PROXY STATEMENT

FOR ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD ON MAY 26, 2005

GENERAL INFORMATION

This Proxy Statement and the accompanying form of proxy are furnished in connection with the solicitation of proxies by the Board of Directors of Kindred Healthcare, Inc. (Kindred or the Company) for use at the Annual Meeting of Shareholders (the Annual Meeting), to be held at 10:00 a.m. (EDT) on May 26, 2005, at the Company's principal offices at 680 South Fourth Street, Louisville, Kentucky 40202-2412, and at any adjournment or postponement thereof. Only shareholders of record on the books of the Company at the close of business on March 31, 2005 will be entitled to notice of, and to vote at, the Annual Meeting. This Proxy Statement is dated April 1, 2005 and was first mailed to shareholders on or about April 4, 2005.

Proxies are solicited by the Board of Directors in order to provide each shareholder an opportunity to vote on all matters scheduled to come before the meeting, whether or not he or she attends the meeting in person. When the enclosed proxy card is returned properly signed, the shares represented by the proxy card will be voted by the proxy holders named on the proxy card in accordance with the shareholder's directions. You are urged to specify your choice by marking the appropriate box on the proxy card. If the proxy card is signed and returned without specifying a choice, the shares will be voted as recommended by the Board of Directors.

The cost of preparing, assembling and mailing the notice of annual meeting, Proxy Statement and proxy card will be borne by the Company. In addition to the use of the mail, proxies may be solicited by directors, officers and other employees of the Company, without additional compensation, in person or by telephone or other electronic means. Furthermore, the Company may retain an investor relations firm to solicit proxies from brokers, banks and institutional holders by telephone or mail. Kindred will reimburse brokerage houses and other nominees for their expenses in forwarding proxy materials to beneficial owners of the Company's common stock.

Revocability of Proxy

Executing and returning the enclosed proxy card will not affect your right to attend the Annual Meeting and vote in person. If you do attend, you may, if you wish, vote by ballot at the meeting, thereby effectively canceling any proxies previously given. In addition, a shareholder giving a proxy may revoke it at any time before it is voted at the meeting by filing with the Corporate Secretary of the Company any instrument revoking it, or by filing with the Company a duly executed proxy bearing a later date.

Voting Rights and Outstanding Shares

Each share of common stock, \$0.25 par value (Common Stock), of the Company outstanding at the close of business on March 31, 2005 is entitled to one vote at the Annual Meeting. As of March 31, 2005, there were 38,273,030 shares of Common Stock outstanding.

Edgar Filing: KINDRED HEALTHCARE INC - Form DEF 14A

The presence at the Annual Meeting in person or by proxy of holders of record of a majority of the outstanding shares of Common Stock is required to constitute a quorum for the transaction of all business at the Annual Meeting. The vote of a plurality of the outstanding shares of Common Stock present in person or by proxy will be necessary to elect the director-nominees listed in this Proxy Statement. The affirmative vote of a majority of the outstanding shares of Common Stock present in person or by proxy will be necessary (1) to ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent auditor for fiscal year 2005, and (2) to approve any other matters that may properly come before the Annual Meeting for shareholder consideration. Abstentions and proxies relating to street name shares for which brokers have not received voting instruction from the beneficial owner (Broker Non-Votes) are counted in determining whether a quorum is present. In the election of directors, the nominees receiving the highest number of votes will be elected.

Therefore, abstentions or Broker Non-Votes for a director-nominee will have no effect. With respect to any matters submitted to the shareholders for their consideration other than the election of directors, abstentions will be counted as part of the total number of votes cast on such proposals in determining whether the proposals have received the requisite number of favorable votes, whereas Broker Non-Votes will not be counted as part of the total number of votes cast on such proposals. Thus, abstentions will have the same effect as votes against any such proposal, whereas Broker Non-Votes will have no effect in determining whether any such proposal has been approved by the shareholders. Therefore, it is important that you complete and return your proxy early so that your vote may be recorded.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspectors of election appointed for the meeting, who also will determine whether or not a quorum is present.

CERTAIN INFORMATION CONCERNING THE BOARD OF DIRECTORS

The Board of Directors has determined that the following six directors are independent, as defined under the listing standards of the New York Stock Exchange and the Nasdaq Stock Market: Thomas P. Cooper, M.D., Mr. Michael J. Emblar, Mr. Garry N. Garrison, Mr. Isaac Kaufman, Mr. John H. Klein and Mr. Eddy J. Rogers, Jr. The Board's determination was based on a review in which each director's independence was evaluated on a case-by-case basis. The Board considered any matters that could affect the ability of each outside director to exercise independent judgment in carrying out his responsibilities as a director, including all transactions and relationships between each such director, the director's family members and organizations with which the director or the director's family members have an affiliation and the Company, its subsidiaries and its management. Any such matters were evaluated both from the standpoint of the director and from that of persons or organizations with which the director has an affiliation. These independent directors have regularly scheduled meetings at which no members of management are present.

During 2004, the Board of Directors held eight meetings, including five regular and three special meetings. Each director attended more than 75% of the total number of meetings of the Board and the applicable committees during the periods on which each served. The Board of Directors has established an Audit Committee, a Compliance and Quality Committee, an Executive Compensation Committee, and a Nominating and Governance Committee. Each committee has a written charter which is available on the Company's website at www.kindredhealthcare.com. Information on the Company's website is not part of this Proxy Statement.

Audit Committee. The Audit Committee has three members consisting of Mr. Isaac Kaufman (Chairman), Mr. John H. Klein and Mr. Eddy J. Rogers, Jr. Each member of the Audit Committee is independent as defined under the listing standards of the New York Stock Exchange and the Nasdaq Stock Market. The Board of Directors has determined that Mr. Kaufman is the Audit Committee's financial expert as defined in Item 401 of Regulation S-K promulgated under the Securities Act of 1933, as amended, and the Securities Exchange Act of 1934, as amended. The Audit Committee held seven meetings during 2004. The Audit Committee assists the Board of Directors in monitoring (1) the adequacy of the Company's system of internal controls, accounting policies, financial reporting practices, and the quality and integrity of the Company's financial reporting; (2) the independent auditor's qualifications and independence; and (3) the performance of the Company's internal audit function and independent auditor.

Compliance and Quality Committee. The Compliance and Quality Committee has three members consisting of Thomas P. Cooper, M.D. (Chairman), Mr. Michael J. Emblar and Mr. Garry N. Garrison. Each member of the Compliance and Quality Committee is independent as defined under the listing standards of the New York Stock Exchange and the Nasdaq Stock Market. The Compliance and Quality Committee was formed on April 22, 2004, and held three meetings in 2004. The Compliance and Quality Committee assists the Board of Directors in monitoring (1) the Company's compliance with applicable laws, regulations and policies; (2) the Company's compliance with its Corporate Integrity Agreement and its Code of Conduct; and (3) the Company's programs, policies and procedures that support and enhance the quality of care provided by the Company.

Executive Compensation Committee. The Executive Compensation Committee has four members consisting of Mr. John H. Klein (Chairman), Thomas P. Cooper, M.D., Mr. Michael J. Embler and Mr. Garry N. Garrison. Each member of the Executive Compensation Committee is independent as defined under the listing standards of the New York Stock Exchange and the Nasdaq Stock Market. The Executive Compensation Committee held six meetings in 2004. The Executive Compensation Committee assists the Board of Directors in fulfilling its responsibility to the shareholders, potential shareholders and investment community to ensure that the Company's key executives, officers and Board members are compensated in accordance with the Company's overall compensation policies and executive compensation policies. The Executive Compensation Committee recommends and approves compensation policies, programs and pay levels that are necessary to support the Company's objectives and that are rational and reasonable to the value of the services rendered.

Nominating and Governance Committee. The Nominating and Governance Committee has four members consisting of Mr. John H. Klein (Chairman), Mr. Michael J. Embler, Mr. Isaac Kaufman and Mr. Eddy J. Rogers, Jr. Each member of the Nominating and Governance Committee is independent as defined under the listing standards of the New York Stock Exchange and the Nasdaq Stock Market. The Nominating and Governance Committee held four meetings in 2004. The Nominating and Governance Committee assists the Board of Directors by (1) identifying individuals qualified to become Board members, and approving the director nominees for the next annual meeting of shareholders and approving nominees to fill vacancies on the Board; (2) recommending to the Board nominees for director and chairperson(s) for each committee; (3) leading the Board in its annual review of the Board's performance; and (4) recommending to the Board the corporate governance guidelines applicable to the Company.

It is the policy of the Nominating and Governance Committee to consider director candidates recommended by shareholders who appear to be qualified to serve on the Company's Board of Directors. The Committee has not established any specific qualifications for directors. The Nominating and Governance Committee may choose not to consider an unsolicited recommendation if no vacancy exists on the Board of Directors. The Nominating and Governance Committee may recommend increasing the size of the Board of Directors if it perceives specialized needs for the Board of Directors and if qualified director candidates are identified. In order to avoid the unnecessary use of the Nominating and Governance Committee's resources, the Nominating and Governance Committee will consider only those director candidates recommended in accordance with the procedures set forth below.

To submit a recommendation of a director candidate to the Nominating and Governance Committee, a shareholder should submit the following information in writing, addressed to the Chairman of the Nominating and Governance Committee, care of the Corporate Secretary, at the Company's principal office:

1. The name of the person recommended as a director candidate;
2. All information relating to such person that is required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A promulgated under the Securities Exchange Act of 1934, as amended;
3. The written consent of the person being recommended as a director candidate to being named in the proxy statement as a nominee and to serving as a director if elected;
4. As to the shareholder making the recommendation, the name and address, as they appear on the Company's books, of such shareholder; provided, however, that if the shareholder is not a registered holder of the Company's Common Stock, the shareholder should submit his or her name and address along with a current written statement from the record holder of the shares that reflects ownership of the Company's Common Stock, and the number and class of all shares of each class of stock of the Company owned of record or beneficially by such holder; and

5. A statement disclosing whether such shareholder is acting with or on behalf of any other person and, if applicable, the identity of such person.

In order for a director candidate to be considered for nomination at the Company's annual meeting of shareholders to be held in 2006, the recommendation must be received in accordance with the requirements for other shareholder proposals. See Shareholder Proposals and Director Nominations.

The Nominating and Governance Committee has generally identified director nominees based upon suggestions by outside directors, management members and/or shareholders, and has interviewed and evaluated those persons on its own. On occasion, the Company employs outside search firms to identify and screen potential director candidates. The Company seeks directors who possess integrity, a high level of education and business experience, broad-based business acumen, an understanding of the Company's business and the healthcare industry generally, strategic thinking and a willingness to share ideas, a network of contacts and diversity of experiences, expertise and background. The Nominating and Governance Committee uses these criteria to evaluate potential nominees, and does not evaluate proposed nominees differently depending upon who has made the proposal.

Attendance at the Annual Meeting. The Board of Directors does not require directors to attend the annual meeting of shareholders. Mr. Diaz was the only director in attendance at the 2004 annual meeting of shareholders.

COMPENSATION OF DIRECTORS

During 2004, non-employee directors received (1) \$3,000 for each Board meeting attended and \$2,000 for each committee meeting attended unless the meeting was held telephonically; (2) \$1,000 for each telephonic meeting of the Board or any committee meeting attended; (3) a \$12,000 quarterly retainer; (4) an additional \$2,000 quarterly retainer for a committee chairman; and (5) an additional \$2,000 quarterly retainer for the lead independent director.

Pursuant to the Company's 2001 Stock Option Plan for Non-Employee Directors, on January 1, 2004 the Company issued to each non-employee director an option to purchase 3,000 shares of Common Stock having an exercise price of \$51.98 per share. These options were adjusted on May 27, 2004 to reflect the Company's 2-for-1 stock split in the form of a 100% stock dividend distributed on May 27, 2004 (the Stock Split). These options are exercisable in four equal annual installments beginning on the first anniversary of their grant date and have a ten-year term. The Company's 2001 Stock Option Plan for Non-Employee Directors was amended and restated effective May 18, 2004. Pursuant to the Company's Stock Option Plan for Non-Employee Directors, Amended and Restated (the Directors Plan), the Company issues, on January 10 of each year during the term of the Directors Plan, an option to purchase 5,000 shares of Common Stock to each non-employee director. These options will have an exercise price equal to the fair market value of the Common Stock on the date the option is granted, vest in four equal annual installments beginning on the first anniversary of their date of grant, and have a ten-year term.

In addition, upon the appointment or election of a person as a non-employee director for the first time, such director will receive a one-time grant of an option to purchase 15,000 shares of Common Stock under the Directors Plan. These options will have an exercise price equal to the fair market value of the Common Stock on the date the option is granted, vest in four equal annual installments beginning on the first anniversary of their date of grant, and have a ten-year term.

Employment and Other Agreements

The Company has entered into employment agreements with certain of its officers, including the Named Executive Officers.

On October 28, 2003, the Company entered into an employment agreement with Mr. Diaz in connection with his promotion to Chief Executive Officer. Mr. Diaz's promotion was effective January 1, 2004. The agreement has a three-year term but is extended automatically each day by one day unless the Company notifies Mr. Diaz. Upon such notification, the employment agreement will terminate in three years. Mr. Diaz's employment agreement provides that he is entitled to a base salary of \$800,000 beginning on January 1, 2004 and to participate in the Company's short-term and long-term incentive plans, the Company's equity-based plans and other employee benefit plans. Mr. Diaz may receive increases in his base salary as approved by the Executive Compensation Committee.

Under certain circumstances, Mr. Diaz's employment agreement also provides for severance payments if his employment is terminated. If his employment is terminated by reason of death or disability, Mr. Diaz is entitled to a prorated portion of his short-term bonus. If Mr. Diaz's employment is terminated for cause, no additional payments are made under the employment agreement. If his employment is subject to termination for good reason (as defined in his agreement) or other than for cause (collectively, an Involuntary Termination), certain levels of severance payments are provided under the employment agreement.

Upon an Involuntary Termination, Mr. Diaz's agreement provides for a cash payment equal to the prorated portion of his short-term target bonus in the year of termination and three times his base salary and short-term target bonus in the year of termination. In addition, Mr. Diaz would be entitled to coverage under the Company's employee benefit plans for three years, three years of additional vesting of restricted stock awards and stock options, and an additional three years in which to exercise the options. Mr. Diaz's agreement also requires the Company to provide substantially similar office space and the services of an administrative assistant for three years.

The Company also has entered into employment agreements with Mr. Lechleiter, Mr. Battafarano, Mr. Bowen and Mr. Chapman (collectively, the Other Named Executive Officers). The agreements for the Other

Named Executive Officers generally contain standard terms except as noted below. These agreements have a one-year term but are extended automatically each day by one day unless the Company notifies the Other Named Executive Officer. Upon such notification, the employment agreement will terminate in one year.

The employment agreements provide a base salary and the ability of the Other Named Executive Officers to participate in the Company's short-term and long-term incentive plans, the Company's equity-based plans and other employee benefit plans. The base salaries for 2004 for the Other Named Executive Officers under the employment agreements were as follows: Mr. Lechleiter \$317,240; Mr. Battafarano \$328,080; Mr. Bowen \$317,240; and Mr. Chapman \$317,240. The Other Named Executive Officers may receive increases in their base salaries as approved by the Executive Compensation Committee.

Under certain circumstances, the employment agreements also provide for severance payments if the Other Named Executive Officer's employment is terminated. If employment is terminated by reason of death or disability, the Other Named Executive Officer is entitled to a prorated portion of his short-term target bonus. If the Other Named Executive Officer's employment is terminated for cause, no additional payments are made under the employment agreements. If the Other Named Executive Officer's employment is subject to an Involuntary Termination, certain levels of severance payments are provided under the employment agreements.

Upon the Involuntary Termination of the Other Named Executive Officers, their agreements provide for a cash payment equal to the prorated portion of their short-term target bonus in the year of termination and one and one-half times their base salary and short-term target bonus in the year of termination. In addition, they would be entitled to coverage under the Company's employee benefit plans for 18 months, 18 months of additional vesting of restricted stock awards and stock options, and an additional 18 months in which to exercise such options.

The Company also has entered into Change in Control Severance Agreements with certain of its key employees, including the Named Executive Officers. These agreements provide for the payment of severance benefits under certain circumstances. These benefits become payable at any time within two years after a change in control of the Company if: (a) the Company terminates the executive's employment without cause or (b) the executive terminates employment with the Company for good reason (as defined in the agreement) or within either of two 30-day periods commencing 30 days after the change in control and one year after the change in control, respectively. The benefits to be afforded the Named Executive Officers include: (a) a cash payment equal to three times base salary and short-term target bonus as of the termination of employment; (b) continuation of health, life and disability insurance coverage for three years; (c) full vesting under the Company's retirement savings plan; and (d) an additional payment for any excise taxes the Named Executive Officer may incur as a result of the change in control payments.

Compensation Committee Interlocks and Insider Participation

During all of 2004, Mr. John H. Klein (Chairman), Thomas P. Cooper, M.D., Mr. Michael J. Embler, and Mr. Garry N. Garrison served on the Executive Compensation Committee of the Board of Directors. None of the persons who served on the Executive Compensation Committee during 2004 were employees of the Company.

REPORT OF THE EXECUTIVE COMPENSATION COMMITTEE

The Executive Compensation Committee of the Board (the Committee or the Executive Compensation Committee) is composed entirely of independent directors satisfying the requirements of the New York Stock Exchange and Nasdaq Stock Market listing standards. The Committee is composed of Mr. John H. Klein (Chairman), Thomas P. Cooper, M.D., Mr. Michael J. Embler and Mr. Garry N. Garrison. The Executive Compensation Committee is responsible for establishing and administering the policies and programs that govern both annual compensation and stock-based incentive compensation plans for the executive officers of the Company.

The Company's executive compensation policy is based upon principles designed to motivate and retain executive officers and to establish an appropriate relationship between executive pay and short-term and long-term performance. The key components of the Company's compensation program are base salary, annual incentive awards and equity participation. These components are administered to provide total compensation that is competitive in the marketplace, rewards successful short-term and long-term financial and non-financial performance and aligns executive officers' interests with those of the shareholders. The Company has adopted a charter for the Committee, the text of which is posted on the Company's website located at www.kindredhealthcare.com. Information on the Company's website is not part of this Proxy Statement.

The Committee reviews each component of executive compensation on a regular basis. The Committee held six meetings during 2004. The Committee engages independent consultants and uses executive compensation surveys of comparable healthcare and service companies to assist in its analysis. The companies surveyed include some, but not all, of the companies covered in the indices included in the Performance Graph. The Committee's policy is to target total executive compensation between the 50th and 75th percentiles of the healthcare industry.

Base Salary

Base salary for executive officers is determined by an assessment of overall Company performance, the individual executive officer's performance, changes in executive officer responsibility and relevant comparable industry data. While certain aspects of performance can be measured in financial terms, the Committee also evaluates executives in areas of performance that are more subjective. These areas include the success of the executive officer in developing and executing the Company's strategic plans, addressing the significant changes affecting the healthcare industry, developing key employees and exercising leadership. The Committee's policy is to target executive base salaries at the 50th percentile of the healthcare industry.

Annual Incentives

The Executive Compensation Committee believes that a significant portion of total cash compensation for executive officers should be subject to the attainment of specific Company financial and quality criteria. This approach creates a direct incentive for executive officers to achieve desired performance goals and places a significant percentage of each executive officer's compensation at risk. The Company's incentive compensation plans are designed to reward officers and other designated key employees for the attainment of financial and quality performance objectives approved annually by the Committee. Incentive compensation objectives are constructed to encourage responsible and profitable growth and achievement of measurable quality indicators while taking into account non-routine factors that may be integral to the success of the Company.

The Company maintains a short-term incentive compensation plan for executive officers and other key employees of the Company. The Committee establishes performance goals upon which the annual bonuses are based. Typically, the goals for each eligible employee are based upon financial performance, quality and performance goals and accounts receivable collections. Annual bonuses are based upon a percentage of

Edgar Filing: KINDRED HEALTHCARE INC - Form DEF 14A

the employee's base salary. Target bonuses for 2004 for the Named Executive Officers were 60% of their respective base salaries. The short-term incentive plan also provides additional compensation beyond the target bonuses for

performance exceeding the targeted goals. The maximum bonuses available for 2004 for the Named Executive Officers were 75% of their respective base salaries. Based upon the results achieved in 2004, the Executive Compensation Committee awarded bonuses to the Named Executive Officers under the short-term incentive plan for 2004 as follows: Mr. Diaz \$600,000; Mr. Lechleiter \$237,930; Mr. Battafarano \$246,060; Mr. Bowen \$237,930; and Mr. Chapman \$237,930.

The Company's long-term incentive plan provides for the payment of cash bonus awards to key employees of the Company upon attainment by the Company of specified performance goals. For each performance period, the Executive Compensation Committee selects plan participants who are in a position to contribute materially to the success of the Company and establishes the performance goal or goals to be measured under the plan. For 2004, the goals were based on the Company achieving various levels of earnings before interest, taxes, depreciation, amortization and rent. The performance periods under the plan cover one year. The plan currently includes approximately 600 active participants, including key operating personnel in each of the Company's four operating divisions. Participants are eligible to receive cash bonuses based upon a percentage of their base salary. These percentages vary depending upon the participant's position within the Company and the extent to which the performance goals established by the Committee are attained. The maximum awards eligible under the long-term incentive plan as a percentage of base salary are 100% for the Chief Executive Officer and 90% for the Other Named Executive Officers. No awards are granted under the plan until certain minimum levels of performance are reached. Cash awards are payable in equal annual installments on or about each of the first, second and third anniversaries of the end of the relevant performance period, provided generally that the participant is employed by the Company at the time payments are due. This payment feature also serves as a retention device for the Company. Based upon the goals established by the Committee for the 2004 performance period, the executive officers of the Company, including the Named Executive Officers, achieved the maximum award under the plan. The remaining participants in the plan also achieved the maximum award under the plan. Accordingly, the awards under the long-term incentive plan for the Named Executive Officers were as follows: Mr. Diaz \$800,000; Mr. Lechleiter \$285,516; Mr. Battafarano \$295,272; Mr. Bowen \$285,516; and Mr. Chapman \$285,516. These awards generally will be paid in three equal annual installments beginning on or about December 15, 2005.

Equity Participation

The Executive Compensation Committee believes that equity participation is a key component of the Company's executive compensation program. The use of such awards provides a long-term link between the results achieved for the Company's shareholders and the rewards provided to executive officers. Stock options and other stock-based compensation are granted to executive officers primarily based on the executive officer's actual and potential contribution to the Company's growth, long-term performance, and the practices of other companies in the healthcare industry. Stock-based compensation is designed to retain executive officers and motivate them to enhance shareholder value by aligning the financial interests of executive officers with those of the Company's shareholders. Stock-based compensation also provides an effective incentive for management to create shareholder value over the long term since the full benefit of the compensation package is primarily realized as a result of the appreciation in the price of the Common Stock over a number of years.

On July 26, 2004, the Committee granted stock options to purchase shares of Common Stock to certain officers of the Company, including the Named Executive Officers. The number of shares of Common Stock underlying the stock option awards granted to the Named Executive Officers were as follows: Mr. Diaz 67,220 shares; Mr. Lechleiter 15,206 shares; Mr. Battafarano 15,206 shares; Mr. Bowen 15,206 shares; and Mr. Chapman 15,206 shares. These options have an exercise price of \$23.89 per share, vest in three equal annual installments beginning on the first anniversary of the date of grant and expire ten years from the date of grant. On July 26, 2004, the Committee also granted a total of 277,146 shares of restricted Common Stock to certain officers of the Company, including the Named Executive Officers. The number of shares of restricted Common Stock granted to the Named Executive Officers were as follows: Mr. Diaz 50,415 shares; Mr. Lechleiter 11,404 shares; Mr. Battafarano 11,404 shares; Mr. Bowen 11,404 shares; and Mr. Chapman 11,404 shares. These shares will vest in three equal annual installments beginning on the first anniversary of the date of grant.

The Executive Compensation Committee granted the stock options and restricted stock described above based upon its judgment that the number and terms were appropriate and desirable considering each executive officer's actual and potential contribution to the Company and the practices of other companies in the healthcare industry. The Committee also considered information prepared by an independent compensation consultant. The assessment of actual and potential contribution was based on the Executive Compensation Committee's subjective evaluation of each executive officer's abilities, skills, efforts and leadership. The Committee also believes that these awards are consistent with the Committee's compensation policy to align the interests of management with the interests of the shareholders.

Compensation of the Chief Executive Officer

Consistent with the executive compensation policy and components described above, the Executive Compensation Committee determined the compensation for the services rendered during 2004 by Paul J. Diaz, as Chief Executive Officer of the Company. During 2004, Mr. Diaz repositioned the Company's existing businesses into four separate divisions to improve execution and promote future growth. He also was instrumental in promoting the Company's development efforts for its hospital and pharmacy businesses. Operationally, Mr. Diaz oversaw the hospital division's successful transition to the new Medicare prospective payment system and implemented several initiatives to improve the Company's quality of care and control professional liability costs. The Committee believes that during 2004 Mr. Diaz demonstrated the leadership necessary to provide a solid foundation for future growth of the Company through stable and predictable operating results. Based upon these accomplishments, the Committee believes that the base salary, incentive bonuses, and equity granted to Mr. Diaz were fair and competitive. The assessment of actual and potential contribution was based upon the Committee's subjective evaluation of Mr. Diaz's abilities, skills, efforts and leadership.

Executive Compensation Tax Deductibility

The Omnibus Budget Reconciliation Act of 1993 amended the Internal Revenue Code (the Code) to provide generally that the compensation paid by publicly held corporations to the chief executive officer and the four most highly paid senior executive officers in excess of \$1,000,000 per executive will be deductible by the Company only if paid pursuant to qualifying performance-based compensation plans approved by shareholders of the Company. Compensation as defined by the Code includes, among other things, base salary, incentive compensation and gains on stock options and restricted Common Stock. It is the Executive Compensation Committee's policy to maximize the effectiveness of the Company's executive compensation plans. In that regard, the Committee intends to remain flexible to take actions which are deemed to be in the best interests of the Company and its shareholders. Such actions may not always qualify for tax deductibility under the Code.

Description of Non-Shareholder Approved Equity Compensation Plans

Restricted Share Plan

In connection with the Plan of Reorganization, the Company adopted the Restricted Share Plan. The Restricted Share Plan provides for the grant of awards of restricted Common Stock to key employees of the Company. The maximum number of shares of Common Stock that may be granted under the Restricted Share Plan is 1,200,000 shares. Shares of Common Stock issued under the Restricted Share Plan may be either newly issued shares or treasury shares. The Restricted Share Plan is administered by the Executive Compensation Committee.

Each award will provide the participant with a specified number of restricted shares of Common Stock recommended by the Chief Executive Officer and approved by the Executive Compensation Committee. The restricted Common Stock will be non-transferable and subject to forfeiture unless and until they have vested. Shares in each participant's award vest according to the following schedule: one-third vests immediately upon grant to the participant; the remaining two-thirds vest over a period of four years, with fifteen percent of the two-thirds vesting on the first and second anniversaries of the date of grant, twenty percent of the two-thirds vesting on the third anniversary of the date of grant, and the remaining fifty percent of the two-thirds vesting on the fourth anniversary of the date of grant.

In the event that a participant's employment is terminated prior to such participant's shares becoming fully vested (1) by the Company for cause (as defined in the Restricted Share Plan) or by the participant for any reason, all shares in such participant's award that have not vested shall be forfeited on the date of termination; (2) by the Company without cause, all shares in such participant's award shall vest according to the vesting schedule described above; or (3) without cause at any time after a change in control (as defined in the Restricted Share Plan), or by reason of death or disability (as defined in the Restricted Share Plan), all shares in such participant's award shall immediately vest.

In the event that any award or portion thereof is forfeited for any reason, the forfeited shares of Common Stock will again be available for award pursuant to the Restricted Share Plan. In the event that the Company declares any dividends on the Common Stock, whether stock or cash dividends or otherwise, participants holding shares of restricted Common Stock are entitled to such dividends. Such dividends will be subject to the vesting and forfeiture provisions of the Restricted Share Plan and will be held by the Company or, if stock, subject to a restrictive legend, as determined by the Executive Compensation Committee. The Restricted Share Plan provides for an adjustment in the number of shares of Common Stock issued and available to be issued under the Restricted Share Plan, upon a change in the capitalization of the Company, a stock dividend or split, a merger or combination of shares and certain similar events.

Obtain from the independent auditors their report on compliance under Section 10A of the Securities Exchange Act of 1934, as amended.

At least twice each year, the members of the Committee should meet with the Compliance Officer and internal and independent auditors without members of management present.
