ITEM 2.02. Results of Operations and Financial Condition

On August 5, 2010, FTI Consulting, Inc. ("FTI") issued its press release (including financial tables) (the "Press Release") reporting financial results for the three months and six months ended June 30, 2010. The Press Release (including financial tables) is set forth in Exhibit 99.1 and is incorporated by reference herein.

ITEM 7.01. Regulation FD Disclosure

FTI defines "Adjusted EBITDA" as consolidated operating income before depreciation, amortization of intangible assets and special charges plus non-operating litigation settlements. FTI defines "Adjusted Segment EBITDA" as the segment's share of consolidated operating income before depreciation, amortization of intangible assets and special charges plus non-operating litigation settlements. FTI defines adjusted earnings per diluted share ("Adjusted EPS") as earnings per diluted share excluding the per share impact of the special charges that were incurred in that year. Although Adjusted EBITDA, Adjusted Segment EBITDA and Adjusted EPS are not measures of financial condition or performance determined in accordance with generally accepted accounting principles ("GAAP"), FTI believes that these measures can be useful operating performance measures for evaluating our results of operations as compared from period to period and as compared to our competitors. EBITDA is a common alternative measure of operating performance used by investors, financial analysts and rating agencies to value and compare the financial performance of companies in our industry. We use Adjusted EBITDA and Adjusted Segment EBITDA to evaluate and compare the operating performance of our segments and it is one of the primary measures used to determine employee incentive compensation.

Adjusted EBITDA, Adjusted Segment EBITDA and Adjusted EPS are not defined in the same manner by all companies and may not be comparable to other similarly titled measures of other companies unless the definition is the same. These non-GAAP measures should be considered in addition to, but not as a substitute for or superior to, the information contained in our statements of income. Reconciliations of operating profit to Adjusted EBITDA, segment operating profit to Adjusted Segment EBITDA and earnings per diluted share to Adjusted EPS are included in the accompanying financial tables to the Press Release furnished as Exhibit 99.1.

The information included herein, including Exhibit 99.1 furnished herewith, shall not be deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liabilities of that section, nor shall it be incorporated by reference into any filing pursuant to the Securities Act of 1933, as amended, or the Exchange Act, regardless of any incorporation by reference language in any such filing, except as expressly set forth by specific reference in such filing.
