The Company delivered solid underlying financial results across all three segments of its business in 2017. Full year core earnings were \$1.74 per diluted share. In addition, Horace Mann achieved broad-based increases in new business sales and solid policy retentions in 2017. However, Total Shareholder Return was 5.9% in 2017 underperforming key insurance and general market indices that the Company outperformed the prior year.

*Excluding the fair value adjustment for investments and including, for 2017, a \$1.20 benefit related to the passage of the Tax Cuts and Jobs Act of 2017.

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (the Board) of Horace Mann Educators Corporation (HMEC, the Company or Horace Mann) of proxies (that is, the authority to vote shares) from holders of the Company's common stock, par value \$.001 per share (Common Stock). The proxies will be voted at the Annual Meeting of Shareholders to be held on Wednesday, May 23, 2018 at 9:00 a.m. Central Daylight Saving Time at the Horace Mann Lincoln Auditorium, 1 Horace Mann Plaza, Springfield, Illinois 62715 and at any adjournment or postponement thereof (the Annual Meeting).

The mailing address of the Company is 1 Horace Mann Plaza, Springfield, Illinois 62715-0001 (telephone number 217-789-2500). This Proxy Statement and the proxy card are first being made available to shareholders of the Company (Shareholders) on or about April 6, 2018.

The Board has fixed the close of business on March 27, 2018 as the record date (the Record Date) for determining the Shareholders entitled to receive notice of and to vote at the Annual Meeting. At the close of business on the Record Date, an aggregate of 40,883,981 shares of Common Stock were issued and outstanding, each share entitling the holder thereof to one vote on each matter to be voted upon at the Annual Meeting. The presence, in person or by proxy, of

the holders of a majority of such outstanding shares entitled to vote at the Annual Meeting is necessary to constitute a quorum for the transaction of business at the Annual Meeting. The Company, through bankers, brokers or other persons, also intends to make a solicitation of beneficial owners of Common Stock.

At the Annual Meeting, Shareholders will be asked to: (1) elect nine Directors named in the Proxy Statement to hold office until the next Annual Meeting of Shareholders and until their respective successors have been duly elected and qualified; (2) approve the advisory resolution to approve Named Executive Officers (as defined on page 18 below) compensation; and (3) ratify the appointment of KPMG LLP, an independent registered public accounting firm, as the Company's auditors for the year ending December 31, 2018.

Shareholders may also be asked to consider and take action with respect to such other matters as may properly come before the Annual Meeting.

How to Vote

- (1) *Via Internet:* Go to www.proxyvote.com to vote via the Internet. You will need to follow the instructions on your Notice of Internet Availability of Proxy Materials (Notice) or proxy card and the website. If you vote via the Internet, you may incur telephone and Internet access charges.
- (2) *By Telephone:* Call the toll-free telephone number on the proxy card or the website to vote by telephone. You will need to follow the instructions and the voice prompts.
- (3) *By Mail:* Request, complete and return a paper proxy card, following the instructions on your Notice.
- (4) *In Person:* Attend the Annual Meeting, or send a personal representative with an appropriate proxy, to vote by ballot.

If you vote via the Internet or by telephone, your electronic vote authorizes the named proxies in the same manner as if you signed, dated and returned your proxy card. **If you vote via the Internet or by telephone, do not return your proxy card.**

If your shares are held in street name (that is, in the name of a bank, broker or other holder of record), you will receive a Notice containing instructions from the holder of record that you must follow in order for your shares to be voted. Internet and/or telephone voting also will be offered to Shareholders owning shares through most banks and brokers.

Participants in the Company's stock fund within the Horace Mann 401(k) Plan can direct the trustee to vote their shares via the Internet as directed in the Notice, by telephone as provided on the website or proxy card, or by signing and returning a proxy card.

Voting Rules

Solicitation and Revocation

Your proxy is being solicited by and on behalf of the Board. The persons named in the Form of Proxy have been designated as proxies by the

Board. Such persons are Directors of the Company.

Shares of Common Stock represented at the Annual Meeting by a properly executed and returned proxy will be voted at the Annual Meeting in accordance with the instructions noted thereon, or if no instructions are noted, the proxy will be voted in favor of the proposals set forth in the Notice of Annual Meeting. A submitted proxy is revocable by a Shareholder at any time prior to it being voted, provided that such Shareholder gives written notice to the Corporate Secretary at or prior to the Annual Meeting that such Shareholder intends to vote in person or by submitting a subsequently dated proxy. Attendance at the Annual Meeting by a Shareholder who has given a proxy shall not in and of itself constitute a revocation of such proxy.

Further solicitation may be made by officers and other employees of the Company personally, by telephone or otherwise, but such persons will not be specifically compensated for such services. Banks, brokers, nominees and other custodians and fiduciaries will be reimbursed for their reasonable out-of-pocket expenses in forwarding soliciting material to their principals, the beneficial owners of Common Stock. The costs of soliciting proxies will be borne by the Company. It is estimated these costs will be nominal.

Shareholder Approval

Shareholders are entitled to one vote per share of Common Stock on all matters submitted for consideration at the Annual Meeting. Under the Company's Bylaws, the affirmative vote of a majority of the shares of Common Stock represented in person or by proxy at the Annual Meeting is required for the election of Directors, approval of the advisory resolution to approve Named Executive Officers' compensation, and the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2018.

Abstentions have the same effect as a vote against approval of the matter.

Please note that under New York Stock Exchange (NYSE) rules, brokers who hold

Table of Contents

shares of Common Stock in street name for customers have the authority to vote on certain items when they have not received instructions from beneficial owners. With respect to the matters to come before the Annual Meeting, if brokers are not entitled to vote without instructions and therefore cast broker non-votes, the broker non-votes will have no direct effect on the outcome of the vote. However, because each matter requires a majority vote of the outstanding shares present and entitled to vote, a broker non-vote will indirectly work against the matter for which a broker non-vote is cast.

For this Annual Meeting, if you do not give specific instructions, your broker may cast your

vote in its discretion on only Proposal No. 3 - Ratification of Independent Registered Public Accounting Firm.

Other Matters

Other than the matters set forth below, the Board has not received any Shareholder proposal by the deadline prescribed by the rules of the Securities and Exchange Commission (SEC), and otherwise knows of no other matters to be brought before the Annual Meeting. However, should any other matters properly come before the meeting, the persons named in the Form of Proxy will vote or refrain from voting thereon at their discretion.

PROPOSAL NO. 1 - ELECTION OF NINE DIRECTORS

The Bylaws of the Company provide for the Company to have not less than five or more than fifteen Directors. The following nine persons currently are serving as Directors of the Company (Directors): Daniel A. Domenech, Stephen J. Hasenmiller, Ronald J. Helow, Beverley J. McClure, H. Wade Reece, Gabriel L. Shaheen, Robert Stricker, Steven O. Swyers and Marita Zuraitis. The terms of these Directors expire at the Annual Meeting.

Board Qualifications

The Board of Directors believes it is necessary for each of the Directors to possess a variety of qualities and skills. The Nominating & Governance Committee conducts all necessary and appropriate inquiries into the background and qualifications of Board candidates including the determination of independence. In addition, the Nominating & Governance Committee has identified areas of expertise that it believes support the Company's business strategy in the short and long-term, enable the Board to exercise its oversight function and contribute to a well-rounded Board.

The list below highlights certain key qualifications and experience of our current Board.

Board Diversity, Age and Tenure

The Nominating & Governance Committee does not have a formal diversity policy; however, the Board and the Nominating & Governance Committee believe that it is important that the Board be comprised of individuals with expertise in fields relevant to the Company's business, experience from different professions, a diversity of age, ethnicity and gender, and a range of tenures.

The Nominating & Governance Committee is responsible for reviewing with the Board, on an annual basis, the requisite skills and characteristics of new Board members as well as the composition of the Board as a whole. This assessment includes consideration of experience, perspective, background, skill sets, age, ethnicity, and gender makeup of the current Board as well as the candidate's individual qualities in leadership, character judgment and ethical standards.

Table of Contents

The Nominating & Governance Committee believes our Board Nominees (as identified below) represent a diverse base of perspectives and reflect the diversity of the Company's employees, customers and Shareholders, as well as an appropriate level of age and tenure, as further illustrated below.

Board Refreshment

The Board and Nominating & Governance Committee regularly consider the long-term make up of the Board and how the members of the Board change over time. The Board and Nominating & Governance Committee understand the importance of Board refreshment and strive to balance the knowledge that comes from longer-term service on the Board with the new experience, ideas and energy that can come from adding directors to the Board. Directors who are 75 years of age or older may not stand for election in the absence of a specific finding by the Board that there are special circumstances to justify an exception, which supports Board refreshment.

As Horace Mann continues to focus on profitable growth across all lines of business, the ongoing transformation of its technology and operations, and exploring inorganic growth opportunities, we will continue to consider Board refreshment opportunities.

The proxies solicited by and on behalf of the Board will be voted FOR the election of the Board Nominees unless you specify otherwise. The Company has no reason to believe that any of the foregoing Board Nominees is not available to serve or will not serve if elected, although in the unexpected event that any such Board Nominee should become unavailable to serve as a Director, full discretion is reserved to the persons named as proxies to vote for such other persons as may be nominated, or the Board may reduce the size of the Board. Each Director will serve until the next Annual Meeting of Shareholders and until his or her respective successor is duly elected and qualified.

The **Investment & Finance Committee** approves investment strategies, monitors the performance of investments made on behalf of the Company and its subsidiaries, and oversees

issues and decisions relating to the Company's capital structure.

The **Audit Committee** oversees the accounting and financial reporting process, audits of the financial statements, and internal operating controls of the Company. It meets with both the Company's management and the Company's independent registered public accounting firm. Each of the current members of this Committee is independent under the independence standards of the NYSE applicable to audit committee members. No Audit Committee member serves on the audit committee of more than three other publicly traded companies. The Board has determined that Mr. Swyers, the Chair of our Audit Committee, is a financial expert. Mr. Swyers retired in 2013 from PricewaterhouseCoopers LLP, a public accounting firm, after a 40 year career where he served as the lead engagement partner on many national and international companies, including those in the financial services industry. He also held various leadership positions including leader of the Central Region's consumer and industrial products business segment and managing partner of their St. Louis practice.

The **Customer Experience & Technology Committee** is an ad hoc committee formed by the Board during 2013. The Committee oversees the Company's goals and strategies related to improving and managing the customer experience, as well as the development and implementation of the Company's technology strategies.

Corporate Governance**Director Independence**

The Company's Corporate Governance Principles require that the Board consist of a majority of directors who meet the criteria for independence required by the listing standards of the NYSE. Based on the independence requirements of the NYSE and after reviewing any relationships between the Directors and the Company or its management (either directly or indirectly, including as a partner, shareholder or officer of an organization that has a relationship with the Company or its management) that could impair, or appear to impair, the Director's ability to make independent judgments, the Board determined that none of its non-employee Directors have a material relationship with the Company, and therefore all of these Directors are independent. These independence determinations are analyzed at

least annually in both fact and appearance to promote arms-length oversight. The current non-employee Directors are Dr. Domenech, Mr. Hasenmiller, Mr. Helow, Ms. McClure, Mr. Reece, Mr. Shaheen, Mr. Stricker and Mr. Swyers.

Board Leadership Structure

The Board is committed to strong, independent Board leadership and believes that objective

oversight of management is a critical aspect of effective corporate governance. Accordingly, the Board currently has two separate individuals holding the offices of Chairman and Chief Executive Officer, and the position of Chairman is held by an independent Director. The Board of Directors believes that having an independent Director serve as Chairman is in the best interest of the Company at this time as this structure provides a greater role for the independent Directors in the oversight of the Company. However, as described in the Company's Corporate Governance Principles, this situation can change in the future to permit one individual to hold both positions, if the Board deems it to be in the best interests of the Company at a given time.

Board's Role in Risk Oversight

The Board of Directors is responsible for overseeing the processes that management has established for assessing and managing risk. In addition, the Board has delegated oversight of certain categories of risk to designated Board committees. In performing their oversight responsibilities, the Board and relevant committees regularly discuss with management the Company's policies with respect to risk

Table of Contents

assessment and risk management. The committees report to the Board regularly on matters relating to the specific areas of risk the committees oversee.

In addition, the Company has established an internal Enterprise Risk Management (ERM) Committee, which is composed of certain members of senior management including the President and Chief Executive Officer; Chief Financial Officer; Chief Human Resources Officer; Chief Information Officer; General Counsel and Chief Compliance Officer; and the heads of Field Operations and Distribution, Business Development and the Life & Retirement and Property & Casualty divisions. The ERM Committee is chaired by the Chief Financial Officer of the Company. Throughout the year, the Board and the relevant Board committees receive regular reports from the ERM Committee and its chairman regarding major risks and exposures facing the Company and the steps management has taken to monitor and control such risks and exposures. In addition, throughout the year, the Board and the relevant Board committees dedicate a portion of their meetings to review and discuss specific risk topics in greater detail.

Also, in light of ongoing threats to corporate cybersecurity, the Board and relevant Board Committees receive regular reports from the Chief Information Officer of the Company regarding cybersecurity risks and the steps management has taken to monitor and control such risks. The Audit Committee dedicates a portion of their meetings to review and discuss the Company's cybersecurity program.

Code of Ethics, Code of Conduct and Corporate Governance Principles

The Company has adopted a Code of Ethics and a Code of Conduct applicable to all employees, including the Chief Executive Officer, Chief Financial Officer, Controller and Directors (in their capacity as Directors of the Company). The Company has also adopted Corporate Governance Principles. The Codes and Principles are available on the Company's website at www.horacemann.com, under Investors - Corporate Overview - Governance Documents. A printed copy of the Codes and

Principles may be obtained by Shareholders upon written request, addressed to Investor Relations, Horace Mann Educators Corporation, 1 Horace Mann Plaza, C-120, Springfield, Illinois 62715-0001.

Corporate Social Responsibility

Horace Mann works hard to be a responsible corporate citizen, and is guided by its high standards and mission to serve educators across the country. Horace Mann's Corporate Social Responsibility Report provides an in-depth view of the ways in which Horace Mann has a positive impact on its customers, employees, Shareholders and the communities in which Horace Mann does business. The Board encourages Shareholders to review the Corporate Social Responsibility Report which is available on the Company's website at www.horacemann.com, under Investors - Corporate Overview - Corporate Social Responsibility.

Director Education

Each Director is required to participate in at least one education program every two years and may choose to participate in up to two education programs in a two-year period at the Company's expense. All Directors are in compliance with this requirement.

Communications with Directors

The Company has established various processes to facilitate communications with the Board by Shareholders and other interested parties. Communications to non-employee Directors as a group or to the Chairman of the Board or to

an individual Director may be submitted via regular mail addressed to the Board of Directors, c/o the Corporate Secretary, Horace Mann Educators Corporation, 1 Horace Mann Plaza, Springfield, Illinois 62715-0001. Additionally, communications may be emailed to the Board of Directors, c/o the Corporate Secretary at hmebofd@horacemann.com.

Compensation Committee Interlocks and Insider Participation

There are no Compensation Committee interlocks between the Company and other entities involving the Company's Executive Officers and Directors who serve as executive

officers or directors of such other entities. During 2017, no member of the Compensation Committee was a current or former officer or employee of the Company.

Review, Approval or Ratification of Transactions with Related Persons

The Board reviews issues involving potential conflicts of interest of its members and is responsible for reviewing and approving all related party transactions. The Board does not have a formal related party transaction policy but it considers each related party transaction individually.

Related Person Transactions

BlackRock, Inc. (BlackRock), which owns beneficially more than 5% of the issued and outstanding shares of Common Stock, provides investment risk management services to the Company and has done so for more than 10 years. In 2017, the Company paid approximately \$524,809 in fees to BlackRock associated with the Company's use of analytical software owned by BlackRock. Other than the BlackRock relationship, the Company does not have any contracts or other transactions with related parties that are required to be reported under the applicable securities laws and regulations.

PROPOSAL NO. 2 - ADVISORY RESOLUTION TO APPROVE NAMED EXECUTIVE OFFICERS COMPENSATION

The Board is asking Shareholders to approve an advisory resolution to approve the compensation of the Company's Chief Executive Officer, Chief Financial Officer and the other three highest compensated Executive Officers employed at the end of 2017 (collectively the Named Executive Officers or NEOs) as reported in this Proxy Statement. The Compensation Committee has structured our NEOs' compensation program as described below under Compensation Discussion and Analysis.

The Board recommends that Shareholders read the Compensation Discussion and Analysis (CD&A) included in this Proxy Statement,

which describes in more detail how our Executive Compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and other related compensation tables and narrative included within the CD&A, which provide detailed information on the compensation of our NEOs. The Compensation Committee and the Board of Directors believe that the policies and procedures articulated in the CD&A are effective in achieving our goals.

In accordance with Section 14(a) of the Securities Exchange Act, and as a matter of good corporate governance, the Board is asking Shareholders to approve the following advisory resolution at the 2018 Annual Meeting:

RESOLVED, that the Shareholders of Horace Mann Educators Corporation (the Company) approve, on an advisory basis, the compensation of the Company's Named Executive Officers disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables, notes and narrative in the Proxy Statement for the Company's 2018 Annual Meeting of Shareholders.

This advisory resolution, commonly referred to as a Say on Pay resolution, is non-binding on the Board of Directors. Although non-binding, the Board and the Compensation Committee will review and consider the voting results when making future decisions regarding our NEOs' compensation program.

The Board has adopted a policy providing for an annual advisory vote to approve NEOs' compensation. Unless the Board modifies its policy on the frequency of holding such advisory votes, the next advisory vote will occur at the Company's 2019 Annual Meeting of Shareholders.

The Board recommends that Shareholders vote FOR the approval of the advisory resolution to approve Named Executive Officers' compensation.

Compensation Discussion and Analysis

In this section, we describe the material components of our executive compensation program for our NEOs, whose compensation is displayed in the 2017 Summary Compensation Table and the other compensation tables contained in this Proxy Statement. We also provide an overview of our executive compensation philosophy and we explain how and why the Compensation Committee of our Board (the Committee) arrives at specific compensation policies and decisions.

Our 2017 NEOs are our Chief Executive Officer (CEO), Chief Financial Officer (CFO) and the three of our most highly compensated Executive Officers employed at the end of 2017:

Marita Zuraitis, President and CEO;

Bret A. Conklin, Executive Vice President and CFO*;

Matthew P. Sharpe, Executive Vice President, Life & Retirement and Business Development;

William J. Caldwell, Executive Vice President, Property & Casualty and Customer Engagement; and

Donald M. Carley, Senior Vice President, General Counsel, Corporate Secretary, and Chief Compliance Officer

**Note Regarding Chief Financial Officer*

On Feb. 3, 2017, our Executive Vice President and Chief Financial Officer, Dwayne D. Hallman, passed away. Bret A. Conklin was named Acting CFO on January 30, 2017, and was named Executive Vice President and Chief Financial Officer on April 13, 2017. Because Mr. Conklin was our CFO for the majority of 2017, we will include the compensation and pay decisions made with respect to him when discussing the compensation of our NEOs throughout this section. Compensation for Mr. Hallman is included in the 2017 Summary Compensation Table and other compensation tables contained in this Proxy Statement. We believe that this approach provides our Shareholders with a representative view of our pay programs with respect to our NEOs.

Total Shareholder Return was 5.9% in 2017 underperforming key insurance and general market indices that the Company outperformed the prior year.

Pay Governance

Oversight

The Committee oversees our executive compensation program. The current members of the Committee are Mr. Hasenmiller, Ms. McClure, and Mr. Shaheen. Mr. Hasenmiller serves as the Committee Chair. Consistent with the listing standards of the NYSE, the Committee is composed entirely of independent Directors.

The Committee retained Compensation Advisory Partners LLC (CAP) as independent compensation consultants. CAP provides information and advice on the competitive market for executive talent, evolving market practices in our industry and the general employment market, regulatory and other external developments, and our executive compensation philosophy and incentive program design. In this way, CAP assists the Committee with ongoing education. Also, Committee members comply with Directors' education requirement to help ensure each remains up to date on current issues relevant to the Company and its business.

The CAP consultants report directly to the Committee, attend the Committee meetings and portions of executive sessions of the Committee at the Chair's request (generally with the Board's outside legal counsel, but without management present). CAP serves at the pleasure of the Committee, and performs no services for management. CAP works with management to obtain necessary data and perspectives on the Company's strategic objectives, business environment, corporate culture, performance, and other relevant factors. This information is used by CAP to formulate its recommendations related to competitive compensation performance targets and overall design. CAP's findings and recommendations are reported directly to the Committee. The services provided by CAP during 2017 are described in more detail throughout this CD&A. Pursuant to regulatory requirements, the Committee assessed CAP's independence (along with that of its other direct and indirect

Table of Contents

consultants and advisors) in 2017 and concluded that CAP's work did not raise any conflicts of interest. In addition, the Committee has the authority to hire other experts and advisors as it deems necessary.

Management also supports the Committee by providing analysis and recommendations. When setting levels of executive compensation, the Committee requests, receives, and considers the recommendations of the CEO regarding the performance of her direct reports and other Executive Officers. Members of management also attend and contribute to Committee meetings as relevant to the Committee agenda.

The Committee discusses its fundamental views on compensation and guiding principles, as well as its expectations of the CEO's performance and annual goals, with the CEO and subsequently proposes the CEO's goals to the Board for approval. The Committee does not include the CEO or other members of management in its discussions with CAP on the CEO's compensation, nor does the CEO or management participate in the Committee's recommendation to the Board on the CEO's compensation.

Say on Pay

At the 2017 Annual Meeting of Shareholders, 70.3% of Shareholders voted, on an advisory basis, to ratify the NEOs compensation. This Say on Pay advisory vote reflected a significant decrease from the near-unanimous Shareholder support received from the 2011 through 2016 Say on Pay advisory votes (average of 97% in favor). The percentage of Shareholders who voted in favor of the 2017 NEO compensation was lower than the Committee and Board desired. Accordingly, we wanted to provide our Shareholders with additional information and context on how we are addressing the reduced 2017 affirmative Say on Pay advisory vote.

We take this decline in our Say on Pay advisory vote seriously. Fundamentally, our goal is to link our executive compensation programs to long-term value creation and we believe we have had a long-standing record of accomplishing this goal. In response to the 2017 Say on Pay advisory vote and at the direction of the Committee, Company management solicited, and received, feedback from certain proxy advisory firms regarding the 2017 NEO compensation. In addition, through regular Shareholder outreach, Company management provided the opportunity for feedback regarding the 2017 Say on Pay advisory vote. Shareholders and proxy advisory firms were generally supportive of the Company's overall compensation program in 2017. However, one advisory firm expressed a concern with executive compensation, based fundamentally on one-time strategic incentive grants provided to our NEOs in 2016, and recommended that the Company disclose threshold performance levels under the AIP and LTIP.

Based on the feedback we received, we are making several changes and including additional disclosure in our CD&A. First, in an effort to ensure the Company's executive compensation practices are closely aligned with the expectations of our Shareholders and provide additional insight to both our Shareholders and proxy advisory firms, the Committee is disclosing, annually, the peer group it considers when making executive compensation decisions. (See Compensation levels should be market competitive below for additional information).

Second, the strategic incentive grants, which were described in depth in both the 2016 and 2017 Proxy statements, were designed to incentivize the achievement of both corporate financial goals and strategic individual goals in order to promote continuity of leadership as the Company pursues its long-term vision, and also strengthen management's alignment with Shareholder interest. These awards were specifically designed to address key priorities during the Company's strategic evolution, and are not an ongoing component of our executive compensation program. If the management team is successful in achieving these specific strategic objectives, the Committee believes it will drive incremental value for Shareholders.

Table of Contents

Third, threshold, target, and maximum performance levels for our 2017 AIP and 2015-2017 LTIP are discussed in more detail in the Annual Incentive Plan and 2015-2017 PBRsUs sections below. For our 2018 Proxy, we are disclosing threshold levels for our AIP and LTIP. We consistently have disclosed, and will continue to disclose, our performance goals at the end of each respective performance cycle.

The Committee continues to believe that the overall structure of our executive compensation plans, the absence of excessive perquisites, and our demonstrated pay-for-performance practices reflect the strength of the Company's executive compensation programs.

Frequency of Say on Pay Advisory Votes

Pursuant to Section 14(a) of the Securities Exchange Act, the Board asked Shareholders to vote on the frequency of future Say on Pay advisory votes on NEOs' compensation. Specifically, the Board asked whether Say on Pay advisory votes should occur every year, every two years or every three years. 76% of the Shareholder votes cast were in favor of annual Say on Pay advisory votes. The next vote on the frequency of future Say on Pay advisory votes will be conducted in 2023.

Executive Compensation Program

Guiding Principles

The Committee has established a set of core principles that underlie our executive compensation program. These core principles provide guidance to the Committee and management in making decisions while administering the program or when considering changes. These core principles include strong alignment between pay and performance, incentive to drive Shareholder value, and market competitiveness.

Strong pay for performance alignment

We target compensation around the median of the competitive market, with executives earning more or less than median, generally based on the performance of the Company and value delivered to Shareholders. Our core executive compensation program includes base salary, an annual cash incentive plan under the AIP, and long-term equity awards under the LTIP. Both the AIP and LTIP are administered under the Shareholder-approved 2010 Comprehensive Executive Compensation Plan, as amended (CECP). Incentive awards are earned upon the achievement of short-term and long-term business goals that are reviewed and approved by the Committee at the beginning of each performance period. Performance goals are structured to reward business growth, profitability, and relative total shareholder return, balanced with productivity and risk and capital management.

Executive interests should be aligned with Shareholders

To encourage executive performance on a long-term basis, the Committee grants equity awards with multi-year performance periods and multi-year vesting. In 2017, Ms. Zuraitis received approximately 48% of her target compensation in equity. With respect to the other NEOs, approximately 37% to 46% of their compensation was equity-based.

Incentive compensation should drive long-term value creation and reward strong performance

The AIP performance goals are based on premiums and adjusted operating income to reward strong performance. The LTIP performance goals are directly linked to multi-year growth and return measures to keep executives focused on

value creation.

A significant portion of compensation should be at risk based on the Company's performance

For 2017, over 70% of the CEO's target total pay (base salary, target annual incentive, and target long-term incentive) and over 60% of target total pay for all other NEOs is at risk, and is variable from year to year, and for much of it, the level of payout is dependent on the Company's performance.

Table of Contents**Compensation levels should be market competitive**

The Committee sets total direct compensation for the NEOs salary and target annual and long-term incentive opportunities within a reasonable range of the median of the competitive market, while providing the ability to decrease or increase compensation if warranted by performance and experience. To determine competitive pay levels, we use an established peer group of similarly sized insurance companies in the Russell 2000® Index. The Committee worked with CAP to select our peer insurance companies for 2017, based upon assets under management and revenue. The peer group includes the property and casualty, life and health, and multi-line insurance companies charted below. The peer group does not include reinsurance or insurance brokers. We supplement this information with survey market data from published sources including LOMA, Towers Watson, and Mercer. The data from these surveys is scaled to our size by CAP based on revenues or asset ranges. Annually, CAP provides the Committee with a comparison of the base salary, annual incentives and long-term incentives of the CEO with those of other Chief Executive Officers based on the peer group and survey data obtained.

The Committee does not seek to benchmark or set executive compensation at any specific level relative to the peer group. Instead, the Committee uses this information primarily as a general reference point for seeking to determine pay levels and forms of plan design that effectively recognize favorable executive performance and experience, and ensure executive retention. For 2017, CAP's analysis demonstrated that Ms. Zuraitis's overall core total direct compensation was consistent with target pay positioning at the median of the market. The other NEOs are assessed against comparable functional matches in the insurance industry and the broader general industry, as appropriate. Based on the data received, and CAP's analysis, the Committee deliberates in executive session to determine its recommendation for approval by the Board.

Our NEOs' annual compensation consists of base salary, annual incentives and long-term incentives. The targeted compensation mix of total direct compensation for the NEOs for 2017 is illustrated below. The mix of 2017 actual compensation varied as a result of actual incentives earned.

Base Salary

Competitive base salaries are critical to attracting and retaining high performing executive talent. The Committee seeks to pay salaries that approximate median salaries for executives of similar companies in like positions. However, in recruiting new executives, we sometimes exceed these guidelines to attract qualified candidates. There may also be instances where an existing executive's compensation deviates from the median, up or down, due to experience, performance, responsibilities, compensation history, internal equity, or retention risk.

Salaries for the NEOs and other executive officers are reviewed every 12 months in connection with the review of financial results for the prior fiscal year and the annual performance review discussed under "Annual Performance and Pay Review" below. In 2017, Ms. Zuraitis, Mr. Sharpe, and Mr. Caldwell received base salary increases to move overall compensation closer to the market median. Mr. Conklin received a base salary increase to recognize his promotion to EVP and CFO. Mr. Carley did not receive a base salary increase in 2017. Base salary adjustments for 2017 are shown in the chart below.

Annual Incentive Plan

Our AIP is a cash incentive plan, administered under the CECP, and designed to drive and reward strong performance over a one-year period. Annually, the Committee establishes the performance objectives, threshold, target and maximum performance levels, and the related threshold, target and maximum AIP opportunities for each NEO, expressed as a percentage of base salary. Target incentive opportunity levels for the NEOs are intended to approximate the median of the target bonus potential for similarly situated executives in comparable companies. Maximum incentive opportunities are set at 200% of target.

For 2017, there were four performance measures, with 50% of the award based on Company-wide net operating income, and the remaining 50% divided among specific sales and premiums of the different business lines: P&C net written premium (20%), retirement sales (20%), and life sales (10%), as shown in the chart below. This provides a balance between shareholder return and growth, while complementing the longer-term LTIP metrics, which focus on long-term shareholder value creation.

2017 Annual Incentive Plan Performance Measures

Adjusted Operating Income - Operating income (GAAP net income after tax, excluding realized investment gains and losses other than those for Fixed Indexed Annuity related options and embedded derivatives) adjusted for P&C catastrophe costs different than the annual Plan, Annuity & Life deferred acquisition costs (DAC) unlocking and change in guaranteed minimum death benefit (GMDB) reserve due to capital gains and losses and market performance different than Plan, the impact on investment income of share repurchases different than Plan, and debt structure/costs including debt retirement different than Plan.

P&C Net Premium Written (GAAP) - Amount charged for property and casualty policies issued during the year. (Portions of such amounts may be earned and included in financial reports over future periods.)

Retirement Sales - The amount of new business from the sales of Horace Mann annuity products, from Horace Mann and independent agents, as measured by premiums and deposits to be collected

over the 12 months following the sale.

Life Sales - The amount of new Horace Mann individual life insurance products sold during the year, as measured by premiums and deposits to be collected over the 12 months following the sale.

measures were based on a review of market conditions and expectations of other companies in the industry as well as our financial plan for 2017 (2017 Plan). The 2017 Plan was the basis of our 2017 earnings guidance, which was publicly disclosed in February 2017 in connection with our release of earnings for the year ended December 31, 2016. The Committee believes that tying the AIP to Company performance provides appropriate alignment for an executive's compensation as it recognizes that the Company as a whole must perform well in order to deliver value to our Shareholders. Further, tying all the NEOs' AIP awards to the performance of specific business lines incentivizes cooperation among the business line leaders. It is the goal of the Committee to establish measurements and targets that are reasonable, but not easily achieved. The measures and targets are discussed with the CEO, other NEOs, other members of the Board and CAP before they are set.

Each March, the Committee certifies performance and determines AIP payouts for the prior year. Based on the 2017 results of 95.46% of target for Ms. Zuraitis and the other NEOs, the 2017 AIP payouts (paid in March 2018) were as follows:

The intent of our LTIP is to focus executives on shareholder value and key strategic objectives, while promoting retention.

2017 LTIP Aggregate Target Opportunity

In setting the dollar values of the 2017 opportunities under LTIP for each NEO, the Committee targeted amounts that would achieve the Company's overall objective of positioning total compensation at approximately the market median. The 2017 target grant values for the NEOs were as follows:

Named Individual	2017 LTIP Target
Marita Zuraitis	\$1,550,000
Bret A. Conklin	\$280,000
Matthew P. Sharpe	\$565,000
William J. Caldwell	\$360,000
Donald M. Carley	\$285,000

2017 LTIP Award Vehicles

For 2017, LTIP is comprised of three vehicles, as illustrated in the chart below: (1) performance-based RSUs; (2) service-vested RSUs; and (3) service-vested stock options.

Performance-based RSUs - Earned over a three-year period, based upon Relative and Absolute Measures. If any shares are earned at the end of the three-year performance period, the executive fully vests in the award

Service-vested RSUs - Vest ratably over 3 years

Stock options - Granted at fair market value with a 10 year life; options vest ratably over 4 years

Performance-Based RSUs (PBRsUs)

The Committee believes that PBRsUs provide an effective vehicle for rewarding executives based on a three-year performance period. Each year, a new three-year period starts, partially overlapping the periods that started the prior two years. PBRsUs were granted on March 7, 2017 for the 2017-2019 performance period, and comprise 50% of the 2017 LTIP opportunity. These RSUs will be earned and vested on December 31, 2019, based on the level of achievement, though no RSUs will be earned if threshold level of performance is not achieved. From the date of grant, PBRsUs accrue dividend equivalents at the same rate as dividends paid to our shareholders, but the dividend equivalents are only paid on the corresponding shares that are earned. If no shares are earned, the dividend equivalents are forfeited. Earned dividend equivalents are converted into additional RSUs.

Service-vested RSUs

The Committee believes that service-vested RSUs assist in the retention of key executive talent. Service-vested RSUs were granted on March 7, 2017 and comprise 20% of the 2017 LTIP opportunity. Service-vested RSUs vest 33% after the first year, vest an additional 33% after the second year and vest the final 34% after the third year from the grant date, and are subject to continued employment to the vesting date. From the date of the grant, the RSUs accrue dividend equivalents at the same rate as dividends paid to our Shareholders. These dividend equivalents are converted into additional RSUs and vest when the underlying RSUs vest.

Table of Contents

Stock Options

The Committee believes that stock options provide strong alignment with Shareholder interests, as executives do not realize any value unless our stock price appreciates. They also promote retention. Stock options granted under the LTIP have an exercise price equal to the closing stock price on the date of grant, vest ratably over a four-year period subject to continued employment on each vesting date and have a ten-year term. Stock options were granted on March 7, 2017 and comprise 30% of the 2017 LTIP opportunity. Beginning with the 2017 LTIP grant, the Company transitioned from a blend of Incentive Stock Options (ISO) and Non-qualified Stock Options (NQSO) to all NQSOs. The number of options granted was determined using the Black-Scholes valuation method. For additional information regarding assumptions used for these valuations, see the Company's 2017 Annual Report and Form 10-K Notes to Consolidated Financial Statements Note 1 Summary of Significant Accounting Policies Share-Based Compensation. Upon exercise Executive Officers are required to hold shares equivalent to any proceeds (net of exercise price and related taxes and the costs of the exercise) for a minimum of twelve months.

Timing of Equity Grants

The Committee has granted long-term incentives only at its regularly scheduled Board meetings. The grant date is the applicable resolution as approved or a future date as otherwise specified in the resolution.

2017-2019 Performance-based RSUs

The Performance-based RSUs granted in 2017 have three performance measures as shown below:

Relative Total Shareholder Return - Relative Total Shareholder Return for the three-year period measured against a peer group of companies.

Relative Operating Return on Equity - Average annual relative Operating Income return on average equity for the three-year period measured against a peer group of companies.

Total Revenue Growth - Measured as the CAGR over the period 12/31/2016 to 12/31/2019 for Written Premium Growth for HMN auto, property, and life and total retirement sales for annuity (HMN, RIA and institutional platform) and HMGA.

Prior Years PBRSU Grants

2016-2018 PBRsUs

The PBRSUs granted in 2016 will not mature until December 31, 2018. Since the applicable 3-year performance period has not yet ended, actual performance against targets is not yet known.

Strategic Incentive Grants

As disclosed in our 2016 and 2017 Proxy Statements, in March 2016, we made strategic equity grants to key executives, including four of the 2017 NEOs, under our CECF.

Each executive received a provisional equity grant of PBRsUs contingent on a corporate financial performance goal, earnings per share, and individual strategic goals. If the Performance Goal is satisfied, 50% of the award will be earned and vested on January 1, 2019. The remaining 50% of the award will also be eligible for vesting on January 1, 2019 subject to achievement of individual strategic goals.

The individual goal-based PBRsUs:

Do not vest unless the established individual strategic goals are achieved during the performance period beginning on January 1, 2016, and ending on December 31, 2018;

Are reduced to zero, if the corporate performance goal is not achieved;

Cannot exceed the number of shares granted (except through accrued dividend equivalents); and

Will be reduced if all individual strategic goals and their components are partially met.

The entire award is subject to satisfaction of an objective threshold Company-wide performance goal, which must be met during the performance period beginning on January 1, 2016 and ending on December 31, 2018. If an unexpected event occurs triggering a significant loss, the awards could be eliminated entirely. These 2016 awards are reflected in the 2016 data in the Summary Compensation Table. No strategic incentive equity awards were made in 2017.

Table of Contents**Additional Pay Practices****Stock Ownership & Holding Guidelines**

Our Executive Officers are required to accumulate and maintain beneficial stock ownership calculated as a percentage of base salary - as displayed in the table below:

Position	Stock Ownership Target %
CEO	500%
Executive Vice President	350%
Senior Vice President	300%
Controller	200%

We use book value to measure the value of the shares we require the NEOs to own because book value is less volatile than stock price. For this purpose, the Company's book value per share is determined by dividing total Shareholders equity, less the fair value adjustment for investments, by the number of outstanding shares of common stock.

The NEOs must satisfy stock ownership guidelines within five years of attaining their position. Stock ownership may be achieved by direct ownership or beneficial ownership, including shares held through the Horace Mann 401(k) Plan and RSUs (vested and unvested), as well as beneficial ownership through a spouse, child, or trust. Outstanding stock options are not used in determining stock ownership.

Beginning with stock option grants made in 2011, NEOs are required to hold shares equivalent to any proceeds from a long-term incentive stock option exercise, net of exercise price and related taxes and the costs of the exercise, for a minimum of twelve months after the date of exercise. As part of its 2017 overall review of the executive compensation program, the Committee reviewed the stock ownership guidelines for the Executive Officers, and determined they were appropriate and will be continued in 2018.

As indicated in the following chart, all NEOs have met or exceeded their stock ownership guidelines except for Mr. Carley. Mr. Carley joined the Company in January 2016, and is on target to meet the requirement by the deadline.

Minimum Vesting Period

In 2017, through an amendment approved by the Board, the Company updated the CECP to reflect a minimum vesting period of one year for all equity grants. No portion of any equity grant, including stock options, stock appreciation rights, restricted stock or RSUs, will become vested before the first anniversary of the grant date except in the cases of death or disability.

Annual Performance and Pay Review

To further reinforce a performance-based culture and the tie between Company results and compensation, the Committee reviews each Executive Officer's performance annually, coinciding with the review of corporate performance results. Each Executive Officer is reviewed not only on prior year business results but also on the individual's demonstration of leadership skills and progress on specific strategic initiatives and other key priorities. The Committee also considers any adjustments to base salary, annual incentive opportunity, and long-term incentive opportunity at this review. The Committee recognizes the need to have market-competitive compensation opportunities to attract, retain, and reward high performing executive talent.

Risk Assessment

Our programs are structured to discourage excessive risk-taking through a balanced use of compensation vehicles and metrics with an overall goal of delivering sustained long-term Shareholder value while aligning our executives' interests with those of our Shareholders. To this end, management and CAP conduct, and the Committee and the Board's outside legal counsel reviews, an annual risk analysis of the compensation plans and incentive metrics. Our executive compensation program requires that a substantial portion of each Executive Officer's compensation be contingent on delivering performance results. In addition, a significant portion of our NEOs' compensation is delivered in equity over a multi-year timeframe. The Committee has been advised by the Board's outside legal counsel that no unreasonable risk exists that a compensation policy or incentive plan would have a material adverse impact on the Company, and the Board agrees with this risk assessment.

Succession Planning Process

To mitigate enterprise risk and leadership gaps, the Committee oversees and monitors the Company's succession planning process on a regular basis. This process identifies candidates that have the skill sets, background, training, and industry knowledge to assume critical positions on an emergency basis and also for the long-term, if necessary. The Company's succession plan is also reviewed by the full Board annually.

Table of Contents**Minimal Use of Employment Agreements**

The Company does not have any individual employment agreements with any Executive Officer and intends to continue to minimize their use, while recognizing that in isolated situations an agreement may be needed for attraction and retention of key executive talent.

Executive Severance and Change in Control Plans

To maintain market competitiveness and allow for the successful recruitment of key executives, the Company maintains the Horace Mann Service Corporation Executive Severance Plan (Executive Severance Plan) and the Horace Mann Service Corporation Executive Change in Control Plan (CIC Plan). The Executive Severance Plan provides benefits due to loss of position with or without a change in control. The CIC Plan is intended to provide a level of security consistent with market practices, mitigate some of the conflicts an executive may be exposed to in a potential acquisition or merger situation, and serve to ensure a more stable transition if a corporate transaction were to occur. The CIC Plan provides for benefits only in the event of the loss of position following a change in control (i.e., double trigger), as defined in the CIC Plan. Participants in the CIC Plan are designated by position. This plan does not have tax gross-up provisions. Currently, all of the NEOs participate in the Executive Severance and CIC Plans. The CIC Plan does not permit duplicate benefits under the Executive Severance Plan.

The multiple of the sum of salary plus target annual incentive, payable in the form of salary continuation (for the Executive Severance Plan), and payable in a lump sum (for the CIC Plan), is set forth in the following table:

Named Individual	Executive Severance	Multiple Change In Control
Marita Zuraitis	2.0	2.5
Bret A. Conklin	1.5	2.0
Matthew P. Sharpe	1.5	2.0
William J. Caldwell	1.5	2.0

Donald M. Carley

Retirement Plans

The NEOs participate in our Horace Mann 401(k) Plan and a supplemental defined contribution plan designed to provide benefits that cannot be provided under our tax-qualified defined contribution plan because of certain limitations imposed by the Internal Revenue Code. Each of these two plans includes a Company contribution. The amounts contributed for each NEO are included in the Summary Compensation Table. These types of plans are customarily offered within our industry. No NEO participates in the Company's defined benefit plan or supplemental defined benefit retirement plan because participation in those plans was limited to individuals hired prior to January 1, 1999 and all of our NEOs were hired after that date.

Deferred Compensation

Prior to 2009, the LTIP permitted certain elective deferrals. Pre-2009 account balances are maintained in notional deferred Common Stock equivalent units, which accrue dividend equivalents at the same rate as dividends paid to our Shareholders. These dividend equivalents are converted into additional deferred Common Stock equivalent units. Mr. Conklin is the only NEO with an account balance under this arrangement.

Nonqualified Defined Contribution and Other Nonqualified Deferred Compensation Plans

The Company previously offered a nonqualified deferred compensation plan to executives, which allowed them to defer receipt of long-term incentive cash compensation earned prior to 2009 when

Table of Contents

cash was a component of the LTIP. Executives were allowed to defer up to 100% of their earned long-term cash incentive into HMEC's deferred Common Stock equivalent units. All the NEOs except Mr. Conklin were hired after 2009 and do not have an account in the plan.

The Company also sponsors an unfunded excess pension plan, the Nonqualified Defined Contribution Plan (NQDCP), which covers only the base salary compensation in excess of the Section 415 limit, which in 2017 was \$270,000. The NQDCP accounts are established for the executives at the time their compensation exceeds the Section 415 limit and the NEOs are credited with an amount equal to 5% of the excess. In addition, the NQDCP accounts are credited with the same rate of return as the qualified plan sponsored by the Company for all employees.

Clawbacks

The Committee believes that our compensation program should reward performance that supports the Company's culture of integrity through compliance with applicable laws and regulations and our codes of ethics and conduct. As a further step to support that belief, the Committee has determined that all Executive Officers are subject to the same standards as the CEO and CFO regarding cash compensation clawbacks as defined under Section 304 of the Sarbanes-Oxley Act of 2002. In addition, under the CECP, the Company is entitled to recover any cash or equity award if it is determined that an executive's own misconduct contributed materially to the executive's receipt of an award. If changes are made in future applicable legislative or regulatory guidance, the Company will modify the current clawback provisions to comply.

Hedging, Pledging Prohibitions

NEOs and other Executive Officers are prohibited from engaging in hedging transactions in our common stock. They are also prohibited from pledging their shares of our common stock.

Perquisites and Personal Benefits

The only perquisites we provide are financial planning services, which are commonly provided among our peer companies. Please see the Summary Compensation Table for further details. Our NEOs do not receive other personal benefits.

Tax Implications

Favorable tax treatment of the various elements of the Company's total compensation program is an important, but not the sole, consideration in the design of the compensation program. On December 22, 2017, legislation commonly referred to as the Tax Cuts and Jobs Act (Tax Act) was enacted that significantly impacts the tax treatment of executive compensation.

Section 162(m) of the Internal Revenue Code was revised and generally disallows a tax deduction to public corporations for compensation over \$1,000,000 paid for any fiscal year to the corporation's CEO, CFO, and three other most highly compensated Executive Officers (the Covered Employees). In addition, the Tax Act eliminates the exception for performance-based compensation subject to a transition rule for pre-existing contracts, provides that any individual identified as a Covered Employee beginning after December 31, 2016 remains a Covered Employee for all future years, and applies the \$1,000,000 limitation to any compensation paid to such Covered Employees after employment ends or death.

The Committee believes that Shareholder interests are best served by not restricting the Committee's discretion and flexibility in developing compensation programs, even though such programs may result in certain non-deductible compensation expenses as a result of the Tax Act.

CEO Pay Ratio

Pursuant to Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, we calculate a ratio of total pay for our Chief Executive Officer compared to total pay for our median employee (CEO Pay Ratio). To identify our median employee from among our employees as of 12/31/2017, we use total cash at target (annualized base salary as of 12/31/2017 plus annual bonus target), as we believe this is the most representative measure of annual compensation for our broader employee population.

Once the median employee is identified, we compile the same pay elements for the median employee that we do for the NEOs as displayed in the Summary Compensation Table. We then compare total pay of our CEO (as displayed in the Total \$ column of the Summary Compensation Table) to total pay of our median employee.

The following table sets forth information regarding CEO Pay Ratio.

Section 16(a) Beneficial

Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act requires the Company's Executive Officers and Directors and other persons who beneficially own more than ten percent of HMEC's outstanding Common Stock, whom the Company refers to collectively as the Reporting Persons, to file reports of ownership and changes in ownership with the SEC.

The Company has established procedures by which Reporting Persons provide relevant information regarding transactions in Common Stock to a Company representative, and the Company prepares and files the required ownership reports. Based on a review of those reports and other written representations, the Company believes there was full compliance with the reporting requirements under Section 16(a) with the following exceptions. Mr. Kelly Stacy, former Senior Vice President, Field Operations and Distribution, reported, but not on a timely basis, the sale of shares held directly on three occasions and the exercise and sale of stock options on two occasions in 2016 and one sale of shares held directly in 2017. All transactions were reported on Form 4 on April 21, 2017 on which date Mr. Stacy ceased to be a Reporting Person.

PROPOSAL NO. 3 - RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee is directly responsible for the selection, compensation, retention, performance and evaluation of the Company's independent registered public accounting firm. The Audit Committee considers the independence and evaluates the selection of the independent registered public accounting firm each year.

KPMG LLP has been the Company's independent registered public accounting firm for the past 29 years (since the Company's 1989 leveraged buyout). After careful consideration of a number of factors, including length of time the firm has served in this role, the firm's past performance, and an assessment of the firm's

qualifications and resources, the Audit Committee selected KPMG LLP to serve as the independent registered public accounting firm for the year ending December 31, 2018. As a matter of good corporate governance, the Audit Committee submits its selection of the auditors to the Shareholders for ratification. If the selection of KPMG LLP is not ratified, the Audit Committee will review its future selection of an independent registered public accounting firm in light of the vote result. Even if the selection is ratified, the Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its Shareholders. A representative from KPMG LLP is expected to be present at the Annual Meeting. The representative will be given an opportunity to make a statement to Shareholders and is expected to be available to respond to appropriate questions from Shareholders.

The Board recommends that Shareholders vote FOR the ratification of KPMG LLP, an independent registered public accounting firm, as the Company's auditors for the year ending December 31, 2018.

Report of the Audit Committee

Acting under a written charter, the Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee is comprised of three directors, each of whom is independent as defined by the New York Stock Exchange listing standards. Management has the primary responsibility for the Company's financial statements and its reporting process, including the Company's systems of internal controls. In fulfilling its oversight responsibilities, prior to the filing, the Audit Committee reviewed the audited consolidated financial statements in the Annual Report and Form 10-K with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and clarity of disclosures in the financial statements.

The Audit Committee has discussed with the Company's independent registered public accounting firm, which is responsible for expressing an opinion on the conformity of those audited consolidated financial statements with United States generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required by applicable requirements of the Public Company Accounting Oversight Board. In addition, the Audit Committee has received from the independent registered public accounting firm the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board

regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and discussed with them their independence from the Company and its management taking into account the potential effect of any non-audit services provided by the independent registered public accounting firm.

The Audit Committee discussed with the Company's internal auditors and independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee meets with the internal auditors and the independent registered public accounting firm, with and without management present, to discuss the results of their audits, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee held twelve meetings during fiscal year 2017.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Annual Report and Form 10-K for the year ended December 31, 2017 for filing with the SEC. The Audit Committee approved the selection of the Company's independent registered public accounting firm.

The Audit Committee approves in advance any significant audit and all non-audit engagements or services between the Company and the independent registered public accounting firm. As a practice, the Audit Committee does not allow prohibited non-auditing services as defined by regulatory authorities to be performed by the same firm that audits the Company's annual financial statements. The Audit Committee may delegate to one or more of its members the authority to approve in advance all significant audit and all non-audit services to be provided by the independent

registered public accounting firm so long as it is presented to the full Audit Committee at the next regularly scheduled meeting. Pre-approval is not necessary for de minimis audit services as long as such services are presented to the full Audit Committee at the next regularly scheduled meeting. The Audit Committee approved all of the above listed expenses. KPMG LLP did not provide any non-audit related services during the years ended December 31, 2017 and 2016.
