MEMORANDUM

DATE: April 12, 2012
TO: Pentair Employees
FROM: Randall J. Hogan, Chairman and Chief Executive Officer

SUBJECT: President, Integration and Standardization

Several weeks ago we announced a very exciting and transformational transaction – the combination of Pentair with Tyco's Flow Control business. In those announcements we outlined how this merger would create a global growth leader in important markets and provide substantial benefits to our many stakeholders, including our employees. The positive reaction from the investment community, media, key customers and our global employees was great; it really helps to validate the deal. These are truly exciting times for Pentair and Tyco's Flow Control Business.

To ensure we fully execute on the best opportunities the combined organization will create I have selected one of our proven leaders to drive the global integration. ***Today I am announcing that Todd Gleason will lead our integration planning and execution efforts, reporting directly to me.***

As President of Integration and Standardization, Todd will assemble and lead a team of approximately 25 to 40 functional and business unit team leaders, including leaders from Tyco Flow Control once the transaction closes. The team will begin by developing a detailed integration plan, some of which is already underway, and coordinating integration planning efforts with counterparts from Tyco Flow Control. These initial integration planning efforts will be critical as we ramp-up toward the expected close of the transaction so that we are prepared to execute from day one. Overall, the primary focus of this integration team will be to ensure an efficient organizational structure, ensure process standardization and aggressively drive on-boarding and communication for the new Pentair organization. This team will drive the identification and program management of growth and cost synergies and work with all of our businesses and functions to ensure we meet and exceed our customer and financial commitments. The integration team will work across all of Pentair (legacy Pentair businesses and the Tyco Flow Controls businesses) to ensure critical best practice processes, systems, programs and operating rhythms are adopted and advanced.

Todd joined Pentair in 2007 as Vice President of Investor Relations and Business Analysis and Planning. In 2009 he was promoted to lead our strategy and marketing functions. Recently, Todd became the Vice President of Global Growth by assuming responsibility for the Fast Growth Markets. Todd fully understands our strategic growth vision and how to leverage the Pentair Integrated Management System (PIMS) to execute and deliver shareholder value. Prior to Pentair Todd spent a number of years at several leading industrial companies (Honeywell and American Standard) in a variety of senior leadership positions and associated with very complex businesses and transactions.

As Todd transitions from his current role we have a process underway to backfill Todd's functional roles and also transition his team to new reporting relationships. The current leaders in the Fast Growth Markets will now report to Mike Schrock, President and Chief Operating Officer. Those individuals are: Tianwen Li (China), Mukund Vasudevan (India), Guillermo Perez (Latin America), Andrey Kleymenov (Eastern Europe & Turkey), and Nizar Ballouzeh (Middle East). Jerome Pedretti, Vice President of Growth Initiatives will support Todd on integration planning but also work closely with Mike on strategies and processes specific to Fast Growth Markets. Additionally, Pete Dyke (Human Resources) and Pipasu Soni (Finance) will maintain their roles with the Fast Growth Markets team supporting Mike. Please continue your engagement with the Fast Growth Market teams as they remain vitally important to our growth and success as a company.

We will continue to provide updates and more information. Thank you for maintaining your focus on your customers and the job at hand. Please join me in giving Todd your full support and let's continue to Win Right in everything we do.
