PROXY STATEMENT

GENERAL INFORMATION

We are sending you this proxy statement on or about April 14, 2005 in connection with the solicitation of proxies by our Board of Directors, for use at our 2005 annual meeting of stockholders, which we will hold on Friday, May 13, 2005 at 9:30 a.m., San Francisco time, at the Hyatt Regency San Francisco Airport, 1333 Old Bayshore Highway, Burlingame, California 94010. The proxies will remain valid for use at any meetings held upon adjournment of that meeting. The record date for the meeting is the close of business on March 31, 2005. All holders of record of our common stock on the record date are entitled to notice of the meeting and to vote at the meeting and any meetings held upon adjournment of that meeting. Our principal executive offices are located at 601 Hawaii Street, El Segundo, California 90245, and our telephone number is (800) 310-4872.

Whether or not you plan to attend the meeting in person, please date, sign and return the enclosed proxy card as promptly as possible, in the postage prepaid envelope provided, to ensure that your shares will be voted at the meeting. You may revoke your proxy at any time prior to its use by filing with our secretary an instrument revoking it or a duly executed proxy bearing a later date or by attending the meeting and voting in person.

Unless you instruct otherwise in the proxy, any proxy that is not revoked will be voted at the meeting:

For each nominee to our Board of Directors;

For the amendment and restatement of the DaVita Inc. Executive Incentive Plan;

For the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for fiscal year 2005;
and

As recommended by our Board of Directors, in its discretion, with regard to all other matters as may properly come before the annual meeting or any adjournment thereof.

Voting information

Our only voting securities are the outstanding shares of our common stock. At the record date, we had approximately 99,980,000 shares of common stock outstanding and approximately 2,920 stockholders of record. Each stockholder is entitled to one vote on each matter that we will consider at this meeting. Stockholders are not entitled to cumulate votes. Brokers holding shares of record for their customers generally are not

Edgar Filing: DAVITA INC - Form DEF 14A

entitled to vote on some matters unless their customers give them specific voting instructions. If the broker does not receive specific instructions, the broker will note this on the proxy form or otherwise advise us that it lacks voting authority. The votes that the brokers would have cast if their customers had given them specific instructions are commonly called broker non-votes. If the stockholders of record present in person or represented by their proxies at the meeting hold at least a majority of our shares of common stock outstanding as of the record date, a quorum will exist for the transaction of business at the meeting. Stockholders of record who abstain from voting and broker non-votes are counted as present for quorum purposes.

Votes required for proposals

Directors are elected by a plurality of the votes cast, which means that the eight nominees with the most votes will be elected. As a result, withholding authority to vote for a nominee and broker non-votes with respect to the election of directors will not affect the outcome of the election of directors.

Approval of the amendment and restatement of the DaVita Inc. Executive Incentive Plan and the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for fiscal

year 2005 each requires the affirmative vote of a majority of the shares of common stock present at the annual meeting, in person or by proxy and entitled to vote thereon. Abstentions with respect to a proposal will be treated as votes against the proposal. Broker non-votes with respect to these proposals will not be considered as present and entitled to vote on these proposals, which will therefore reduce the number of affirmative votes needed to approve the proposal.

Adjustments for stock split

Except as otherwise specifically noted herein, all share numbers and per-share data contained in this proxy statement have been adjusted for all periods presented to retroactively reflect the effects of a three-for-two stock split of our common stock in the form of a stock dividend that was approved by our Board of Directors. Our common stock began trading on a post-split basis on June 16, 2004.

Proxy solicitation costs

We will pay for the cost of preparing, assembling, printing and mailing these proxy materials to our stockholders, as well as the cost of soliciting proxies relating to the meeting. We may request banks and brokers to solicit their customers who beneficially own our common stock listed of record in names of nominees. We will reimburse these banks and brokers for their reasonable out-of-pocket expenses regarding these solicitations. We have also retained Georgeson Shareholder Communications Inc., or Georgeson, to assist in the distribution and solicitation of proxies and to verify records related to the solicitation at a fee of \$9,500 plus reimbursement for out-of-pocket expenses. Georgeson and our officers, directors and employees may supplement the original solicitation by mail of proxies by telephone, facsimile, e-mail and personal solicitation. We will pay no additional compensation to our officers, directors and employees for these activities. We will indemnify Georgeson against liabilities and expenses arising in connection with the proxy solicitation unless caused by Georgeson's gross negligence or intentional misconduct.

PROPOSAL NO. 1**ELECTION OF DIRECTORS**

At the meeting, you will elect eight directors to serve until the 2006 annual meeting of stockholders or until their respective successors are elected and qualified. Seven of the eight directors have been determined to be independent under the listing standards of the New York Stock Exchange (the NYSE). Please see the section titled *Director independence* below for more information. The Nominating and Governance Committee of our Board of Directors has recommended, and our Board of Directors has nominated, Nancy-Ann DeParle, Richard B. Fontaine, Peter T. Grauer, Michele J. Hooper, C. Raymond Larkin, Jr., John M. Nehra, William L. Roper, M.D. and Kent J. Thiry for election as directors. All of these individuals are currently members of our Board of Directors. Each nominee has consented to being named in this proxy statement as a nominee and has agreed to serve as a director if elected.

Unless the proxy indicates otherwise, the persons named as proxies in the accompanying proxy have advised us that at the meeting they intend to vote the shares covered by the proxies for the election of the nominees named above. If one or more of the nominees are unable or not willing to serve, the persons named as proxies may vote for the election of the substitute nominees that our Board of Directors may propose. The accompanying proxy contains a discretionary grant of authority with respect to this matter. The persons named as proxies may not vote for a greater number of persons than the number of nominees named above.

No arrangement or understanding exists between any nominee and any other person or persons pursuant to which any nominee was or is to be selected as a director or nominee. None of the nominees has any family relationship with any other nominee or with any of our executive officers.

The Board of Directors recommends a vote FOR the election of each of the named nominees as directors.

Director independence

Under the listing standards of the NYSE, a majority of the members of our Board of Directors must satisfy the NYSE criteria for independence. No director qualifies under the NYSE listing standards unless the Board of Directors affirmatively determines that the director has no material relationship with us (either directly or as a partner, stockholder or officer of an organization that has a relationship with us). The Board of Directors has determined that all of the members of the Board of Directors, other than Mr. Thiry, are independent under the NYSE listing standards. Each member of the committees of the Board of Directors meets the independence requirements applicable to those committees. In making such determinations the Board of Directors considered the following relationships: Ms. DeParle and Dr. Roper both serve on the board of the Robert Wood Johnson Foundation, Mr. Fontaine made a charitable contribution to the KT Family Foundation, a 501(c)(3) tax exempt private foundation funded in part by Mr. Thiry which provides educational grants to children and grandchildren of our teammates, and Ms. DeParle is a senior advisor to an affiliate of JP Morgan Securities Inc. and JPMorgan Chase Bank, N.A. as described under Certain Relationships and Related Transactions.

Meetings of non-management directors

Non-management directors meet regularly in executive sessions without management. Executive sessions are held in conjunction with each regularly scheduled meeting of the Board of Directors. Mr. Grauer is the presiding director over all executive sessions of the Board of Directors.

Communications with the Board of Directors

Any stockholder who desires to contact the non-management lead director, Mr. Grauer, may do so by sending an email to leaddirector.grauer@davita.com. In addition, any stockholder who desires to contact the Board of Directors or any member of the Board of Directors may do so by writing to: Board of Directors, c/o Secretary, DaVita Inc., 601 Hawaii Street, El Segundo, California 90245. Copies of written communications received by the Secretary will be provided to the full Board of Directors or the appropriate member depending on the facts and circumstances described in the communication unless they are considered, in the reasonable judgment of the Secretary, to be improper for submission to the intended recipient(s).

Meetings

We do not have a policy requiring that directors attend the annual meeting of stockholders. At the last annual meeting, only our chairman, Mr. Thiry, attended the meeting.

Audit Committee

In 2004, our Audit Committee consisted of Mr. Larkin, Ms. DeParle and Mr. Nehra. Mr. Larkin is the chair of the Audit Committee. Our Board of Directors has determined that Mr. Larkin qualifies as an audit

committee financial expert within the meaning of the rules of the Securities and Exchange Commission and that each of the members of our Audit Committee is independent and financially literate under the listing standards of the NYSE. Our Board of Directors has adopted a written charter for our Audit Committee. The charter can be obtained without charge by contacting us at 601 Hawaii Street, El Segundo, California 90245, (800) 310-4872 or through our website, located at <http://www.davita.com>, and is included with this proxy statement as Appendix A. The Audit Committee must also pre-approve audit and all other services performed by the independent registered public accounting firm. Our pre-approval policy is available on our website located at <http://www.davita.com>. The Audit Committee met eight times during 2004, including meetings held with the independent registered public accounting firm and management each quarter prior to the release of the company's financial statements. The Audit Committee met with the independent registered public accounting firm without management present on four occasions in 2004.

Compensation Committee

In 2004, our Compensation Committee consisted of Mr. Fontaine, Mr. Nehra and Mr. Grauer, with Mr. Fontaine serving as the chair of the Compensation Committee. On March 30, 2005, Mr. Nehra was appointed as the new chair of the Compensation Committee. Each of the members of our Compensation Committee is independent in accordance with the listing standards of the NYSE. Each of the members of this committee is also a nonemployee director as that term is defined under Rule 16b-3 of the Securities and Exchange Act of 1934 and an outside director as that term is defined in Internal Revenue Service Regulations. Our Compensation Committee reviews the performance of our chief executive officer and other executives and makes specific recommendations and decisions regarding their compensation to the Board of Directors, or in the case of the chief executive officer, the independent directors acting as a committee of the Board, with the goal of ensuring that our compensation system for our executives, as well as our philosophy for compensation for all employees, is aligned with the long term interests of our stockholders. The Compensation Committee also establishes policies relating to the compensation of our executive officers and other key employees that further this goal. The Compensation Committee met five times during 2004. The charter of the Compensation Committee can be obtained without charge by contacting us at 601 Hawaii Street, El Segundo, California 90245, (800) 310-4872 or through our website, located at <http://www.davita.com>.

The charter of the Nominating and Governance Committee and our corporate governance guidelines can be obtained without charge by contacting us at 601 Hawaii Street, El Segundo, California 90245, (800) 310-4872 or through our website, located at <http://www.davita.com>.

Our Nominating and Governance Committee reviews and makes recommendations to the Board of Directors about the company's governance processes, assists in identifying and recruiting candidates for the Board of Directors, reviews the performance of the individual members of the Board of Directors, proposes a slate of nominees for election at the annual meeting of stockholders and makes recommendations to the Board of Directors regarding the membership and chairs of the committees of the Board of Directors. The Nominating and Governance Committee does not have a specific set of minimum criteria for membership on the Board of Directors. In making its recommendations, however, it considers the mix of characteristics, experience, diverse

perspectives and skills that is most beneficial to our company. The committee also considers continuing director tenure and takes steps as may be appropriate to ensure that the Board of Directors maintains an openness to new ideas and a willingness to re-examine the status quo. The Nominating and Governance Committee will consider nominees for directors recommended by stockholders upon submission in writing to our Secretary of the names and qualifications of such nominees at the following address: DaVita Inc., 601 Hawaii Street, El Segundo, California 90245. The committee does not intend to alter the manner in which it evaluates candidates based on whether the candidate was recommended by a stockholder or not. The Nominating and Governance Committee met three times during 2004. The committee met in March 2005 to review and nominate the candidates standing for election at the 2005 annual meeting of stockholders.

Compliance Committee

In 2004, our Compliance Committee consisted of Dr. Roper and Mr. Larkin, with Dr. Roper serving as chair. Each of the members of our Compliance Committee is independent in accordance with the listing standards of the NYSE. The Compliance Committee meets regularly with our chief compliance officer. The Compliance Committee met six times during 2004. At least one member of our Audit Committee also serves on our Compliance Committee. The charter of the Public Policy Committee can be obtained without charge by contacting us at 601 Hawaii Street, El Segundo, California 90245, (800) 310-4872 or through our website, located at <http://www.davita.com>.

Compensation of directors

Directors who are our employees or officers do not receive compensation for service on our Board of Directors or any committee of the Board of Directors. Each of our directors who is not one of our officers or employees is entitled to receive a retainer of \$24,000 per year, paid quarterly in arrears (half in cash and half in deferred stock units that vest after one year), and additional compensation of \$4,000 for each Board of Directors

Edgar Filing: DAVITA INC - Form DEF 14A

meeting attended in person and \$2,000 for each meeting held via telephone conference that lasts more than one

and one half hours. For committee meetings, additional compensation of \$2,000 per meeting is paid for each meeting attended in person and for each meeting held via telephone that lasts more than one hour, except that the meeting fee is \$1,500 for members of the Public Policy and Clinical Performance Committees and \$2,500 for the chairs of these two committees. For the Compensation and Nominating and Governance Committees, no committee meeting fees were paid for committee meetings held on regular Board of Directors meeting dates. For the Audit, Compliance, Public Policy and Clinical Performance Committees, separate committee meeting fees were paid for committee meetings held on regular Board of Directors meeting dates. Effective March 30, 2005, committee meeting fees are paid for all committee meetings, except that no fees are paid for Nominating and Governance Committee meetings held on regular Board of Directors meeting dates.

The chairs of the Audit, Compensation and Compliance Committees and the lead independent director also receive an additional retainer of \$20,000 per year, paid quarterly in arrears (half in cash and half in deferred stock units that vest after one year). If the lead independent director also serves as a chair of the Audit, Compensation or Compliance Committee, he or she will only receive a total additional retainer of \$20,000 (not \$40,000) per year. We also reimburse our directors for their reasonable out-of-pocket expenses in connection with their travel to and attendance at meetings of the Board of Directors and other company business.

In addition, each director who is not one of our officers or employees is entitled to receive options to purchase 8,000 shares of our common stock each time he or she is elected to serve on our Board of Directors by our stockholders. These options are granted on the date of our annual meeting of stockholders, have a per share exercise price equal to the fair market value of a share of our common stock on the date of grant, vest over two years at an annual rate of 50% beginning on the first anniversary of the date of grant, with acceleration of vesting upon a change in control, and expire five years after the date of grant. Effective on the date of our 2005 annual meeting of stockholders, the number of options granted annually to our non-management directors will increase from 8,000 to 12,000 to reflect the stock split and will be granted on the same terms as prior grants except that the options will vest in full on the date of the following annual meeting of stockholders.

The chairs of the Audit, Compensation and Compliance Committees and the lead independent director also receive additional options to purchase 4,000 shares of our common stock for each year of service in these roles. These options are granted on the date of our annual meeting of stockholders, have a per share exercise price equal to the fair market value of a share of our common stock on the date of grant, vest over three years at an annual rate of one-third beginning on the first anniversary of the date of grant, with acceleration of vesting upon a change in control, and expire after five years. Effective on the date of our 2005 annual meeting of stockholders, the number of options granted annually to the chairs of the Audit, Compensation and Compliance Committees and the lead independent director will increase from 4,000 to 6,000 to reflect the stock split and will be granted on the same terms as prior grants except that the options will vest in full on the date of the following annual meeting of stockholders. Vesting of these options continues so long as the director continues to serve on our Board of Directors even if he or she is no longer a committee chair or lead independent director. In addition to these options, each of the chairs of the Audit, Compensation and Compliance Committees and the lead independent director receives additional deferred stock units for 1,500 shares that are granted on the date of our annual meeting of stockholders and that vest one year after the date of grant. If the lead independent director also serves as a committee chair, he or she will not receive an additional option grant or grant of deferred stock units.

Each new member of our Board of Directors who is not one of our employees or officers receives a one-time grant of an option to purchase 15,000 shares of our common stock that is granted upon initial appointment to our Board of Directors, with a per share price equal to the fair market value of a share of our common stock on the date of grant, that vests over four years at an annual rate of 25% beginning on the first anniversary of the date of grant, with acceleration of vesting upon a change of control and that expires five years after the date of grant.

In accordance with the foregoing, in 2004 Mr. Fontaine, Mr. Grauer, Mr. Larkin and Dr. Roper each received options to purchase 18,000 shares, and Ms. DeParle, Ms. Hooper and Mr. Nehra each received options to purchase 12,000 shares (in each case, as adjusted for the stock split). In addition, each of Ms. DeParle, Mr. Fontaine, Mr. Grauer, Mr. Larkin and Dr. Roper received 2,250 deferred stock units (as adjusted for the stock split).

Board of Directors share ownership policy

We have a share ownership policy which applies to all non-management members of our Board of Directors. The purpose of the policy is to encourage our Board of Directors to have an ownership stake in the company by retaining a specified number of shares of our common stock.

Both shares owned directly and shares underlying vested, unexercised stock options and vested deferred stock units are counted in determining compliance with the policy. The shares retained must have a current market value of not less than the lower of:

25% of the total equity award value realized by the Board of Directors member in excess of \$100,000; or

three times the annual Board of Directors retainer of \$24,000, or \$72,000.

Effective March 30, 2005, this share ownership policy was revised to increase the target ownership from three times the annual Board of Directors retainer to five times such retainer, or \$120,000. Each of the members of the Board of Directors standing for re-election meets the 2004 and the revised share ownership guidelines. Mr. Thiry, as chief executive officer, is subject to the management share ownership policy described in the executive compensation section of this proxy statement and meets the guidelines set forth in that policy.

PROPOSAL NO. 2

AMENDMENT AND RESTATEMENT OF DAVITA INC. EXECUTIVE INCENTIVE PLAN

Our stockholders approved the DaVita Inc. Executive Incentive Plan at the annual meeting of stockholders held on June 5, 2001. Our Board of Directors has approved a number of amendments to that plan, subject to approval by our stockholders. The most significant amendment is to increase the maximum amount that can be paid under the plan to any participant for any calendar year from \$5 million to \$10 million. We are seeking stockholder approval of the plan, as amended and restated. The plan, both as originally adopted, and as amended and restated, is intended to ensure that annual incentive awards paid to senior executives can be fully tax deductible as performance-based compensation, within the meaning of Section 162(m) of the Internal Revenue Code and the rules and regulations thereunder (Section 162(m)).

Under Section 162(m), the amount that we may deduct for federal income tax purposes for compensation paid to our chief executive officer and any of our four other highest paid executive officers in any tax year is generally limited to \$1 million per individual, unless the payments are made based upon the attainment of pre-established performance goals that are approved by our stockholders.

If the proposal to approve the plan, as amended and restated, is not passed at this meeting, the various amendments to the plan approved by our Board of Directors will not take effect and the plan will remain as originally approved by our stockholders in 2001. A summary of the features of the plan, as amended and restated, is provided below. The full text of the plan, as amended and restated, is set forth as Appendix B to this proxy statement. Except where otherwise noted, the references to the plan in the summary description are to the plan, as amended and restated.

Summary description of the plan

Our chief executive officer and each other executive officer whose annual compensation for a taxable year is determined by the Compensation Committee to be likely not to be deductible, in whole or in part, unless the compensation qualifies as performance-based under Section 162(m) are eligible to participate in the plan. Mr. Thiry, Mr. Mello and Mr. Kelly will be the only executive officers eligible to participate in the plan for 2005. The Compensation Committee has determined that the performance goals established under the plan for 2004 were exceeded. For 2004, Mr. Thiry, Mr. Mello and Mr. Kelly participated in the plan and received cash awards thereunder as follows: \$1,975,000 for Mr. Thiry, \$400,000 for Mr. Mello, and \$111,120 for Mr. Kelly. Mr. Kelly's employment with the company commenced in June 2004 and his bonus represents a prorated amount for the portion of the year that he was employed with the company. In addition, each of Mr. Thiry, Mr. Mello and Mr. Kelly are expected to receive an equity-based award under the plan for 2004 which has not yet been determined. The Compensation Committee has approved, subject to the approval of the amended and restated plan by our stockholders at the 2005 annual meeting of stockholders, the payment of an award to Mr. Thiry for 2004 in an amount of up to \$7 million. If the amended and restated plan is not approved by our stockholders at the 2005 annual meeting of stockholders, Mr. Thiry's award for 2004 will be limited to the \$5 million maximum award permitted under the terms of the plan as originally approved by our stockholders.

Our Compensation Committee, consisting solely of outside directors, as that term is defined by Section 162(m), administers the plan, including, among other things, determining the performance goals for plan participants and the amount of awards payable to them upon the attainment, in whole or in part, of their performance goals. The Compensation Committee also certifies whether or not each participant has met, in whole or in part, his or her performance goals.

No later than 90 days after the commencement of a calendar year, the Compensation Committee is required to designate participants for that year and establish, in writing, the performance goals for each participant and the method of calculating the award that will be payable to each if his or her performance goals are attained, in whole or in part.

The performance goals established by the Compensation Committee for participants are to be based on one or more of the following business criteria: cash generation targets, profit and revenue targets on an absolute or per share basis (including but not limited to EBIT, EBITDA, operating income and EPS), market share targets, acquisition targets, profitability targets (as measured through return ratios or stockholder returns), treatment growth, clinical outcomes, physician relations, employee turnover and employee relations. The performance goals established by the Compensation Committee may apply the criteria to the company as a whole or to any of its subsidiaries or business units.

The maximum amount that may be paid under the plan to any participant for any year is \$10 million. Awards can be paid in cash, shares of our common stock or units representing the right to receive shares of our common stock. The Compensation Committee can add restrictions to shares of our common stock or stock units paid under the plan. For the purpose of determining compliance with the annual \$10 million payment limit, shares of our common stock or stock units will be valued based on the last reported sale price of our common stock on the payment date, without reduction for any restrictions that the Compensation Committee may have applied. If the payment of an award in shares of our common stock or stock units would require approval under the rules of the principal stock exchange on which our common stock is traded, then that payment must be made under the terms of another of our benefit plans for which additional stockholder approval would not be required.

Awards under the plan can only be paid upon attainment of the performance goals established by the Compensation Committee. Unless otherwise provided in a participant's employment agreement or otherwise determined by the Compensation Committee, a participant will not be entitled to receive payments under the plan if he or she is not employed by us when the award is paid. The Compensation Committee can decrease, but not increase, the amount that can be paid upon the attainment of the applicable performance goals for a participant, if the Compensation Committee determines that to do so is in our best interests and the best interests of our stockholders.

The Compensation Committee may withhold from any award any amount that a participant owes us.

The Compensation Committee may amend the plan at any time, provided that stockholder approval of any such amendment will be required to the extent necessary under Section 162(m).

The following table sets forth the target awards that each of the following executives is eligible to receive under the plan for fiscal 2005. Our non-executive directors are not eligible to receive awards under the plan and no employees who are not executive officers are eligible to receive awards under the plan. The only executive officers that are eligible to receive awards under the plan for fiscal 2005 are those listed below.

Name and Position	Target Dollar Value (\$)
Kent J. Thiry	\$ 8,500,000
Chairman of the Board and Chief Executive Officer Joseph C. Mello	\$ 4,000,000

The Board of Directors recommends a vote FOR the amendment and restatement of the DaVita Inc. Executive Incentive Plan.

PROPOSAL NO. 3

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Independent registered public accounting firm

The Audit Committee has appointed KPMG as our independent registered public accounting firm for the fiscal year ending December 31, 2005. Representatives of KPMG are not expected to attend the annual meeting in person, but will be available by teleconference to respond to appropriate questions and to make a statement if they so desire. If KPMG should decline to act or otherwise become incapable of acting, or if KPMG's engagement is discontinued for any reason, the Audit Committee will appoint another independent registered public accounting firm to serve as our independent registered public accounting firm for 2005. Although we are not required to seek stockholder approval of this appointment, the Board of Directors believes that it is a good corporate governance practice to follow. If the appointment is not ratified, the Audit Committee will explore the reasons for stockholder rejection and will reconsider the appointment.

Audit fees

KPMG's aggregate fees billed for the audit of our annual consolidated financial statements and the three quarterly reviews on our Form 10-Q were \$505,000 for the year 2003 and \$1,150,000 for the year 2004. The 2004 audit fee includes KPMG's services in connection with the attestation report on management's assessment of the effectiveness of our internal control over financial reporting as required by Section 404 of the Sarbanes-Oxley Act.

Audit-related fees

KPMG's aggregate fees billed for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and are not reported as Audit fees, including fees for assurance services related to other SEC filings and audits of employee benefit plans, were \$75,000 for the year 2003 and \$148,600 for the year 2004.

Tax fees

KPMG's aggregate fees billed for professional services rendered for tax advice and tax planning were \$65,000 for the year 2003 and \$44,300 for the year 2004. None of these fees were for tax compliance or tax preparation services.

All other fees

KPMG's aggregate fees billed for products and services other than those described above were \$189,000 in the year 2003, and \$23,900 in the year 2004, principally related to benefit plan testing.

Pre-approval policies and procedures

The Audit Committee of our Board of Directors is required to pre-approve the audit, audit-related, tax and all other services in order to assure that the provision of such services does not impair the auditor's independence. The Audit Committee's pre-approval policy provides for pre-approval of all audit, audit-related, tax and all other services provided by KPMG and is available on our website located at <http://www.davita.com>. The Audit Committee pre-approved all such services in 2004 and concluded that such services by KPMG were compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

The Board of Directors recommends a vote FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for fiscal year 2005.

- (2) These nonqualified stock options vest 100% on the 30th day prior to the fifth anniversary of the grant date, subject to accelerated vesting upon the achievement of certain performance objectives or upon a change of control.
- (3) These nonqualified stock options vest 25% on the first anniversary of the grant date, 8.33% after the 20th month from the grant date, then 8.33% every four months thereafter until fully vested after 52 months from the grant date, subject to accelerated vesting upon a change of control.
- (4) The estimated grant date present value reflected in the above table was determined using the Black-Scholes model. The material assumptions and adjustments incorporated in the Black-Scholes model in estimating the value of the options reflected in the above table include the following: (a) the respective option exercise price for each individual grant, equal to the fair market value of the underlying stock on the date of grant; (b) the exercise of options within three and one half years of the date of grant; (c) an average risk-free interest rate of 2.71% per annum; (d) average volatility of 37.7%; and (e) a dividend yield of 0%. The ultimate values of the options will depend on the future market price of our common stock, which cannot be forecasted with reasonable accuracy. The actual value, if any, an optionee will realize upon exercise of an option will depend on the excess of the market value of our common stock over the exercise price on the date the option is exercised. We cannot assure that the value realized by an optionee will be at or near the value estimated by the Black-Scholes model or any other model applied to value the options.

- (1) Value realized upon exercise is determined by subtracting the exercise price from the closing price for our common stock on the date of exercise as reported by the New York Stock Exchange or, for same-day sales, from the actual sale price, and multiplying the remainder by the number of shares of common stock purchased.
- (2) Year-end value is determined by subtracting the exercise price from the fair market value of \$39.53 per share, the closing price for our common stock on December 31, 2004 as reported by the New York Stock Exchange, and multiplying the remainder by the number of underlying shares of common stock.

Employment agreements

On October 18, 1999, we entered into an employment agreement with Mr. Thiry. This agreement was subsequently amended on May 20, 2000 and November 28, 2000, and a further amendment to the agreement was approved by the Compensation Committee on March 30, 2005. As amended, the employment agreement provides for an initial term through December 31, 2001 and will continue thereafter with no further action by either party for successive one-year terms. Mr. Thiry is eligible to receive a bonus based upon the achievement of performance goals as determined by the Compensation Committee and the independent directors in accordance with the Compensation Committee charter. In the event of a constructive discharge following a change in control or a termination for any reason other than material cause or disability, Mr. Thiry will be entitled to a lump sum payment equal to 2.99 times the sum of his then-current base salary and average bonus. Any additional compensation payable to Mr. Thiry upon a change in control would not be reduced by tax obligations possibly imposed by sections 280G or 4999 of the Internal Revenue Code.

On June 15, 2000, we entered into an employment agreement with Mr. Mello. The agreement provides for employment at will, with either party permitted to terminate the agreement at any time, with or without cause, subject to notice requirements. Mr. Mello is entitled to receive an annual performance bonus with the actual amount decided by our chief executive officer and/or Board of Directors. In the event of a constructive discharge following a change in control or a termination for any reason other than material cause, Mr. Mello will be entitled to lump sum payment of his then-current base salary and a lump sum payment equal to two times the sum of the normal bonus he received for the immediately preceding calendar year. In the event of a constructive discharge following a change in control or a termination for any reason other than material cause or disability, Mr. Kelly will be entitled to receive his base salary for the two year period following his termination. Any additional compensation payable to Mr. Kelly upon a change in control would not be reduced by tax obligations possibly imposed by sections 280G or 4999 of the Internal Revenue Code.

On October 15, 2002, we entered into an employment agreement with Ms. Pelliccioni. The agreement provides for employment at will, with either party permitted to terminate the agreement at any time with or without cause. Ms. Pelliccioni is entitled to receive an annual performance bonus of up to \$135,000, with the actual amount, including any amount in excess of the terms of the agreement, to be decided by our chief executive officer and/or Board of Directors.

Each of the employment agreements set forth above include provisions limiting the officer's ability to compete with us or solicit our employees and customers for a period of one to two years following termination of employment.

Management share ownership policy

We have a share ownership policy which applies to all members of our management team at the vice president level and above. The purpose of the policy is to encourage our senior management team to have an ownership stake in the company by retaining a specified number of shares of our common stock. Failure to meet the share ownership guidelines is a factor considered in future compensation and management responsibility decisions.

Both shares owned directly and shares underlying vested, unexercised stock options and vested restricted stock units are counted in determining whether the share ownership guidelines are met. The shares retained must have a current market value of not less than the lower of:

25% of the total equity award value realized by the executive in excess of \$100,000; or

a specific multiple of the executive's base salary.

The salary multiples range from one times salary for vice presidents to three times salary for our chief operating officer and chief financial officer to five times salary for our chief executive officer. As of February 28, 2005 the number of shares that the current named executive officers were required to hold under this policy were as follows: Mr. Thiry, 76,941 shares; Mr. Mello, 35,511 shares; Dr. McAllister, 11,364 shares; Mr. Kelly, 0 shares; and Ms. Pelliccioni, 7,347 shares.

Edgar Filing: DAVITA INC - Form DEF 14A

As of February 28, 2005, 39 of the 40 members of our management team who were subject to this policy, including all of our executive officers, met these share ownership guidelines.

Code of Ethics and Code of Conduct

We have a code of ethics that applies to our chief executive officer, chief financial officer, controller and principal accounting officer, general counsel, all vice presidents and all professionals involved in the accounting and financial reporting functions. We also have a code of conduct that applies to all of our teammates. The code of ethics and the code of conduct can be obtained without charge by contacting us at 601 Hawaii Street, El Segundo, California 90245, (800) 310-4872 or through our website, located at <http://www.davita.com>.

REPORT OF THE COMPENSATION COMMITTEE

REGARDING COMPENSATION

The Compensation Committee of our Board of Directors is currently composed of three independent, non-employee directors. The committee generally meets four to five times a year and the chair has frequent, informal conversations with the other members of the committee. The Compensation Committee met five times during 2004.

Compensation objectives

We have two primary objectives in setting executive officer compensation:

Attract and retain outstanding leadership; and

Align executive compensation with the annual and long-term goals of the company, with an emphasis on variable (versus fixed) compensation tied to corporate and individual performance.

Executive compensation

Toward the end of each fiscal year or at the beginning of the following fiscal year, our chief executive officer conducts a performance and compensation review of each other executive officer. Annual salary and bonus recommendations are then made to and reviewed and voted upon by the Compensation Committee. Our chief executive officer also reviews his detailed quantitative and qualitative assessments of the performance of each of the other executive officers with the committee.

Philosophically, the Compensation Committee attempts to relate executive compensation to those variables over which the individual executive generally has control, as well as to the overall performance of the company. Included in the committee's criteria for approval of recommended salary adjustments, and particularly bonuses and stock-based awards, are achievements measured against annual financial and non-financial targets set at the beginning of the fiscal year for each executive and the company as a whole. These targets were reviewed with the full Board of Directors at the beginning of the year. The financial objectives include improvements in company net operating profit, cost per treatment, operating income growth, revenue growth and capital structure. The non-financial objectives include improvements in quality of care and treatment growth, selection and implementation of improved financial, operating and clinical information systems, enhancement of management performance in attracting and retaining high-performing teammates throughout our organization, implementation of successful public policy efforts and advancement of strategic business initiatives supporting our mission to be the provider, partner and employer of choice.

For 2004 performance, incentive awards for executive officers included cash bonuses, stock options and restricted stock unit awards. Compensation was weighted heavily toward these variable components, with the continuing objective of shifting to more variable pay for performance.

CEO compensation

Mr. Thiry's compensation was initially negotiated with him when he agreed to become the chairman and chief executive officer in October 1999. His initial compensation was established in his employment agreement, and this agreement provides a framework for future compensation decisions. Within this framework, the Compensation Committee has considerable latitude in determining future salary, and in setting bonus levels and granting stock-based awards. The committee also reserves the right to pay outside the terms of this agreement when performance and other circumstances warrant and when in the best interests of stockholders.

Each year, working with an executive compensation consultant, the Compensation Committee compares the compensation of chief executive officers within a peer group of healthcare companies. This peer group is the same peer group used in the comparative performance graph set forth in this proxy statement. In the first quarter of 2005, the Compensation Committee conducted a detailed assessment of Mr. Thiry's and the company's performance. Mr. Thiry's and the company's performance was compared to the quantitative and qualitative financial, operational, strategic and other objectives that the committee had previously reviewed and approved. In

assessing Mr. Thiry's performance, the committee also reviewed detailed written evaluations of Mr. Thiry's performance completed by Mr. Thiry's direct reports and the other members of the management team who worked most closely with Mr. Thiry in 2004. In addition, each Board member completed a detailed written evaluation of Mr. Thiry's performance. These assessments of Mr. Thiry's performance, combined with the peer group comparison, formed the basis for the determination of Mr. Thiry's cash and stock-based compensation.

Under his employment agreement, Mr. Thiry's annual base salary was initially established at \$500,000, and is subject to annual review for merit increases. Mr. Thiry's annual base salary was \$650,000 during 2004. The committee has determined that Mr. Thiry's base salary for 2005 will be increased to \$800,000.

Mr. Thiry is eligible to receive a bonus each year based upon our achievement of performance goals as determined by the committee and the independent directors in accordance with the Compensation Committee charter. In March 2004, the committee determined that Mr. Thiry would be eligible for a cash bonus and restricted stock award of up to \$7,000,000 under the DaVita Inc. Executive Incentive Plan. The number of shares of restricted stock awarded is determined by the market price of our common stock on the date of the award. In order for Mr. Thiry to receive these awards, we had to achieve the operating income goals that the committee established for these awards in March 2004. Additionally, the committee retained the discretion, even if the performance goal was met, to reduce the foregoing awards to the extent it deems appropriate. The performance goal established for 2004 was met.

In March 2005, the committee determined that Mr. Thiry's bonus for 2004 would include a cash award of \$1,975,000 under the DaVita Inc. Executive Incentive Plan. In addition to the cash award, the committee also authorized Mr. Thiry personal travel allowances in 2005, primarily related to taxable long-distance commuting, consistent with 2004. The equity-based component of Mr. Thiry's 2004 bonus under the DaVita Inc. Executive Incentive Plan has not yet been determined. In recommending such equity grant, the committee's goal will be to reward Mr. Thiry commensurate with his 2004 performance, to align his incentive compensation more closely with long-term stockholder value, and to provide equity compensation competitive to that of similar-performing chief executive officers and companies in the peer group.

Long-term incentive compensation

To be competitive in attracting and retaining qualified executive officers and to provide them with performance incentives in addition to salary and bonuses, we have adopted equity compensation plans. In approving stock option and restricted stock unit grant recommendations, the Compensation Committee considers primarily the impact the executive is expected to have on increasing stockholder value and achieving company objectives, and recent performance toward specific goals that contribute to those results. Such specific goals differ among executives, but all relate to the speed and effectiveness with which the company is achieving its mission to be the provider, partner and employer of choice.

\$1 million pay cap

Section 162(m) of the Internal Revenue Code generally limits the deductibility of compensation paid each year to a publicly-held company's chief executive officer and to its four most highly paid senior executive officers to \$1 million per person. Excluded from the \$1 million limitation is compensation that meets pre-established performance criteria or results from the exercise of stock options that meet established criteria. The company's stock option plans and individual grants of stock options under these plans are structured to meet the criteria that excludes them from the \$1 million limitation. The DaVita Inc. Executive Incentive Plan is designed to result in cash and stock-based awards that qualify as performance-based compensation under Section 162(m). The committee intends to structure performance-based compensation to meet the requirements of Section 162(m), including through awards under the DaVita Inc. Executive Incentive Plan, but reserves the right to pay compensation that may not be tax deductible when it believes that it would be in our best interests and those of our stockholders.

STOCK PRICE PERFORMANCE

The following graph shows a comparison of our cumulative total returns, the Standard & Poor's MidCap 400 Index and a peer group index that we have constructed. The graph assumes that the value of an investment in our common stock and in each such index was \$100.00 on December 31, 1999 and that all dividends have been reinvested. The peer group index consists of the following companies: Advance PCS, Apria Healthcare Group, Caremark Rx, Covance, Laboratory Corp. of America, Lincare Holdings, Omnicare, Priority Healthcare, Quest Diagnostics and Renal Care Group. The companies in the peer group index are other providers of non-acute, outpatient or related healthcare services whom we believe are most comparable to us. The peer group index is weighted for the market capitalization of each company within the group.

The comparison in the graph below is based solely on historical data and is not intended to forecast the possible future performance of our common stock.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Joseph C. Mello, our chief operating officer, is the sole shareholder and sole director of two privately-owned companies that have been incorporated in New York to acquire the health facility licenses that are required to operate dialysis centers in New York. New York law prohibits publicly-held companies from owning these facility licenses. Even though we own substantially all of the assets, including the fixed assets, of our New York dialysis centers, the licenses must be held by privately-owned companies, with which we enter into agreements to provide equipment, leased real property and a broad range of administrative services, including billing and collecting. Until the state approves the issuance of the licenses to the companies owned by Mr. Mello, we have similar agreements with the current owners of the licenses, who have agreed to surrender the licenses to the companies owned by Mr. Mello upon state approval. We have also committed to provide financing to Mr. Mello and the companies owned by Mr. Mello for the future working capital needs of these entities, as required by the state. As of December 31, 2004, neither of these companies had yet acquired any health facility licenses and we had not advanced any working capital to them or Mr. Mello. The shares of these companies are subject to share transfer restriction agreements, under which Mr. Mello cannot transfer the shares without our consent, and we can require Mr. Mello to transfer the shares to another individual whom we designate at any time. All assets, liabilities, and operating results of these companies are included in our consolidated financial statements.

Nancy-Ann DeParle, one of our directors, is a senior advisor to JPMorgan Partners, LLC, an affiliate of J.P. Morgan Securities Inc., which was an initial purchaser of our 6⁵/₈% senior notes and our 7¹/₄% senior subordinated notes, and an affiliate of JPMorgan Chase Bank, N.A., which we expect will be the administrative agent, collateral agent and a lender under the new senior secured credit facilities which we expect to enter into to finance our pending acquisition of Gambro Healthcare, Inc.

AMENDED AND RESTATED EXECUTIVE INCENTIVE PLAN

DAVITA INC. EXECUTIVE INCENTIVE PLAN

(As Amended and Restated Effective March 30, 2005)

PURPOSE.

The purpose of the DaVita Inc. Executive Incentive Plan (the *Plan*) is to provide annual incentive compensation payments (*Awards*) to senior executives that are directly tied to the attainment of business objectives of DaVita Inc. (the *Company*) and to the attainment of its *mission* to be the partner, provider, and employer of choice and that may qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended, and the regulations thereunder (the *Code*).

ELIGIBILITY.

The Chief Executive Officer of the Company and each other senior executive of the Company who is determined by the Compensation Committee (the *Committee*) of the Board of Directors of the Company (the *Board*) to be likely to be deemed to be a covered employee under Section 162(m) of the Code for a calendar year shall be eligible to participate in the Plan for such calendar year (the *Participants*).

ADMINISTRATION.

The Plan shall be administered by the Committee, which shall consist solely of two (2) or more directors, each of whom is an outside director within the meaning of Section 162(m) of the Code. The members of the Committee shall be appointed by the Board and may be changed from time to time at the discretion of the Board.

The Committee shall have the authority:

- (1) to select the Participants in the Plan for each calendar year;
- (2) to establish and administer the performance goals and the amount of the Award for each Participant for each calendar year;
- (3) to certify whether the performance goals for each Participant for each calendar year have been satisfied;

Edgar Filing: DAVITA INC - Form DEF 14A

- (4) to construe, interpret, and implement the Plan;
- (5) to prescribe, amend, and rescind rules and regulations relating to the Plan and the administration of the Plan;
- (6) to make all determinations necessary or advisable in administering the Plan; and
- (7) to reduce the amount payable under any Award granted under the Plan if, in the judgment of the Committee, such reduction is in the best interests of the Company and its stockholders.

Any determination by the Committee shall be final and binding.

AWARDS.

No later than 90 days after the commencement of each calendar year, the Committee shall designate the Participants for such calendar year, shall establish, in writing, the performance goals for each Participant and the method of calculating the amount of the Award that will be payable under the Plan to each Participant if the performance goals established by the Committee for the Participant are attained, in whole or in part. Such method shall be stated in terms of an objective formula or standard that precludes discretion to increase the amount of the Award that would be payable to the Participant upon attainment of the goals.

B-1

The performance goals for each Participant shall be based on one or more of the following business criteria: cash generation targets, profit and revenue targets on an absolute or per share basis (including but not limited to EBIT, EBITDA, operating income and EPS), market share targets, acquisition targets, profitability targets (as measured through return ratios or stockholder returns), treatment growth, clinical outcomes, physician relations, employee turnover and employee relations. Such business criteria may, in the discretion of the Committee, be applied to the Participant, the Company as a whole, or any designated subsidiary or business unit of the Company or a subsidiary thereof.

PAYMENT OF AWARDS.

As soon as practicable after the Committee's certification of a Participant's attainment of the performance goals established by the Committee for such Participant, the Company shall pay to the Participant the amount of the Award earned by the Participant. Payment may be made in cash, in shares of common stock of the Company (Common Stock), or in units representing the right to receive shares of Common Stock (Stock Units). Shares of Common Stock or Stock Units granted to a Participant in payment of an Award may be subject to such restrictions as determined by the Committee in its discretion. The date on which a cash payment is made to the Participant in the case of an Award paid in cash, or the date on which shares of Common Stock or Stock Units are granted to the Participant in the case of an Award paid in shares of Common Stock or Stock Units, is hereinafter referred to as the Payment Date . To the extent the payment of an Award in shares of Common Stock or Stock Units would require stockholder approval under the rules of the principal national securities exchange on which the Common Stock is traded or listed, such payment shall be made pursuant to an equity compensation plan of the Company, other than the Plan, under which such payment can be made without further approval by the Company's stockholders.

The maximum amount that may be paid as an Award under the Plan to any Participant for any calendar year is Ten Million Dollars (\$10,000,000). For this purpose, the amount of an Award that is paid in shares of Common Stock or Stock Units shall be valued without reduction for any restrictions to which such shares of Common Stock or Stock Units may be subject and shall be based on the last reported sale price regular way on the Payment Date, or if no such reported sale takes place on the Payment Date, the average of the last reported bid and ask prices regular way on the Payment Date, in either case on the principal national securities exchange on which the Common Stock is traded or listed. If on the Payment Date the principal national securities exchange on which the Common Stock is traded or listed is closed, the value of the shares of Common Stock or Stock Units shall be determined as of the last preceding day on which the Common Stock was traded or for which bid and asked prices are available.

An Award shall be paid under this Plan to a Participant for any calendar year solely on account of the attainment of the performance goals established by the Committee with respect to such Participant for such calendar year. An Award to a Participant shall, except as otherwise provided herein, also be contingent upon the Participant's continued employment by the Company or a subsidiary of the Company on the Payment Date.

OFFSETS OF BENEFITS.

The Company shall have the right to withhold from Award payments any amounts that a Participant owes to the Company. The Company also shall have the right to use any Award to offset any incentive compensation payments required to be provided to an employee pursuant to the terms of that employee's employment agreement.

TERMINATION OF EMPLOYMENT.

Edgar Filing: DAVITA INC - Form DEF 14A

If a Participant's employment with the Company terminates prior to the Payment Date for an Award, then the Participant shall not be entitled to any payment with respect to the Award, unless otherwise provided by the terms of the Participant's employment agreement, or otherwise determined by the Committee, in its sole discretion.

B-2

If any payee is a minor, or if the Committee reasonably believes that any payee is legally incapable of giving a valid receipt and discharge for any payment due him or her, the Committee may have the payment made to the person (or persons or institution) whom it reasonably believes is caring for or supporting such payee. Any such payment shall be a payment for the benefit of the payee and shall be a complete discharge of any liability under the Plan to the payee.

EFFECTIVE DATE.

Payment of any Award under this amended and restated Plan shall be contingent upon stockholder approval of this amended and restated Plan pursuant to Section 162(m) of the Code. All Awards under this amended and restated Plan shall be null and void if this amended and restated Plan is not approved by such stockholders.

After stockholder approval of this amended and restated Plan has been obtained at the 2005 annual meeting of stockholders, the material terms of the performance goals shall be disclosed to and reapproved by the stockholders no later than the first stockholder meeting in 2010.

COMMITTEE CERTIFICATION.

Prior to the payment of any Award to a Participant, the Committee will certify in writing that the applicable performance goals were in fact satisfied.

AMENDMENT OF THE PLAN.

The Board may from time to time alter, amend, suspend, or discontinue the Plan. However, no such amendment or modification shall adversely affect any Participant's rights with regard to outstanding, previously certified Awards.

ASSIGNABILITY.

No Awards granted under the Plan shall be pledged, assigned, or transferred by any Participant except by a will or by the laws of descent and distribution. Any estate of any Participant receiving any Award under the Plan shall be subject to the terms and conditions of the Plan.

TAX WITHHOLDING.

Award payments made to Participants shall be made net of any amounts necessary to satisfy federal, state and local withholding tax requirements, where required by law.

Edgar Filing: DAVITA INC - Form DEF 14A

NO CONTRACT OF EMPLOYMENT.

Neither the action of the Company in establishing this Plan, nor any provisions hereof, nor any action taken by the Company, the Committee or the Board pursuant to the Plan and its provisions, shall be construed as giving to any employee or Participant the right to be retained in the employ of the Company.

OTHER PROVISIONS.

Any expenses and liabilities incurred by the Board, the Committee or the Company in administering the Plan shall be paid by the Company.

Amounts paid to a Participant with respect to Awards under the Plan shall have no effect on the level of benefits provided to or received by such Participant, or the Participant's estate or beneficiaries, as a part of any other employee benefit plan or similar arrangement provided by the Company, except as provided under the terms of such other employee benefit plan or similar arrangement.

The Plan and all actions taken under the Plan shall be governed by, and construed in accordance with, the laws of the State of Delaware without regard to the conflict of law principles thereof.
