EXPLANATORY NOTE

Kennedy-Wilson Holdings, Inc., a Delaware corporation (the Company) is filing this Amendment No. 1 to Form 10-K on Form 10-K/A for the fiscal year ended December 31, 2009, in order to amend and restate Part III, Items 10 through 14 of the report on Form 10-K that it originally filed with the Securities and Exchange Commission (the SEC) on March 17, 2010.

This Form 10-K/A has been prepared and filed in reliance on General Instruction G to Form 10-K, which provides that registrants may provide the information required by Part III in a definitive proxy statement or an amendment to the Form 10-K filed with the SEC within 120 days after the end of the fiscal year covered by the report. The Company had initially planned to file the Part III information in a definitive proxy statement. The Company has determined to instead file this Form 10-K/A to provide the Part III information within the required time period.

In accordance with Rule 12b-15 under the Securities Exchange Act of 1934, as amended (the Exchange Act), each item of the original Form 10-K that is amended by this Form 10-K/A is restated in its entirety, and this Form 10-K/A is accompanied by currently dated certifications on Exhibits 31.1 and 32.1 by the Company's Chief Executive Officer and Exhibits 31.2 and 32.2 by its Chief Financial Officer.

The original Form 10-K is therefore amended to (i) delete the reference on the cover of the original Form 10-K to the incorporation by reference of a definitive proxy statement into Part III of such Form 10-K and (ii) revise Part III, Items 10 through 14 of the Company's original Form 10-K to include information previously omitted from the original Form 10-K.

Except as described above, no other changes have been made to the original Form 10-K. The original Form 10-K continues to speak as of March 17, 2010, the date the Company filed the original Form 10-K with the SEC, and other than as expressly indicated in this Form 10-K/A, the Company has not updated the disclosures contained therein to reflect any events that have occurred at a date subsequent to March 17, 2010. Accordingly, this Form 10-K/A should be read in conjunction with the original Form 10-K and the Company's other reports filed thereafter.

Compensation Discussion and Analysis

I. NEOs

As required by SEC rules, the following compensation discussion explains compensation decisions with respect to those executive officers who constitute our Named Executive Officers (NEOs) under SEC rules. These rules provide that the NEOs are the principal executive officer, the principal financial officer, and the three most highly compensated executive officers other than the principal executive officer and the principal financial officer. For 2009 our NEOs were the following (titles are those at year end):

William J. McMorrow	Chairman and Chief Executive Officer
Freeman A. Lyle	Executive Vice President and Chief Financial Officer
Mary Ricks	Vice Chairman of Kennedy-Wilson, Inc. and CEO, KW Commercial Investment Group
Donald J. Herrema	Executive Vice Chairman of Kennedy-Wilson, Inc. and CEO, KW Capital Markets. Mr. Herrema joined the Company as an employee in June 2009. Previously, beginning in January 2009 he provided consulting services to the Company.
Robert E. Hart	President, KW Multi-Family Management Group

II. Executive Compensation Philosophy and Objectives

Our core compensation philosophy has been to pay our executive officers a competitive level of compensation that best reflects individual performance, overall responsibility to us, and our performance and the performance of our business units.

This philosophy was implemented for the NEOs through a combination of base salary, the opportunity to earn significant bonuses, long-term incentives and executive benefits. Prior to the merger, our Chief Executive Officer generally determined the bonuses to be paid to the other NEOs and our Compensation Committee determined the bonuses to be paid to the Chief Executive Officer. Following the consummation of the merger, our Compensation Committee determines the compensation of all of the NEOs with the consultation of the Chief Executive Officer.

III. Elements of Compensation

For the years prior to 2009, we generally utilized three components of compensation: base salary, annual bonuses and benefits. As will be discussed below, long-term incentives became a significant element of executive compensation for our NEOs in 2009. Due to our overall philosophy of maintaining a pay mix that results fundamentally in a pay-for-performance orientation for executives, in years prior to 2008 the most significant element of compensation for the NEOs was bonuses. As reflected in the summary compensation table, bonuses for 2008 were much less than salary for 2008, reflecting the fact that the decline in our financial performance in 2008, as compared to prior years, made it appropriate to award much lower bonuses or no bonuses to the NEOs for that year. With respect to 2009, base pay was a relatively small percentage of overall compensation for the NEOs. As will be further discussed below, however, a number of unusual or unique events occurred during 2009 that affected the compensation of the NEOs, including signing bonuses in connection with successful contract renegotiations, issuance and cancellation of stock options, the payment of bonuses in connection with the merger of the Company with Kennedy-Wilson, Inc., and the issuance of restricted stock to key employees in connection with the merger.

A. Base Salary

Base salary is determined by the level of the position within the Company and the individual's current and sustained performance results. Prior to the merger, the base salary of each NEO, except in the case of the Chief Executive Officer (whose base pay was set by our Compensation Committee), was set by our Chief Executive Officer, in some cases after consultation with the Compensation Committee. Following the merger, base salary for all NEOs is set by the Compensation Committee with the consultation of the Chief Executive Officer.

In determining the appropriate level of base salary for NEOs, a number of considerations may be taken into account. Historically, the following are some of the most important factors that have been considered: the number of employees supervised by the officer; the effort expended by the officer in soliciting and bringing new business or capital investments to his or her business unit; the extent to which the officer's business unit generated new business or new capital; the travel demands placed upon the officer; and the extent to which the officer engaged in investor relation activities. While these factors are critical to our success, many of them cannot be evaluated quantitatively, so a portion of the evaluations by both the Compensation Committee and the Chief Executive Officer are necessarily subjective.

With respect to Messrs. McMorrow, Hart, and Lyle, and Ms. Ricks, salary adjustments were made effective January 1, 2008 by the Compensation Committee (with respect to Mr. McMorrow) and by Mr. McMorrow with respect to the other three executives. Mr. McMorrow's salary was increased to \$950,000, the salaries of Mr. Hart and Ms. Ricks were each increased to \$600,000 (effective January 1, 2008), and Mr. Lyle's salary was increased to \$450,000 (effective June 1, 2008). The Chief Executive Officer did not recommend and the Compensation Committee did not consider any salary adjustments for these executives during 2009. In light of the continued

Table of Contents

unsettled state of the real estate market in 2009, the complex issues raised by the merger, and the long-term incentives issued in connection with the merger, the Compensation Committee concluded that increases in base salary were not appropriate.

Mr. Herrema joined the Company effective June 15, 2009. His initial base salary was set at \$600,000 under his employment agreement, which was considered both appropriate in light of his job responsibilities and the fact that it was consistent with the level of base pay for other most senior executives below the Chief Executive Officer, for the reasons described in the preceding paragraph the Chief Executive Officer did not recommend and the Compensation Committee did not consider any salary adjustments for him during 2009.

B. Annual Bonus

In general, the determination of the annual bonus payable to a NEO is a discretionary determination. Because prior to 2009 we have historically not used forms of long-term incentive compensation as incentives for executive performance, annual bonuses have functioned as the primary component of variable compensation for most executive officers. Our Compensation Committee believes that annual bonuses should play a primary role in motivating executives to undertake efforts that provide increases in company value and that executive officers should be potentially eligible for bonuses that are a very significant percentage of base pay and, in the case of the most senior officers, may be a significant multiple of base pay. While the NEO's individual performance is taken into account, historically a primary determinant of the bonus to be paid is the financial performance of the business unit over which the NEO has responsibility (in the case of the Chief Executive Officer and the Chief Financial Officer, the primary determinant is the financial performance of the Company as a whole). Our Compensation Committee determines the Chief Executive Officer's bonus based on its evaluation of both his and the Company's performance. While our Compensation Committee did not determine the bonus for the other NEOs prior to the merger, it was consulted as part of the process by which the Chief Executive Officer determined or participated in the determination of bonuses for the other NEOs prior to the merger. Except as noted below, the bonus determination process did not take into account specific targets or metrics; instead, it was based on a discretionary evaluation by our Compensation Committee (in the case of the Chief Executive Officer) or the Chief Executive Officer (in the case of the other NEOs) of the performance of the executive and the business unit for which he or she had responsibility. The following bonus determinations were made for 2009:

Mr. McMorrow. With respect to our Chief Executive Officer, our Compensation Committee determined that he should receive the following payments in 2009. These payments reflect the Compensation Committee's view that our Chief Executive Officer has played the key role in guiding the Company through the unprecedented commercial real estate problems of the last several years and positioning the Company for sustained growth in the years ahead:

In connection with the January 2009 extension of the expiration date of the Chief Executive Officer's employment agreement from December 31, 2014 to December 31, 2019, he received a signing bonus of \$2 million. This bonus is repayable on a pro rata basis if the Chief Executive Officer terminates employment prior to the expiration of the contract term for a reason not constituting a constructive termination under the employment agreement.

In connection with the merger, our Chief Executive Officer's employment agreement was amended to provide for the following payments:

The Chief Executive Officer received a cash bonus of \$4.85 million on October 15, 2009, which was subject to repayment if the merger had not occurred on a timely basis. Our Compensation Committee made the determination to pay this bonus to the Chief Executive Officer upon consummation of the merger after taking into account several factors, including the primary roles he played in negotiating the terms of the merger and the merger agreement and the amendments to the Chief Executive Officer's employment agreements eliminating his rights to receive cash lump sum payments otherwise due upon a change in control.

Table of Contents

On April 10, 2006, the Chief Executive Officer borrowed \$3,543,127 from the Company evidenced by a promissory note bearing simple interest at a rate of 7.5% and scheduled to mature on April 9, 2011. In connection with the merger, the Chief Executive Officer's employment agreement was amended to provide that the remaining balance of the note in the amount of \$3,454,972 plus accrued interest of \$763,539 would be forgiven upon consummation of the merger. The determination of our Compensation Committee to forgive the note upon the consummation of the merger stemmed from its consideration of the Chief Executive Officer's contributions to the Company, his primary role in negotiating the terms of the merger and the merger agreement, and the terms of the note which provides for its forgiveness in the event of certain changes in control.

Ms. Ricks. It was not recommended that Ms. Ricks receive a bonus based directly on Company financial performance in 2009. She did, however, receive two bonus payments in 2009:

In connection with the January 2009 execution of a new employment agreement, she received a signing bonus of \$1 million. This bonus is repayable on a pro rata basis if she terminates employment prior to the expiration of the contract term for a reason not constituting a constructive termination under the employment agreement.

In connection with the merger, Ms. Rick's employment agreement was amended to provide a cash bonus of \$2 million on October 15, 2009, which was subject to repayment if the merger had not occurred on a timely basis. Our Compensation Committee made the determination to pay a cash bonus to Ms. Ricks upon consummation of the merger after taking into account several factors, including the primary roles she played in negotiating the terms of the merger and the merger agreement and the amendments to her agreements eliminating her rights to receive cash lump sum payments otherwise due upon a change in control.

Mr. Lyle. The amount of bonus for Mr. Lyle for 2009 has not been determined. It is expected to be determined by June 30, 2010. Key factors taken into account in determining the bonus amount is the significance and complexity of the financial functions that he is responsible for supervising and the very extensive efforts required to coordinate the financial reporting and related aspects of investor relationships, including preparation of monthly, quarterly, and annual reports for over 100 properties and management of the financial aspects of Kennedy-Wilson's unsecured and secured borrowings. An additional bonus factor is that the process of converting Kennedy-Wilson into a public company through the merger required Mr. Lyle to successfully manage numerous complex and time consuming additional activities in addition to his ongoing job responsibilities.

Mr. Hart. Mr. Hart's employment agreement with KW Multi-Family Management Group, LLC, or KW Multi-Family Management Group, provides for the creation of an annual bonus pool equal to 20% of the net operating income of KW Multi-Family Management Group for the applicable calendar year, which is defined as the gross revenue of KW Multi-Family Management Group less costs and overhead expenses (as defined in the agreement) incurred up to \$2.3 million. This pool can be distributed among KW Multi-Family Management Group employees. Because this formula resulted in the creation of no bonus pool for 2009, no bonus was payable to Mr. Hart.

Mr. Herrema. Mr. Herrema's employment contract provides for a discretionary bonus, subject to a minimum bonus of \$500,000 for 2009. In accordance with the contract, he received a \$500,000 bonus for 2009. While the Compensation Committee determined that Mr. Herrema had provided many valuable contributions in connection with the merger process, including negotiating key terms of the merger and the merger agreement, it was determined that an appropriate bonus award for these contributions was the \$500,000 bonus provided for by the employment agreement.

C. Bonus Arrangements for 2010

In March 2010 the Compensation Committee met to consider bonus arrangements for the NEOs for 2010. While no final decisions have been made, the Compensation Committee's current thinking is that the overall maximum bonus payable to a NEO should be based upon overall company financial performance, subject to the Compensation Committee's complete discretion to make individual downward adjustments to the maximum bonus to reflect individual performance, performance of the executive's bonus unit, and other appropriate factors. In order to implement this concept and to ensure that bonuses to NEOs would be deductible as performance-based compensation under section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code, certain NEOs were awarded performance units in March 2010, the value of which will be dependent on the overall adjusted Company EBITDA for 2010. The details of these performance units are described in Form 8-K, filed by the Company March 31, 2010.

D. Long-Term Incentive Compensation

As previously noted, prior to 2009, the Company's compensation philosophy had focused on delivering compensation value primarily through a mixture of base pay and annual incentives. While the Compensation Committee continues to believe that annual incentives play a critical role in aligning executive and investor interests, it has also concluded that significant long-term incentives should also play a major role in aligning executive actions with the long-term interests of the shareholders.

2009 Stock Option Grants. Our Compensation Committee determined to issue stock options in early 2009 to senior executives and members of the Board of Directors. Two types of options were granted by our Compensation Committee: (1) options with vesting only contingent on continued service for a specified amount of time, which were intended to reward contributions to the Company and act as a retention incentive; and (2) options with vesting contingent upon both continued service for a specified amount of time and upon meeting specific EBITDA performance goals set forth in the option agreement (if the EBITDA target for a previous year was not met, the options could still be earned if a catch up hurdle were to be met in a later year). A total of 750,000 stock options were issued, of which the following amounts were issued to the NEOs (the number in parentheses represent options with vesting contingent upon meeting EBITDA performance goals): 150,000 options to each of Mr. McMorrow and Ms. Ricks; 100,000 options to each of Mr. Herrema (100,000) and Mr. Hart (77,400); and 20,000 options to Mr. Lyle (15,708). Our Compensation Committee's determination of the amount of options granted to each NEO took into account that optionee's contribution to the Company and the amount of options that was being awarded to other officers with comparable levels of responsibility. The options were scheduled to vest over seven years in equal annual installments with a strike price of \$30.

As part of the negotiations between Prospect Acquisition Corp. and Kennedy-Wilson, Inc. leading up to the merger, it was agreed that all of these stock options would be cancelled upon the closing. In addition to restricted stock that would be issued to the optionees in replacement of their options, the optionees also became entitled to payments of \$2 per option for each cancelled option, resulting in payments of \$300,000 to each of Mr. McMorrow and Ms. Ricks, \$200,000 to each of Mr. Herrema and Mr. Hart, and \$40,000 to Mr. Lyle.

Restricted Stock. In connection with the merger, it was determined that key executives would receive a substantial grant of restricted stock, both as a replacement for the cancelled stock options and as an incentive to sustained long-term performance and as a retention incentive. Specifically, to reward and incentivize our key employees and management after the merger, up to 2,475,000 shares of common stock were reserved for issuance under the Company's 2009 Equity Participation Plan, or the 2009 Plan. In connection with the merger, certain of our officers, directors and key employees were issued an aggregate of 2,357,443 restricted shares of common stock under the 2009 Plan. Mr. McMorrow, Ms. Ricks and Mr. Herrema each were granted 556,875 shares of restricted shares and Mr. Lyle and Mr. Hart each were granted 77,344 shares of restricted stock. Under the terms of the restricted stock award agreements of the grantees that were awarded restricted shares in connection with the merger, the restricted shares are scheduled to vest in equal installments over a five year period from the date of grant if on each vesting date: (i) the total acquisition cost of assets owned or managed on

Table of Contents

behalf of third parties by the Company (Gross Assets Under Management) meets certain targets, as of such vesting date and (ii) the grantee is an employee of the Company or its subsidiaries, as of such vesting date (or, in the case of an independent contractor, the grantee continues to provide services). The agreements further provide that, if the awardee remains employed until a vesting date, but the Gross Assets Under Management target is not met, the shares shall nevertheless become vested if the Gross Assets Under Management target is met as of a subsequent vesting date. Also, the agreements further provide that the Gross Assets Under Management target may be increased and additional vesting requirements may be provided for annually in the Company's sole discretion upon written notice to the Awardee.

	Target Gross Assets
Vesting Date	Under Management
November 13, 2010	\$3.00 billion
November 13, 2011	\$3.30 billion
November 13, 2012	\$3.63 billion
November 13, 2013	\$3.99 billion
November 13, 2014	\$4.39 billion

Notwithstanding the foregoing, if the engagement of a grantee that is an employee or consultant of the Company or its subsidiaries is terminated by the Company or its subsidiaries without cause (as defined in the award agreements) or by the grantee for "Good Reason", the requirement that the grantee be engaged with the Company or its subsidiaries as of each vesting date shall no longer apply going forward, so that, assuming the target Gross Assets Under Management is met as of a particular vesting date, all restricted shares subject to vesting as of such vesting date shall thereupon become fully vested. As used herein, "Good Reason" means the voluntary termination of the engagement of the grantee with the Company or its subsidiaries within 6 months of the Company or the Company's subsidiaries: (1) instructing the grantee to provide services full-time or substantially full-time at any location not acceptable to the grantee (other than the Company's main headquarters) that is more than 50 miles from the grantee's principal place of work and more than 50 miles from the grantee's principal residence; (2) eliminating or materially reducing the grantee's duties with the Company or the Company's subsidiaries or (3) materially reducing the grantee's base pay (or base compensation). In addition, in the event of a "Change of Control" as defined in the 2009 Plan, any unvested restricted shares of common stock that have not previously been forfeited will become vested, subject to certain limitations.

Long-Term Cash Incentives. Our Compensation Committee amended Mr. McMorrow's employment agreement and Mr. Ricks employment agreement to make certain long-term cash incentives available, contingent upon the consummation of the merger. The Compensation Committee's decisions to make these incentives available took into account several factors, including the primary roles they played in negotiating the terms of the merger and the merger agreement and the amendments to their agreements eliminating their rights to receive cash lump sum payments otherwise due upon a change in control.

Mr. McMorrow and Ms. Ricks received performance unit awards under the 2009 Plan which entitled them to receive \$2.425 million and \$1.0 million, respectively, on April 1, 2010, provided that the Company's assets under management were at least \$3 billion as of March 31, 2010 and the executive remained employed through such date. This performance target was met and these awards have been paid.

Mr. McMorrow's and Ms. Ricks' employment agreements were also amended to provide that they would receive additional performance unit awards under the 2009 Plan entitling them to receive cash payments in the amounts of \$4.425 and \$1.0 million, respectively, on January 1, 2011, provided that the Company's assets under management are at least \$3 billion as of December 31, 2010 and he or she, as applicable, remained employed by the post-merger company through January 1, 2011. On November 18, 2009, Mr. McMorrow and Ms. Ricks waived their right to receive the January 1, 2011 bonuses.

E. Other Executive Benefits

NEOs are entitled to employee benefits generally available to all full time employees (subject to fulfilling any minimum service period). These employee benefits include, among other things, vacation and health and welfare benefits generally available to all employees. We believe these benefits are generally competitive with those offered by similar companies in the markets in which we operate.

Our employees, including the NEOs participate in a tax-qualified 401(k) plan, pursuant to which we may match a certain portion of employee contributions. We may annually match 50% of employee contributions to the plan, limited to employee contributions equal to 4% of compensation, but not to exceed \$1,500 for any participant.

The Chief Executive Officer receives certain additional benefits, which includes a car allowance of \$18,000 and the use of certain club memberships that are maintained by us for business purposes only. Further details regarding these benefits are contained in the summary compensation table and accompanying footnotes. These benefits are provided because our Compensation Committee has concluded that they are generally competitive with those provided to comparable executives or provide benefits to us which are appropriate in light of their cost.

F. Employment Agreements

During 2009 we were a party to employment agreements with all of our NEOs. Additional information regarding the employment agreements of our NEOs may be found under the subheadings below *Termination and Change in Control Benefits* .

Mr. McMorrow. As amended effective February 1, 2009, the employment agreement in effect with Mr. McMorrow generally provides for base salary of \$950,000, a bonus at the sole discretion of our Compensation Committee, and insurance coverages and other benefits generally available to officers. In addition, it provides for entrance fees and monthly dues for two country clubs. The term of Mr. McMorrow's agreement extends through December 31, 2019. As previously described, Mr. McMorrow received a \$2 million signing bonus in connection with the execution of this agreement.

In connection with the merger, Mr. McMorrow's employment agreement was amended to provide for the previously described cash payments on October 15, 2009, April 1, 2010, and January 1, 2011 (this last payment was subsequently waived). It also provided for the note forgiveness previously described. It further provided for the grant of 556,875 restricted shares upon the terms and conditions set forth above. The amendments further provided for: the removal of certain benefits in the event of a change in control, the addition of certain severance benefits if the executive resigns on account of a change in location or a material reduction in duties, a reduction in the amount of payments or benefits payable or provided to him under his employment agreement or otherwise to ensure that no payment or benefit is subject to the excise tax imposed by Section 4999 of the Code (certain golden parachute payments) which reduction may, in certain circumstances, result in the repayment of certain previously paid amounts (plus earnings) to the Company, and to achieve compliance with Section 409A of the Code.

Ms. Ricks. Ms. Ricks entered into an employment agreement with Kennedy-Wilson effective February 1, 2009. The agreement extends through January 31, 2014. The employment agreement provides for base salary of \$600,000, a bonus at the sole discretion of our Compensation Committee, and other benefits generally available to our employees. As previously described, Ms. Ricks received a \$1 million signing bonus in connection with the execution of this agreement.

In connection with the merger, Ms. Ricks employment agreement was amended to provide for the previously described cash payments on October 15, 2009, April 1, 2010, and January 1, 2011 (this last payment

was subsequently waived). It further provided for the grant of 556,875 restricted shares upon the terms and conditions set forth above. The amendments further provided for: the removal of certain benefits in the event of a change in control, the addition of certain severance benefits if the executive resigns on account of a change in location or a material reduction in duties, a reduction in the amount of payments or benefits payable or provided to her under her employment agreement or otherwise to ensure that no payment or benefit is subject to the excise tax imposed by Section 4999 of the Code (certain golden parachute payments) which reduction may, in certain circumstances, result in the repayment of certain previously paid amounts (plus earnings) to the Company, and to achieve compliance with Section 409A of the Code.

Mr. Hart. Mr. Hart entered into an employment agreement with KW Multi-Family Management Group dated January 1, 2006, which has been subsequently amended and extended on a year-to-year basis. The employment agreement was most recently amended as of January 1, 2009 to extend the term through December 31, 2009. The agreement has now expired. In addition to base salary of \$600,000, the agreement provided for Mr. Hart's participation in the annual bonus pool equal to 20% of the net operating income of KW Multi-Family Management Group for the applicable calendar year, plus benefits generally available to employees of KW Multi-Family Management Group. The now expired agreement provided that, in the event Mr. Hart's employment was terminated by KW Multi-Family Management Group without cause, he would be entitled to receive base salary, participation in the bonus pool and benefits through the end of the term.

Mr. Lyle. Mr. Lyle entered into an employment agreement with us on April 1, 1996, which has been subsequently amended and extended on a year-to-year basis. The employment agreement was most recently amended to extend the term through December 31, 2009. The agreement has now expired. In addition to base salary of \$450,000, the agreement provided for a discretionary bonus of up to 100% of base salary and benefits generally available to employees of the Company. The now expired agreement provided that, in the event Mr. Lyle's employment was terminated without cause, he would be entitled to receive base salary, participation in the bonus pool and benefits through the end of the term.

Mr. Herrema. Mr. Herrema entered into an employment agreement with us on June 15, 2009 to serve as the Executive Vice Chairman of Kennedy-Wilson, Inc. and CEO of Kennedy-Wilson Capital Markets through December 31, 2010. Under the employment agreement, Mr. Herrema is entitled to a base salary of \$600,000 and a discretionary bonus determined by the Compensation Committee, subject to a \$500,000 minimum bonus for 2009. The agreement also provides for benefits generally available to employees of the Company.

Mr. Herrema also entered into an amendment to his employment agreement in connection with the merger which provided for, among other things: the extension of his employment term from December 31, 2010 to January 31, 2014, unless earlier terminated pursuant to the terms of the agreement, the addition of certain severance benefits if the executive resigns on account of a change in location or a material reduction in duties, the grant of 556,875 shares of restricted stock pursuant to the 2009 Plan and upon the terms and conditions set forth above, and a reduction in the amount of payments or benefits payable or provided to him under her employment agreement or otherwise to ensure that no payment or benefit is subject to the excise tax imposed by Section 4999 of the Code (certain golden parachute payments) which reduction may, in certain circumstances, result in the repayment of certain previously paid amounts (plus earnings) to the Company, and to achieve compliance with Section 409A of the Code.

The amount of the stock award was calculated by taking the incremental value of the grant date fair value of the restricted stock award less the fair value of the option award on the date of modification. The share price on the date of modification for the restricted stock award was \$9.25 per share. The fair value of the option award on the date of modification was calculated using the Black-Scholes-Merton option pricing model. 2009 Equity Participation Plan

Our 2009 Equity Participation Plan, or the 2009 Plan, was approved by our stockholders on November 13, 2009. The principal features of the 2009 Plan are summarized below, but the summary is qualified in its entirety by reference to the text of the 2009 Plan.

Administration of the 2009 Plan. The 2009 Plan is administered by our Compensation Committee.

Securities Subject to the 2009 Plan. Pursuant to the 2009 Plan, the maximum aggregate number of shares of common stock that may be issued is 2,475,000 shares.

Eligibility. Our and our affiliates' employees (including officers), nonemployee consultants and nonemployee directors are eligible to receive awards under the 2009 Plan.

Awards Under the 2009 Plan. The 2009 Plan provides that the Compensation Committee may grant or issue stock options, restricted stock awards, unrestricted stock awards, restricted stock units, performance unit awards, performance share awards, distribution equivalent rights, stock appreciation rights, or any combination thereof.

Non-Qualified Stock Options. Non-qualified stock options (NQSOs) provide for the right to purchase shares of common stock at a price determined by the Compensation Committee which may not be less than fair market value on the date of grant, subject to certain adjustments, and usually will become exercisable (in the discretion of the Compensation Committee) in one or more installments after the grant date, subject to the completion of the applicable vesting period. NQSOs may be granted for any term specified by the Compensation Committee, but may not exceed ten years.

Incentive Stock Options. Incentive stock options (ISOs) are designed to comply with the provisions of Section 422 of the Code, and will be subject to certain restrictions contained in the Code. Among such restrictions, ISOs must have an exercise price not less than the fair market value of a share of common stock on the date of grant, may only be granted to employees, and must not be exercisable after a period of ten years measured from the date of grant.

Table of Contents

Restricted and Unrestricted Stock. Restricted stock may be issued at such price, if any, and may be made subject to such restrictions (including time vesting or satisfaction of performance milestones), as may be determined by the Compensation Committee. Restricted stock, typically, is subject to forfeiture if certain conditions or restrictions are not met. In general, restricted stock may not be sold, or otherwise hypothecated or transferred, until the vesting restrictions applicable to such shares are removed or expire.

Restricted Stock Unit Awards. The holder of a restricted stock unit will be entitled to receive payment in cash or shares of common stock, based upon the number of restricted stock units awarded to the holder, if the holder satisfies individual service-based vesting requirements. The payment will be made no later than the fifteenth day of the third calendar month following the end of the calendar year in which the restricted stock unit first becomes vested. The payment will be subject to a substantial risk of forfeiture under Section 409A of the Code.

Performance Unit Awards. Performance unit awards entitle the holder to a cash payment upon the satisfaction of predetermined goals and objectives relating to the performance of the holder, the Company and/or its affiliates that is based upon the dollar value assigned to such unit under the award agreement. The performance unit award agreement may provide that, depending on the degree of performance achieved, different amounts of performance units, or no performance units, may be awarded.

Performance Share Awards. Performance share awards entitle the holder to receive shares of common stock upon the satisfaction of certain performance goals and objectives determined by the Compensation Committee. At the time of such award, the Compensation Committee may prescribe additional terms and conditions or restrictions relating to the awards, including, but not limited to, rules pertaining to the effect of termination of the holder's employment, director status or consultant status prior to the expiration of the applicable period. The holder of a performance share award will have no rights as a stockholder of the Company until such time, if any, as the holder actually receives shares pursuant to the award.

Distribution Equivalent Rights. Distribution equivalent rights entitle a holder to receive bookkeeping credits, cash payments and/or common stock distributions equal in amount to the distributions that would have been made to the holder if such holder held a specified number of shares of common stock during the period the holder held the right.

Stock Appreciation Rights. SARs provide for the payment of an amount to the holder based upon increases in the price of common stock over a set base price. The base price of any SAR granted under the 2009 Plan must be at least 100% of the fair market value of a share of common stock on the date of grant. Under the 2009 Plan, SARs will be settled in cash or shares of common stock, or a combination of both.

Termination and Change in Control Benefits

This section quantifies the additional amounts that would be payable to the NEOs in the event of their termination or a change in control as of December 31, 2009. For this purpose, the closing stock price of \$8.95 on that date has been used.

The restricted stock agreements applicable to all the NEOs provide that, in the event of a change in control, as defined in the 2009 Plan, the restricted shares become immediately vested. If an awardee is fired without cause or quits for good reason, the continued employment requirement with respect to the restricted shares is waived, but the Gross Assets Under Management target must continue to be satisfied.

Mr. McMorrow

Mr. McMorrow's employment agreement provides that, in the event his employment with the Company is terminated: (i) by the Company without cause; (ii) due to death or disability or (iii) by Mr. McMorrow with cause, he will receive basic salary and benefit continuation (as described under the employment agreement) throughout the remaining term of the agreement. If Mr. McMorrow's employment is terminated by the Company

Table of Contents

with cause or by Mr. McMorrow without cause, he will receive compensation earned to the date of termination. In addition, the requirement of continued employment with respect to the cash performance award contingently payable April 1, 2010, is eliminated if he is fired without cause or quits for good reason.

Ms. Ricks and Mr. Herrema

Pursuant to their employment agreements, if Mr. Herrema or Ms. Ricks is terminated without cause, each executive will be entitled to base salary and benefit continuation (as described under the employment agreement) through the remainder of term of his or her respective agreement. In addition, the requirement of continued employment with respect to the cash performance award contingently payable to Ms. Ricks on April 1, 2010, is eliminated if she is fired without cause or quits for good reason.

The table below sets forth estimated payments with respect to Mr. McMorrow, Ms. Ricks, and Mr. Herrema upon the termination of employment with the Company under various circumstances and upon a change in control. The amounts in the table assume that, in the case of accelerated vesting with respect to the restricted stock granted these individuals and the cash performance awards granted Mr. McMorrow and Ms. Ricks, any applicable performance contingencies will be subsequently satisfied.

Mr. Lyle and Mr. Hart

Edgar Filing: Kennedy-Wilson Holdings, Inc. - Form 10-K/A

As of December 31, 2009, neither Mr. Lyle nor Mr. Hart was subject to an employment agreement, since their employment agreements expired on that date. Accordingly, the only payments to which either would be entitled is \$692,229, the value attributable to the accelerated vesting of the 77,344 restricted shares that have been issued to each of them, which acceleration occurs under the circumstances and subject to the conditions set forth in the second paragraph of this section.

Item 13. Certain Relationships and Related Transactions, and Director Independence
Certain Relationships and Related Transactions

On April 10, 2006, William J. McMorrow, our Chief Executive Officer and Chairman, borrowed \$3,543,127 from Kennedy-Wilson, Inc. evidenced by a promissory note bearing simple interest at a rate of 7.5% and scheduled to mature on April 9, 2011 (the McMorrow Note). The balance of the McMorrow Note in the amount of \$3,454,972 plus accrued interest of \$763,539 was forgiven upon our consummation of our merger with Kennedy-Wilson, Inc. The determination of Kennedy-Wilson, Inc.'s Compensation Committee to forgive the note upon the consummation of the merger stemmed from its consideration of Mr. McMorrow's contributions to Kennedy-Wilson, Inc., Mr. McMorrow's primary role in negotiating the terms of the merger and the merger agreement, and the terms of the note which provided for its forgiveness in the event of certain changes in control.

In November 2008, Kennedy-Wilson, Inc. issued a convertible subordinated note with a principal amount of \$30 million (the Guardian Note) to Guardian Life Insurance Company of America (Guardian). Thomas Sorell, our director, is the Executive Vice President and Chief Investment Officer of Guardian. The Guardian Note bears interest at a fixed rate of 7%, payable quarterly, and the outstanding principal is due on November 3, 2018. Following the consummation of our merger with Kennedy-Wilson, Inc., Guardian was provided with an option to convert, in whole or in part, the outstanding principal balance and accrued interest of the Guardian Note into shares of our common stock at a conversion price of \$9.86 per share any time prior to May 3, 2017. At any time on or after the ninth anniversary of the original issue date of the note and prior to the due date, we may demand that Guardian convert the note in accordance with its terms. As of April 3, 2010, the outstanding principal balance and accrued interest of the Guardian Note were \$30 million and \$350,000, respectively and the estimated number of shares of common stock into which the Guardian Note is convertible is 3,078,093. In addition, Guardian has from time to time entered into various loan and investment transactions involving Kennedy-Wilson, Inc. and its subsidiaries and affiliates relating to real estate investments.

In connection with the issuance of the Guardian Note, Guardian entered into a shareholders agreement with Kennedy-Wilson, Inc., William McMorrow, Mary Ricks and Lyle Freeman pursuant to which the parties agreed to appoint one person designated by Guardian as a member of the Board of Directors of Kennedy-Wilson, Inc. On October 8, 2009, Kennedy-Wilson, Inc. and Guardian entered into a letter agreement pursuant to which the parties agreed, effective upon consummation of our merger with Kennedy-Wilson, Inc., to terminate the shareholders agreement subject to entering into a voting agreement to provide Guardian with the right to designate a director to our Board of Directors.

Such transactions will require prior approval in each instance by our Audit Committee.

Director Independence

Directors Prior to the Merger

Prior to our merger with Kennedy-Wilson, Inc., which was consummated on November 13, 2009, we were a blank check company formed to serve as a vehicle to effect a merger, capital stock exchange, asset acquisition or other similar business combination with an operating business in the financial services industry. In connection with the merger, our directors and officers were replaced by the officers and directors of Kennedy-Wilson, Inc., except for David Minella, our former Chief Executive Officer and Chairman, who continues to serve as one of our directors.

Prior to the merger our common stock was listed on AMEX, which requires that a majority of a listed company's board of directors be composed of independent directors, which is defined generally as a person other than an officer or employee of the company or its subsidiaries or any other individual having a relationship, which, in the opinion of the company's board of directors would interfere with the director's exercise of independent judgment in carrying out the responsibilities of a director.

Prior to the merger, our former Board of Directors determined that each of Michael P. Castine, William Cvengros, Michael Downey, Daniel Gressel and John Merchant were independent as such term is defined under the rules of AMEX and Rule 10A-3 of the Exchange Act.

Current Directors

Effective March 19, 2010, our common stock became listed on the New York Stock Exchange (NYSE). A majority of the members of our Board of Directors must be independent under Section 303A.01 of the listing standards of the NYSE. Section 303A.02 of the NYSE listing standards provide that no director can qualify as independent unless the Board of Directors affirmatively determines that the director has no material relationship with the listed company. Our Board of Directors has adopted the following standards in determining whether or not a director has a material relationship with the Company and these standards are contained in our Corporate Governance Guidelines and can be found on our website at www.kennedywilson.com and can be made available in print free of charge to any stockholder who requests it.

No director who is an employee or a former employee of the Company can be independent until three years after termination of such employment.

No director who is, or in the past three years has been, affiliated with or employed by the Company's present or former independent auditor can be independent until three years after the end of the affiliation, employment or auditing relationship.

Table of Contents

No director can be independent if he or she is, or in the past three years has been, part of an interlocking directorship in which an executive officer of the Company serves on the Compensation Committee of another company that employs the director.

No director can be independent if he or she is receiving, or in the last three years has received, more than \$120,000 during any 12-month period in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).

Directors with immediate family members in the foregoing categories are subject to the same three-year restriction.

No director can be independent if he or she is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.

Based on these independence standards and all of the relevant facts and circumstances, our Board of Directors determined that none of the following directors had any material relationship with the Company and, thus, are independent under the listing standards of NYSE: Norman Creighton, Cathy Hendrickson, Thomas Sorell and David Minella. In accordance with NYSE rules a majority of our Board of Directors is independent.
