Item 2.02. Results of Operations and Financial Condition.

On May 8, 2014, ORBCOMM Inc. (the Company) released its earnings for the first quarter of 2014 and is furnishing a copy of the earnings release to the Securities and Exchange Commission under Item 2.02 of this Current Report on Form 8-K. The press release is attached herewith as Exhibit 99 and is incorporated herein by reference. In addition, the Company will discuss its financial results during a webcast and teleconference call Thursday May 8, 2014 at 10:30 a.m. (ET). To access the webcast and teleconference call, go to the Company's website at www.orbcomm.com.

The information contained in Exhibit 99 shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.

EBITDA is defined as earnings attributable to ORBCOMM Inc. before interest income (expense), provision for income taxes and depreciation and amortization. ORBCOMM believes EBITDA is useful to its management and investors in evaluating operating performance because it is one of the primary measures used to evaluate the economic productivity of the Company's operations, including its ability to obtain and maintain its customers, its ability to operate its business effectively, the efficiency of its employees and the profitability associated with their performance. It also helps ORBCOMM's management and investors to meaningfully evaluate and compare the results of the Company's operations from period to period on a consistent basis by removing the impact of its financing transactions and the depreciation and amortization impact of capital investments from its operating results. In addition, ORBCOMM management uses EBITDA in presentations to its board of directors to enable it to have the same measurement of operating performance used by management and for planning purposes, including the preparation of the annual operating budget. The Company also believes that EBITDA, adjusted for Stock-based compensation expense, noncontrolling interests, impairment loss, non-capitalized satellite launch and in-orbit insurance, insurance recovery, and acquisition-related costs is useful to investors to evaluate the Company's core operating results and financial performance and its capacity to fund capital expenditures, because it excludes items that are significant non-cash expenses reflected in the Condensed Consolidated Statements of Operations. EBITDA and Adjusted EBITDA are not performance measures calculated in accordance with accounting principles generally accepted in the United States, or GAAP. While ORBCOMM considers EBITDA and Adjusted EBITDA to be important measures of operating performance, they should be considered in addition to, and not as a substitute for, or superior to, Net Income or other measures of financial performance prepared in accordance with GAAP and may be different than EBITDA and Adjusted EBITDA measures presented by other companies.

Item 9.01. Financial Statements and Exhibits.

(d) Exhibits.

99 Press Release of the Company dated May 8, 2014.
