- (1) Microsemi Corporation has shared voting power with respect to 3,664,831 shares of APT Common Stock (as defined in Item 1, below). Those 3,664,831 shares of APT Common Stock are subject to Voting Agreements (discussed in Item 6 below). Microsemi expressly disclaims beneficial ownership of any of the shares of APT Common Stock covered by the Voting Agreements. Based upon the 10,826,064 shares of APT Common Stock outstanding as of November 1, 2005 (as represented by APT in the Merger Agreement and discussed in Item 4 below), 3,664,831 shares would equal approximately 33.8% of the outstanding shares of APT Common Stock.

Edgar Filing: ADVANCED POWER TECHNOLOGY INC - Form SC 13D

stock of APT. The foregoing are maximum amounts and are estimated based on the hypothetical exercise of all outstanding stock warrants and stock options previously issued by APT. To the extent that APT stock warrants or options remain outstanding immediately prior to the merger, they will be assumed by Microsemi and become warrants and options to purchase Microsemi Common Stock.

ITEM 4. PURPOSE OF TRANSACTION.

On November 2, 2005, Microsemi, APT Acquisition Corp., and APT entered into an Agreement and Plan of Merger (the Merger Agreement), which provides for APT Acquisition Corp. to be merged with and into APT in accordance with Delaware General Corporation Law and the Merger Agreement (the Merger). As a result of the Merger, APT will become the surviving corporation and a wholly owned subsidiary of Microsemi. At such time, the members of the Board of Directors of APT shall resign. The Merger is subject to receipt of regulatory approvals, the approval of APT's stockholders and other closing conditions. As a result of the Merger, each holder of APT Common Stock will be entitled to receive 0.435 of a share of Microsemi Common Stock plus \$2.00 (two dollars) in cash per share of APT Common Stock, with payment of cash in lieu of any fractional share of Microsemi Common Stock. The APT Common Stock shall therefore be held solely by Microsemi and be eligible for termination of registration pursuant to Section 12(g)(4) of the Securities Exchange Act of 1934. The Merger is intended to be a reorganization for U.S. federal income tax purposes.

The Merger Agreement has been previously filed as Exhibit 2.6 to Microsemi's Current Report on Form 8-K, which was filed on November 7, 2005 and is incorporated herein by this reference. The preceding summary of certain provisions of the Merger Agreement is not intended to be complete and is qualified in its entirety by reference to the full text of such agreement.

Except as set forth in Items 3, 4, 5 or 6, neither Microsemi nor, to the best knowledge of Microsemi, any of its directors or executive officers, have any plans or proposals that relate to or would result in any of the matters set forth in clauses (a) through (j) of Item 4 of Schedule 13D.

ITEM 5. INTEREST IN SECURITIES OF THE ISSUER.

(a),(b) Pursuant to the Voting Agreement (as defined in Item 6), Microsemi may be deemed to have shared voting power of 3,664,831 currently outstanding shares of APT Common Stock. Such APT Common Stock constitutes approximately 33.8% of the shares of APT Common Stock currently outstanding. However, Microsemi (i) is not entitled to any rights as a shareholder of APT as to the shares that are subject to the Voting Agreement and (ii) disclaims any beneficial ownership of the shares of APT Common Stock which are covered by the Voting Agreements.

To the best knowledge of Microsemi, no executive officer or director of Microsemi beneficially owns any shares of APT Common Stock.

(c) Except as described above, there have been no transactions in APT Common Stock by Microsemi during the past 60 days.

To the best knowledge of Microsemi, there have been no transactions in APT Common Stock by any of Microsemi's executive officers or directors during the past 60 days.

(d) Not applicable.

(e) Not applicable.

ITEM 6. CONTRACTS, ARRANGEMENTS, UNDERSTANDINGS OR RELATIONSHIPS WITH RESPECT TO SECURITIES OF THE ISSUER.

As of November 11, 2005, as a condition and as an inducement for Microsemi's execution of the Merger Agreement, certain directors and officers of APT, each of whom entered into and is bound by such Voting Agreement solely in the capacity as a stockholder, entered into Stockholder Voting Agreements with Microsemi (each, a Voting Agreement and, collectively, the Voting Agreements). As more fully described in the Voting Agreements, each of these stockholders has agreed to vote all shares of APT Common Stock owned or controlled by such stockholder in favor of the Merger and also agreed not to solicit any proposals or offers relating to any other merger or other business combination involving APT during the term of the Merger Agreement. The Voting Agreements terminate upon the termination, if any,

of the Merger Agreement prior to the effective time of the Merger or upon the effective time of the Merger. As of November 11, 2005, the shareholders of APT that have entered into the Voting Agreements beneficially owned 3,664,831 outstanding shares of APT Common Stock (representing approximately 33.8% of the outstanding shares of APT Common Stock).

As a further condition and inducement to Microsemi's entering into the Merger Agreement, certain holders of options of APT agreed to enter into an Option Assumption Agreement, which evidences the terms of Microsemi's assumption of an option or options to purchase APT Common Stock granted to holders under the APT Stock Option Plans.

Additionally, certain stockholders and/or option holders of APT agreed to enter into Lock-up Agreements as a condition and inducement to Microsemi's entering into the Merger Agreement. The holders agreed not to directly or indirectly transfer, sell, dispose of, or otherwise encumber any shares of APT Common Stock or Microsemi Common Stock received in exchange for APT Common Stock pursuant to the Merger for a specified period.

The forms of Voting Agreement and Lock-up Agreement were filed as Exhibits 10.101 and 10.102, respectively, to the Microsemi Annual Report on Form 10-K filed on December 16, 2005, and are incorporated herein by this reference. The form of the Option Assumption Agreement was previously filed in Exhibit 2.6 on Microsemi's Current Report on Form 8-K as filed on November 7, 2005 and are incorporated herein by this reference. The preceding summary of certain provisions of these agreements is not intended to be complete and is qualified in its entirety by reference to the full text of such agreements.

Except as set forth in Items 3, 4, 5 or 6, neither Microsemi nor, to the best knowledge of Microsemi, any of its directors or executive officers, have any contracts, arrangements, understanding or relationships (legal or otherwise) with any other person with respect to any securities of APT.
