Item 2.02. Results of Operations and Financial Condition.

On August 1, 2007, PDL BioPharma, Inc. (the Company or we) issued a press release announcing the Company's financial results for the quarter ended June 30, 2007 (the Earnings Release) and conducted a webcast conference call regarding these financial results (the Earnings Call). The Earnings Release and a transcript of the Earnings Call are attached as Exhibit 99.1 and 99.2, respectively, to this current report on Form 8-K and are incorporated herein by reference.

Use of Non-GAAP Financial Information

To supplement the financial information that is presented in accordance with U.S. generally accepted accounting principles (GAAP) in our Earnings Release and the Earnings Call, we provide certain non-GAAP financial measures that exclude from the directly comparable GAAP measures certain non-cash and other charges. These non-GAAP financial measures exclude depreciation of property and equipment, stock-based compensation expense, amortization of intangible assets, interest income and other, net, interest expense, income taxes and certain other items. We believe that these non-GAAP measures presented in the Earnings Release and Earnings Call are useful for investors because these measures provide added insight into our performance and enhance an investor's overall understanding of our financial performance by reconciling more closely to the actual cash expenses of the Company in its operations as well as excluding expenses that in management's view are unrelated to our ongoing operations, the inclusion of which may make it more difficult for investors and financial analysts reporting on the Company to compare our results from period to period. Non-GAAP financial measures should not be considered in isolation from, as a substitute for or superior to financial information presented in compliance with GAAP, and the non-GAAP financial measures we reported may not be comparable to similarly titled items reported by other companies.
