**Independent Auditors Report**

The Board of Directors

Digital Realty Trust, Inc.

Digital Realty Trust, L.P:

We have audited the accompanying combined statement of revenue and certain expenses of the Sentrum Portfolio (the Portfolio) for the year ended December 31, 2011. This combined statement is the responsibility of management. Our responsibility is to express an opinion on this combined statement based on our audit.

We conducted our audit in accordance with generally accepted auditing standards as established by the Auditing Standards Board (United States) and in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Portfolio is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Portfolio's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement. We believe that our audit provides a reasonable basis for our opinion.

The accompanying combined statement of revenue and certain expenses was prepared for the purpose of complying with the rules and regulations of the U.S. Securities and Exchange Commission, as described in note 1 to the combined statement of revenue and certain expenses. It is not intended to be a complete presentation of the Portfolio's combined revenue and expenses.

In our opinion, the combined statement of revenue and certain expenses referred to above present fairly, in all material respects, the combined revenue and certain expenses described in note 1 of the Sentrum Portfolio for the year ended December 31, 2011, in conformity with U.S. generally accepted accounting principles.

**Sentrum Portfolio**

**Notes to the Combined Statement of Revenue and Certain Expenses**

**For the Year Ended December 31, 2011**

**(1) Basis of Presentation**

The accompanying combined statement of revenue and certain expenses includes the revenue and certain expenses of the Sentrum Portfolio, a three-property data center portfolio located in the greater London area (the Portfolio). The Portfolio comprises approximately 761,000 square feet across three data centers located in Woking, Watford and Croydon, and a related service entity all located in the greater London, United Kingdom, metropolitan area.

The Portfolio was owned by Sentrum Holdings Limited (the Seller) for the periods presented. The accompanying combined statement of revenue and certain expenses includes the accounts of the Portfolio, and all significant intercompany amounts have been eliminated.

Digital Realty Trust, Inc., through its consolidated operating partnership, Digital Realty Trust, L.P. (collectively, the Company), acquired the Portfolio on July 11, 2012 for a purchase price of approximately 715.9 million pounds Sterling (equivalent to \$1.1 billion based on the July 11, 2012 exchange rate of £1.00 to \$1.55) (subject to additional earn-out payments based on a multiple of the net operating income from the lease-up of currently vacant space in the portfolio during the next three years).

The accompanying combined statement of revenue and certain expenses has been prepared for the purpose of complying with Rule 3-14 of Regulation S-X of the U.S. Securities and Exchange Commission for the acquisition of one or more real estate properties which in aggregate are significant and, accordingly, are not representative of the actual results of operations for the periods presented. The Portfolio is considered a group of related properties as the individual properties were under common control and management by the Seller, and the acquisition of a single property in the Portfolio was conditional on the acquisition of the other properties. Therefore, a single combined statement of revenue and certain expenses is presented. The combined statement of revenue and certain expenses excludes the following expenses which may not be comparable to the proposed future operations of the Portfolio:

Depreciation and amortization

Income taxes

Interest expense

Management fees paid to related parties

Payroll and other costs not directly related to the proposed future operations of the Portfolio.

Management is not aware of any material factors relating to the Portfolio other than those already described above that would cause the reported financial information not to be necessarily indicative of future operating results.

**(2) Summary of Significant Accounting Policies and Practices**

***(a) Revenue Recognition***

Rental revenue is recognized on a straight-line basis over the term of the respective leases. The straight-line rent adjustment for minimum rents increased rental revenue by £4.0 million for the year ended December 31, 2011.

*(b) Use of Estimates*

Management has made a number of estimates and assumptions relating to the reporting and disclosure of revenue and certain expenses during the reporting period to prepare the combined statement of revenue and certain expenses in conformity with U.S. generally accepted accounting principles. Actual results could differ from those estimates.

**Table of Contents*****(c) Unaudited Interim Combined Statements***

The combined statement of revenue and certain expenses for the six months ended June 30, 2012 is unaudited. In the opinion of management, the statement reflects all adjustments necessary for a fair presentation of the results of the interim period. All such adjustments are of a normal recurring nature.

***(d) Foreign Currency***

The Portfolio is located in the greater London, United Kingdom area, as such, all transactions are denominated in the British Pound Sterling (GBP).

**(3) Minimum Future Lease Payments**

Future minimum lease payments to be received under non-cancelable agreements in effect as of December 31, 2011 are as follows:

<b>Year ended December 31: (in thousands)</b>	
2012	£ 56,800
2013	56,159
2014	56,733
2015	54,583
2016	55,230
Thereafter	206,432
<b>Total</b>	<b>£ 485,937</b>

**(4) Tenant Concentrations**

The top two tenants accounted for approximately £12.9 million and £5.7 million, or 23.3% and 10.2%, respectively, of the Portfolio's combined rental revenue and service charge for the year ended December 31, 2011. No other tenant comprised more than 10% of the Portfolio's combined rental revenue and service charge for the year ended December 31, 2011.

**(5) Certain Expenses**

Certain expenses include only those costs expected to be comparable to the proposed future operations of the property, such as utilities expense, property operating costs, property taxes, and insurance costs.

**(6) Subsequent Events**

The Company has evaluated subsequent events related to the Portfolio for recognition or disclosure through September 25, 2012, which is the date the combined statement was available to be issued and determined that there are no other items to disclose.
