On June 22, 2010, the Board of Directors of Xerium Technologies, Inc. (the Company) approved a plan to cease production at the Company's Stowe Woodward roll covers facility in North Bay, Ontario by August 20, 2010. On June 28, 2010, the Company informed the affected employees of this plan.

The Company expects to record restructuring expenses of approximately \$4 million related to the closure of this facility of which (i) approximately \$1.6 million is for facility related expenses, including the relocation of assets, (ii) approximately \$1.4 million is principally for severance to be paid through the third quarter of 2010 and (iii) approximately \$1 million is for impairment losses based upon the Company's evaluation of long-lived assets under the provisions of Accounting Standards Codification Topic No. 360, *Property, Plant, and Equipment*. The Company expects to expense \$2 million of restructuring and impairments expenses during the second quarter of 2010 and most of the remaining \$2 million during the second half of 2010.
