Corporate Governance Matters

Independence

How many independent directors does AutoZone have?

Our Board of Directors has determined that ten of our current eleven directors are independent: Douglas H. Brooks, Linda A. Goodspeed, Sue E. Gove, Earl G. Graves, Jr., Enderson Guimaraes, J.R. Hyde, III, D. Bryan Jordan, W. Andrew McKenna, George R. Mrkonic, Jr., and Luis P. Nieto, Jr. All of these directors meet the independence standards of our Corporate Governance Principles and the New York Stock Exchange listing standards.

How does AutoZone determine whether a director is independent?

In accordance with AutoZone's Corporate Governance Principles, a director is considered independent if the director:

has not been employed by AutoZone within the last five years;

has not been employed by AutoZone's independent auditor in the last five years;

is not, and is not affiliated with a company that is, an adviser, or consultant to AutoZone or a member of AutoZone's senior management;

is not affiliated with a significant customer or supplier of AutoZone;

Edgar Filing: AUTOZONE INC - Form DEF 14A

has no personal services contract with AutoZone or with any member of AutoZone's senior management;

within the last three years, has not had any business relationship with AutoZone for which AutoZone has been or will be required to make disclosure under Rule 404(a) or (b) of Regulation S-K of the Securities and Exchange Commission as currently in effect;

receives no compensation from AutoZone other than compensation as a director;

is not employed by a public company at which an executive officer of AutoZone serves as a director;

Table of Contents

has not had any of the relationships described above with any affiliate of AutoZone; and

is not a member of the immediate family of any person with any relationships described above.

The term affiliate as used above is defined as any parent or subsidiary entity included in AutoZone's consolidated group for financial reporting purposes.

In determining the independence of our directors, the Board considers relationships involving directors and their immediate family members that are relevant under applicable laws and regulations, the listing standards of the New York Stock Exchange, and the standards contained in our Corporate Governance Principles (listed above). The Board relies on information from Company records and questionnaires completed annually by each director.

As part of its most recent independence determinations, the Board noted that AutoZone does not have, and did not have during fiscal 2014, significant commercial relationships with companies at which Board members served as officers or directors, or in which Board members or their immediate family members held an aggregate of 10% or more direct or indirect interest.

The Board considered the fact that Mr. Jordan is the Chairman of the Board, President and Chief Executive Officer and a member of the board of directors of First Horizon National Corporation, parent company of First Tennessee Bank, which

participates in one of AutoZone's supplier confirmed receivables programs (under which some AutoZone vendors are borrowers, but AutoZone is not);

has established a Daylight Overdraft line which allows AutoZone to make large payments early in the morning creating a daylight overdraft which is rectified at the end of the day;

acts as Trustee for AutoZone's pension plan;

offers brokerage services to AutoZone employees exercising stock options, and

holds various AutoZone deposit accounts.

During fiscal 2014, First Horizon National Corporation did business with AutoZone in arm's length transactions which were not, individually or cumulatively, material to either AutoZone or First Horizon National Corporation and which did not materially benefit Mr. Jordan, either directly or indirectly.

The Board also considered the fact that Mr. Brooks is a member of the board of directors of Southwest Airlines. During fiscal 2014, AutoZone purchased airline tickets from Southwest Airlines which were not, individually or cumulatively, material to either AutoZone or Southwest Airlines and which did not materially benefit Mr. Brooks, either directly or indirectly.

The Board also reviewed donations made by the Company to not-for-profit organizations with which Board members or their immediate family members were affiliated by membership or service or as directors or trustees.

Based on its review of the above matters, the Board determined that none of Messrs. Brooks, Graves, Guimaraes, Hyde, Jordan, McKenna, Mrkonjic, or Nieto or Ms. Goodspeed or Gove has a material relationship with the Company and that all of them are independent within the meaning of the AutoZone Corporate Governance Principles and applicable law and listing standards. The Board also determined that Mr. Rhodes is not independent since he is an employee of the Company.

Table of Contents

Board Leadership Structure

Our Board believes that having a combined Chairman/CEO, independent members and chairs for each of our Board committees and an independent Lead Director currently provides the best board leadership structure for AutoZone. This structure, together with our other corporate governance practices, provides strong independent oversight of management while ensuring clear strategic alignment throughout the Company. Our Lead Director is a non-employee director who is elected by the Board. Earl G. Graves, Jr., a director since 2002, currently serves as our Lead Director.

Our Lead Director:

Chairs Board meetings when the Chairman is not present, including presiding at all executive sessions of the Board (without management present) at every regularly scheduled Board meeting;

Works with management to determine the information and materials provided to Board members;

Approves Board meeting agendas, schedules and other information provided to the Board;

Consults with the Chairman on such other matters as are pertinent to the Board and the Company;

Has the authority to call meetings of the independent directors;

Is available for direct communication and consultation with major shareholders upon request; and

Serves as liaison between the Chairman and the independent directors.

Board Risk Oversight

Oversight of risk management is a responsibility of the Board of Directors and is an integral part of the Board's oversight of AutoZone's business. AutoZone's management takes a variety of calculated risks in order to enhance Company performance and shareholder value. The primary responsibility for the identification, assessment and management of the various risks resides with AutoZone's management. The Board of Directors is primarily responsible for ensuring that management has established and adequately resourced processes for identifying and preparing the Company to manage risks effectively. Additionally, the Board reviews the Company's principal strategic and operating risks as part of its regular discussion and consideration of AutoZone's strategy and operating results. The Board also reviews periodically with the General Counsel legal matters that may have a material adverse impact on the Company's financial statements, the Company's compliance with laws and any material reports received from regulatory agencies.

The Audit Committee is involved in the Board's oversight of risk management. At each of its regular meetings, the Audit Committee reviews the Company's major financial exposures and the steps management has taken to identify, assess, monitor, control, remediate and report such exposures. The Audit Committee, along with management, also evaluates the effectiveness of the risk avoidance and mitigation processes in place. Such risk-related information is then summarized, reported and discussed at each quarterly Board of Directors meeting.

To assist with risk management and oversight, AutoZone has adopted the concept of enterprise risk management (ERM) using the framework issued in 2004 by the Committee of Sponsoring Organizations of the Treadway Commission. The Company's Vice President of Internal Audit, who reports directly to the Audit Committee, has been charged with leading the Company's ERM processes with the assistance of Company management. The Vice President of Internal Audit presents to the Audit Committee a comprehensive review of the Company's ERM processes annually. This presentation includes an overview of all significant risks that have been identified and assessed and the strategies developed by management for managing such risks. The Vice President of Internal Audit leads open discussions with the Audit Committee members to

analyze the

Table of Contents

significance of the risks identified and to verify that the list is all-inclusive. Company management is also involved in these discussions to ensure that the Board gains a full understanding of the risks and the strategies that management has implemented to manage the risks.

Other Board committees also consider significant risks within their areas of responsibility. The Compensation Committee considers risk in connection with the design of AutoZone's compensation programs. The Nominating and Corporate Governance Committee oversees risks related to the Company's governance policies and practices.

Corporate Governance Documents

Our Board of Directors has adopted Corporate Governance Principles; charters for its Audit, Compensation, and Nominating & Corporate Governance Committees; a Code of Business Conduct & Ethics for directors, officers and employees of AutoZone; and a Code of Ethical Conduct for Financial Executives. Each of these documents is available on our corporate website at www.autozoneinc.com and is also available, free of charge, in print to any stockholder who requests it.

Audit Committee Report

The Audit Committee of AutoZone, Inc. has reviewed and discussed AutoZone's audited financial statements for the year ended August 30, 2014, with AutoZone's management. In addition, we have discussed with Ernst & Young LLP, AutoZone's independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards No. 61, *Communications with Audit Committees*, as amended and as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T, the Sarbanes-Oxley Act of 2002, and the charter of the Committee.

While the Audit Committee has the responsibilities and powers set forth in its charter, the Audit Committee does not have the duty to plan or conduct audits or to determine that AutoZone's financial statements are complete, accurate, or in accordance with generally accepted accounting principles; AutoZone's management and the independent auditor have this responsibility. Table of Contents

Director Nomination Process

What is the Nominating and Corporate Governance Committee's policy regarding consideration of director candidates recommended by stockholders? How do stockholders submit such recommendations?

The Nominating and Corporate Governance Committee's policy is to consider director candidate recommendations from stockholders if they are submitted in writing to AutoZone's Secretary in accordance with the procedure set forth in Article III, Section 1 of AutoZone's Fifth Amended and Restated Bylaws (Bylaws), including biographical and business experience information regarding the nominee and other information required by said Article III, Section 1. Copies of the Bylaws will be provided upon written request to AutoZone's Secretary and are also available on AutoZone's corporate website at www.autozoneinc.com.

What qualifications must a nominee have in order to be recommended by the Nominating and Corporate Governance Committee for a position on the Board?

The Board believes each individual director should possess certain personal characteristics, and that the Board as a whole should possess certain core competencies. Such personal characteristics are integrity and accountability, informed judgment, financial literacy, mature confidence, high performance standards, and passion. They should also have demonstrated the confidence to be truly independent, as well as be business savvy, have an owner orientation and have a genuine interest in AutoZone. Core competencies of the Board as a whole are accounting and finance, business judgment, management expertise, crisis response, industry knowledge, international markets, strategy and vision. These characteristics and competencies are set forth in more detail in AutoZone's Corporate Governance Principles, which are available on AutoZone's corporate website at www.autozoneinc.com.

How does the Nominating and Corporate Governance Committee identify and evaluate nominees for director?

Prior to each annual meeting of stockholders at which directors are to be elected, the Nominating and Corporate Governance Committee considers incumbent directors and other qualified individuals, if necessary, as potential director nominees. In evaluating a potential nominee, the Nominating and Corporate Governance Committee considers the personal characteristics described above, and also reviews the composition of the full Board to determine the areas of expertise and core competencies needed to enhance the function of the Board. The Nominating and Corporate Governance Committee may also consider other factors such as the size of the Board, whether a candidate is independent, how many other public company directorships a candidate holds, and the listing standards requirements of the New York Stock Exchange.

The Nominating and Corporate Governance Committee recognizes the importance of selecting directors from various backgrounds and professions in order to ensure that the Board as a whole has a variety of experiences and perspectives which contribute to a more effective decision-making process. The Board does not have a specific diversity policy, but considers diversity of race, ethnicity, gender, age, cultural background and professional experiences in evaluating candidates for Board membership.

The Nominating and Corporate Governance Committee uses a variety of methods for identifying potential nominees for director. Candidates may come to the attention of the Nominating and Corporate Governance Committee through current Board members, stockholders or other persons. The Nominating and Corporate Governance Committee may retain a search firm or other consulting firm from time to time to identify potential nominees. Nominees recommended by stockholders in accordance with the procedure described above, i.e., submitted in writing to AutoZone's Secretary, accompanied by the biographical and business experience information regarding the nominee and the other information required by Article III, Section 1 of the Bylaws, will receive the same consideration as the Nominating and Corporate Governance Committee's other potential nominees.

Narrative Accompanying Director Compensation Table***Current Compensation Structure***

AutoZone's current director compensation program became effective January 1, 2014.

Annual Retainer Fees. Non-employee directors receive an annual retainer fee of \$200,000 (the Annual Retainer). The lead director and the chair of the Audit Committee each receive an additional fee (Additional Fee) of \$20,000 annually, the chairs of the Compensation Committee and the Nominating and Corporate Governance Committee each receive an Additional Fee of \$5,000 per year, and the non-chair members of the Audit Committee each receive an Additional Fee of \$5,000 per year (such Additional Fees, together with the Annual Retainer, the Director Compensation). There are no meeting fees.

Under the AutoZone, Inc. 2011 Equity Incentive Award Plan (the 2011 Equity Plan), which replaced the 2003 Director Compensation Plan and the 2003 Director Stock Option Plan (each as defined below), non-employee directors receive the Director Compensation in the form of Restricted Stock Units, which are contractual rights to receive in the future a share of AutoZone common stock. Upon timely delivery of an election form, a non-employee director may elect to receive \$75,000 of the Annual Retainer plus any Additional Fees in the form of cash, paid in quarterly installments, with the remainder of the Annual Retainer paid in the form of Restricted Stock Units. All Restricted Stock Units are granted on January 1 of the applicable calendar year.

If a non-employee director is elected to the Board, or assumes a different position, after the beginning of a calendar quarter, he or she will receive the Annual Retainer and/or Additional Fees, prorated based on the number of days remaining in the calendar year or quarter, as appropriate.

Restricted Stock Units become payable on the earlier to occur of (1) the fifth anniversary of the grant date, or (2) the date on which the non-employee director ceases to be a director (the Payment Date). Upon timely delivery of an election form, a non-employee director may elect to receive payment on the date on which he or she ceases to be a director. Restricted Stock Units are payable in shares of AutoZone common stock no later than the fifteenth day of the third month following the end of the tax year in which such Payment Date occurs.

Compensation Structure Prior to January 1, 2014

The following describes the program in place from January 1, 2011 through December 31, 2013, which includes a portion of AutoZone's fiscal 2014:

Annual Retainer Fees. Non-employee directors received an annual retainer fee of \$200,000 (the Annual Retainer). The lead director and the chair of the Audit Committee each received an additional fee of \$20,000 annually, the chairs of the Compensation Committee and the Nominating and Corporate Governance Committee each received an additional fee of \$5,000 per year, and the non-chair members of the Audit Committee each received an additional fee of \$5,000 per year (such fees, together with the Annual Retainer, the Retainer). There were no meeting fees.

Under the 2011 Equity Plan, non-employee directors received the Retainer in Restricted Stock Units. The Restricted Stock Units became fully vested on the date they were issued and will become unrestricted as of the date that a non-employee director ceases to be a director of the Company (the Payment Date). Restricted Stock Units are paid in shares of AutoZone common stock as soon as practicable after the Payment Date, to be no later than the fifteenth day of the third month following the end of the tax year in which such Payment Date occurs, unless the director has elected to defer receipt.

The Retainer was payable in advance in equal quarterly installments on January 1, April 1, July 1, and October 1 of each year. The number of Restricted Stock Units granted each quarter was determined by dividing the amount of the Retainer by the fair market value of the shares as of the grant date.

If a non-employee director was elected to the Board after the beginning of a calendar quarter, he or she received a prorated Retainer based on the number of days remaining in the calendar quarter in which the date of the Board election occurred.

Other Predecessor Plans

The AutoZone, Inc. Second Amended and Restated Director Compensation Plan and the AutoZone, Inc. Fourth Amended and Restated 1998 Director Stock Option Plan were terminated in December 2002 and were replaced by the AutoZone, Inc. First Amended and Restated 2003 Director Compensation Plan (the 2003 Director Compensation Plan) and the AutoZone, Inc. First Amended and Restated 2003 Director Stock Option Plan (the 2003 Director Stock Option Plan). The 2003 Director Compensation Plan and the 2003 Director Stock Option Plan were terminated in December 2010 and replaced by the 2011 Equity Plan. However, grants made under those plans continue in effect under the terms of the grant made and are included in the aggregate awards outstanding shown above.

Stock Ownership Requirement

The Board has established a stock ownership requirement for non-employee directors. Each director is required to own AutoZone common stock and/or restricted stock units having a cumulative fair market value in an amount equal to three times the value of the base annual retainer payable pursuant to the Director Compensation Program within five years of joining the Board, and to maintain such ownership level thereafter. Exceptions to this requirement may only be made by the Board under compelling mitigating circumstances. Shares, Stock Units and Restricted Stock Units issued under the AutoZone, Inc. Second Amended and Restated Director Compensation Plan, the 2003 Director Compensation Plan and the 2011 Equity Plan count toward this requirement.

THE PROPOSALS**PROPOSAL 1 Election of Directors**

Eleven directors will be elected at the Annual Meeting to serve until the annual meeting of stockholders in 2015. Pursuant to AutoZone's Fifth Amended and Restated Bylaws, in an uncontested election of directors, a nominee for director is elected to the Board if the number of votes cast for such nominee's election exceed the number of votes cast against such nominee's election. (If the number of nominees were to exceed the number of directors to be elected, i.e., a contested election, directors would be elected by a plurality of the votes cast at the Annual Meeting.) Pursuant to AutoZone's Corporate Governance Principles, incumbent directors must agree to tender their resignation if they fail to receive the required number of votes for re-election, and in such event the Board will act within 90 days following certification of the shareholder vote to determine whether to accept the director's resignation. These procedures are described in more detail in our Corporate Governance Principles, which are available on our corporate website at www.autozoneinc.com. The Board may consider any factors it deems relevant in deciding

Edgar Filing: AUTOZONE INC - Form DEF 14A

whether to accept a director's resignation. If a director's resignation offer is not accepted by the Board, that director will continue to serve until AutoZone's next annual meeting of stockholders or until his or her successor is duly elected and qualified, or until the director's earlier death, resignation, or removal.

Any director nominee who is not an incumbent director and who does not receive a majority vote in an uncontested election will not be elected as a director, and a vacancy will be left on the Board. The Board, in its sole discretion, may either fill a vacancy resulting from a director nominee not receiving a majority vote pursuant to the Bylaws or decrease the size of the Board to eliminate the vacancy.

Broker non-votes occur when shares held by a brokerage firm are not voted with respect to a proposal because the firm has not received voting instructions from the beneficial owner of the shares and the firm does not have the authority to vote the shares in its discretion. Shares abstaining from voting and shares as to which a broker non-vote occurs are considered present for purposes of determining whether a quorum exists, but are not considered votes cast or shares entitled to vote with respect to such matter. Accordingly, abstentions and broker non-votes will have no effect on the outcome of Proposal 1.

The Board of Directors recommends that the stockholders vote FOR each of these nominees. These nominees have consented to serve if elected. Should any nominee be unavailable to serve, your proxy will be voted for the substitute nominee recommended by the Board of Directors, or the Board of Directors may reduce the number of directors on the Board.

PROPOSAL 2 Approval of 2015 Executive Incentive Compensation Plan

Our Board of Directors is recommending approval of the AutoZone, Inc. 2015 Executive Incentive Compensation Plan to replace our 2010 Executive Incentive Compensation Plan, which expires on December 18, 2014. Under Nevada law and the Company's bylaws, if a quorum is present, this matter will be approved if the number of votes cast in favor of the matter exceeds the number of votes cast in opposition to the matter. Broker non-votes occur when shares held by a brokerage firm are not voted with respect to a proposal because the firm has not received voting instructions from the beneficial owner of the shares and the firm does not have the authority to vote the shares in its discretion. Shares abstaining from voting and shares as to which a broker non-vote occurs are considered present for purposes of determining whether a quorum exists, but are not considered votes cast or shares entitled to vote with respect to such matter. Accordingly, abstentions and broker non-votes will have no effect on the outcome of Proposal 2.

The Board of Directors recommends that the stockholders vote FOR the AutoZone, Inc. 2015 Executive Incentive Compensation Plan.

The following is a summary of the AutoZone, Inc. 2015 Executive Incentive Compensation Plan. The following summary is qualified in its entirety by reference to the plan document, which is reproduced in its entirety as Exhibit A to this Proxy Statement.

What is the AutoZone, Inc. 2015 Executive Incentive Compensation Plan?

Section 162(m) of the Internal Revenue Code (the Code) prohibits us from deducting compensation in excess of \$1 million for any covered employee as defined in Section 162(m) of the Code (currently our chief executive officer and the other four most highly paid officers) unless the compensation in excess of \$1 million qualifies as performance-based. The AutoZone, Inc. 2015 Executive Incentive Compensation Plan (the 2015 Plan) is intended to qualify as a performance-based compensation plan under the Code so that performance incentive awards paid under the 2015 Plan are tax deductible to AutoZone. The 2015 Plan requires that the Compensation Committee of the Board of Directors establish objective performance goals and that the performance goals be met before a participant may receive an incentive award.

Who is eligible to participate in the 2015 Plan?

The individuals entitled to participate in the 2015 Plan will be the Company's key employees as designated by the Compensation Committee, in its sole discretion, who are or may become covered employees and whose compensation, for a current or future fiscal year, may be subject to the limit on deductible compensation imposed by Code Section 162(m).

Table of Contents

How are performance goals established?

Under the 2015 Plan, at the beginning of each fiscal year or other performance period, the Compensation Committee must establish a goal, which may be a range from a minimum to a maximum attainable incentive award. The goal may be based on one or more of the following measures:

earnings (including net income)	return on inventory
earnings per share (including diluted earnings per share)	EBIT margin
sales	gross profit margin
market share	economic profit
operating or net cash flows	net operating profit after tax
pre-tax profits	earnings before interest, taxes, depreciation and amortization (EBITDA)
earnings before interest and taxes (EBIT)	sales per square foot
return on invested capital (ROIC)	comparable store sales (including samestore sales)

economic value added

The goal may be different for different participants. The Compensation Committee will establish the goals within ninety (90) days after the start of the applicable performance period, but in no event after twenty-five percent (25%) of the applicable performance period has lapsed. The Compensation Committee will determine the incentive awards to be paid under the 2015 Plan. All incentive awards will be paid within two and one-half (2 1/2) months following the end of the applicable performance period.

For the past thirteen (13) years, the performance goals established by the Compensation Committee under the predecessor executive incentive compensation plan have been based on EBIT and ROIC. Additional information about the establishment of incentive objectives can be found in Compensation Discussion and Analysis on page 25.

No incentive may be paid under the 2015 Plan unless at least the minimum goal is attained. However, the Compensation Committee may disregard for goal purposes one-time charges and extraordinary events such as asset write-downs, litigation judgments or settlements, the effect

Edgar Filing: AUTOZONE INC - Form DEF 14A

of changes in tax laws, accounting principles or other laws or provisions affecting reported results, accruals for reorganization or restructuring, and any other extraordinary non-recurring items, acquisitions or divestitures and any foreign exchange gains or losses.

How are the incentive awards paid under the 2015 Plan?

After the end of each performance period, the Compensation Committee must certify the attainment of goals, if any, under the 2015 Plan and direct the amount of the incentive award to be paid to each participant. The Compensation Committee, in its discretion, may reduce or eliminate any incentive to be paid to a participant, even if a goal was attained. Incentive awards may only be paid after the attainment of the goals has been certified by the Compensation Committee. Incentive awards will be paid in cash.

What is the maximum compensation that a participant may receive under the 2015 Plan?

No participant may receive more than \$4 million in any one fiscal year as an incentive award under the 2015 Plan.

Table of Contents***Does AutoZone currently have an executive incentive compensation plan?***

Currently, the AutoZone, Inc. 2010 Executive Incentive Compensation Plan (the 2010 Plan) is in effect, but it will expire on December 18, 2014.

What are the primary differences between the new plan and the existing plan?

Three new performance goals have been added to the 2015 Plan:

economic profit

net operating profit after tax; and

earnings before interest, taxes, depreciation and amortization (EBITDA)

There are no other material changes. Please review the 2015 Plan document, which is reproduced in its entirety as Exhibit A to this Proxy Statement.

Who participated in the existing plan during the last fiscal year?

Twelve AutoZone executives were granted bonuses under the 2010 Plan for fiscal 2014. This table shows bonuses for the named executive officers and all executive officers as a group under the 2010 Plan for the 2014 fiscal year:

Name and Position	Dollar Value (\$)
William C. Rhodes III	1,483,750
<i>Chairman, President & Chief Executive Officer</i>	
William T. Giles	484,639
<i>Chief Financial Officer/Executive Vice President, Finance, IT & ALLDATA</i>	
William W. Graves	297,810
<i>Senior Vice President, Supply Chain & International</i>	
Mark A. Finestone	297,810
<i>Senior Vice President, Merchandising & Store Development</i>	
Larry M. Roesel	302,905
<i>Senior Vice President, Commercial</i>	
Executive Group(1)	4,557,647

(1) Twelve persons, including all the persons named above.

It is not possible at this time to determine what awards may be granted under the proposed 2015 Plan to the named executive officers and all executive officers as a group. If the 2015 Plan had been in effect in fiscal 2014, the actual type and amount of awards to such officers and group of officers in fiscal 2014 would have been the same.

PROPOSAL 3 Ratification of Independent Registered Public Accounting Firm

Edgar Filing: AUTOZONE INC - Form DEF 14A

Ernst & Young LLP, our independent auditor for the past twenty-seven fiscal years, has been selected by the Audit Committee to be AutoZone's independent registered public accounting firm for the 2015 fiscal year. Representatives of Ernst & Young LLP will be present at the Annual Meeting to make a statement if they so desire and to answer any appropriate questions.

The Audit Committee recommends that you vote FOR ratification of Ernst & Young LLP as AutoZone's independent registered public accounting firm.

Under Nevada law and the Company's bylaws, if a quorum is present, this matter will be approved if the number of votes cast in favor of the matter exceeds the number of votes cast in opposition to the matter. Broker

Table of Contents

non-votes occur when shares held by a brokerage firm are not voted with respect to a proposal because the firm has not received voting instructions from the beneficial owner of the shares and the firm does not have the authority to vote the shares in its discretion. Shares abstaining from voting and shares as to which a broker non-vote occurs are considered present for purposes of determining whether a quorum exists, but are not considered votes cast or shares entitled to vote with respect to such matter. Accordingly, abstentions and broker non-votes will have no effect on the outcome of Proposal 3. However, the Audit Committee is not bound by a vote either for or against the firm. The Audit Committee will consider a vote against the firm by the stockholders in selecting our independent registered public accounting firm in the future.

During the past two fiscal years, the aggregate fees for professional services rendered by Ernst & Young LLP were as follows:

	2014	2013
Audit Fees	\$ 2,002,200	\$ 1,825,100
Audit-Related Fees	25,000	
Tax and other Non-Audit-Related Fees	754,522(1)	161,072(2)

(1) Tax and other Non-Audit-Related Fees for 2014 were for state and local tax services and acquisition-related due diligence.

(2) Tax and other Non-Audit-Related Fees for 2013 were for state and local tax services and acquisition-related due diligence.

The Audit Committee pre-approves all services performed by the independent registered public accounting firm under the terms contained in the Audit Committee charter, a copy of which can be obtained at our website at www.autozoneinc.com. The Audit Committee pre-approved 100% of the services provided by Ernst & Young LLP during the 2014 and 2013 fiscal years. The Audit Committee considers the services listed above to be compatible with maintaining Ernst & Young LLP's independence.

PROPOSAL 4 Advisory Vote on Executive Compensation Say-on-Pay

On December 14, 2011, AutoZone's stockholders approved, on an advisory basis, AutoZone's recommendation that future advisory votes on executive compensation should be held every year. Consequently, and in accordance with Section 14A of the Securities Exchange Act, we are asking stockholders to approve the following advisory resolution on the compensation of our Principal Executive Officer, the Principal Financial Officer and our other three most highly paid executive officers (collectively, the Named Executive Officers) at the Annual Meeting:

RESOLVED, that the compensation paid to AutoZone's Named Executive Officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the accompanying compensation tables and the related narrative discussion, is hereby APPROVED.

This advisory vote, commonly known as a say-on-pay proposal, gives our stockholders the opportunity to endorse or not endorse our executive pay program. The Board of Directors recommends a vote FOR this resolution because it believes that AutoZone's executive compensation program, described in the Compensation Discussion and Analysis, is effective in achieving the Company's goals of rewarding financial and operating performance and the creation of stockholder value.

Our Board of Directors and Compensation Committee believe that there should be a strong relationship between pay and corporate performance, and our executive compensation program reflects this belief. While the overall level and balance of compensation elements in our compensation program are designed to ensure that AutoZone can retain key executives and, when necessary, attract qualified new executives to the organization, the emphasis of AutoZone's compensation program is linking executive compensation to business results and intrinsic value creation, which is ultimately reflected in increases in stockholder value.

Table of Contents

AutoZone sets challenging financial and operating goals, and a significant amount of an executive's annual cash compensation is tied to these objectives and therefore at risk payment is earned only if performance warrants it.

AutoZone's compensation program is intended to support long-term focus on stockholder value, so it emphasizes long-term rewards. At target levels, the majority of an executive officer's total compensation package each year is the potential value of his or her stock options, which yield value to the executive only if the stock price appreciates.

Our management stock ownership requirement effectively promotes meaningful and significant stock ownership by our Named Executive Officers and further aligns their interests with those of our stockholders.

We urge you to read the Compensation Discussion and Analysis, as well as the Summary Compensation Table and related compensation tables and narrative, appearing on pages 25 through 51, which provide detailed information on our compensation philosophy, policies and practices and the compensation of our Named Executive Officers.

Because the vote on this proposal is advisory in nature, it is not binding on AutoZone, the Board of Directors or the Compensation Committee. The vote on this proposal will, therefore, not affect any compensation already paid or awarded to any Named Executive Officer and will not overrule any decisions made by the Board of Directors or the Compensation Committee. Because we highly value the opinions of our stockholders, however, the Board of Directors and the Compensation Committee will consider the results of this advisory vote when making future executive compensation decisions.

Under Nevada law and the Company's bylaws, if a quorum is present, this matter will be approved if the number of votes cast in favor of the matter exceeds the number of votes cast in opposition to the matter. Broker non-votes occur when shares held by a brokerage firm are not voted with respect to a proposal because the firm has not received voting instructions from the beneficial owner of the shares and the firm does not have the authority to vote the shares in its discretion. Shares abstaining from voting and shares as to which a broker non-vote occurs are considered present for purposes of determining whether a quorum exists, but are not considered votes cast or shares entitled to vote with respect to such matter. Accordingly, abstentions and broker non-votes will have no effect on the outcome of Proposal 4.

The Board of Directors recommends that the stockholders vote FOR this proposal.

PROPOSAL 5 Stockholder Proposal Regarding Political Disclosure and Accountability

AutoZone has been notified that the Comptroller of the City of New York, One Centre Street, New York, New York 10007-2341, as custodian and a trustee of the New York City Employees' Retirement System, the New York City Fire Department Pension Fund, the New York City Teachers' Retirement System, and the New York City Police Pension Fund, and custodian of the New York City Board of Education Retirement System, the beneficial owner of 154,443 shares of AutoZone common stock, intends to present the following proposal for consideration at the annual meeting:

Resolved, that the shareholders of AutoZone (Company) hereby request that the Company provide a report, updated semiannually, disclosing the Company's:

1. Policies and procedures for making, with corporate funds or assets, contributions and expenditures (direct or indirect) to
 - (a) participate or intervene in any political campaign on behalf of (or in opposition to) any candidate for public office, or
 - (b) influence the general public, or any segment thereof, with respect to an election or referendum.

2. Monetary and non-monetary contributions and expenditures (direct and indirect) used in the manner described in section 1 above, including:
 - a. The identity of the recipient as well as the amount paid to each; and

- b. The title(s) of the person(s) in the Company responsible for decision-making.

Table of Contents

The report shall be presented to the board of directors or relevant board committee and posted on the Company's website.

Stockholder Supporting Statement

As long-time shareholders of **AutoZone**, we support transparency and accountability in corporate spending on political activities. These include any activities considered intervention in any political campaign under the Internal Revenue Code, such as direct and indirect contributions to political candidates, parties, or organizations; independent expenditures; or electioneering communications on behalf of federal, state or local candidates.

Disclosure is in the best interest of the company and its shareholders and critical for compliance with federal ethics laws. Moreover, the Supreme Court's *Citizens United* decision recognized the importance of political spending disclosure for shareholders when it said, "[D]isclosure permits citizens and shareholders to react to the speech of corporate entities in a proper way. This transparency enables the electorate to make informed decisions and give proper weight to different speakers and messages. Gaps in transparency and accountability may expose the company to reputational and business risks that could threaten long-term shareholder value.

AutoZone contributed at least \$396,000 in corporate funds since the 2002 election cycle. (CQ: <http://moneyline.cq.com> and National Institute on Money in State Politics: <http://www.followthemoney.org>). But other than a brief mention in its Code of Conduct, the Company does not disclose a comprehensive policy or list of contributions on its website.

Relying on publicly available data does not provide a complete picture of the Company's political spending. For example, the Company's payments to trade associations used for political activities are undisclosed and unknown. In some cases, even management does not know how trade associations use their company's money politically. The proposal asks the Company to disclose all of its political spending, including payments to trade associations and other tax exempt organizations used for political purposes. This would bring our Company in line with a growing number of leading companies, including **Costco**, **The TJX Companies**, and **Target Corp.** that support political disclosure and accountability and present this information on their websites.

The Company's Board and its shareholders need comprehensive disclosure to be able to fully evaluate the use of corporate assets. We urge your support for this critical governance reform.

Board of Directors Statement in Opposition

After careful consideration, and for the following reasons, the Board believes that this proposal is not in the best interests of AUTOZONE or its stockholders, and the Board recommends a vote **AGAINST** this proposal.

The Board believes it is in the best interests of our stockholders for AutoZone to participate in political and regulatory processes on issues that affect our business and community interests. We work proactively to enable AutoZone's business strategies through public policy and government advocacy. We also participate in political activities and advocate for legislation when there is a connection to our business and our ability to grow the business in a way that is consistent with our values, our legal obligations, and our Code of Business Conduct and Ethics. For example, in the past we have been active in policy discussions and have lobbied on issues related to the collection and remittance of state sales taxes by on-line retailers and right-to-repair legislation.

As more fully described in our Policy on Political Contributions (which is available in the Corporate Governance section of the Investor Relations page of our website at <http://autozoneinc.com>), AutoZone only takes positions on ballot measures, initiatives or propositions that have a direct impact on our business. An important part of participating effectively in the political process is making prudent political contributions but only where permitted by applicable law. Political contributions of all types are subject to extensive governmental regulation and public disclosure requirements, and AutoZone is fully committed to complying with all applicable campaign finance laws. In accordance with our Policy on Political Contributions, our limited

Table of Contents

corporate political contributions are approved by the Vice President, Government and Community Relations, in consultation with the Senior Vice President, General Counsel. The Senior Vice President, General Counsel provides periodic updates to the Nominating and Corporate Governance Committee and the Board of Directors on AutoZone's political contributions.

The Board believes that the disclosure requested in this proposal could place AutoZone at a competitive disadvantage by revealing its business strategies and priorities. Because parties with interests adverse to AutoZone also participate in the political process to their business advantage, any unilateral expanded disclosure, above what is required by law and equally applicable to all similar parties engaged in public debate, could benefit those parties while harming the interests of AutoZone and our stockholders. The Board believes that any reporting requirements that go beyond those required under existing law should be applicable to all participants in the process, and not just to AutoZone.

Accordingly, the Board recommends a vote AGAINST this proposal.

Other Matters

We do not know of any matters to be presented at the Annual Meeting other than those discussed in this Proxy Statement. If, however, other matters are properly brought before the Annual Meeting, your proxies will be able to vote those matters in their discretion.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides a principles-based overview of AutoZone's executive compensation program. It discusses our rationale for the types and amounts of compensation that our executive officers receive and how compensation decisions affecting these officers are made. It also discusses AutoZone's total rewards philosophy, the key principles governing our compensation program, and the objectives we seek to achieve with each element of our compensation program.

What are the Company's key compensation principles?

Pay for performance. The primary emphasis of AutoZone's compensation program is linking executive compensation to business results and intrinsic value creation, which is ultimately reflected in increases in stockholder value. Base salary levels are intended to be competitive in the U.S. marketplace for executives, but the more potentially valuable components of executive compensation are annual cash incentives, which depend on the achievement of pre-determined business goals, and to a greater extent, long-term compensation, which is based on the value of our stock.

Attract and retain talented AutoZoners. The overall level and balance of compensation elements in our compensation program are designed to ensure that AutoZone can retain key executives and, when necessary, attract qualified new executives to the organization. We believe that a company which provides quality products and services to its customers, and delivers solid financial results, will generate long-term stockholder returns, and that this is the most important component of attracting and retaining executive talent.

What are the Company's overall executive compensation objectives?

Drive high performance. AutoZone sets challenging financial and operating goals, and a significant amount of an executive's annual cash compensation is tied to these objectives and therefore at risk. Payment is earned only if performance warrants it.

Drive long-term stockholder value. AutoZone's compensation program is intended to support long-term focus on stockholder value, so it emphasizes long-term rewards. At target levels, the majority of an executive officer's total compensation package each year is the potential value of his or her stock options.

Table of Contents

The table below illustrates how AutoZone’s compensation program weights the at-risk components of its Named Executive Officers’ 2014 total compensation (using actual base earnings + fiscal 2014 annual cash incentive payment + the value of fiscal 2014 stock and option grants). The value of Mr. Rhodes’ Performance Restricted Stock Unit grant, awarded in fiscal 2011, is included in the calculation based on one-fifth of the full value (using the stock price as of the end of fiscal 2014). See the Summary Compensation Table on page 38 for additional details about fiscal 2014 compensation for all of the Named Executive Officers (NEOs).

Executive	Base Salary	Annual Incentive	Long-Term Incentive	Total At-Risk
William C. Rhodes III	13%	19%	68%	87%
William T. Giles	21%	18%	61%	79%
All Other NEOs	22%	16%	62%	78%

Who participates in AutoZone’s executive compensation programs?

The Chief Executive Officer and the other Named Executive Officers, as well as the other senior executives comprising AutoZone’s Executive Committee, participate in the compensation program outlined in this Compensation Discussion and Analysis. The Executive Committee consists of the Chief Executive Officer and officers with the title of senior vice president or executive vice president (a total of 11 executives at the end of fiscal 2014). However, many elements of the compensation program also apply to other levels of AutoZone management. The intent is to ensure that management is motivated to pursue, and is rewarded for achieving, the same financial, operating and stockholder objectives.

What are the key elements of the Company’s overall executive compensation program?

The table below summarizes the key elements of AutoZone’s executive compensation program and the objectives they are designed to achieve. More details on these elements follow throughout the Compensation Discussion and Analysis and this Proxy Statement, as appropriate.

	Description	Objectives
Base salary	Annual fixed cash compensation.	Attract and retain talented executives.
		Recognize differences in relative size, scope and complexity of positions as well as individual performance over the long term.
Annual cash incentive	Annual variable pay tied to the achievement of key Company financial and operating objectives. The primary measures are:	Communicate key financial and operating objectives.
	Earnings before interest and taxes, and	Drive high levels of performance by ensuring that executives’ total cash compensation is linked to achievement of financial and operating objectives.
	Return on invested capital.	Support and reward consistent, balanced growth and returns performance (add value every year) with demonstrable links to stockholder returns.
	Actual payout depends on the results achieved. Individual potential payout is capped at \$4 million;

however, payout is zero if threshold targets are not achieved.

Drive cross-functional collaboration and a total-company perspective.

The Compensation Committee may reduce payouts in its discretion when indicated by individual performance or other reasons, but does not have discretion to increase payouts.

Annual cash compensation. Annual cash compensation consists of base salary and annual cash incentives.

Edgar Filing: AUTOZONE INC - Form DEF 14A

Base Salary. Salaries are determined within the context of a targeted total cash compensation level for each position. Base salary is a fixed portion of the targeted annual cash compensation, with the specific portion varying based on differences in the size, scope or complexity of the jobs as well as the tenure and individual performance level of incumbents in the positions. Points are assigned to positions using a job evaluation system developed by Hay Group, a global management and human resources consulting firm, and AutoZone maintains salary ranges based on the job evaluations originally constructed with Hay Group's help. These salary ranges are usually updated annually based on broad-based survey data; in addition to Hay Group survey data, AutoZone also subscribes to survey information from Kenexa for this purpose, as discussed below.

The survey data used to periodically adjust salary ranges is broad-based, including data submitted by hundreds of companies. Examples of the types of information contained in salary surveys include summary statistics (e.g., mean, median, 25th percentile, etc.) related to:

base salaries

variable compensation

total annual cash compensation

long-term incentive compensation

total direct compensation

Table of Contents

The salary surveys cover both the retail industry and compensation data on a broader, more general public company universe. Multiple salary surveys are used, so that ultimately the data represent hundreds of companies and positions and thousands of incumbents, or people holding those positions. The surveys generally list the participating companies, and for each position matched, the number of companies and incumbents associated with the position. Subscribers cannot determine which information comes from which company.

The salary ranges which apply to the Named Executive Officers, including the Principal Executive Officer, are part of the structure applicable to thousands of AutoZone's employees. AutoZone positions are each assigned to a salary grade. This is generally accomplished at the creation of a position, using the Hay job evaluation method, and jobs tend to remain in the same grade as long as there are no significant job content changes. Each grade in the current salary structure has a salary range associated with it. This range has a midpoint, to which we compare summary market salary data (generally median pay level) of the types discussed above.

Over time, as the median pay levels in the competitive market change, as evidenced by the salary survey data, AutoZone will make appropriate adjustments to salary range midpoints so that on average, these midpoints are positioned at roughly 95% of the market median value as revealed by the surveys. This positioning relative to the market allows for competitive base salary levels, while generally leaving actual average base pay slightly below the survey market level. This fits our stated philosophy of delivering competitive total rewards at or above the market median through performance-based variable compensation.

In making decisions related to compensation of the Named Executive Officers, the Compensation Committee uses the survey data and salary ranges as context in reviewing compensation levels and approving pay actions. Other elements that the Compensation Committee considers are individual performance, Company performance, individual tenure, internal equity, position tenure, and succession planning.

Annual Cash Incentive. Executive officers and certain other employees are eligible to receive annual cash incentives each fiscal year based on the Company's attainment of certain Company performance objectives set by the Compensation Committee at the beginning of the fiscal year. The annual cash incentive target for each position, expressed as a percentage of base salary, is based on both salary range and level within the organization, and therefore does not change annually. As a general rule, as an executive's level of management responsibility increases, the portion of his or her total compensation dependent on Company performance increases.

The threshold and target percentage amounts for the Named Executive Officers for fiscal 2014 are shown in the table below.

Principal Position	Threshold	Target
Chairman, President & CEO	62.5%	125%
Executive Vice President	37.5%	75%
All Other NEOs	30%	60%

Annual cash incentives for executive officers are paid pursuant to the AutoZone, Inc. 2010 Executive Incentive Compensation Plan (EICP), our performance-based short-term incentive plan. Pursuant to the plan, the Compensation Committee establishes incentive objectives at the beginning of each fiscal year. For more information about the EICP, see Discussion of Plan-Based Awards Table on page 41.

The actual incentive amount paid depends on Company performance relative to the target objectives. A minimum pre-established goal must be met in order for any incentive award to be paid, and the incentive award as a percentage of annual salary will increase as the Company achieves higher levels of performance.

The Compensation Committee may in its sole discretion reduce the incentive awards paid to Named Executive Officers. Under the EICP, the Compensation Committee may not exercise discretion in granting awards in cases where no awards are indicated, nor may the Compensation Committee increase any calculated

Table of Contents

awards. Any such positive discretionary changes, were they to occur, would be paid outside of the EICP and reported under the appropriate Bonus column in the Summary Compensation Table; however, the Compensation Committee has not historically exercised this discretion.

The Compensation Committee, as described in the EICP, may (but is not required to) disregard the effect of one-time charges and extraordinary events such as asset write-downs, litigation judgments or settlements, changes in tax laws, accounting principles or other laws or provisions affecting reported results, accruals for reorganization or restructuring, and any other extraordinary non-recurring items, acquisitions or divestitures and any foreign exchange gains or losses on the calculation of performance.

The incentive objectives for fiscal 2014 were set in an October 2013 Compensation Committee meeting, and were based on the achievement of specified levels of earnings before interest and taxes (EBIT) and return on invested capital (ROIC), as are the incentive objectives for fiscal 2015, which were set during a Compensation Committee meeting held in September 2014. The total incentive award is determined based on the impact of EBIT and ROIC on AutoZone's economic profit for the year, rather than by a simple allocation of a portion of the award to achievement of the EBIT target and a portion to achievement of the ROIC target. EBIT and ROIC are key inputs to the calculation of economic profit (sometimes referred to as economic value added), and have been determined by our Compensation Committee to be important factors in enhancing stockholder value. If both the EBIT and ROIC targets are achieved, the result will be a 100%, or target, payout. However, the payout cannot exceed 100% unless the EBIT target is exceeded (i.e., unless there is excess EBIT to fund the additional incentive payout). Additionally, when the aggregate incentive amount is calculated, if the resulting payout amount in excess of target exceeds a specified percentage of excess EBIT (currently 20%), then the incentive payout will be reduced until the total amount of the incentive payment in excess of target is within that specified limit.

The specific targets are tied to achievement of the Company's operating plan for the fiscal year. In 2014, the target objectives were EBIT of \$1,810.9 million and ROIC of 30.9%. The 2014 incentive awards for each named executive officer were based on the following performance:

(Amounts in MMs)	EBIT	ROIC
EICP Target	\$ 1,810.9	30.9%
Actual (as adjusted)	\$ 1,825.2	31.8%
Difference	\$ 14.3	94Bps

Effect of Performance on Total Annual Cash Compensation. Because AutoZone emphasizes pay for performance, it is only when the Company exceeds its target objectives that an executive's total annual cash compensation begins to climb relative to the median market level. Similarly, Company performance below target will cause an executive's total annual cash compensation to drop below market median. As discussed below, AutoZone does not engage in strict benchmarking of compensation levels, i.e., we do not use specific data to support precise targeting of compensation, such as setting an executive's base pay at the 50th percentile of an identified group of companies.

Stock compensation. To emphasize achievement of long-term stockholder value, AutoZone's executives receive a significant portion of their targeted total compensation in the form of stock options. Although stock options have potential worth at the time they are granted, they only confer actual value if AutoZone's stock price appreciates between the grant date and the exercise date. For this reason, we believe stock options are a highly effective long-term compensation vehicle to reward executives for creating stockholder value. We want our executives to realize total compensation levels well above the market norm, because when they do, such success is the result of achievement of Company financial and operating objectives that leads to growth in the per-share value of AutoZone common stock.

In order to support and facilitate stock ownership by our executive officers, a portion of their annual stock option grant has historically consisted of Incentive Stock Options (ISOs), which feature favorable income tax treatments for the executive as long as certain conditions are met (e.g., the executive holds the stock acquired

Table of Contents

upon exercise of an ISO for at least two years from the date of grant and one year from the date of exercise). ISOs have a maximum term of ten years and, as granted, vest in equal 25% increments on the first, second, third and fourth anniversaries of the grant date. They are granted at the fair market value on the date of grant as defined in the relevant stock option plan. There is a \$100,000 limit on the aggregate grant value of ISOs that may become exercisable in any calendar year; consequently, the majority of options granted are in the form of non-qualified stock options. Although AutoZone receives an income tax deduction for an employee's gain on non-qualified stock options, AutoZone does not receive a similar deduction of the exercise of ISOs. Therefore, AutoZone stopped granting ISOs beginning in fiscal 2013.

AutoZone grants stock options annually. Currently, the annual grants are reviewed and approved by the Compensation Committee in the meeting (typically in late September or early October) at which it reviews prior year results, determines incentive payouts, and takes other compensation actions affecting its executive officers. The Compensation Committee has not delegated its authority to grant stock options; all grants are directly approved by the Compensation Committee. Option grant amounts for the Chief Executive Officer's direct reports and other senior executives are recommended to the Compensation Committee by the Chief Executive Officer, based on individual performance and the size and scope of the position held. AutoZone's practice is to limit the total option shares granted to its employees during the annual grant process to approximately one percent of common shares outstanding. The annual grant is typically made near the beginning of the fiscal year and does not include a limited number of promotional or new hire grants that may be made during the fiscal year. The Committee reserves the right to deviate from this policy as it deems appropriate.

Newly promoted or hired officers may receive an option grant shortly after their hire or promotion. As a general rule, new hire or promotional stock options are approved and effective on the date of a regularly scheduled meeting of the Compensation Committee. On occasion, these interim grants may be approved by unanimous written consent of the Compensation Committee. The grants are recommended to the Compensation Committee by the Chief Executive Officer based on individual circumstances (e.g., what may be required in order to attract a new executive). Internal promotional grants are prorated based on the time elapsed since the officer received a regular annual grant of stock options.

On December 15, 2010, AutoZone's Compensation Committee authorized the grant of an award of 25,000 performance-restricted stock units (PRSUs) to William C. Rhodes, III, AutoZone's Chairman, President and CEO.

100% of the PRSUs could be *earned* either

(a) on the date on which AutoZone's stock price reaches \$461.12 or more per share for five consecutive trading days on or before October 1, 2015; or

(b) AutoZone achieves a Diluted Earnings Per Share equal to or greater than \$29.94 on the last day of any fiscal year between the grant date and August 29, 2015.

PRSUs earned would *vest* on October 1, 2015 only if Mr. Rhodes is employed by AutoZone through October 1, 2015.

On November 25, 2013, 100% of the PRSUs were earned when AutoZone's stock price closed at or above the \$461.12 target for the fifth consecutive trading day. Assuming the PRSUs vest on October 1, 2015, the units will be delivered as shares of AutoZone common stock.

Table of Contents

The purpose of this one-time award is to motivate continued high performance while enhancing the retention characteristics of the compensation package applicable to the Chief Executive Officer:

Performance

The target financial measures, diluted earnings per share and stock price, relate directly to stockholder success.

Achieving a payout under the award terms requires continued and sustained high performance.

For more information about our stock-based plans, see Discussion of Plan-Based Awards Table on page 41.

Stock purchase plans. AutoZone maintains the Sixth Amended and Restated AutoZone, Inc. Employee Stock Purchase Plan (Employee Stock Purchase Plan) which enables all employees to purchase AutoZone common stock at a discount, subject to IRS-determined limitations. Based on IRS rules, we limit the annual purchases in the Employee Stock Purchase Plan to no more than \$15,000, and no more than 10% of eligible compensation. To support and encourage stock ownership by our executives, AutoZone also established a non-qualified stock purchase plan. The Fifth Amended and Restated AutoZone, Inc. Executive Stock Purchase Plan (Executive Stock Purchase Plan) permits participants to acquire AutoZone common stock in excess of the purchase limits contained in AutoZone's Employee Stock Purchase Plan. Because the Executive Stock Purchase Plan is not required to comply with the requirements of Section 423 of the Internal Revenue Code, it has a higher limit on the percentage of a participant's compensation that may be used to purchase shares (25%) and places no dollar limit on the amount of a participant's compensation that may be used to purchase shares under the plan.

The Executive Stock Purchase Plan operates in a similar manner to the tax-qualified Employee Stock Purchase Plan, in that it allows executives to contribute after-tax compensation for use in making quarterly purchases of AutoZone common stock. Options are granted under the Executive Stock Purchase Plan each calendar quarter and consist of two parts: a restricted share option and an unvested share option. Shares are purchased under the restricted share option at 100% of the closing price of AutoZone stock at the end of the calendar quarter (i.e., not at a discount), and a number of shares are issued under the unvested share option at no cost to the executive, so that the total number of shares acquired upon exercise of both options is equivalent to the number of shares that could have been purchased with the contributions at a price equal to 85% of the stock price at the end of the quarter. The unvested shares are subject to forfeiture if the executive does not remain with the company for one year after the grant date. After one year, the shares vest, and the executive owes taxes based on the share price on the vesting date (unless a so-called 83(b) election was made on the date of grant).

Retention

The potential realizable value of the award is significant, while remaining balanced by other elements of the compensation program to mitigate against risk related to unintended consequences.

The terms of the grant require Mr. Rhodes to remain actively employed at least through the applicable vesting date, even if one or both of the performance goals is reached prior to then.

Table of Contents

The table below can be used to compare and contrast the stock purchase plans. For more information about the Executive Stock Purchase Plan, see Discussion of Plan-Based Awards Table on page 41.

How does the Compensation Committee consider and determine executive and director compensation?

Chief Executive Officer. The Compensation Committee establishes the compensation level for the Chief Executive Officer, including base salary, annual cash incentive compensation, and stock-based awards. The Chief Executive Officer's compensation is reviewed annually by the Compensation Committee in conjunction with a review of his individual performance by the non-management directors, taking into account all forms of compensation, including base salary, annual cash incentive, stock options and other stock-based awards, and the value of other benefits received.

Other Executive Officers. The Compensation Committee reviews and establishes base salaries for AutoZone's executive officers other than the Chief Executive Officer based on each executive officer's individual performance during the past fiscal year and on the recommendations of the Chief Executive Officer. The Compensation Committee approves the annual cash incentive amounts for the executive officers, which are determined by objectives established by the Compensation Committee at the beginning of each fiscal year as discussed above. The actual incentive amount paid depends on performance relative to the target objectives.

The Compensation Committee approves awards of stock options to many levels of management, including executive officers. Stock options are granted to executive officers upon initial hire or promotion, and thereafter are typically granted annually in accordance with guidelines established by the Compensation Committee as discussed above. The actual grant is determined by the Compensation Committee based on the guidelines and the performance of the individual in the position. The Compensation Committee considers the recommendations of the Chief Executive Officer. The Compensation Committee also approves awards of other stock-based compensation.

Management Stock Ownership Requirement. To further reinforce AutoZone's objective of driving long-term stockholder results, AutoZone maintains a stock ownership requirement for all Executive Committee members (a total of 11 individuals at the end of fiscal 2014). Covered executives must attain a specified minimum level of stock ownership, based on a multiple of their base salary, within 5 years of the executive's placement into a covered position. Executives who are promoted into a position with a higher multiple will have an additional 3 years to attain the required ownership level. In order to calculate whether each executive meets the ownership requirement, we total the value of each executive's holdings of whole shares of stock and the intrinsic (or in-the-money) value of vested stock options, based on the fiscal year-end closing price of AutoZone stock, and compare that value to the appropriate multiple of fiscal year-end base salary.

Table of Contents

To encourage full participation in our equity plans, all AutoZone stock acquired under those plans is included in the executive's holdings for purposes of calculating his or her ownership. This includes vested stock options and vested shares which have restrictions on sale.

Key features of the stock ownership requirement are summarized in the table below:

Ownership Requirement	Chief Executive Officer	5 times base salary
	Executive Vice President	3 times base salary
Holding Requirements	Senior Vice President	2 times base salary

Individuals who have not achieved the ownership requirement within the specified period will be required to hold 50% of net after-tax shares upon exercise of any stock option, and may not sell any shares of AZO.

Guidelines will no longer apply after an executive reaches age 62, in order to facilitate appropriate financial planning as retirement approaches. The Compensation Committee may waive the guidelines for any other executive at its discretion.

Ownership Definition

Shares of stock directly owned;

Unvested Shares acquired via the Executive Stock Purchase Plan; and

Vested stock options acquired via the AutoZone Stock Option Plan (based on the in-the-money value).

Under AutoZone's insider trading policies, all transactions involving put or call options on the stock of AutoZone are prohibited at all times. Officers and directors and their respective family members may not directly or indirectly participate in transactions involving trading activities which by their aggressive or speculative nature may give rise to an appearance of impropriety.

What roles do the Chief Executive Officer and other executive officers play in the determination of executive compensation?

The Chief Executive Officer attends most meetings of the Compensation Committee and participates in the process by answering Compensation Committee questions about pay philosophy and by ensuring that the Compensation Committee's requests for information are fulfilled. He also assists the Compensation Committee in determining the compensation of the executive officers by providing recommendations and input about such matters as individual performance, tenure, and size, scope and complexity of their positions. The Chief Executive Officer makes specific recommendations to the Compensation Committee concerning the compensation of his direct reports and other senior executives, including the executive officers. These recommendations usually relate to base salary increases, changes to annual incentive targets and stock option grants. The Chief Executive Officer also recommends pay packages for newly hired executives. Management provides the Compensation Committee with data, analyses and perspectives on market trends and annually prepares information to assist the Compensation Committee in its consideration of such recommendations. Annual incentive awards are based on achievement of business objectives set by the Compensation

Committee, but the Compensation Committee may exercise negative discretion, and if it does so, it is typically in reliance on the Chief Executive Officer's assessment of an individual's performance.

The Chief Executive Officer does not make recommendations to the Compensation Committee regarding his own compensation. The Senior Vice President, Human Resources has direct discussions with the

Table of Contents

Compensation Committee Chair regarding the Compensation Committee’s recommendations on the Chief Executive Officer’s compensation; however, Compensation Committee discussions of specific pay actions related to the Chief Executive Officer are held outside his presence.

Does AutoZone use compensation consultants?

The Compensation Committee did not hire executive compensation consultants during fiscal 2014. Although historically we have hired consultants to provide services from time to time, it is not our usual practice, and as discussed previously, AutoZone does not regularly engage consultants as part of our annual review and determination of executive compensation.

The Compensation Committee has authority, pursuant to its charter, to hire consultants of its selection to advise it with respect to AutoZone’s compensation programs, and it may also limit the use of the Compensation Committee’s compensation consultants by AutoZone’s management as it deems appropriate.

What are AutoZone’s peer group and compensation benchmarking practices?

AutoZone reviews publicly-available data from a peer group of companies to help us ensure that our overall compensation remains competitive. The peer group data we use is from proxy filings and other published sources – it is not prepared or compiled especially for AutoZone.

We periodically review the appropriateness of this peer group. It typically has changed when such events as acquisitions and spin-offs have occurred. The criteria used to select the peer group companies listed below, which remained unchanged in 2014, were primarily, but not exclusively:

Direct competitors;

Companies with which we compete for talent, customers and capital; and

Companies with revenues ranging between 50% and 200% of AutoZone’s revenues.

AutoZone Peer Group		
Advance Auto Parts	Dollar Tree	O Reilly Automotive
Barnes & Noble	Family Dollar Stores	Pep Boys-Manny Moe & Jack
Bed Bath & Beyond	Foot Locker	PetSmart
Brinker International	Gamestop	Radioshack
Darden Restaurants	Gap Stores	Ross Stores
Dick’s Sporting Goods	Genuine Parts	Sherwin Williams
Dollar General	L Brands	Starbucks
		Yum! Brands

We do not use information from the peer group or other published sources to set targets or make individual compensation decisions. AutoZone does not engage in benchmarking, such as targeting base salary at peer group median for a given position. Rather we use such data as context in reviewing AutoZone’s overall compensation levels and approving recommended compensation actions. Broad survey data and peer group information are just two elements that we find useful in maintaining a reasonable and competitive compensation program. Other elements that we consider are individual performance, Company performance, individual tenure, position tenure, and succession planning.

What is AutoZone's policy concerning the taxation of compensation?

The Compensation Committee considers the provisions of Section 162(m) of the Internal Revenue Code which allows the Company to take an income tax deduction for compensation up to \$1 million and for certain compensation exceeding \$1 million paid in any taxable year to a covered employee as that term is defined in the Code. There is an exception for qualified performance-based compensation, and AutoZone's compensation

Table of Contents

program is designed to maximize the tax deductibility of compensation paid to executive officers, where possible. Plans or payment types which qualify as performance-based compensation include the EICP, PRSUs and stock options. However, the Compensation Committee may authorize payments which are not deductible where it is in the best interests of AutoZone and its stockholders.

Base salaries (less deferred compensation), restricted stock awards, Executive Stock Purchase Plan vested shares, and certain benefits and perquisites do not qualify as performance-based under 162(m). For fiscal 2014, the compensation of the Chief Executive Officer, as well as the other Named Executive Officers, was fully deductible in 2014, because in no case did the sum of this compensation exceed \$1 million.

Section 409A of the Internal Revenue Code was created with the passage of the American Jobs Creation Act of 2004. These new tax regulations create strict rules related to non-qualified deferred compensation earned and vested on or after January 1, 2005. The Internal Revenue Service periodically releases Notices and other guidance related to Section 409A, and AutoZone continues to take actions necessary to comply with the Section's requirements by the deadlines established by the Internal Revenue Service.

Compensation Committee Report

The Compensation Committee of the Board of Directors (the Committee) has reviewed and discussed with management the Compensation Discussion and Analysis (CD&A). Based on the review and discussions, the Committee recommended to the Board of Directors that the CD&A be included in this proxy statement.

Members of the Compensation Committee:

Earl G. Graves, Jr., Chair

George R. Mrkonic, Jr.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is composed solely of independent, non-employee directors. The members of the Compensation Committee of the Board of Directors during the 2014 fiscal year are listed above.

Compensation Program Risk Assessment

AutoZone's management conducts an annual assessment of the compensation plans and programs that apply throughout the Company, including those plans and programs in which our executives participate. The assessment is performed by key members of AutoZone's human resources, finance, operations, and legal teams, and entails thorough discussions of each plan's or program's design and operation. The findings are reviewed by senior management prior to being reviewed and discussed with the Compensation Committee.

Plan elements which are reviewed include participants, performance measures, performance and payout curves or formulas, how target level performance is determined (including whether any thresholds and caps exist), how frequently payouts occur, and the mix of fixed and variable compensation which the plan delivers. The plans and programs are also reviewed from the standpoint of reasonableness (e.g., how target and above-target pay levels compare to similar plans for similar populations at other companies, and how payout amounts relate to the results which generate the payment), how well the plans and programs are aligned with AutoZone's goals and objectives, and from an overall standpoint, whether these plans and programs represent an appropriate mix of short- and long-term compensation.

Table of Contents

The purpose of these reviews is to determine whether the risks related to the design and operation of these plans and programs, if present, are reasonably likely to have a material adverse effect on the company. We believe that our compensation policies and practices do not encourage excessive risk-taking and are not reasonably likely to have a material adverse effect on the company. The various mitigating factors which support this conclusion include:

Oversight of the management incentive plan and all stock-based compensation by the Compensation Committee of the Board of Directors;

Senior management oversight of key plans and programs, including approving target level payouts, setting financial and operating goals, and approving payouts;

Administration and oversight of plans and programs by multiple functions within the Company (e.g., finance, operations, legal and human resources);

Interrelationship between measures (e.g., correlation between economic profit performance and appreciation in the per-share price of AutoZone's stock);

Vesting and stock ownership requirements for executive officers which encourage long-term perspectives among participants; and

A preference for performance measures which result in payments only upon achievement of ultimate financial results.

- (1) Represents potential threshold, target and maximum incentive compensation for the 2014 fiscal year under the EICP based on each officer's salary on the date the 2014 fiscal year targets were approved. The amounts actually paid for the 2014 fiscal year are described in the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table. The threshold is the minimum payment level under the EICP which is 50% of the target amount. There is no overall percentage maximum; however, awards paid to any individual pursuant to the EICP may not exceed \$4 million. See Compensation Discussion and Analysis at page 25 and the discussion following this table for more information on the EICP.

Discussion of Plan-Based Awards Table

Executive Incentive Compensation Plan. The EICP is intended to be a performance-based compensation plan under Section 162(m) of the Internal Revenue Code. The Company’s executive officers, as determined by the Compensation Committee of the Board of Directors, are eligible to participate in the EICP. At the beginning of each fiscal year, the Compensation Committee establishes a goal, which may be a range from a minimum to a maximum attainable bonus, based on one or more of the following measures:

Earnings	Return on invested capital
Earnings per share	Economic value added
Sales	Return on inventory
Market share	EBIT margin
Operating or net cash flows	Sales per square foot
Pre-tax profits	
Comparable store sales	
Earnings before interest and taxes (EBIT)	

The EICP provides that the goal may be different for different executives. The goals can change annually to support our business objectives. After the end of each fiscal year, the Compensation Committee must certify the attainment of goals under the EICP and direct the amount to be paid to each participant in cash. See Compensation Discussion and Analysis on page 25 for more information about the EICP.

Executive Stock Purchase Plan. The Executive Stock Purchase Plan permits participants to acquire AutoZone common stock in excess of the purchase limits contained in AutoZone’s Employee Stock Purchase Plan. Because the Executive Stock Purchase Plan is not required to comply with the requirements of Section 423 of the Internal Revenue Code, it has a higher limit on the percentage of a participant’s compensation that may be used to purchase shares (25%) and places no dollar limit on the amount of a participant’s compensation that may be used to purchase shares under the plan. For more information about the Executive Stock Purchase Plan, see Compensation Discussion and Analysis on page 25.

Stock Options. Stock options are awarded to many levels of management, including executive officers, to align the long-term interests of AutoZone’s management and our stockholders. During the 2014 fiscal year, 656 AutoZone employees received stock options. The stock options shown in the table were granted pursuant to the 2011 Equity Plan.

Both incentive stock options and non-qualified stock options, or a combination of both, can be granted under the 2011 Equity Plan. Incentive stock options have a maximum term of ten years, and non-qualified stock options have a maximum term of ten years and one day. Options granted during the 2014 fiscal year vest in one-fourth increments over a four-year period. All options granted under the 2011 Equity Plan have an exercise price equal to the fair market value of AutoZone common stock on the date of grant, which is defined as the closing price on the grant date. Option repricing is expressly prohibited by the terms of the 2011 Equity Plan.

Each grant of stock options is governed by the terms of a Stock Option Agreement entered into between the Company and the executive officer at the time of the grant. The Stock Option Agreements provide vesting schedules and other terms of the grants in accordance with the 2011 Equity Plan.

Under the 2011 Equity Plan, participants may receive equity-based compensation in the form of stock appreciation rights, restricted shares, restricted share units, dividend equivalents, deferred stock, stock payments, performance share awards and other incentive awards structured by the Compensation Committee and the Board within parameters set forth in the 2011 Equity Plan.

Table of Contents

The aggregate number of shares of AutoZone common stock available for equity grants pursuant to the 2011 Equity Plan will be reduced by two shares for every share delivered in settlement of an award other than (i) a stock option, (ii) a stock appreciation right or (iii) any other award for which the holder pays the intrinsic value existing as of the date of grant (such awards, Full Value Awards). To the extent that any award other than a Full Value Award is forfeited, expires or is settled in cash without the delivery of shares to the holder, then any shares subject to the award will again be available for the grant of an award pursuant to the 2011 Equity Plan; if such forfeited, expired or cash-settled award is a Full Value Award, then the number of shares available under the 2011 Equity Plan will be increased by two shares for each share subject to the award that is forfeited, expired or cash-settled. However, shares tendered or withheld in payment of the exercise price of an option or in satisfaction of any tax withholding obligations with respect to an award, shares subject to a stock appreciation right that are not issued in connection with the stock settlement of the stock appreciation right on exercise thereof, and shares purchased on the open market with the cash proceeds from the exercise of options, will not again be available for the grant of an award pursuant to the 2011 Equity Plan. Any shares of restricted stock repurchased by AutoZone at the same price paid by the participant, so that such shares are returned to AutoZone, will again be available for awards granted pursuant to the 2011 Equity Plan. The payment of dividend equivalents in cash in conjunction with any outstanding awards will not be counted against the shares available for issuance under the 2011 Equity Plan.

- (1) As the plan benefits were frozen as of December 31, 2002, there is no service cost and increases in future compensation levels no longer impact the calculations. The benefit of each participant is accrued based on a funding formula computed by our independent actuaries, Mercer. See Note L, Pension and Savings Plans, to our consolidated financial statements in our 2014 Annual Report for a discussion of our assumptions used in determining the present value of the accumulated pension benefits.

Table of Contents

Prior to January 1, 2003, substantially all full-time AutoZone employees were covered by a defined benefit pension plan, the AutoZone, Inc. Associates Pension Plan (the Pension Plan). The Pension Plan is a traditional defined benefit pension plan which covered full-time AutoZone employees who were at least 21 years old and had completed one year of service with the Company. The benefits under the Pension Plan were based on years of service and the employee's highest consecutive five-year average compensation. Compensation included total annual earnings shown on Form W-2 plus any amounts directed on a tax-deferred basis into Company-sponsored benefit plans, but did not include reimbursements or other expense allowances, cash or non-cash fringe benefits, moving expenses, non-cash compensation (regardless of whether it resulted in imputed income), long-term cash incentive payments, gain on exercise of stock options, payments under any insurance plan, payments under any weekly-paid indemnity plan, payments under any long term disability plan, nonqualified deferred compensation, or welfare benefits.

AutoZone also maintained a supplemental defined benefit pension plan for certain highly compensated employees to supplement the benefits under the Pension Plan as part of our Executive Deferred Compensation Plan (the Supplemental Pension Plan). The purpose of the Supplemental Pension Plan was to provide any benefit that could not be provided under the qualified plan due to IRS limitations on the amount of salary that could be recognized in the qualified plan. The benefit under the Supplemental Pension Plan is the difference between (a) the amount of benefit determined under the Pension Plan formula but using the participant's total compensation without regard to any IRS limitations on salary that can be recognized under the qualified plan, less (b) the amount of benefit determined under the Pension Plan formula reflecting the IRS limitations on compensation that can be reflected under a qualified plan.

In December 2002, both the Pension Plan and the Supplemental Pension Plan were frozen. Accordingly, all benefits to all participants in the Pension Plan were fixed and could not increase, and no new participants could join the plans.

Annual benefits to the Named Executive Officers are payable upon retirement at age 65. Sixty monthly payments are guaranteed after retirement. The benefits will not be reduced by Social Security or other amounts received by a participant. The basic monthly retirement benefit is calculated as 1% of average monthly compensation multiplied by a participant's years of credited service. Benefits under the Pension Plan may be taken in one of several different annuity forms. The actual amount a participant would receive depends upon the payment method chosen.

A participant in the Pension Plan is eligible for early retirement under the plan if he or she is at least 55 years old AND was either (a) a participant in the original plan as of June 19, 1976; or (b) has completed at least ten (10) years of service for vesting (i.e. years in which the participant worked at least 1,000 hours after becoming a Pension Plan participant). The early retirement date will be the first of any month after the participant meets these requirements and chooses to retire. Benefits may begin immediately, or the participant may elect to begin receiving them on the first of any month between the date he or she actually retires and the normal retirement date. If a participant elects to begin receiving an early retirement benefit before the normal retirement date, the amount of the accrued benefit will be reduced according to the number of years by which the start of benefits precedes the normal retirement date.

Messrs. Rhodes and Graves are participants in the Pension Plan and the Supplemental Pension Plan. No Named Executive Officers received payment of a retirement benefit in fiscal 2014.

(1) Represents contributions by the Named Executive Officers under the AutoZone, Inc. Executive Deferred Compensation Plan (the "EDCP"). Such contributions are included under the appropriate Salary and Non-Equity Incentive Plan Compensation columns for the Named Executive Officers in the Summary Compensation Table.

(2) Represents matching contributions by the Company under the EDCP. Such contributions are included under the All Other Compensation column for the Named Executive Officers in the Summary Compensation Table.

(3) Represents the difference between the aggregate balance at end of fiscal 2014 and the end of fiscal 2013, excluding (i) contributions made by the executive officer and the Company during fiscal 2014 and (ii) any withdrawals or distributions during fiscal 2014. None of the earnings in this column were included in the Summary Compensation Table because they were not preferential or above market.

Officers of the Company with the title of vice president or higher based in the United States are eligible to participate in the EDCP after their first year of employment with the Company. As of August 30, 2014, there were 47 such officers of the Company. The EDCP is a nonqualified plan that allows officers to make a pretax deferral of base salary and bonus compensation. Officers may defer up to 25% of base salary and up to 75% of bonus compensation. The Company match is calculated based on 100% of the first 3% of deferred compensation and 50% of the next 2% deferred, less the maximum value of the Company match available generally to participants in AutoZone's 401(k) Plan. Participants may select among various mutual funds in which to invest their deferral accounts. Participants may elect to receive distribution of their deferral accounts at retirement or starting in a specific future year of choice before or after anticipated retirement (but not later than the year in which the participant reaches age 75). If a participant's employment with AutoZone terminates other than by retirement or death, the account balance will be paid in a lump sum payment six months after termination of employment. There are provisions in the EDCP for withdrawal of all or part of the deferral account balance in the event of an extreme and unforeseen financial hardship.

Table of Contents**POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL**

Our Named Executive Officers may receive certain benefits if their employment terminates under specified circumstances. These benefits derive from Company policies, plans, agreements and arrangements described below.

Agreement with Mr. Rhodes

In February 2008, Mr. Rhodes and AutoZone entered into an agreement (the Agreement) providing that if Mr. Rhodes' employment is terminated by the Company without cause, he will receive severance benefits consisting of an amount equal to 2.99 times his then-current base salary, a lump sum prorated share of any unpaid annual bonus incentive for periods during which he was employed, and AutoZone will pay the cost of COBRA premiums to continue his medical, dental and vision insurance benefits for up to 18 months to the extent such premiums exceed the amount Mr. Rhodes had been paying for such coverage during his employment. The Agreement further provides that Mr. Rhodes will not compete with AutoZone or solicit its employees for a three-year period after his employment with AutoZone terminates.

Executive Officer Agreements (Messrs. Giles, Finestone, Graves and Roesel)

AutoZone's executive officers who do not have written employment agreements, including Messrs. Giles, Finestone, Graves and Roesel, have entered into agreements (Severance and Non-Compete Agreements) with the Company providing that if their employment is involuntarily terminated without cause, and if they sign an agreement waiving certain legal rights, they will receive severance benefits in the form of salary continuation for a period of time ranging from 12 months to 24 months, depending on their length of service at the time of termination. Mr. Giles presently has eight years of service, Mr. Finestone has 12 years of service, Mr. Graves has 21 years of service and Mr. Roesel has 7 years of service.

Years of Service	Severance Period
Less than 2	12 months
2 – less than 5	18 months
5 or more	24 months

The executives will also receive a lump sum prorated share of their annual bonus incentive when such incentives are paid to similarly-situated executives. Medical, dental and vision insurance benefits generally continue through the severance period up to a maximum of 18 months, with the Company paying the cost of COBRA premiums to the extent such premiums exceed the amount the executive had been paying for such coverage. An appropriate level of outplacement services may be provided based on individual circumstances.

The Severance and Non-Compete Agreement further provides that the executive will not compete with AutoZone or solicit its employees for a two-year period after his or her employment with AutoZone terminates.

Equity Plans

All outstanding, unvested stock options, including those held by the Named Executive Officers, will vest immediately upon the option holder's death pursuant to the terms of the stock option agreements.

Unvested share options under our Executive Stock Purchase Plan, which normally are subject to forfeiture if a participant's employment terminates prior to the first anniversary of their acquisition, will vest immediately if the termination is by reason of the participant's death, disability, termination by the Company without cause, or retirement on or after the participant's normal retirement date. The plan defines disability, cause, and normal retirement date.

Under Mr. Rhodes' Performance-Based Restricted Stock Units Award Agreement, described on page 31, any Restricted Stock Units that have been earned (i.e., the performance conditions have been met) but have not become vested, will become vested and will be paid in shares of AutoZone common stock as soon as practicable.

Table of Contents

after the date of Mr. Rhodes' termination of employment by the Company without cause (as defined in the award agreement) or due to his death or disability. The Restricted Stock Units were earned November 25, 2013, when AutoZone's stock price closed at or above the \$461.12 target for the fifth consecutive trading day. The Restricted Stock Units will vest on October 1, 2015, only if Mr. Rhodes is employed by AutoZone through October 1, 2015.

Life Insurance

AutoZone provides all salaried employees in active full-time employment in the United States a company-paid life insurance benefit in the amount of two times annual earnings. Annual earnings exclude stock compensation and gains realized from stock option exercises, but include salary and incentive compensation received. Additionally, salaried employees are eligible to purchase additional life insurance subject to insurability above certain amounts. The maximum benefit of the company-paid and the additional coverage combined is \$5,000,000. All of the Named Executive Officers are eligible for this benefit.

Disability Insurance

All full-time officers at the level of vice president and above are eligible to participate in two executive long-term disability plans. Accordingly, AutoZone purchases individual disability policies for its executive officers that pay 70% of the first \$7,143 of insurable monthly earnings in the event of disability. Additionally, the executive officers are eligible to receive an executive long-term disability plan benefit in the amount of 70% of the next \$35,714 of insurable monthly earnings to a maximum benefit of \$25,000 per month. AutoZone purchases insurance to cover this plan benefit. These two benefits combined provide a maximum benefit of \$30,000 per month. The benefit payment for these plans may be reduced by deductible sources of income and disability earnings.

Table of Contents

The following table shows the amounts that the Named Executive Officers would have received if their employment had been terminated under specified circumstances on August 30, 2014. This table does not include amounts related to the Named Executive Officers' vested benefits under our deferred compensation and pension plans or pursuant to stock option awards, all of which are described in the tables above.

Related Party Transactions

Our Board has adopted a Related Person Transaction Policy (the Policy) which requires the Audit Committee of the Board to review and approve or ratify all Related Person Transactions. The Audit Committee is to consider all of the available relevant facts and circumstances of each transaction, including but not limited to the benefits to the Company; the impact on a director's independence in the event the Related Person is a director, an immediate family member of a director or an entity in which a director is a partner, shareholder or executive officer; the availability of other sources for comparable products or services; the terms of the transaction; and the terms available to unrelated third parties generally. Related Person Transactions must also comply with the policies and procedures specified in our Code of Ethics and Business Conduct and Corporate Governance Principles, as described below.

The Policy also requires disclosure of all Related Person Transactions that are required to be disclosed in AutoZone's filings with the Securities and Exchange Commission, in accordance with all applicable legal and regulatory requirements.

A Related Person Transaction is defined in the Policy as a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) that occurred since the beginning of the Company's most recent fiscal year in which the Company (including any of its subsidiaries) was, is or will be a participant and the amount involved exceeds \$120,000 and in which any Related Person had, has or will have a direct or indirect material interest. Related Persons include a director or executive officer of the Company, a nominee to become a director of the Company, any person known to be the beneficial owner of more than 5% of any class of the Company's voting securities, any immediate family member of any of the foregoing persons, and any firm, corporation or other entity in which any of the foregoing persons is employed or is a partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest.

Our Board has adopted a Code of Business Conduct (the Code of Conduct) that applies to the Company's directors, officers and employees. The Code of Conduct prohibits directors and executive officers from engaging in activities that create conflicts of interest, taking corporate opportunities for personal use or competing with the Company, among other things. Our Board has also adopted a Code of Ethical Conduct for Financial Executives (the Financial Code of Conduct) that applies to the Company's officers and employees who hold the position of principal executive officer, principal financial officer, principal accounting officer or controller

as well as to the Company's officers and employees who perform similar functions (Financial Executives). The Financial Code of Conduct requires the Financial Executives to, among other things, report any actual or apparent conflicts of interest between personal or professional relationships involving the Company's management or any other Company employee with a role in financial reporting disclosures or internal controls. Additionally, our Corporate Governance Principles require each director who is faced with an issue that presents, or may give the appearance of presenting, a conflict of interest to disclose that fact to the Chairman of the Board and the Secretary, and to refrain from participating in discussions or votes on such issue unless a majority of the Board determines, after consultation with counsel, that no conflict of interest exists as to such matter.

We have concluded there are no material related party transactions or agreements that were entered into during the fiscal year ended August 30, 2014 and through the date of this proxy statement requiring disclosure under these policies.

EXHIBIT A

AUTOZONE, INC.

2015 EXECUTIVE INCENTIVE COMPENSATION PLAN

1. Purpose

The AutoZone, Inc. 2015 Executive Incentive Compensation Plan (Plan) is designed to provide incentives to eligible employees of AutoZone, Inc. (the Company) and its affiliates who have significant responsibility for the success and growth of the Company and assist the Company in attracting, motivating, and retaining key employees on a competitive basis. The Plan is designed to ensure that the incentive awards payable pursuant to this Plan to eligible employees of the Company and its affiliates constitute qualified performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). This Plan is subject to approval by the Company s stockholders pursuant to 26 C.F.R. § 1.162-27(e)(4)(vi) at the annual meeting to be held on December 18, 2014, and shall be effective for Performance Periods (as defined below) beginning on or after the first day of the 2015 fiscal year; provided, however, that if the stockholders do not approve the Plan at such meeting, the Plan shall not become effective.

2. Administration of the Plan

The Plan shall be administered by the Compensation Committee of the Board of Directors of the Company (Committee). The Committee shall be appointed by the Board of Directors of the Company and shall consist solely of two or more outside directors of the Company within the meaning of 26 C.F.R. § 1.162-27(e)(3). The Committee shall have the sole discretion and authority to administer and interpret the Plan, including, without limitation, the authority to prescribe, amend and rescind rules, regulations and procedures relating to its administration and to make all other determinations necessary or advisable for administration of the Plan, in accordance with Code Section 162(m). The Committee s interpretations of the Plan, and all actions taken and determinations made by the Committee pursuant to the powers vested in it hereunder, shall be conclusive and binding on all parties concerned, including the Company, its stockholders and any person receiving an incentive award under the Plan.

3. Eligibility

The individuals entitled to participate in the Plan for any performance period established by the Committee (the Performance Period) shall be each of those key employees of the Company or its affiliates as designated in writing by the Committee, in its sole discretion, who is or may become a covered employee within the meaning of Code Section 162(m) and whose compensation for the fiscal year in which such employee is so designated or a future fiscal year may be subject to the limit on deductible compensation imposed by Code Section 162(m). No participant or other employee shall, at any time, have a right to participate in the Plan for any Performance Period, notwithstanding having previously participated in the Plan.

4. Incentive Awards

The Committee shall approve the performance goals with respect to any business criteria permitted under the Plan (collectively, the Performance Goals), each subject to adjustments as the Committee may specify in writing at such time, and shall establish a formula, standard or schedule which aligns the level of achievement of the Performance Goals with the earned incentive award for each participant. The Performance Goals must be achieved in order for an incentive award to be earned by a participant under the Plan. The Committee shall approve the Performance Goals within the first 90 days of the Performance Period, but in no event after 25 percent of the Performance Period has elapsed, and the Performance Goals may not be changed during the Performance Period, but the thresholds, targets and/or multiplier measures of the Performance Goals shall be subject to such adjustments as the Committee may specify in writing within the first 90 days of the Performance Period, but in no event after 25 percent of the Performance Period has elapsed.

Table of Contents

The Performance Goals shall be based on the Company, a subsidiary or division, attaining any one or more of the following:

- (a) earnings (including net income);
- (b) earnings per share (including diluted earnings per share);
- (c) sales;
- (d) market share;
- (e) operating or net cash flows;
- (f) pre-tax profits;
- (g) earnings before interest and taxes (EBIT);
- (h) return on invested capital;
- (i) economic value added;
- (j) return on inventory;
- (k) EBIT margin;
- (l) gross profit margin;
- (m) economic profit;
- (n) net operating profit after tax;
- (o) earnings before interest, taxes, depreciation and amortization (EBITDA);
- (p) sales per square foot; or
- (q) comparable store sales (including same store sales).

Different measures of goal attainment may be set for different participants, and the Performance Goal may be a single goal or a range with a minimum goal up to a maximum goal, with corresponding increases in the incentive award up to the maximum award, each as determined by the Committee, in its sole discretion, and subject to the requirements of the Plan.

The Committee may, in its sole discretion, approve one or more of the following adjustments to the Performance Goals, provided, that such adjustments are approved by the Committee within the time prescribed by, and otherwise in compliance with, Code Section 162(m): the effect of one-time charges and extraordinary events such as asset write-downs, litigation judgments or settlements, changes in tax laws, accounting principles or other laws or provisions affecting reported results, accruals for reorganization or restructuring, and any other extraordinary non-recurring items, acquisitions or divestitures and any foreign exchange gains or losses.

Payment of an earned incentive award will be made in cash. Upon completion of each Performance Period, once all of the information necessary for the Committee to determine the Company's performance is made available to the Committee, the Committee shall review performance versus the established Performance Goal(s), and shall certify (either by written consent or as evidenced by the minutes of a meeting) the specified Performance Goals achieved for the Performance Period (if any), and direct which award payments are payable under the Plan, if any. No payment will be made if the minimum Performance Goal(s) with respect to a Performance Period are not met. The Committee may, in its discretion, reduce or eliminate an individual's award that would have been otherwise paid with respect to a Performance Period; provided, however, that in no event shall the Committee increase the amount of compensation that would otherwise be due upon attainment of any Performance Goal with respect to any individual who is a covered employee within the meaning of Code Section 162(m). Notwithstanding the

foregoing, no individual may receive in any one fiscal year an award under the Plan of an amount greater than \$4 million.
