PROXY STATEMENT FOR

2007 ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON APRIL 26, 2007

GENERAL QUESTIONS AND ANSWERS

The following questions and answers are intended to provide brief answers to frequently asked questions concerning the Proposals described in this proxy statement and the proxy solicitation process. These questions and answers do not, and are not intended to, address all the questions that may be important to you. You should carefully read the remainder of this proxy statement.

The Annual Meeting

Q: When and where is the annual meeting?

A: The annual meeting will be held on Thursday, April 26, 2007, at 10:00 a.m., Dallas, Texas time, at The Crescent Club at 200 Crescent Court, Suite 1700, Dallas, Texas 75201.

Procedures for Voting

Q: Is my proxy revocable and can I change my vote?

A: You may revoke your proxy at any time before it is voted by doing one of the following:

Sending a written notice revoking your proxy to Brian O. Casey, our Secretary, at 200 Crescent Court, Suite 1200, Dallas, Texas 75201;

Signing and mailing to us a proxy bearing a later date; or

Attending our annual meeting and voting in person.

Q: Who is entitled to vote?

A: Only stockholders of record as of the close of business on March 1, 2007, the record date, will be entitled to vote on the Proposals at the annual meeting. Each share of common stock is entitled to one vote.

Q: How do I vote?

Edgar Filing: WESTWOOD HOLDINGS GROUP INC - Form DEF 14A

A: If you are the record holder of your shares, you can vote by attending the annual meeting in person or by completing, signing and returning your proxy card in the enclosed postage-paid envelope.

If your shares are held by your broker as your nominee (that is, in street name), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If your shares are held in street name, your proxy card may contain instructions from your broker that allow you to vote your shares using the Internet or telephone. Please consult with your broker if you have any questions regarding the electronic voting of shares held in street name.

Q: How does discretionary authority apply?

A: Discretionary authority is authority granted to a third party proxy where, in the absence of direction to the contrary, such proxy has the power to make a decision for the stockholder in the proxy's sole discretion. If you sign your proxy card, but do not make any selections, your shares will be voted FOR the election of all of the nominees for directors and FOR the ratification of Grant Thornton. As to all other matters that may be properly brought before the annual meeting, your shares will be voted in the discretion of the proxy holders.

Q. How will votes be counted?

A. The annual meeting will be held if a quorum is represented in person or by proxy at the meeting. A quorum is a majority of our outstanding shares of common stock entitled to vote. As of March 1, 2007, there were 6,635,978 shares of common stock outstanding and entitled to vote on each of the Proposals.

If you have returned a signed proxy card or attend the meeting in person, then you will be considered part of the quorum, even if you do not vote. A withheld vote is the same as an abstention. Abstentions will have no effect on the vote of a particular Proposal.

Table of Contents

Broker non-votes occur when proxies submitted by brokers, banks or other nominees holding shares in street name do not indicate a vote for some or all of the Proposals because they do not have discretionary voting authority and have not received instructions on how to vote on the Proposals. We will treat broker non-votes as shares that are present and entitled to vote for quorum purposes, but they will not otherwise affect the outcome of a vote on a Proposal.

Q: What happens if I do not return my proxy and do not vote at the annual meeting?

A: Those who fail to return a proxy or attend the meeting will not count towards determining any required plurality, majority or quorum. Stockholders and brokers returning proxies or attending the meeting who abstain from voting on the election of our directors or the ratification of Grant Thornton LLP will count towards determining a quorum; however, such abstentions will have no effect on the outcome of the election of our directors or the ratification of Grant Thornton LLP.

Q: Is my vote confidential?

A: Yes. Only the inspector of elections and certain of our employees will have access to your proxy card. All comments will remain confidential, unless you ask that your name be disclosed.

Our Current Stock Ownership

Q: What percentage of stock do the directors and officers own?

A: Our executive officers and directors collectively beneficially owned approximately 1,694,305 shares of our outstanding common stock, or approximately 25.4 percent of our outstanding common stock as of March 1, 2007.

Q: Who are the largest principal stockholders?

A: Based on our review of Schedule 13G, Form 4 and Form 13F filings, our largest principal stockholders are GAMCO Investors, Inc., which owns 19.0%; Third Avenue Management LLC, which owns 16.3%; Susan M. Byrne, who owns 15.1%; Brian O. Casey, who owns 5.3%; and Dalton, Greiner, Hartman, Maher & Co., which owns 5.0% of our outstanding common stock as of December 31, 2006.

Other Information

Q: When are the stockholder proposals due for the annual meeting in 2008?

A: To be included in the proxy statement for the 2008 annual meeting, stockholder proposals must be in writing and must be received by Westwood, at the following address: 200 Crescent Court, Suite 1200, Dallas, Texas 75201, Attn: Secretary, no later than November 21, 2007.

Q: Who is soliciting my proxy and who will pay the solicitation expenses?

Edgar Filing: WESTWOOD HOLDINGS GROUP INC - Form DEF 14A

A: We are soliciting your proxy by and on behalf of our Board of Directors, and we will pay the cost of preparing and distributing this proxy statement and the cost of soliciting votes. We will reimburse stockbrokers and other custodians, nominees and fiduciaries for forwarding proxy and solicitation material to the owners of our common stock.

Q: Who can help answer my additional questions?

A: Stockholders who would like additional copies, without charge, of this proxy statement or have additional questions about this proxy statement, including the procedures for voting their shares, should contact:

William R. Hardcastle, Jr., Chief Financial Officer

Westwood Holdings Group, Inc.

This question and answer information section is qualified in its entirety by the more detailed information contained in this proxy statement. **You are strongly urged to carefully read this proxy statement in its entirety before you vote.**

Table of Contents

This proxy statement contains important information that should be read before any decisions are made with respect to the Proposals. You are strongly urged to read the proxy statement in its entirety. You are also strongly urged to read our Annual Report on Form 10-K for the period ended December 31, 2006, which is being sent to you with this proxy statement.

PROPOSAL 1:**Election of Directors**

Our bylaws provide that the Board of Directors will consist of between three and eleven directors, as determined from time to time by resolution of the board. The Board of Directors has set the number of directors at eight, all of whom are to be elected at the 2007 annual meeting. Each director will serve until the 2008 annual meeting and until his or her successor has been elected and qualified or until the director's earlier death, resignation or removal. The Board of Directors, upon the recommendation of the Governance/Nominating Committee, has nominated the nominees listed below. Each nominee has consented to being named in this proxy statement and to serve if elected.

We have no reason to believe that any of the nominees will not serve if elected, but if any of them should become unavailable to serve as a director, and if the Board of Directors designates a substitute nominee, the persons named in the accompanying proxy will vote for the substitute nominee designated by the Board of Directors, unless a contrary instruction is given in the proxy.

Each stockholder is entitled to cast one vote for each share of common stock held on March 1, 2007. A plurality of the shares represented in person or by proxy at the annual meeting and entitled to vote is required for the election of the directors. A plurality means receiving the largest number of votes, regardless of whether that is a majority. Votes may be cast in favor of the director nominee or withheld. Stockholders may withhold authority to vote for any nominee by striking a line through the name of such nominee in the space provided for such purpose on the proxy card. Broker non-votes, abstentions and votes that are withheld will be excluded entirely from the vote and will have no effect. Votes that are withheld for a particular nominee will be excluded from the vote for that nominee only.

The persons nominated to be directors are listed below. The following information is submitted concerning the nominees for election as directors:

In addition, a copy of the charter is available upon written request to our Corporate Secretary at our principal executive office. The Governance/Nominating Committee's responsibilities relate to corporate governance and the identification and evaluation of Board candidates. The primary function of the Governance/Nominating Committee is to develop and oversee the application of corporate governance principles to Westwood, to identify qualified candidates for Board membership and recommend to the Board director nominees to be voted on at the annual meeting of stockholders, and communicate with members of the Board regarding Board and committee meeting format and procedures. The Governance/Nominating Committee met four times during 2006. All of the members of the Governance/Nominating Committee attended at least seventy-five percent of the meetings held in 2006.

Director Independence

Our Board of Directors has adopted Corporate Governance Guidelines. The full text of the Guidelines is available on our website at www.westwoodgroup.com. In addition, a copy of the Guidelines is available upon written request to our Corporate Secretary at our principal executive office.

Pursuant to our Guidelines, a majority of the members of our Board of Directors must be non-management directors who meet the independence requirements of the NYSE Corporate Governance Listing Standards. In addition, all members of the Audit Committee must meet additional independence standards required under the Securities Exchange Act of 1934. In February 2007, our Board of Directors undertook its annual review of director independence. In that review, the Board of Directors reviewed directors' responses to a questionnaire asking about their relationships with us (and those of their family members) and other potential conflicts of interest. In connection therewith, our Board of Directors specifically considered that Messrs. Meyer, Mosle and Wooldridge each have a current or former relationship with SWS Group, Inc., or SWS, the company from which we were spun-off in 2002 and which remains our customer. In addition, our Board of Directors was aware that certain of our directors and individuals or entities affiliated with such directors have asset management accounts that are held by one of our subsidiaries and managed by us. After noting such items, and based upon its review, the Board of Directors unanimously decided that none of these relationships constituted a material relationship with us that would affect the independence of any such director under the NYSE rules.

As a result, the Board affirmatively determined that all of the directors nominated for election at the 2007 Annual Meeting are independent of us and our management, with the exception of Ms. Byrne and Mr. Casey (each of whom is an executive officer of our company).

Lead Director of Board Meetings in Executive Session

Pursuant to our Corporate Governance Guidelines, our non-management directors meet in executive session outside of the presence of management on a regular basis. The Board of Directors has selected Raymond E. Wooldridge to serve as Lead Director, and, as such, he chairs these executive sessions.

Director Nominees

The Board of Directors has delegated to the Governance/Nominating Committee its responsibilities relating to Board selection. The Governance/Nominating Committee of the Board has the responsibility for identifying potential candidates for Board membership and for making a recommendation to the Board of a slate of director candidates to stand for election at the annual meeting of our stockholders. The Governance/Nominating Committee seeks to identify, and the Board selects, director candidates who (i) have significant business or public experience that is relevant and beneficial to the Board and Westwood, (ii) are willing and able to make a sufficient time commitment to the affairs of Westwood in order to effectively perform the duties of a director, including regular attendance of Board meetings and committee meetings, (iii) are committed to the long-term growth and profitability of Westwood, (iv) are individuals of character and integrity, (v) are individuals with inquiring minds who are willing to speak their minds and challenge and stimulate management and (vi) represent the interests of Westwood as a whole and not only the interests of a particular stockholder or group.

Table of Contents

The Governance/Nominating Committee has a policy of considering new director candidates recommended by our stockholders to the extent such recommendations are made in compliance with the following procedures. A stockholder wishing to recommend a candidate for nomination to be elected to our Board of Directors for inclusion in the statement for the 2008 annual meeting must submit a written notice of his or her recommendation of a candidate to our Corporate Secretary at our principal executive office. The submission must be received at our principal executive office not less than 120 calendar days before the date that our proxy statement was released to stockholders in connection with the previous year's annual meeting. However, if we did not hold an annual meeting during the previous year, or if the date of this year's annual meeting has been changed by more than 30 days from the date of the previous year's meeting, then the deadline is a reasonable time before we begin to print and mail our proxy materials. For the 2008 annual meeting, this date would be November 21, 2007. Director candidates recommended by stockholders are evaluated by the Governance/Nominating Committee based on the same criteria applied by the Governance/Nominating Committee to director candidates identified by that committee, as described in the previous paragraph.

In order to be valid, a stockholder's notice to the Corporate Secretary must set forth (i) the name and address, as they appear on our books, of the stockholder recommending such candidate, (ii) the class and number of shares of Westwood that are beneficially owned by the stockholder, (iii) the name, age, business address and residence address of each candidate proposed in the notice, (iv) each candidate's biographical data and qualifications, (v) the class and number of shares of Westwood stock beneficially owned by the candidate, if any, (vi) a description of all arrangements or understandings between the stockholder and each candidate and any other persons pursuant to which the stockholder is making the recommendation, and (vii) any other information required to be disclosed in solicitations of proxies for election of directors or information otherwise required pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended, relating to any person that the stockholder proposes to recommend for election or re-election as a director, including the candidate's signed written consent to being named in the proxy statement as a nominee and to serving as a director if elected.

For the 2007 annual meeting, our Governance/Nominating Committee has not received a candidate recommendation from any stockholder (or group of stockholders) that beneficially owns more than five percent of our common stock.

Stockholder Communications with the Board

Stockholders may communicate with the Board of Directors or particular Board members (including our Lead Director or non-management directors as a group) by mailing a written communication to our Corporate Compliance Officer at 200 Crescent Court, Suite 1200, Dallas, Texas 75201, by email to compliance@westwoodgroup.com or by telephone to 214-756-6900. All communications are received and processed by the Corporate Compliance Officer before being referred to the appropriate Board member(s). Complaints relating to our accounting, internal accounting controls or auditing matters and concerns regarding questionable accounting or auditing matters are referred to the Chairman of the Audit Committee. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview of Compensation Program

The Compensation Committee (the Committee) is comprised entirely of Independent Directors under NYSE rules who are also non-employee directors as defined in Rule 16b-3 under the Securities Exchange Act of 1934 (Rule 16b-3) and outside directors as defined under Section 162(m) of the Internal Revenue Code (Section 162(m)). The Committee authorizes and determines all salaries for our officers, administers our incentive compensation plans in accordance with the powers and authority granted in such plans, determines any incentive awards to be made to our officers, administers all of our stock incentive plans and other equity ownership, compensation, retirement and benefit plans, approves the performance-based compensation of individuals pursuant to Section 162(m) and administers other matters relating to compensation or benefits.

The Committee annually reviews and approves our executive compensation strategy and principles to ascertain whether they are aligned with our business strategy and objectives, stockholder interests, desired behaviors and corporate culture. The Committee establishes the total compensation paid to the executive officers with the goal of being fair, reasonable and competitive. Generally, the types of compensation and benefits provided to executive officers are similar in most respects to those provided to other key employees.

Throughout this proxy statement, the individuals who served as our Chief Executive Officer, Chief Investment Officer, Chief Financial Officer and Senior Vice President, Director of Marketing during fiscal 2006 are referred to as the named executive officers.

Compensation Philosophy and Objectives

As an asset management firm, one of our greatest assets is the collective skill, experience and efforts of our employees. Our long-term success depends on our ability to provide superior investment returns and attentive service to our clients. To achieve these goals, it is critical that we are able to attract, retain and motivate talented professionals within all levels of our company that are committed to our core values of integrity, honesty and excellence as well as properly align incentives for our employees with our stockholders and clients. The Committee believes that compensation paid to executive officers should:

closely align incentives for executive officers with our performance on both a short-term and long-term basis; and

enable us to attract, retain and motivate key executives critical to our long-term success.

The Committee evaluates both performance and compensation relative to other companies in its peer group to ensure that we maintain our ability to attract and retain superior employees in key positions. The compensation program seeks to compensate executives at a level that is competitive with similar firms in the asset management industry and to align executives' incentives with stockholders and clients. The compensation program is designed to reward individual and company-wide performance as well as recognize the executives' contribution to serving our clients and creating value for our stockholders. To that end, the compensation program for senior management consists of a combination of base salary, cash incentive bonus awards, long-term equity-based incentive awards, and employee and post-retirement benefits.

Role of Executive Officers in Compensation Decisions

The Committee makes all compensation decisions for the named executive officers and reviews and approves recommendations from the Chief Executive Officer and the Chief Investment Officer regarding equity awards to all other employees. The Chief Executive Officer and the Chief Investment Officer make decisions regarding the non-equity compensation of other employees.

The Chief Executive Officer and the Chief Investment Officer annually review the performance of each of the named executive officers (except for the Chief Executive Officer and the Chief Investment Officer, whose performance is reviewed by the Committee). The conclusions reached and recommendations based on these reviews are presented to the Committee. The Committee can exercise its discretion in modifying any recommended adjustments or awards with respect to the named executive officers or any other employees.

Setting Executive Compensation

Edgar Filing: WESTWOOD HOLDINGS GROUP INC - Form DEF 14A

Based on the foregoing objectives, the Committee has structured our annual and long-term incentive cash and equity-based executive compensation to motivate executives to achieve the business goals set by us and reward the executives for achieving such goals. In establishing total annual compensation for the Chief Executive Officer, the Chief Investment Officer and the other named executive officers, the Committee performs the following reviews:

Assessment of Company Performance. In establishing total annual compensation, the Committee considers various measures of company performance, including profitability and total shareholder return. With respect to annual base salaries for all named executive officers and incentive cash and equity-based compensation for the Chief Financial Officer and the Director of Marketing, the Committee does not apply a formula or assign weights to these performance measures, but rather makes a subjective determination after considering such measures collectively. With respect to the Chief Executive Officer and Chief Investment Officer, the Committee has established formulas based on company profitability, which have been approved by our stockholders, to determine the size of performance-based cash and equity-based incentive awards, which are discussed in more detail below.

Table of Contents

Assessment of Individual Performance. Individual performance has a strong impact on the compensation of all employees, including the Chief Executive Officer, Chief Investment Officer and the other named executive officers. On February 23, 2006, the Committee approved performance goals for annual incentive awards for the Chief Executive Officer and Chief Investment Officer for the 2006 year and for each subsequent year until revised by the Committee. Each February, the Governance/Nominating Committee conducts a performance review of the Chief Executive Officer for the prior year that is reported to the Board of Directors.

The Chief Executive Officer and the Chief Investment Officer annually review the performance of the other named executive officers. The performance evaluation of these executives is based on the achievement of qualitative goals that apply to all employees, quantitative goals that apply to their specific job responsibilities, his or her contribution to our performance, and other leadership accomplishments. The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments, annual cash incentive bonus awards and long-term equity-based incentive awards, are presented to the Committee.

Market Data. The Committee periodically reviews each component of the executive s compensation against industry compensation surveys from various sources. These compensation surveys provide the Committee with relevant market data on compensation practices and trends in the U.S. asset management industry, along with providing alternatives to consider when making compensation decisions for the named executive officers.

Peer Analysis. The Committee also compares each component of the executive s total compensation against a peer group of asset management companies (collectively, the Compensation Peer Group). The Compensation Peer Group, which is periodically reviewed and updated by the Committee, consists of companies against which the Committee believes we compete for talent and for stockholder investment. The companies comprising the Compensation Peer Group are:

- | | |
|---------------------------------|--------------------------------|
| Affiliated Managers Group, Inc. | T. Rowe Price Group, Inc. |
| Franklin Resources, Inc. | Waddell & Reed Financial, Inc. |
| BlackRock, Inc. | Janus Capital Group, Inc. |
| GAMCO Investors, Inc. | Cohen & Steers, Inc. |
| Nuveen Investments, Inc. | Calamos Asset Management, Inc. |

The companies that comprise the Compensation Peer Group are much larger companies than ours in terms of assets under management and revenues and have greater resources than we do. The Committee realizes this size disparity and takes the disparity into account when looking at the Compensation Peer Group in the context of evaluating and setting compensation for our named executive officers. As such, the Committee does not target a specific percentile within the Compensation Peer Group, but rather uses the levels of compensation for the Compensation Peer Group as a guide in evaluating and setting compensation for our named executive officers.

There is no pre-established policy or target for the allocation between either cash and equity-based or short-term and long-term incentive compensation. Rather, the Committee considers information provided by the compensation surveys and peer group analysis as well as its own judgment to determine the appropriate level and mix of each component of the compensation program. In general, as executives progress to higher levels of our company, their ability to directly impact our performance increases and our need to retain these executives increases; as a result, they receive a larger allocation of their total compensation in the form of long-term equity-based incentive compensation compared to the average for all employees. Income from incentive compensation is realized as a result of our performance or the individual s performance, depending on the type of award, compared to established goals.

Stock Incentive Plan

All cash and equity-based incentive awards are governed by the Westwood Holdings Group, Inc. Third Amended and Restated Stock Incentive Plan (the Plan). We originally adopted the Stock Incentive Plan on February 1, 2002. Following our spin-off from SWS Group, Inc. on June 30, 2002, our public stockholders approved an amended Stock Incentive Plan on April 24, 2003, with a reserve of 948,100 shares of common stock. On February 8, 2005, the Committee adopted the Second Amended and Restated Plan, which contained certain non-material amendments not requiring stockholder approval. On April 27, 2006, stockholders approved the Third Amended and Restated Plan, which increased the total number of shares authorized to be awarded under the Plan to a maximum of 1,948,100.

Awards under the Plan consist of cash or our authorized common stock. The Plan provides for the grant of incentive stock options, nonstatutory options, shares of restricted stock, stock purchase rights, annual incentive awards, performance-based awards (in the form of cash or deferred stock awards) and discretionary bonus awards. Awards under the Plan may be made to key employees, including officers and directors who may be employees, and non-employee directors, consultants or advisors. Any shares issued under the Plan may consist, in whole or in part, of authorized and unissued shares or reacquired shares or a combination thereof.

The Plan authorizes the grant of several types of equity-based awards, including incentive stock options (ISOs), nonstatutory stock options (NSOs), restricted stock, stock purchase rights and performance shares (in the form of deferred stock awards). The Plan also authorizes cash awards in the form of annual incentive awards, performance-based awards, and discretionary bonus awards. The various types of awards authorized under the Plan may be utilized in the future if determined appropriate by the Committee. To date the Committee has limited its equity-based awards under the Plan to NSOs and restricted stock, and in the future the Committee expects that its equity-based awards will likely be limited to restricted stock. The Committee believes that restricted stock is the most effective vehicle to align the interests of employees with stockholders and clients. Recipients of restricted stock have voting rights and receive dividends on vested and unvested shares. Time-vested restricted shares granted to employees vest over a four year period as follows: 50% after two years, 75% after three years and 100% after four years. The Committee believes that these terms and conditions for restricted stock awards offer the best balance of providing value to the employee if we, as a company, are successful as well as providing a mechanism to retain key employees over the long-term as they build a meaningful portion of their wealth in the form of equity in us that will not be realized if they leave our employ.

The Board or the Committee administers the Plan with respect to all eligible individuals. Cash incentive bonus awards are typically communicated to employees at the end of the year and paid at the beginning of the following year to coincide with year-end performance reviews. In 2006, a portion of certain employees' cash incentive bonus was paid at mid-year to coincide with the personal tax liability resulting from restricted stock vesting. Employees that have been granted merit-based salary increases are typically awarded the salary increases as of July 1st, to coincide with mid-year performance reviews; however, salary increases may also be granted at other times as management or the Committee deem appropriate. Also in conjunction with mid-year performance reviews, restricted stock grants are awarded by the Committee in its July meeting, which typically takes place in approximately the fourth week of July.

The Committee makes all determinations involving awards that are exempt from the deduction limitations of Section 162(m) of the Code. Determinations of the Committee are final, conclusive, and binding upon all persons having an interest in the Plan. However, any action or determination by the Committee specifically affecting or relating to an award to a non-employee director will be approved and ratified by the Board of Directors. Any employee, consultant, advisor or non-employee director will be eligible to be selected as a participant under the Plan by the Committee.

Executive Employment Agreements

The Committee believes that the retention of our key executives is critical to our opportunity for future success. In order to formalize a long-term commitment with the top two executive officers, we entered into employment agreements with our Chief Executive Officer, Brian O. Casey, and our Chief Investment Officer, Susan M. Byrne. The agreements broadly address the terms of their employment with Westwood, including, among other things, duties, compensation and benefits, termination, and the effect of termination. In addition, the employment agreements include non-solicitation covenants and non-competition covenants.

Table of Contents

The Committee determined that the Chief Executive Officer is critical to our future success, due to his significant responsibilities and contributions to the ongoing day-to-day operation of the business, his involvement in marketing our products, his development and direction of strategic initiatives, as well as his participation in the development of new products and our investment processes. As a result, the Committee determined that it was in our best interests to enter into an employment agreement with the Chief Executive Officer that is effective through April 30, 2010.

The Committee determined that the Chief Investment Officer is critical to our future success, due to her significant responsibilities and contributions to the development of our investment philosophy and process, her day-to-day operation and oversight of our investment function, her integral importance to the ongoing success of our investment process as well as her involvement in product development, strategic initiatives and marketing our products. As a result, the Committee determined that it was in our best interests to enter into an employment agreement with the Chief Investment Officer that is effective through April 30, 2012.

The Committee negotiated the employment agreements with each executive and believes the terms and conditions included in the employment agreements are in our best interests and accomplish the objective of securing the continued long-term employment of the Chief Executive Officer and Chief Investment Officer.

2006 Executive Compensation Components

For the fiscal year ended December 31, 2006, the principal components of compensation for named executive officers were:

base salary;

cash incentive bonus awards;

long-term equity-based incentive awards; and

employee and post-retirement benefits.

Base Salary

Base salary is the fixed component of an employee's annual cash compensation. We provide named executive officers and other employees with a base salary to compensate them for services rendered during the fiscal year. Salary levels are typically considered annually as part of our performance review process as well as upon a promotion or other change in job responsibility. Increases in salary are based on subjective evaluation of such factors as the level of responsibility, individual performance, level of pay both of the executive in question and other similarly situated executives, and market data on compensation levels of peer companies in the industry. In setting base salary levels for 2006, the Committee applied the principles described above under *Setting Executive Compensation*.

Cash Incentive Bonus Awards

The Plan authorizes cash awards in the form of annual incentive awards, performance-based annual incentive awards and discretionary bonus awards. The Committee believes that cash incentive bonus awards promote high performance and achievement of corporate goals and objectives by key employees, encourage the growth of stockholder value and allow key employees to participate in our long-term growth and profitability.

Annual Incentive Awards

The Committee may grant annual incentive awards of stock, cash or any combination of stock and cash to our employees, in such amounts and subject to such terms and conditions as the Committee may determine. The Committee believes that the payment of cash annual incentive awards provides effective short-term incentives for the named executive officers and other employees, rewards individual and company-wide performance and recognizes the executives' and employees' contributions to serving our clients and creating value for our stockholders.

Edgar Filing: WESTWOOD HOLDINGS GROUP INC - Form DEF 14A

The Committee establishes the maximum aggregate level of annual incentive awards that may be granted to all employees for each year. For 2006, the Committee established the maximum aggregate annual incentive awards that could be awarded to employees other than the Chief Executive Officer and Chief Investment Officer at \$2,017,500 based on its assessment of our profitability as well as the amount of annual incentive awards required to meet their desired allocation of total compensation for all employees. The Committee may, in its sole discretion, reduce, but not increase, the annual incentive award payable to any participating employee during a year. Beginning in the year 2006 and until modified by the Committee, the Chief Executive Officer and Chief Investment Officer will not receive annual incentive awards in addition to performance-based awards as discussed below. For the other named executive officers, the annual incentive award is in the form of a cash award and is determined based on a quantitative and qualitative

Table of Contents

evaluation by the Chief Executive Officer and Chief Investment Officer, who then submit a recommendation to the Committee for review and final approval. In reviewing these recommended awards for 2006, the Committee applied the principles described above under Setting Executive Compensation. The Committee has authority for final approval of these awards and may reduce an award below the level recommended by the Chief Executive Officer and Chief Investment Officer. Annual incentive awards for the Chief Financial Officer and Director of Marketing that were earned in 2006 and paid in July 2006 and February 2007 are listed in column (d) in the Summary Compensation Table.

Performance-Based Annual Incentive Awards

The Committee believes that the payment of cash performance-based annual incentive awards provides effective short-term incentives for the Chief Executive Officer and Chief Investment Officer and rewards their contribution to company-wide performance and their contributions to serving our clients and creating value for our stockholders.

Section 162(m) of the Code generally places a \$1 million annual limit on a company's tax deduction for compensation paid to named executive officers listed in the Summary Compensation Table below. Section 162(m) of the Code will not apply to compensation payable solely on account of attainment of one or more performance goals if the performance goals are approved by stockholders and meet other requirements. Performance-based annual incentive awards for the Chief Executive Officer and Chief Investment Officer are designed to meet the requirements of Section 162(m).

Cash annual incentive awards for the Chief Executive Officer and Chief Investment Officer are determined based on a formula as described below, which is subject to Committee oversight and modification. On February 23, 2006, the Committee approved performance goals for the Chief Executive Officer and Chief Investment Officer's annual incentive awards for the 2006 year and for each subsequent year until revised by the Committee. The approval of the Committee was expressly subject to stockholder approval. On April 27, 2006, stockholders approved the material terms of the performance-based annual incentive awards for our Chief Executive Officer and Chief Investment Officer. For the Chief Executive Officer, the cash incentive bonus is a maximum 3% of our adjusted pre-tax income. For the Chief Investment Officer, the cash incentive bonus is a maximum 8% of our adjusted pre-tax income. The Committee chose pre-tax income as the basis for the performance formula because it believes that pre-tax income is a meaningful indicator of our performance and profitability and also believes that structuring the performance-based annual incentive award in this way closely aligns the incentives of these two senior executives with our stockholders. The Committee chose these percentages based on its review of market and peer group compensation data as well as its subjective assessment of the proper allocation to performance-based cash incentive awards within the total compensation of these executives.

Our adjusted pre-tax income is determined based on our financial statements, as our income before income taxes increased by the expense incurred for the year for these annual incentive awards to the Chief Executive Officer and Chief Investment Officer, and increased by the expense incurred for the year for incentive compensation for all of our other employees and increased by the expense incurred for the year for performance-based restricted stock awards to the Chief Executive Officer and Chief Investment Officer. Performance-based annual incentive awards which were earned in 2006 and paid in February 2007 are listed in column (g) in the Summary Compensation Table.

Discretionary Bonus Awards

The Committee may also grant discretionary bonus awards of stock, cash or any combination of stock and cash to our officers and key employees in such amounts and subject to such terms and conditions as the Committee may determine. The Committee intends to utilize annual incentive awards and performance-based annual incentive awards as the primary means of granting cash incentive bonus awards to our named executive officers. Our Chief Executive Officer was granted a discretionary bonus award in July 2006 of \$85,000. The Committee reduced his performance-based annual incentive award by this amount. This discretionary bonus award is listed in column (d) in the Summary Compensation Table.

Long-Term Equity-Based Incentive Awards

Long-term equity-based incentive awards are designed to align the interests of our named executive officers, as well as all of our employees, with the interests of our clients and stockholders. Equity-based awards also encourage our named executive officers and other employees to focus on our long-term performance. While the Plan authorizes the grant of several types of long-term equity-based incentive awards, for the year 2006 and in the future the Committee expects that its equity-based awards will likely be limited to restricted stock awards and performance-based restricted stock awards. Long-term equity-based incentive awards are a key component of our overall compensation program and we believe it has enabled us to attract, retain and motivate talented professionals. The Committee also believes that restricted stock is the most effective equity-based award to accomplish these objectives, as it best conveys the concept of ownership to grantees and allows them to vote the shares and receive dividends on their vested and unvested shares.

Table of Contents

Restricted Stock Awards

The Committee may make awards of restricted shares of our stock. The vesting and number of restricted shares of our stock may be conditioned upon the lapse of time or the satisfaction of other factors determined by the Committee. The recipient of restricted shares will generally have the rights and privileges of a stockholder with respect to the right to receive dividends and the right to vote the shares. None of the restricted shares may be sold, transferred or pledged during the restricted period, and all restricted shares shall be forfeited, and all rights to the shares will terminate, if the recipient ceases to be an employee before the expiration or termination of the restricted period and satisfaction of any other conditions prescribed by the Committee with respect to the shares.

The Committee has utilized restricted stock awards over the last four years as a meaningful component of total compensation paid to named executive officers as well as other employees. Equity-based compensation has been used in place of meaningful increases in cash compensation over this period, as the Committee believes that a larger allocation to long-term equity-based incentive awards provides better alignment of incentives between employees, stockholders and clients. These awards also allow all employees to participate in any growth in our value to which they contribute.

Beginning in the year 2006 and until modified by the Committee, the Chief Executive Officer and Chief Investment Officer will not receive annual restricted stock awards other than performance-based restricted stock awards, as described below. The Chief Investment Officer has not received any restricted stock awards other than the performance-based award received in 2006. For the other named executive officers and all other eligible employees, restricted stock grants are made annually. Grants have historically been made in conjunction with mid-year performance reviews and awarded by the Committee in its July meeting, which typically takes place in approximately the fourth week of July. Grants are determined based on performance evaluations by the Chief Executive Officer and the Chief Investment Officer, which focus on company performance, group performance and individual performance. The performance evaluation of these executives is based on the achievement of qualitative goals that apply to all employees, quantitative goals that apply to their specific job responsibilities, his or her contribution to our performance, and other leadership accomplishments. The Chief Executive Officer and Chief Investment Officer then submit a recommendation to the Committee, which has full discretion for review, modification and final approval of awards.

Restricted stock awards are subject to the following four-year vesting schedule: 50% after two years, 75% after three years and 100% after four years. The Committee believes that this long-term vesting schedule is effective in acting as a retention tool for named executive officers as well as other employees. All other employees in addition to the named executive officers, but excluding the Chief Executive Officer and Chief Investment Officer, as described above, are eligible to receive restricted stock awards. The process of determining the size of awards for other employees is similar to the process used with respect to the Chief Financial Officer and the Director of Marketing, although the performance evaluation criteria are specific to each employee's job level and function.

Performance-Based Restricted Stock Awards

The Committee believes that awards of performance-based restricted stock awards to the Chief Executive Officer and Chief Investment Officer are effective long-term incentive awards that provide strong alignment of incentives between these executives, stockholders and clients. These awards also allow these executives to participate in any growth in our value to which they contribute.

On February 23, 2006, the Committee approved performance goals for vesting of the Chief Executive Officer and Chief Investment Officer's restricted stock awards made during 2006. On April 27, 2006, stockholders approved these performance-based restricted stock goals. On May 25, 2006, the Committee granted performance-based restricted stock awards to these executives.

The maximum number of shares of restricted stock that may become vested under these awards is 100,000 shares, in the case of the Chief Executive Officer, and 300,000 shares, in the case of the Chief Investment Officer. The Committee determined these share amounts based on its subjective judgment of the impact of these awards over the vesting period on these executives' total compensation relative to its review of market and peer group compensation data. The performance goal is based on our adjusted pre-tax income, determined based on the audited financial statements. The Committee chose pre-tax income as the basis for the performance formula because it believes that pre-tax income is a meaningful indicator of our performance and profitability and also believes that structuring the performance-based annual incentive award in this way closely aligns the incentives of these two senior executives with our stockholders. The vesting of the restricted stock will occur over a period of four years from the date of grant, for our Chief Executive Officer, and over a period of six years from the date of grant, for our Chief Investment Officer.

Table of Contents

For the first vesting year, 2006, the officers were eligible to become vested in the applicable percentage of his or her restricted shares if our adjusted pre-tax income for 2006 was at least 10% greater than our adjusted pre-tax income for the 2005 year. On February 22, 2007, the Committee certified that the performance goal for the 2006 vesting year was achieved and the Chief Executive Officer vested in 25,000 shares and the Chief Investment Officer vested in 50,000 shares. As allowed in our Stock Incentive Plan and approved by the Committee, the Chief Executive Officer surrendered 5,000 of these shares in order to partially satisfy tax withholding requirements due to the vesting of these shares. In each subsequent year during the applicable vesting period, the Committee will establish a specific goal for that year's vesting of the restricted shares, which will be based in all cases upon Westwood's adjusted pre-tax income. Our adjusted pre-tax income is determined based on our financial statements, as our income before income taxes increased by the expense incurred for the year for annual incentive awards to the Chief Executive Officer and Chief Investment Officer, and increased by the expense incurred for the year for incentive compensation for all of Westwood's other employees and increased by the expense incurred for the year for performance-based restricted stock awards to the Chief Executive Officer and Chief Investment Officer. The Committee will establish the performance goal in each subsequent year based on their subjective assessment of the financial performance objectives and opportunities for us in the given year.

Performance-based restricted stock awards for the Chief Executive Officer and Chief Investment Officer are designed to meet the requirements of Section 162(m). The specific performance goal for each year will be established no later than March 31 of the vesting year, as required by Section 162(m) of the Code. If, in any year during the vesting period, the performance goal is not met, the Committee may establish a goal for a subsequent vesting period, which, if achieved or exceeded, may result in full or partial vesting of the shares that did not otherwise become vested in a prior year. In no event, however, will be the maximum number of shares that may become vested over the vesting period exceed 100,000 shares, in the case of the CEO, and 300,000 shares, in the case of the CIO.

Employee and Post-Retirement Benefits

We offer employee and post-retirement benefit coverage to all employees in order to provide employees with a reasonable level of financial support in the event of injury, illness or disability and to provide employees with the ability to accumulate retirement savings. All employees are eligible to participate in all benefit programs including medical, dental and vision insurance coverage, disability insurance and life insurance. In addition, all employees are eligible to participate in the Westwood Holdings Group, Inc. Savings Plan (the Savings Plan). The cost of health insurance and the Savings Plan is partially borne by employees, including the named executive officers. We bear the cost of disability insurance and a set amount of term life insurance for all employees on a non-discriminatory basis.

Savings Plan and Matching Contributions

Under the Savings Plan, all employees are eligible to participate in our qualified 401(k) plan. The 401(k) plan allows employees to contribute up to 100% of their salary subject to the IRS annual maximum. We fully match employee contributions up to 6% of their eligible compensation. Employees are vested immediately in their 401(k) contribution as well as the company match.

Profit Sharing Contributions

The Savings Plan also authorizes us to make discretionary contributions to employees' Savings Plan accounts based on our profitability and performance. The profit sharing component of the Savings Plan is meant to be broad-based and all employees are eligible for discretionary profit sharing contributions. In 2006, we made a discretionary contribution for all employees equal to 5% of their eligible compensation.

Perquisites

We do not provide significant perquisites or personal benefits to named executive officers.

Tax and Accounting Implications

Compliance with Section 162(m) of the Internal Revenue Code. Section 162(m) disallows a federal income tax deduction to publicly held companies for certain compensation paid to our Chief Executive Officer and four other most highly compensated executive officers to the extent that compensation exceeds \$1 million per executive officer covered by Section 162(m) in any fiscal year. The limitation applies only to compensation that is not considered performance-based as defined in the Section 162(m) rules.

In designing our compensation programs, the Committee carefully considers the effect of Section 162(m) together with other factors relevant to our business needs. We have historically taken, and intend to continue taking, appropriate actions, to the extent we believe desirable, to preserve the deductibility of annual incentive and long-term performance awards. The Committee considers it

Table of Contents

important to preserve the tax deductibility of compensation for its executive officers, consistent with achieving its goal of retaining its management team; however, the Committee has not adopted a policy that all compensation paid must be tax-deductible and qualified under Section 162(m).

Base Salary. We believe that the 2006 base salary paid to the individual executive officers covered by Section 162(m) will not exceed the Section 162(m) limit and will be fully deductible under Section 162(m),

Performance-based Annual Incentive Awards. Performance-based annual incentive awards granted to our Chief Executive Officer and Chief Investment Officer in 2006 were designed to meet the deductibility requirements of Section 162(m).

Performance-based Restricted Stock Awards. Performance-based restricted stock awards granted to our Chief Executive Officer and Chief Investment Officer in 2006 were designed to meet the deductibility requirements of Section 162(m).

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Adjusted pre-tax income, determined based on our financial statements, is our income before income taxes increased by the expense incurred for the year for these annual incentive awards to the Chief Executive Officer and Chief Investment Officer, the expense incurred for the year for incentive compensation for all of our other employees and the expense incurred for the year for performance-based restricted stock awards to the Chief Executive Officer and Chief Investment Officer.
- (h) The amounts in column (h) reflect 401(k) matching contributions and profit sharing contributions to the Westwood Holdings Group, Inc. Savings Plan.

We have employment agreements with Brian O. Casey and Susan M. Byrne. The agreements expire on April 30, 2010 for the Chief Executive Officer and April 30, 2012 for the Chief Investment Officer.

Notes, by column letter:

- (d) The amounts in column (d) reflect the payment of 3% and 8% of our 2006 adjusted pre-tax income to Brian O. Casey and Susan M. Byrne, respectively, in accordance with the Performance-Based Annual Incentive Awards approved by stockholders at the 2006 annual meeting. Adjusted pre-tax income, determined based on our financial statements, is our income before income taxes increased by the expense incurred for the year for these annual incentive awards to the Chief Executive Officer and Chief Investment Officer, the expense incurred for the year for incentive compensation for all of our other employees and the expense incurred for the year for performance-based restricted stock awards to the chief executive officer and chief investment officer.
- (g), (h) The amounts in columns (g) and (h) reflect shares granted to Brian O. Casey and Susan M. Byrne under our Third Amended and Restated Stock Incentive Plan. The shares had a grant date fair value of \$18.81 per share and are subject to vesting conditions, including performance goals. The maximum number of shares of restricted stock which may become vested are 100,000 shares, in the case of our Chief Executive Officer, and 300,000 shares, in the case of our Chief Investment Officer. The performance goal is based on our adjusted pre-tax income, determined based on our audited financial statements. The vesting of the restricted stock will occur over a period of four years from the date of grant, for our Chief Executive Officer, and over a period of six years from the date of grant, for our Chief Investment Officer. For the first vesting year, 2006, the officers became vested in the applicable percentage of their restricted shares since our adjusted pre-tax income for 2006 was at least 10% greater than our adjusted pre-tax income for the 2005 year. In each subsequent year during the applicable vesting period, the Compensation Committee will establish a specific goal for that year's vesting of the restricted shares, which will be based in all cases upon our adjusted pre-tax income. The specific performance goal for each year will be established no later than March 31 of the vesting year, as required by Section 162(m) of the Code. If in any year during the vesting period the performance goal is not met, the Compensation Committee may establish a goal for a subsequent vesting period, which if achieved or exceeded may result in full or partial vesting of the shares that did not otherwise become vested in a prior year. In no event will the maximum number of shares that could ultimately vest over the vesting period exceed 100,000 shares, in the case of our Chief Executive Officer, and 300,000 shares, in the case of our Chief Investment Officer.
- (i) The amounts in column (i) reflect restricted shares granted in accordance with our Third Amended and Restated Stock Incentive Plan. The shares vest as follows: 50% after two years, 75% after three years and 100% after four years. The grant date fair value was \$18.05 per share.

Potential Payments Upon Termination or Change in Control

The tables below reflect compensation and benefits payable to our named executive officers in the event their employment is terminated. For purposes of this disclosure, we have assumed a December 31, 2006 termination date. We have multi-year executive employment agreements with our Chief Executive Officer and our Chief Investment Officer under which the officers: have a minimum salary, are eligible to receive performance-based and discretionary bonuses, receive restricted shares (subject to performance conditions), could become fully vested in their unvested equity compensation (depending on the cause of termination of employment) and could receive salary and benefits for a year after the termination of their employment (depending on the cause of termination of employment). The agreements expire on April 30, 2010 for the Chief Executive Officer and April 30, 2012 for the Chief Investment Officer. Under these agreements, the payments could vary depending on the cause of termination and whether or not the Board of Directors elects to enforce a non-compete agreement. These scenarios are described below.

Payments upon termination without cause where the non-compete agreement is enforced

Amounts under this scenario include the following to extent they have not been already paid:

amounts earned by the executive during his employment,

one year's worth of salary paid in monthly installments,

bonus and incentive compensation earned by the executive as of the termination date,

medical benefits for the executive and his eligible dependents for twelve months following termination, less the amount of insurance premiums the executive would pay had he remained employed, and

all unvested stock options and all unvested restricted shares shall be fully vested.

Payments upon termination without cause where the non-compete agreement is not enforced

Amounts under this scenario include the following to extent they have not been already paid:

all unvested stock options and all unvested restricted shares shall be fully vested.

Payments upon termination with cause or by the executive without good reason where the non-compete agreement is enforced

Amounts under this scenario include the following to extent they have not been already paid:

amounts earned by the executive during his employment,

one year's worth of salary paid in monthly installments for twelve months,

bonus and incentive compensation earned by the executive as of the termination date,

up to four weeks of vacation time that was earned and unused by the executive, and

All unvested stock options and all unvested restricted shares shall be forfeited under this scenario.

Payments upon termination with cause or by the executive without good reason where the non-compete agreement is not enforced

Amounts under this scenario include the following to extent they have not been already paid:

PROPOSAL 2:

Ratification of Appointment of Grant Thornton LLP as Independent Auditors

Our Audit Committee has appointed Grant Thornton LLP as our independent auditors for 2007. Representatives of Grant Thornton LLP are expected to attend the annual meeting to answer appropriate questions and may make a statement if they so desire.

The Audit Committee regularly monitors our independent auditors' qualifications, performance, independence in accordance with regulatory requirements and guidelines, and examines the relationship from a cost-benefit perspective. In the course of these monitoring activities, on February 23, 2006 the Audit Committee determined that it would be beneficial to us to dismiss Deloitte & Touche LLP, who were our independent auditors in 2005, and to engage Grant Thornton LLP as our independent auditors for the year ended December 31, 2006.

Deloitte & Touche LLP's reports on our consolidated financial statements for the fiscal years ended December 31, 2005 and 2004 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope, or accounting principles. In connection with the audit of our consolidated financial statements for the years ended December 31, 2005 and 2004 and through the date hereof, there were no disagreements with Deloitte & Touche LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to Deloitte & Touche LLP's satisfaction, would have caused Deloitte & Touche LLP to make a reference to the subject matter of the disagreements in connection with its reports. During the years ended December 31, 2005 and 2004, and during the subsequent interim period through the date hereof, there have been no reportable events, as defined in Item 304(a)(1)(v) of Regulation S-K. Deloitte & Touche LLP has furnished to us a letter addressed to the SEC stating that it agrees with the foregoing statements set forth in this paragraph. During the two most recent fiscal years and the interim period preceding the engagement of Grant Thornton LLP, we did not consult Grant Thornton LLP regarding any matter described in Item 304(a)(2)(i) or (ii) of Regulation S-K.

Fees Billed by Grant Thornton LLP

Audit Fees. The aggregate fees billed for professional services rendered by Grant Thornton LLP for the audit of our annual financial statements, the review of the financial statements included in our Quarterly Reports on Form 10-Q, the audit of (1) our management's assessment of the effectiveness of our internal control over financial reporting and (2) the effectiveness of our internal control over financial reporting as required by Sarbanes-Oxley Section 404 or for services that are normally provided in connection with statutory or regulatory filings or engagements for the year ended December 31, 2006 was \$174,000.

Audit-Related Fees. There were no fees billed by Grant Thornton for services other than audit fees for the years ended December 31, 2006 and 2005.

Tax Fees. There were no fees billed by Grant Thornton for services other than audit fees for the years ended December 31, 2006 and 2005.

All Other Fees. There were no fees billed by Grant Thornton for services other than audit fees for the years ended December 31, 2006 and 2005.

Pre-approval policies and procedures for audit and non-audit services. The Audit Committee has established a policy regarding pre-approval of all audit and non-audit services provided by our independent auditors. Each year the Audit Committee considers for approval the independent auditor's engagement to render audit services, as well as a list prepared by management of anticipated non-audit services and related budget estimates. During the course of the year, management and the independent auditor are responsible for tracking all services and fees to insure that they are within the scope pre-approved by the Audit Committee. To insure prompt handling of unexpected matters, the Audit Committee has delegated to its chairman the authority to amend or modify the list of approved permissible non-audit services and fees, provided the chairman reports any action taken to the Audit Committee at its next meeting.

The Audit Committee approved all Audit Fees billed by Grant Thornton LLP and Deloitte & Touche LLP for the years ended December 31, 2006 and 2005.

Vote Sought and Recommendation

Although stockholder action on this matter is not required, the appointment of Grant Thornton LLP is being recommended to the stockholders for ratification. The affirmative vote of a majority of the shares entitled to vote, represented in person or by proxy at the annual meeting, is needed to ratify the appointment of Grant Thornton LLP as independent auditors for 2007. If not otherwise

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE RATIFICATION OF

GRANT THORNTON LLP AS OUR INDEPENDENT AUDITORS FOR 2007.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of our Compensation Committee is a current or former officer or employee of Westwood or its subsidiaries or has had a relationship requiring disclosure by Westwood under applicable federal securities regulations. No executive officer of Westwood served as a director or member of the Compensation Committee of any entity that has one or more executive officers serving as a member of our Board of Directors or Compensation Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Relationship with Gabelli Advisers, Inc. and Affiliates

We provide investment advisory services to the Westwood Funds family of mutual funds pursuant to a subadvisory agreement with Gabelli Advisers, Inc. Based on SEC filings, we believe that GAMCO Investors, Inc., of which Gabelli Advisers, Inc. is a subsidiary, owned 19.0% of our common stock as of March 1, 2007. During 2006, Gabelli Advisers, Inc. paid subadvisory fees to Westwood Management Corp., our subsidiary, in the amount of \$863,000. In addition, Westwood Management owns shares of Class A Common Stock, representing a 19.02% economic interest in Gabelli Advisers, Inc. During 2006, Westwood Management received dividends of \$260,000 from Gabelli Advisers, Inc.

Review and Approval of Related Party Transactions

All future material transactions involving affiliated parties will be subject to approval by a majority of our disinterested directors. We have a written policy addressing the review and approval of related party transactions that is entitled our Conflict of Interest Policy. The Conflict of Interest Policy provides that, except with the Board of Directors' prior knowledge and consent, no director, officer or employee of Westwood or its subsidiaries may be involved in a transaction or relationship that gives rise to a conflict of interest with Westwood. The policy defines conflict of interest as an occurrence where a director, officer or employee's private interests interfere, or appear to interfere, in any way with our interests as a whole, and specifically includes all related party transactions and relationships we are required to disclose in our proxy statement.

In the event the Board of Directors' consent to a conflict of interest is sought, the request must be addressed to our compliance officer (or, where the matter involves the compliance officer, to the Audit Committee) and referred to the Audit Committee for its consideration. If the matter involves any member of the Audit Committee, the matter is required to be addressed by the disinterested members of the Board of Directors. A majority of the members of the Audit Committee (or a majority of the disinterested members of the Board of Directors, where applicable) must approve any request. The terms of any transaction consented to must be as favorable to us as the terms would be if the transaction were entered into with an unrelated third party.

Management Accounts

Certain of our directors, executive officers and their affiliates invest their personal funds directly in accounts held and managed by us. All such funds are managed along with, and on the same terms as, funds deposited by our other clients. These individuals are charged management fees for our services at a preferred fee rate, which rate is consistent with fees charged to our other select clients who are not members of our Board of Directors or executive officers.

REPORT OF THE AUDIT COMMITTEE

In accordance with its written charter adopted by the Board of Directors, the Audit Committee assists the Board in fulfilling its oversight responsibilities by, among other things, reviewing the financial reports and other financial information provided by us to any governmental body or the public.

In discharging its oversight responsibilities, the Audit Committee received from Grant Thornton LLP, the independent registered public accounting firm, a formal written statement describing all relationships between the firm and our company that might bear on the auditors independence consistent with Independent Standards Board Standard No. 1, discussed with the independent auditors any relationships that may impact their objectivity and independence, and satisfied itself as to the auditors independence. The Audit Committee also discussed with management, the internal auditors and the independent auditors the integrity of our company s financial reporting processes, including our company s internal accounting systems and controls, and reviewed with management and the independent auditors our company s significant accounting principles and financial reporting issues, including judgments made in connection with the preparation of our company s financial statements. The Audit Committee also reviewed with the independent auditors their audit plans, audit scope and identification of audit risks.

The Audit Committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, and, with and without management present, discussed and reviewed the results of the independent auditors examination of the consolidated financial statements of our company. The Audit Committee reviewed and discussed the audited consolidated financial statements of our company as of and for the fiscal year ended December 31, 2006 with management and the independent auditors. Management is responsible for our company s financial reporting process, including its system of internal control over financial reporting (as defined in Rule 13a-15(f) promulgated under the Securities Exchange Act of 1934), and for the preparation of our consolidated financial statements in accordance with generally accepted accounting principles. The independent auditor is responsible for auditing those financial statements, and expressing an opinion on (1) management s assessment of the effectiveness of internal control over financial reporting and (2) the effectiveness of internal control over financial reporting. The Audit Committee s responsibility is to monitor and review these processes. The members of the Audit Committee are independent as defined by SEC and NYSE rules, and, although our Board of Directors has determined that Mr. Meyer is an audit committee financial expert as defined by SEC rules, neither Mr. Meyer, nor any other member of the Audit Committee, represents themselves to be, or to serve as, accountants or auditors by profession or experts in the field of accounting or auditing.

For the fiscal year 2006, management completed the documentation, testing and evaluation of our system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002, and related regulations. The Audit Committee monitored the progress of the evaluation and provided oversight and guidance to management during the process. In connection with this oversight, the Audit Committee received periodic updates provided by management and the independent auditors. At the conclusion of the process, management provided the Audit Committee with a report on management s assessment of the effectiveness of our internal control over financial reporting as of December 31, 2006.

Based upon the above-mentioned review and discussions with management and the independent auditors, the Audit Committee recommended to the Board of Directors that our audited consolidated financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2006, for filing with the Securities and Exchange Commission.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act of 1934 requires our directors and executive officers, and persons who own more than ten percent of our common stock to file with the SEC initial statements of beneficial ownership of securities and subsequent changes in beneficial ownership. Our officers, directors and greater-than-ten-percent stockholders are required by the SEC's regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, we believe that our officers, directors and greater-than-ten-percent beneficial owners timely complied with all Section 16(a) filing requirements applicable to them.

Similarly, if an address is shared with another stockholder and together both of the stockholders would like to receive only a single set of our disclosure documents, the stockholders should follow these instructions:
