Committee taking into account the competitive level of pay as reflected in the Towers Survey. In setting base salaries,

Edgar Filing: LEE ENTERPRISES INC - Form PRE 14A

the Committee also considers a number of factors relating to the particular executive, including individual performance, level of experience, ability and knowledge of the job. These factors are considered subjectively in the aggregate and none of the factors is accorded a specific weight. The Committee believes the base salary levels are reasonable and necessary to retain these key employees.

Annual Incentive Bonus

The purpose of the annual incentive bonus program is to motivate and reward executive management so that they consistently achieve specific financial targets and are compensated for the accomplishment of certain non-financial objectives. These targets and objectives are reviewed and approved by the Committee annually in conjunction with its review of the Company's strategic and operating plans. A target bonus level, stated as a percent of annual base salary, is established for each member of the executive management team other than executive officers, by the executive officer exercising responsibility over an enterprise unit or function. For executive officers other than the Chief Executive Officer, the bonus level and achievement targets are determined by the Chief Executive Officer and approved by the Committee. Similarly, the Committee determines the annual bonus opportunity and performance objectives of the Chief Executive Officer. While the annual incentive bonus awards for executives other than the Chief Executive Officer are generally approved upon the recommendation of the Chief Executive Officer, the Committee retains the right to adjust the recommended bonus awards to reflect its evaluation of the executives and the Company's overall performance.

Long Term Incentive Compensation

Under the Company's 1990 Long-Term Incentive Plan, the Committee is authorized, in its discretion, to grant stock options and restricted stock awards in such proportions and upon such terms and conditions as the Committee may determine. The Committee meets following the end of each year to evaluate the performance of the Company for the preceding fiscal year and determine long-term incentive awards of executive management of the Company for the fiscal year just ended. Under the plan, grants to executives are based on criteria established by the Committee, including responsibility level, base salary, current market practice and the market price of the Company's Common Stock at the time of grant. The number of stock options and/or restricted shares then determined is reviewed by the Committee and may be increased or decreased to reflect the criteria noted above, the individual executive's role in accomplishment of the Company's operating objectives, and that individual's potential for long-term growth and contribution to the Company's strategic objectives. Grant guidelines for stock options and restricted stock are established for all participants (including the Chief Executive Officer) with the objective of providing a target total compensation opportunity, including base salary and the target annual incentive bonus, equal to the median of the peer group. Depending on stock price performance and Company performance, actual total compensation for any given year could be at, above, or below the median of the peer group.

A target level of stock option grants was established for each executive officer based on the scope of responsibilities and competitive practices in the newspaper industry. Actual grants were based on the performance of the executive officer. All stock options granted have an exercise price equal to the fair market value of the Common Stock at time of grant and are exercisable within a 10-year period. In order to assure the retention of high level executives and to tie the compensation of those executives to the creation of long term value for stockholders, the Committee has provided that stock options vest in specified portions over a three-year period.

The awards of restricted stock to executive officers and other key employees for fiscal 2004 represent shares of Common Stock which the recipient cannot sell or otherwise transfer until the applicable restriction period lapses. Vesting of certain of these awards is also dependent upon future performance of the Company. A target level of restricted stock was established for each executive officer based on the scope of responsibilities and competitive practices in the newspaper industry. Actual grants were based on the performance of the executive officer. Restricted stock awards are also intended to increase the ownership in the Company by its executives, through which the value of long-term stock ownership and growth can be enhanced.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code limits the deductibility of executive compensation paid by publicly held companies to certain of their executive officers to \$1,000,000 per year, but contains an exception for performance-based compensation. While the Committee's general

policy is to structure the Company's compensation programs to preserve the deductibility of most compensation paid to its executive

officers, the Committee periodically authorizes payments that may not be deductible if it believes they are in the best interests of both the Company and its stockholders. See Proposal 2.

Compensation of Chief Executive Officer

The Committee determined the 2004 base salary for the Company's Chief Executive Officer, Mary E. Junck, in a manner consistent with the base salary guidelines applied to executive officers of the Company as described above. The annual bonus paid to Ms. Junck for fiscal 2004 was based solely upon the financial performance of the Company in relation to performance goals established by the Committee under and in accordance with the Company's Annual Incentive Bonus Program approved by the stockholders at the 2004 Annual Meeting.

The Committee made a long-term compensation award of stock options and restricted stock to Ms. Junck for fiscal 2004 by applying the same criteria described for the determination of such awards to other executive officers of the Company. The Committee considered the fiscal 2004 performance of the Company, as more particularly described above, in the final determination of such grants. Restricted shares issued for fiscal 2004 vest only if specified performance criteria established by the Committee are met. If the specified performance is exceeded, up to 9,700 additional shares of restricted Common Stock may be issued.

On November 19, 2004, 40,000 shares of restricted Common Stock granted to Ms. Junck in November 2003 and 35,000 shares of restricted Common Stock granted in November 2002 were cancelled and reissued. The reissued shares of restricted Common Stock are identical to the cancelled shares with respect to voting rights, dividends, and timing of vesting. Vesting of the cancelled shares was not dependent upon future performance of the Company. The reissued shares vest only if specified performance criteria established by the Committee are met. If the specified performance is exceeded, up to 15,000 additional shares of restricted Common Stock may be issued. The Company believes the reissued shares meet the criteria for performance-based compensation under Section 162(m) of the Internal Revenue Code.

Executive Compensation Committee Participation

The current members of the Executive Compensation Committee are William E. Mayer, Chairman, Andrew E. Newman and Mark Vittert.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS REGARDING ANNUAL FINANCIAL STATEMENTS

The information contained in this report shall not be deemed to be soliciting material or filed or incorporated by reference in future filings with the Securities and Exchange Commission, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates it by reference into a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934.

The Audit Committee of the Board of Directors is comprised of four directors who are not officers of the Company. All members are independent under rules of the New York Stock Exchange. The Board of Directors has a written charter for the Audit Committee.

Edgar Filing: LEE ENTERPRISES INC - Form PRE 14A

The Committee held seven meetings during fiscal 2004. The meetings were designed to facilitate and encourage private communication between the Committee, management, the Company's internal auditors and the Company's independent public accountants.

During these meetings, the Committee reviewed and discussed the audited financial statements with management and the independent public accountants. The Committee believes that management maintains an effective system of internal controls that results in fairly presented financial statements. Based on its review and discussions, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K.

The discussions with the independent public accountants also included the matters required by Statement on Auditing Standards No. 61, as amended. The Committee received from the independent public accountants written disclosures and the letter regarding its independence as required by Independence Standards Board Standard No. 1. This information was discussed with the independent public accountants. The Committee considered whether the non-audit services provided by the independent public accountants to the Company are compatible with maintaining auditor independence.

Audit Committee Participation

The current members of the Audit Committee are Andrew E. Newman, Chairman, Nancy S. Donovan, Herbert W. Moloney III and Gordon D. Prichett. Mr. Newman meets the requirements of an audit committee financial expert, as defined by the Securities and Exchange Commission.

Audit-Related Fees These are fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements. This

The Company also engages the services of other accounting firms and law firms for such services. Fees paid to such firms are not reflected in the table above.

All Other Fees These are fees for other permissible work that does not meet the above category descriptions. This includes work related to compliance with new corporate governance standards.

These services are actively monitored both as to spending level and work content by the Audit Committee to maintain the appropriate objectivity and independence in Deloitte's core work, which is the audit of the Company's Consolidated Financial Statements.

The Audit Committee will choose an independent public accounting firm for purposes of auditing the Consolidated Financial Statements of the Company for the year ending September 30, 2005, after the Annual Meeting.
