Voting Procedures

All record holders of issued and outstanding shares of Common Stock are entitled to vote on Proposal 1. Brokers who hold shares in street name for customers have the authority under the rules of the various stock exchanges to vote on certain items when they have not received instructions from beneficial owners. Brokers that do not receive instructions are entitled to vote those shares with respect to the election of directors. Shares for which brokers have not received instructions, and therefore are not voted with respect to a certain proposal are referred to as broker non-votes.

Under Florida law and our Bylaws, the presence in person or by proxy of shareholders entitled to cast a majority of all votes entitled to be cast on the matter at the annual meeting constitutes a quorum, except that under our Bylaws, in no event shall a quorum consist of less than one-third of the shares entitled to vote. A share that is represented for any purpose is deemed present for quorum purposes. Therefore, abstentions and broker non-votes will count for purposes of determining if there is a quorum present at the annual meeting.

Compensation of Directors

Our 2001 Equity Participation Plan provides that all non-employee directors, upon their initial election or appointment to the Board of Directors, will be granted non-qualified stock options to purchase 25,000 shares of Class A Common Stock with a per share exercise price equal to the fair market value per share of our Class A Common Stock at the grant date. Such options will vest and become exercisable in equal annual installments on

each of the first five anniversaries of the grant date so long as the person continues to serve as a member of our Board of Directors. Additionally, during each fiscal year, each continuing non-employee director will receive an annual grant of non-qualified stock options to purchase shares of Class A Common Stock. The number of shares will be determined by the full Board of Directors annually. The per share exercise price of these options will equal the fair market value per share of our Class A Common Stock at the grant date. On July 22, 2005, each of our continuing non-employee directors, Messrs. Carr, Cocroft, Hawkins, Langer and Nielsen, received an annual grant of non-qualified stock options to purchase 10,000 shares of our Class A Common Stock at an exercise price of \$14.80. On July 22, 2005, Mr. Bernstein also received an annual grant of non-qualified stock options to purchase 10,000 shares of our Class A Common Stock at an exercise price of \$14.80. Each of these grants of options will fully vest and become exercisable in equal annual installments on the day prior to each of the first three subsequent annual meeting of shareholders following the grant date.

Effective July 1, 2005, the Board revised director compensation to reflect the increased time obligations imposed upon our non-employee directors. The annual retainer for each non-employee director increased from \$20,000 to \$25,000. In addition, the per meeting fee payable to each non-employee director was revised from \$1,000 per meeting to (i) \$1,500 per in-person meeting, or any meeting that lasts three hours or more, of the Board of Directors or any Board committee and (ii) \$500 per telephonic meeting of the Board of Directors or any Board committee. Non-employee directors are also reimbursed for incidental expenses associated with each Board of Directors meeting. The additional retainer payable to the Audit Committee Chair was increased from \$5,000 to \$7,500, while annual retainer fees of \$5,000 for the Chairs of each of SBA's Compensation Committee and Nominating and Governance Committee were implemented. All retainer fees are payable quarterly in cash or shares of Class A Common Stock at the option of the director. Other than the Chairs of each of the committees, directors who serve on any of the committees of the Board of Directors described below do not receive any additional compensation for their services as a committee member.

During 2005, each of Messrs. Cocroft, Nielsen and Langer received the pro-rated portion of such additional annual cash compensation for his service as Chairman of the Audit Committee, Chairman of the Compensation Committee and Chairman of the Nominating and Governance Committee, respectively. Directors who are employees do not receive any additional compensation for their services as a director.

Mr. Bernstein received approximately \$40,000 in total compensation during 2005 and is expected to receive approximately \$40,000 in total compensation during 2006.

Independence of the Board

The Board of Directors has determined that the following five individuals of its seven members of the Board of Directors are independent as defined by the Nasdaq Marketplace Rules: Messrs. Carr, Cocroft, Hawkins, Langer and Nielsen.

Edgar Filing: SBA COMMUNICATIONS CORP - Form DEF 14A

Our Board of Directors has three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Governance Committee. On March 4, 2004, the Board of Directors approved our Code of Ethics. The Code of Ethics sets forth standards of conduct applicable to our Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer to promote honest and ethical conduct, full, fair, accurate, timely and understandable disclosure, and compliance with applicable governmental rules and regulations. Our Code of Ethics is available to view at our website, www.sbsite.com.

Audit Committee. The Audit Committee presently consists of Messrs. Carr, Cocroft and Nielsen. Our Board of Directors has determined that the members of the Audit Committee are independent directors as defined under Rule 4200(a)(15) of The Nasdaq Stock Market Inc.'s Marketplace Rules. The Audit Committee has been assigned the principal function of establishing our audit policies, selecting our independent auditors and overseeing the engagement of our independent auditors. The Audit Committee's responsibilities are set forth in an Audit Committee Charter, a copy of which is attached as Appendix A and can be found on SBA's website www.sbsite.com. The Board of Directors has designated Mr. Cocroft the audit committee financial expert as defined by the rules promulgated by the Securities and Exchange Commission (the SEC). The Audit Committee held 12 meetings during the year ended December 31, 2005.

Compensation Committee. The Compensation Committee presently consists of Messrs. Hawkins, Langer and Nielsen. The Compensation Committee has been assigned the functions of establishing salaries, incentives and other forms of compensation for executive officers and administers incentive compensation and benefit plans provided for employees. The Compensation Committee held 8 meetings during the year ended December 31, 2005.

Nominating and Governance Committee. In 2005, the Board of Directors expanded the function of our nominating committee to include a role in shaping the corporate governance of SBA. The nominating committee was re-designated as the Nominating and Governance Committee. The members of the Nominating and Governance Committee are Messrs. Cocroft, Hawkins and Langer. Our Board of Directors has determined that the members of the Nominating and Governance Committee are independent directors as defined under Rule 4200(a)(15) of The Nasdaq Stock Market Inc.'s Marketplace Rules. The Nominating and Governance Committee has been assigned the functions of (i) soliciting, considering, recommending and nominating candidates to serve on the Board under criteria adopted by it from time to time; (ii) advising the Board with respect to Board composition, procedures and committees; (iii) overseeing periodic evaluations of the Board and Board committees, including establishing criteria to be used in connection with such evaluations; and (iv) reviewing and reporting to the Board on a periodic basis with regards to matters of corporate governance. The Nominating and Governance Committee's responsibilities are set forth in a Nominating and Governance Committee Charter, a copy of which can be found on SBA's website, www.sbsite.com. The Nominating and Governance Committee held 4 meetings during the year ended December 31, 2005.

The Nominating and Governance Committee considers possible candidates from many sources, including shareholders, for nominees for directors. If a shareholder wishes to recommend a nominee for director, written notice should be sent to the Corporate Secretary by December 1, 2006 in accordance with the instructions set forth later in this proxy statement under Shareholder Proposals for 2007 Annual Meeting. Each written notice must set forth: (1) the name and address of the shareholder who is making the nomination; (2) the number of shares of SBA's Common Stock which are beneficially owned by the shareholder and a representation that the shareholder is a holder of record of Common Stock of the Corporation entitled to vote at such annual meeting of the shareholders and intends to appear in person or by proxy at the meeting and nominate the person specified in the notice; (3) the name of the director candidate; (4) a complete resume or statement of the candidate's qualifications (including education, work experience, knowledge of SBA's industry, membership on the board of directors of another corporation and civic activity); (5) a description of all arrangements or understandings between the shareholder and the candidate and/or any other person or persons pursuant to which the nomination is to be made by the shareholder; (6) such other information regarding a candidate as would be required to be included in a proxy statement, including information with respect to a candidate's independence as defined under the rules and regulations promulgated by the SEC and The Nasdaq Stock Market and information regarding the

Table of Contents

candidate's attributes that the Nominating and Governance Committee would need to consider in order to assess whether such candidate would qualify as an audit committee financial expert as defined by the rules and regulations promulgated by the SEC; and (7) the candidate's consent to serve as a director of SBA if elected. The Nominating and Governance Committee will evaluate the suitability of potential candidates nominated by shareholders in the same manner as other candidates recommended to the Nominating and Governance Committee, in accordance with the Criteria for Nomination to the Board of Directors set forth in the Nominating and Governance Committee charter, which, as discussed above, can be found on SBA's website, www.sbasite.com.

From time to time, the Nominating and Governance Committee has retained the services of Korn/Ferry International, a third party search firm providing recruitment and leadership development services, to assist the Nominating and Governance Committee in identifying and evaluating potential nominees for the Board of Directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers and persons who own more than 10% of our outstanding Common Stock to file with the SEC reports of changes in their ownership of Common Stock. Officers, directors and greater than 10% shareholders are also required to furnish us with copies of all forms they file under this regulation. To our knowledge, based solely on a review of the copies of such reports furnished to us and representations that no other reports were required, during the year ended December 31, 2005, all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% shareholders were complied with.

Compensation Committee Interlocks and Insider Participation

Mr. Carr served on the Compensation Committee through May 18, 2005, the date of our 2005 annual shareholders' meeting. None of the members of the Compensation Committee served as an officer or employee of ours or any of our subsidiaries during the fiscal year ended December 31, 2005. There were no material transactions between us and any of the members of the Compensation Committee during the fiscal year ended December 31, 2005.

AUDIT COMMITTEE REPORT

The Audit Committee oversees the accounting and financial reporting process of SBA on behalf of the Board of Directors of SBA. Management has primary responsibility for SBA's financial statements, financial reporting process and internal controls over financial reporting. The independent auditors are responsible for performing an independent audit of SBA's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and evaluating the effectiveness of internal controls and issuing a report thereon. The Audit Committee's responsibility is to select the independent auditors and monitor and oversee the accounting and financial reporting processes of SBA, including SBA's internal controls over financial reporting, and the audits of the financial statements of SBA.

During the course of 2005 and the first quarter of 2006, the Audit Committee regularly met and held discussions with management and the independent auditors. In the discussions related to SBA's consolidated financial statements for fiscal year 2005, management represented to the Audit Committee that such consolidated financial statements were prepared in accordance with U. S. generally accepted accounting principles. The Audit Committee reviewed and discussed with management and the independent auditors the audited consolidated financial statements for fiscal year 2005, management's annual report on internal control over financial reporting, the results of the independent auditor's testing and evaluation of SBA's internal control over financial reporting and the independent auditor's attestation report regarding management's assessment of internal control over financial reporting.

In fulfilling its responsibilities, the Audit Committee discussed with the independent auditors the matters that are required to be discussed by Statement on Auditing Standards No. 61 (as amended) (Communication with Audit Committees). In addition, the Audit Committee received from the independent auditors the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent auditors that firm's independence. In connection with this discussion, the Audit Committee also considered whether the provision of services by the independent auditors not related to the audit of SBA's financial statements for fiscal year 2005 is compatible with maintaining the independent auditors' independence. The Audit Committee's policy is that it must approve any audit or permitted non-audit service proposed to be performed by its independent auditors in advance of the performance of such service.

Based upon the Audit Committee's discussions with management and the independent auditors and the Audit Committee's review of the representations of management and the report and letter of the independent auditors provided to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements for the years ended December 31, 2005 be included in SBA's Annual Report on Form 10-K, for filing with the SEC.

See the portion of this proxy statement titled "Committees and Meetings of the Board" on page 5 for information on the Audit Committee's meetings in 2005.

Pre-Approval Policies and Procedures for Audit and Permitted Non-Audit Services

The Audit Committee has a policy of considering and, if deemed appropriate, approving, on a case by case basis, any audit or permitted non-audit service proposed to be performed by Ernst & Young LLP in advance of the performance of such service. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has not implemented a policy or procedure which delegates the authority to approve, or pre-approve, audit or permitted non-audit services to be performed by Ernst & Young LLP. In connection with making any pre-approval decision, the Audit Committee must consider whether the provision of such permitted non-audit services by Ernst & Young LLP is consistent with maintaining Ernst & Young's status as our independent auditors.

Consistent with these policies and procedures, the Audit Committee approved all of the services rendered by Ernst & Young LLP during fiscal year 2005, as described above.

COMPENSATION COMMITTEE REPORT

Overview

The Compensation Committee (the Committee) establishes salaries, incentives and other forms of compensation for our executive officers, consisting of our Named Executive Officers in this proxy statement and our Chief Accounting Officer (the Officer Group). This includes awards under SBA's equity-based compensation plans. The Committee's current policy is to insure that compensation programs contribute directly to the success of SBA, including enhanced share value. The Committee's responsibilities are set forth in a written charter that has been adopted by the Committee and the Board. A copy of this charter is available on our website at www.sbsite.com. We periodically review and revise this charter.

The Committee's membership is determined by the Board and is composed entirely of independent directors. The Committee is currently comprised of three independent directors. The Committee Chairperson reports on Committee actions and recommendations at Board meetings.

The Committee has the authority to engage the services of outside advisers, experts and others to assist the Committee in fulfilling its duties and responsibilities. In connection with the Committee's deliberations for 2005 and 2006 compensation, the Committee directly selected and retained Mercer Human Resource Consulting (Mercer), an independent compensation consulting firm, to advise the Committee. Currently, the Committee receives from Mercer, every other year, a comprehensive position-by-position benchmarking analysis regarding base salary and total compensation levels at the companies which comprised our comparator group (as described below). In the alternate years, Mercer provides the Committee with a market update which updates their prior year's benchmarking analysis with estimates of market salary increases, changes in equity incentive trends and other trends in the compensation area. Mercer reports directly to the Committee. We believe that the use of an independent consultant provides additional assurance that our programs are reasonable and consistent with SBA's objectives.

Philosophy

Our compensation programs are designed to:

Provide competitive compensation and benefits to attract and retain the highest quality officers;

Provide variable pay opportunities through bonus plans and incentive plans that reward performers who contribute to superior company results; and

Establish an appropriate relationship between compensation and the creation of long-term shareholder value.

Accordingly, the total compensation of the Officer Group has been set at levels that are intended to be competitive with companies of similar size and complexity. In order to establish total compensation levels, we review compensation practices at selected peer companies in the tower and wireless telecommunications industries and a broader group of companies of similar revenue size as SBA bi-annually. The comparator group that we use in these analyses is more extensive than the list of companies comprising the peer group used in the stock performance graph in this proxy statement as the Committee believes that the market for top tier executive talent is broader than our direct industry competitors. On

Edgar Filing: SBA COMMUNICATIONS CORP - Form DEF 14A

the alternate years, we review the market update that Mercer provides. We do not target a specific position in the range of comparative data for each individual or for each component of compensation; although during the last bi-annual review we considered that a range of base salary and total compensation of 80% to 125% of the median base salary and total compensation of the comparator group would be competitive. We establish individual compensation levels based on the reviews discussed above, our financial and operational performance and other factors regarding the individual officer such as level of responsibility, prior experience, and our judgment as to that officer's individual performance.

Table of Contents

To achieve its policy goals, the Committee has utilized salary, cash bonuses and grants of stock options. The Committee has focused on the establishment of salaries and other items of compensation that are externally competitive and internally equitable for each member of our Officer Group. We do not currently provide the Officer Group with other long term incentive compensation other than the ability to contribute their earnings to SBA's 401(k) Plan or participate in SBA's Employee Stock Purchase Plan.

Executive Compensation Components and Practices (other than the Chief Executive Officer)

Salaries. At the beginning of each fiscal year, the Committee reviews salary recommendations for each member of our Officer Group (other than the Chief Executive Officer) and then approves such recommendations, with modifications that it deems appropriate. The salary recommendations are made by the Chief Executive Officer. Salaries are determined based on the bi-annual benchmarking review and the alternate year market update reviews discussed above and, evaluations of each individual officer, market changes and the economic and business conditions affecting SBA at the time of the evaluation. Evaluations of each individual officer are based on a relative valuing of the duties and responsibilities of such officer, such officer's role in developing and implementing SBA's overall business strategy and such officer's past and expected future performance.

As a result of its reviews, for fiscal year 2005 the Committee approved an average salary increase of 3.5% for each member of the Officer Group (other than the Chief Executive Officer) and for fiscal 2006, the Committee has approved salary increases ranging from 2.7% to 5.9% for each member of the Officer Group (other than the Chief Executive Officer). In addition, the Committee has adopted a policy that future base salary annual increases will be tied into the market survey received from the Committee's independent consultant. Current policy provides that no future base salary increases can cause an officer's base salary to exceed 115% of the 50% percentile or 100% of the 75 percentile of the market study and if the Officer's Salary is above 100% of the 50 percentile of the market study, the salary increase will not exceed the market average increase as determined by the Committee's consultant.

Bonuses. Based upon recommendation of the Chief Executive Officer, the Committee establishes target annual incentive opportunities, expressed as a percent of base salary, for each member of the Officer Group (other than the Chief Executive Officer). These opportunities are established in accordance with SBA's guiding principles and are set in much the same manner as described for salary structures and annual salary adjustments. Other than Mr. Silberstein (whose bonus is tied to a formula as discussed below), the target annual bonus potentials range from approximately 50% to 100% of base salary for the officers in the Officer Group.

Annual incentive opportunities are tied directly to the achievement of individual and company-wide financial and strategic performance targets that are established at the beginning of each year by the Committee based on recommendations from the Chief Executive Officer. At the end of each year, the Chief Executive Officer provides the Committee with his recommendations regarding the performance of each member of the Officer Group (other than the Chief Executive Officer) against his or her performance targets and the amount of bonus to be paid to such officer. The annual cash bonus of Mr. Silberstein, who heads our tower leasing efforts, is determined pursuant to a formula that measures the net revenue added to our tower portfolio from new tenant leases and amendments to existing tenant leases. Payment of cash bonuses is made after the filing of the Annual Report on Form 10-K.

In January and February of 2006, the Committee reviewed the accomplishments of each member of the Officer Group during 2005 against the performance goals established at the beginning of the year. The Committee reviewed a number of factors, including the following:

the significant increase in site leasing revenue;

the significant increases in tower cash flow and tower cash flow margins;

the year over year growth of Adjusted EBITDA;

Table of Contents

the successful reduction of SBA's leverage from 9.8x at year-end 2004 to 6.5x at year-end 2005, through two equity offerings and a successful securitization offering;

the improvement in cash flow from operating activities;

SBA meeting its stretch goals for tower acquisitions and ground lease purchases;

successful completion of two equity offerings and a securitization transaction;

successfully completing the 2005 audit and maintaining full compliance of SBA's Sarbanes-Oxley obligations, including its audit of internal controls;

not achieving the budgeted profit margins in the services segment of our business; and

not meeting the new tower build budget for 2005.

Based upon this review, the bonuses paid to our Officer Group (other than the Chief Executive Officer and Mr. Silberstein) for 2005 results ranged from 30% to 100% of their target bonus potential.

For 2006 the Committee has approved, for each member of the Officer Group, certain performance targets and corresponding weightings that will be used to determine such officer's 2006 bonus.

Equity-Based Compensation. The Committee's philosophy is that a portion of an executive's compensation should be based directly upon the value of long-term incentive compensation in the form of stock ownership or stock option awards so as to align the financial interests of our officers with those of our shareholders. The Committee believes that providing executives with the opportunities to acquire significant stakes in our growth and prosperity (through grants of stock options), while maintaining other elements of our compensation program at externally equitable levels, will incentivize and reward officers for sound business management, develop a high-performance team environment, the accomplishment of short-term and long-term strategic and operational objectives and improvement in shareholder value which are essential to our ongoing success.

In 2005, the Committee established general guidelines for the number of options to be awarded to the Officer Group through 2007. In conjunction with the development of these guidelines, the Committee evaluated the use of stock options as compared to restricted stock and received a report from Mercer with alternatives and recommendations. After a consideration of the relevant tax, accounting, dilution, valuation, incentive and other considerations, the Committee concluded that stock option awards were the appropriate form of equity-based, long-term incentive compensation. In determining the aggregate amount of options to be awarded company-wide, the Committee carefully considers the dilutive impact of stock options on SBA's shareholder base and determines the appropriate aggregate amount of options to be awarded as a percentage of outstanding shares. The Committee also considers the value of such option grants based on a Black-Scholes multiple of base salary compensation analysis and compares all of this information to comparative group data compiled by Mercer. In 2005, the Committee determined that the total amount of options that would be granted would be 2.0% of common shares then outstanding and established general guidelines for the number of options to be awarded to the Officer Group through 2007. In 2006, in line with the guidelines adopted in 2005, the Committee determined that the total amount of options that would be granted in 2006 would be 1.4% of common shares then outstanding, a 30% reduction from 2005.

In general, stock options for our Officer Group are granted at least at the prevailing market price on the grant date and thus will only have value if our stock price increases. Generally, grants vest in equal amounts over a period of four years. The Committee grants options to eligible participants under our Equity Participation Plan once per year, typically in the first fiscal quarter. The Committee (1) sets the percentage of the total options to be awarded that will be allocated to the Officer Group, (2) approves the absolute number of options to be awarded to

Table of Contents

the Chief Executive Officer and (3) approves the Chief Executive Officer's recommended allocation of the remainder of the Officer Group award to the other individual members of the Officer Group. The Committee then authorizes the Chief Executive Officer to award the remainder of the annual option grants using his discretion as to the number of recipients and the amount of the individual awards.

Other Benefits. In addition to salary, bonus, and stock options, SBA only provides a health insurance and medical reimbursement benefit and a 401(k) match up to \$3,000 to its Officer Group.

Compensation of Chief Executive Officer

The Committee fixes the base salary of the Chief Executive Officer based on a review of competitive compensation data, the Chief Executive Officer's overall compensation package and the Committee's assessment of his past performance and its expectation as to his future performance in leading SBA. In connection with this process, the Chief Executive Officer presents the Committee for its consideration a self-assessment of his performance during the applicable fiscal year and his proposed goals for SBA during the next fiscal year.

The Committee establishes the Chief Executive Officer's base salary based upon the same criteria and review process that it uses for the establishment of the base salaries of the other members of the Officer Group. As a result of its review during early 2006, the Committee increased Mr. Stoops' base salary for 2006 by approximately 4.5%.

In January and February of 2006, the Committee reviewed Mr. Stoops' 2005 performance against his performance goals established at the beginning of 2005. In addition to SBA's 2005 financial and operational achievements discussed above, the Committee considered a number of additional factors in evaluating Mr. Stoops' bonus for 2005, including, but not limited to, the following:

SBA becoming equity free cash flow positive;

the significant reduction in SBA's net debt to annualized Adjusted EBITDA leverage ratio during the year; and

the effective use of SBA's equity to reduce leverage and increase its tower portfolio.

Based on all of these factors, the Committee determined that Mr. Stoops met or exceeded substantially all of his goals. Consequently, upon a review of Mr. Stoops' performance, taken as a whole, the Committee awarded him 90% of his 2005 bonus potential.

In addition, the Committee granted options to purchase 142,500 shares of common stock to Mr. Stoops at the current market price, which will vest over a 4 year period. This option grant was made in accordance with the option grant guidelines adopted in 2005 and discussed above.

Adjustments for Unusual Items

Consistent with past practice, we adjusted certain financial measurements and operational results on which 2005 bonuses and performance awards were determined to eliminate the effect of certain unusual items. The adjustments are intended to ensure that award payments represent the underlying growth of the core business and are not artificially inflated or deflated due to such unusual items either in the award year or the previous (comparator) year. For the 2005 awards calculation, we adjusted our cash flow from operating activities (from which we derive equity free cash flow) to exclude the premiums payable in connection with our redemption of 35% of our 9³/₄% senior discount notes and our 8¹/₂% senior notes.

Deductibility Cap on Executive Compensation

Under U.S. federal income tax law, SBA cannot take a tax deduction for certain compensation paid in excess of \$1 million to the Named Executive Officers. However, performance-based compensation, as defined in the tax law, is fully deductible if the programs are approved by shareholders and meet other requirements. The 2001 Equity Participation Plan is currently qualified so that awards under such Plan constitute performance-based compensation not subject to the deduction limit under Section 162(m) of the Internal Revenue Code of 1986, as amended.

Although the Committee has not adopted any specific policy with respect to the application of Section 162(m), the Committee generally seeks to structure executive compensation to SBA's executive officers in a manner that is intended to avoid disallowance of deductions under Section 162(m). We may make payments that are not fully deductible if, in our judgment, such payments are necessary to achieve our compensation objectives and to protect shareholder interests.

Summary

The Committee and the Board believe that the caliber and motivation of all our employees, and especially our executive leadership, are essential to SBA's performance. We believe our management compensation programs contribute to our ability to differentiate our performance from others in the marketplace. The Committee believes that SBA's overall executive compensation philosophy and programs are market competitive, performance-based, and shareholder aligned. Accordingly, the Committee believes that SBA will continue to attract, motivate, and retain high caliber executive management to serve the interests of SBA and its shareholders. We will continue to evolve and administer our compensation program in a manner that we believe will be in shareholders' interests and worthy of shareholder support.

If any other matters properly come before the annual meeting, it is intended that the holders of the proxies hereby solicited will act in respect to such matters in accordance with their best judgment.

Contacting the Board of Directors. Shareholders may communicate with the Board of Directors by directing their communications in a hard copy (i.e., non-electronic) written form to the attention of one or more members of the Board of Directors, or to the Board of Directors collectively, at our principal executive office located at 5900 Broken Sound Parkway NW, Boca Raton, Florida 33487. A shareholder communication must include a statement that the author of such communication is a beneficial or record owner of shares of Common Stock of SBA. Our Corporate Secretary will review all communications meeting the requirements discussed above and will remove any communications relating to (i) the purchase or sale of products or services, (ii) communications from landlords relating to our obligations or the obligations of one of our subsidiaries under a lease, (iii) communications from tenants relating to our obligations or the obligations of one of our subsidiaries under a lease, (iv) communications from suppliers or vendors relating to our obligations or the obligations of one of our subsidiaries to such supplier or vendor, (v) communications from pending or threatened opposing parties in legal or administrative proceedings regarding matters not related to securities law matters or fiduciary duty matters, and (vi) any other communications that the Corporate Secretary deems, in his or her reasonable discretion, unrelated to the business of SBA. The Corporate Secretary will compile all communications not removed in accordance with the procedure described above and will distribute such qualifying communications to the intended recipient(s). A copy of any qualifying communications that relates to our accounting and auditing practices shall also be sent directly to the Chairman of the Audit Committee, whether or not it was directed to such person.

Multiple Shareholders Sharing the Same Address. Regulations regarding the delivery of copies of proxy materials and annual reports to shareholders permit us, banks, brokerage firms and other nominees to send one annual report and proxy statement to multiple shareholders who share the same address under certain circumstances, unless contrary instructions are received from shareholders. This practice is known as householding. Shareholders who hold their shares through a bank, broker or other nominee may have consented to reducing the number of copies of materials delivered to their address. In the event that a shareholder wishes to request delivery of a single copy of annual reports or proxy statements or to revoke a householding consent previously provided to a bank, broker or other nominee, the shareholder must contact the bank, broker or other nominee, as applicable, to revoke such consent. In any event, if a shareholder wishes to receive a separate proxy statement for the 2006 Annual Meeting of Shareholders or a 2005 Annual Report, the shareholder may receive printed copies by contacting SBA Communications Corporation, Investor Relations, 5900 Broken Sound Parkway NW, Boca Raton, Florida 33487 by mail or by calling (561) 995-7670.

Any shareholders of record sharing an address who now receive multiple copies of our annual reports and proxy statements and who wish to receive only one copy of these materials per household in the future should also contact SBA Communications Corporation Investor Relations by mail or telephone as instructed above. Any shareholders sharing an address whose shares of Common Stock are held by a bank, broker or other nominee who now receive multiple copies of our annual reports and proxy statements, and who wish to receive only one copy of these materials per household, should contact the bank, broker or other nominee to request that only one set of these materials be delivered in the future.
