Dear Fellow Stockholders:

I am pleased to invite you to our 2013 Annual Meeting of Stockholders, which will be held on Wednesday, December 4, 2013, at 10:00 a.m., local time, at our executive offices located at 300 The American Road, Morris Plains, New Jersey 07950. The Annual Meeting is an excellent opportunity to learn more about our business and research and development efforts, as well as our pipeline of therapeutic product candidates. I hope you will make every effort to join us at our Annual Meeting.

On the pages after this letter, you will find the notice of our 2013 Annual Meeting of Stockholders, which lists the matters to be considered at the meeting, and the proxy statement, which describes the matters listed in the notice. This year, instead of mailing a printed copy of our proxy materials, including our Annual Report, to each stockholder of record, we have decided to provide access to these materials in a fast and efficient manner via the Internet. This reduces the amount of paper necessary to produce these materials, as well as the costs associated with mailing these materials to all stockholders. Accordingly, on October 25, 2013, we will begin mailing a Notice Regarding Internet Availability of Proxy Materials, or the Notice, to all stockholders of record as of October 9, 2013, and have posted our proxy materials on the website referenced in the Notice (www.proxyvote.com). As more fully described in the Notice, all stockholders may choose to access our proxy materials on the website referred to in the Notice or may request to receive a printed set of our proxy materials. In addition, the Notice and website provide information regarding how you may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

Your vote at this meeting is important. Whether or not you plan to attend the meeting, I hope you will vote as soon as possible. If you are a stockholder of record, you may vote over the Internet or by telephone. If you requested a printed copy of the proxy materials by mail, you may mark, date, sign, and mail the proxy card in the envelope provided. You will find voting instructions in the Notice and proxy statement and on the proxy card. If your shares are held in street name that is, held for your account by a broker or other nominee you will receive instructions from the holder of record that you must follow for your shares to be voted.

With many thanks for your ongoing support and continued interest in Immunomedics, I am,

Sincerely yours,

CYNTHIA L. SULLIVAN

President and Chief Executive Officer

PROXY STATEMENT 2013 ANNUAL MEETING OF STOCKHOLDERS

This proxy statement contains information about the 2013 Annual Meeting of Stockholders of Immunomedics, Inc., a Delaware corporation, including any postponements or adjournments of the meeting. The meeting will be held at our executive offices located at 300 The American Road, Morris Plains, New Jersey 07950, on Wednesday, December 4, 2013, at 10:00 a.m., local time. In this proxy statement, we sometimes refer to Immunomedics, Inc., and our consolidated subsidiaries as Immunomedics, the Company, we or us.

We are sending you this proxy statement and related materials in connection with the solicitation of proxies by our Board of Directors.

This year, instead of mailing a printed copy of our proxy materials, including our Annual Report, to each stockholder of record, we have decided to provide access to these materials in a fast and efficient manner via the Internet. This reduces the amount of paper necessary to produce these materials, as well as the costs associated with mailing these materials to all stockholders. Accordingly, on October 25, 2013, we will begin mailing a Notice Regarding Internet Availability of Proxy Materials, or the Notice, to all stockholders of record as of October 9, 2013, and have posted our proxy materials on the website referenced in the Notice (www.proxyvote.com). As more fully described in the Notice, all stockholders may choose to access our proxy materials on the website referred to in the Notice or may request to receive a printed set of our proxy materials. In addition, the Notice and website provide information regarding how you may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

Our Annual Report on Form 10-K for the fiscal year ended June 30, 2013 is available on the Internet at www.proxyvote.com or through the SEC's electronic data system called EDGAR at www.sec.gov. To request a printed copy of our Form 10-K, which we will provide to you without charge, either write to our Investor Relations Department, Immunomedics, Inc., 300 The American Road, Morris Plains, New Jersey 07950, or e-mail Investor Relations at investor@immunomedics.com.

YOUR VOTE IS VERY IMPORTANT, REGARDLESS OF THE NUMBER OF SHARES YOU OWN. WHETHER OR NOT YOU EXPECT TO ATTEND IN PERSON, PLEASE PROMPTLY VOTE YOUR PROXY BY TELEPHONE, BY ACCESSING THE INTERNET SITE AND FOLLOWING THE INSTRUCTIONS ON THE PROXY CARD OR BY REQUESTING A PRINTED COPY OF THE PROXY MATERIALS AND MARKING, DATING, SIGNING AND RETURNING THE PROXY CARD.

VOTING PROCEDURES

WHO CAN VOTE?

Each share of our common stock that you owned as of the close of business on October 9, 2013, the record date for the 2013 Annual Meeting, entitles you to one vote on each matter to be voted upon at the Annual Meeting. On the record date, there were 83,169,005 shares of Immunomedics common stock issued and 83,134,280 shares of Immunomedics common stock outstanding and entitled to vote. Accordingly, there are an aggregate of 83,134,280 votes entitled to be cast at the Meeting.

HOW DO I VOTE?

If your shares are registered directly in your name, you may vote:

Over the Internet or by Telephone. If you are a registered stockholder (that is, if you hold your stock directly and not in street name), you may vote by telephone or over the Internet by following the instructions included in the Notice by accessing the Internet at www.proxyvote.com and following the instructions contained on that website. Stockholders with shares registered directly with us may vote (i) by telephone by dialing 1-800-690-6903 (toll free from the United States, Canada and Puerto Rico) or (ii) by Internet at www.proxyvote.com and following the instructions contained on that website. Internet and telephone voting are available 24 hours a day. Votes submitted through the Internet or by telephone must be received by 11:59 p.m. (Eastern Time) on the day before the Annual Meeting. You must specify how you want your shares voted or your Internet or telephone vote cannot be completed and you will receive an error message. Your shares will be voted according to your instructions.

By Mail. If you request a printed copy of the proxy materials by mail, mark, date, sign, and return the enclosed proxy card to Broadridge. A postage prepaid envelope addressed to Broadridge will be provided with requested printed proxy materials. Your proxy will be voted according to your instructions. If you do not specify how you want your shares voted, they will be voted as recommended by our Board of Directors.

In Person at the Meeting. If you attend the meeting, you may vote by completing a ballot, which will be available at the meeting or, if you request a printed copy of the proxy materials, you may deliver your completed proxy card in person.

If your shares are held in street name (held for your account by a broker or other nominee) you may vote:

Over the Internet or by Telephone. You will receive instructions from your broker or other nominee if you are permitted to vote over the Internet or by telephone.

By Mail. You will receive instructions from your broker or other nominee explaining how to cast your vote.

Table of Contents

In Person at the Meeting. Contact the broker or other nominee who holds your shares to obtain a broker's proxy card and bring it with you to the meeting. **You will not be able to vote at the meeting unless you have a proxy from your broker issued in your name giving you the right to vote the shares.**

HOW CAN I CHANGE MY VOTE?

You may revoke your proxy and change your vote at any time before the meeting. To do this, you must do one of the following:

Vote over the Internet or by Telephone as instructed above. Only your latest Internet vote is counted.

Sign and date a new proxy and submit it as instructed above. Only your latest proxy vote is counted.

Attend the meeting and vote in person. Attending the meeting will not revoke your proxy unless you specifically request it.

WILL MY SHARES BE VOTED IF I DO NOT RETURN MY PROXY?

If your shares are registered directly in your name, your shares will not be voted if you do not vote over the Internet, by telephone or return your proxy, or attend and vote at the Annual Meeting. If you have misplaced your proxy, you may obtain another by following the instructions provided in the Notice or by accessing the Internet website at www.proxyvote.com and following the instructions contained on that website.

If your shares are held in street name, your brokerage firm, under certain circumstances, may vote your shares for you if you do not return your proxy. Brokerage firms have authority to vote customers' unvoted shares on some routine matters. If you do not give a proxy to your brokerage firm to vote your shares, your brokerage firm may either: vote your shares on routine matters, or leave your shares unvoted. Proposal 1, the election of directors, and Proposal 2, the advisory vote on executive compensation, are not considered routine matters. Proposal 3, the ratification of the independent registered public accounting firm, is currently considered a routine matter. Nonetheless, we encourage you to provide voting instructions to your brokerage firm by submitting your proxy. This ensures your shares will be voted at the meeting according to your instructions. You should receive directions from your brokerage firm about how to submit your proxy to them.

IF I DO NOT GIVE INSTRUCTIONS TO MY BANK OR BROKER, WHAT MATTERS DOES MY BANK OR BROKER HAVE AUTHORITY TO VOTE UPON?

Pursuant to NYSE Rule 452 and corresponding Listed Company Manual Section 402.08, discretionary voting by brokers of shares held by their customers in street name is prohibited. If you do not give instructions to your bank or broker within ten days of the Annual Meeting, it may vote on matters that the New York Stock Exchange,

Table of Contents

or NYSE, determines to be routine, but will not be permitted to vote your shares with respect to non-routine items. Under the NYSE rules, the ratification of the independent registered public accounting firm is a routine matter while the election of our directors and approval of the compensation of our named executive officers are non-routine matters. When a bank or broker has not received instructions from the beneficial owners or persons entitled to vote and the bank or broker cannot vote on a particular matter because it is not routine, then there is a broker non-vote on that matter. Broker non-votes do not count as votes **FOR** or **AGAINST** any proposal, but will be counted in determining whether there is a quorum for the Annual Meeting. **As a result, we strongly encourage you to submit your voting instructions and exercise your right to vote as a stockholder.**

WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE PROXY CARD?

It means that you have more than one account, which may be at the transfer agent, with stockbrokers or otherwise. Please vote over the Internet, or complete and return all proxies for each account to ensure that all of your shares are voted.

HOW MANY SHARES MUST BE PRESENT TO HOLD THE MEETING?

A majority of our outstanding shares of common stock as of the record date must be present at the meeting to hold the meeting and conduct business. This is called a quorum. Shares are counted as present at the meeting if the stockholder votes over the Internet or telephone, completes and submits a proxy or is present in person at the meeting. Shares that are present that vote to abstain or do not vote on one or more of the matters to be voted upon are counted as present for establishing a quorum. If a quorum is not present, we expect that the meeting will be adjourned until we obtain a quorum.

WHAT VOTE IS REQUIRED TO APPROVE EACH MATTER AND HOW ARE VOTES COUNTED?

Proposal 1 Election of Directors.

To elect each director nominee, if a quorum is present or represented by proxy at the meeting, stockholders holding a majority of Immunomedics common stock present or represented by proxy at the meeting and voting on the matter must vote **FOR** the director. If your broker holds your shares in street name, and if you do not vote your shares, your brokerage firm does not have the authority to vote your unvoted shares held by the firm since such matter is no longer considered routine. When a bank or broker has not received instructions from the beneficial owners or persons entitled to vote and the bank or broker cannot vote on a particular matter because it is not routine, then there is a broker non-vote on that matter. Broker non-votes do not count as votes **FOR** or **AGAINST** any proposal, but will be counted in determining whether there is a quorum for the Annual Meeting. You may vote **FOR** any one or more of the nominees, **AGAINST** any one or more of the nominees or **ABSTAIN**

Table of Contents

from voting FOR or AGAINST any one or more of the nominees. Abstentions are not counted FOR or AGAINST this proposal.

Proposal 2 Advisory Vote on Executive Compensation.

To approve Proposal 2, if a quorum is present or represented by proxy at the meeting, stockholders holding a majority of Immunomedics common stock present or represented by proxy at the meeting and voting on the matter must vote FOR the proposal. An abstention will have no effect on the outcome of the vote, as it will not be counted as a vote cast. If your broker holds your shares in street name, and if you do not vote your shares, your brokerage firm does not have authority to vote your unvoted shares held by the firm because this matter is considered to be non-routine. If your broker cannot vote your shares on matters such as these because it does not have instructions from you or discretionary voting authority on that matter, this is referred to as a broker non-vote. Broker non-votes will have no effect on the outcome of the vote.

Proposal 3 Ratify the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2014.

To approve Proposal 3, if a quorum is present or represented by proxy at the meeting, stockholders holding a majority of Immunomedics common stock present or represented by proxy at the meeting and voting on the matter must vote FOR the proposal. An abstention will have no effect on the outcome of the vote, as it will not be counted as a vote cast. If your broker holds your shares in street name, and if you do not vote your shares, your brokerage firm has authority to vote your unvoted shares held by the firm since such matter is considered routine. If your broker cannot vote your shares on any other matter because it does not have instructions from you or discretionary voting authority on that matter, this is referred to as a broker non-vote. Broker non-votes will have no effect on the outcome of the vote.

The inspector of election appointed for the 2013 Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes, will tabulate all votes.

**HOW DOES THE BOARD OF DIRECTORS
RECOMMEND THAT I VOTE?**

Our Board of Directors recommends that you vote:

FOR Proposal 1 elect our six nominees to the Board of Directors for a one-year term ending at the 2014 Annual Meeting of Stockholders or such time as their respective successors are duly elected and qualified;

FOR Proposal 2 the advisory vote on executive compensation;

FOR Proposal 3 ratify the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2014.

Table of Contents

ARE THERE OTHER MATTERS TO BE VOTED ON AT THE MEETING? We do not know of any other matters that may come before the Annual Meeting other than the election of directors and ratification of the independent registered public accounting firm. If any other matters are properly presented to the meeting, the persons named in the accompanying proxy intend to vote, or otherwise act, in accordance with their judgment.

WHERE DO I FIND THE VOTING RESULTS OF THE MEETING? We intend to announce preliminary voting results at the Annual Meeting. We will publish final results in a current report on Form 8-K, which will be filed with the Securities and Exchange Commission, or SEC, no later than four business days following the Annual Meeting. To request a printed copy of our filings with the SEC, please write to Investor Relations, Immunomedics, Inc., 300 The American Road, Morris Plains, New Jersey 07950, or e-mail Investor Relations at investor@immunomedics.com. You will also be able to find a copy on the Internet through our website at www.immunomedics.com or through the SEC's electronic data system called EDGAR at www.sec.gov.

WHO WILL PAY THE COSTS OF SOLICITING THESE PROXIES? We will pay the costs of soliciting proxies. In addition to the mailing of these proxy materials, our directors, officers and employees may solicit proxies by telephone, e-mail and in person, without additional compensation. Upon request, we will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for distributing proxy materials to stockholders.

HOW CAN I RECEIVE FUTURE PROXY STATEMENTS AND ANNUAL REPORTS OVER THE INTERNET? As permitted by the rules adopted by the SEC, instead of mailing a printed copy of our proxy materials, including our Annual Report, to each stockholder of record, we have decided to provide access to these materials in a fast and efficient manner via the Internet. This reduces the amount of paper necessary to produce these materials, as well as the costs associated with mailing these materials to all stockholders. Accordingly, on October 25, 2013, we will begin mailing a Notice to all stockholders of record as of October 9, 2013, and have posted our proxy materials on the website referenced in the Notice (www.proxyvote.com). As more fully described in the Notice, all stockholders may choose to access our proxy materials on the website referred to in the Notice or may request to receive a printed set of our proxy materials. In addition, the Notice and website provide information regarding how you may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. Your election to receive proxy materials by mail or email will remain in effect until you terminate it. This proxy

statement and our Annual Report on Form 10-K for the fiscal year ended June 30, 2013, are also available on our Internet site at www.proxyvote.com. OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE PROPOSAL TO ELECT EACH OF OUR SIX NOMINEES TO THE BOARD OF DIRECTORS FOR A ONE-YEAR TERM UNTIL THE 2014 ANNUAL MEETING OF STOCKHOLDERS.

Table of Contents

PROPOSAL 2 ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

(SAY-ON-PAY)

The Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, requires that our stockholders have the opportunity to cast an advisory (non-binding) vote on executive compensation at the Annual Meeting, commonly referred to as a Say-on-Pay vote.

The advisory vote on executive compensation is a non-binding vote on the compensation of our named executive officers, as described in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure, set forth in this proxy statement. Please read the *Compensation Discussion and Analysis* section starting on page 29 of this proxy statement for a detailed discussion about our executive compensation programs, including information about the fiscal 2013 compensation of our named executive officers.

The advisory vote on executive compensation is not a vote on our general compensation policies, the compensation of our Board of Directors, or our compensation policies as they relate to risk management. The Dodd-Frank Act requires that we hold the advisory vote on executive compensation at least once every three years. At the 2011 Annual Meeting of Stockholders, the Company's stockholders recommended, on an advisory basis, that the frequency of the stockholder vote on the compensation of our named executive officers occur every year.

The Compensation Committee of our Board of Directors oversees and administers our executive compensation program, including the evaluation and approval of compensation plans, policies and programs offered to our named executive officers. The Compensation Committee has designed the executive compensation program for our named executive officers to meet the following objectives:

Ensure executive compensation is aligned with our corporate strategies and business objectives.

Reinforce the importance of meeting and exceeding identifiable and measurable goals through superior awards for superior performance.

Provide total direct compensation that is competitive in markets in which we compete for management talent in order to attract, retain and motivate the best possible executive talent.

Provide an incentive for long-term continued employment with our Company.

Reinforce our desired culture and unique corporate environment by fostering a sense of ownership, urgency and overall entrepreneurial spirit.

The vote solicited by this Proposal No. 2 is advisory, and therefore is not binding on the Company, our Board of Directors or our Compensation Committee. The outcome of the vote will not require the Company, our Board of Directors or our Compensation Committee to take any action, and will not be construed as overruling any decision by the Company or the Board of Directors.

Furthermore, because this non-binding, advisory resolution primarily relates to the compensation of our named executive officers that has already been paid or contractually committed, there is generally no opportunity for us to revisit these decisions. However, our Board of Directors, including our Compensation Committee, values the opinions of our stockholders and, to the extent there is any significant vote against the executive officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and evaluate what actions, if any, may be appropriate to address those concerns.

Stockholders will be asked at the 2013 Annual Meeting to approve the following resolution pursuant to this Proposal No. 2:

RESOLVED, that the stockholders of Immunomedics, Inc. approve, on an advisory basis, the compensation of the Company's named executive officers, disclosed pursuant to Item 402 of Regulation S-K in the Company's definitive proxy statement for the 2013 Annual Meeting.

Table of Contents

Approval of this resolution requires the affirmative vote of a majority of the shares of Immunomedics common stock voted at the 2013 Annual Meeting. Abstentions and broker non-votes will not be counted and, accordingly, will have no effect on the outcome of the vote on this proposal.

PROPOSAL 3 RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee, with the approval of the Board of Directors, has selected the firm of KPMG LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2014.

KPMG LLP has advised our Audit Committee that it is independent of us within the meaning of Rule 2-01 of SEC Regulation S-X, as amended.

Ernst & Young LLP had been engaged by us to audit our consolidated financial statements from July 2002 to June 2013. A description of the services provided by Ernst & Young LLP, and the fees we paid for such services, can be found under the heading *Independent Registered Public Accounting Firm* on page 55 of this proxy statement.

On September 30, 2013, we dismissed Ernst & Young LLP as the Company's independent registered public accounting firm. The Company, also on September 30, 2013, engaged KPMG LLP as the Company's new independent registered public accounting firm. The decision to dismiss Ernst & Young LLP and engage KPMG LLP was made at the direction of the audit committee of the Company's board of directors.

The reports of Ernst & Young LLP on the consolidated financial statements of the Company for the fiscal years ended June 30, 2012 and 2013 did not contain an adverse opinion or a disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During the Company's fiscal years ended June 30, 2012 and 2013 and through September 30, 2013, the Company did not have any disagreement with Ernst & Young LLP on any matter of accounting principle or practice, financial statement disclosure or auditing scope or procedure which, if not resolved to the satisfaction of Ernst & Young LLP, would have caused it to make reference to the matter in connection with its report on the Company's financial statements for the relevant year.

During the Company's fiscal years ended June 30, 2012 and 2013 and through September 30, 2013, no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K have occurred.

During the Company's fiscal years ended June 30, 2012 and 2013 and through September 30, 2013, neither the Company nor anyone acting on its behalf consulted with KPMG LLP regarding any of the matters specified in Item 304(a)(2) of Regulation S-K.

The affirmative vote of a majority of the shares voted at the 2013 Annual Meeting is required to ratify the appointment of our independent registered public accounting firm. In the event the stockholders do not ratify KPMG LLP as our independent registered public accounting firm, the Audit Committee will reconsider its appointment.

A representative of KPMG LLP is expected to be present at our Annual Meeting. This representative will have an opportunity to make a statement, if he or she desires to do so, and will be available to respond to appropriate questions.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE PROPOSAL TO RATIFY THE SELECTION OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING JUNE 30, 2014.

OUR CORPORATE GOVERNANCE

Our Commitment to High Corporate Governance Standards

We believe that in order for Immunomedics to achieve real business success while also creating value for our stockholders, it is essential that we maintain a commitment to excellence in corporate governance and an environment of the highest ethical standards. Our Board of Directors is committed to high governance standards and to continually work to improve them. During the past year, we have reviewed our corporate governance practices. We also reviewed with our legal counsel and other professional advisors the rules of the SEC, as well as other proposed SEC rules and regulations and listing requirements of the NASDAQ Global Market. We have also compared our governance practices against those identified as best practices by various authorities and other public companies.

Role of Our Board of Directors

Our Board of Directors currently consists of eight members, although we regularly seek additional qualified candidates to consider joining the Board of Directors. Effective August 15, 2013, our Governance and Nominating Committee recommended, and the members of the Board of Directors approved, after review of the experience and credentials of Mr. Richard L. Sherman, the election of Mr. Sherman to our Board of Directors. On August 15, 2013, our Board of Directors appointed Mr. Sherman as a member of the Board of Directors to serve until the 2013 Annual Meeting of Stockholders. Dr. Coleman and Ms. LoCastro are not standing for re-election at the Company's 2013 Annual Meeting. The Board shall consist of six members immediately following the 2013 Annual Meeting.

The Board of Directors monitors overall corporate performance and the integrity of our financial controls and legal compliance procedures. It appoints senior management and oversees succession planning and senior management's performance and compensation. The Board of Directors oversees Immunomedics' long and short term strategic and business planning, and conducts a year-long process that culminates in the review and approval by our Board of Directors each year of a business plan, a capital expenditures budget and other key financial and business objectives.

Members of the Board of Directors keep informed about our business and operations through discussions with the Chairman and other members of our senior management team, by reviewing materials provided to them on a regular basis as well as in preparation for Board of Directors and committee meetings, and by actively participating in meetings of the Board of Directors and its committees. We regularly review key portions of our business with the Board of Directors, including our clinical and pre-clinical development programs. We also make it a practice to introduce our senior executives to the Board of Directors so that the Board of Directors can become familiar with our key talent.

In fiscal 2013, the Board of Directors met seven times. Each director attended at least 75% of the total number of meetings of the Board of Directors and all committees of the Board on which such director served.

Directors are encouraged, but are not required, to attend our Annual Meeting of Stockholders. Dr. Goldenberg, Ms. Sullivan, Dr. Coleman, Ms. LoCastro, Mr. Markison, Ms. Paetzold and Mr. Stark attended the Company's 2012 Annual Meeting of Stockholders.

Director Experience, Qualifications, Attributes and Skills

We believe that the backgrounds and qualifications of our directors and director nominees, considered as a group, provide a broad mix of experience, knowledge and abilities that will allow the Board of Directors to fulfill its responsibilities. Our Board of Directors is composed of a diverse group of leaders in their respective fields. Many of the current directors have leadership experience at major domestic and international companies with operations inside and outside the United States, as well as experience serving on other companies' boards, which provides an understanding of different business processes, challenges and strategies facing boards and other

companies. Certain of our directors have experience as senior management of pharmaceutical and biotechnology companies which brings unique perspectives to the Board of Directors. Further, our directors also have other experience that makes them valuable members, such as prior experience with financing transactions or mergers and acquisitions that provides insight into issues faced by companies.

The following highlights the specific experiences, qualifications, attributes and skills of our individual directors, or director nominees, that have led our Governance and Nominating Committee to conclude that these individuals should serve on our Board of Directors:

Brian A. Markison, our lead independent director who brings extensive research and development, manufacturing and sales experience in the pharmaceuticals and life sciences industries, is a Healthcare Industry Executive at Avista Capital Partners, a leading private equity firm. Previously, he served as President, Chief Executive Officer and a member of the Board of Directors of Fougere Pharmaceuticals Inc. Mr. Markison also serves as the Chairman of the Board of Directors for Lantheus Medical Imaging Inc. and Rosetta Genomics, Ltd., and as a Director for Alere Inc. and PharmAthene, Inc.

Dr. Morton Coleman, a Director of the Center for Lymphoma and Myeloma at New York Presbyterian Hospital and a published investigator and opinion leader in hematological malignancies, brings over 20 years of clinical expertise in the fields of hematology and oncology.

Marcella LoCastro, has over 35 years of experience working with CEOs and CFOs providing accounting solutions, software package implementations, business process improvement and management reporting solutions and is Chief Executive Officer of MLoCastro Consulting LLC.

Mary E. Paetzold, has over 35 years of experience in accounting, internal controls and finance functions and is Chief Financial Officer of SMG Indium Resources Ltd.

Richard L. Sherman, has nearly 40 years of experience as a licensing executive, attorney, consultant, and venture capitalist in the biotechnology and pharmaceutical industries, and is Senior Vice President, Strategic Transactions and General Counsel of TetraLogic Pharmaceuticals Corporation.

Don C. Stark, brings extensive expertise in the fields of oncology and immunology both in marketing and sales through his experience with Bristol-Myers Squibb, Immunex, Repligen and most recently through his position as President and Chief Executive Officer of Whistler Associates, Inc., a marketing and strategic planning consulting firm focused on the field of oncology.

Cynthia L. Sullivan, our President and Chief Executive Officer, has over 25 years of biopharmaceutical research and development experience in the fields of oncology and immunology. Additionally, Ms. Sullivan brings extensive public company experience through her past director positions with Urogen Pharmaceuticals, Inc. and Digene Corp. Ms. Sullivan currently serves as a member of Board of Trustees for the HealthCare Institute of New Jersey, a trade association for the research-based pharmaceutical and medical technology industry in New Jersey.

Dr. David M. Goldenberg, our founder, Chairman of the Board of Directors, Chief Scientific Officer and Chief Medical Officer, brings over 40 years of research and development experience in the fields of oncology and immunology. Dr. Goldenberg, a pioneer in the development of radiolabeled antibodies for various applications in the detection, diagnosis and therapy of cancer, has received numerous professional awards and recognition from scientific bodies in the United States and around the world.

Board Leadership Structure and Role in Risk Oversight

Our Board of Directors evaluates its leadership structure and role in risk oversight on an ongoing basis. Since March 2001, our leadership structure has divided the Chairman of the Board of Directors, and the President and Chief Executive Officer roles into two positions. Currently, Dr. David M. Goldenberg, our founder, serves as Chairman of the Board, Chief Scientific Officer and Chief Medical Officer, while Cynthia L. Sullivan serves as our President and Chief

Table of Contents

Executive Officer. Dr. Goldenberg and Ms. Sullivan are married to each other. Since 2009, our Board of Directors has also designated a lead independent director who acts as the leader of the independent directors of the Board of Directors and as chairperson of the executive sessions of our independent directors, serves as a non-exclusive intermediary between the independent directors and management, including our Chairman of the Board of Directors and President and Chief Executive Officer, provides input to the Chairman in planning agenda for meetings and facilitates discussions among the independent directors as appropriate between Board meetings. Currently, Mr. Markison serves as our lead independent director. Our Board of Directors determines what leadership structure it deems appropriate based on factors such as the experience of the applicable individuals, the current business environment of the Company, the current stage of development of our product candidates and other relevant factors. After considering these factors, our Board of Directors has determined that the individual roles of Chairman of the Board of Directors, and President and Chief Executive Officer, along with a lead independent director, is an appropriate board leadership structure for our company at this time.

The Board of Directors is also responsible for oversight of our risk management practices, while management is responsible for the day-to-day risk management processes. This division of responsibilities is the most effective approach for addressing the risks facing the Company, and the Company's board leadership structure supports this approach. Through our President and Chief Executive Officer, and other members of management, the Board of Directors receives periodic reports regarding the risks facing the Company. In addition, the Audit Committee assists the Board of Directors in its oversight role by receiving periodic reports regarding our risk and control environment.

Business Ethics and Compliance

Our Board of Directors has a Company-wide ethics awareness program and an enhanced compliance program that has been communicated to all employees. We have adopted a code of ethics for our Chief Executive Officer and senior financial officers, which complies with Item 406(b) of SEC Regulation S-K and is available on our website at www.immunomedics.com. In addition, all of our directors, officers and employees must act ethically and in accordance with our Code of Business Conduct (the "Code of Business Conduct"). The Code of Business Conduct satisfies the definition of "code of ethics" under the rules and regulations of the SEC and the standards of the NASDAQ Global Market, and is available on our website at www.immunomedics.com.

Review and Approval of Related Person Transactions

Our Code of Business Conduct has certain policies and procedures for the review, approval or ratification of transactions involving us and any executive officer, director, director nominee, 5% stockholder and certain of their immediate family members (each of whom we refer to as a "related person"). The policy and procedures cover any transaction involving a related person (a "related person transaction") in which the related person has a material interest and which does not fall under an explicitly stated exception set forth in the applicable disclosure rules of the SEC.

Any proposed related person transaction must be reported to the Company's President and Chief Executive Officer or the Vice President of Finance and Chief Financial Officer (the "Compliance Officers"). The policy calls for the transaction to be reviewed by the Compliance Officer and, if deemed appropriate, approved by the Board of Directors of the Company (or an authorized committee of the Board of Directors). The transaction should be approved in advance whenever practicable. If not practicable, the Compliance Officers, and, if deemed appropriate, the Board of Directors, will review, and may, if deemed appropriate, ratify the related person transaction.

A related person transaction will be considered approved or ratified if it is authorized by the Compliance Officers and the Board of Directors of the Company (or an authorized committee of the Board of Directors) after full disclosure of the related person's interest in the transaction. In considering related person transactions, the

Table of Contents

Compliance Officers and the Board of Directors (or an authorized committee of the Board of Directors) will consider any information considered material to investors and the following factors:

the related person's interest in the transaction;

the approximate dollar value of the transaction;

whether the transaction was undertaken in the ordinary course of our business;

whether the terms of the transaction are no less favorable to us than terms that we could have reached with an unrelated third party; and

the purpose and potential benefit to us of the transaction.

Independence of Non-Employee Directors

Good corporate governance requires that a majority of the Board of Directors consist of members who are independent. There are different measures of director independence independence under listing standards of the NASDAQ Global Market, under Section 16 of the Securities Exchange Act of 1934, as amended (the Exchange Act) and under Section 162(m) of the Internal Revenue Code of 1986, as amended. Our Board of Directors has recently reviewed information about each of our non-employee directors and determined that each of Mr. Brian A. Markison, Ms. Marcella LoCastro, Ms. Mary E. Paetzold, Mr. Richard L. Sherman and Mr. Don C. Stark are deemed independent under applicable law and the listing standards of the NASDAQ Global Market, and accordingly if all six nominees are elected to the Board of Directors at the 2013 Annual Meeting of Stockholders, we will have a majority of independent directors on our Board.

The Board of Directors has determined that Dr. Morton Coleman, one of our outside directors since 2000, is not deemed to be independent by virtue of his association with Weill Medical College of Cornell University, which is currently conducting clinical trials on the Company's behalf.

Brian A. Markison, a member of the Board of Directors since 2004, was elected to serve as the Lead Outside Director, for which he is entitled to receive additional compensation as described further below in the section titled Director Compensation.

Communications with Directors

Stockholders and other interested parties may communicate directly with any director, including any non-management member of the Board of Directors, by writing to the attention of such individual at the following address: Immunomedics, Inc., 300 The American Road, Morris Plains, New Jersey 07950.

Communications that are intended for the non-management directors generally should be marked Personal and Confidential and sent to the attention of the Chair of the Governance and Nominating Committee. The Chair will distribute any communications received to the other non-management member(s) to whom the communication is addressed. Communications that are intended for the whole Board should be sent to the attention of the Company's Secretary.

Table of Contents**Committees of the Board**

The Board currently has four standing committees: an Audit Committee; a Compensation Committee; a Governance and Nominating Committee; and a Research and Development Committee. Copies of the charters of the Audit Committee, the Compensation Committee, and the Governance and Nominating Committee, as each has been adopted by our Board of Directors, are attached to this proxy statement as Appendix A, Appendix B and Appendix C, respectively, and can be found on our website www.immunomedics.com. The Board is also empowered to appoint from time to time ad hoc committees to address specific matters. In October and December 2012, the Pricing Committee of the Board met to decide on the terms related to the Company's offering of its common stock in February 2013. No other ad hoc committees took place in fiscal 2013.

AUDIT COMMITTEE**Members in Fiscal 2013****Ms. LoCastro,****Ms. Paetzold &****Mr. Stark****Responsibilities**

The Audit Committee consists entirely of independent directors as defined by the listing standards of the NASDAQ Global Market. Its primary functions are to assist the Board of Directors in monitoring the integrity of our financial statements, our systems of internal control, and the appointment, independence and performance of our independent registered public accounting firm. The Audit Committee is responsible for pre-approving any engagements of our independent registered public accounting firm for non-audit services. The Audit Committee also reviews our risk management practices, strategic tax planning, preparation of quarterly and annual financial reports and our ethics and compliance processes.

At each Audit Committee meeting, the Audit Committee members meet with Immunomedics' independent registered public accounting firm without management present. As part of the regular quarterly Audit Committee meetings, representatives of management, the independent registered public accounting firm and the Audit Committee members meet to review the financial statements prior to the public release of earnings.

The Board of Directors has determined that each current member and proposed member of the Audit Committee satisfies the independence standards for Audit Committee membership as set forth in Section 10A(m)(3) of the Exchange Act and the rules promulgated thereunder. In addition, the Board of Directors has determined that Ms. Paetzold satisfies the SEC's criteria for an audit committee financial expert. Ms. LoCastro also qualifies as an audit committee financial expert but is not the Audit Committee's designated expert.

Ms. LoCastro, Ms. Paetzold and Mr. Stark were members of the Audit Committee for the entire fiscal 2013.

You may find a more detailed description of the functions of the Audit Committee in the Audit Committee charter which can be found on our website at www.immunomedics.com.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis discusses the principles underlying our compensation policies and decisions and the principal elements of compensation paid to our executive officers during fiscal year 2013. Our Chief Executive Officer (the CEO), Chief Scientific Officer and Chief Medical Officer, and Chief Financial Officer will be referred to as the named executive officers for purposes of this discussion.

Executive Summary

Our overarching compensation goal is to motivate, recruit and retain executive officers in a manner that promotes superior executive performance and successful financial results for us while aligning the interests of the executive officers with the long-term interests of our stockholders. We believe this is accomplished through the following principles and processes that we follow in establishing executive compensation:

We benchmark executive officer compensation against a peer group of comparably sized public companies in the pharmaceutical industry.

We target compensation between the 25th and 75th percentiles for base salary and annual cash incentive amounts. Our compensation model is flexible to be adjusted upward or downward in the case of exceptional performance or as circumstances warrant in the discretion of the Compensation Committee.

We primarily structure our total compensation in the form of base salary, annual short-term cash incentive awards, long-term equity incentive awards, benefits and perquisites and change in control and other severance benefits.

Our compensation structure seeks to align our executives' compensation with our long-term growth and success by rewarding the discovery and development of new product candidates, the advancement of our existing pipeline of therapeutic product candidates and the strategic partnering for further clinical development and commercialization of our product candidates.

Table of Contents

We maintain severance and change in control arrangements for our executives comparable to other companies in our peer group.

We seek to maintain a conservative cash utilization rate in order to advance our product candidates in various market conditions. We believe this approach has allowed us to make the best use of our resources in advancing our pipeline of therapeutic product candidates and technologies.

Role of Stockholder Say-on-Pay Votes

We provide our stockholders with the opportunity to cast an annual, nonbinding advisory vote on executive compensation (a say-on-pay proposal). At the Annual Meeting of Stockholders held on December 5, 2012, approximately 88% of the votes cast on the say-on-pay proposal at that meeting were voted in favor of the proposal. Our Compensation Committee considered the outcome of that advisory vote to be an endorsement of the Compensation Committee's compensation philosophy and implementation. As such, in making its decisions regarding executive compensation for fiscal year 2013, the Compensation Committee chose to retain the fiscal year 2012 compensation structure of the executive compensation program as a reference while making a few adjustments to reflect the performance of the Company and our named executive officers in fiscal year 2013. The Compensation Committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for the named executive officers.

Compensation Objectives and Philosophy

The Compensation Committee of our Board of Directors (the Compensation Committee) is responsible for reviewing and approving the compensation payable to our named executive officers and other key employees. As part of such process, the Compensation Committee seeks to accomplish the following objectives with respect to our executive compensation programs:

Motivate, recruit and retain executives capable of meeting our strategic objectives;

Provide incentives to ensure superior executive performance and successful financial results for us; and

Align the interests of executives with the long-term interests of stockholders.

The Compensation Committee seeks to achieve these objectives by:

Establishing a compensation structure that is both market competitive and internally fair;

Linking a substantial portion of compensation to our achievement of financial objectives and the individual's contribution to the attainment of those objectives;

Providing risk for underachievement and upward leverage for overachievement of goals; and

Providing long-term equity-based incentives.

Setting Executive Compensation

In fiscal year 2013, the Compensation Committee engaged James F. Reda & Associates, a Division of Gallagher Benefit Services, Inc. (James F. Reda), an independent executive compensation consulting firm, to provide competitive compensation data and general advice on our compensation programs and policies for executive officers. James F. Reda reports directly to the Compensation Committee, periodically participates in committee meetings and advises the Compensation Committee with respect to compensation trends and best practices, plan design, and the reasonableness of individual compensation awards. During fiscal year 2013, James F. Reda performed a market analysis of the

Edgar Filing: IMMUNOMEDICS INC - Form DEF 14A

compensation paid by comparably sized publicly traded biopharmaceutical companies and provided it to the Compensation Committee. In addition, the CEO provided the Compensation Committee with a detailed review of the performance of the other named executive officers and made recommendations to the Compensation Committee with respect to the compensation packages for those officers for the 2013 fiscal year. The Compensation Committee consulted with James F. Reda regarding the CEO's recommendations.

- 30 -

Table of Contents

In determining the compensation of each named executive officer, the Compensation Committee considered a number of factors, including recent Company and individual performance, the CEO's recommendations as to named executive officers other than the CEO, cost of living in the New York/New Jersey area, and internal pay equity. The Compensation Committee also considered competitive compensation data received from James F. Reda detailing the 25th percentile, median, and 75th percentile of (i) base salary; (ii) target annual cash compensation (i.e., salary + target cash incentive); (iii) long-term equity incentive awards; and (iv) target total direct compensation (i.e., salary + target cash incentive + long-term equity incentives) for executive officer positions among a group of peer companies and assessed how similar compensation arrangements for the named executive officers compare to its peers. Based on James F. Reda market analysis, the Compensation Committee considers base salary within the range of the 25th percentile and the 75th percentile of our peer group to be competitive and appropriate for the named executive officers. Cash incentive levels among our peer group were used to establish target cash incentive compensation for our named executive officers. The Compensation Committee did not, however, tie cash compensation to potential values realizable from equity incentive awards to measure total target direct compensation or as a means to determine the equity incentive awards it authorizes. There is no pre-established policy for allocation of compensation between cash and non-cash components or between short-term and long-term components. Instead, the Compensation Committee determines the mix of compensation for each executive officer based on its review of the competitive data and its subjective analysis of that individual's performance and contribution to our strategic goals. We believe our approach to compensation assists in mitigating excessive risk-taking that could harm our value or reward poor judgment by our executives. We believe our approach to compensation reflects sound risk management practices and does not encourage excessive risk-taking.

The peer group used for competitive comparisons in fiscal year 2013 reflects companies with which we compete for talent. Base salary, cash incentives and long-term equity incentive awards were benchmarked to these companies. Changes made to the 2012 peer group are summarized below:

Components of Compensation		

For the 2013 fiscal year, our executive compensation program included the following components:

Base salary;

Annual short-term cash incentives;

Long-term equity incentive awards; and

Change in control and other severance arrangements.

Base Salary

Edgar Filing: IMMUNOMEDICS INC - Form DEF 14A

It is the Compensation Committee's objective to set a competitive rate of annual base salary for each named executive officer for each fiscal year based on performance in the prior fiscal year. The Compensation Committee believes competitive base salaries are necessary to attract and retain top quality executives, since it is common practice for public companies to provide their executive officers with a guaranteed annual component of compensation that is not subject to performance risk. Base salary levels are designed to recognize an individual's ongoing contribution, to be

- 32 -

Table of Contents

commensurate with an individual's experience and organization level and to be competitive with market benchmarks. The Compensation Committee has worked with James F. Reda to establish and understand such market benchmarks. Increases in annual salaries are also based on demonstrated levels of competency in skill, effectiveness and leadership, and by comparing how an individual has performed essential job requirements against what was envisioned with the position. The Compensation Committee does not use a specific formula based on these criteria, but instead makes an evaluation of each named executive officer's contributions in light of all such criteria.

Based upon such criteria and using the compensation data provided by James F. Reda, for fiscal year 2013, the Compensation Committee approved a 3.0% salary increase from fiscal year 2012 levels for Ms. Sullivan and Mr. Gorman and a 3.5% increase for Dr. Goldenberg. The Committee believes the increase would result in salaries for Ms. Sullivan and Dr. Goldenberg being at or near the median base salaries and for Mr. Gorman slightly below the median base salary for comparable executive positions at our peer group companies and reasonably consistent with the average percentage increase in salaries by our peers. The table below shows fiscal year 2012 and fiscal year 2013 base salary rates for each named executive officer:

Name	Title	2012 Salary	2013 Salary	% Increase
Cynthia L. Sullivan	President and Chief Executive Officer	\$ 580,553	\$ 597,970	3.0%
Dr. David M. Goldenberg	Chairman of the Board, Chief Scientific Officer and Chief Medical Officer	\$ 545,633	\$ 564,730	3.5%
Gerard G. Gorman ¹	Senior Vice President Finance and Chief Financial Officer	\$ 306,180	\$ 315,366	3.0%

¹ Gerard G. Gorman retired as an employee of the Company effective on September 3, 2013.

Annual Short-Term Cash Incentives

As part of their compensation package, our named executive officers have the opportunity to earn annual cash incentive awards. We do not have a formal incentive or bonus plan for our named executive officers that ties annual cash incentives or bonuses with base salary to create a formula-based target annual cash compensation. Cash incentive awards are designed to reward superior executive performance while reinforcing our short-term strategic operating goals. If warranted in special circumstances, individual one-time discretionary cash incentives may also be awarded to our named executive officers during the course of the year.

Each named executive officer has a target cash incentive opportunity that, in the case of Ms. Sullivan and Dr. Goldenberg, is determined in accordance with their respective employment agreements, or is otherwise set by the Compensation Committee each year based on its comparison of the total compensation opportunity of our named executive officers against the total compensation opportunity of similarly situated executives at the companies identified above. In assessing the total compensation opportunity, the Compensation Committee also takes into account the named executive officer's relative experience in his or her position and in the industry generally and our overall financial position. For fiscal year 2013, the target cash incentive level set for each of our named executive officers was 50% of base salary for Ms. Sullivan and Dr. Goldenberg and 30% of base salary for Mr. Gorman, with potential payouts ranging from 0% to 150% of the target amount depending upon the level of achievement of performance goals.

Each year, in considering annual cash incentive awards, the Compensation Committee evaluates the annual performance of the individual executives, focusing on the executive's performance in his or her area or areas of functional responsibility relative to the achievement of our annual corporate goals and other significant corporate accomplishments. Cash incentive awards are based on achievement of pre-established Company objectives and individual goals established by the Compensation Committee in consultation with the CEO for each named executive officer and, for named executive officers other than the CEO, a subjective review of that individual's performance relative to our overall priorities and strategies.

Table of Contents

Our strategic plan and individual performance targets include successful partnering transactions and other strategic plan metrics, operational and financial metrics, regulatory compliance metrics, and delivery of specific programs, plans, and budgetary objectives identified by the Compensation Committee.

In fiscal year 2013, our strategic plan focused on:

Advancing our pipeline of therapeutic product candidates and technologies;

Strengthening the price-per-share value of our common stock; and

Securing financing to ensure a sufficient cash position.

The Compensation Committee weighs each of the individual performance goals established for the named executive officers separately when evaluating each named executive officer's performance and awarding actual cash incentive amounts. Performance goals that are in the executive's area or areas of functional responsibility are weighted heavier than others. Weighting is determined by the Compensation Committee when approving the annual goals and objectives. The actual amount of cash incentive paid is entirely discretionary; the Compensation Committee does not establish threshold levels that a named executive officer must attain before a cash incentive is awarded.

In fiscal year 2013, Ms. Sullivan's individual performance goals were established to focus on her areas of responsibility which, in her capacity as our President and CEO, centered around her ability to advance our pipeline of therapeutic product candidates and technologies, implement and manage our short- and long-term strategic plan and maintain stockholder confidence in management and the Company. In addition, Ms. Sullivan's specific performance goals included:

Completing the Phase Ib study of yttrium-90-labeled clivatuzumab in patients with pancreatic cancer who have received at least 2 prior therapies;

Enrolling patients into Phase I/II studies of milatuzumab in chronic lymphocytic leukemia and non-Hodgkin lymphoma;

Enrolling patients into Phase I/II studies of milatuzumab-doxorubicin for the treatment of multiple myeloma, non-Hodgkin lymphoma, and chronic lymphocytic leukemia;

Completing Phase I clinical trial combining veltuzumab with yttrium-90-labeled epratuzumab in patients with aggressive non-Hodgkin lymphoma and transitioning the study into Phase II;

Enrolling patients into Phase I/II clinical trials of labetuzumab-SN-38 for the treatment of colorectal cancer;

Enrolling patients into a Phase I/II study of hRS7-SN-38 for the treatment of solid cancers; and

Commencing Phase III registration trials of veltuzumab in follicular lymphoma.

In fiscal year 2013, Dr. Goldenberg's individual performance goals were established to focus on his areas of responsibility which, in his capacity as our Chief Medical Officer and Chief Scientific Officer, centered around his ability to design, implement and manage our clinical and pre-clinical research and development activities and maintain the effectiveness of patent and proprietary protections over our pipeline of

therapeutic product candidates and technologies.

In fiscal year 2013, Mr. Gorman's individual performance goals were established to focus on his areas of responsibility, which in his capacity as our Senior Vice President, Finance and Chief Financial Officer, centered on his ability to develop, implement and manage our financial strategic plan, ensure compliance with federal and state securities reporting requirements, strengthen our cash position, maintain stockholder confidence in management of the Company and manage relationships with licensing partners to strengthen our cash position.

Based on the Compensation Committee's assessment of the performance of each of the named executive officers and our overall performance, the actual cash incentive paid for fiscal year 2013 was at the target level for Dr. Goldenberg, and below the target level for Ms. Sullivan and Mr. Gorman.

Table of Contents

With respect to Ms. Sullivan, the Compensation Committee determined that Ms. Sullivan achieved her performance goals of (i) completing the Phase Ib study of yttrium-90-labeled clivatuzumab in patients with pancreatic cancer who have received at least two prior therapies; (ii) continuing patient enrollment into Phase I/II studies of milatuzumab in chronic lymphocytic leukemia and non-Hodgkin lymphoma; (iii) completing the Phase I trial of veltuzumab combined with yttrium-90-labeled epratuzumab in patients with aggressive non-Hodgkin lymphoma and obtaining approval and funding from the Small Business Innovation Program of the National Cancer Institute to transition the trial into Phase II; (iv) continuing patient enrollment into Phase I/II studies of milatuzumab-doxorubicin for the treatment of multiple myeloma, non-Hodgkin lymphoma and chronic lymphocytic leukemia; (v) continuing patient enrollment into a Phase I/II clinical trial of labetuzumab-SN-38 for the treatment of colorectal cancer; and (vi) beginning patient enrollment into a Phase I/II study of hRS7-SN-38 for the treatment of solid cancers; and that achievement of such goals advanced our pipeline of therapeutic product candidates and technologies in accordance with our strategic plan. In addition, Ms. Sullivan strengthened the investment community's understanding of Immunomedics and our strategies by hosting quarterly earnings calls and clinical updates. Ms. Sullivan also strengthened our cash position by completing an equity-based financing and settling our arbitration proceeding before the Financial Industry Regulatory Authority (FINRA) against a broker-dealer relating to our prior investment in certain securities, which together brought in \$31.5 million to the Company. However, Ms. Sullivan did not complete the goals of the Company's executing a sublicensing arrangement with UCB and out-licensing our various assets. As a result, the Company did not have sufficient fund to initiate a Phase III program for veltuzumab in follicular lymphoma. Ms. Sullivan did not, therefore, achieve all of her performance goals.

With respect to Dr. Goldenberg, the Compensation Committee determined that Dr. Goldenberg achieved his performance goals by advancing our pipeline of therapeutic product candidates and discovering and developing new product candidates and technologies, including (i) launching a Phase I/II study of hRS7-SN-38 for the treatment of solid cancers; (ii) initiating a Phase I clinical trial of a new humanized antibody, IMMU-114, in non-Hodgkin lymphoma and chronic lymphocytic leukemia, for which an Investigational New Drug application has been accepted by the FDA; and (iii) expanding the number of active U.S. patents to 231.

With respect to Mr. Gorman, the Compensation Committee determined that Mr. Gorman achieved his performance goals of (i) strengthening our cash position with cash infusions of \$31.5 million from the equity-based financing and the FINRA settlement, and \$2.6 million from business insurance claims; (ii) ensuring our compliance with federal and state securities reporting requirements; (iii) strengthening the investment community's understanding of Immunomedics and our strategies by hosting quarterly earnings calls and clinical updates; and (iv) advancing our pipeline of therapeutic product candidates and technologies in accordance with our strategic plan by maintaining our expenses within our budget. However, Mr. Gorman did not complete the goal of the Company's executing a sublicensing arrangement with UCB. As a result, Mr. Gorman did not achieve all of his performance goals.

Based upon the foregoing, and taking into account the relative significance of each performance goal achieved by our named executive officers, the Compensation Committee, after consulting with James F. Reda, awarded our named executive officers the cash incentives detailed in the table below.

Long-Term Equity Incentive Awards

As described above, stock-based incentives are a key component of our executive compensation program. Employee ownership is a core value of our operating culture. Management and the Compensation Committee believe that stock ownership encourages our executives to create value for our Company over the long term. We also believe that stock ownership promotes retention and affiliation with us by allowing our executives to share in our long-term success while aligning executive interests with those of our stockholders. We have used stock options, restricted stock units, or their combination as vehicles to deliver equity-based compensation for our

Table of Contents

named executive officers, due to their broad-based use in the biopharmaceutical industry. We also have evaluated from time to time the benefits of providing alternative equity-based compensation in the form of restricted stock or other vehicles based on full value shares. The Compensation Committee will continue to monitor changes in the long-term compensation practices of the companies in our peer group and, if appropriate, will re-evaluate alternative equity-based compensation vehicles in future years in light of changing or evolving practices. In certain circumstances, the Compensation Committee may determine that non-equity long-term incentives are preferable to equity-based awards.

Each of our named executive officers has an annual long-term equity incentive award opportunity. The actual amount of the annual long-term equity incentive award, if any, for each of our named executive officers is determined on a discretionary basis by the Compensation Committee without the use of any formalized mathematical formulas. The Compensation Committee grants the annual long-term equity incentive awards shortly after the close of each fiscal year after evaluating the performance of the Company and the named executive officers for such prior fiscal year. In determining the amount of the awards, the Compensation Committee evaluates the executive's performance and contribution to our annual and long-term strategic goals and factors that contribute to overall corporate growth and development and to increasing long-term stockholder value, such as advancement of our pipeline of therapeutic candidates, growth in our intellectual property portfolio, development of our manufacturing and operating capabilities, enhancements to our financial reporting systems and controls, and the successful negotiation of advantageous out-licensing and other collaborative agreements. The Compensation Committee does not assign weightings to the foregoing factors. In addition, the Compensation Committee may, in its discretion, consider both the achievement of the annual Board-approved corporate goals and other significant corporate accomplishments during the year. For our named executive officers other than the CEO, the Compensation Committee also takes into account the recommendations of the CEO in determining the amount of the grant to each named executive officer.

In August 2012, the Compensation Committee granted long-term equity incentive awards to our named executive officers after reviewing corporate and individual performance in fiscal year 2012 in the context of the factors which the Compensation Committee believes contribute to overall corporate growth and considering overall compensation of each of our named executive officers in fiscal year 2012. When making determinations about these long-term equity incentive awards, the Compensation Committee used the same performance evaluation criteria as it used for our annual cash incentive awards for fiscal year 2012. Rather than grant the long-term equity incentive awards entirely in the form of RSUs, as had been done in the prior fiscal year, the Compensation Committee accepted the recommendations of James F. Reda and granted half of the value of the long-term equity incentive awards earned by each named executive officer based on fiscal 2012 performance in the form of stock options and half of the value in the form of RSUs.

Upon evaluation of each named executive officer's performance in the 2012 fiscal year, the Compensation Committee granted equity incentive awards under our 2006 Stock Incentive Plan in August 2012 as follows:

Name	Title	Number of Shares of Common Stock Underlying Stock Options	Number of Shares of Common Stock Underlying RSUs
Cynthia L. Sullivan	President and Chief Executive Officer	183,200	100,000
Dr. David M. Goldenberg	Chairman of the Board, Chief Scientific Officer and Chief Medical Officer	157,100	87,500
Gerard G. Gorman	Senior Vice President, Finance and Chief Financial Officer	36,600	20,000

The numbers of equity awards granted were determined by the Compensation Committee using information supplied by James F. Reda on equity awards received by executives at the peer group companies.

Table of Contents

The stock options granted to our named executive officers have a seven-year term and vest, based on continued employment, 25% on the first anniversary of the date of grant and 6.25% on a quarterly basis thereafter. The stock options were granted at an exercise price equal to the closing price of our common stock on the date of grant. Accordingly, the actual value an executive will realize is tied to future stock appreciation and is therefore aligned with corporate performance and stockholder returns. The RSUs granted to our named executive officers vest with respect to 25% of the underlying shares on the first anniversary of the date of grant and with respect to 6.25% on a quarterly basis thereafter for the following three years, based on continued employment. We issue to the executive shares of our common stock when the RSUs vest. Our standard forms of stock option and RSU agreements provide for accelerated vesting of unvested awards upon a change of control of the Company, for instance if we are acquired by another company, but only if the acquirer does not agree to assume and continue the awards or grant substitute cash retention awards of similar value, measured as of the date of the change of control transaction, to the holders of our stock options and RSUs. Ms. Sullivan's employment agreement provides for accelerated vesting of her stock options and RSUs if her employment is involuntarily terminated coincident with or within a limited period of time after a change of control of the Company. Dr. Goldenberg's employment agreement provides for accelerated vesting of his outstanding unvested stock options and RSUs upon a change of control. See the sections below entitled *Employment, Severance and Change in Control Agreements* and *Calculation of Potential Payments upon Termination or Change in Control* for more information. With a four-year vesting schedule for stock options and RSUs, and a seven-year term for stock options, we do not deem it necessary to impose holding period requirements on the shares that our named executive officers acquire under their long-term equity incentive awards.

Executive Benefits and Perquisites

The named executive officers also are provided with certain benefits and perquisites. The Committee believes that such benefits are necessary for us to remain competitive and to attract and retain top caliber executive officers because such benefits are typically provided by companies in the biopharmaceutical industry and by other companies with which we compete for executive talent.

We maintain a 401(k) plan for our employees, including our executive officers, to encourage our employees to save some portion of their cash compensation for their eventual retirement. Pursuant to a discretionary employer match, in fiscal year 2013, we matched all employee contributions at 25% of the employee's contribution up to a limit of 5% of the employee's eligible compensation up to the IRS imposed limit. The IRS maximum allowable contribution in calendar year 2013 was \$17,500, or \$23,000 for employees who are 50 years old or older. We also increase our employees', including our named executive officers', base salary for the cost of group long-term disability insurance coverage and provide a group life insurance benefit in a coverage amount equal to 100% of the employee's annual base salary.

Additional Incentive Compensation

In accordance with the terms of Dr. Goldenberg's employment agreement, Dr. Goldenberg is entitled to receive incentive compensation equal to 1.5% of our Annual Net Revenue (as defined in the agreement) in each year that we record net income. With respect to any fiscal year during Dr. Goldenberg's employment in which we record an annual net loss, Dr. Goldenberg will receive as an additional incentive compensation payment a sum equal to 0.75% of the total Consideration (as defined in the agreement) we receive from any third party transaction, with certain exceptions. In accordance with the terms of Dr. Goldenberg's employment agreement, we pay Dr. Goldenberg a minimum of \$150,000 during each fiscal year in equal quarterly payments as a credit against any amounts due to Dr. Goldenberg for additional incentive compensation payments.

For the fiscal years ended June 30, 2013 and 2011, we reported a net loss, therefore Dr. Goldenberg received the minimum additional incentive compensation of \$150,000 paid quarterly during the 2013 and 2011 fiscal years. For the fiscal year ended June 30, 2012, we reported a net profit, therefore in accordance with his employment agreement, Dr. Goldenberg received incentive compensation of \$479,036, of which \$150,000 was

Table of Contents

paid quarterly during the 2012 fiscal year in accordance with the terms of his employment agreement and \$329,036 was paid in August 2012. The aggregate compensation value of this benefit is shown in the *All Other Compensation* column in the Summary Compensation Table included in this proxy statement.

Employment, Severance and Change in Control Agreements

We have employment agreements with Ms. Sullivan and Dr. Goldenberg. The change in control and severance agreement that we formerly had with Mr. Gorman terminated when he retired on September 3, 2013. These agreements are summarized in the section below entitled *Employment, Severance and Change in Control Agreements* and the change-in-control and severance arrangements contained in those agreements are discussed in more detail in the section below entitled *Calculation of Potential Payments upon Termination or Change in Control*. We decided to provide severance benefits to recognize accomplishments of executives supporting the approved strategic plan. The change-in-control arrangements are to assure continuity of key personnel in a transition period following a change in control of the Company. None of the employment or severance agreements that we have with our named executive officers require us to provide tax gross-up payments to them in connection with any excise taxes for which they may become liable as a result of receiving severance benefits or other parachute payments within the meaning of Section 280G of the Internal Revenue Code.

IRC Section 162(m) Compliance

As a result of Section 162(m) of the Internal Revenue Code, publicly-traded companies such as the Company are not allowed a federal income tax deduction for compensation, paid to the CEO and the three highest paid executive officers other than the CEO and chief financial officer, to the extent that such compensation exceeds \$1 million per officer in any one year and does not otherwise qualify as performance-based compensation. Our 2006 Stock Incentive Plan is structured to enable the compensation deemed paid to an executive officer in connection with the exercise of a stock option to qualify as performance-based compensation that is not subject to the \$1 million limitation. Other awards made under the 2006 Stock Incentive Plan may or may not qualify. For instance, restricted stock units granted in fiscal year 2013 are not considered performance-based compensation, and might not be tax deductible upon vesting. In establishing the cash and equity incentive compensation programs for the named executive officers, it is the Compensation Committee's view that the potential deductibility of the compensation payable under those programs should be only one of a number of relevant factors taken into consideration, and not the sole governing factor. For that reason the Compensation Committee may deem it appropriate to continue to provide one or more named executive officers with the opportunity to earn incentive compensation, including cash incentive programs tied to our financial performance and equity awards, which may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the Internal Revenue Code. It is the Compensation Committee's belief that cash and equity incentive compensation must be maintained at the requisite level to attract and retain the executive officers essential to our financial success, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation.

three-month period, during the first 4 years of service with us measured from its grant date. Upon a change of control, unvested stock options will become fully vested and exercisable on the date on which the change of control occurs if the acquirer does not agree to assume and continue the awards or grant substitute cash retention awards of similar value, measured as of the date of the change of control transaction, to the holders of the stock options. Ms.

Sullivan's employment agreement provides for accelerated vesting of her stock options if her employment is involuntarily terminated coincident with or within a limited period of time after a change of control of the Company. Dr. Goldenberg's employment agreement provides for accelerated vesting of his outstanding unvested stock options upon a change of control. In addition, all stock options held by Ms. Sullivan and Dr. Goldenberg will remain exercisable for a period of 24 months following the end of the remaining balance of the term of their employment agreements but not beyond the original term of the stock option.

Retirement Plan

We maintain a retirement plan established in conformity with Section 401(k) of the Internal Revenue Code of 1986, as amended. All of our employees are eligible to participate in the retirement plan and may, but are not obligated to, contribute a percentage of their salary to the retirement plan, subject to certain limitations. Each year, we may contribute to the retirement plan a percentage of each employee's contribution to the retirement plan, which does not exceed 5.0% of the employee's salary. We may also make an additional contribution to the retirement plan. Employee contributions vest immediately. Our contributions vest 20% after two years from the date of hire and, thereafter, at the rate of 20% per year for the following four years. A participant also becomes fully vested upon death, retirement at age 65 or if they become disabled while an employee. Benefits are paid following termination of employment or upon the occurrence of financial hardship. It is not possible to estimate the benefits that any participant may be entitled to receive under the retirement plan since the amount of such benefits will be dependent upon, among other things, our future contributions, future net income earned by the contributions and forfeitures upon future terminations of

employment. For the 2013, 2012 and 2011 fiscal years we have not contributed to the retirement plan in excess of \$3,125, \$3,062 and \$3,062 per year, respectively, for any of our named executive officers.

Employment Contracts, Termination of Employment and Change-in-Control Arrangements

Cynthia L. Sullivan

Employment Agreement. On July 5, 2011, we entered into a Fourth Amended and Restated Employment Agreement with Ms. Sullivan, (the Sullivan Agreement).

The term of the Sullivan Agreement (the Term) began as of July 1, 2011 and will continue until July 1, 2014. The expiration of the Sullivan Agreement in the absence of a successor employment agreement will be treated as a termination of Ms. Sullivan's employment without cause (as defined in the Sullivan Agreement) for purposes of the Sullivan Agreement; provided, however, that if we present to Ms. Sullivan, on or before March 1, 2014, a written offer to extend the Term on substantially the same terms and conditions as set forth in the Sullivan Agreement or on terms and conditions that, in the aggregate, are more economically favorable to Ms. Sullivan than as set forth in the Sullivan Agreement, as determined in the good faith discretion of the Compensation Committee, and Ms. Sullivan does not accept such offer, then the expiration of the Sullivan Agreement in the absence of a successor employment agreement will be treated as a voluntary termination of Ms. Sullivan's employment for purposes of the Sullivan Agreement.

Ms. Sullivan's annual base salary for the 2013 fiscal year was \$597,970 (Base Salary), which is reviewed annually for appropriate increases by our Board of Directors or the Compensation Committee of the Board. On August 16, 2013 the Compensation Committee increased the Base Salary to \$618,898 for the 2014 fiscal year. Ms. Sullivan is also eligible to participate in our incentive compensation plan in place for our senior level executives. In addition, Ms. Sullivan is eligible to receive an annual discretionary bonus determined by the Compensation Committee based upon certain performance standards to be determined by the Compensation Committee. Ms. Sullivan's annual bonus target is 50% of her Base Salary, subject to achievement of performance goals, with a potential payout from 0 to 150% of the target amount. Ms. Sullivan will also be eligible to receive equity compensation awards under our 2006 Stock Incentive Plan, or any such successor equity compensation plan as may be in place from time to time.

In the event Ms. Sullivan's employment is terminated without cause (as defined in the agreement) or Ms. Sullivan terminates employment for good reason (as defined in the agreement), the Sullivan Agreement provides that Ms. Sullivan will be entitled to receive severance payments in an amount equal to the sum of: (x) 200% of her Base Salary in effect at the time of her termination, and (y) 200% of the target bonus established for the fiscal year in which her employment terminates. The severance amount will be paid in monthly installments over the 24-month period following her termination. Ms. Sullivan also will be entitled to receive the annual bonus earned based on actual performance, if any, payable for the fiscal year in which the termination occurs (prorated to reflect her actual period of service during such fiscal year). In addition, we will pay Ms. Sullivan for the incremental cost of maintaining continued medical coverage for herself and her eligible dependents for a period of 18 months following her termination date above the required monthly employee payment for such coverage calculated as if Ms. Sullivan had continued to be an employee of ours throughout such period.

In the event Ms. Sullivan's employment terminates without cause or for good reason within one year following a change of control (as defined in the agreement), the Sullivan Agreement provides that Ms. Sullivan will be entitled to receive a lump sum severance payment in an amount equal to the sum of (x) 300% of her Base Salary in effect at the time of her termination and (y) 300% of the target bonus established for the fiscal year in which the date of termination occurs. Ms. Sullivan also will be entitled to receive the annual bonus earned based on actual performance, if any, payable for the fiscal year in which the termination occurs (prorated to reflect her actual period of service during such fiscal year). In addition, for a period of 18 months following such termination, we will pay Ms. Sullivan for the incremental cost of maintaining continued medical coverage for herself and her eligible dependents above the required monthly employee payment for such coverage calculated as if Ms. Sullivan had continued to be an employee of ours throughout such period.

Table of Contents

As a condition to payment of the severance described above, Ms. Sullivan is required to execute a written release of any and all claims against the Company and all related parties with respect to all matters arising out of her employment by us, or the termination thereof.

Upon termination without cause or for good reason within one year following a change of control (as defined in the agreement), all stock options, restricted stock and other equity rights held by Ms. Sullivan will become fully vested and exercisable. In addition, all stock options held by Ms. Sullivan will remain exercisable for a period of 24 months following the end of the remaining balance of the term of her employment agreement. In no event, however, will the option be exercisable beyond its original term or beyond the extension period permitted under Section 409A of the Internal Revenue Code.

Upon termination due to death or disability, Ms. Sullivan, or her estate, as applicable, will be entitled to the annual bonus earned based on actual performance, if any, payable for the fiscal year in which the termination occurs, prorated for her period of service during that year.

The Sullivan Agreement provides that throughout the Term of the Agreement and for a period of two (2) years thereafter, Ms. Sullivan shall not (i) without the prior written approval of the Board, compete, directly or indirectly, in the United States or Canada, with us in the field of therapeutic antibodies for cancer; or (ii) directly or indirectly solicit any Company customer or employee of the Company. The Sullivan Agreement also provides that Ms. Sullivan shall, during the Term of the Agreement and at all times thereafter, keep confidential all trade secrets and confidential information of the Company. In the event Ms. Sullivan breaches any of the restrictive covenants in the Sullivan Agreement, all severance payments otherwise owed to Ms. Sullivan shall cease immediately.

Dr. David M. Goldenberg

Employment Agreement. On July 5, 2011, we entered into a Third Amended and Restated Employment Agreement with Dr. Goldenberg, (the Goldenberg Agreement).

The Goldenberg Agreement which is effective July 1, 2011, will continue, unless earlier terminated by the parties, until July 1, 2016.

Dr. Goldenberg's annual base salary under the Goldenberg Agreement was \$564,730 for the 2013 fiscal year (the Base Salary), which is reviewed annually by our Board or the Compensation Committee. On August 16, 2013, the Compensation Committee increased the Base Salary to \$584,495 for the 2014 fiscal year. Dr. Goldenberg also remains eligible to participate in our incentive compensation plans in place for our senior level executives. In connection with his participation in our incentive plan, Dr. Goldenberg's annual bonus target is 50% of his Base Salary, subject to achievement of performance goals, with a potential payout from 0 to 150% of the target amount. Dr. Goldenberg will also be eligible to receive equity compensation awards under our 2006 Stock Incentive Plan or any such successor equity compensation plan as may be in place from time to time, at the discretion of the Compensation Committee.

Under the terms of his employment agreement, Dr. Goldenberg will also be eligible to receive certain additional incentive compensation related to our net income or loss (the Additional Incentive Compensation), which remain unchanged from his prior agreement, as follows: With respect to any fiscal year during Dr. Goldenberg's employment in which we record an annual net loss, Dr. Goldenberg will receive as an Additional Incentive Compensation Payment a sum equal to 0.75% of the total Consideration (as defined in the agreement) we receive from any third party transaction, with certain exceptions. In the event we record positive net income with respect to any fiscal year during either the term of Dr. Goldenberg's employment or the 3-year period following termination during which Dr. Goldenberg is subject to non-compete covenants, Dr. Goldenberg will receive a sum equal to 1.5% of our Annual Net Revenue (as defined in the agreement) for each such fiscal year. In accordance with the terms of Dr. Goldenberg's employment agreement, we pay Dr. Goldenberg a minimum of \$150,000 during each fiscal year in equal quarterly payments as a credit against any amounts due to Dr. Goldenberg for Additional Incentive Compensation Payments, Lifetime Royalty Payments, described below, and Dispositions of Undeveloped Assets, described below.

Table of Contents

In addition to the Additional Incentive Compensation Payments, under the terms of his employment agreement we will pay Dr. Goldenberg for each fiscal year a sum equal to a percentage of the annual Product Royalties (as defined in the agreement) we receive pertaining to the products for which Dr. Goldenberg is an inventor and all products using, related to or derived from products for which Dr. Goldenberg is an inventor. These payments will continue for each Patented Product (as defined in the agreement) for the remaining Life of the Patent (as defined in the agreement) covering each Patented Product (Patent Lifetime Royalty Payments). The percentage of Product Royalties that we will pay to Dr. Goldenberg on each Patented Product will be determined based on the percentage of Product Royalties that we must pay to external third parties.

Patent Lifetime Royalty Payments shall be due and owing from us to Dr. Goldenberg (or his estate or designated beneficiaries) throughout the Life of each Patent both during his employment with us and after his employment terminates, except that Patent Lifetime Royalty Payments shall not be payable in the event an arbitrator or court finds that Dr. Goldenberg committed a material breach of his covenants contained in the Goldenberg Agreement. During the term of the Goldenberg Agreement, any quarterly payment of Patent Lifetime Royalty Payments will be paid to Dr. Goldenberg only to the extent that such Patent Lifetime Royalty Payments exceed the quarterly Minimum Payment (as defined in the Goldenberg Agreement) paid to him as described below.

In the event we complete a Disposition (as defined in the Goldenberg Agreement) during the Term of the Goldenberg Agreement, or within three years thereafter, of any one or more of our Undeveloped Assets (as defined in the Goldenberg Agreement) for which Dr. Goldenberg was an Inventor, we will pay Dr. Goldenberg a sum equal to at least twenty percent, or more (as determined by the Board), of the Consideration we receive from each Disposition; provided, however that no such payment shall be due in the event an arbitrator or court finds that Dr. Goldenberg committed a material breach of his covenants contained in the Goldenberg Agreement. Our obligation to compensate Dr. Goldenberg upon Dispositions of Undeveloped Assets applies to all Dispositions completed within the Term of the Goldenberg Agreement or within three years thereafter, even if we actually receive the Consideration at some time after the three year period elapses.

We agree to make a minimum payment of \$150,000 (the Minimum Payments) to Dr. Goldenberg during each of our fiscal years during the Term of the Goldenberg Agreement, payable in equal quarterly payments, as an advance against the amounts due to Dr. Goldenberg as Additional Incentive Compensation, Patent Lifetime Royalty Payments and Dispositions of Undeveloped Assets.

The Goldenberg Agreement provides that in the event we terminate Dr. Goldenberg's employment at any time without Good Cause (as defined in the Goldenberg Agreement) or Dr. Goldenberg resigns for Good Reason (as defined in the Goldenberg Agreement), Dr. Goldenberg will be entitled to receive a lump-sum severance payment in an amount equal to three times his Total Annual Compensation for the contract year in which the termination occurs. For this purpose, Total Annual Compensation is the sum of Dr. Goldenberg's annual base salary in effect at that time, the target bonus established for the fiscal year in which the date of termination occurs, the Minimum Payments due for that contract year, and the Additional Incentive Compensation. In addition, we will pay Dr. Goldenberg for the incremental cost of maintaining continued medical coverage for himself and any eligible dependents for a period of 24 months following his termination date above the required monthly employee payment for such coverage calculated as if Dr. Goldenberg had continued to be an employee of ours throughout such period. Dr. Goldenberg will also be entitled to any benefits accrued in accordance with the terms of any applicable benefit plan and program of the Company. In the event we request that Dr. Goldenberg provide services to us after his employment has terminated, we will pay for the reasonable cost of an office and administrative assistant support for Dr. Goldenberg.

The Goldenberg Agreement also provides that in the event of a Change of Control (as defined in the Goldenberg Agreement), if Dr. Goldenberg terminates his employment upon ninety days prior written notice to the Company or its successor, to be effective not later than the second anniversary of a Change of Control of the Company, Dr. Goldenberg will be entitled to receive a lump sum severance payment in an amount equal to 3.00 times his Total Annual Compensation. In addition, we will pay Dr. Goldenberg for the incremental cost of maintaining continued medical coverage for himself and any eligible dependents for a period of 36 months

Table of Contents

following his termination date above the required monthly employee payment for such coverage calculated as if Dr. Goldenberg had continued to be an employee of ours throughout such period. Dr. Goldenberg will also be entitled to receive any benefits accrued in accordance with the terms of any applicable benefit plan and program of the Company.

We may require Dr. Goldenberg to execute a written release of any and all claims against the Company and all related parties with respect to all matters arising out of Dr. Goldenberg's employment by us, or the termination thereof as a condition to receiving the severance payments described above.

The Goldenberg Agreement provides, consistent with Dr. Goldenberg's prior employment agreement, that upon the occurrence of a Change of Control (as defined in the Goldenberg Agreement), all stock options, restricted stock and other equity rights held by Dr. Goldenberg will become fully vested and/or exercisable, as the case may be, on the date on which the change in control occurs, and all stock options held by Dr. Goldenberg shall remain exercisable, notwithstanding anything in any other agreement governing such options, for a period of twenty-four months following the end of the remaining balance of the Term of the Goldenberg Agreement; provided, however, that in no event will the option be exercisable (a) beyond its original term; or (b) beyond the extension period permitted under Section 409A of the Internal Revenue Code.

The Goldenberg Agreement provides that throughout the Term of the Goldenberg Agreement and for a period of three years thereafter, Dr. Goldenberg shall not (i) without the prior written approval of the Board, compete, directly or indirectly, in the United States or Canada, with us; or (ii) directly or indirectly solicit any Company customer or employee of the Company. The Goldenberg Agreement also provides that Dr. Goldenberg shall, during the Term of the Goldenberg Agreement and at all times thereafter, keep confidential all trade secrets and confidential information of the Company. The Goldenberg Agreement also provides that Dr. Goldenberg may continue to work and be compensated by the Center for Molecular Medicine and Immunology (also known as the Garden State Cancer Center) and the Company majority-owned subsidiary IBC Pharmaceuticals, Inc.

Gerard G. Gorman

On December 17, 2008, we entered into an Amended and Restated Change of Control and Severance Agreement with Mr. Gorman to bring his then-existing agreement into documentary compliance with Section 409A of the Internal Revenue Code. In the event Mr. Gorman was terminated pursuant to an involuntary termination (including his involuntary dismissal or discharge by us other than for cause, or his voluntary resignation within 90 days following the occurrence of certain events) within twelve months following a change in control (as defined in the agreement), Mr. Gorman would have received from us (i) a lump-sum payment equal to 200% of his then-current base salary and bonus; (ii) accelerated vesting of all outstanding options such that each outstanding option immediately vests and become exercisable for a specified period; (iii) a lump-sum severance payment equal to the annual bonus earned based on actual performance, if any, payable for the fiscal year in which the termination occurs (prorated to reflect his actual period of service during such fiscal year); and (iv) reimbursement for costs of continued health coverage for a specified period.

However, on September 3, 2013 Mr. Gorman retired as an employee of the Company. In connection with Mr. Gorman's retirement, the Company and Mr. Gorman entered into a Consulting Agreement (the Consulting Agreement) and Separation from Employment Agreement (the Separation Agreement) and together with the Consulting Agreement, the Agreements), effective September 3, 2013 (the Effective Date). In connection with entering into the Agreements, all of Mr. Gorman's rights and benefits under that certain Amended and Restated Change of Control and Severance Agreement, by and between the Company and Mr. Gorman, dated as of December 17, 2008, have been terminated. The material terms of the Agreements are as follows:

The Company will pay Mr. Gorman his salary, less applicable withholdings and deductions, through the Effective Date.

The Company will pay Mr. Gorman a total gross payment of \$162,413.25, which is the equivalent of 26 weeks of base salary continuation, less applicable withholdings and deductions, payable in equal

Table of Contents

installments over the three month period commencing on the first regularly scheduled payroll which is at least ten (10) business days following the Effective Date and will be paid in accordance with the Company's normal payroll cycle.

The Company shall pay Mr. Gorman a lump-sum payment, less applicable withholdings and deductions, which represents the value of his accrued unused vacation, if any.

Mr. Gorman shall be entitled to medical, dental and life insurance benefits through October 31, 2013, except as otherwise required by law.

Mr. Gorman has waived and released any and all claims against the Company.

All outstanding stock options and restricted stock units (RSUs) held by Mr. Gorman will continue to vest during the term of the Consulting Agreement. Additionally, the Company agrees to extend the time for Mr. Gorman to exercise his outstanding stock options, to the extent they are as of the Effective Date or subsequently become, vested and exercisable, in accordance with the terms of the Separation Agreement.

Mr. Gorman shall continue to provide services to the Company as needed to ensure a smooth and professional transition of his former duties and responsibilities to the new Chief Financial Officer pursuant to the terms and conditions of the Consulting Agreement. The term of the Consulting Agreement commenced on September 4, 2013 and it is anticipated that the term will end on or about February 28, 2014, unless terminated earlier by either party. For the services to be rendered by Mr. Gorman to the Company pursuant to the Consulting Agreement, the Company agrees to pay Mr. Gorman a per diem fee of \$1,327.50 (\$177.00 per hour). The Company may terminate the Consulting Agreement at any time, with or without cause. Mr. Gorman may terminate the Consulting Agreement at any time by providing written notice to the Company.

Further, the Company agreed that during the term of the Consulting Agreement, Mr. Gorman's stock options outstanding at the time of a Change in Control (as defined in the Consulting Agreement), but not otherwise fully exercisable, shall automatically accelerate so that such outstanding stock options shall, immediately prior to the effective date of such Change in Control, become exercisable. Further, the Company agrees that during the term of the Consulting Agreement, Mr. Gorman's outstanding RSUs, to the extent outstanding at the time of a Change in Control but not otherwise vested, shall automatically accelerate so that such outstanding unvested RSUs shall, immediately prior to the effective date of such Change in Control, become fully vested.

None of the employment or severance agreements that we have with our named executive officers require us to provide tax gross-up payments to them in connection with any excise taxes for which they may become liable as a result of receiving severance benefits or other parachute payments within the meaning of Section 280G of the Internal Revenue Code.

Table of Contents**Calculation of Potential Payments upon Termination or Change in Control**

The following table shows potential payments to our named executive officers under their employment agreements in the form in which those agreements existed as of June 30, 2013, or change in control and severance agreement, as the case may be, for various scenarios involving a change in control or termination of employment as described above for each named executive officer. The data in the table reflects June 28, 2013, the last business day of our 2013 fiscal year as a hypothetical termination date or change in control date and, where applicable, reflects amounts calculated using the closing price of our common stock of \$5.44 (as reported on the NASDAQ Global Market for June 28, 2013, the last trading day of our 2013 fiscal year). All defined terms not defined in this section have the meanings set forth in each officer's respective employment agreement or change in control and severance agreement.

- (1) The amounts reflected in this column assume that all outstanding stock options and other stock-based awards become fully vested and exercisable, as applicable, upon the occurrence of a change of control. In addition, following a change in control, all stock options held by Dr. Goldenberg will remain exercisable for a period of 24 months following the end of the remaining balance of the term of his employment agreement but not beyond the original term of the stock option. Likewise, if Ms. Sullivan's employment is terminated involuntarily coincident with or within one year following a change in control, all of her outstanding stock options will remain exercisable for a period of 24 months following the end of the remaining balance of the term of her employment agreement but not beyond the original term of the stock option.

The amounts shown in the table above and the assumptions upon which those amounts are based provide reasonable estimates of the amounts that would have been due to the named executive officers in the event that any of the circumstances described above had occurred on June 28, 2013. The actual amounts due to the named executive officers upon a triggering event will depend upon the actual circumstances and the then-applicable provisions of the employment agreements, change in control and severance agreement, stock option and restricted stock unit agreements and our stock incentive plans. Gerard G. Gorman, SVP Finance and Chief Financial Officer retired from the Company effective September 3, 2013, at which time all rights and benefits under his change of control agreement were expressly released and waived.

Certain of our affiliates, including members of our senior management and Board of Directors, as well as their respective family members and other affiliates, have relationships and agreements among themselves as well as with us and our affiliates, that create the potential for both real, as well as perceived, conflicts of interest. These include Dr. David M. Goldenberg, our Chairman, Chief Scientific Officer and Chief Medical Officer, Ms. Cynthia L. Sullivan, our President and Chief Executive Officer, and certain companies with which we do business, including the Center for Molecular Medicine and Immunology.

Dr. David M. Goldenberg

Dr. David M. Goldenberg was the founder of our Company 30 years ago and continues to play a critical role in our business. He currently serves as Chairman of our Board of Directors, Chief Scientific Officer and Chief Medical Officer, and he is married to our President and Chief Executive Officer, Ms. Cynthia L. Sullivan. Dr. Goldenberg is a party to a number of agreements with our Company involving not only his services, but also intellectual property owned by him. In addition, Dr. Goldenberg performs services for one of our subsidiaries, IBC Pharmaceuticals, Inc., as well as other businesses with which we are affiliated to varying degrees.

Relationships with The Center for Molecular Medicine and Immunology

We have historically relied upon, to varying degrees, CMMI, a not-for-profit specialized cancer research center, for the performance of certain basic research and patient evaluations, the results of which are made available to us pursuant to a collaborative research and license agreement. CMMI, which is funded primarily by grants from the National Cancer Institute, was located in Belleville, New Jersey. CMMI currently subleases approximately 1,000 square feet of our Morris Plains facility. Dr. Goldenberg is the founder, current President and a member of the Board of Trustees of CMMI. Dr. Goldenberg's employment agreement permits him to spend such time as is necessary to fulfill his duties to CMMI and IBC Pharmaceuticals, Inc., provided that such duties do not materially interfere with his ability to perform any of his obligations under the employment agreement. Certain of our consultants have employment relationships with CMMI, and Dr. Hans Hansen, one of our employees and a former executive officer, is a former adjunct member of CMMI. CMMI's management and fiscal operations are the responsibility of CMMI's Board of Trustees.

We have reimbursed CMMI for expenses incurred on behalf of our Company, including amounts incurred pursuant to research contracts, in the amount of approximately \$32,000, \$207,000 and \$305,000 during the years ended June 30, 2013, 2012 and 2011, respectively. In fiscal years ended June 30, 2013, 2012 and 2011 we incurred \$60,000, \$68,000 and \$61,000, respectively, of legal expenses on behalf of CMMI for patent-related matters. We have first rights to license these patents and may decide whether or not to support them. Any inventions made independently of us at CMMI are the property of CMMI.

IBC Pharmaceuticals

IBC Pharmaceuticals, Inc. ("IBC") is a majority owned subsidiary of Immunomedics.

As of June 30, 2013, the shares of IBC were held as follows:

David M. Goldenberg Millennium Trust	1,399,926 shares of Series C Preferred Stock	18.32%
		100.00%

Table of Contents

In the event of a liquidation, dissolution or winding up of IBC, the Series A, B and C Preferred Stockholders of IBC would be entitled to \$0.6902, \$5.17 and \$0.325 per share (subject to adjustment), respectively. The Series A and B stockholders would be paid ratably until fully satisfied. The Series C stockholders would be paid only after the Series A and B stockholders have been fully repaid. These liquidation payments would be made only to the extent the assets of IBC are sufficient to make such payments.

IBC is engaged in the research and development of novel cancer radioimmunotherapeutics using patented pretargeting technologies with proprietary, bispecific antibodies. Certain of our employees, including Dr. Goldenberg and Ms. Sullivan, are also employed by IBC. In his capacity as our Chief Scientific Officer and Chief Medical Officer and Chairman of IBC, Dr. Goldenberg directs the research and development activities for both Immunomedics and IBC. As a result, the development of new intellectual property is allocated to either Immunomedics or IBC and, in some cases is the joint property of Immunomedics and IBC.

In fiscal year 2013, \$78,000 of the compensation received by Dr. Goldenberg was compensation for his services to IBC. At June 30, 2013, Dr. Goldenberg was a director of IBC, while Ms. Sullivan, Mr. Gorman and Ms. Phyllis Parker, our Secretary, served as the acting President, Treasurer and Secretary, respectively.

AUDIT COMMITTEE REPORT

The Audit Committee's primary function is to assist the Board of Directors in monitoring the integrity of Immunomedics' financial statements, financial reporting process, systems of internal control and the independence and performance of the independent registered public accounting firm.

The Audit Committee is currently composed of three independent, non-employee directors. The Board of Directors and the Audit Committee believe that the Audit Committee's current member composition satisfies the listing standards of the NASDAQ Global Market that govern audit committee composition, including the requirements that:

all audit committee members are independent directors as that term is defined in such listing standards;

all audit committee members are able to read and understand fundamental financial statements; and

at least one audit committee member is financially sophisticated.

The Audit Committee operates under a written charter adopted by the Audit Committee that reflects standards contained in the NASDAQ listing standards. The Audit Committee has reviewed and updated the charter annually. The amended charter was reviewed and reassessed to be in compliance with the applicable NASDAQ and SEC rules. A complete copy of the current charter can be found on our website at www.immunomedics.com.

The Audit Committee has reviewed and discussed with management and the independent registered public accounting firm Immunomedics audited financial statements as of and for the year ended June 30, 2013.

The Audit Committee has also reviewed and discussed with management and the independent registered public accounting firm management's assessment that Immunomedics maintained effective internal control over financial reporting as of June 30, 2013, based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (the COSO criteria).

The Company has adopted a Code of Ethics for its senior financial officers which the Audit Committee believes is compliant with the SEC Regulation S-K Item 406.

In general, Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended, issued by the Auditing Standards Board of the American Institute of Certified Public Accountants, as adopted by the Public Company Accounting Oversight Board, requires the independent registered public accounting firm to provide the Committee with additional information regarding the scope and results of the audit, including:

the independent registered public accounting firm's responsibilities under generally accepted auditing standards;

the independent registered public accounting firm's judgments about the quality of Immunomedics' accounting principles;

the adoption of, or a change in, accounting policies;

The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by this proxy statement.

The Audit Committee has received and reviewed the written disclosures and the letter from the independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence and has discussed with the independent registered public accounting firm the independent registered accounting firm's independence. When considering the independent registered public accounting firm's independence, the Audit Committee considered whether their provision of services to Immunomedics beyond those rendered in connection with their audit and review of Immunomedics' consolidated financial statements was compatible with maintaining their independence and discussed with the auditors any relationships that may impact their objectivity and independence. The Audit Committee also reviewed, among other things, the amount of fees paid to the auditors for audit services in fiscal 2013. Information about the auditors' fees for fiscal year 2013 is listed below in this proxy statement under Independent Registered Public Accounting Firm. Based on these discussions and considerations, the Audit Committee is satisfied as to the independent registered public accounting firm's independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements referred to above be included in Immunomedics' Annual Report on Form 10-K for the year ended June 30, 2013.

The Audit Committee has also selected KPMG LLP as Immunomedics' independent registered public accounting firm for the fiscal year ending June 30, 2014.

2.
