VOTING RIGHTS AND SOLICITATION OF PROXIES

The close of business on February 10, 2010, is the record date for shareholders entitled to notice of the 2010 AGM. All of our ordinary shares issued and outstanding on March 31, 2010, are entitled to be voted at the 2010 AGM, and shareholders of record on March 31, 2010, will have one vote for each ordinary share so held on the matters to be voted upon. As of February 10, 2010, we had 237,534,365 ordinary shares issued and outstanding.

Proxies. Ordinary shares represented by proxies in the accompanying form, which are properly executed and received by us in accordance with the instructions set forth in the Notice, will be voted at the 2010 AGM in accordance with the shareholders' instructions set forth in the proxy. A

proxy need not also be a shareholder.

Except as described above, in the absence of contrary instructions, shares represented by proxies will be voted FOR the Board nominees named in Proposal 1 and FOR Proposals 2 through 5. Management does

Table of Contents

not know of any matters to be presented at the 2010 AGM other than those set forth in this Proxy Statement and in the Notice accompanying this Proxy Statement, nor have we received notice of any matter by the deadline prescribed by Securities and Exchange Commission (SEC) Rule 14a-4(c). Without limiting our ability to apply the advance notice provisions in our Articles of Association with respect to the procedures which must be followed for a matter to be properly presented at an annual general meeting, if other matters should properly come before the 2010 AGM, the proxy holders will vote on such matters in accordance with their best judgment.

Any shareholder of record entitled to attend and vote at the 2010 AGM, has the right to revoke his or her proxy at any time prior to voting at the 2010 AGM by (i) submitting a subsequently dated proxy, which, if not delivered in person at the meeting, must be received by us c/o Proxy Services, c/o Computershare Investor Services LLC, P.O. Box 43101, Providence, RI 02940-5067, no later than 48 hours before the appointed time of the meeting, or (ii) by attending the meeting and voting in person.

If your ordinary shares are held in street name through a broker, bank, or other nominee, you are considered the beneficial owner of those shares and you have the right to instruct your broker, bank or other nominee, who is the registered shareholder of those shares, on how to vote the shares in your account. Your broker, bank or nominee will send you a voting instruction form for you to use to direct how your shares should be voted. If you wish to change or revoke your voting instructions, you will need to contact the registered holder of your ordinary shares and follow their instructions. If you are not the shareholder of record, you may not vote your shares in person at the 2010 AGM unless you obtain a legal proxy from the broker, bank or other nominee that holds your shares, giving you the right to vote the shares instead of the broker, bank or other nominee holding your shares.

Quorum. Representation at the 2010 AGM, in person or by proxy, of at least a majority of all issued and outstanding ordinary shares is required to constitute a quorum.

Abstentions and Broker Non-Votes. If a shareholder abstains from voting, including brokers that cause abstentions to be recorded upon the instructions of their customers whose shares they hold as of record, or if a broker may not vote ordinary shares held by it because the broker (1) has not received voting instructions from its customer who beneficial owns those shares and (2) lacks discretionary voting power to vote those shares (a broker non-vote), these shares are considered present and entitled to be voted at the 2010 AGM, and, therefore, are considered for purposes of determining whether or not a quorum is present. Under the laws of Singapore, however, abstentions will not be counted in the tabulation of votes cast on a particular proposal, and, thus, have no effect on whether a proposal has been approved. A broker non-vote is treated as not being entitled to vote on the relevant proposal and, therefore, is not counted for purposes of determining whether a proposal has been approved.

A broker is entitled to vote shares held for a beneficial owner on routine matters, which include all of the proposals to be voted on at the 2010 AGM, other than Proposal 1, the election of directors, without instructions from the beneficial owner of those shares. Without instructions from the beneficial owner, a broker will not be entitled to vote shares held for a beneficial owner on Proposal 1, the election of directors, which is a non-routine matter.

Required Vote. With respect to Proposal 1, the election of directors, nominees receiving the highest number of affirmative votes of the ordinary shares present in person or represented by proxy at the 2010 Annual General Meeting of Shareholders and entitled to vote shall be elected, provided that such number of affirmative votes shall not be less than at least a majority of the ordinary shares held by the shareholders present in person or represented by proxy at the 2010 AGM and entitled to vote.

The affirmative vote of shareholders holding at least a majority of the ordinary shares held by the shareholders present in person or represented by proxy at the 2010 AGM and entitled to vote is required to approve the re-appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm and independent Singapore auditor pursuant to Proposal 2, and to approve the ordinary resolutions contained in Proposals 3 through 5.

Table of Contents

Voting Procedures and Tabulation. We have appointed a representative of Computershare Investor Services LLC as the inspector of elections to act at the 2010 AGM and to make a written report thereof. Prior to the 2010 AGM, the inspector will sign an oath to perform his or her duties in an impartial manner and according to the best of his or her ability. The inspector will ascertain the number of ordinary shares outstanding and the voting power of each, determine the ordinary shares represented at the 2010 AGM and the validity of proxies and ballots, count all votes and ballots, and perform certain other duties. The determination of the inspector as to the validity of proxies will be final and binding.

Director of Finance and Administration and Assistant Treasurer. Ms. Lien also serves as a director of Techwell, Inc. Ms. Lien was initially appointed to Board in November 2007 and resigned in January 2008 for personal reasons.

Donald Macleod

Age 61

Director since November 2007

Mr. Macleod joined National Semiconductor Corporation in February 1978 and has served as its President and Chief Executive Officer since November 2009. Prior to that, he served as its President and Chief Operating Officer from the beginning of 2005 until November 2009, and before that he held various other executive and senior management positions at National Semiconductor Corporation including Executive Vice President and Chief Operating Officer and Executive Vice President, Finance and Chief Financial Officer.

Bock Seng Tan

Age 66

Director since

April 2006

Mr. Tan was the Chairman of ST Assembly and Test Services Ltd. from 1998 until his retirement in 2003. Previously, Mr. Tan was the President and Chief Executive Officer of Chartered Semiconductor Manufacturing, Ltd. from 1993 to 1997. Mr. Tan was the Managing Director for Fairchild Semiconductor International, Inc. in Singapore from 1986 to 1988, and served as the Managing Director of National Semiconductor Corporation's Singapore operations until 1992 after Fairchild's merger with National Semiconductor. Mr. Tan started his career at Texas Instruments in Singapore in 1969.

Pursuant to the Shareholder Agreement, KKR has designated Messrs. Clammer, Greene and Kerko to serve as members of our Board; Silver Lake has designated Messrs. Davidson, Hao and Joyce to serve as members of our Board; Seletar has designated Mr. Bock Seng Tan to serve as a member of our Board and the Sponsors previously approved the appointment of Messrs. Diller and Macleod and Ms. Lien to the Board.

In the event that a director resigns from the Board or otherwise becomes unwilling or unable to serve after the mailing of this Proxy Statement but before the 2010 AGM, our intention would be to make a public announcement of such resignation and either leave such Board seat vacant or appoint a substitute nominee. If such Board seat were left vacant, this would reduce the number of director nominees to be elected at the 2010 AGM. Votes received in respect of such director would not be counted in such circumstances. In the event that we instead propose to elect a different director nominee at the 2010 AGM to fill any such vacancy, it is intended that the shares represented by the proxy will be voted for such substitute nominee as may be designated by the Board.

There are no family relationships between any of our directors or executive officers.

The Board recommends a vote FOR the re-election of each of the director nominees listed above to the Board.

CORPORATE GOVERNANCE

Board of Directors and Independence of Directors

Our Articles of Association give our Board general powers to manage our business. The Board oversees and provides policy guidance on our strategic and business planning processes, oversees the conduct of our business by senior management and is principally responsible for the succession planning for our key executives, including our President and Chief Executive Officer.

Our Board has undertaken a review of the independence of each director and considered whether any director has a material relationship with us that could compromise his or her ability to exercise independent judgment in carrying out his or her responsibilities. The Board has made the determination that transactions or relationships between the Company and an entity where a director of the Company serves as a non-management director and/or is the beneficial owner, directly or indirectly of less than 10% of such entity, or where a director of the Company serves on a non-management advisory board of, or in a non-employee advisory capacity to, such an entity are presumed immaterial for the purposes of assessing a director's independence. As a result of its review, our Board determined that Messrs. Diller, Macleod and Bock Seng Tan and Ms. Lien, representing four of our eleven directors nominated for re-election, are independent directors as defined under the applicable rules and regulations of the SEC and the Nasdaq Stock Market. Mr. Diller is the Chairman of the Board.

Our Board held a total of 7 meetings during the fiscal year ended November 1, 2009 (Fiscal Year 2009). During Fiscal Year 2009, all directors attended at least 75% of the aggregate of the total number of meetings of our Board together with the total number of meetings held by all committees of our Board on which he or she served, counting only those meetings during which such person was a member of our Board and of the respective committee, except for Messrs. Clammer, Hao, Joyce, Kerko and Bock Seng Tan and Ms. Lien. All committee members attended over 75% of the total number of meetings held by the committees of our Board on which they served, counting only those meetings during which such persons were members of the respective committee. Since the date of our IPO, our non-employee directors and our independent directors have met at regularly scheduled executive sessions without management participation.

Our Board has adopted a policy that encourages each director to attend the annual general meeting of our shareholders.

Director Retirement Age

Under Sections 153(2) and (6) of the Singapore Companies Act, Cap. 50, the office of a director of a public company becomes vacant at the conclusion of the annual general meeting of shareholders first held after such director attains the age of 70 years, and any re-appointment of such director must be approved by our shareholders by ordinary resolution.

Table of Contents**Controlled Company**

Bali Investments S.à.r.l., an entity controlled by investment funds affiliated with KKR and Silver Lake, presently owns more than 50% of our outstanding voting securities and we are therefore considered a controlled company within the meaning of the Nasdaq Stock Market rules. Pursuant to this exception, we are presently exempt from the rules that would otherwise require that our Board be comprised of a majority of independent directors and that our Compensation Committee and Nominating and Corporate Governance Committee be composed entirely of independent directors. The controlled company exception does not modify the independence requirements for the Audit Committee, and we comply with the requirements of the Sarbanes-Oxley Act and the Nasdaq Stock Market rules, requiring that our Audit Committee be comprised exclusively of independent directors. If we cease to be considered a controlled company within the meaning of the Nasdaq Stock Market rules, we intend to transition to a Board comprised of a majority of independent directors, and to a Compensation Committee and Nominating and Corporate Governance Committee comprised entirely of independent directors during the applicable transition periods prescribed by the Nasdaq Stock Market rules.

Board Committees

Our Board has an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee and a Treasury Strategy Committee. The table below provides the current membership for each of the committees and the number of meetings held by each committee during Fiscal Year 2009.

(*) The Nominating and Corporate Governance Committee was established in December 2009, subsequent to the end of Fiscal Year 2009. Pursuant to the Shareholder Agreement, for as long as KKR or Silver Lake owns at least 5% of our outstanding ordinary shares, investment funds affiliated with KKR or Silver Lake, as applicable, shall have the right to designate a director to serve on any committee, subject to compliance with federal securities laws and the requirements of the Nasdaq Stock Market. Please see Certain Relationships and Related Party Transactions Second Amended and Restated Shareholder Agreement on page 54 for more information regarding this agreement.

The functions performed by these committees, which are set forth in more detail in their respective charters, are summarized below. The Compensation Committee is currently comprised of Messrs. Davidson, Greene and Macleod. The Compensation Committee is responsible for determining our executives' base compensation and incentive compensation, including designing (in consultation with management or the Board) and recommending to the Board for approval and evaluating, our compensation plans, policies and programs, administering our stock option and other equity based plans and approving the terms of equity-based grants pursuant to those plans. The Compensation Committee has the full authority to determine and approve the compensation of our chief executive officer in light of relevant corporate performance goals and objectives. We currently rely on the controlled company exemption from the requirement of having a fully independent Compensation Committee pursuant to the Nasdaq Stock Market rules. The Compensation Committee operates under a written charter that satisfies the applicable standards of the SEC and the Nasdaq Stock Market.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee was established in December 2009 and is currently comprised of Messrs. Clammer, Diller and Hao. The Nominating and Corporate Governance Committee is responsible for identifying qualified candidates to become directors, recommending to the Board candidates for all directorships, overseeing the annual evaluation of the Board and its committees and taking a leadership role in shaping the corporate governance of the Company. We currently rely on the controlled company exemption from the requirement of having a fully independent Nominating and Corporate Governance Committee pursuant to the Nasdaq Stock Market rules. The Nominating and Corporate Governance Committee operates under a written charter that satisfies the applicable standards of the SEC and the Nasdaq Stock Market.

The Nominating and Corporate Governance Committee will consider candidates for director who are recommended by its members, by other Board members and members of our management, as well as those identified by any third-party search firms retained by it to assist in identifying and evaluating possible candidates. The Nominating and Corporate Governance Committee will also consider recommendations for director candidates submitted by our shareholders if they meet the specific criteria set forth under Shareholder Nominations to our Board of Directors below. The Nominating and Corporate Governance Committee will evaluate and recommend to the Board qualified candidates for election, re-election or appointment to the Board, as applicable, unless the Company is at any time legally required by contract or otherwise to provide any third

party with the ability to nominate a director, in which case the committee need not evaluate or propose such candidates, unless required by contract or requested by the Board. Currently all of our Board members are selected pursuant to the terms of the Shareholder Agreement.

When evaluating director candidates, the Nominating and Corporate Governance will consider all aspects of a candidate's qualifications in the context of the needs of the Company, including: personal and professional integrity, ethics and values; experience as an officer in corporate management; experience in the Company's industry and international business and familiarity with the Company; experience as a board member of another publicly traded company; and practical and mature business judgment. However, the Nominating and Corporate Governance Committee does not have any minimum criteria for director candidates. Consideration of new director candidates will typically involve a series of internal discussions, review of information concerning candidates and interviews with selected candidates.

Treasury Strategy Committee

The Treasury Strategy Committee is currently comprised of Messrs. Clammer and Hao, Mr. Douglas R. Bettinger, our Senior Vice President and Chief Financial Officer, and Mr. Desmond Lim, our Vice President and Treasurer. The Treasury Strategy Committee is responsible for the oversight of treasury strategy and operations, reporting to our Board on an as-needed basis. The Treasury Strategy Committee meets on an ad hoc basis, as business needs necessitate.

Shareholder Nominations to Our Board of Directors

Under our Articles of Association, no person other than a director retiring at a general meeting is eligible for appointment as a director at any general meeting of shareholders, without the recommendation of the Board for election, unless (a) in the case of a member or members who in aggregate hold(s) more than 50% of the total number of our issued and paid-up shares (excluding treasury shares), not less than ten days, or (b) in the case of a member or members who in aggregate hold(s) more than five percent of the total number of our issued and paid-up shares (excluding treasury shares), not less than 120 days, before the date of the notice provided to members in connection with the general meeting, a written notice signed by such member or members (other than the person to be proposed for appointment) who (i) are qualified to attend and vote at the meeting for which such notice is given, and (ii) have held shares representing the prescribed threshold in (a) or (b) above, for a continuous period of at least one year prior to the date on which such notice is given, is lodged at our registered office in Singapore. Table of Contents**DIRECTOR COMPENSATION**

Under the laws of Singapore, our shareholders must approve all cash compensation paid to our non-employee directors. We do not compensate our management directors for their service on the Board or any committee of the Board. We compensate our non-management directors (which are those directors not employed by us or any subsidiary) and independent non-management directors (directors not associated with any Equity Investor and otherwise considered independent) as follows:

	Annual Fee	
	Non-Management Directors	Independent Non-Management Directors
Board membership (other than Chairman of the Board)	\$ 50,000	\$ 50,000
Chairman of the Board	\$ 75,000	\$ 75,000
Committee membership (other than Chairperson of the Audit Committee)(1)		\$ 10,000
Chairperson of the Audit Committee		\$ 25,000

- (1) In June 2009, the Board revised director compensation to pay independent non-management directors \$10,000 per year for each committee of which they were a member. Prior to that time, independent non-management directors received \$10,000 per year in the aggregate for all committee memberships.

Non-management directors also receive a grant of options to purchase 50,000 ordinary shares upon election to the Board. The exercise price per share of director options is equal to the fair market value of an ordinary share on the grant date, and director options expire five years from the date of grant, or earlier if the optionee ceases to be a director. Generally, director options become vested and exercisable with respect to 20% of the shares subject to the options nine months following the date the director commences service on the Board and on each anniversary of that date so that the options are completely vested and exercisable four years and nine months following the date the director commences service on the Board subject to continued service on the Board through each vesting date. However, options granted to our directors in April 2006 vest at a rate of 20% on each anniversary of December 1, 2005. Prior to our IPO, option grants were made to our directors under the Amended and Restated Equity Incentive Plan for Senior Management Employees of Avago Technologies Limited and Subsidiaries (the Senior Management Plan). Following our IPO, any option grants to our directors will be made under the 2009 Equity Incentive Award Plan (the 2009 Plan). Directors are also reimbursed for travel and other out-of-pocket expenses related to their attendance at Board and committee meetings.

The following table sets forth information regarding compensation earned by our non-employee directors during Fiscal Year 2009.

Table of Contents**PROPOSAL 2:****APPROVAL OF THE RE-APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM AND INDEPENDENT SINGAPORE AUDITOR FOR FISCAL YEAR 2010 AND AUTHORIZATION OF THE AUDIT COMMITTEE TO FIX ITS REMUNERATION**

PricewaterhouseCoopers LLP is our independent registered public accounting firm in the U.S. and audits our consolidated financial statements. During Fiscal Year 2009, PricewaterhouseCoopers LLP in Singapore was our independent Singapore auditor of our Singapore statutory financial statements. Pursuant to section 205(2) and 205(4) of the Singapore Companies Act, any appointment after the Board's initial appointment of our independent Singapore auditor, or its subsequent removal, requires the approval of our shareholders. The Audit Committee has approved, subject to shareholder approval, the re-appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm and the independent Singapore auditor for Fiscal Year 2010. Pursuant to Section 205(16) of the Singapore Companies Act, the remuneration of a company's auditors shall be fixed by the shareholders in a general meeting or the shareholders may authorize directors to fix the remuneration. The Board believes that it is appropriate for the Audit Committee, as part of its oversight responsibilities, to fix the auditors' remuneration. The Board is therefore requesting that the shareholders authorize the Audit Committee to fix the auditors' remuneration for service rendered through the 2011 AGM. We expect a representative from PricewaterhouseCoopers LLP to be present at the 2010 AGM. This representative will have the opportunity to make a statement if he or she so desires and is expected to be available to respond to appropriate questions.

Principal Accountant Fees and Services

Set forth below are the aggregate fees charged to the Company for the services performed by our independent registered public accounting firm, PricewaterhouseCoopers LLP, relating to Fiscal Year 2009 and the fiscal year ended November 2, 2008 (Fiscal Year 2008).

	Fiscal Year 2009	Fiscal Year 2008
	(\$ in thousands)	
Audit Fees	\$ 2,407	\$ 4,083
Audit-Related Fees	21	25
Tax Fees	105	
All Other Fees	3	3
Total	\$ 2,536	\$ 4,111

Audit Fees consist of fees for professional services provided in connection with the audit of our annual consolidated financial statements, the review of our quarterly consolidated financial statements, and audit services that are normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements for those fiscal years, such as statutory audits. The fees also include services in connection with our IPO, preparation for which began during Fiscal Year 2008, including comfort letters, consents and review of documents filed with the SEC.

Audit-Related Fees consist of fees for assurance and related services by our independent registered public accounting firm that are reasonably related to the performance of the audit or review of our consolidated financial statements and not included in Audit Fees. In Fiscal Year 2009 and Fiscal Year 2008, these fees primarily related to implementation and compliance with the Sarbanes-Oxley Act of 2002 during Fiscal Year 2009 and Fiscal Year 2008, and related to providing a certification to the Singapore Economic Development Board in connection with our tax incentive arrangements in Singapore, in Fiscal Year 2009.

Tax Fees consist of fees incurred for a tax transfer pricing study.

Table of Contents

All Other Fees consist of fees for professional services rendered by our independent registered public accounting firm for permissible non-audit services. In Fiscal Year 2009 and Fiscal Year 2008, these fees consisted of a license for specialized accounting research software.

In considering the nature of the services provided by PricewaterhouseCoopers LLP, the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee discussed these services with PricewaterhouseCoopers LLP and our management to determine that they are permitted under the rules and regulation concerning independent registered public accounting firms' independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

Except as stated above, there were no other fees billed by PricewaterhouseCoopers LLP for Fiscal Years 2008 and 2009. The Audit Committee considers the provision of these services to be compatible with maintaining the independence of our independent registered public accounting firm.

Audit Committee Pre-Approval Policy

The Audit Committee is responsible for selecting the independent registered public accounting firm to be employed by us to audit our financial statements, subject to approval by our shareholders for appointment. The Audit Committee also assumes responsibility for the retention, compensation, oversight and termination of any independent auditor employed by us. All engagements with the Company's independent registered accounting firm, regardless of amount, must be authorized in advance by the Audit Committee. The Audit Committee has delegated its pre-approval authority to the Chairperson of the Audit Committee, provided that any matters approved in such manner are presented to the Audit Committee at its next meeting. Pursuant to the charter of the Audit Committee, committee approval of non-audit services (other than review and attest services) is not required, if such services fall within available exceptions established by the SEC. However, to date, the Audit Committee's policy has been to approve all services provided by the Company's independent registered accounting firm. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with the committee's pre-approval, and the fees for the services performed to date.

During Fiscal Years 2008 and 2009, all services provided to us by PricewaterhouseCoopers LLP were approved by the Audit Committee pursuant to paragraph (c)(7)(i) of Rule 2-01 of Regulation S-X.

The Board recommends a vote FOR the approval of the re-appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm and independent Singapore auditor for Fiscal Year 2010 and authorization of the Audit Committee to fix its remuneration.

Under the laws of Singapore, we may provide compensation (which includes cash compensation, any contribution paid under any pension scheme and any benefit received other than in cash) to our directors for services rendered in their capacity as directors only with the approval of our shareholders at a general meeting. We are seeking shareholder approval to provide payment of the following cash compensation to our non-employee directors for service on the Board and its committees during the period of approximately 12 months from April 1, 2010, the day after our 2010 AGM, through the date on which our 2011 AGM is held, as follows:

1. cash compensation of \$50,000 to each of our non-employee directors, other than the Chairman of the Board, and cash compensation of \$75,000 to the non-employee Chairman of the Board;
2. additional cash compensation of \$25,000 to the chairperson of the Audit Committee;
3. additional cash compensation of \$10,000 to each of our independent directors in respect of each committee of the Board on which they serve, other than service as chairperson of the Audit Committee; and
4. appropriate pro rata cash compensation, based on the cash compensation set forth in (1), (2) and/or (3) above, as applicable, to any new non-employee director who is appointed by the Board, any non-employee director who is appointed to the position of Chairman of the Board or chairperson of the Audit Committee or any independent director who is appointed to serve on a committee of the Board, in each case after the date of our 2010 AGM, for their services rendered as directors and/or committee members from the date of appointment through the date of our 2011 AGM.

We believe that this authorization will benefit our shareholders by enabling us to attract and retain qualified individuals to serve as members of our Board and to continue to provide leadership for our company.

The Board recommends a vote FOR the resolution to approve the non-employee directors cash compensation to be paid for the period from April 1, 2010 through the date on which our 2011 AGM is held.

PROPOSAL 4:

ORDINARY RESOLUTION TO AUTHORIZE ORDINARY SHARE ALLOTMENTS AND ISSUANCES

We are incorporated in the Republic of Singapore. Under the laws of Singapore, our directors may issue ordinary shares and make offers or agreements or grant options that might or would require the issuance of ordinary shares only with the prior approval of our shareholders. We are submitting this proposal because we are required to do so under the laws of Singapore before we can issue any ordinary shares in connection with our equity compensation plans, possible future strategic transactions, or public and private offerings.

If this proposal is approved, the authorization would be effective from the date of the 2010 AGM and continue until the earlier of (i) the conclusion of the 2011 AGM or (ii) the expiration of the period within which the 2011 AGM is required by the laws of Singapore to be held. The 2011 AGM is required to be held no later than 15 months after the date of the 2010 AGM. The laws of Singapore allow for an application to be made with the Singapore Accounting and Corporate Regulatory Authority for an extension of the time in which to hold an annual general meeting of shareholders, which may be granted in the discretion of that Authority.

The Board believes that it is advisable and in the best interests of our shareholders for our shareholders to authorize the directors to issue ordinary shares and to make or grant offers, agreements or options that might or would require the issuance of ordinary shares. In the future, the directors may need to issue shares or make agreements that would require the allotment and issuance of new ordinary shares. For example:

in connection with strategic transactions and acquisitions;

pursuant to public and private offerings of our ordinary shares, as well as instruments convertible into our ordinary shares; or

in connection with our equity compensation plans and arrangements.

Notwithstanding this general authorization to allot and issue our ordinary shares, we will be required to seek shareholder approval with respect to future issuances of ordinary shares, where required, under the Nasdaq Stock Market rules, such as where we propose to issue ordinary shares that will result in a change in control of Avago or in connection with a transaction involving the issuance of ordinary shares representing 20% or more of our outstanding ordinary shares.

The Board expects that we will continue to issue ordinary shares and grant options and other equity-based awards in the future under circumstances similar to those in the past. As of the date of this Proxy Statement, other than issuances of ordinary shares or agreements that would require the issuance of new ordinary shares in connection with our equity compensation plans and arrangements, we have no specific plans, agreements or commitments to issue any ordinary shares for which approval of this proposal is required. Nevertheless, the Board believes that it is advisable and in the best interests of our shareholders for our shareholders to provide this general authorization in order to avoid the delay and expense of obtaining shareholder approval at a later date, and to provide us with greater flexibility to pursue strategic transactions and acquisitions and raise additional capital through public and private offerings of our ordinary shares, as well as instruments convertible into our ordinary shares.

If this proposal is approved, our directors would be authorized to allot and issue, during the period described above, ordinary shares subject to applicable Singapore laws and the Nasdaq Stock Market rules. The issuance of a large number of ordinary shares could be dilutive to existing shareholders or reduce the trading price of our ordinary shares on the Nasdaq Global Select Market. If this proposal is not approved, we would not be permitted to issue ordinary shares (other than shares issuable on exercise or settlement of outstanding options, restricted share units and other instruments convertible into or exercisable for ordinary shares or the like, which were previously granted when the previous shareholder approved share issue mandates were in force). If we are unable to rely upon equity as a component of compensation, we would have to review our compensation practices, and would likely have to substantially increase cash compensation to retain key personnel.

The Board recommends a vote FOR the resolution to authorize ordinary share allotments and issuances.

PROPOSAL 5:

ORDINARY RESOLUTION TO APPROVE THE SHARE PURCHASE MANDATE

Our purchases or acquisitions of our ordinary shares must be made in accordance with, and in the manner prescribed by, the Singapore Companies Act, the Nasdaq Stock Market rules and such other laws and regulations as may from time to time be applicable.

Singapore law requires us to obtain shareholder approval if we wish to purchase or otherwise acquire our ordinary shares. We refer to this as the Share Purchase Mandate. Accordingly, we are submitting this proposal to seek approval for the Share Purchase Mandate from our shareholders at the 2010 AGM. The Share Purchase Mandate will, if approved, authorize our directors to exercise all powers to purchase or otherwise acquire our issued ordinary shares on the terms of the Share Purchase Mandate.

If approved by our shareholders at the 2010 AGM, the authority conferred by the Share Purchase Mandate will, unless varied or revoked by our shareholders at a general meeting, continue in force until the earlier of the date of the 2011 AGM or the date by which the 2011 AGM is required by law to be held.

The authority and limitations placed on our share purchases or acquisitions under the proposed Share Purchase Mandate, if approved at the 2010 AGM, are summarized below:

Limit on Number of Ordinary Shares Allowed to be Purchased

We may purchase or acquire that aggregate number of our ordinary shares that is equal to 10% of the total number of issued ordinary shares outstanding as of the date of the passing of this resolution (expected to be March 31, 2010). There were 237,534,365 of our ordinary shares outstanding as of February 10, 2010.

Duration of Share Purchase Mandate

Purchases or acquisitions of ordinary shares may be made, at any time and from time to time, on and from the date of approval of the Share Purchase Mandate up to the earlier of:

the date on which our next annual general meeting is held or required by law to be held; or

the date on which the authority conferred by the Share Purchase Mandate is revoked or varied by our shareholders at a general meeting.

Manner of Purchases or Acquisitions of Ordinary Shares

Purchases or acquisitions of ordinary shares may be made by way of market purchases on the Nasdaq Global Select Market or any other stock exchange on which our ordinary shares may for the time being be listed and quoted, through one or more duly licensed dealers appointed by us for that purpose.

Purchase Price

The purchase price (excluding brokerage commission, applicable goods and services tax and other related expenses of the purchase or acquisition) to be paid for an ordinary share will be determined by our directors. The maximum purchase price to be paid for the ordinary shares, as determined by our directors must not exceed, the highest independent bid or the last independent transaction price, whichever is higher, of our ordinary shares quoted or reported on the Nasdaq Global Select Market or as the case may be, any other stock exchange on which our ordinary shares for the time being are listed or quoted, at the time the purchase is effected.

Sources of Funds

Edgar Filing: Avago Technologies LTD - Form DEF 14A

Only funds legally available for purchasing or acquiring ordinary shares in accordance with our Articles of Association and applicable laws of Singapore shall be used. We intend to use our internal sources of funds to

Table of Contents

finance any purchase or acquisition of our ordinary shares. We do not intend to borrow money to finance any purchase or acquisition of our ordinary shares. Our directors do not propose to exercise the Share Purchase Mandate in a manner and to such an extent that would materially affect our working capital requirements and those of our subsidiaries.

Under the Singapore Companies Act, any payment made in consideration of the purchase or acquisition of ordinary shares may be made out of our capital or profits. Acquisitions or purchases made out of capital are permissible only so long as Avago is solvent for the purposes of section 76F(4) of the Singapore Companies Act. A company is solvent if (a) it is able to pay its debts in full at the time of the payment made in consideration of the purchase or acquisition (or the acquisition of any right with respect to the purchase or acquisition) of ordinary shares and will be able to pay its debts as they fall due in the normal course of business during the 12-month period immediately following the date of such payment; and (b) the value of the company's assets is not less than the value of its liabilities (including contingent liabilities) and will not, after giving effect to the proposed purchase or acquisition, become less than the value of its liabilities (including contingent liabilities).

Status of Purchased or Acquired Ordinary Shares

The ordinary shares that we purchase or acquire will be deemed cancelled immediately on purchase or acquisition, and all rights and privileges attached to those ordinary shares will expire on cancellation. The total number of issued shares will be diminished by the number of ordinary shares purchased or acquired by us.

We will cancel and destroy certificates, if applicable, in respect of purchased or acquired ordinary shares as soon as reasonably practicable following settlement of any purchase or acquisition of ordinary shares.

Financial Effects

Our net tangible assets will be reduced by the purchase price of any ordinary shares purchased or acquired and cancelled. We do not anticipate that the purchase or acquisition of our ordinary shares in accordance with the Share Purchase Mandate would have a material impact on our consolidated results of operations, financial condition and cash flows.

The financial effects on us arising from purchases or acquisitions of ordinary shares which may be made pursuant to the Share Purchase Mandate will depend on, among other things, whether the ordinary shares are purchased or acquired out of our profits and/or capital, the number of ordinary shares purchased or acquired, and the price paid for the ordinary shares.

Under the Singapore Companies Act, purchases or acquisitions of ordinary shares by us may be made out of our profits and/or our capital. Where the consideration paid by us for the purchase or acquisition of ordinary shares is made out of our profits, such consideration (excluding brokerage, commission, goods and services tax and other related expenses) will correspondingly reduce the amount available for the distribution of cash dividends by us. Where the consideration that we pay for the purchase or acquisition of ordinary shares is made out of our capital, the amount available for the distribution of cash dividends by us will not be reduced. To date, we have not declared any cash dividends on our ordinary shares and have no current plans to pay cash dividends in the foreseeable future.

Rationale for the Share Purchase Mandate

We believe that an approval of the Share Purchase Mandate at the 2010 AGM will benefit our shareholders by providing our directors with appropriate flexibility to cause the repurchase of our ordinary shares if our directors believe that such repurchases would be in the best interests of our shareholders. Our decision to repurchase our ordinary shares from time to time will depend on our continuing assessment of then-current market conditions, our need to use available cash to finance our operations, acquisitions and other strategic transactions, the level of our debt, and the terms and availability of financing.

Take-Over Implications

If, as a result of our purchase or acquisition of our issued ordinary shares, a shareholder's proportionate interest in our voting capital increases, such increase will be treated as an acquisition under The Singapore Code on Take-overs and Mergers, Appendix 2. If such increase results in a change of effective control, or, as a result of such increase, a shareholder or a group of shareholders acting in concert obtains or consolidates effective control of our company, such shareholder or group of shareholders acting in concert could become obliged to make a take-over offer for our company under Rule 14 of The Singapore Code on Take-overs and Mergers.

The circumstances under which shareholders (including directors or a group of shareholders acting together) will incur an obligation to make a take-over offer can be found under Rule 14 and Appendix 2 of the Singapore Code on Take-overs and Mergers. The effect of Appendix 2 is that, unless exempted, shareholders will incur an obligation to make a take-over offer under Rule 14 if, as a result of us purchasing or acquiring our issued ordinary shares, the voting rights of such shareholders (and parties acting in concert with them) would increase to 30% or more, or if such shareholders (and parties acting in concert with them) hold between 30% and 50% of our voting rights, the voting rights of such shareholders (and parties acting in concert with them) would increase by more than 1% in any period of six months. Shareholders who are in doubt as to their obligations, if any, to make a mandatory take-over offer under The Singapore Code on Take-overs and Mergers as a result of any share purchase by us should consult the Securities Industry Council of Singapore and/or their professional advisers at the earliest opportunity. Based on our shareholdings as of February 10, 2009, we do not believe that the purchase of shares pursuant to the Share Purchase Mandate would cause any shareholder to become the holder of 30% or more of our outstanding ordinary shares. We therefore do not believe that the Share Purchase Mandate nor share purchases thereunder will have any material take-over implications.

The Board recommends a vote FOR the resolution to approve the Share Purchase Mandate.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

Our Compensation Committee reviews and approves compensation for all our executives.

We have in place a compensation strategy for our executives which focuses on both individual and Company performance. Compensation of our executives is structured around the achievement of near-term corporate targets (fiscal year metrics) as well as long-term business objectives and strategies. The Compensation Committee is responsible for evaluating and administering all of our compensation programs and practices to ensure that they properly compensate and reward, and that they appropriately drive, corporate performance while remaining competitive with comparable semiconductor companies competing in the same or similar markets. The Compensation Committee reviews and approves all compensation policies, including executive base salaries, bonuses and equity incentive compensation.

Our named executive officers (NEOs) for Fiscal Year 2009 were Hock E. Tan, President and Chief Executive Officer, Douglas R. Bettinger, Senior Vice President and Chief Financial Officer, Bryan T. Ingram, Senior Vice President and General Manager, Wireless Semiconductor Division, Boon Chye Ooi, Senior Vice President, Global Operations, Patricia H. McCall, Vice President and General Counsel, Bian-Ee Tan, former Chief Operating Officer and Fariba Danesh, former Senior Vice President and General Manager, Fiber Optics Product Division. Effective December 31, 2008, Mr. Bian-Ee Tan resigned from our Company for personal reasons. Effective September 18, 2009, Ms. Danesh resigned from our Company for personal reasons. Mr. Ooi joined our Company on January 15, 2009 as Senior Vice President, Global Operations.

Objectives and Philosophy of Our Executive Compensation Program

Our Compensation Committee has adopted a compensation philosophy which is intended to keep total cash compensation (base salary plus cash incentive reward) of our executives competitive with compensation at companies within our peer group, with total cash compensation (including incentive cash compensation) at the 75th percentile generally viewed as the upper end of the desired compensation for our executives. The Compensation Committee believes that setting cash compensation within this percentile of the market provides us a competitive position for attracting and retaining executives; provided, however, that our Compensation Committee will make exceptions to this philosophy when it determines it is necessary to attract or retain an executive with the experience and skills the Compensation Committee determines is desirable for a particular position, to provide additional incentive to an executive to achieve the Company's goals or to maintain internal parity among executives with similar levels of responsibilities. When reviewing and setting compensation against market practices, the Compensation Committee uses industry based market compensation survey data, to which we refer in this Form 10-K/A as Market Salary Surveys, from the following data sources:

Radford Executive Survey (U.S.);

Radford Benchmark Survey (U.S.);

Radford International Survey; and

Mercer High Tech Salary Survey (Asia).

The companies the Compensation Committee used as a benchmark for reviewing and setting executive compensation, to which we refer in this Form 10-K/A as our Peer Group Companies, and those that participate in the Market Salary Surveys, are:

Altera Corporation;

Atmel Corporation;

Cypress Semiconductor Corporation;

International Rectifier Corporation;

Maxim Integrated Products Inc.;

Microchip Technology Inc.;

National Semiconductor Corporation;

ON Semiconductor Corporation;

Qimonda North America;

Sharp Microelectronics of the Americas;

Spanion Inc.;

In December 2009, our Compensation Committee, through management, retained Compensia, Inc. (Compensia) to act as compensation consultant and advise on the compensation of our executive officers for Fiscal Year 2010. Compensia does not provide any other services to us. In December 2009, our Compensation Committee revised our Peer Group Companies for the purposes of setting 2010 compensation for our executives using industry-based market surveys (the 2009 Market Salary Surveys) prepared by Compensia to include the following:

Altera Corporation;

Atmel Corporation;

Cypress Semiconductor Corporation;

Fairchild Semiconductor, Inc.;

Finisar Corporation;

Intersil Corporation;

Linear Technology Corporation;

LSI Logic Corporation;

Marvell Semiconductor, Inc.;

Maxim Integrated Products Inc.;

ON Semiconductor Corporation; and

Xilinx Inc.

Allocation of equity to executives in the form of the opportunity to purchase ordinary shares is not currently based strictly on the practice at Peer Group Companies. At the time of the SPG Acquisition, we granted significant equity awards to executives in order to attract and retain them. We have from time to time made

Table of Contents

additional grants of options to our executive officers, typically in connection with their commencement of employment with us, in connection with a promotion or in connection with the assignment of increased responsibilities. When allocating equity, the Compensation Committee looks at each executive's level of experience and expertise and overall value to our Company. Equity is a long term retention plan for key executives and is intended to reflect the value we place on their contribution to our Company. The Compensation Committee approves all equity grants made to executives.

Our compensation program for executives is designed to achieve the following:

attract and retain qualified, experienced and talented executives, understanding competitive pressures from our Peer Group Companies;

motivate and reward executives whose skills, knowledge and performance are critical to the on-going success of our Company;

encourage executives to focus on the achievement of corporate and financial performance goals and metrics by aligning the incentive reward program to the achievement of both functional/divisional goals and corporate goals; and

aligning the interests of our executives with those of our shareholders. A significant portion of total compensation paid to our executives is in the form of equity. As such, this serves both as a long term retention strategy and aims to align the interests of our executives with shareholders by tying a significant portion of each executive's compensation to returns realizable by our shareholders.

Components of Our Executive Compensation Program

The components of our executive compensation program are:

annual base salary;

annual (fiscal year) cash incentive program;

equity incentive (opportunities to purchase ordinary shares); and

perquisites.

Annual Cash Compensation

Base Salary

Our Compensation Committee believes that a competitive base salary is a necessary element of any compensation program designed to attract, engage and retain key executives. Base salaries provide fixed, baseline compensation and are set at levels which are intended to be within a competitive range with similar positions at our Peer Group Companies. The base salaries of all our executives are reviewed annually by the Compensation Committee against positions of similar size and scope in our Peer Group Companies. Annual adjustments to an executive's base salary take into account:

(i)

Edgar Filing: Avago Technologies LTD - Form DEF 14A

individual performance throughout the prior fiscal year (based on the achievement of divisional goals used in the annual cash incentive bonus plan, fiscal responsibility and senior leadership ability);

(ii) the actual pay rate of our executives divided by market pay rates from the Market Salary Surveys (the compa-ratio);

(iii) our ability to pay salary increases; and

(iv) internal parity, where applicable.

Our Compensation Committee reviews and considers many factors in determining individual performance for the purposes of adjusting base salaries including such measures as unit or division performance against

Table of Contents

budget, achievement of unit or division sales goals, new product introductions and corporate strategy implementation. The process for internal parity involves comparing executives in peer roles to ensure that base salaries are comparable based on function, scope and responsibilities of the role and taking into account the executive's experience, technical knowledge and expertise.

Taking into consideration business performance and the state of the broader economic environment at the time, the Compensation Committee decided that no merit increases would be awarded for Fiscal Year 2009. As such, no adjustments were made to the base salaries of our NEOs during Fiscal Year 2009, except in the case of Ms. McCall, who received a market-based 7% base salary increase which took effect on February 1, 2009. In making this decision the Compensation Committee took into consideration that Ms. McCall's base salary prior to the increase was at the 40th percentile of similar positions in our Peer Group Companies.

In connection with the commencement of Mr. Ooi's employment in January 2009, our Compensation Committee set Mr. Ooi's base salary at \$450,000 following its review of base salaries paid to similarly situated executives at our Peer Group Companies and arms length negotiations.

In December 2009, the Compensation Committee undertook a market review of executive compensation, using the 2009 Market Salary Surveys prepared by Compensia, acting as an external consultant to management. Based on individual performance throughout Fiscal Year 2009, Market Salary Surveys and the 2009 Market Salary Surveys, the Compensation Committee approved the following market-based base salary increases:

Name	Percentage Increases	Base Salary (USD) Effective February 1, 2010
Hock E. Tan	12.0%	\$ 700,000
Douglas R. Bettinger	10.0%	\$ 385,000
Bryan T. Ingram	15.1%	\$ 385,000
Patricia H. McCall	10.7%	\$ 340,000

Mr. Ooi did not receive a market-based base salary increase since he currently receives a base salary that is at the 78th percentile for similar positions at our Peer Group Companies, which is above the 75th percentile the Compensation Committee generally views as the upper end of desired compensation for our senior executives.

Our Chief Executive Officer may recommend increasing the base salary of an executive at any time throughout the course of the year if a change in the scope of the executive's role and responsibilities warrants an increase. In limited circumstances, our Chief Executive Officer may propose that an executive's base salary be adjusted in response to a competitive threat or competitive labor market practice. The Compensation Committee approves any salary adjustments that are made during the fiscal year for executive officers.

Annual Cash Incentive Program

We have in place a performance based annual cash incentive bonus plan for all of our executive management. The plan is reviewed and approved on a year-to-year basis by our Compensation Committee. Company goals and business metrics are also reviewed and approved by the Compensation Committee prior to allocation. Our performance based annual cash incentive plan is designed to encourage and motivate the Chief Executive Officer to achieve corporate level goals and other executives to achieve both corporate level and functional/divisional level goals, thereby positively contributing to the growth and performance of the Company. In Fiscal Year 2009, the plan was structured to include a target bonus amount expressed as a percentage of base salary which could be achieved by meeting corporate and divisional goals and could be increased or decreased based on individual performance. The formula used to calculate an executive's performance based bonus is as follows:

Bonus Amount = Target Bonus Amount x Group Performance Factor x Individual Performance Factor x Annual Base Salary

Table of Contents

Target Bonus Amounts

Each of our executive officers participates in our performance based annual cash incentive bonus plan. Rates at which our executive officers participate in the performance based annual cash incentive bonus plan are expressed as a percent of base salary. Employees at the level of Vice President and below participate at rates set by a formula adopted by the Compensation Committee based on Market Salary Survey data for our Peer Group Companies, the levels and rates of participation used by Agilent prior to the SPG Acquisition and the Compensation Committee's experience with similar programs. Our Compensation Committee did not follow a formula or otherwise weigh any of these factors, but rather used the factors as general background information prior to determining the participation rates of our NEOs. For executives at the level of Senior Vice President and above, the Compensation Committee sets the rate of participation based on its assessment of the executive's experience, ability to influence corporate results and the competitive market data from the Market Salary Surveys for our Peer Group Companies. In particular, the Compensation Committee set the participation rates based on each executive's experience in her or his role with our Company, the level of responsibility held by each executive, which the Compensation Committee believes directly correlates to her or his ability to influence corporate results, and the target bonuses utilized by our Peer Group Companies for senior executive officers. Each NEO's target bonus amount can be calculated by multiplying his or her participation rate times his or her base salary and is included in the table set forth in the section below entitled "Annual Cash Incentive Program Summary Bonus Table."

Group Performance

Group performance for each executive, other than our Chief Executive Officer, consists of corporate performance and division/function performance, with each component equally weighted at 50%. Our Chief Executive Officer's group performance is measured solely using corporate performance since our Chief Executive Officer has overall responsibility for our Company. A component of performance must be achieved at 50% before it is taken into account in calculating an executive's bonus amount and cannot exceed 150% of the target for such component, except for Direct Expenses, which cannot exceed 120% of the target for such component.

The Compensation Committee determines corporate performance based on our achievement of corporate goals. The corporate goals for Fiscal Year 2009 were revenue growth as compared to the fiscal year ended November 2, 2008 (Fiscal Year 2008) and non-GAAP operating income, and each carried an equal weighting of 50% of group performance. The target for revenue growth for Fiscal Year 2009 was 6.7% as compared to Fiscal Year 2008 and the target for non-GAAP operating income was \$309 million. In December 2009, the Compensation Committee determined that our Fiscal Year 2009 achievement of revenue growth was (12.6%). Given this represented an actual decline in revenue as compared to Fiscal Year 2008, attainment of this goal was at 0% of target. Preliminary non-GAAP operating income, used by the Compensation Committee to determine whether the target had been met, was \$232.7 million, which corresponds to 55.6% of target. The weighted attainment for both corporate goals for Fiscal Year 2009 was 27.8%, which is calculated by dividing the sum of 0% revenue growth attainment and 55.6% non-GAAP operating income attainment by 2.

Actual Non-GAAP operating income for Fiscal Year 2009 was \$231 million. Attainment levels were not subsequently adjusted as the actual non-GAAP operating income amount was not available until after bonuses had been approved and because the difference between the preliminary and actual amount was immaterial. Non-GAAP operating income of \$231 million is calculated from our consolidated audited financial statements in our Annual Report by adding \$79 million related to the amortization of acquisition-related intangibles (\$58 million reported as amortization of intangible assets as part of cost of products sold and \$21 million reported in amortization of intangible assets as part of operating expenses), \$12 million related to share-based compensation expense, \$34 million related to restructuring charges (\$11 million related to cost of products sold and \$23 million related to operating expenses), \$54 million related to the termination of our advisory agreement with Kohlberg Kravis Roberts & Co. L.P. and Silver Lake Management Company, L.L.C., entered into in December 2005 (the Advisory Agreement), and \$4 million related to selling shareholder expenses associated with our IPO to the \$48 million reported as income from operations for Fiscal Year 2009.

Table of Contents

The Compensation Committee determines an executive's divisional/functional performance based on the achievement of goals by the division which the executive oversees. The Compensation Committee sets divisional/functional goals and their weightings based on its assessment of the business requirements of the particular division/function to which the goals relate and the relative importance of the goals to the division/function. Each of the divisional goals, and its respective weighting, for our NEOs is described in the table set forth in the section below entitled "Annual Cash Incentive Program Summary Bonus Table". Each divisional goal is set by the Compensation Committee to be difficult to attain and to require substantial effort on behalf of the division and the executive in charge of the division. Divisional/functional goals are not expected to be attained based on average or below average performance. In December 2009, the Compensation Committee determined that divisional/functional goals had been achieved at the levels set forth in the section below entitled "Annual Cash Incentive Program Summary Bonus Table".

Individual Performance

Individual performance is applied as a multiplier to the bonus amount calculated based on group performance. Individual performance is determined by the Compensation Committee with input from the Chief Executive Officer for each executive other than the Chief Executive Officer. In determining individual performance the Compensation Committee considers the requirements of the executive's position including the achievement of the divisional goals set forth in the section below entitled "Annual Cash Incentive Program Summary Bonus Table", fiscal responsibility as determined by the Compensation Committee with input from the Chief Executive Officer, other than with respect to himself, such executive's senior leadership capability and how each of these factors impacts the overall performance of the executive's division and/or function. Executives who consistently meet or exceed the requirements of the position, as determined by the Compensation Committee, will receive a bonus multiplier of 150% of the bonus amount calculated using group performance. Executives who meet, and sometimes exceed, the key requirements of their position, as determined by the Compensation Committee, receive the bonus amount calculated at 100% using group performance. Executives who meet some, but not all, of the requirements of the position or for whom the Compensation Committee believes that improvement is needed will receive a bonus that is 50% of the bonus amount calculated using group performance. The Compensation Committee may adjust our Chief Executive Officer's individual performance factor upwards or downwards in its sole discretion based on any additional criteria it determines appropriate.

For Fiscal Year 2009, the Compensation Committee determined that each of our NEOs, other than Mr. Bettinger and Mr. Ingram, met the key requirements of his or her position so that each NEO, other than Mr. Bettinger and Mr. Ingram, received an individual performance factor of 100%. The Compensation Committee has determined that both Mr. Bettinger and Mr. Ingram exceeded each of the requirements of their positions based on the overall performance of their respective division and function, the overachievement of the divisional and functional goals set forth in the section below entitled "Annual Cash Incentive Program Summary Bonus Table", their overall leadership capability, including, with respect to Mr. Bettinger, leadership during our IPO, and the Compensation Committee's assessment of their ongoing value to us so that their individual performance factor was each set at 150%.

Discretionary Bonuses

Each year, our Compensation Committee may supplement the performance based cash incentive plan awards earned by our NEOs with discretionary bonuses which are awarded based on our Chief Executive Officer's recommendations, other than with respect to himself, and the Compensation Committee's assessment of individual contributions.

In 2009, Mr. Ingram was paid a discretionary bonus of \$15,750 in lieu of a mortgage subsidy to which he was entitled under an Agilent bonus program. The amount of Mr. Ingram's mortgage subsidy substitute for Fiscal Year 2009 was determined based on the mortgage subsidy Mr. Ingram would have been entitled to had he

Table of Contents

remained employed by Agilent. Agilent's obligation with respect to Mr. Ingram's mortgage subsidy would have run through July 31, 2010, with decreasing amounts becoming payable each year. We are under no obligation to make the payment to Mr. Ingram and may increase or decrease it at any time, at our discretion.

In December 2009, our Compensation Committee awarded Mr. Hock E. Tan a discretionary bonus of \$1 million based on his extraordinary leadership of our Company during Fiscal Year 2009, including the pivotal role Mr. Tan played in our IPO. Also in December 2009, our Compensation Committee awarded Mr. Ingram a discretionary bonus of \$150,000 based on the performance during Fiscal Year 2009 of the Wireless Semiconductor Division, which is overseen by Mr. Ingram.

- (3) The Compensation Committee approved an additional discretionary bonus of \$150,000 based on the performance of the Wireless Semi-conductor Division, overseen by Mr. Ingram, during Fiscal Year 2009.

In December 2009, the Compensation Committee increased Mr. Hock E. Tan's participation rate in the annual cash incentive bonus plan from 120% to 150% effective in Fiscal Year 2010 based on its assessment of Market Salary Surveys, Mr. Hock E. Tan's experience and overall leadership and management of us and our subsidiaries.

In connection with a separation agreement entered into with Ms. Danesh, and as the result of arms length negotiations, we agreed to pay Ms. Danesh \$200,000 in lieu of any bonus that she could have earned pursuant to our annual cash incentive bonus plan through her resignation date of September 18, 2009, as part of her separation payment.

Equity Incentive Compensation

Our Compensation Committee believes that long term, sustainable growth and performance will be best facilitated through a culture of executive ownership that encourages long term investment and engagement by our executive management. The aim is also to align executive performance and behaviors to create a culture conducive to shareholder investment.

Our Compensation Committee approves options to purchase ordinary shares granted to executive officers. The size of initial (and any subsequent) grants for executives takes into account past equity grants, the executive's position (level), compensation and the value the executive brings to the Company based on their technical experience, expertise and leadership capabilities. The philosophy behind option grants is to provide the executive with a strong incentive to build value in the Company over an extended period of time. While subsequent options may be proposed by our Chief Executive Officer and granted by the Compensation Committee, we do not have a set annual option grant program for executives.

Options to purchase ordinary shares that were granted to executives prior to our IPO are governed by the Equity Incentive Plan for Executive Employees of Avago Technologies Limited and Subsidiaries (the Executive Plan), which is administered by the Compensation Committee. Generally, options granted under the Executive Plan vest in equal annual installments over five years based 50% upon the passage of time and 50% on our financial performance, as measured using non-GAAP operating income, subject in each case to continued employment with Avago. The operating income target used for performance-vested options is income (loss) from operations calculated in accordance with GAAP, but adjusted to exclude amortization of acquisition-related intangibles, share-based compensation, restructuring and asset impairment charges, acquired in-process research and development, (gain)/loss on extinguishment of debt, management and transaction fees payable to the Sponsors or their affiliates, and (income) loss from and (gain) loss on discontinued operations and other items eligible for exclusion. The Compensation Committee determined that non-GAAP operating income provides a better overall measure of our financial performance among periods than operating income calculated in accordance with GAAP would otherwise provide because the amounts not included in the non-GAAP operating income target are either non-recurring, in which case such amounts do not reflect the results of continuing operations for which our Compensation Committee wants our executives to be accountable, or, if recurring, are not related to our operating performance or are amounts over which our Compensation Committee believes our executives do not have control. For example, the Compensation Committee excludes share-based compensation from the operating income target because these expenses are not reflective of our operating performance, our share options typically do not require cash settlement by us and the share-based compensation expenses are often the result of complex calculations using an option pricing model that estimates share-based awards' fair value based on factors such as volatility and risk-free interest rates that are beyond the control of our executives. The operating income targets have been set at levels our Compensation Committee has determined are challenging and will require substantial effort on the part of our executives and the Company in order to be attained. Our

Table of Contents

Compensation Committee does not believe that future operating income targets will be achieved if our executives perform at an average or below average level. Pursuant to their initial terms, performance-vested options that do not become exercisable in a given year may be earned in future years, up to the fifth year following the date of grant, if performance in any future year exceeds the target for such year (Catch-up Vesting). As discussed below, in connection with our IPO, outstanding performance-based options were amended to eliminate performance targets or to provide for subsequent time-based vesting of options that do not vest in a particular year if performance targets are not met. Generally, the exercise price of options granted under the Executive Plan was equal to the fair market value of our ordinary shares on the date of grant as determined by our Compensation Committee or the Board.

The minimum non-GAAP operating income target for Fiscal Year 2009 for the vesting of our performance-vesting options was \$256 million. In January 2010, our Compensation Committee determined none of our performance-vesting options vested based on Fiscal Year 2009 performance, since we did not achieve our performance-vesting target for Fiscal Year 2009 of non-GAAP operating income of \$231 million. Non-GAAP operating income can be calculated from our consolidated audited financial statements in our Annual Report by adding \$79 million related to the amortization of acquisition-related intangibles (\$58 million reported as amortization of intangible assets as part of cost of products sold and \$21 million reported in amortization of intangible assets as part of operating expenses), \$12 million related to share-based compensation expense, \$34 million related to restructuring charges (\$11 million related to cost of products sold and \$23 million related to operating expenses), \$54 million Advisory Agreement termination fee and \$4 million related to selling shareholder expenses associated with our IPO to the \$48 million reported as income from operations for Fiscal Year 2009. The performance-vesting options that failed to vest based upon performance in Fiscal Year 2009 are subject to Catch-up Vesting whereby such options will vest to the extent we exceed our operating income targets in Fiscal Year 2010 and the executive remains employed through the vesting date. The operating income target for Fiscal Year 2010 is \$392.1 million, with each increment of approximately \$1.2 million in operating income above such amount resulting in Catch-Up Vesting of 1% for the performance-vesting options initially scheduled to vest in Fiscal Year 2009. Operating income targets for Fiscal Years 2011 and 2012 are \$500 million and \$650 million, respectively. Minimum operating income thresholds for Fiscal Years 2010, 2011 and 2012 are \$272.7 million, \$480 million and \$620 million, respectively. Any performance-vesting options initially scheduled to vest based on our Fiscal Year 2009 performance that do not subsequently vest based on Fiscal Year 2010 performance will vest on the second anniversary of the initially scheduled vesting date, based solely on continued service through such date.

In January 2009, in connection with the commencement of his employment with us, our Compensation Committee granted Mr. Ooi an option to purchase 350,000 of our ordinary shares, with 175,000 of the shares subject to the option vesting at a rate of 20% per year subject to Mr. Ooi's continued employment through the vesting date and 175,000 of the shares subject to the option vesting at a rate of 20% per year based on our financial performance as described above and Mr. Ooi's continued employment through the vesting date. The per share exercise price for Mr. Ooi's option is \$8.12, which our Compensation Committee determined equaled the per share fair market value of our ordinary shares on the date of grant.

In March 2009, our Compensation Committee made a special broad-based option grant in order to provide incentive to our employees, including certain of our NEOs, in light of then current economic conditions, our Compensation Committee's decision generally not to provide merit-based salary increases for Fiscal Year 2009 and the delay of our IPO. The per share exercise price of the options was set at \$10.00, which was higher than the fair market value of our ordinary shares, as determined by our Board. Because of the higher exercise price and in light of the factors discussed above, our Compensation Committee established a vesting schedule of 20% per year based on each optionee's continued employment through the vesting date, and no portion of the special grant vests based upon the performance of our Company. The number of our ordinary shares subject to each option grant generally correlated with the level of responsibility of the employees within our Company. As part of this broad-based grant, Mr. Hock E. Tan, Mr. Ingram, Ms. McCall and Ms. Danesh were granted options to purchase 300,000, 60,000, 50,000 and 50,000 of our ordinary shares, respectively. Mr. Bettinger and Mr. Ooi did

Table of Contents

not receive option grants in March 2009 since they had each received options in connection with the commencement of their employment with us in August 2008 and January 2009, respectively.

On July 20, 2009, the Compensation Committee approved the amendment of the performance-based options held by Mr. Hock E. Tan, Mr. Bettinger, Mr. Ingram and Ms. Danesh to remove the operating income targets and extend the vesting period. The amended options will vest two years after the date such options could first have vested had the performance targets for such options been achieved, provided that these individuals remain employed by us through the applicable vesting date. The Compensation Committee determined that the removal of performance targets was appropriate in light of our current financial projections, which are lower than when the revised performance targets were set, and the uncertainty then present in the global economy. In making its determination, the Compensation Committee heavily weighted the importance of providing these individuals significant incentives to continue with us for a substantial period following our IPO. In addition, the Compensation Committee amended all other outstanding performance-based options to provide that if performance targets for a particular year were not met the options will vest two years after the date the options could first have vested had the performance targets for such options been achieved, subject to any earlier Catch-Up Vesting, provided that the employee remains employed by us through the applicable vesting date.

The Compensation Committee granted options to purchase our ordinary shares effective prior to the pricing of our IPO under our 2009 Plan to certain of our employees, including Mr. Hock E. Tan, Mr. Bettinger, Mr. Ingram, Ms. McCall and Ms. Danesh, who were granted options to purchase 300,000, 50,000, 150,000, 50,000 and 50,000 ordinary shares, respectively. Mr. Ooi did not receive an option grant since he received options in connection with the commencement of employment with us in January 2009. In determining the number of ordinary shares subject to the options granted to each NEO, the Compensation Committee considered the level of responsibility of the NEO, the length of service of the NEO, the delay of our IPO and the previous option grants made to the NEO, while recognizing that these were a one-time special award in connection with our IPO. The options have an exercise price equal to the IPO price of \$15.00 per share and expire ten years from August 5, 2009. The options granted to our NEOs will vest in two equal installments on each of the third and fourth anniversaries of the date of grant, subject to the executive's continued employment with us through the vesting date. The Compensation Committee set the vesting schedule in a manner it believed would align our NEOs' interests with the long-term interests of our shareholders. Ms. Danesh forfeited her option grant in connection with her termination of employment in September 2009.

Termination-Based Compensation

Separation compensation is determined by Company policy and any specific arrangements detailed in the executive's employment agreement. Severance payments are typically comprised of a cash payment in lieu of salary, bonuses and/or coverage of health benefits for a limited period of time and, in some cases, option vesting acceleration. In addition to employment agreement provisions, the vesting of options granted under the Executive Plan accelerate with respect to 10% of the shares subject to the options if an executive is terminated in connection with the sale of his or her division. Our Compensation Committee must approve any exceptions to severance payments including any additional cash payments and any variance from the Executive Plan regarding the treatment of options. Executives who are terminated from Avago are required to sign a general release of all claims against Avago to receive any severance benefits.

Each of our NEOs, other than Mr. Bian-Ee Tan, is, or was during Fiscal Year 2009, eligible for severance benefits under his or her respective employment agreement with Avago. Mr. Ingram's severance benefits upon termination of employment other than in connection with a change of control expired on November 1, 2009, pursuant to the terms of his employment agreement. The Compensation Committee provides termination benefits to our NEOs, other than Mr. Bian-Ee Tan, based on its review of severance practices at our Peer Group Companies and as the result of arms-length negotiations at the time our executives enter into employment with us, at the time they are requested to take on additional responsibilities or to achieve parity with other NEOs. The level of benefits varies from executive to executive based on the level of responsibility of the executive and accommodations made through arms-length negotiations.

On September 23, 2009, we entered into a Separation Agreement with Ms. Danesh. Pursuant to the Separation Agreement, we paid Ms. Danesh a separation payment of \$567,271. In addition, we accelerated the vesting with respect to options to purchase 35,000 ordinary shares granted to Ms. Danesh in November 2007, as provided in Ms. Danesh's employment agreement with us. The Separation Agreement also terminated Ms. Danesh's Management Shareholders Agreement, permitted her to sell 10,451 co-investment shares, permits her to sell the minimum number of ordinary shares necessary to pay for the exercise price and withholding obligations associated with the exercise of her share options and requires her to hold all other shares owned or received upon exercise of her options until at least February 2, 2010. The Separation Agreement included a full release of claims against us. Our obligations under the Separation Agreement are conditioned upon Ms. Danesh abiding by the non-solicitation provisions of the Separation Agreement and her Employment Agreement for the twelve months period commencing September 18, 2009.

On April 7, 2009, we entered into an Employment Separation Agreement with Mr. Bian-Ee Tan. Pursuant to the agreement, we paid Mr. Tan an aggregate separation payment of \$1,229,421 in exchange for his general release of all claims against us and our affiliates and his agreement to abide by the non-competition and non-solicitation provisions of his Employment Separation Agreement for the eighteen month period commencing on December 31, 2008. In connection with his termination of employment, Mr. Tan exercised all of his vested options to purchase 1,080,000 ordinary shares for an aggregate purchase price of \$5,400,000, in a cashless exercise pursuant to which 574,382 ordinary shares were issued to Mr. Tan and 505,618 ordinary shares were withheld by us in satisfaction of the exercise price for such options. In addition, we exercised our call right to purchase ordinary shares held by Mr. Tan for \$3,248,000, which represented the then fair market value of such shares, as determined by our Board.

The table below sets forth the severance benefits payable to each NEO under his or her respective employment agreement, offer letter or severance agreement, other than Mr. Bian-Ee Tan and Ms. Danesh, whose benefits are described in the preceding paragraphs, upon a termination of employment without cause, for good reason, because of death or because of disability occurring, in each case, apart from a change in control:

	Continued Base Salary	Bonus(1)	Health Benefits Continuation Coverage

Douglas R. Bettinger	9 months	50%	6 months
Bryan T. Ingram(2)	12 months		
Boon Chye Ooi	6 months	50%	6 months

For other medical, dental and vision coverage, we pay a portion of the cost and the employees, including executives, pay a portion of the cost. We pay 100% of the premium for all employees, including executives, for Basic Life Insurance, Accidental Death and Dismemberment, Business Travel Accident Insurance and the Employee and Family Assistance Plan. We pay 100% of the premiums for all Colorado employees, including executives, for Short Term and Long Term Disability. Consistent with our overall compensation philosophy, we intend to continue to maintain our current benefits plan for executives as well as other employees. Our Compensation Committee in its discretion may revise, amend or add to any executive's benefits and prerequisites if it deems necessary.

U.S. based executives may also participate in the Avago Technologies U.S. Inc. Deferred Compensation Plan. For a description of the Deferred Compensation Plan, see footnote 1 of the 2009 Non-Qualified Deferred Compensation Table.

Table of Contents

We determine perquisites on a case by case basis and will provide a perquisite to an NEO when we believe it is necessary to attract or retain the executive officer. In Fiscal Year 2009, the following executives received the following perquisites:

Name	Perquisites
Hock E. Tan, President and Chief Executive Officer	Reimbursement for travel to a residence in Pennsylvania.
Boon Chye Ooi, Senior Vice President, Global Operations	Housing subsidy, relocation allowance and de minimis flexible spending amount reimbursement.
Bian-Ee Tan, Former Chief Operating Officer	Housing allowance, club memberships, private health insurance, medical reimbursement, tax preparation service reimbursement and reimbursement of taxes in Malaysia as a result of services performed there.

Tax and Accounting Considerations

While the Compensation Committee and our Board generally consider the financial accounting and tax implications of its executive compensation decisions, neither element has been a material consideration in the compensation awarded to our NEOs historically. In addition, the Compensation Committee and our Board have considered the potential future effects of Section 162(m) of the Internal Revenue Code on the compensation paid to our executive officers. Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for our Chief Executive Officer and each of the other NEOs (other than our Chief Financial Officer), unless compensation is performance-based. Our Board has not previously taken the deductibility limit imposed by Section 162(m) into consideration in setting compensation. Our Compensation Committee, however, intends to consider adopting a policy that, where reasonably practicable, we will seek to qualify the variable compensation paid to our executive officers for an exemption from the deductibility limitations of Section 162(m).

Acquisition. In October 2006, because he would otherwise have had to retire pursuant to Company practice, Mr. Tan's employment was extended through December 2011 on the same terms and conditions.

On April 7, 2009, we entered into an Employment Separation Agreement with Mr. Tan. Pursuant to the agreement, we paid Mr. Tan an aggregate separation payment of \$1,229,421 in exchange for a general release of all claims against us and our affiliates and his agreement to abide by the non-competition and non-solicitation provisions of the Employment Separation Agreement for the eighteen-month period commencing on December 31, 2008. In connection with his termination of employment, Mr. Tan exercised vested options to purchase 1,080,000 ordinary shares for an aggregate purchase price of \$5,400,000 in a cashless exercise pursuant to which 574,382 ordinary shares were issued to Mr. Tan and 505,618 ordinary shares were withheld by us in satisfaction of the exercise price for such options. In addition, we exercised our call right to purchase ordinary shares held by Mr. Tan for \$3,248,000, which represented the then fair market value of the shares as determined by our Board.

Fariba Danesh

Avago Technologies U.S. Inc., our wholly owned subsidiary, entered into an employment agreement with Fariba Danesh on October 30, 2007, effective as of November 1, 2007 which was amended and restated in July 2009. Ms. Danesh's employment agreement provides that Ms. Danesh will be Avago's Senior Vice President and General Manager, Fiber Optics Products Division. Ms. Danesh's employment agreement entitles her to a base salary of \$364,164 per year (as adjusted from time to time) with a target bonus opportunity of 75% of her base salary. Ms. Danesh's employment agreement provides that she will be eligible for equity incentive awards and to participate in all employee benefit plans made available to similarly situated employees.

Ms. Danesh's employment agreement provided that in the event of the termination of her employment with Avago by Avago without cause, her death or disability, or a resignation by her for good reason prior to November 1, 2009, we must provide her with 12 months continued salary payments following such termination or resignation, and the accelerated vesting of options to purchase ordinary shares held by Ms. Danesh which would otherwise have vested had she continued her employment with Avago through November 1, 2009. If Ms. Danesh's employment is terminated by Avago without cause, because of her death or disability, or she resigns for good reason after November 1, 2009 and within the three months prior to or 12 months following our change in control, Ms. Danesh is entitled to (a) 12 months continued salary payments, (b) an amount equal to the lesser of her prior year's bonus or target bonus for the fiscal year in which the termination occurs, and (c) 12 months of accelerated vesting for those options to purchase ordinary shares held by Ms. Danesh which would otherwise vest based solely upon the passage of time and her continued employment. Under the employment agreement, Ms. Danesh must execute, and not revoke, a general release of all claims against us and our affiliates within 60 days of her termination of employment, and any continued salary payments are subject to Ms. Danesh continuing to abide by the noncompetition and nonsolicitation provisions of her employment agreement.

On September 23, 2009, we entered into a Separation Agreement with Ms. Danesh. Pursuant to the Separation Agreement, we paid Ms. Danesh a separation payment of \$567,271. In addition, we accelerated the vesting with respect to options to purchase 35,000 ordinary shares granted to Ms. Danesh in November 2007. The Separation Agreement also terminated Ms. Danesh's Management Shareholders Agreement, permitted her to sell 10,451 co-investment shares, permits her to sell the minimum number of ordinary shares necessary to pay for the exercise price and withholding obligations associated with her share options and requires her to hold all other shares owned or received upon exercise of her options until at least February 2, 2010. The Separation Agreement included a full release of claims against us. Our obligations under the Separation Agreement are conditioned upon Ms. Danesh abiding by the non-solicitation provisions of the Separation Agreement and her Employment Agreement for the twelve months period commencing September 18, 2009.

Management Shareholders Agreement

Each participant in the Executive Plan, including each executive officer, as well as certain participants in our Senior Management Plan, has entered into a Management Shareholders Agreement with us and our controlling shareholder, Bali Investments S.à.r.l., in connection with the executive's purchase of shares pursuant to the Executive Plan. Each Management Shareholders Agreement provides the Company with certain rights that effectively restrict the transfer of ordinary shares until a change of control transaction or the later of five years from the date of purchase, or in the case of shares acquired upon the exercise of options, the date of grant of such options, absent Bali Investments' and our prior written consent. The restrictive rights provided to us by these agreements include a right of first refusal whereby we may purchase any shares offered to a third-party, a call right whereby we may repurchase shares upon a termination of employment or upon certain other events and a bring along right whereby Bali Investments S.à.r.l. can require participants to sell shares along side Bali Investments. Each executive holds a put right whereby the executive can require us to repurchase shares upon the executive's death or permanent disability, a tag-along right whereby each executive may require Bali Investments S.à.r.l. or its successor to allow the executive to sell along side Bali Investments in certain sales, and piggyback registration rights allowing the executive to sell along side Bali Investments in a public offering. By operation of Singapore law, as a result of the completion of our IPO, we are no longer permitted to repurchase our shares in selective off-market transactions. As such, the right of first refusal, call right and put right referred to above are no longer effective.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Other than compensation and other arrangements described above under *Director Compensation* , *Executive Compensation* and as set forth below, since November 2, 2008, there was not, nor is there currently planned, any transaction or series of similar transactions to which we were or will be a party:

in which the amount involved exceeded or will exceed \$120,000; and

in which any director, nominee, executive officer, holder of more than 5% of our ordinary shares or any member of their immediate family had or will have a direct or indirect material interest.

Second Amended and Restated Shareholder Agreement

The Equity Investors, invested approximately \$1,300 million in our business as part of the SPG Acquisition. In connection with the closing of the SPG Acquisition, we entered into a shareholder agreement with the Equity Investors, other than members of management, who are party to separate agreements. In connection with our IPO, we and the Equity Investors amended and restated the shareholder agreement to delete or curtail provisions that became inoperative or unnecessary upon us becoming a public company. Set forth below is a description of the Second Amended and Restated Shareholder Agreement, referred to in this Proxy Statement as the Shareholder Agreement.

Board Composition. The Shareholder Agreement provides that, subject to election by our shareholders at each annual general meeting, certain of our shareholders have the right to designate director nominees to our Board as follows:

three designees of KKR for so long as KKR and its affiliates either continue to own, directly or indirectly, at least 24% of our outstanding ordinary shares or have not transferred any shares to an unaffiliated third-party, provided that KKR has the right to designate two directors for so long as KKR and its affiliates continue to own, directly or indirectly, at least 15% of our outstanding ordinary shares and one director for so long as KKR and its affiliates continue to own, directly or indirectly, at least 5% of our outstanding ordinary shares;

three designees of Silver Lake for so long as Silver Lake and its affiliates either continue to own, directly or indirectly, at least 24% of our outstanding ordinary shares or have not transferred any shares to an unaffiliated third-party, provided that Silver Lake has the right to designate two directors for so long as Silver Lake and its affiliates continue to own, directly or indirectly, at least 15% of our outstanding ordinary shares and one director for so long as Silver Lake and its affiliates continue to own, directly or indirectly, at least 5% of our outstanding ordinary shares;

one designee of Seletar, an affiliate of Temasek Capital (Private) Limited, so long as it either continues to own, directly or indirectly, 2.5% of our outstanding shares and has not sold any of its shares, or continues to own, directly or indirectly, 5% of our outstanding shares;

our Chief Executive Officer; and

three other directors mutually agreeable to KKR and Silver Lake, to which we refer collectively in this Proxy Statement as the Sponsors.

The number of other directors mutually agreeable to the Sponsors may be increased from time to time with the Sponsors' prior approval, however the Sponsors may revoke such approval at any time and immediately remove the excess director from the Board.

Edgar Filing: Avago Technologies LTD - Form DEF 14A

Each of KKR, Silver Lake and Seletar has the right to remove and replace its director-designees at any time and for any reason and to fill any vacancies otherwise resulting in such director positions. If the number of directors that an Equity Investor is entitled to designate is reduced, any vacant seats on our Board will be filled by the Board acting in accordance with its nomination and governance procedures.

Table of Contents

One designee of Geysler, so long as Geysler either continues to own, directly or indirectly, 2.5% of our outstanding shares and has not sold any of its shares, or continues to own, directly or indirectly, 5% of our outstanding shares, has the right to attend all meetings of the Board, and such designee will be provided with copies of all materials provided to the Board members.

Each of KKR and Silver Lake has the right to designate one member to each committee of the Board, so long as such Sponsor has the right to designate one or more director nominees to the Board and subject to compliance with applicable federal securities laws and the requirements of the U.S. exchange on which our ordinary shares are traded.

The rights with respect to Board composition described here will terminate upon a change in control transaction.

Sponsor Approval. The Shareholder Agreement provides that the following actions by us or any of our subsidiaries require approval of the Sponsors for so long as the Sponsors own 50% or more of our outstanding ordinary shares:

changing the size or composition of our Board;

entering into a change of control transaction;

acquiring or disposing of assets or entering into joint ventures with a value in excess of \$300 million;

incurring indebtedness in excess of \$300 million;

filing for voluntary liquidation, dissolution, receivership, bankruptcy or similar insolvency proceeding;

entering into certain transactions with the Sponsors or any of their affiliates;

making material changes in the nature of the our business or our subsidiaries' business; and

amending, waiving or otherwise modifying certain shareholder agreements.

The Sponsors previously consented to the Board's appointment of Mr. Diller, Ms. Lien and Mr. Macleod to the Board. Ms. Lien resigned in January 2008 for personal reasons and rejoined the Board in June 2008.

Co-Investor Protections. The Shareholder Agreement provides that, other than actions specifically set forth therein, we will not take any action in respect of any class of our shares that has a materially disproportionate effect on specified Equity Investors other than the Sponsors (the Co-Investors), as compared to the Sponsors, in their capacity as shareholders of such class of shares, without first obtaining the prior written consent of the Co-Investors holding a majority of such class of shares then held by the Co-Investors.

Transfer Restrictions. Within two years after our IPO, neither KKR nor Silver Lake may transfer its shares without the approval of the other Sponsor, subject to certain permitted transfers. No Co-Investor may transfer its shares without the approval of the Sponsors, except (i) to permitted transferees, (ii) in a transfer in connection with a sale pursuant to the Registration Rights Agreement described under "Registration Rights Agreement", or (iii) if either Sponsor has reduced the number of shares it holds relative to the number of shares initially held by it, each Co-Investor may sell up to the number of shares as would cause such Co-Investor to reduce the number of shares it holds in the same proportion as that of such Sponsor. These transfer restrictions will terminate upon a change of control transaction unless terminated earlier by the Sponsors.

Edgar Filing: Avago Technologies LTD - Form DEF 14A

Tag Along Right. Prior to making any transfer of shares (other than certain customary permitted transfers, transfers in connection with sales pursuant to the Registration Rights Agreement, transfers pursuant to Rule 144 and certain distributions and charitable contributions), any prospective selling Sponsor must provide written notice to each Co-Investor setting forth the terms of such proposed transfer. Each Co-Investor may elect to sell up to its pro rata portion of the shares (based upon the ownership of such shares by the transferring Sponsor and all persons entitled to participate in such transfer) to be sold in such transfer. This tag along right will terminate upon a change of control transaction unless terminated earlier by the Sponsors.

Table of Contents

Drag Along Right. If the Sponsors approve a change of control transaction, each Co-Investor will be required to vote in favor of and not oppose such transaction and, if structured as a sale of shares, sell its shares to a prospective buyer on the same terms that are applicable to the Sponsors. This drag along right will terminate upon a change of control transaction unless terminated earlier by the Sponsors.

Information Rights. We have agreed to provide to the Equity Investors, so long as the applicable Equity Investor owns at least 2.5% of our outstanding ordinary shares, monthly financial information. We have agreed to provide to each shareholder party to the Shareholder Agreement the necessary information for the preparation of such shareholder's income tax returns. So long as the applicable Equity Investor owns at least 5% of our outstanding ordinary shares, we have granted such Equity Investor rights to inspect our facilities, records, files and other information, and to meet with our management and outside accountants. Each shareholder party to the Shareholder Agreement agrees to keep confidential the confidential information obtained from us. The information rights will expire upon a change in control transaction.

Termination. The Shareholder Agreement may be amended or terminated, and the provisions thereof waived, by an agreement in writing signed by us and the Equity Investors holding not less than 70% of our outstanding ordinary shares held by all Equity Investors. If any amendment would adversely affect the rights of a particular Equity Investor or adversely impose additional material obligations on a particular Equity Investor, then the consent of such particular Equity Investor is required for the amendment.

Advisory Agreement

In December 2005, in connection with the closing of the SPG Acquisition, we and our indirect subsidiary Avago Technologies International Sales Pte. Limited, a Singapore private limited company, entered into the Advisory Agreement, pursuant to which we retained KKR and Silver Lake to provide general executive, management and other services as mutually agreed by us and KKR and Silver Lake, for which we pay each of them advisory fees of \$625,000 per quarter, which is subject to a 5% increase each fiscal year during the agreement's term (beginning in December 2005) and reimburse them for their out-of-pocket expenses.

For Fiscal Year 2009, we paid the Sponsors an aggregate of \$61 million pursuant to the Advisory Agreement, with one half of such amount paid to each Sponsor. This amount consisted of an aggregate of \$4 million of quarterly fees, an IPO advisory fee in amount equal to 1% of the proceeds to us from the IPO, or \$3 million, and a termination payment of approximately \$54 million in connection with the termination of the Advisory Agreement upon the closing of the IPO, in each case in accordance with the terms of the Advisory Agreement.

Indemnification; Costs and Fees

We provide customary indemnification to the Equity Investors for liabilities arising from their ownership of our ordinary shares and from the SPG Acquisition. We will pay all reasonable fees and expenses incurred by the Equity Investors from and after the closing of the SPG Acquisition in connection with the Equity Investors' enforcement of their rights under the Shareholder Agreement, Registration Rights Agreement and our Articles of Association.

We have entered into indemnity agreements with all our directors and executive officers and intend to continue doing so in the future. The indemnity agreement provides, among other things, that we will indemnify such officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings which he or she is or may be made a party by reason of his or her position as a director, officer or other agent of the Company, subject to and to the fullest extent permitted under the Singapore Companies Act, as amended, and our Articles of Association.

Registration Rights Agreement

We are party to a registration rights agreement (the Registration Rights Agreement), which provides the Sponsors the right to demand that we file a registration statement and the Sponsors and the Co-Investors the right to request that their shares be covered by a registration statement that we are otherwise filing, subject to certain limitations. During the first two years after our IPO, upon the request of both Sponsors, we may be required to initiate an unlimited number of registrations under the Securities Act in order to register the resale of their ordinary shares with an anticipated aggregate offering price of at least \$50 million in the case of a long-form registration and \$20 million in the case of a short-form registration . After the second anniversary of our IPO, each Sponsor may require us to initiate three long-form registrations , provided that each has an aggregate offering price of at least \$50 million, and an unlimited number of short-form registrations , provided that each has an aggregate offering price of at least \$20 million, under the Securities Act in order to register the resale of their ordinary shares. The minimum offering amounts may be reduced with the approval of the Sponsors. In the event that we propose to register any of our securities under the Securities Act, either for our own account or for the account of other security holders, the Sponsors and Co-Investors are entitled to notice of such registration and are entitled to certain piggyback registration rights allowing them to include their ordinary shares in such registration, subject to certain marketing and other limitations. We may, in certain circumstances, defer such registrations. In addition, in an underwritten offering, including an underwritten initial public offering, the managing underwriter, if any, has the right, subject to specified conditions, to limit the number of registrable securities such holders may include. Any such limitations on the number of registrable securities that may be included by such holders must be on a pro rata basis. The Registration Rights Agreement also contains customary cross-indemnification provisions.

In Fiscal Year 2009, in connection with our IPO, we and the selling shareholders in our IPO, which included Bali Investments S.à.r.l., Seletar, Geyser and some of our executive officers, incurred total offering expenses, excluding underwriting discounts and commissions, of approximately \$8 million. We paid all the expenses of the IPO, including expenses of the selling shareholders, other than the underwriting discounts and commissions attributable to shares sold by the selling shareholders, pursuant to the Registration Rights Agreement.

Participants in our Executive Plan are party to a Management Shareholders Agreement that provides them piggyback registration rights alongside with the Sponsors and Co-Investors. For more information, see Executive Compensation Management Shareholders Agreement .

Management Shareholders Agreements

All executive officers and certain key employees have executed a Management Shareholders Agreement with us and Bali Investments S.à.r.l. Please see Executive Compensation Management Shareholders Agreement elsewhere in this Proxy Statement.

Share Issuances and Repurchases

In connection with the departure of Mr. Bian-Ee Tan, our former Chief Operating Officer, in December 2008, we exercised our right under Mr. Bian-Ee Tan 's Management Shareholders Agreement to repurchase 400,000 shares owned by Mr. Bian-Ee Tan at a per share price of \$8.12, as determined by the Management Shareholders Agreement, for an aggregate consideration of \$3,248,000. By operation of Singapore law, as a result of the completion of our IPO, we are no longer permitted to repurchase our shares in selective off-market transactions. As such, our call rights under the Management Shareholders Agreements are no longer effective.

On March 31, 2009, Mr. Bian-Ee Tan exercised his option to purchase 1,080,000 ordinary shares from us at an exercise per share purchase price of \$5.00 per share, but surrendered 505,618 of the ordinary shares issuable upon such exercise in satisfaction of the exercise price. The aggregate purchase price of \$5,400,000 represents the value attributed to the ordinary shares that were surrendered.

One half of these options vests over four years, and the other half vests upon the achievement of certain company financial performance metrics. These options are subject to variable accounting and we recorded a charge of less than \$1 million for Fiscal Year 2009 related to the issuance of these options.
