DESCRIPTION OF DEBT SECURITIES

*The following description of the debt securities outlines some of the provisions of the debt securities. The information may not be complete in all respects and is qualified in its entirety by reference to the applicable indenture and its associated documents, including the form of note. We have filed the indentures with the SEC as exhibits to the registration statement of which this prospectus forms a part. See *Where You Can Find More Information* for information on how to obtain copies of them. The specific terms of any series of debt securities will be described in the applicable prospectus supplement. If so described in a prospectus supplement, the terms of that series of debt securities may differ from the general description of terms presented below.*

*Please note that in this section titled *Description of Debt Securities*, references to *we*, *our*, *us* and *Home Depot* refer solely to *The Home Depot, Inc.* as the issuer of the applicable series of debt securities and not to any subsidiaries, unless the context requires otherwise. Also, in this section, references to *holders* mean those who own debt securities registered in their own names on the books that we or the trustee maintain for this purpose and not those who own beneficial interests in debt securities registered in street name or in debt securities issued in book-entry form through one or more depositaries. Owners of beneficial interests in the debt securities should read the section titled *Book-Entry Delivery and Settlement*.*

General

We will issue the debt securities in one or more series under either an indenture dated as of May 4, 2005 between us and The Bank of New York Mellon Trust Company, N.A. (formerly known as The Bank of New York Trust Company, N.A.) as trustee or an indenture dated as of August 24, 2012 between us and Deutsche Bank Trust Company Americas as trustee. The two indentures are substantively identical in all material respects. When we refer to the indenture or the trustee with respect to any series of debt securities, we mean the indenture under which those debt securities are issued and the trustee acting pursuant to that indenture.

The debt securities that we may offer under the indentures are not limited in aggregate principal amount. We may issue debt securities at one or more times and in one or more series. Each series of debt securities may have different terms. The terms of any series of debt securities will be described in, or determined by action taken pursuant to, a resolution of our board of directors or a committee appointed by our board of directors or in a supplement to the indenture relating to that series.

We are not obligated to issue all debt securities of one series at the same time and, unless otherwise provided in the prospectus supplement, we may reopen a series, without the consent of the holders of the debt securities of that series, for the issuance of additional debt securities of that series. Additional debt securities of a particular series will have the same terms and conditions as outstanding debt securities of that series, except for the date of original issuance and the offering price and, if applicable, the initial interest payment date and initial interest accrual date, and will be consolidated with, and form a single series with, outstanding debt securities of that series.

The debt securities will be unsecured obligations and will rank equally with all of our other unsecured senior indebtedness.

The prospectus supplement relating to any series of debt securities that we may offer will state the price or prices at which the debt securities will be offered, and will contain the specific terms of that series. These terms may include the following:

the title of the series;

the purchase price, denomination and any limit upon the aggregate principal amount of the series;

the date or dates on which each of the principal of and premium, if any, on the securities of the series is payable and the method of determination thereof;

the rate or rates at which the securities of the series will bear interest, if any, or the method of calculating the rate or rates of interest, the date or dates from which interest will accrue or the method by which the interest accrual date or dates will be determined, the interest payment dates on which interest will be payable and the record date, if any;

Edgar Filing: HOME DEPOT INC - Form S-3ASR

the place or places where the principal of, premium, if any, and interest, if any, on securities of the series will be payable;

the place or places where the securities may be exchanged or transferred;

the period or periods within which, the price or prices at which, the currency or currencies (including currency unit or units) in which, and the other terms and conditions upon which, securities of the series may be redeemed, in whole or in part, at our option, if we are to have that option with respect to the applicable series;

our obligation, if any, to redeem or purchase securities of the series in whole or in part pursuant to any sinking fund or upon the occurrence of a specified event or at the option of a holder thereof and the period or periods within which, the price or prices at which, and the other terms and conditions upon which securities of the series will be redeemed or purchased, in whole or in part, pursuant to such obligation;

if other than denominations of \$1,000 and any integral multiple thereof, the denominations in which securities of the series are issuable;

if other than U.S. dollars, the currency or currencies (including currency unit or units) in which payments of principal, premium, if any, and interest on the securities of the series will or may be payable, or in which the securities of the series will be denominated, and the particular provisions applicable thereto;

if the amount of payments of principal, premium, if any, and interest on the securities of the series will be determined with reference to an index, formula or other method (which index, formula or method may be based, without limitation, on a currency or currencies (including currency unit or units) other than that in which the securities of the series are denominated or designated to be payable), the index, formula or other method by which that amount will be determined;

any other terms of the series.

Covenants

Except as described in this sub-section or as otherwise provided in the accompanying prospectus supplement with respect to any series of debt securities, we are not restricted by the indenture from incurring, assuming or becoming liable for any type of debt or other obligations, from paying dividends or making distributions on our capital stock or purchasing or redeeming our capital stock. The indenture does not require the

Edgar Filing: HOME DEPOT INC - Form S-3ASR

maintenance of any financial ratios or specified levels of net worth or liquidity. In addition, the indenture does not contain any covenants or other provisions that would limit our or any of our subsidiaries' right to incur additional indebtedness, enter into any sale and leaseback transaction or grant liens on our assets. The indenture does not contain any provisions that would require us to repurchase or redeem or otherwise modify the terms of any of the debt securities upon a change in control or other events that may adversely affect the creditworthiness of the debt securities, such as a highly leveraged transaction.

Unless otherwise indicated in the accompanying prospectus supplement, covenants contained in the indenture, which are summarized below, will be applicable to the series of debt securities to which the prospectus supplement relates so long as any of the debt securities of that series are outstanding.

Table of Contents

The indenture provides that we may not consolidate with or merge into any other person or sell our assets substantially as an entirety, unless:

the person formed by the consolidation or into which we are merged or the person that acquires our assets is a person organized in the United States of America and expressly assumes the due and punctual payment of the principal of and interest on all the debt securities and the performance of every covenant of the indenture on our part;

immediately after giving effect to the transaction, no event of default, and no event which, after notice or lapse of time, or both, would become an event of default, shall have occurred and be continuing; and

we have delivered to the trustee an officers' certificate and an opinion of counsel each stating that the consolidation, merger or sale and a supplemental indenture, if applicable, comply with the indenture and that all conditions precedent provided in the indenture relating to that transaction have been satisfied.

Upon the consolidation, merger or sale, the successor corporation formed by that consolidation or into which we are merged or to which that sale is made will succeed to, and be substituted for, us under the indenture, and the predecessor corporation will be released from all obligations and covenants under the indenture and the debt securities.

The indenture does not restrict our ability to redeem or require us to redeem or permit holders to cause redemption of, debt securities in the event of:

a consolidation, merger, sale of assets or other similar transaction that may adversely affect our creditworthiness or the successor or combined entity;

a change in control of us; or

a highly leveraged transaction involving us whether or not involving a change in control.

Accordingly, the holders of debt securities would not have protection in the event of a highly leveraged transaction, reorganization, restructuring, merger or similar transaction involving us that may adversely affect the holders. The existing protective covenants applicable to the debt securities would continue to apply to us in the event of a leveraged buyout initiated or supported by us, our management, or any of our affiliates or their management, but may not prevent that transaction from taking place.

Events of Default, Notice and Waiver

The indenture provides that if an event of default shall have occurred and be continuing with respect to any series of debt securities, then either the trustee or the holders of not less than 25% in outstanding principal amount of the debt securities of that series may declare to be due and payable immediately the outstanding principal amount of the debt securities of the affected series, together with interest, if any, accrued thereon. If the event of default, however, is any of certain events of bankruptcy, insolvency or reorganization, all of the debt securities, together with interest, if any, accrued thereon, will become immediately due and payable without further action or notice on the part of the trustee or the holders.

Under the indenture, an event of default with respect to the debt securities of any series is any one of the following events:

default for 30 days in payment when due of any interest due with respect to the debt securities of that series;

Edgar Filing: HOME DEPOT INC - Form S-3ASR

default in payment when due of principal of or premium, if any, on the debt securities of that series;

default for 90 days after written notice to us by the trustee or by holders of not less than 25% in principal amount of the debt securities of any series then outstanding in the performance of any covenant or other agreement in the indenture or the debt securities for the benefit of those debt securities;

certain events of bankruptcy, insolvency and reorganization; and

any other event of default provided in the indenture with respect to debt securities of that series.

The indenture provides that the trustee will, within 90 days after the occurrence of a default with respect to the debt securities of any series, give to the holders of debt securities of that series notice of the default known to it, unless cured or waived. Except in the case of default in the payment of principal of, or interest (or premium), if any, on any debt security of that series or in the payment of any sinking fund installment with respect to debt securities of that series, the trustee will be protected in withholding the notice of default if and so long as the trustee in good faith determines that the withholding of the notice is in the interests of the holders of debt securities of that series. The term "default" for the purpose of this provision of the indenture means any event that is, or after notice or lapse of time, or both, would become, an event of default.

Table of Contents

The indenture contains a provision entitling the trustee, subject to the duty of the trustee during the continuance of an event of default to act with the required standard of care, to be indemnified by the holders before proceeding to exercise any right or power under the indenture at the request of those holders. The indenture provides that the holders of a majority in outstanding principal amount of the debt securities of any series may, subject to certain exceptions, on behalf of the holders of debt securities of that series direct the time, method and place of conducting proceedings for remedies available to the trustee, or exercising any trust or power conferred on the trustee.

The indenture includes a covenant that we will file annually with the trustee a certificate confirming no default or specifying any default that exists.

In certain cases, the holders of a majority in outstanding principal amount of the debt securities of any series may on behalf of the holders of debt securities of that series rescind a declaration of acceleration or waive any past default or event of default with respect to the debt securities of that series, except a default not theretofore cured in payment of the principal of, premium, if any, or interest, if any, on any debt security of that series or in respect of a provision which under the indenture cannot be modified or amended without the consent of the holder of each such debt security.

No holder of a debt security of any series will have any right to pursue a remedy with respect to the indenture or the debt securities of any series unless:

the holder has previously given to the trustee written notice of a continuing event of default;

holders of at least 25% in aggregate principal amount of the outstanding debt securities of such series have also made a written request to the trustee to pursue that remedy;

the holder has provided indemnity satisfactory to the trustee against any loss, liability or expense incurred in pursuit of that remedy as trustee;

the trustee has not received from the holders of a majority in outstanding principal amount of the debt securities of that series a direction inconsistent with the written request to pursue the remedy within 90 calendar days after receipt of the notice of default, the written request and the offer of indemnity; and

the trustee has failed to comply with the request to pursue the remedy within that 90 calendar day period.

However, these limitations do not apply to a suit instituted by a holder of debt securities for enforcement of payment of the principal of or interest on those debt securities on or after the respective due dates expressed in those debt securities after any applicable grace periods have expired.

Modification and Waiver

The trustee and we may amend or supplement the indenture or the debt securities of any series without the consent of any holder, in order to:

cure any ambiguity, defect or inconsistency;

provide for uncertificated debt securities in addition to or in place of certificated debt securities;

Edgar Filing: HOME DEPOT INC - Form S-3ASR

provide for the assumption of our obligations to the holders in the case of a merger or consolidation of us as permitted by the indenture;

evidence and provide for the acceptance of appointment by a successor trustee and to add to or change any of the provisions of the indenture as are necessary to provide for or facilitate the administration of the trusts by more than one trustee;

make any change that would provide any additional rights or benefits to the holders of all or any series of debt securities and that does not adversely affect any such holder; or

comply with SEC requirements in order to effect or maintain the qualification of the indenture under the Trust Indenture Act of 1939, as amended, which we refer to as the Trust Indenture Act.

Table of Contents

In addition, except as described below, modifications and amendments of the indenture or the debt securities of any series may be made by the trustee and us with the consent of the holders of a majority in outstanding principal amount of the debt securities affected by such modification or amendment. However, no modification or amendment may, without the consent of each holder affected thereby:

reduce the principal amount of, the rate of interest on, or the premium, if any, payable upon the redemption of, any debt security;

change the stated maturity of, or time for payment of interest on, any debt security;

change the place or currency of payment of principal of, or premium, if any, or interest on, any debt security;

impair the right to institute suit for the enforcement of any payment on or with respect to any debt securities on or after the stated maturity or prepayment date thereof; or

reduce the percentage in principal amount of debt securities of any series where holders must consent to an amendment, supplement or waiver.

Defeasance

The indenture provides that we will be discharged from any and all obligations in respect of the debt securities of any series (except for certain obligations to register the transfer or exchange of the debt securities, to replace stolen, lost or mutilated debt securities, to maintain paying agencies and hold monies for payment in trust and to pay the principal of and interest, if any, on such debt securities), upon the irrevocable deposit with the trustee, in trust, of money and/or U.S. Government securities, which through the payment of interest and principal thereof in accordance with their terms provides money in an amount sufficient to pay the principal of, premium, if any, and interest, if any, in respect of the debt securities of that series on the stated maturity date of the principal and any installment of principal, premium, if any, or interest. Also, the establishment of the trust will be conditioned on the delivery by us to the trustee of an opinion of counsel reasonably satisfactory to the trustee to the effect that, based upon applicable U.S. federal income tax law or a ruling published by the United States Internal Revenue Service, the defeasance and discharge will not be deemed, or result in, a taxable event with respect to the holders. For the avoidance of doubt, the opinion would be based on a ruling by the United States Internal Revenue Service or a change in current U.S. income tax law occurring after the date of the indenture.

We may also elect not to comply with the restrictive covenants, if any, of any particular series of debt securities, other than our covenant to pay the amounts due and owing with respect to that series of debt securities. Thereafter, any such noncompliance will not be an event of default with respect to the debt securities of that series, upon the deposit with the trustee, in trust, of money and/or U.S. Government securities which through the payment of interest and principal in respect thereof in accordance with their terms provides money in an amount sufficient to pay any installment of principal, premium, if any, and interest in respect of debt securities of that series on the stated maturity date of the principal or installment of principal, premium, if any, or interest. Our obligations under the indenture and the debt securities of that series other than with respect to those covenants will remain in full force and effect. Also, the establishment of the trust will be conditioned on the delivery by us to the trustee of an opinion of counsel to the effect that the defeasance and discharge will not be deemed, or result in, a taxable event with respect to the holders.

In the event we exercise our option not to comply with certain covenants as described in the preceding paragraph and the debt securities of the series are declared due and payable because of the occurrence of any event of default, then the amount of monies and/or U.S. Government securities on deposit with the trustee will be sufficient to pay amounts due on the debt securities of that series at the time of the acceleration resulting from the event of default. We will in any event remain liable for such payments as provided in the debt securities of that series.

Satisfaction and Discharge

At our option, we may satisfy and discharge the indenture with respect to the debt securities of any series (except for specified obligations of the trustee and ours, including, among others, the obligations to apply money held in trust) when:

either (a) all debt securities of that series previously authenticated and delivered under the indenture have been delivered to the trustee for cancellation or (b) all debt securities of that series not theretofore delivered to the trustee for cancellation have become due and payable, will become due and payable at their stated maturity within one year, or are to be called for redemption within one year under arrangements satisfactory to the trustee for the giving of notice of redemption by the trustee, and we have deposited or caused to be deposited with the trustee, as trust funds in trust for such purpose, an amount sufficient to pay and discharge the entire indebtedness on debt securities of that series;

we have paid or caused to be paid all other sums payable by us under the indenture with respect to the debt securities of that series;
and

Table of Contents

we have delivered to the trustee an officers' certificate and an opinion of counsel, each to the effect that all conditions precedent relating to the satisfaction and discharge of the indenture as to that series have been satisfied.

Regarding the Trustee

The prospectus supplement relating to any series of debt securities will identify the trustee for that series of debt securities.

The indenture contains certain limitations on the right of the trustee, should it become a creditor of ours within three months of, or subsequent to, a failure by us to make payment in full of principal of or interest on any series of debt securities issued pursuant to the indenture when and as the same becomes due and payable, to obtain payment of claims, or to realize for its own account on property received in respect of any such claim as security or otherwise, unless and until the default is cured. However, in accordance with Section 311(b) of the Trust Indenture Act, the trustee's rights as a creditor of ours will not be limited if the creditor relationship arises from, among other things:

the ownership or acquisition of securities issued under any indenture or having a maturity of one year or more at the time of acquisition by the trustee;

certain advances authorized by a receivership or bankruptcy court of competent jurisdiction or by the indenture;

disbursements made in the ordinary course of business in its capacity as indenture trustee, transfer agent, registrar, custodian or paying agent or in any other similar capacity;

indebtedness created as a result of goods or securities sold in a cash transaction or services rendered or premises rented; or

the acquisition, ownership, acceptance or negotiation of certain drafts, bills of exchange, acceptances or other obligations.

The indenture does not prohibit the trustee from serving as trustee under any other indenture to which we may be a party from time to time or from engaging in other transactions with us. If the trustee acquires any conflicting interest within the meaning of the Trust Indenture Act and any debt securities issued pursuant to either indenture are in default, it must eliminate such conflict or resign.

We maintain business relationships in the ordinary course of business with each of the trustees and certain of their affiliates. One or both of the trustees or their affiliates serve as fiscal agent for certain of our outstanding obligations, are parties to our credit facility agreement that backs up our commercial paper program and have served as an underwriter of prior offerings of debt securities by us. We may enter into additional business relationships with one or both of the trustees or their affiliates in the future.

Governing Law

The indenture and the debt securities will be governed by New York law.

Book-Entry Delivery and Settlement

Global Notes

We will issue any debt securities in the form of one or more global notes in definitive, fully registered, book-entry form. The global notes will be deposited with or on behalf of The Depository Trust Company, or DTC, and registered in the name of Cede & Co., as nominee of DTC.

DTC, Clearstream and Euroclear

Beneficial interests in the global notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in DTC. Investors may hold interests in the global notes through either DTC (in the United States), Clearstream Banking, société anonyme, Luxembourg, which we refer to as Clearstream, or Euroclear Bank S.A./N.V., as operator of the

Edgar Filing: HOME DEPOT INC - Form S-3ASR

Euroclear System, which we refer to as Euroclear, in Europe, either directly if they are participants in such systems or indirectly through organizations that are participants in such systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and Euroclear's names on the books of their U.S. depositories, which in turn will hold such interests in customers' securities accounts in the U.S. depositories' names on the books of DTC.

DTC has advised us that:

DTC is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered under Section 17A of the Exchange Act.

Table of Contents

DTC holds securities that its participants deposit with DTC and facilitates the settlement among participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants' accounts, thereby eliminating the need for physical movement of securities certificates.

Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and other organizations, some of whom, and/or their representatives, own DTC.

DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation, or DTCC. DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries.

Access to the DTC system is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly.

The rules applicable to DTC and its direct and indirect participants are on file with the SEC.

Clearstream has advised us that it is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its customers and facilitates the clearance and settlement of securities transactions between its customers through electronic book-entry changes in accounts of its customers, thereby eliminating the need for physical movement of certificates. Clearstream provides to its customers, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depository, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector. Clearstream customers are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and other organizations and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream customer either directly or indirectly.

Euroclear has advised us that it was created in 1968 to hold securities for participants of Euroclear and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear provides various other services, including securities lending and borrowing, and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V., which we refer to as the Euroclear Operator. All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator. Euroclear participants include banks (including central banks), securities brokers and dealers, and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

We understand that the Euroclear Operator is licensed by the Belgian Banking and Finance Commission to carry out banking activities on a global basis. As a Belgian bank, it is regulated and examined by the Belgian Banking and Finance Commission.

We have provided the descriptions of the operations and procedures of DTC, Clearstream and Euroclear in this prospectus supplement solely as a matter of convenience. These operations and procedures are solely within the control of those organizations and are subject to change by them from time to time. None of us, the underwriters nor the trustee takes any responsibility for these operations or procedures, and you are urged to contact DTC, Clearstream and Euroclear or their participants directly to discuss these matters.

We expect that under procedures established by DTC:

upon deposit of the global notes with DTC or its custodian, DTC will credit on its internal system the accounts of direct participants designated by the underwriters with portions of the principal amounts of the global notes; and

Edgar Filing: HOME DEPOT INC - Form S-3ASR

ownership of the debt securities will be shown on, and the transfer of ownership thereof will be effected only through, records maintained by DTC or its nominee, with respect to interests of direct participants, and the records of direct and indirect participants, with respect to interests of persons other than participants.

The laws of some jurisdictions may require that purchasers of securities take physical delivery of those securities in definitive form. Accordingly, the ability to transfer interests in the debt securities represented by a global note to those persons may be limited. In addition, because DTC can act only on behalf of its participants, who in turn act on behalf of persons who hold interests through participants, the ability of a person having an interest in debt securities represented by a global note to pledge or transfer those interests to persons or entities that do not participate in DTC's system, or otherwise to take actions in respect of such interest, may be affected by the lack of a physical definitive security in respect of such interest.

Table of Contents

So long as DTC or its nominee is the registered owner of a global note, DTC or that nominee will be considered the sole owner or holder of the debt securities represented by that global note for all purposes under the indenture and under the debt securities. Except as provided below, owners of beneficial interests in a global note will not be entitled to have debt securities represented by that global note registered in their names, will not receive or be entitled to receive physical delivery of certificated notes and will not be considered the owners or holders thereof under the applicable indenture or under the debt securities for any purpose, including with respect to the giving of any direction, instruction or approval to the trustee. Accordingly, each holder owning a beneficial interest in a global note must rely on the procedures of DTC and, if that holder is not a direct or indirect participant, on the procedures of the participant through which that holder owns its interest, to exercise any rights of a holder of debt securities under the applicable indenture or a global note.

Neither we nor the trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of debt securities by DTC, Clearstream or Euroclear, or for maintaining, supervising or reviewing any records of those organizations relating to the debt securities.

Payments on the debt securities represented by the global notes will be made to DTC or its nominee, as the case may be, as the registered owner thereof. We expect that DTC or its nominee, upon receipt of any payment on the debt securities represented by a global note, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the global note as shown in the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in the global note held through such participants will be governed by standing instructions and customary practice as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. The participants will be responsible for those payments.

Distributions on the debt securities held beneficially through Clearstream will be credited to cash accounts of its customers in accordance with its rules and procedures, to the extent received by the U.S. depository for Clearstream.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law, which we refer to collectively as the Terms and Conditions. The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear participants and has no record of or relationship with persons holding through Euroclear participants.

Distributions on the debt securities held beneficially through Euroclear will be credited to the cash accounts of its participants in accordance with the Terms and Conditions, to the extent received by the U.S. depository for Euroclear.

Clearance and Settlement Procedures

Initial settlement for the debt securities will be made in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC rules and will be settled in immediately available funds. Secondary market trading between Clearstream customers and/or Euroclear participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear, as applicable, and will be settled using the procedures applicable to conventional eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream customers or Euroclear participants, on the other, will be effected through DTC in accordance with DTC rules on behalf of the relevant European international clearing system by its U.S. depository; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to the U.S. depository to take action to effect final settlement on its behalf by delivering or receiving the debt securities in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream customers and Euroclear participants may not deliver instructions directly to their U.S. depositories.

Because of time-zone differences, credits of the debt securities received in Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions in the debt securities settled during such processing will be reported to the relevant Clearstream customers or Euroclear participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of the debt securities by or through a Clearstream customer or a Euroclear participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Table of Contents

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures to facilitate transfers of the debt securities among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be changed or discontinued at any time.

Certificated Notes

Individual certificates in respect of any debt securities will not be issued in exchange for the global notes, except in very limited circumstances. We will issue or cause to be issued certificated notes to each person that DTC identifies as the beneficial owner of the debt securities represented by a global note upon surrender by DTC of the global note if:

DTC notifies us that it is no longer willing or able to act as a depository for such global note or ceases to be a clearing agency registered under the Exchange Act, and we have not appointed a successor depository within 90 days of that notice or becoming aware that DTC is no longer so registered;

an event of default has occurred and is continuing, and DTC requests the issuance of certificated notes; or

subject to DTC's procedures, we determine not to have the debt securities of such series represented by a global note. Neither we nor the trustee will be liable for any delay by DTC, its nominee or any direct or indirect participant in identifying the beneficial owners of the debt securities. We and the trustee may conclusively rely on, and will be protected in relying on, instructions from DTC or its nominee for all purposes, including with respect to the registration and delivery, and the respective principal amounts, of the certificated notes to be issued.

PLAN OF DISTRIBUTION

We will describe the terms of a particular offering of debt securities in the accompanying prospectus supplement, including the following:

the names of any underwriters, agents or dealers;

their compensation, including any underwriting discounts, dealer concessions or commissions;

the net proceeds to us;

the purchase price of the debt securities;

the initial public offering price of the debt securities;

any discounts or concessions allowed or re-allowed or paid by underwriters or dealers to other dealers; and

any exchange on which the debt securities may be listed.

We may sell the debt securities using any of the following methods:

to or through underwriters, agents or dealers;

directly to one or more purchasers without using underwriters, agents or dealers; or

through a combination of any of these methods of sale.

We may effect the distribution of the debt securities from time to time in one or more transactions at fixed prices or at prices that may be changed, at market prices prevailing at the time of sale or at prices related to prevailing market prices, or at negotiated prices. Any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

We may offer the debt securities to the public through underwriting syndicates represented by managing underwriters or through underwriters without a syndicate. If we use an underwriter or underwriters in the sale of the debt securities, we will execute an underwriting agreement with those underwriters at the time of sale of those debt securities. Underwriters will acquire the debt securities for their own account. The underwriters may then resell the debt securities in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Unless otherwise indicated in the accompanying prospectus supplement, the obligations of the underwriters to purchase the debt securities in a particular offering will be subject to certain conditions, and the underwriters will be obligated to purchase all of the debt securities in a particular offering if any of the debt securities are purchased.

Securities may be sold directly by us or through agents designated by us from time to time. Any agent involved in the offer or sale of the securities in respect of which this prospectus and a prospectus supplement is delivered will be named, and any commissions payable by us to such agent will be set forth, in the prospectus supplement. Unless otherwise indicated in the prospectus supplement, any such agent will be acting on a best efforts basis for the period of its appointment. Agents may be appointed to sell debt securities on a continuous basis, including pursuant to at the market offerings.

Edgar Filing: HOME DEPOT INC - Form S-3ASR

Underwriters and agents may from time to time purchase and sell the debt securities described in this prospectus and the accompanying prospectus supplement in the secondary market but are not obligated to do so. No assurance can be given that there will be a secondary market for the debt securities or liquidity in the secondary market if one develops. From time to time, underwriters and agents may make a market in the debt securities.

In order to facilitate the offering of the debt securities, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of these debt securities or any other debt securities the prices of which may be used to determine payments on these debt securities. Specifically, the underwriters may over-allot in connection with the offering, creating a short position in the debt securities for their own accounts. In addition, to cover over-allotments or to stabilize the price of the debt securities or of any other debt securities, the underwriters may bid for, and purchase, the debt securities or any other debt securities in the open market. Finally, in any offering of the debt securities through a syndicate of underwriters, the underwriting syndicate may reclaim selling concessions allowed to an underwriter or a dealer for distributing the debt securities in the offering if the syndicate repurchases previously distributed debt securities in transactions to cover syndicate short positions, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the debt securities above independent market levels. The underwriters are not required to engage in these activities and may end any of these activities at any time.

Table of Contents

We may solicit, or we may authorize underwriters, dealers or agents to solicit, offers to purchase debt securities of one or more series directly from one or more institutional investors using delayed delivery contracts. These contracts will provide for payment and delivery on one or more specified dates in the future. The accompanying prospectus supplement will describe the commission payable for solicitation and the terms and conditions of these contracts. The underwriters or other persons soliciting such contracts will have no responsibility for the validity or performance of any such contracts.

One or more firms, referred to as remarketing firms, may also offer or sell the debt securities, if the prospectus supplement so indicates, in connection with a remarketing arrangement upon their purchase. Remarketing firms may act as principals for their own accounts or as agents for us. These remarketing firms will offer or sell the debt securities in accordance with a redemption or repayment pursuant to the terms of the debt securities. The prospectus supplement will identify any remarketing firm and the terms of its agreement, if any, with us and will describe the remarketing firm's compensation.

Underwriters named in a prospectus supplement are, and dealers, agents or remarketing firms named in a prospectus supplement may be, deemed to be underwriters under the Securities Act of 1933, as amended, or the Securities Act, and any discounts or commissions they receive from us and any profit on their resale of the debt securities may be deemed to be underwriting discounts and commissions under the Securities Act. We may agree to indemnify the underwriters, agents, dealers and remarketing firms against certain civil liabilities, including liabilities under the Securities Act, or to contribute to payments they may be required to make in respect of these liabilities. Underwriters, agents, dealers and remarketing firms may engage in transactions with or perform services for The Home Depot or our subsidiaries and affiliates in the ordinary course of business.

The accompanying prospectus supplement may set forth restrictions or limitations, or refer to applicable laws or regulations, relating to offers, sales or deliveries of the debt securities or the distribution of this prospectus and the accompanying prospectus supplement in specified jurisdictions outside the United States, if and as appropriate.

LEGAL MATTERS

In connection with particular offerings of debt securities in the future, unless stated otherwise in the accompanying prospectus supplement, the validity of the debt securities may be passed upon for us by Alston & Bird LLP and for any underwriters or agents by counsel named in the accompanying prospectus supplement.

Item 15. Indemnification of Directors and Officers

The following summary is qualified in its entirety by reference to the registrant's Amended and Restated Certificate of Incorporation (as amended effective June 2, 2011), the registrant's By-Laws (as amended and restated effective June 2, 2011) and the sections of the Delaware General Corporation Law referred to below.

As permitted by Section 102(b)(7) of the Delaware General Corporation Law, Article Ninth of the registrant's Amended and Restated Certificate of Incorporation provides that no director of the registrant shall be liable to the registrant or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the registrant or its shareholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the Delaware General Corporation Law, or (iv) for any transaction from which the director derived an improper personal benefit.

Article V, Section 1 of the registrant's By-Laws provides that the registrant shall indemnify and hold harmless, to the fullest extent permitted by the Delaware General Corporation Law then in effect, any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he or she, or a person for whom he or she is the legal representative, is or was a director, officer, employee or agent of the registrant, or is or was serving at the request of the registrant as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against all expenses, liability and loss (including attorneys' fees) reasonably incurred by such person. Article V, Section 2 of the registrant's By-Laws provides that, subject to any applicable laws, the registrant shall pay the expenses (including attorneys' fees) incurred by a director or officer of the registrant in defending any proceeding in advance of its final disposition; provided, however, that the payment of such expenses shall be made only upon receipt of an undertaking by the director or officer to repay all amounts advanced if it shall ultimately be determined that such director or officer is not entitled to be indemnified. In addition, as permitted by Article V, Section 6 of the registrant's By-Laws, the registrant maintains officers' and directors' liability insurance for the benefit of its officers and directors.

Edgar Filing: HOME DEPOT INC - Form S-3ASR

Section 145 of the Delaware General Corporation Law generally provides that all directors and officers (as well as other employees and individuals) may be indemnified against expenses (including attorneys' fees), judgments, fines and amounts actually and reasonably incurred by such individuals in defense or settlement of certain specified actions, suits or proceedings, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation, or a derivative action), if they acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation, and, with

II-1

Table of Contents

respect to any criminal action or proceeding, had no reasonable cause to believe their conduct was unlawful. A similar standard of care is applicable in the case of derivative actions, except that indemnification extends to the defense or settlement of an action, and the Delaware General Corporation Law requires court approval before there can be any indemnification where the person seeking indemnification has been found liable to the corporation. Section 145 of the Delaware General Corporation Law permits a corporation to advance expenses to or on behalf of a person entitled to be indemnified upon receipt of an undertaking to repay the amounts advanced if it is determined that the person is not entitled to be indemnified and provides that the right to indemnification and advancement conferred thereby is not exclusive of any other right to which any person may be entitled under any bylaw, agreement, vote of shareholders or disinterested directors or otherwise. Section 145 of the Delaware General Corporation Law also authorizes a corporation to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation or is or was serving at the request of the corporation as such at any other enterprise against any liability asserted against and incurred by such person in such capacity, or arising out of such person's status as such, whether or not the corporation would have the power to indemnify such person under the Delaware General Corporation Law.

Item 17. Undertakings

(a) **Rule 415 Offering.** The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of this registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in this registration statement or any material change to such information in this registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in this registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of this registration statement;

- (2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof;
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;
- (4) That, for the purpose of determining liability under the Securities Act to any purchaser:
 - (A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of this registration statement as of the date the filed prospectus was deemed part of and included in this registration statement; and
 - (B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in this registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of this registration statement relating to the securities in this registration statement to which the

prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of this registration statement or made in a document incorporated or deemed incorporated by reference into this registration statement or prospectus that is part of this registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in this registration statement or prospectus that was part of this registration statement or made in any such document immediately prior to such effective date; and

- (5) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
 - (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

- (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) ***Filings Incorporating Subsequent Exchange Act Documents by Reference.*** The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) ***Request for Acceleration of Effective Date or Filing of Registration Statement Becoming Effective Upon Filing.*** Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
