Item 8.01. Other Events.

Holdings is filing this Current Report on Form 8-K in order to make publicly available certain audited and unaudited historical financial information of Seller's Broadband Network Solutions business and unaudited pro forma financial information of Holdings reflecting the Acquisition described in Items 9.01(a) and (b) below and incorporated by reference herein.

The Acquisition is expected to close by the end of 2015 subject to consummation of contemplated financing, regulatory approvals and other customary closing conditions. These and the risks associated with the closing of the Acquisition are discussed in greater detail in Holdings' Annual Report on Form 10-K filed with the Securities and Exchange Commission.

Additionally, Holdings is providing the following financial information regarding Seller's Broadband Network Solutions business for the three-month periods ended December 27, 2013 and December 26, 2014, the fiscal year ended September 26, 2014 and the twelve months ended December 26, 2014 (\$ in millions):

As calculated, these non-GAAP measures may not be comparable to other similarly titled measures of other companies. In addition, the Company's management believes that these non-GAAP financial measures allow investors to compare period to period more easily by excluding items that could have a disproportionately negative or positive impact on results in any particular period.

The Company expects to realize more than \$150 million in annual synergies beginning in the third year following closing, with more than \$50 million in the first full year. These synergies are expected to come from all areas of the company, including sales, marketing, general and administrative, operations and research and development. The Company expects to incur integration and restructuring costs of approximately \$125-175 million to achieve these synergies.
