PROXY STATEMENT

Annual Meeting of Stockholders
March 31, 2004

This Proxy Statement and the accompanying Notice of Annual Meeting of Stockholders and form of proxy are being furnished to the holders of Common Stock of The Bear Stearns Companies Inc. (the Company) in connection with the solicitation of proxies by the Board of Directors of the Company (the Board of Directors) for use at the 2004 Annual Meeting of Stockholders of the Company (the Annual Meeting) to be held in the Bear Stearns Auditorium, 383 Madison Avenue, 2nd Floor, New York, New York, on Wednesday, March 31, 2004, at 5:00 p.m. Eastern Standard Time, and at any adjournments or postponements thereof. These proxy materials are being sent on or about February 27, 2004, to holders of record on February 19, 2004, of the Company's Common Stock, par value \$1.00 per share (Common Stock).

A proxy card may be revoked by a stockholder prior to its exercise in any of three ways: by written notice to the Secretary of the Company; by submission of another proxy bearing a later date; or by voting in person at the Annual Meeting. A vote through the internet or by telephone may be revoked by executing a later-dated proxy card, by subsequently voting through the internet or by telephone or by attending the Annual Meeting and voting in person. Revocation by notice to the Secretary of the Company, or by submission of a later proxy, will not affect a vote on any matter which is taken by the Company prior to the receipt of the notice or later proxy. The mere presence at the Annual Meeting of the stockholder appointing the proxy will not revoke the appointment. If not revoked, the proxy will be voted at the Annual Meeting in accordance

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEF 14A

with the instructions indicated on the proxy by the stockholder. If no instructions are indicated, the proxy will be voted FOR the slate of directors described in this Proxy Statement; FOR the approval of an amendment to the Capital Accumulation Plan for Senior Managing Directors (the CAP Plan) to set a termination date of December 31, 2013; FOR the approval of an amendment to the Stock Award Plan increasing the number of shares of Common Stock available for issuance under the Stock Award Plan from 35,000,000 to 40,000,000 shares; FOR the approval of the Restricted Stock Unit Plan, as amended (the RSU Plan); FOR the ratification of the appointment of Deloitte & Touche LLP as independent auditors for the fiscal year ending November 30, 2004 and, as to any other matter of business that may be brought before the Annual Meeting, in accordance with the judgment of the person or persons voting on the matter.

The Company has adopted a policy of encouraging stockholder participation in corporate governance by ensuring the confidentiality of stockholder votes. The Company has designated an independent third party, Automatic Data Processing, Inc. to receive and to tabulate stockholder proxy votes. The manner in which any stockholder votes on any particular issue will be kept confidential and will not be disclosed to the Company or any of its officers or employees except (i) where disclosure is required by applicable law, (ii) where disclosure of a vote of a stockholder is expressly requested by such stockholder, or (iii) where the Company concludes in good faith that a bona fide dispute exists as to the authenticity of one or more proxies, ballots or votes, or as to the accuracy of any tabulation of such proxies, ballots or votes. However, aggregate vote totals may be disclosed to the Company from time to time and publicly announced at the Annual Meeting. The policy of ensuring confidentiality of stockholder votes will also apply to shares of Common Stock held in customer accounts at the Company's subsidiary, Bear, Stearns Securities Corp. Holders of Common Stock whose shares are held in such accounts will be requested to give instructions with respect to the manner in which their shares are to be voted to Automatic Data Processing, Inc., which has been directed not to disclose such instructions to the Company.

This solicitation is being made by the Company. All expenses incurred by the Company in connection with this solicitation will be borne by the Company. Directors, officers and other employees of the Company also may solicit proxies, without additional compensation, by telephone, in person or otherwise. The Company also requests that brokerage firms, nominees, custodians, and fiduciaries forward proxy materials to the beneficial owners of shares held of record by such persons and will reimburse such persons and the Company's transfer agent for reasonable out-of-pocket expenses incurred by them in forwarding such materials.

THE COMPANY

The Company was incorporated under the laws of the State of Delaware on August 21, 1985. The Company succeeded to the business of Bear, Stearns & Co., a New York limited partnership (the Partnership), on October 29, 1985. As used in this Proxy Statement, all references to Bear Stearns, BSB, BSSC and BSIL are to Bear, Stearns & Co. Inc., Bear Stearns Bank plc, Bear, Stearns Securities Corp., and Bear, Stearns International Limited, respectively, the principal regulated operating subsidiaries of the Company.

VOTING SECURITIES

Holders of record of Common Stock at the close of business on February 19, 2004, are entitled to notice of, and to vote at, the Annual Meeting and at any adjournments or postponements thereof. Each outstanding share of Common Stock entitles the holder thereof to one vote. Shares of Common Stock represented by CAP Units (as defined under Executive Compensation Compensation Committee Report Equity Ownership and Capital Accumulation Plan) credited pursuant to the CAP Plan and Restricted Stock Units (as discussed under Equity Compensation Plan Information) are not outstanding and are not entitled to vote at the Annual Meeting.

On February 19, 2004, 103,705,451 shares of Common Stock were outstanding. The presence in person or by proxy at the Annual Meeting of the holders of a majority of such shares shall constitute a quorum.

Assuming the presence of a quorum at the Annual Meeting, the affirmative vote of a plurality of the votes cast by holders of shares of Common Stock is required for the election of directors. The affirmative vote of a majority of the shares of Common Stock represented at the meeting and entitled to vote is required for: (1) approval of the amendment to the CAP Plan, (2) approval of the amendment to the Stock Award Plan, (3) approval of the RSU Plan and (4) ratification of the appointment of Deloitte & Touche LLP as independent auditors. An abstention with respect to any proposal will be counted as present for purposes of determining the existence of a quorum, but will have the practical effect of a negative vote as to that proposal. Brokers (other than Bear Stearns and BSSC) who do not receive stockholder instructions are entitled to vote on the election of directors and ratification of the appointment of Deloitte & Touche LLP as independent auditors. Under the rules of the New York Stock Exchange, Inc. (the NYSE), brokers who do not receive stockholder instructions will not be entitled to vote on any of the other proposals contained in this Proxy Statement. Under the rules of the NYSE, if Bear Stearns and BSSC do not receive a stockholder's instructions, and other brokers are entitled to vote on a proposal, Bear Stearns and BSSC are also entitled to vote such shares of Common Stock, but only in the same proportion as the shares represented by votes cast by all other record holders with respect to such proposal. In the event of a broker non-vote with respect to any proposal coming before the meeting caused by the beneficial owner's failure to authorize a vote on such proposal, the proxy will be counted as present for the purpose of determining the existence of a quorum, but will not be deemed present and entitled to vote on that proposal for the purpose of determining the total number of shares of which a majority is required for adoption, having the practical effect of

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEF 14A

reducing the number of affirmative votes required to achieve a majority vote for such matter by reducing the total number of shares from which a majority is calculated.

Security Ownership of Certain Beneficial Owners

As of February 19, 2004, the following are the only entities (other than as set forth under Security Ownership of Directors and Executive Officers below) known to the Company to be the beneficial owners of more than five percent of the Common Stock:

Name and Address of Beneficial Owner	Total Number of Shares Beneficially Owned	Percent of Class
Private Capital Management, L.P. (1) 8889 Pelican Bay Blvd., Suite 500 Naples, Florida 34108	6,940,635 (1)	6.7% (1)

- (1) Information provided is based on the Schedule 13G, dated February 13, 2004, filed with the SEC by Bruce S. Sherman, Gregg J. Powers and Private Capital Management, L.P., an Investment Adviser incorporated under the laws of Florida (PCM) and the Company's shares of Common Stock outstanding at December 31, 2003. According to the Schedule 13G, as of December 31, 2003, PCM was the beneficial owner of 6,940,635 shares of Common Stock with shared voting and shared dispositive power over such shares. Bruce S. Sherman is the Chief Executive Officer of PCM and Gregg J. Powers is the President of PCM. In these capacities, Messrs. Sherman and Powers exercise shared voting and shared dispositive power with respect to shares held by PCM's clients and managed by PCM. Messrs. Sherman and Powers disclaim beneficial ownership for the shares held by PCM's clients and disclaim the existence of a group. The Schedule 13G indicates that Mr. Sherman is the beneficial owner of 6,981,929 shares, with sole voting and sole dispositive power over 30,000 shares and shared voting and shared dispositive power over 6,951,929 shares and Mr. Powers is the beneficial owner of 6,940,635 shares with shared voting and shared dispositive power over such shares. The Company has calculated Mr. Sherman's and Mr. Powers' shares as representing 6.8% and 6.7% respectively, of the outstanding shares of Common Stock of the Company at December 31, 2003.

The determination that there were no other persons, entities or groups (other than the Company's employees as a group) known to the Company to be the beneficial owner of more than 5% of the Company's outstanding Common Stock was based on a review of all statements filed with the Securities and Exchange Commission (the SEC) with respect to the Company pursuant to Section 13(d) or 13(g) of the Securities Exchange Act of 1934, as amended (the Exchange Act) since the beginning of fiscal 2003.

Executive Committee. The Executive Committee of the Company (the Executive Committee) consists of Messrs. Cayne, Greenberg (Chairman), Lehman, Molinaro, Schwartz and Spector. The Executive Committee met once each week and more frequently, as required, having held eighty four meetings during fiscal 2003. The Executive Committee has the authority between meetings of the Board of Directors to take action with respect to a variety of matters delegated by the Board of Directors that are considered to be in the ordinary course of the Company's business.

- 8 -

Audit Committee. The Audit Committee of the Board of Directors (the Audit Committee) consists of Messrs. Glickman, Novelly, Salerno and Tese (Chairman). Mr. Novelly was appointed to the Audit Committee on February 19, 2004 after Mr. Mack (a former Audit Committee member) resigned. The Board of Directors has determined that each member of the Audit Committee is an independent director as defined in NYSE Corporate Governance Standards Section 303A.02 and meets the independence requirements contained in Exchange Act Rule 10A-3(b)(1). In addition, the Board of Directors has determined that each member of the Audit Committee meets the NYSE standards of financial literacy and accounting or related financial management expertise and the SEC criteria of an audit committee financial expert. Pursuant to NYSE Section 303A.07, no director may serve as a member of the Audit Committee if he serves on the audit committees of more than three other public companies unless the Board of Directors determines that such simultaneous service would not impair his ability to serve effectively on the Audit Committee. The Board of Directors has determined that Mr. Salerno's service on the audit committees of the five public companies wherein he serves as a director, as identified in his biography on page 5 of this Proxy Statement, does not impair his ability to serve effectively on the Company's Audit Committee and that his continued service on the Audit Committee is in the best interest of the Company and its stockholders. The Audit Committee is responsible for reviewing and helping to ensure the integrity of the Company's financial statements. Among other matters, the Audit Committee, with management and independent and internal auditors, reviews the adequacy of the Company's internal accounting controls that could significantly affect the Company's financial statements. The Audit Committee is also directly and solely responsible for the appointment, retention, compensation, oversight and termination of the Company's independent accountants. The Audit Committee held twelve meetings during fiscal 2003.

Compensation Committee. The Compensation Committee of the Board of Directors (the Compensation Committee) consists of Messrs. Glickman (Chairman), Harrington, Nickell and Tese. The Board of Directors has determined that each member of the Compensation Committee is an independent director as defined in NYSE Corporate Governance Standards Section 303A.02. The Compensation Committee establishes the compensation policies used in determining the compensation of all executive officers and other Senior Managing Directors, including members of the Board of Directors who are employees of the Company (employee directors). The Compensation Committee administers the Performance Compensation Plan pursuant to which the salary and bonus compensation of certain Senior Managing Directors (including certain executive officers) of the Company is determined. The Compensation Committee also approves the salary and bonus compensation of other executive officers and other Senior Managing Directors based upon recommendations made by the Executive Committee and the Bear, Stearns and Co. Inc. Management and Compensation Committee (the Management and Compensation Committee), who are applying criteria established by the Compensation Committee. The Compensation Committee also administers certain aspects of the CAP Plan, the Stock Award Plan and the RSU Plan. The Compensation Committee held eight meetings during fiscal 2003.

Nominating Committee. The Nominating Committee of the Board of Directors (the Nominating Committee) consists of Messrs. Mack (Chairman), Salerno and Tese. The Board of Directors has determined that each member of the Nominating Committee is an independent director as defined in NYSE Corporate Governance Standards Section 303A.02(a).

The Nominating Committee considers and makes recommendations to the Board of Directors with respect to the size and composition of the Board of Directors and identifies potential candidates to serve as directors. The Nominating Committee identifies candidates to the Board of Directors by introduction from management, members of the Board of Directors, employees or other sources and stockholders that satisfy the Company's policy regarding stockholder recommended candidates. The Nominating Committee does not evaluate director candidates recommended by stockholders differently than director candidates recommended by other sources. Stockholders wishing to submit recommendations for the 2005 Annual Meeting should write to the Corporate Secretary, The Bear Stearns Companies Inc., 383 Madison Avenue, 6th Floor, New York, New York 10179. Any such stockholder must meet and evidence the minimum eligibility requirements specified in Exchange Act Rule 14a-8 and must submit, within the same timeframe for submitting a stockholder proposal required by Rule 14a-8: (1) evidence in accordance with Rule 14a-8 of compliance with the stockholder eligibility requirements, (2) the written consent of the candidate(s) for nomination as a director, (3) a resume or other written statement of the qualifications of the candidate(s) for nomination as a director, and (4) all information regarding the candidate(s) and the submitting stockholder that

would be required to be disclosed in a proxy statement filed with the SEC if the candidate(s) were nominated for election to the Board of Directors.

In considering Board of Directors candidates, the Nominating Committee takes into consideration the Company's Board Candidate Guidelines, located in the Company's Corporate Governance Guidelines and attached as Exhibit D to this Proxy Statement, the Company's policy regarding stockholder recommended director candidates, as set forth above, and all other factors that they deem appropriate, including, but not limited to, the individual's character, education, experience, knowledge and skills. The Nominating Committee will also consider the extent of the individual's experience in business, education or public service, his or her ability to bring a desired range of skills, diverse perspectives and experience to the Board of Directors and whether the individual possesses high ethical standards, a strong sense of professionalism and is capable of serving the interests of stockholders. Additionally, the Nominating Committee will consider the number of boards that the candidate already serves on when assessing whether the candidate has the appropriate time to devote to Board of Directors service. The Nominating Committee held one meeting during fiscal 2003.

Corporate Governance Committee. The Corporate Governance Committee of the Board of Directors consists of Messrs. Tese (Chairman), Nickell and Novelly. The Board of Directors has determined that each member of the Corporate Governance Committee is an independent director as that term is defined in NYSE Corporate Governance Standards Section 303A.02(a). The purpose of the Corporate Governance Committee is to develop and recommend a set of corporate governance principles for the Company; to make recommendations to the Board of Directors in support of such principles; to take a leadership role in the shaping of the corporate governance of the Company; and to oversee the evaluation of the Board of Directors and management. The Corporate Governance Committee is also responsible for periodically reviewing with the Chief Executive Officer the succession plans relating to positions held by corporate officers and other senior executives and making recommendations to the Board of Directors with respect to the selection of individuals to occupy these positions. The Corporate Governance Committee held one meeting during fiscal 2003.

Qualified Legal Compliance Committee. The Qualified Legal Compliance Committee of the Board of Directors (the QLCC) consists of Messrs. Glickman, Mack, Salerno and Tese (Chairman). The QLCC consists of at least one member of the Audit Committee and two or more members of the Board of Directors who are not employed, directly or indirectly, by the Company, as required by the Sarbanes-Oxley Act of 2002 and the rules promulgated thereunder. The purpose of the QLCC is to receive, retain and investigate reports made directly, or otherwise made known, of evidence of material violations of any United States federal or state law, including any breach of fiduciary duty by the Company, its officers, directors, employees or agents, and if the QLCC believes appropriate, to recommend courses of action to the Company. The QLCC held one meeting during fiscal 2003.

Corporate Governance

The Company is committed to the highest level of honesty, integrity and ethics. The Company regularly reviews its corporate governance policies in light of legal, regulatory and corporate governance changes and has voluntarily complied with a number of new SEC, NYSE and other regulatory requirements which have not yet become effective or whose transitional provisions have not yet expired.

Independent Directors. The Company has established and adopted Corporate Governance Guidelines which set forth the appointment, retention, term, responsibilities, powers, qualifications and compensation regarding the Board of Directors and its committees. The Corporate Governance Guidelines contain the formal director qualification and independence standards adopted by the Board of Directors. The standards set forth the criteria by which director independence will be determined and include: prohibitions on material relationships with the Company; limitations on employment of a director or his or her immediate family members with the Company; limitation on the receipt of direct compensation from the Company; prohibition on affiliation with the Company's present or former auditors; and restrictions on commercial and not-for-profit relationships. Audit Committee members are further restricted from receiving any compensatory fee from the Company or any subsidiary thereof, other than in the member's capacity as a member of the Board of Directors or any committee thereof. The Board of Directors has determined that a majority of the members of the Board of Directors, and each member of the Audit Committee, Compensation Committee, Nominating Committee, Corporate Governance Committee and QLCC, are independent under these standards. In addition, each of the charters of the Audit, Compensation,

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEF 14A

Nominating and Corporate Governance Committees have been amended to incorporate recently adopted regulatory requirements and the additional responsibilities of the committees thereunder.

The Company's non-management directors meet in regularly scheduled executive sessions without management present in order to freely evaluate the performance of the Company's management. As noted above, Mr. Tese has been appointed to serve as the presiding director at such executive sessions. In addition, the non-management directors elected Mr. Tese as Lead Director of the Board of Directors. As Lead Director, Mr. Tese will: preside at all Board of Directors meetings at which the chairman is not present, including executive sessions of the non-management directors; serve as liaison between the chairman and the independent directors; approve information sent to the Board of Directors; approve meeting agendas for the Board of Directors; approve meeting schedules to assure that there is sufficient time for discussion of all agenda items; have the authority to call meetings of the independent directors; and if requested by stockholders, ensure that he is available for consultation and direct communication.

As set forth above, the Company has adopted a procedure for interested parties to communicate with the non-management directors and a procedure for stockholders to communicate with the Board of Directors. In addition, to assure that members of the Board of Directors dedicate a sufficient amount of time to effectively serve the Company and its stockholders, the Company has adopted a policy limiting the number of public boards of directors that a Company director may serve on. The Company believes that it is important for members of the Board of Directors to attend the Annual Meetings of stockholders and therefore adopted a policy encouraging all directors to attend Annual Meetings. Eight members of the Board of Directors attended the Company's 2003 Annual Meeting.

Audit Committee. The Board of Directors has determined that all of the members of the Audit Committee meet the NYSE standards of financial literacy and accounting or related financial management expertise and the SEC criteria of an audit committee financial expert. The Audit Committee operates under a formal charter, which in accordance with NYSE listing standards addresses the purpose, duties and responsibilities, and requires an annual performance evaluation of the Audit Committee. A copy of the charter, revised to reflect recent regulatory requirements, is attached as Exhibit A to this Proxy Statement.

Whistleblowing. The Company has continued its long-standing practice of encouraging whistleblowing. Accordingly, the Audit Committee has established procedures to receive, retain and treat complaints received regarding accounting, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees of concerns regarding accounting or auditing matters. Additionally, the Company has reminded employees of its policy to not retaliate or take any other detrimental action against employees who provide evidence of fraud.

Code of Business Conduct and Ethics. All of the Company's employees, officers (including senior executive, financial and accounting officers) and directors are held accountable for adherence to the Company's Code of Business Conduct and Ethics (the "Code"). The Code is intended to establish standards necessary to deter wrongdoing and to promote compliance with applicable governmental laws, rules and regulations and honest and ethical conduct. The Code covers all areas of professional conduct, including conflicts of interest, fair dealing, financial reporting and disclosure, protection of Company assets and confidentiality. Employees have an obligation to promptly report any known or suspected violation of the Code without fear of retaliation. Waiver of any provision of the Code for executive officers and directors may only be granted by the Board of Directors or one of its committees and any such waiver or modification of the Code relating to such individuals will be disclosed by the Company.

A copy of the Code is filed as an exhibit to the Company's Annual Report on Form 10-K and is available on the Company's website at www.bearstearns.com. The website contains a corporate governance page, located within the Corporate Governance section under the heading About Bear Stearns. Copies of the Company's Corporate Governance Guidelines, Code, and the charters of each of the Audit Committee, Compensation Committee, Corporate Governance Committee, Nominating Committee and QLCC are available on the website and may also be obtained by any stockholder upon request without charge by writing to the Corporate Secretary, The Bear Stearns Companies Inc., 383 Madison Avenue, 6th Floor, New York New York 10179.

AUDIT COMMITTEE REPORT

The members of the Audit Committee (the "Committee") have been appointed by the Board of Directors (the "Board"). The Committee is comprised of four directors who each meet the independence and experience requirements of the NYSE and the SEC criteria of an audit committee financial expert. The Committee is governed by a charter (attached as Exhibit A) which has been approved and adopted by the Board and is reviewed and reassessed annually by the Committee.

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEF 14A

The following Audit Committee Report does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended (the Securities Act) or the Exchange Act, except to the extent the Company specifically incorporates this Audit Committee Report by reference into any such filing.

The Committee assists the Board in monitoring (1) the integrity of the financial statements of the Company, (2) the compliance by the Company with legal and regulatory requirements, (3) the qualifications, performance and independence of the Company's independent external auditors and (4) the performance of the Company's internal audit function.

Management is responsible for the preparation and integrity of the Company's financial statements. The Committee reviewed the Company's audited financial statements for the year ended November 30, 2003 and met with both management and the Company's external auditors to discuss those financial statements, including the critical accounting policies on which the financial statements are based. Management and the external auditors have represented to the Committee that the financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

The Committee has received from and discussed with the external auditors their written disclosure and letter regarding their independence from the Company as required by Independence Standards Board Standard No. 1. The Committee also discussed with the external auditors any matters required to be discussed by Statement on Auditing Standards No. 61.

Based upon these reviews and discussions, the Committee has recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended November 30, 2003 for filing with the SEC.

EXECUTIVE COMPENSATION

COMPENSATION COMMITTEE REPORT

Compensation Policies

The Compensation Committee is empowered by the Board of Directors and the stockholders to oversee the compensation programs of the Company with particular attention to the compensation of the executive officers of the Company. The compensation philosophy of the Company has been strongly influenced by the principle that the compensation of the executive officers should be structured to link their financial reward to the achievement of annual and long-term performance goals. Thus, executives would both share in the success of the Company as a whole and be adversely affected by poor Company performance, thereby aligning their interests with the interests of the stockholders. In making decisions with respect to the compensation of executive officers, the Compensation Committee follows certain guidelines:

Total compensation should be comparable to that of the Company's primary competitors, so that the Company may recruit and retain talented executive officers who are key to the Company's long-term success.

Executive compensation should be directly linked to the Company's financial performance as measured annually, primarily through return on equity.

A significant portion of the total compensation paid to executive officers should be delivered in the form of equity-based awards. The value of equity-based awards cannot be realized immediately and depends upon the future performance of the Company and an increase in the market value of its stock.

To implement the foregoing philosophy, the salary and bonus compensation of executive officers is determined principally by the operation of the Performance Compensation Plan (the Performance Compensation Plan).

Performance Compensation Plan

Under the Performance Compensation Plan, executive officers, including the executive officers named in the Summary Compensation Table, and key employees receive a base salary of \$200,000 per annum and a share of a performance-based bonus pool. The Compensation Committee determines the formula for calculating one or more bonus pools within 90 days after the beginning of each fiscal year based upon one or more of the following criteria, individually or in combination, adjusted in such manner as the Compensation Committee shall determine: (a) pre-tax or after-tax return on common equity; (b) earnings per share; (c) pre-tax or after-tax net income; (d) business unit or departmental pre-tax or after-tax income; (e) book value per share; (f) market price per share; (g) relative performance to peer group companies; (h) expense management; and (i) total return to stockholders.

The share of one or more of the bonus pools to be allocated to each executive officer in any fiscal year is determined by the Compensation Committee in its sole discretion. However, under no circumstance may the aggregate amount of the bonuses paid under the Performance Compensation Plan exceed 100% of any of the applicable bonus pools computed under the formula designated by the Compensation Committee. The maximum amount allocable to members of the Executive Committee of Bear, Stearns & Co Inc. in the aggregate for any fiscal year is \$165,000,000 (the Executive Committee Pool). The maximum allocation to any individual member of the Executive Committee Pool is 30%. In fiscal 2003, the Executive Committee consisted of six members: the Company s Chief Executive Officer, Chairman of the Executive Committee, Presidents, Chief Financial Officer and General Counsel.

In fiscal 2003, the Compensation Committee determined that the formula used to calculate the Executive Committee Pool would be based on the Company s adjusted after-tax return on common equity. Based on this formula, the Compensation Committee determined that participants in the Executive Committee Pool would receive total compensation of \$111,776,590 which would consist of a combination of cash, CAP Units (as defined below under Equity Ownership and Capital Accumulation Plan) and stock options (see Stock Award Plan). The Executive Committee felt that a greater percentage of their annual compensation should be tied to the future increase in the price of the Company s Common Stock and therefore recommended to the Compensation Committee that the percentage of annual compensation delivered in the form of stock options be increased from 7.5% to 20%. The

- 13 -

Compensation Committee concurred with this suggestion which resulted in the participants in the Executive Committee Pool receiving 42.2% in cash and 57.8% in equity-based awards. The Compensation Committee believes that this change strengthens the alignment of the interests of the executive officers with those of all stockholders, as the ultimate realization of the benefits attributable to stock options only occur with an increase in the Company s stock price.

Equity Ownership and Capital Accumulation Plan

A focus on performance and growth and the direct alignment of employee and stockholder interests flows from the substantial ownership of Common Stock and CAP Units by senior executives of the Company. At January 31, 2004, the members of the Executive Committee beneficially owned 8.54% of the outstanding Common Stock, CAP Units and restricted stock units combined.

All executive officers receive a substantial portion of their annual compensation in awards made pursuant to the CAP Plan. Stock units (CAP Units) awarded pursuant to the CAP Plan vest at the end of three years. After a five-year period, each officer will be entitled to receive from the Company a number of freely transferable shares of Common Stock equal to the number of CAP Units then credited to such officer s Capital Accumulation Account related to such award.

Stock Award Plan

The Stock Award Plan was established in 1999 and provides the Company the ability to award key employees stock options as a component of their annual compensation. The determination of recipients of stock options, the terms and conditions of such options within the parameters of the Stock Award Plan, and the number of shares covered by each option is determined by the Compensation Committee, based on management s recommendation.

In aggregate, 1,068,871 ten-year options were granted to members of the Executive Committee relating to their performance in fiscal 2003. These options were granted with exercise prices equal to the fair market value of the Common Stock on the date of grant and become exercisable after three years. The Compensation Committee believes that the award of stock options is an important component in the compensation of

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEF 14A

executive officers, as the ultimate economic value of such awards can only be achieved as a result of share price growth. As a result, the interests of executive officers are directly aligned with those of the stockholders.

Compensation of Chief Executive Officer

The total compensation of Mr. Cayne, the Company's Chief Executive Officer, along with other members of the Executive Committee, is determined in all respects by the Performance Compensation Plan. Pursuant to the terms of the Performance Compensation Plan for fiscal 2003, Mr. Cayne received a base salary of \$200,000 and shared in a bonus pool based on the Company's fiscal 2003 after-tax return on common equity. Mr. Cayne's proportionate share of the fiscal 2003 bonus pool (as well as that of the other members of the Executive Committee) was determined by the Compensation Committee in February 2003. The Compensation Committee approved Mr. Cayne receiving total compensation in fiscal 2003 of \$27,026,382 consisting of the following components (including 256,143 stock options):

<u>Base Salary</u>	<u>Cash Bonus</u>	<u>CAP Units</u>	<u>Stock Options</u>	<u>Total</u>
\$200,000	\$ 11,009,432	\$ 10,419,633	\$ 5,397,317	\$ 27,026,382

The total compensation of Mr. Cayne represents a significant increase over that paid in fiscal 2002 reflecting the Company's improved operating performance, as measured by pre-tax earnings, profit margins, net income and return on equity. The Compensation Committee believes that Mr. Cayne's fiscal 2003 compensation was fair given the Company's absolute performance and also its performance compared to its key competitors. Due to the substantial portion of Mr. Cayne's compensation being delivered in the form of stock units and stock options, the ultimate realization of benefits from his current bonus will depend on the future performance of the Company and the value of its Common Stock.

- 14 -

Tax Deductibility under Section 162(m)

Section 162(m) of the Internal Revenue Code limits deductibility for federal income tax purposes of compensation in excess of \$1,000,000 annually paid to individual executive officers named in the Summary Compensation Table unless certain exceptions, including compensation based on performance goals, are satisfied. The Performance Compensation Plan, the CAP Plan and the Stock Award Plan have been established and maintained in an effort to comply with the performance-based exception to limits on deductibility of executive officer compensation. However, while the Compensation Committee currently seeks to maximize the deductibility of compensation paid to executive officers, it will maintain the flexibility to take actions which may be based upon other considerations.

Conclusion

The Compensation Committee believes that the Company performed well in the current business environment. The Company's performance as measured by profit margins and earnings per share increased significantly from the prior year and return on common equity was the highest of its key competitors. Therefore, the compensation paid to the Company's executive officers reflects the Company's strong absolute and relative performance. Attracting and retaining talented and motivated management and employees is essential to creating long-term stockholder value. Offering a competitive performance-based compensation program with a significant equity component helps to achieve this objective. The Compensation Committee believes that the Performance Compensation Plan, the CAP Plan and the Stock Award Plan provide appropriate incentives to senior management of the Company and are fair and reasonable methods for determining the compensation of executive officers, including the Chief Executive Officer. The compensation program of the Company properly serves to align the interests of executives and stockholders.

(1) Represents awards made in December 2003 for performance in fiscal year 2003.

(2) All stock options become exercisable three years after grant date.

(3) Valued using a modified Black-Scholes option pricing model. The exercise price of each stock option (\$73.75) is equal to the closing price on the Consolidated Transaction Reporting System of a share of Common Stock on December 12, 2003, the date immediately preceding the date of the grant. The assumptions used for the variables in the model were: 26.90% volatility (a projection of the volatility of the Common Stock over the 120 month term of the options); a 3.17% risk-free rate of return (based on the USD Interest Rate Swap Curve, expressed as a zero-coupon rate over the 120 month term); a 1.11% dividend yield (which was an estimated projected dividend yield on the date of grant); and a ten year option term (which is the maximum term of the options). A discount of 25% was applied to the option value yielded by the model to reflect the non-marketability of the options. The actual gain, if any, that executives will realize on their stock options will depend on the future price of the Common Stock and cannot be accurately forecasted by application of an option pricing model.

No increases have been proposed for fiscal 2004. The exercise price of an option is equal to the closing price of the Common Stock on the NYSE on the date the grant is made. The number of shares covered by the option and the number of restricted stock units is equal to the quotient of an amount determined by the Executive Committee divided by the average closing price of the Common Stock for the five trading days immediately preceding the date of such meeting, subject to adjustment as provided in the Directors' Plan. The options have a ten-year term, are exercisable six months from the date of grant and are subject to termination upon the occurrence of certain events as provided in the Directors' Plan.

Pursuant to the annual grant provisions of the Directors' Plan, all of the Company's Non-Employee Directors at March 26, 2003 received stock options valued at \$42,500 in fiscal 2003. CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Certain Transactions

The Company, in the ordinary course of business, has extended credit to certain of its directors, officers and employees in connection with their purchase of securities. Such extensions of credit have been made on substantially the same terms (including as to interest rates and collateral requirements) as those prevailing at the time for comparable transactions with non-affiliated persons, except that for some credit products, the interest rates charged were equivalent to the lowest of the interest rates charged to other persons or were the same as those charged to Company employees and did not involve more than the normal risk of collectability or have unusual terms or conditions which are disadvantageous to the Company. To the extent officers and employees of the Company and members of their immediate families wish to purchase securities in brokerage transactions, they ordinarily are required to do so through Bear Stearns, which offers them a discount from its standard commission rates that could be substantial depending on various factors, including the size of the transaction. Bear Stearns periodically in the ordinary course of its business, enters into transactions, as principal, involving the purchase or sale of securities and commercial paper (including different forms of repurchase transactions) with directors, officers, employees of the Company and members of their immediate families. Such purchases and sales of securities or commercial paper on a principal basis are effected on substantially the same terms as similar transactions with unaffiliated third parties.

II.

General

The Capital Accumulation Plan for Senior Managing Directors (the CAP Plan) was adopted initially by the Board of Directors and approved by stockholders as of September 6, 1990. The CAP Plan was amended thereafter on a number of occasions by the Compensation Committee, both with and without stockholder approval, as required. The CAP Plan was amended and restated as of November 29, 2000 for CAP Plan years beginning on or after July 1, 1999 (the 2000 Plan). Deferrals relating to CAP Plan years beginning prior to July 1, 1999 are subject to the CAP Plan amended and restated as of October 28, 1999 (the 1999 Plan). The 2000 Plan is filed as an exhibit to the Company's Quarterly Report on Form 10-Q for the quarter ended February 23, 2001 and the 1999 Plan is filed as an exhibit to the Company's Quarterly Report on Form 10-Q for the quarter ended December 31, 1999. The 1999 Plan and the 2000 Plan constitute a single plan and unless indicated otherwise are referred to in this subsection as the CAP Plan.

Purpose

The purpose of the CAP Plan is to promote the interests of the Company and its stockholders by providing long-term incentives to certain key executives who contribute significantly to the long-term performance and growth of the Company. Awards pursuant to the CAP Plan will be credited to participants' deferred compensation accounts (Capital Accumulation Accounts) in the form of units (CAP Units), on prescribed terms and conditions. The Company will deliver shares of Common Stock in settlement of outstanding CAP Units upon completion of the applicable vesting and deferral periods. The CAP Plan is administered together with the grant of options under the Stock Award Plan in order to attract and retain key executives in a competitive business environment and to link the long-term interests of management and stockholders by broadening the equity participation of executives.

Proposed Amendment to the CAP Plan

The CAP Plan currently provides for termination when all required distributions have been made following the last day of the applicable deferral period. The maximum number of CAP Units that may be credited to all participants' Capital Accumulation Accounts under the CAP Plan for any CAP Plan year may not exceed the equivalent number of shares of Common Stock equal to the sum of 15% of the outstanding shares of Common Stock as of the last day of such CAP Plan year (the Base Shares) and the number, if any, by which the sum of the Base Shares in all prior fiscal years beginning on or after July 1, 1993 exceeds the number of shares credited to Capital Accumulation Accounts under the CAP Plan in all prior fiscal years.

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEF 14A

The CAP Plan is a formula plan as defined in NYSE Section 303A.08. To avoid the need to seek specific stockholder approval for each grant of awards under the CAP Plan, as required under the new NYSE rules for formula plans which are not limited to a ten-year term, the Board of Directors approved an amendment to each of the 2000 Plan and the 1999 Plan, subject to stockholder approval at the Annual Meeting. Pursuant to the amendment, the CAP Plan will terminate on December 31, 2013, unless earlier terminated by the Compensation Committee. The Compensation Committee is defined in the CAP Plan and referred to in the amendment as the Board Committee.

Set forth below is the text of new Section 11.12 to be added to the 2000 Plan and the 1999 Plan containing the amendment being proposed at the Annual Meeting. The amendment is qualified in its entirety by reference to such text.

New Section 11.12 shall be added to the 2000 Plan and the 1999 Plan to read as follows:

11.12 Termination of the Plan. Unless earlier terminated by action of the Board Committee, the Plan will remain in effect until December 31, 2013.

- 25 -

Description of the CAP Plan

This summary of the material terms of the CAP Plan is qualified in its entirety by reference to the full text of the 2000 Plan, a copy of which is attached as an exhibit to the Company's Quarterly Report on Form 10-Q for the quarter ended February 23, 2001 and the full text of the 1999 Plan, a copy of which is attached as an exhibit to the Company's Quarterly Report on Form 10-Q for the quarter ended December 31, 1999.

The CAP Plan is administered by the Management and Compensation Committee with respect to all participants other than those who are subject to the reporting requirements of Section 16(a) of the Exchange Act. The CAP Plan is administered with respect to such reporting persons by the Compensation Committee.

Employees of Bear Stearns who hold the position of Senior Managing Director and who are accredited investors as defined in Rule 501 under the Securities Act are eligible to participate in the CAP Plan.

Pursuant to the 1999 Plan, participants could elect to defer for specified periods required percentages of their current compensation and additional amounts in excess of such required percentages. For each CAP Plan year of such deferrals, participants were entitled to receive a number of CAP Units equal to the total deferral amount for such CAP Plan year divided by the Average Cost Per Share of the available shares for such CAP Plan year. Average Cost Per Share for any period is calculated by taking the weighted average of the sum of the average price paid (including commissions) by the Company in respect of shares purchased during such period and the fair market value as of the last trading day of such period in respect of shares purchased by the Company prior to such period and accepted by the Compensation Committee for use under the CAP Plan. No further deferrals may be made pursuant to the 1999 Plan.

With respect to the CAP Plan year commencing on July 1, 1999 and ending on November 30, 2000, participants in the Performance Compensation Plan were entitled to receive a number of CAP Units equal to such participant's required deferral amount less the value of the stock options granted in or for such CAP Plan year to such participant (such value as determined by the Compensation Committee), divided by the Average Cost Per Share. All other participants were eligible to be granted an award in the discretion of the Compensation Committee.

With respect to each CAP Plan year beginning on or after December 1, 2000, participants are eligible to be granted an award in the discretion of the Compensation Committee, based upon future and past services, among other factors. For each CAP Plan year, the Company will credit to a participant's Capital Accumulation Account, as of the last day of such CAP Plan year, that number of CAP Units equal to the amount determined by the Compensation Committee with respect to such participant, divided by the fair market value of the Common Stock on the date the Compensation Committee grants such award.

CAP Units and cash balances credited under the 1999 Plan are fully vested. Generally, CAP Units awarded under the 2000 Plan vest 50% after the second anniversary of the date of the award and 50% after the third anniversary of the date of the award. CAP Units awarded under the 2000 Plan may vest at an earlier date or may continue to vest following termination of employment. A participant may not assign, pledge or otherwise transfer an interest in a Capital Accumulation Account except by designating a beneficiary who shall be entitled to receive any amounts payable under the CAP Plan upon the participant's death. The Company is not required to establish a special or separate fund or to otherwise segregate any assets to assure any payments under the CAP Plan, and has no obligation to invest all or any portion of Capital Accumulation Accounts in Common Stock. The CAP Plan provides that the rights of each participant shall be no greater than the rights of a general unsecured creditor of the Company.

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEF 14A

CAP Units credited in respect of each CAP Plan year and any credits or adjustments to such CAP Units will be recorded in separate subaccounts. Any amounts attributable to CAP Units or Net Earnings Adjustments (as defined in the CAP Plan) for a particular fiscal year which could not be credited to Capital Accumulation Accounts due to limitations on the number of shares available to be credited under the CAP Plan in respect of such fiscal year will be credited to interest-bearing cash balance accounts in accordance with the provisions of the CAP Plan. In subsequent fiscal years, to the extent that the Company acquires shares of Common Stock and the Compensation Committee designated such shares for such use under the CAP Plan, it will reduce such cash balances by crediting to the applicable Capital Accumulation Account at the end of each fiscal quarter a number of CAP Units corresponding to such shares. Credits made to Capital Accumulation Accounts and cash balance accounts relating

- 26 -

to previously granted awards will, unless otherwise provided in the agreement evidencing the award, be subject to the same terms and conditions (including vesting and cancellation) as the underlying award.

Each CAP Unit credited to a participant's Capital Accumulation Account will entitle such participant to receive, on an annual basis, a Net Earnings Adjustment generally equal to the Company's pre-tax earnings per share (as determined in accordance with the CAP Plan) for such fiscal year less an adjustment for changes in the Company's book value per share of the Common Stock during such years resulting from increases or decreases in the Company's retained earnings attributable to net income or loss after deducting dividends declared with respect to any capital stock of the Company during such year. The Net Earnings Adjustment generally will be credited to a participant's Capital Accumulation Account on an annual basis in the form of a number of additional CAP Units.

As soon as practicable following completion of each applicable deferral period, the Company will deliver in respect of each CAP Plan year, a number of shares of Common Stock equal to the number of CAP Units credited to a Capital Accumulation Account for such CAP Plan year plus any cash in the cash balance account for such CAP Plan year.

In general, within 60 days of the occurrence of a Change in Control of the Company, participants in the 1999 CAP Plan will be entitled to receive payment of that number of shares of Common Stock equal to the total CAP Units credited to their Capital Accumulation Accounts as of the date of the Change in Control and an amount in cash equal to any cash balance as of such date. With respect to the 2000 CAP Plan, the Compensation Committee may, in its sole discretion, provide within 60 days of the occurrence of the Change in Control for payment and/or the full vesting of a participant's total CAP Units and cash balance account.

Change in Control means (a) a majority of the Board of Directors ceases to consist of Continuing Directors (as defined below); (b) any person becomes the beneficial owner of 50% or more of the Company's outstanding voting power, unless such acquisition is approved by a majority of the Continuing Directors; (c) the stockholders of the Company approve an agreement to dispose of all or substantially all of the assets of the Company (or, in the case of the 1999 CAP Plan, an agreement to merge or consolidate into any other entity), unless such disposition is approved by a majority of the Continuing Directors; or (d) (in the case of the 2000 CAP Plan) the consummation of a merger or consolidation of the Company (or any subsidiary) with any other corporation, unless, the Company's voting securities outstanding immediately prior to such merger or consolidation continue to represent more than 50% of the combined voting power of the Company, such surviving entity or any parent thereof outstanding immediately thereafter, and individuals who constitute the Board of Directors of the Company immediately prior to the execution of the definitive merger or consolidation agreement continue immediately thereafter to represent at least a majority of the Board of Directors of the Company, such surviving entity or any parent thereof.

Continuing Director means any member of the Board of Directors who was a director on the effective date of the 1999 CAP Plan or 2000 CAP Plan, as applicable, or who is elected thereafter upon the recommendation or with the approval of a majority of the Continuing Directors at the time of such recommendation or approval.

The Company reserves the right to terminate the entire CAP Plan, or any portion of the CAP Plan representing a particular fiscal year's deferred compensation, at any time in its sole discretion. Generally, no amendment, suspension or termination may retroactively impair or otherwise adversely affect the rights of any person to benefits which have accrued under the CAP Plan prior to the date of such action. In the case of the 2000 CAP Plan, upon termination of the 2000 CAP Plan in its entirety or with respect to one or more CAP Plan years, the Compensation Committee, in its sole and absolute discretion, may accelerate the vesting of all or any portion of the CAP Units or cash balance credited to a participant's account, which would not then be vested.

The maximum number of shares that may be credited under the CAP Plan may be adjusted by the Compensation Committee in the event of any change in the Common Stock, such as through merger, consolidation, reorganization, stock dividend, stock split or otherwise. In the event of any such change after the date that CAP Units initially are credited to a participant's Capital Accumulation Account, the number of CAP Units held in each participant's account will be equitably adjusted, as determined by the Compensation Committee or the Management and Compensation

Committee, as applicable, in its sole discretion, to reflect such event.

The Board of Directors recommends a vote FOR approval of the amendment to the CAP Plan.

III. APPROVAL OF AMENDMENT TO THE STOCK AWARD PLAN

General

The Stock Award Plan was adopted by the Board of Directors on September 28, 1999 and was approved by stockholders at the 1999 Annual Meeting. Amendments to the Stock Award Plan increasing the number of shares available for issuance under the Plan were approved by stockholders at the 2001 and 2002 Annual Meetings.

The purpose of the Stock Award Plan is to provide the Company with greater flexibility in the composition of incentive awards and to secure for the Company and its stockholders the continued services of key employees who are important to the success and growth of the business of the Company and its subsidiaries. The Company believes that awards under the Stock Award Plan may serve to broaden the equity participation of such key employees and further link the long-term interests of management and stockholders. The Company will consider awards pursuant to the Stock Award Plan in light of its overall compensation philosophy and competitive conditions in the marketplace. The Company intends to grant future stock options pursuant to the Stock Award Plan in concert with employee participation in the CAP Plan.

The Company relies on the CAP Plan to provide long-term incentive compensation to the Company's key executives. The Company adopted the Stock Award Plan in the belief that the flexibility to selectively use options as part of an overall compensation package for key employees may enhance the Company's ability to attract and retain such individuals in an intensely competitive business environment. A number of the Company's competitors utilize equity awards as a significant component of their incentive compensation programs. The use of equity-based compensation as a larger percentage of total compensation should more closely align executive incentives with the long-term goals of the Company's stockholders in a tax-efficient manner.

Proposed Amendment to the Stock Award Plan

Currently, an aggregate of 35,000,000 shares of Common Stock are subject to the Stock Award Plan. Shares subject to options which terminate or expire unexercised will become available for future option grants. The Company granted 5,707,869 options related to performance in fiscal 2003. In light of the fact that equity compensation is a significant component of the Company's compensation structure, on February 19, 2004, the Board of Directors approved an amendment to the Stock Award Plan, subject to stockholder approval at the Annual Meeting, to increase the number of authorized shares of Common Stock available for the grant of options under the Stock Award Plan to 40,000,000 shares (subject to adjustment as described below and provided in the Plan). The proposed increase in the aggregate number of shares available for the grant of options is intended to enhance the Company's flexibility in structuring incentive awards by facilitating future stock option grants.

Set forth below is the text of revised section 3.1 of the Stock Award Plan containing the amendment being proposed at the Annual Meeting. The amendment is qualified in its entirety by reference to such text.

The text of section 3.1 shall be amended to read as follows:

3.1 Number Of Shares. Subject to the provisions of Paragraph 17 (relating to adjustments upon changes in capitalization), the number of shares of Common Stock subject at any one time to options granted under the Plan, plus the number of shares of Common Stock theretofore issued or delivered pursuant to the exercise of options granted under the Plan, shall not exceed 40,000,000 shares. If and to the extent that options granted under the Plan terminate, expire or are cancelled without having been exercised, new options may be granted under the Plan with respect to the shares of Common Stock covered by such terminated, expired or cancelled options; provided, that the granting and terms of such new options shall in all respects comply with the provisions of the Plan.

Description of The Stock Award Plan

All references to the Plan in the remaining text of this subsection shall mean the Stock Award Plan. The summary of the material terms of the Stock Award Plan is qualified in its entirety by reference to the full text of the Stock Award Plan, a copy of which is attached to this Proxy Statement as Exhibit B.

The determination of employee recipients of options and awards, their terms and conditions within the parameters of the Plan and the number of shares covered by each option or award is determined and administered by the Compensation Committee.

- 28 -

Incentive Stock Options; Non-Qualified Stock Options and Stock Appreciation Rights

Key employees of the Company or any of its subsidiaries, including executive officers and directors, to the extent that they are key employees of the Company or any of its subsidiaries, are eligible to participate in the Plan based upon its terms and conditions. Awards may be granted by the Compensation Committee and may include: (1) options to purchase shares of Common Stock in the form of incentive stock options, as defined in Section 422 of the Internal Revenue Code (ISOs), or non-qualified stock options and (2) stock appreciation rights granted in tandem with such options (SARs). At the time of original grant of options, the Compensation Committee may also authorize the grant of reload options, which shall be non-qualified stock options for such number of shares of Common Stock as were used by the participant to pay the purchase price upon the exercise of previously granted options, but are still subject to the other terms set forth in the Plan. For each calendar year, during any part of which the Plan is in effect, no participant may be granted awards relating in the aggregate to more than 1,000,000 shares of Common Stock, as adjusted to reflect certain changes to the outstanding Common Stock pursuant to the Plan. Awards of options and SARs are not transferable except by will or the laws of descent and distribution. However, non-qualified stock options may be transferred, for no consideration, to certain family members of the Plan participant or to trusts for such family members.

The option price per share of options granted under the Plan will be determined by the Compensation Committee. However, the per share option price of any ISO shall not be less than the fair market value (as defined below) of a share of Common Stock at the time the ISO is granted, and the per share option price of any non-qualified stock option shall not be less than the fair market value of a share of Common Stock at the time the non-qualified stock option is granted. The fair market value of the Common Stock on any date means (1) if the Common Stock is listed on a national securities exchange or quotation system, the closing sales price on such exchange or quotation system on such date or, in the absence of reported sales on such date, the closing sales price on the immediately preceding date on which sales were reported, (2) if the Common Stock is not listed on a national securities exchange or quotation system, the mean between the bid and offered prices as quoted by the National Association of Securities Dealers, Inc. Automated Quotation System (NASDAQ) for such date or (3) if the Common Stock is neither listed on a national securities exchange or quotation system nor quoted by NASDAQ, the fair value as determined by such other method as the Compensation Committee determines in good faith to be reasonable. At the close of trading on February 26, 2004, the closing sales price of the Common Stock as reported on the NYSE was \$87.33 per share. Each option will be exercisable at such times, or upon the occurrence of such events, and in such amount, as may be determined by the Compensation Committee and stated in the option award agreement. The term of each option may not exceed ten years from the date of grant. Payment of the option price upon exercise of an option may be made (1) by check payable to the Company, (2) with the consent of the Compensation Committee by delivery of Common Stock already owned by the optionee for at least six months (which may include shares received as the result of a prior exercise of an option) having a fair market value (determined as of the date such option is exercised) equal to all or part of the aggregate purchase price, (3) in accordance with a cashless exercise program as specified in the Plan or (4) by any combination of the foregoing alternatives or by any other means that the Compensation Committee deems appropriate. No optionee will have any rights to dividends or other rights of a stockholder with respect to his or her shares subject to the option until the optionee has given written notice of exercise and paid in full for such shares.

The Compensation Committee may, in its sole discretion, with respect to each option granted under the Plan, grant tandem stock appreciation rights, that is, the right to relinquish such option in whole or in part and to receive a cash payment equal to the excess of the fair market value of the stock covered by the relinquished option (or part thereof) over the applicable option price.

Change in Control; Termination, Modification or Amendment

In the event of a Change in Control of the Company, the Compensation Committee may, to assure fair and equitable treatment of the participants in the Plan: (1) accelerate the ability to exercise any outstanding options, (2) offer to purchase any outstanding option granted pursuant to the Plan from the holder for its equivalent cash value and (3) make adjustments or modifications to outstanding options as the Compensation Committee deems appropriate to maintain and protect the rights and interests of participants in the Plan following such Change in Control. In no event, however, may any option be exercised prior to the expiration of six months from the date of grant (unless otherwise provided in the option agreement pursuant to which such option was granted) or after ten years from the

- 29 -

date of grant. **Change in Control** means: (a) a majority of the Board of Directors ceases to consist of Continuing Directors (as defined below); (b) any person becomes the beneficial owner of 25% or more of the outstanding voting power of the Company unless such acquisition is approved by a majority of the Continuing Directors; (c) the stockholders of the Company approve an agreement to merge or consolidate into any other entity, unless such merger or consolidation is approved by a majority of the Continuing Directors; or (d) the stockholders of the Company approve an agreement to dispose of all or substantially all of the assets of the Company, unless such disposition is approved by a majority of the Continuing Directors. **Continuing Directors** means those members of the Board of Directors on the effective date of the Plan or who are elected to the Board of Directors after such date upon the recommendation or with the approval of a majority of the Continuing Directors at the time of such recommendation or approval.

The Company's Board of Directors may terminate, modify or amend the Plan, but no amendment may be made which would, without the approval of the stockholders (1) change the class of employees eligible to receive options payable in Common Stock, (2) increase the total number of shares reserved for issuance under the Plan or (3) materially increase the benefits accruing to participants under the Plan, within the meaning of Rule 16b-3 promulgated under the Exchange Act. The Compensation Committee may amend the terms of any award or option already granted, provided that any such retroactive amendment is consistent with the provisions of the Plan and does not disqualify an ISO under the provisions of Section 422 of the Internal Revenue Code.

In the event of certain changes to the outstanding Common Stock such as stock splits, stock dividends, reclassifications or recapitalizations, the Board of Directors will appropriately adjust the character and number of shares available under the Plan and the Compensation Committee will appropriately adjust the character, number and price of shares subject to outstanding options to reflect such changes.

The Plan became effective on the date of its adoption by the Board of Directors. The Plan will terminate upon the earlier of (1) the adoption of a resolution of the Company's Board of Directors to terminate the Plan or (2) ten years from the effective date of the Plan.

Options Granted Under the Stock Award Plan

Because the Plan is discretionary, benefits to be received by individual optionees are not determinable. The following table shows the number of shares of Common Stock issuable upon exercise of stock options granted to the named individuals and groups to date under the Plan.

Certain Federal Income Tax Consequences

The following discussion is based on the Internal Revenue Code and applicable regulations thereunder in effect on the date of this Proxy Statement. Any subsequent changes in the Internal Revenue Code or such regulations may affect the accuracy of this discussion. In addition, this discussion does not consider any state, local or foreign tax consequences or any circumstances that are unique to a particular Plan participant that may affect the accuracy or applicability of this discussion.

Incentive Stock Options (ISOs)

Neither the grant nor the exercise of an ISO will be treated as the receipt of taxable income by the employee or a deductible item by the Company. The amount by which the fair market value of the shares issued upon exercise exceeds the option strike price will constitute an item of adjustment that must be taken into account in determining the employee's alternative minimum tax.

If the employee holds shares acquired by him or her upon the exercise of an ISO until the later of two years from the date of grant of the option and one year from such exercise and has been an employee of the Company at all times from the date of grant of the ISO to the day three months before such exercise, then any gain realized by the employee on a later sale or exchange of such shares will be a capital gain and any loss sustained will be a capital loss. The Company will not be entitled to a tax deduction with respect to any such sale or exchange of ISO shares.

If the employee disposes of any shares acquired upon the exercise of an ISO during the two-year period from the date of grant of the option or the one-year period beginning on the day after such exercise (i.e., a disqualifying disposition), the employee will generally be obligated to report as ordinary income for the year in which the disposition occurred the amount by which the fair market value of such shares on the date of exercise of the option (or, as noted in the following sentence, in the case of certain sales or exchanges of such shares for less than such fair market value, the amount realized upon such sale or exchange) exceeds the option strike price, and the Company will be entitled to an income tax deduction equal to the amount of such ordinary income reported by the employee on his or her federal income tax return.

If an ISO holder who has acquired stock upon the exercise of an ISO makes a disqualifying disposition of any such stock, and the disposition is a sale or exchange with respect to which a loss (if sustained) would be recognized by the ISO holder, then the amount includable in the ISO holder's gross income, and the amount deductible by the Company, will not exceed the excess (if any) of the amount realized on the sale or exchange over the tax basis of the stock.

Non-Qualified Stock Options (NQSO)

In the case of an NQSO, the grant of the option will not result in taxable income to the option holder or an income tax deduction to the Company. The NQSO holder generally recognizes ordinary income at the time the NQSO is exercised in the amount by which the fair market value of the shares acquired exceeds the option strike price. The Company is generally entitled to a corresponding ordinary income tax deduction, at that time, equal to the amount of such ordinary income.

Stock Appreciation Rights (SARS)

The granting of SARs does not produce taxable income to participating employees or an income tax deduction for the Company. The exercise of a SAR for cash is immediately taxable as ordinary income to the grantee and deductible by the Company.

Limitations on Company Deductions; Parachute Payments

Under Section 162(m) of the Internal Revenue Code, certain compensation payments in excess of \$1,000,000 are subject to a limitation on deductibility by the Company. This limitation on deductibility applies with respect to that portion of compensation in excess of \$1,000,000 paid to individual executive officers named in the Summary Compensation Table per taxable year. However, certain performance-based compensation the material terms of which are disclosed to and approved by stockholders is not subject to this limitation on deductibility. The Company has structured the Plan with the intention that compensation resulting therefrom would be such performance-based compensation and would be deductible.

Under certain circumstances, accelerated vesting or exercise of options or SARs in connection with a Change in Control of the Company might be deemed an excess parachute payment for purposes of the golden parachute tax provisions of Sections 280G and 4999 of the Internal Revenue Code. To the extent it is so considered, the optionee or grantee may be subject to an excise tax equal to 20% of the amount of the excess parachute payment and the Company may be denied a tax deduction, with respect to such excess.

The Board of Directors recommends a vote FOR approval of the amendment to the Stock Award Plan.

IV. APPROVAL OF THE RESTRICTED STOCK UNIT PLAN, AS AMENDED

General

The Board of Directors proposes that the stockholders approve the Restricted Stock Unit Plan, as amended (the RSU Plan), a copy of which is attached to this Proxy Statement as Exhibit C. Stockholders are encouraged to review the RSU Plan carefully. Any description in this Proxy Statement of the RSU Plan is qualified in its entirety by reference to Exhibit C.

Purpose

The RSU Plan was adopted by the Board of Directors on November 29, 2000. The purpose of the RSU Plan is to secure for the Company and its stockholders the benefits of the additional incentive inherent in the ownership of Common Stock by selected employees and to assist in securing the continued services of such employees who are important to the success and growth of the business of the Company and its subsidiaries. The RSU Plan provides for discretionary grants of stock units (Restricted Stock Units) to participating employees for each performance year for which the RSU Plan is in effect. The Company believes that awards under the RSU Plan may serve to broaden the equity participation of selected employees and further link the long-term interests of management and stockholders. The Company will consider awards pursuant to the RSU Plan in light of its overall compensation philosophy and competitive conditions in the marketplace.

Description of the RSU Plan

The RSU Plan is set forth as Exhibit C to this Proxy Statement and this summary of the material terms of the RSU Plan is qualified in its entirety by reference to Exhibit C.

An aggregate of 15,000,000 shares of Common Stock will be subject to the RSU Plan. Shares subject to an award of Restricted Stock Units that is cancelled, forfeited, expired, settled in cash or otherwise terminated without a delivery of shares to the participant will become available for future awards. Shares withheld or surrendered in payment of taxes relating to an award will also be deemed to constitute shares not delivered to the participant and will become available for future awards. The Company granted 2,352,469 Restricted Stock Units related to performance in fiscal 2003.

The RSU Plan is administered by the Compensation Committee. Subject to the provisions of the RSU Plan, the Compensation Committee has the power and authority to interpret the provisions of the RSU Plan and to determine all questions arising under the RSU Plan. Any decision of the Compensation Committee shall be final and binding on all participants in the RSU Plan.

Employees of the Company or any of its subsidiaries who hold the position of managing director or below and who are selected by the Compensation Committee for a given performance year are eligible to receive awards of Restricted Stock Units, based upon both future and past services, in accordance with the provisions of the RSU Plan. Employees who hold the position of senior managing director or above are not eligible to participate in the RSU Plan. Each award of Restricted Stock Units is evidenced by an agreement which sets forth the terms and conditions of such award, including the dates upon which such award will vest and the circumstances under which such award will be cancelled.

Each Restricted Stock Unit represents a right to receive one share of Common Stock upon settlement at the end of a specified deferral period, subject to cancellation and to the terms and conditions set forth in the RSU Plan, the award agreement and any additional terms and conditions set by the Compensation Committee. Except if a participant's employment is terminated due to death, the participant must be employed by or providing substantial services to the Company or one of its subsidiaries and must comply with the restrictive covenants and other on-going obligations set forth in each award in order for his or her Restricted Stock Units to vest. Restricted Stock Units will immediately vest and will be settled as promptly as practicable in the event a participant's employment is terminated due to death. Restricted Stock Units granted will be credited with dividend equivalents corresponding to the amount of any cash or non-stock dividends paid on the Common Stock and any additional Restricted Stock Units resulting from dividend equivalents will be subject to the same terms and conditions as the underlying Restricted Stock Units. Subject to deferral of settlement, termination of employment and change in control

- 32 -

provisions, as set forth under the RSU Plan, Restricted Stock Units will be automatically settled on or about the dates set forth in the award agreement. The Compensation Committee may also permit a participant to defer settlement, subject to specified terms and conditions. Additionally, unless otherwise determined by the Compensation Committee, if the Compensation Committee reasonably determines that any settlement would result in payment of compensation to a participant which is not deductible by the Company under Section 162(m) of the Internal Revenue Code, such settlement shall be automatically deferred to the extent necessary to avoid payment of such non-deductible compensation.

Participants generally may not sell, transfer, pledge or otherwise encumber Restricted Stock Units or the shares of Common Stock issuable in settlement of Restricted Stock Units during the specified deferral period. In the event of a Change in Control of the Company, the Compensation Committee may, to assure fair and equitable treatment of the participants in the RSU Plan: (1) accelerate the vesting and/or settlement of any Restricted Stock Units, (2) offer to purchase any outstanding Restricted Stock Units granted pursuant to the RSU Plan for their equivalent cash value and (3) make adjustments or modifications to Restricted Stock Units as the Compensation Committee deems appropriate to maintain and protect the rights and interests of participants in the RSU Plan following such Change in Control.

Change in Control means (a) a majority of the Board of Directors ceases to consist of Continuing Directors (as defined below); (b) any person is or becomes the beneficial owner of 50% or more of the outstanding voting power of the Company unless such acquisition is approved by a

majority of the Continuing Directors; (c) the Company or any of its subsidiaries is merged into or consolidated with any other corporation, unless the Company's voting securities outstanding immediately prior to such merger or consolidation continue to represent more than 50% of the combined voting power of the securities of the Company, such surviving entity or any parent thereof outstanding immediately thereafter and individuals who constitute the Board of Directors immediately prior to the execution of the definitive merger or consolidation agreement continue immediately thereafter to represent at least a majority of the Board of Directors of the Company, such surviving entity or any parent thereof; or (d) the stockholders of the Company approve an agreement to dispose of all or substantially all of the assets of the Company, unless such disposition is approved by a majority of the Continuing Directors.

Continuing Director means any member of the Board of Directors who is a member on the effective date of the RSU Plan or who is elected to the Board of Directors after such date upon the recommendation or with the approval of a majority of the Continuing Directors at the time of such recommendation or approval.

The Board of Directors may amend, suspend or terminate the RSU Plan or the Compensation Committee's authority to grant awards under the RSU Plan and may amend any outstanding award without the consent of participants, but may not, without such participant's consent, materially and adversely affect the rights of a participant under any outstanding award.

In the event of certain changes to the outstanding Common Stock such as stock splits, stock dividends or reclassifications, the Compensation Committee will appropriately adjust the number and kind of shares available for awards under the RSU Plan and the number and kind of shares subject to outstanding Restricted Stock Units.

The RSU Plan became effective on the date of its adoption by the Board of Directors. The RSU Plan will terminate upon the earlier of (1) the adoption of a resolution of the Company's Board of Directors to terminate the RSU Plan or (2) such time as no shares of Common Stock remain available for delivery under the RSU Plan and the Company has no further rights or obligations with respect to outstanding awards.

The Board of Directors recommends a vote FOR approval of the RSU Plan.

V. RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Audit Committee has appointed Deloitte & Touche LLP as the Company's independent auditors to conduct the audit of the Company's books and records for the fiscal year ending November 30, 2004. Deloitte & Touche LLP also served as the Company's independent auditors for the previous fiscal year. Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting to respond to questions and to make a statement should they so desire.

The affirmative vote of a majority of the shares of Common Stock represented at the meeting and entitled to vote is required for the ratification of the appointment of Deloitte & Touche LLP as our independent auditors. The Audit Committee is directly responsible for the appointment and retention of the Company's independent auditors. Although ratification by stockholders is not required by our organizational documents or other applicable law, the Audit Committee has determined that requesting ratification by stockholders of its selection of Deloitte & Touche LLP as our independent auditors is a matter of good corporate practice. If stockholders do not ratify the selection, the Audit Committee will reconsider whether or not to retain Deloitte & Touche LLP, but may still retain them. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interest of the Company and its stockholders.

These services may include audit services, audit-related services, tax services and other services.

Prior to engagement of the independent auditor, the Committee shall pre-approve all auditing services and all permitted non-audit services (including the fees and terms thereof), except those excluded from requiring pre-approval based upon the de minimus exception set forth in Section 10A(i)(1)(b) of the Exchange Act.

STOCKHOLDERS SHARING AN ADDRESS

Stockholders who share a single address and who have so consented are receiving only a single copy of our annual report and proxy statement. This practice, known as householding, is designed to reduce the Company's printing and mailing costs. Stockholders may request or discontinue householding, or may request a separate copy of the annual report or proxy statement, by following the instructions below:

Stockholders may consent to householding as provided on the enclosed proxy card or pursuant to the instructions provided when voting via the internet or by telephone.

Stockholders who wish to change or revoke their consent should contact ADP Investor Communication Services at (800) 542-1061 or by writing to them at Householding Department, 51 Mercedes Way, Edgewood, New York 11717.

Any householded stockholder may request prompt delivery of a copy of the Company's annual report or proxy statement by contacting the Company at (212) 272-2000 or by writing to the Investor Relations Department of the Company at 383 Madison Avenue, New York, New York 10179.

ELECTRONIC VOTING AND ACCESS TO PROXY MATERIALS

Stockholders whose shares are registered in their own names may vote by mailing a completed proxy card, via the internet or by telephone. Instructions for voting via the internet or by telephone are set forth on the enclosed proxy card. If your shares are registered in the name of a bank or brokerage firm you will receive instructions from your holder of record that must be followed in order for the record holder to vote the shares per your instructions. Votes submitted via the internet or by telephone must be received by 11:59 p.m. Eastern Standard Time on March 30, 2004. If internet or telephone voting is unavailable from your bank or brokerage firm, please complete and return the enclosed voting instruction card in the addressed, postage paid envelope provided.

You may revoke or change a previously delivered proxy card at any time before the meeting by delivering another proxy with a later date or by sending written notice of revocation of your proxy to the Secretary of the Company before the beginning of the meeting. A vote via the internet or by telephone may be revoked by executing a later-dated proxy card or subsequently voting via the internet or by telephone. Regardless of the manner in which you vote, you may also revoke your proxy vote by attending the meeting and voting in person, although attendance at the meeting will not in and of itself revoke a valid proxy that was previously delivered.

Stockholders who have so consented may receive the Company's annual report and proxy statement over the internet. Stockholders owning shares through a bank, broker or other holder of record should contact the record holder for information regarding electronic delivery of materials. An election to receive materials over the internet will remain in effect for all future annual meetings unless revoked. Stockholders consenting to electronic delivery or voting may incur costs, such as telephone and internet access charges, that must be borne by the stockholder. Stockholders who elect to access proxy materials on the internet may request prompt delivery of the Company's annual report or proxy statement by contacting the Company at (212) 272-2000 or by writing to the Investor Relations Department of the Company at 383 Madison Avenue, New York, New York 10179.

EXHIBIT B

THE BEAR STEARNS COMPANIES INC. STOCK AWARD PLAN (Amended and Restated as of March 26, 2002)

1. **Purpose.** The purpose of The Bear Stearns Companies Inc. Stock Award Plan (the *Plan*) is to secure for The Bear Stearns Companies Inc. and its successors and assigns (the *Company*) and its stockholders the benefits of the additional incentive, inherent in the ownership of the Company's common stock, par value \$1.00 per share (the *Common Stock*), by selected key employees of the Company and its subsidiaries who are important to the success and growth of the business of the Company and its subsidiaries and to help the Company and its subsidiaries secure and retain the services of such persons. Compensation awarded under the Plan is intended to qualify for tax deductibility pursuant to the requirements of Section 162(m) of the Internal Revenue Code of 1986, as amended from time to time or any successor statute or statutes (the *Code*), to the extent deemed appropriate by the Committee (as defined in Paragraph 2.1).

Pursuant to the Plan, such employees will be offered the opportunity to acquire Common Stock through the grant of options and stock appreciation rights in tandem with such options. Options granted under the Plan will be either incentive stock options, intended to qualify as such under the provisions of Section 422 of the Code, or nonqualified stock options. For purposes of the Plan, the terms *parent* and *subsidiary* shall mean *parent corporation* and *subsidiary corporation*, respectively, as such terms are defined in Sections 424(e) and (f) of the Code.

2. *Committee.*

2.1 **Administration.** The Plan shall be administered by the Compensation Committee of the Board of Directors of the Company (the *Committee*). Any vacancy on the Committee, whether due to action of the Board of Directors or due to any other cause, may be filled, and shall be filled if required to maintain a Committee of at least two disinterested persons, by resolution adopted by the Board of Directors. For purposes of the Plan, a person shall be deemed to be a *disinterested person* if, at the time of reference, such person is not, and has not been at any time during the preceding one-year period, eligible to participate in the Plan or any other plan of the Company or any of its affiliates entitling participants therein to acquire stock, stock options or stock appreciation rights of the Company or any of its affiliates. Notwithstanding any of

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEF 14A

the foregoing, the Board of Directors may designate one or more persons, who at the time of such designation are not disinterested persons, to serve on the Committee effective upon the date such person or persons qualify as disinterested persons.

2.2 Procedures. The Committee shall select one of its members as Chairman and shall adopt such rules and regulations as it shall deem appropriate concerning the holding of its meetings and the administration of the Plan. A majority of the whole Committee shall constitute a quorum, and the acts of a majority of the members of the Committee present at a meeting at which a quorum is present, or acts approved in writing by all of the members of the Committee, shall be the acts of the Committee.

2.3 Interpretation. The Committee shall have full power and authority to interpret the provisions of the Plan and any agreement evidencing options granted under the Plan, and to determine any and all questions arising under the Plan, and its decisions shall be final and binding on all participants in the Plan.

3. Shares Subject to Grants.

3.1 Number of Shares. Subject to the provisions of Paragraph 17 (relating to adjustments upon changes in capitalization), the number of shares of Common Stock subject at any one time to options granted under the Plan, plus the number of shares of Common Stock theretofore issued or delivered pursuant to the exercise of options granted under the Plan, shall not exceed 35,000,000 shares. If and to the extent that options granted under the Plan terminate, expire or are cancelled without having been exercised, new options may be granted under the Plan with respect to the shares of Common Stock covered by such terminated, expired or cancelled options; provided, that the granting and terms of such new options shall in all respects comply with the provisions of the Plan.

3.2 Character of Shares. Shares of Common Stock delivered under the Plan may be authorized and unissued Common Stock, issued Common Stock held in the Company's treasury, or both.

B-1

3.3 Reservation of Shares. There shall be reserved at all times for sale or award under the Plan a number of shares of Common Stock (authorized and unissued Common Stock, issued Common Stock held in the Company's treasury, or both) equal to the maximum number of shares set forth in Paragraph 3.1.

4. Employees Eligible. Options may be granted under the Plan to any key employee of the Company or any of its subsidiaries, or to any prospective key employee of the Company or any of its subsidiaries, conditioned upon, and effective not earlier than, such person's becoming an employee. Directors and executive officers shall be eligible to receive grants under the Plan only if they are also key employees of the Company or any of its subsidiaries. Notwithstanding the foregoing:

(a) No member of the Committee, while serving as such, shall be eligible to receive any grants under the Plan and no person designated by the Board of Directors pursuant to Paragraph 2.1 to serve on the Committee effective at the time he or she qualifies as a disinterested person shall be eligible to receive any grants under the Plan during the period from the date such designation is made to the date such designation becomes effective.

(b) No incentive stock options may be granted under the Plan to any person who owns, directly or indirectly (within the meaning of Sections 422(b)(6) and 424(d) of the Code), at the time the incentive stock option is granted, stock possessing more than 10% of the total combined voting power of all classes of stock of the employee's employer corporation or of its parent, if any, or any of its subsidiaries, unless the option price is at least 110% of the fair market value of the shares subject to the option, determined on the date of the grant, and the option by its terms is not exercisable after the expiration of five years from the date such option is granted.

(c) In each calendar year during any part of which the Plan is in effect, no Participant (as defined below) may be granted options relating in the aggregate to more than 1,000,000 shares of Common Stock, subject to adjustment as provided in Paragraph 17.

An individual receiving any option under the Plan is hereinafter referred to as a Participant. Any reference herein to the employment of a Participant by the Company shall include (i) his or her employment by the Company or any of its subsidiaries, and (ii) with respect to a Participant who was not an employee of the Company or any of its subsidiaries at the time of grant of his or her option, his or her period of service in the capacity for which the option was granted. For all purposes of this Plan, the time at which an option is granted, in the case of the grant of an option to a key employee shall be deemed to be the effective date of such grant.

5. Grant of Options. The Committee shall determine, within the limitations of the Plan, the persons to whom options are to be granted, the number of shares that may be purchased under each option, the option price, and shall designate options at the time of grant as either incentive stock options or nonqualified stock options; provided, that the aggregate fair market value (determined as of the time the option is granted) of the Common Stock with respect to which incentive stock options become exercisable for the first time by any Participant (as defined in Paragraph 4) in any calendar year (under all stock option plans of the employee's employer corporation and its parent, if any, and its subsidiaries) shall not exceed \$100,000 (the provisions of Section 422(d) of the Code are intended to govern). In determining the persons to whom options shall be granted and the number of shares to be covered by each option, the Committee shall take into consideration the person's present and potential contribution to the success of the Company and its subsidiaries and such other factors as the Committee may deem proper and relevant. Each option granted under the Plan shall be evidenced by a written agreement between the Company and the Participant containing such terms and conditions and in such form, not inconsistent with the provisions of the Plan or, with respect to incentive stock options, Section 422 of the Code, as the Committee shall provide.

6. Option Price. Subject to Paragraph 17, the option price of each share of Common Stock purchasable under any incentive stock option or non-qualified stock option granted under the Plan shall not be less than the fair market value of such share of Common Stock at the time the option is granted. The option price of an option issued in a transaction described in Section 424(a) of the Code shall be an amount which conforms to the requirements of that Section and the regulations thereunder.

For purposes of this Plan, the fair market value of the Common Stock on any date means (i) if the Common Stock is listed on a national securities exchange or quotation system, the closing sales price on such exchange or

B-2

quotation system on such date or, in the absence of reported sales on such date, the closing sales price on the immediately preceding date on which sales were reported, (ii) if the Common Stock is not listed on a national securities exchange or quotation system, the mean between the bid and offered prices as quoted by the National Association of Securities Dealers, Inc. Automated Quotation System (NASDAQ) for such date or (iii) if the Common Stock is neither listed on a national securities exchange or quotation system nor quoted by NASDAQ, the fair value as determined by such other method as the Committee determines in good faith to be reasonable.

7. Stock Appreciation Right. The Committee, in its sole discretion, may in connection with the grant of any option also grant to the Participant a stock appreciation right. Such stock appreciation right shall be granted by the Committee simultaneously with the grant of the related stock option. A stock appreciation right shall be exercised in the manner provided in Paragraph 9, and shall result in the cancellation of options on shares with respect to which the Participant exercises a stock appreciation right, and, upon such exercise, the Company shall pay to the Participant an amount equal to the excess of the fair market value of such shares with respect to which options are cancelled on the date of exercise over the option price of such shares. A stock appreciation right shall be exercisable to the same extent and under the same conditions as the underlying option, except that a stock appreciation right granted in connection with an incentive stock option may be exercised only when the fair market value of the shares subject to the option exceeds the option price of such shares. Payments on the exercise of stock appreciation rights shall be made by the Company in cash to the Participant as soon as practicable following exercise.

8. Exercisability and Duration of Options.

8.1 Determination of Committee; Acceleration. Each option granted under the Plan shall be exercisable at such time or times, or upon the occurrence of such event or events, and in such amounts, as the Committee shall specify in the agreement evidencing the option. Subsequent to the grant of an option which is not immediately exercisable in full, the Committee, at any time before complete termination of such option, may accelerate the time or times at which such option may be exercised in whole or in part.

8.2 Automatic Termination. The unexercised portion of any option granted under the Plan shall automatically and without notice terminate and become null and void at the time of the earliest to occur of the following:

(a) The expiration of ten years from the date on which such option was granted;

(b) The expiration of 30 days from the date of termination of the Participant's employment by the Company unless a longer period is provided by the Committee (other than a termination described in subparagraph (c) below or in the event of termination as a result of death, in which case expiration will be at the end of the term set forth in the option agreement or such other time specified therein);

(c) The termination of the Participant's employment by the Company if such termination constitutes or is attributable to a breach by the Participant of an employment or consulting agreement with the Company or any of its subsidiaries, or if the Participant is discharged or his or her services are terminated for cause; or

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEF 14A

(d) The expiration of such period of time or the occurrence of such event as the Committee in its discretion may provide upon the granting thereof.

The Committee or the Board of Directors shall have the right to determine what constitutes cause for discharge or termination of services, whether the Participant has been discharged or his or her services terminated for cause and the date of such discharge or termination of services, and such determination of the Committee or the Board of Directors shall be final and conclusive.

9. Exercise of Options, Stock Appreciation Rights. Options and stock appreciation rights granted under the Plan shall be exercised by the Participant (or by his or her executors or administrators, as provided in Paragraph 10) as to all or part of the shares covered thereby, by the giving of written notice of exercise to the Company, specifying the number of shares to be purchased or the number of shares with respect to which stock appreciation rights are being exercised, accompanied, in the case of an option, by payment of the full purchase price for the shares being purchased. Payment of such purchase price shall be made (a) by check payable to the Company, (b) with the consent of the Committee, by delivery of shares of Common Stock already owned by the Participant for

B-3

at least six months (which may include shares received as the result of a prior exercise of an option) having a fair market value (determined as of the date such option is exercised) equal to all or part of the aggregate purchase price, (c) in accordance with a cashless exercise program established by the Committee in its sole discretion under which if so instructed by the Participant, shares may be issued directly to the Participant's broker or dealer upon receipt of the purchase price in cash from the broker or dealer, (d) by any combination of (a), (b), or (c) above, or (e) by other means that the Committee deems appropriate. Such notice of exercise, accompanied by such payment, shall be delivered to the Company at its principal business office or such other office as the Committee may from time to time direct, and shall be in such form, containing such further provisions consistent with the provisions of the Plan, as the Committee may from time to time prescribe. The date of exercise shall be the date of the Company's receipt of such notice. The Company shall effect the transfer of the shares so purchased to the Participant (or such other person exercising the option pursuant to Paragraph 10 hereof) as soon as practicable. No Participant or other person exercising an option shall have any of the rights of a stockholder of the Company with respect to shares subject to an option granted under the Plan until due exercise and full payment has been made as provided above. No adjustment shall be made for cash dividends or other rights for which the record date is prior to the date of such due exercise and full payment. In no event may any option granted hereunder be exercised for a fraction of a share.

10. Non-Transferability of Options. Except as provided herein, no option granted under the Plan or any right evidenced thereby shall be transferable by the Participant other than by will or by the laws of descent and distribution, and an option may be exercised, during the lifetime of a Participant, only by such Participant. Notwithstanding the preceding sentence: (a) in the event of a Participant's death during his or her employment by the Company, its parent, if any, or any of its subsidiaries, or during the 30 day period following the date of termination of such employment, his or her options shall thereafter be exercisable, during the period set forth in the option agreement, or, if no period is specifically set forth, during the remaining term of the option, by his or her executors or administrators; and (b) the Participant, with the approval of the Committee, may transfer his or her options (other than incentive stock options) for no consideration to or for the benefit of the Participant's spouse, parents, children (including stepchildren or adoptive children), grandchildren, or siblings, or to a trust for the benefit of any of such persons.

11. Reload Options. At the time an option (the original option) is granted, the Committee may also authorize the grant of a reload option, which shall be subject to the following terms:

(a) The number of shares of Common Stock subject to the reload option shall be the number of shares, if any, used by the Participant to pay the purchase price upon exercise of the original option, plus the number of shares, if any, delivered by the Participant to satisfy the tax withholding requirement relating to such exercise.

(b) The reload option shall be a nonqualified stock option.

(c) The grant of the reload option shall be effective upon the date of exercise of the original option, and the term of the reload option shall be the period, if any, remaining from that date to the date upon which the original option would have expired.

(d) The grant of the reload option shall not be effective if, on the date of exercise of the original option, the Participant is not employed by the Company.

(e) Except as specified in (a) through (d) above, the terms of the reload option shall be as prescribed in the preceding Paragraphs of this Plan.

12. Withholding Tax. Whenever under the Plan shares of stock are to be delivered upon exercise of a nonqualified stock option, the Company shall be entitled to require as a condition of delivery that the Participant remit or, in appropriate cases, agree to remit when due an amount sufficient to satisfy all federal, state and local withholding tax requirements relating thereto. At the option of the Company, such amount may be remitted by check payable to the Company, in shares of Common Stock (which may include shares received as the result of a prior exercise of an option), by the Company's withholding of shares of Common Stock issuable upon the exercise of any option or stock appreciation right pursuant to the Plan, or any combination thereof. Whenever an amount shall become payable to a Participant in connection with the exercise of a stock appreciation right, the Company shall be entitled to withhold therefrom an amount sufficient to satisfy all federal, state and local withholding tax requirements relating to such amount.

B-4

13. Restrictions on Delivery and Sale of Shares. Each option granted under the Plan is subject to the condition that if at any time the Committee, in its discretion, shall determine that the listing, registration or qualification of the shares covered by such option upon any securities exchange or under any state or federal law is necessary or desirable as a condition of or in connection with the granting of such option or the purchase or delivery of shares thereunder, the delivery of any or all shares pursuant to exercise of the option may be withheld unless and until such listing, registration or qualification shall have been effected. The Committee may require, as a condition of exercise of any option that the Participant represent, in writing, that the shares received are being acquired for investment and not with a view to distribution and agree that the shares will not be disposed of except pursuant to an effective registration statement, unless the Company shall have received an opinion of counsel satisfactory to the Company that such disposition is exempt from such requirement under the Securities Act of 1933. The Committee may require that the sale or other disposition of any shares acquired upon exercise of an option hereunder shall be subject to a right of first refusal in favor of the Company, which right shall permit the Company to repurchase such shares from the Participant or his or her representative prior to their sale or other disposition at their then current fair market value in accordance with such terms and conditions as shall be specified in the agreement evidencing the grant of the option. The Company may endorse on certificates representing shares issued upon the exercise of an option such legends referring to the foregoing representations or restrictions or any other applicable restrictions on resale as the Company, in its discretion, shall deem appropriate.

14. Change in Control.

(a) In the event of a Change in Control of the Company, as defined below, the Committee may, in its sole discretion, provide that any of the following applicable actions be taken as a result, or in anticipation, of any such event to assure fair and equitable treatment of Participants:

(i) accelerate the exercisability of any outstanding options awarded pursuant to this Plan;

(ii) offer to purchase any outstanding options made pursuant to this Plan from the holder for its equivalent cash value, as determined by the Committee, as of the date of the Change in Control; or

(iii) make adjustments or modifications to outstanding options as the Committee deems appropriate to maintain and protect the rights and interests of the Participants following such Change in Control.

Any such action approved by the Committee shall be conclusive and binding on the Company, its subsidiaries and all Participants.

(b) In no event, however, may (i) any option be exercised prior to the expiration of six (6) months from the date of grant (unless otherwise provided in the agreement evidencing the option), or (ii) any option be exercised after ten (10) years from the date it was granted.

(c) To the extent not otherwise defined in this Plan, the following terms used in this Paragraph 14 shall have the following meanings:

Affiliate means (a) Bear Stearns (b) any other subsidiary of the Company and (c) any other corporation or other entity which is controlled, directly or indirectly, by, or under common control with, the Company and which the Committee designates as an Affiliate for purposes of the Plan.

Associate of a Person means (a) any corporation or organization of which such Person is an officer or partner or is, directly or indirectly, the Beneficial Owner of 10% or more of any class of equity securities, (b) any trust or other estate in which such Person has a substantial beneficial interest or as to which such Person serves as trustee or in a similar fiduciary capacity and (c) any relative or spouse of such Person, or any relative of such spouse, who has the same home as such Person or who is a director or officer of such Person or any of its parents or subsidiaries.

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEF 14A

Bear Stearns means Bear, Stearns & Co. Inc., a Delaware corporation, and its successors and assigns.

Beneficial Owner has the meaning ascribed thereto in Rule 13d-3 under the Exchange Act, except that, in any case, a Person shall be deemed the Beneficial Owner of any securities owned, directly or indirectly, by the Affiliates and Associates of such Person.

Change in Control means (a) a majority of the Board of Directors ceases to consist of Continuing Directors; (b) any Person becomes the Beneficial Owner of 25% or more of the outstanding voting power of the Company

B-5

unless such acquisition is approved by a majority of the Continuing Directors; (c) the stockholders of the Company approve an agreement to merge or consolidate into any other entity, unless such merger or consolidation is approved by a majority of the Continuing Directors; or (d) the stockholders of the Company approve an agreement to dispose of all or substantially all of the assets of the Company, unless such disposition is approved by a majority of the Continuing Directors.

Continuing Director means any member of the Board of Directors who is a member on the effective date of the Plan as set forth in Paragraph 19 or who is elected to the Board of Directors after such date upon the recommendation or with the approval of a majority of the Continuing Directors at the time of such recommendation or approval.

Person means an individual, a corporation, a partnership, an association, a joint stock company, a trust, any unincorporated organization or a government or a political subdivision thereof.

15. Right to Terminate Employment. Nothing in the Plan or in any option granted under the Plan shall confer upon any Participant the right to continue as an employee of the Company or affect the right of the Company or any of its subsidiaries, to terminate the Participant's employment at any time, subject, however, to the provisions of any agreement of employment between the Participant and the Company, its parent, if any, or any of its subsidiaries.

16. Transfer, Leave of Absence. For purposes of this Plan, neither (i) a transfer of an employee from the Company to a subsidiary or other affiliate of the Company, or vice versa, or from one subsidiary or affiliate of the Company to another, nor (ii) a duly authorized leave of absence, shall be deemed a termination of employment.

17. Adjustment Upon Changes in Capitalization, etc. In the event of any stock split, stock dividend, reclassification or recapitalization which changes the character or amount of the Company's outstanding Common Stock while any portion of any option theretofore granted under the Plan is outstanding but unexercised, the Committee shall make such adjustments in the character and number of shares subject to such options and in the option price, as shall be equitable and appropriate in order to make the option, as nearly as may be practicable, equivalent to such option immediately prior to such change; provided, however, that no such adjustment shall give any Participant any additional benefits under his or her option; and provided further, that, with respect to any outstanding incentive stock option, if any such adjustment is made by reason of a transaction described in Section 424(a) of the Code, it shall be made so as to conform to the requirements of that Section and the regulations thereunder.

If any transaction (other than a change specified in the preceding paragraph) described in Section 424(a) of the Code affects the Company's Common Stock subject to any unexercised option theretofore granted under the Plan (hereinafter for purposes of this Paragraph 17 referred to as the old option), the Board of Directors or any surviving or acquiring corporation may take such action as it deems appropriate, and in conformity with the requirements of that Section and the regulations thereunder, to substitute a new option for the old option, in order to make the new option, as nearly as may be practicable, equivalent to the old option, or to assume the old option.

If any such change or transaction shall occur, the number and kind of shares for which options may thereafter be granted under the Plan shall be adjusted to give effect thereto.

18. Expiration and Termination of the Plan.

18.1 General. Options may be granted under the Plan at any time and from time to time on or prior to the tenth anniversary of the effective date of the Plan as set forth in Paragraph 19 (the Expiration Date), on which date the Plan will expire except as to options then outstanding under the Plan. Such outstanding options shall remain in effect until they have been exercised, terminated or have expired. The Plan may be terminated, modified or amended by the Board of Directors at any time on or prior to the Expiration Date, except with respect to any options then outstanding under the Plan; provided, however, that the approval of the Company's stockholders will be required for any amendment which (i)

changes the class of employees eligible for grants, as specified in Paragraph 4, (ii) increases the maximum number of shares subject to grants, as specified in Paragraph 3 (unless made pursuant to the provisions of Paragraph 17) or (iii) materially increases the benefits accruing to participants under the Plan, within the meaning of Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act).

B-6

18.2 *Modifications.* No modification, extension, renewal or other change in any option granted under the Plan shall be made after grant, unless the same is consistent with the provisions of the Plan and does not disqualify an incentive stock option under the provisions of Section 422 of the Code. In addition, the option price of an option may not be changed after grant, other than in the case of an adjustment described in Paragraph 14 or pursuant to Paragraph 17.

19. *Effective Date of Plan.* The Plan shall become effective on September 28, 1999, the date of its adoption by the Board of Directors, subject, however, to the approval of the Plan by the Company's stockholders within 12 months of such adoption.

EXHIBIT C

THE BEAR STEARNS COMPANIES INC. RESTRICTED STOCK UNIT PLAN, AS AMENDED

1. **Purpose.** The purpose of The Bear Stearns Companies Inc. Restricted Stock Unit Plan (the Plan) is to secure for The Bear Stearns Companies Inc. and its successors and assigns (the Company) and its stockholders the benefits of the additional incentive inherent in the ownership of the Company's common stock, par value \$1.00 per share (the Common Stock), by selected employees of the Company and its subsidiaries who are important to the success and growth of the business of the Company and its subsidiaries and to help the Company and its subsidiaries secure and retain the services of such persons. The Plan provides for discretionary grants of stock units (Restricted Stock Units) to or for the benefit of participating employees of the Company and its subsidiaries, which grants shall be subject to the terms and conditions set forth in the Plan and in the agreement evidencing such Award. Such units can be granted by the Committee, as hereinafter defined, based upon both future and past services.

2. **Committee.**

2.1 *Administration.* The Plan shall be administered by the Compensation Committee (the Committee) of the Board of Directors of the Company (the Board of Directors). Any vacancy on the Committee, whether due to action of the Board of Directors or due to any other cause, may be filled by resolution adopted by the Board of Directors. The full Board of Directors may perform any function of the Committee hereunder, in which case the term Committee shall refer to the Board. The express grant of any specific power to the Committee, and the taking of any action by the Committee, shall not be construed as limiting any power or authority of the Committee. The Committee may delegate to officers or managers of the Company or any subsidiary or affiliate, or committees thereof, authority, other than authority to make grants under the Plan, to perform such functions as the Committee may determine, including administrative functions, subject to such terms as the Committee shall determine.

2.2 *Interpretation.* The Committee shall have full power and authority to interpret the provisions of the Plan and any agreement evidencing or relating to an award of Restricted Stock Units (Award) under the Plan, and to determine any and all questions arising under the Plan, and its decisions shall be final and binding on all participants in the Plan.

3. **Shares Subject to Grants.**

3.1 *Number of Shares.* Subject to the adjustment of provisions of Section 3.3, the number of shares of Common Stock that may be issued or delivered in connection with awards of Restricted Stock Units under the Plan shall not exceed 15,000,000 shares. The Committee may adopt reasonable counting procedures to ensure appropriate counting, avoid double counting and make adjustments if the number of shares actually delivered differs from the number of shares previously counted in connection with an Award. Shares subject to an Award that is canceled, expired, forfeited, settled in cash or otherwise terminated without a delivery of shares to the participant will again be available for Awards, and shares withheld or surrendered in payment of the taxes relating to an award shall be deemed to constitute shares not delivered to the participant

and shall be deemed again to be available for Awards under the Plan.

3.2 *Character of Shares; Reservation of Shares.* Shares of Common Stock delivered under the Plan shall be issued Common Stock held in the Company's treasury. At all times, there shall be reserved for award under the Plan a number of shares of Common Stock equal to the maximum number of shares set forth in Section 3.1, reduced by such number of shares that have been previously issued or delivered as a result of this Plan.

3.3 *Adjustments.* In the event that any large, special and non-recurring dividend or other distribution (whether in the form of cash or property other than Common Stock), recapitalization, forward or reverse split, stock dividend, reorganization, merger, consolidation, spin-off, combination, repurchase, share exchange, liquidation, dissolution or other similar corporate transaction or event affects the Common Stock such that an adjustment is determined by the Committee to be appropriate under the Plan, then the Committee shall, in such manner as it may deem equitable, adjust any or all of the number and kind of shares reserved and available for Awards under the Plan and the number and kind of shares subject to outstanding Restricted Stock Units.

4. **Employees Eligible.** Awards may be granted to or for the benefit of any employee who holds the position of a managing director or below, whom the Committee selects for participation for a given performance year.

C-1

Employees who hold the position of senior managing director or above shall not be eligible to be granted Awards under the Plan. An individual receiving any Award under the Plan is referred to herein as a participant. Any reference herein to the employment of a participant by the Company shall include his or her employment by the Company or any of its subsidiaries.

5. **Restricted Stock Units.**

5.1 *In General.* For the fiscal 2000 performance year and each performance year thereafter during which the Plan remains in effect (each, a Performance Year), each eligible employee selected to participate shall be granted an award of Restricted Stock Units. Each Award shall be evidenced by an agreement which shall set forth the terms and conditions of such Award, including without limitation, the date or dates upon which such Award shall vest and the circumstances (including, without limitation, Termination of Employment, as defined in Section 6.3, or failure to satisfy one or more restrictive covenants or other ongoing obligations) under which such Award shall not vest. The Award shall also be subject to such other terms and conditions not inconsistent herewith as the Committee shall determine.

5.2 *Nature of Restricted Stock Units; Accounts.* Each Restricted Stock Unit represents a right for one share of Common Stock to be delivered upon settlement at the end of the Deferral Period (as defined below), subject to a risk of cancellation and to the other terms and conditions set forth in the Plan, the agreement evidencing the Award and any additional terms and conditions set by the Committee. The Company shall establish and maintain an account for the participant to record Restricted Stock Units and transactions and events affecting such units. Restricted Stock Units and other items reflected in the account will represent only bookkeeping entries by the Company to evidence unfunded obligations of the Company.

5.3 *Deferral Period and Settlement Date.* Except as otherwise provided in this Section 5.3, Section 6 or Section 7, Restricted Stock Units (if not previously cancelled) will be automatically settled on or about the date or dates set forth in the agreement evidencing the Awards. The period from the date of the Award through the date of settlement is referred to as the Deferral Period. The Committee may permit the participant to elect to further defer settlement (thereby extending the Deferral Period), subject to such terms and conditions as the Committee may specify. In addition, unless otherwise determined by the Committee, if the Committee reasonably determines that any settlement of Restricted Stock Units would result in payment of compensation to a participant which is not deductible by the Company under Code Section 162(m), such settlement shall be automatically deferred to the extent necessary to avoid payment of such non-deductible compensation, with this automatic deferral of each Restricted Stock Unit continuing only until such date as settlement can be effected without loss of deductibility by the Company under Section 162(m).

5.4 *Vesting of Restricted Stock Units.* Unless otherwise determined by the Committee or unless otherwise provided in the agreement evidencing the Award, in the event of the participant's Termination of Employment (as defined in Section 6.2), the participant's Restricted Stock Units which are not vested as of the date of such Termination of Employment, shall not vest and shall be immediately cancelled for no value.

5.5 *Dividend Equivalents.* Restricted Stock Units granted to a participant shall be credited with dividend equivalent as provided in this Section 5.5. Dividend equivalents shall be subject to the terms and conditions set forth in the agreement evidencing the Award.

(i) *Cash Dividends.* If the Company declares and pays a cash dividend on Common Stock, then a number of additional Restricted Stock Units shall be credited to the participant as of the payment date for such dividend equal to (A) the number of Restricted Stock Units credited to the

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEF 14A

participant as of the record date for such dividend, multiplied by (B) the amount of cash actually paid as a dividend on each share at such payment date, divided by (C) the Fair Market Value of a share of Common Stock at the ex-dividend date.

(ii) *Non-Stock Dividends.* If the Company declares and pays a dividend on Common Stock in the form of property other than shares of Common Stock, then a number of additional Restricted Stock Units shall be credited to the participant as of the payment date for such dividend equal to (A) the number of Restricted Stock Units credited to the participant as of the record date for such dividend, multiplied by (B) the fair market value of any property other than shares actually paid as a dividend on each share at such payment date, divided by (C) the Fair Market Value of a share of Common Stock at the ex-dividend date.

C-2

(iii) *Modifications to Dividend Equivalents Policy.* Other provisions of this Section 5.5 notwithstanding, the Committee may modify the manner of payment or crediting of dividend equivalents hereunder, in order to coordinate the value of a participant's accounts with any trust holding shares established under Section 5.10, for administrative convenience, or for any other reason.

5.6 *Vesting, Settlement and Other Terms Applicable to Restricted Stock Units Resulting from Dividends.* Additional Restricted Stock Units credited under Section 5.5 will be subject to the same terms, including terms governing vesting, cancellation and Deferral Periods, as the underlying Restricted Stock Units.

5.7 *Restriction on Transferability During Deferral Period.* During the Deferral Period, the participant shall not be permitted to sell, transfer, pledge, or otherwise encumber the Restricted Stock Units or the shares issuable in settlement thereof, except to the extent specifically approved by the Committee or as provided in the agreement evidencing the Award.

5.8 *Delivery of Shares in Settlement of Restricted Stock Units; Fractional Shares.* The Company may make delivery of shares hereunder in settlement of Restricted Stock Units by either delivering one or more certificates representing such shares to the participant, registered in the name of the participant (and any joint name, if so directed by the participant), by depositing such shares into an account maintained for the participant (or of which the participant is a joint owner, with the consent of the participant) by a broker-dealer affiliated with the Company or any such account established in connection with any Company plan or arrangement providing for investment in Common Stock and under which the participant's rights are similar in nature to those under a stock brokerage account or by delivering such shares to the Trustee (Trustee) of a pension plan of which the participant is a member. If the Committee determines to settle Restricted Stock Units by making a deposit of shares into such an account, the Company may settle any fractional Restricted Stock Unit by means of such deposit. In other circumstances or if so determined by the Committee, the Company shall instead pay cash in lieu of fractional shares, on such basis as the Committee may determine. In no event will the Company in fact issue fractional shares. The Committee may determine whether, prior to settlement, Restricted Stock Units will be reflected as whole units only or include fractional units, and related terms.

5.9 *Definition of Fair Market Value.* Unless otherwise determined by the Committee, Fair Market Value of a share of Common Stock on any date means (i), if the Common Stock is listed on a national securities exchange or quotation system reporting last-sale information, the closing sales price on such exchange or quotation system on such date or, in the absence of reported sales on such date, the closing sales price on the immediately preceding date on which sales were reported; (ii), if the Common Stock is not listed on a national securities exchange or quotation system providing last-sale information, the mean between the bid and offered prices as quoted by in the Nasdaq System for such date; or (iii), if the fair market value cannot be determined under clause (i) or (ii) hereof, the fair value as determined by such other method as the Committee determines in good faith to be reasonable.

5.10 *Trusts.* The Committee may, in its discretion, establish one or more trusts and deposit therein amounts of cash, Common Stock, or other property not exceeding the amount of the Company's anticipated obligations with respect to a participant's account established under this Section 5. In such case, the amounts of hypothetical income and appreciation and depreciation in value of such account shall be equal to the actual income on, and appreciation and depreciation of, the assets in such trust(s). Other provisions of the Plan notwithstanding, the timing of allocations and other events relating to assets in such account may be varied to reflect the timing of allocations and events relating to actual investments of the assets of such trust(s).

6. **Certain Termination Provisions.** In the event of a participant's Termination of Employment by reason of death, the following provisions shall apply. The consequences of a participant's Termination of Employment for any other reason shall be as set forth in the agreement evidencing the Award.

6.1 *Death.* In the event of a participant's Termination of Employment due to death Restricted Stock Units shall become fully vested at the date of such Termination of Employment, and the Deferral Period applicable to such Restricted Stock Units shall end and such units shall be settled in full by delivery of shares as promptly as practicable following such Termination of Employment.

6.2 For purposes of this Plan: **Termination of Employment** means the event by which participant ceases to be employed by the Company or any subsidiary of the Company and, immediately thereafter, is not

C-3

employed by or providing substantial services to any of the Company or a subsidiary of the Company. Neither (i) a transfer of an employee from the Company to a subsidiary or other affiliate of the Company to another, nor (ii) a duly authorized leave of absence, shall be deemed a Termination of Employment.

7. **Change in Control.**

7.1 *Effect of a Change in Control.* In the event of a Change in Control of the Company, as defined below, the Committee may, in its sole discretion, provide that any of the following actions shall be taken as a result, or in anticipation, of any such event to assure fair and equitable treatment of participants:

(iv) acceleration of vesting of the Restricted Stock Units and/or acceleration of the termination of the Deferral Period and settlement of Restricted Stock Units under the Plan;

(v) offer to purchase any outstanding Restricted Stock Units under the Plan from the participant or the Trustee for the award's equivalent cash value, as determined by the Committee, as of the date of the Change in Control or another specified date; or

(vi) make adjustments or modifications, such as providing for the assumption of the Restricted Stock Units by an acquiror and conversion of the underlying Common Stock to securities of the acquiror, as the Committee deems appropriate to maintain and protect the rights and interests of the participants following such Change in Control.

Any such action approved by the Committee shall be conclusive and binding on the Company, its subsidiaries and all participants.

7.2 *Definitions Relating to Change in Control.* To the extent not otherwise defined in this Plan, the following terms used in this Section 7 shall have the following meanings:

Affiliate of a Person means any other person or entity which controls, is controlled by, or under common control with, the Person.

Associate of a Person means (a) any corporation or organization of which such Person is an officer or partner or is, directly or indirectly, the Beneficial Owner of 10% or more of any class of equity securities, (b) any trust or other estate in which such Person has a substantial beneficial interest or as to which such Person serves as trustee or in a similar fiduciary capacity and (c) any relative or spouse of such Person, or any relative of such spouse, who has the same home as such Person or who is a director or officer of such Person or any of its parents or subsidiaries.

Beneficial Owner has the meaning ascribed thereto in Rule 13d-3 under the Exchange Act, except that, in any case, a Person shall be deemed the Beneficial Owner of any securities owned, directly or indirectly, by the Affiliates and Associates of such Person.

Change in Control means (a) a majority of the Board of Directors ceases to consist of Continuing Directors; (b) any Person is or becomes the Beneficial Owner of 50% or more of the outstanding voting power of the Company unless such acquisition is approved by a majority of the Continuing Directors; (c) there is consummated a merger or consolidation of the Company or any direct or indirect subsidiary of the Company with any other corporation, other than a merger or consolidation with respect to which requirements of clauses (A) and (B) below are satisfied: (A) the voting securities of the Company outstanding immediately prior to such merger or consolidation continue to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity or any parent thereof) more than 50% of the combined voting power of the securities of the Company or such surviving entity or any parent thereof (as the case may be) outstanding immediately after such merger or consolidation and (B) individuals who constitute the Board of Directors immediately prior to the execution of the definitive agreement pertaining to such merger or consolidation continue immediately following such merger or consolidation to represent at least a majority of the membership of the Board of Directors of the Company or such surviving entity or any parent thereof (as the case may be); (d) the stockholders of the Company approve an agreement to dispose of all or substantially all of the assets of the Company, unless such disposition is approved by a majority of the Continuing Directors.

Continuing Director means any member of the Board of Directors who is a member on the effective date of the Plan or who is elected to the Board of Directors after such date upon the recommendation or with the approval of a majority of the Continuing Directors at the time of such recommendation or approval.

Person means an individual, a corporation, a partnership, an association, a joint stock company, a trust, any unincorporated organization or a government or a political subdivision thereof.

8. General Provisions.

8.1 *Limitation on Rights Conferred Under Plan.* Neither the Plan nor any action taken hereunder shall be construed as (i) giving any eligible employee or participant the right to continue in the employ or service of the Company or a subsidiary or affiliate, (ii) interfering in any way with the right of the Company or a subsidiary or affiliate to terminate such eligible employee s or participant s employment or service at any time, (iii) giving an eligible employee or participant any claim to be granted any award under the Plan or to be treated uniformly with other participants and employees, or (iv) conferring on a participant any of the rights of a stockholder of the Company unless and until the participant is duly issued or transferred shares of Common Stock in accordance with the terms of an award. Except as expressly provided in the Plan and an Award agreement, neither the Plan nor any Award agreement shall confer on any person other than the Company and the participant any rights or remedies thereunder.

8.2 *Committee May impose Conditions; Right of Setoff.* The Company or any subsidiary may, to the extent permitted by applicable law, deduct from and set off against any amounts the Company or a subsidiary or affiliate may owe to a participant from time to time pursuant to any Award under the Plan, any amounts owed by the participant to the Company or any subsidiary or affiliate, although participant shall remain liable for any part of participant s payment obligation not satisfied through such deduction and setoff.

8.3 *Tax Withholding Obligation.* Whenever under the Plan a participant or a Trustee incurs federal income tax liability, obligations with respect to Social Security and Medicare taxes, or other tax obligations in connection with an Award, whether at the time of grant, vesting or settlement of Restricted Stock Units, the Company shall be entitled to require, as a condition of grant, vesting, or settlement of the award, that the participant remit or, in appropriate cases, agree to remit when due an amount sufficient to satisfy all federal, state and local withholding tax requirements relating thereto. At the election of the Company, such mandatory withholding amounts may be remitted by check payable to the Company, in shares of Common Stock, by the Company s withholding of shares of Common Stock issuable or deliverable hereunder, or any combination thereof; provided, however, that in no event may shares be withheld to satisfy a tax obligation of participant in excess of the mandatory tax withholding obligations arising in connection with the participant s award. If so determined by the Committee, a participant may be permitted to elect from among alternative methods of satisfying withholding obligations.

8.4 *Certain Limitations Relating to Accounting Treatment of Awards.* Other provisions of the Plan notwithstanding, if any right under this Plan would cause a transaction to be ineligible for pooling-of-interests accounting that would, but for the right hereunder, be eligible for such accounting treatment, such right shall be automatically adjusted so that pooling-of-interests accounting shall be available, including by substituting Common Stock having a fair market value equal to any cash otherwise payable in respect of any right which would cause the transaction to be ineligible for pooling-of-interests accounting.

8.5 *Governing Law.* The validity, construction, and effect of the Plan, any rules and regulations relating to the Plan and any award agreement shall be determined in accordance with the laws of the State of New York, without giving effect to principles of conflicts of laws, and applicable provisions of federal law.

8.6 *Nonexclusivity of the Plan.* The adoption of the Plan by the Board of Directors shall not be construed as creating any limitations on the power of the Board of Directors or a committee thereof to adopt such other incentive arrangements, apart from the Plan, as it may deem desirable, and such other arrangements may be either applicable generally or only in specific cases.

8.7 *Changes to the Plan and Awards.* The Board of Directors may amend, suspend or terminate the Plan or the Committee s authority to grant Awards under the Plan without the consent of participants; provided, however, that, without the consent of an affected participant, no such Board action may materially and adversely affect the rights of such participant under any outstanding Award. The Committee may amend any outstanding Award without the consent of the affected participant; provided, however, that, without such consent, no such action may materially and adversely affect the rights of such participant under any outstanding Award. For purposes of this Section 8.7, accelerated settlement of an Award shall not be considered a materially adverse affect on the rights of a participant, regardless of the tax consequences to such participant.

8.8 *Compliance with Legal and Other Requirements.* The Company may, to the extent deemed necessary or advisable by the Committee, postpone the issuance or delivery of shares or payment of other benefits under any Award until completion of registration or qualification of the Common Stock or other required action under any federal or state law, rule or regulation, listing or other required action with respect to any stock exchange or automated quotation system upon which the Common Stock or other securities of the Company are listed or quoted, or compliance with any other obligation of the Company, as the Committee may consider appropriate, and may require any participant to make such representations, furnish such information and comply with or be subject to such other conditions as it may consider appropriate in connection with the issuance or delivery of shares or payment of other benefits in compliance with applicable laws, rules, and regulations, listing requirements, or other obligations.

9. **Plan Effective Date and Termination.** The Plan became effective on November 29, 2000. Unless earlier terminated by action of the Board of Directors, the Plan will remain in effect until such time as no shares of Common Stock remain available for delivery under the Plan and the Company has no further rights or obligations with respect to outstanding Awards under the Plan.

EXHIBIT D

THE BEAR STEARNS COMPANIES INC. (the Corporation) Board Candidate Guidelines

The following are the criteria that the Nominating Committee and the Board shall utilize when evaluating a Board candidate:

The Board of Directors should be composed of individuals who have demonstrated significant achievements in business, education or public service. Director-candidates should possess the requisite character, knowledge, education and experience to make a significant contribution to the Board and bring a range of skills, perspectives and backgrounds to the deliberations of the Board. Special Plan Election has the meaning assigned to such term in Section 4.3.

Termination Date means the last day of any Deferral Period.

Total CAP Units means the aggregate number of CAP Units, adjusted through any date of determination thereof, theretofore credited to a Participant's Capital Accumulation Account.

2.2 *Accounting Terms.* Whenever any accounting term is used herein, or the character or amount of any asset or liability or item of income or expense is required to be determined, or any consolidation or other accounting computation is required to be made, for the purposes of this Plan, such accounting term shall have the meaning assigned to such term or such determination or computation shall be made (as the case may be), to the extent applicable and except as otherwise specified herein, in accordance with GAAP.

SECTION 3

Eligibility

3.1 Eligible Employees shall be eligible to receive Awards hereunder, at the discretion of the Board Committee. Subject to the provisions of the Plan, the Board Committee shall have the complete discretion to determine the number of CAP Units to which an Award relates.

3.2 Notwithstanding Section 3.1, no individual shall participate in the Plan unless such individual agrees to execute such documents or agrees to such restrictions, including but not limited to the execution of an Investment Letter, as the Appropriate Committee in its sole discretion may require.

SECTION 4

Awards

4.1 *General.* With respect to the Plan Year commencing on July 1, 1999 and ending on November 30, 2000, (a) an Eligible Employee who is a Performance Plan Participant shall receive an Award consisting of that number of CAP Units equal to the quotient obtained by dividing (i) the Performance Plan Participant's Required Deferral Amount less the value of the stock options granted in or for such Plan Year to the Performance Plan Participant (such value to be determined by the Board Committee) by (ii) the Average Cost Per Share; and (b)

each other eligible Employee shall be eligible to be granted an Award in the discretion of the Board Committee. In determining the amount of the Award, the Board committee may use several factors including but not limited to both future and past services provided by the participant. With respect to each Plan Year beginning on or after December 1, 2000, each Eligible Employee shall be eligible to be granted an Award in the discretion of the Board Committee.

4.2 *Terms and Conditions.* (a) Each Award shall be evidenced by an agreement which shall set forth the terms and conditions of the Award, including without limitation, the date or dates upon which and/or the other conditions upon satisfaction of which such Award shall vest and the circumstances under which such Award shall be cancelled in whole or part,

(b) Any credit made to the Participant's Cash Balance Account or Capital Accumulation Account pursuant to Section 5 hereof in respect of a previously granted Award shall, unless otherwise provided in the agreement evidencing the Award, be subject to the same terms and conditions (including, but not limited to, conditions for vesting and cancellation) as the underlying Award.

4.3 *Special Elections.* The Appropriate Committee shall have the right in its sole discretion to permit a Participant to execute and file with the Appropriate Committee, at such times and on such terms and conditions as the Appropriate Committee shall determine, an election (a Special Plan Election) in form provided by the Company, electing to extend the Deferral Period previously established with respect to any Award for such periods and in such proportions as shall be determined by the Appropriate Committee, provided that the Deferral Period being extended shall terminate no earlier than the end of the Fiscal Year following the Fiscal Year in which the Special Plan Election is made. The Earnings Adjustment with respect to each Plan Year in any such additional Deferral Period shall include a charge equal to the Cost of Carry for such Participant with respect to such Plan Year.

SECTION 5

Capital Accumulation Accounts; Cash Balance Accounts

5.1 *Annual Credits to Capital Accumulation Accounts.* For each Plan Year, the Company shall credit to each Participant, as of the last day of such Plan Year, by means of a bookkeeping entry established and maintained by the Company for each such Participant (a Capital Accumulation Account), that number of CAP Units equal to the quotient obtained by dividing (i) An amount determined by the Board Committee with respect to such Participant, by (ii) for the Plan Year ended November 30, 2000, the Average Cost Per Share and, for all subsequent Fiscal Years, the fair market value on the date of the grant action by the Board Committee granting the Award. Notwithstanding the foregoing, if with respect to the Plan Year ended November 30, 2000 the aggregate number of CAP Units that otherwise would be credited to the Capital Accumulation Accounts of all Participants pursuant to the first sentence of this Section 5.1 would exceed the number of Available Shares, then the aggregate number of CAP Units to be credited to the Capital Accumulation Accounts of all Participants shall be limited to the number of Available Shares and such aggregate number of CAP Units shall be allocated on a *pro rata* basis, based on the respective number of CAP Units Awarded to each Participant in respect of such Plan Year. The Company shall record CAP Units credited in respect of each Plan Year in a separate subaccount of each Participant's Capital Accumulation Account and any credits or adjustments hereunder to such CAP Units shall be made separately with respect to the CAP Units credited to each such subaccount.

5.2 *Cash Balance Account.* If the number of CAP Units which the Company is able to credit to Participants in respect of the Plan Year ended November 30, 2000 is limited by the second sentence of Section 5.1, then the Company shall also credit to each Participant an amount equal to (a) the Award for such Plan Year for such Participant, less (b) the product of (i) the number of CAP Units credited to such Participant in respect of such Plan Year and (ii) the Average Cost per Share of the Available Shares taken into account in such determination. Such amounts shall be credited as of the last day of such Plan Year by means of a bookkeeping entry established and maintained by the Company for each Participant (a Cash Balance Account). The Company shall record Cash Balances credited in respect of each Plan Year in a separate subaccount of each Participant's Cash Balance Account and any credits or adjustments hereunder to such Cash Balances shall be made separately with respect to each such subaccount.

5.3 *Quarterly Credits in Respect of Cash Balances.* If there shall exist a Cash Balance in the Cash Balance Account of any Participant on the last day of any fiscal quarter of the Company, including the last day of a Plan Year (a Quarter End Date), the Company shall credit the Capital Accumulation Account of each such Participant, as of such Quarter End Date, with a number of additional CAP Units determined by dividing such Cash Balance by the Average Cost Per Share of the Available Shares acquired by the Company and designated by the Board Committee as being allocated to such period. If the aggregate number of CAP Units required to be credited to the Capital Accumulation Accounts of all such Participants pursuant to the preceding sentence would exceed the number of Available Shares, then the aggregate number of CAP Units to be credited shall be limited to the number of Available Shares and such CAP Units shall be allocated on a *pro rata* basis, based on the respective Cash Balances of each Participant. In connection with any crediting of CAP Units pursuant to this Section 5.3, the Cash Balance of each such Participant shall be reduced by debiting to his Cash Balance Account an amount equal to the product of the number of CAP Units

credited to his Capital Accumulation Account and the Average Cost Per Share of the Available Shares acquired by the Company during the annual or quarterly period specified by the Board Committee.

5.4 *Earnings Adjustments.* For purposes of calculating the Net Earnings Adjustment with respect to any Deferral Year pursuant to Section 5.10, the Earnings Adjustment shall be calculated with respect to such Deferral Year, after making any credits to the Capital Accumulation Accounts of the Participants in respect of the fourth fiscal quarter of such Deferral Year pursuant to Section 5.3, as follows:

(a) first, the Company shall determine a dollar amount of interest to be credited to each Participant who had a positive Cash Balance at any time during the Deferral Year by multiplying the daily weighted average amount of each such Participant's Cash Balance (such weighted average to be determined by adding the amounts of the Participant's Cash Balance on each day during such Deferral Year and dividing the total so obtained by the number of days in such Deferral Year) by a percentage equal to the daily average of the highest rates of interest paid by Bear Stearns to its employees from time to time during such Deferral Year on free credit balances;

(b) the Company next shall determine a dollar amount to be credited or debited to each Participant in respect of CAP Units credited to such Participant's Capital Accumulation Account as of the first day of the Deferral Year and at all times throughout such Deferral Year (Full Year Units) by multiplying such number of Full Year Units by the Income Per Share for the Deferral Year; *provided, however*, that the amount to be credited or debited pursuant to this clause (b) to a Participant whose employment with the Company and its Affiliates was terminated during such Deferral Year shall be the amount determined as aforesaid multiplied by a fraction, the numerator of which shall be the number of whole months in such Deferral Year prior to the month in which his employment terminated and the denominator of which shall be 12;

(c) the Company then shall determine a dollar amount to be credited to each Participant in respect of CAP Units credited or debited to his Capital Accumulation Account as of any date subsequent to the first day of the Deferral Year (Part Year Units) by multiplying such number of Part Year Units by the Income Per Share for the Deferral Year and multiplying the product so obtained by a fraction, the numerator of which shall be the number of whole months in such Deferral Year during which such Part Year Units were so credited (less, in the case of a Participant whose employment by the Company and its Affiliates is terminated in such Deferral Year, the number of whole months following the effective date of such termination, plus one) and the denominator of which shall be 12 (if a Participant's Capital Accumulation Account has been credited with Part Year Units which initially were credited to such Account as of different dates during the Deferral Year, then the calculation required by this clause (c) shall be made separately for each such group of Part Year Units);

(d) Solely with respect to the Plan ended November 30, 2000, the Company shall then calculate an amount to be charged to each Participant whose employment with the Company and its Affiliates has terminated equal to the Cost of Carry for such Participant for such Deferral Year or, if his employment terminated in such Deferral Year, for the portion thereof beginning with the month in which his employment terminated; and

(e) finally, (i) if the sum (or net amount) of the amounts determined for a Participant in subparagraphs (a), (b) and (c) above is a positive number and such sum (or net amount) exceeds the aggregate of the charges, if any, determined for such Participant pursuant to subparagraph (d), above, then the Earnings Adjustment shall equal such sum (or net amount), as determined for purposes of this Section 5.4, or (ii) if the net amount of the amounts determined for a Participant in subparagraphs (a), (b) and (c) less the aggregate of the charges, if any, determined pursuant to subparagraph (d) is a negative number (an Earnings Charge) and such Participant has a positive Cash Balance, then (A) such Cash Balance first shall be reduced by an amount equal to such Earnings Charge (provided that no such reduction shall be made to the extent the Earnings Charge relates to a negative result from sub-paragraph (b) or (c)) and (B) if, after reducing such Cash Balance to zero, any amount determined in accordance with the preceding clause (ii)(A) remains unapplied, or if such Participant has no Cash Balance, then the Earnings Adjustment shall be zero.

5.5 *Book Value Adjustment.* For purposes of calculating the Net Earnings Adjustment with respect to any Deferral Year pursuant to Section 5.10, the Book Value Adjustment shall equal the sum of (1) the amount maintained in the Book Value Adjustment Carry Forward Account pursuant to Section 5.10(a), if any, and (2) the product of (a) the total number of CAP Units credited to the Capital Accumulation Account of each Participant as of the last day of such Deferral Year but without including any CAP Units credited on such date pursuant to Sections 5.1, 5.3 and 5.10 multiplied by (b) the difference between Adjusted Book Value Per Share as of the last day of the Deferral Year and Adjusted Book Value Per Share as of the last day of the preceding Deferral Year.

5.6 *Overall Cost Limitation.* Notwithstanding the provisions of Section 5.10, if the operation of the Plan (without giving effect to this Section 5.6) would result in Adjusted Earnings Per Share for any Fiscal Year being less than 98.5% of Pre-Plan Earnings Per Share for such Fiscal Year, then, after making the other credits and adjustments required by Section 5.3, (a) the Net Earnings Adjustments required by Section 5.10(a) first shall be reduced or eliminated, and (b) if necessary after eliminating all such Net Earnings Adjustments, the Cash Balance Accounts of all Participants shall be reduced or eliminated so that to the extent possible, after giving effect to all such reductions and

eliminations, Adjusted Earnings Per Share for such Fiscal Year will be 98.5% of Pre-Plan Earnings Per Share.

-9-

5.7 *Antidilution Adjustments.* In the event of a stock split or if the Company makes any distribution (other than a cash dividend) with respect to Common Stock after the date CAP Units initially are credited to a Participant's Capital Accumulation Account in accordance with this Section 5, the number of CAP Units held in each Participant's Capital Accumulation Account shall be equitably adjusted (as determined by the Appropriate Committee in its sole discretion) to reflect such event. If there shall be any other change in the number or kind of outstanding shares of Common Stock as a result of a recapitalization, combination of shares, merger, consolidation or otherwise, the number of CAP Units credited to each Participant's Capital Accumulation Account shall be equitably adjusted (as determined by the Appropriate Committee in its sole discretion) to reflect such event.

5.8 *Apportionment of Credits.* Whenever CAP Units are credited to a Participant's Capital Accumulation Account pursuant to Section 5.3 or 5.10 in respect of any Deferral Year, they shall be apportioned among the CAP Units originally credited to such Account in respect of each Plan Year on a *pro rata* basis, based on the respective number of the CAP Units originally credited in respect of each such Plan Year, and such additional CAP Units shall have the same Termination Date as the original CAP Units to which they are so apportioned.

5.9 *Amounts Vested.* A Participant shall become vested in the CAP Units credited to his Capital Accumulation Account and in the Cash Balance credited to his Cash Balance Account in accordance with the vesting schedule and other conditions prescribed by the Appropriate Committee and reflected in the agreement evidencing the Award. If a Participant's employment with the Company and its Affiliates terminates prior to the time an Award has become fully vested, then unless otherwise provided in the Agreement evidencing the Award, (i) the CAP Units and Cash Balances (if any) credited to the Participant's Accounts and attributable to such Award shall, to the extent not then vested, be cancelled, (ii) such Cash Balances shall be restored to the Company. The establishment and maintenance of, or credits to, such Capital Accumulation Account and Cash Balance Account shall not vest in any Participant or his Beneficiary any right, title or interest in or to any specific asset of the Company.

5.10 *Net Earnings Adjustments.*

(a) After making any credits to the Capital Accumulation Accounts of the Participants in respect of the fourth fiscal quarter of such Deferral Year pursuant to Section 5.3, each Participant's Account shall be adjusted, effective as of the last day of such Deferral Year, as provided in this Section 5.10(a). The Company shall credit the Capital Accumulation Account of each Participant with an additional number of CAP Units (a *Net Earnings Adjustment*) equal to the quotient of (i) the difference between the Earnings Adjustment calculated in accordance with Section 5.4 and the Book Value Adjustment calculated in accordance with Section 5.5 for such Deferral Year, divided by (ii) the Average Cost Per Share of the Available Shares acquired by the Company and designated by the Board Committee as being allocated to such period. Notwithstanding the foregoing, however, if (i) the Earnings Adjustment is a negative number or (ii) the Book Value Adjustment exceeds the Earnings Adjustment then no CAP Units shall be credited to the Accounts of any Participants and the amounts of each of such Book Value Adjustment and Earnings Adjustment shall be disregarded and shall not be taken into account for purposes of the Plan in any subsequent Deferral Year.

If the aggregate number of CAP Units required to be credited to the Accounts of all Participants pursuant to this Section 5.10(a) shall exceed the number of Available Shares in respect of such Plan Year, then the Company shall credit to each Participant only that number of CAP Units as shall equal the number of Available Shares, on a *pro rata* basis, based on the number of CAP Units which each Participant otherwise would have been entitled to be credited. In such event, the Company shall also carry forward to subsequent Deferral Years the respective amounts obtained by multiplying each of the Earnings Adjustment and the Book Value Adjustment applicable for each Participant by the fraction which is one minus the quotient obtained by dividing (a) the number of Available Shares by (b) the aggregate number of CAP Units required to be credited pursuant to this Section 5.10(a). Such respective amount shall be credited (or debited) by means of separate bookkeeping entries established and maintained by the Company to the Cash Balance Account in respect of the Earnings Adjustment and a *Book Value Adjustment Carryforward Account* in respect of the applicable Book Value Adjustment of each Participant. The amounts credited to the Cash Balance Account in respect of the Earnings Adjustment shall equal the product of (a) the applicable amount carried forward in respect of Earnings Adjustment and (b) the Average Cost Per Share for the Plan Year involved.

(b) Notwithstanding anything in the Plan to the contrary, for purposes of determining Historical Book Value Per Share and Adjusted Book Value Per Share, the Net Earnings Adjustments credited to each Participant's Capital Accumulation Account pursuant to Section 5.10(a) shall be disregarded and in lieu thereof the Earnings Adjustments provided for in Section 5.4 and the Book Value Adjustments provided for in Section 5.5 shall be deemed made without giving effect to Section 5.10 (a). In addition, for purposes of calculating the Earnings Adjustment and the Book Value Adjustment, except as required by Section 5.2, any amounts credited to a Book Value Adjustment Carryforward Account in a prior Deferral Year shall be deemed made as a Book Value Adjustment in the year so credited and not carried forward to subsequent Deferral Years.

5.11 *Certification of the Board Committee.* As a condition to the right of any Participant to receive any shares payable in respect of CAP Units credited to such Participant's Capital Accumulation Account or cash in respect of such Participant's Cash Account, in respect of fractional CAP Units credited to such Participant's Capital Accumulation Account or payable pursuant to Section 6.6, prior to the time CAP Units or cash is credited to the appropriate Accounts of such Participant or a Participant receives cash pursuant to Section 6.6, the Board

-10-

Committee shall be required to certify, by resolution of the Board Committee or other appropriate action, that the amounts to which such Participant is entitled have been accurately determined in accordance with the provisions of the Plan.

SECTION 6

Payment of Benefits

6.1 *Distributions.* As soon as practicable following each Termination Date, there shall be distributed, in respect of the Award for the related Plan Year, a number of shares of Common Stock equal to the number of CAP Units credited to his Capital Accumulation Account in respect of such Plan Year and an amount in cash equal to his Cash Balance, if any, in respect of such Plan Year, each determined as of such Termination Date, to the extent that such CAP Units and Cash Balance have not been cancelled pursuant to the agreement evidencing the Award.

6.2 *Accelerated Distributions.* Notwithstanding the provisions of Section 6.1 and in lieu of any distribution on a Termination Date, a distribution may be made prior to a Termination Date as follows:

(a) If a Participant shall die during any Fiscal Year prior to the end of all of his Deferral Periods, the Participant's estate (or his Beneficiary) shall be entitled to receive from the Company, as soon as practicable after the end of the Fiscal Year in which such Participant's death occurs, a number of shares of Common Stock equal to the CAP Units credited to his Capital Accumulation Account, as adjusted pursuant to Sections 5.6 and 5.10, as of the end of the Fiscal Year in which such Participant's death occurs, and an amount in cash equal to his Cash Balance, if any, as of the end of the Fiscal Year in which such Participant's death occurs.

(b) If a Participant's employment with the Company and its Affiliates shall be terminated for any reason prior to the end of all of his Deferral Periods (other than by reason of death), or if such Participant shall suffer a Disability or shall become a Managing Director Emeritus of Bear Stearns, then such Participant (or his Beneficiary) shall, unless otherwise determined by the Appropriate Committee as hereinafter provided, continue to be bound by, and to be subject to, all the terms and provisions of this Plan, except that (i) in lieu of making any calculations pursuant to subparagraphs (b) and (c) of Section 5.4 in respect of the portion of the Deferral Year beginning with the month in which his employment terminates and for any subsequent Deferral Year prior to any Termination Date, the Company shall credit to the Cash Balance Account of such Participant, on an annual basis as of the last day of each Fiscal Year, a dollar amount equal to the cash dividends declared by the Company, in the fiscal quarter of the Company following the fiscal quarter in which his employment terminated or in any subsequent fiscal quarter ending on or prior to a Termination Date, on that number of shares of Common Stock corresponding to the number of CAP Units credited to his Capital Accumulation Account (A) as of the last day of the month before his employment terminates in respect of the Fiscal Year in which his employment terminated and (B) as of the first day of the Fiscal Year after which his employment terminated in respect of all subsequent Fiscal Years, and (ii) notwithstanding the provisions of Section 5.5, the Book Value Adjustment for any Fiscal Year following the Fiscal Year in which his employment terminated shall be zero. For purposes of calculating the Book Value Adjustment for the Fiscal Year in which the employment of a Participant is terminated, the denominator of the fraction referred to in Section 5.5 of the Plan shall be (in lieu of the Adjusted Book Value Per Share on the last day of the Deferral Year for which the adjustment is being made) the Adjusted Book Value Per Share calculated by including in the definition of Adjusted Common Stockholder Equity (in lieu of all increases (or decreases) in retained earnings attributable to net income (or loss) minus all amounts accrued in respect of cash dividends declared with respect to any capital stock of the Company) the amount determined by multiplying (A) the increase (or decrease) in retained earnings in such Fiscal Year attributable to net income (or loss) minus all amounts accrued in respect of cash dividends declared with respect to any capital stock of the Company by (B) a fraction, the numerator of which is the number of months in the Fiscal Year prior to but not including the month in which his employment terminates, and the denominator of which is 12.

Notwithstanding the foregoing:

(i) the Appropriate Committee shall have the right in its sole discretion (A) to treat a Participant who has suffered a Disability or who has become a Managing Director Emeritus of Bear Stearns as a Participant (1) in all respects under this Plan, (2) to whom the provisions of Section 5.4 but not the provisions of Section 4.1 shall apply or (3) whose employment with the Company and its Affiliates has terminated and to whom the foregoing provisions of this paragraph (b) shall apply, and (B) at any time or from time to time, to change any such treatment with respect to any such Participant to any other such treatment;

(ii) the Appropriate Committee shall have the right in its sole discretion to accelerate any Termination Date with respect to any Plan Year (with or without accelerating the vesting of the Participant's Total CAP Units and Cash Balance) of a Participant whose employment with the Company and its Affiliates terminates to the last day of the Fiscal Year in which such employment terminates or to the last day of any subsequent Fiscal Year, in which case the date so determined by the Appropriate Committee with respect to each such Plan Year shall be the Participant's Termination Date for all purposes of this Plan with respect to each such Plan Year. The Appropriate Committee shall give notice of any such determination to the Participant at least ten days prior to the earliest of such accelerated Termination Dates. In addition, if a Participant whose employment with the Company has terminated shall request the Appropriate Committee to accelerate the Termination Date with respect to any Plan Year of such Participant to the last

-11-

day of the Fiscal Year immediately preceding the Fiscal Year in which such Participant's employment terminates, the Appropriate Committee may in its sole discretion so accelerate the Termination Date (with or without accelerating vesting) with respect to any such Plan Year of such Participant. If the Appropriate Committee takes such action, such Participant's distribution from the Plan for any Plan Year the Termination Date of which is so accelerated shall be based on all or a portion of the Total CAP Units and Cash Balance at the end of such prior Fiscal Year for each such Plan Year, without giving effect to any adjustments otherwise required to be made during the Fiscal Year in which his employment terminates, including, without limitation, for Net Earnings Adjustments, dividends on the Common Stock, or interest, and the distributions called for in Section 6.1 of the Plan shall be made as soon as practicable after such action is taken by the Appropriate Committee;

(iii) Notwithstanding clause (ii) above, the Appropriate Committee shall have the right in its sole discretion to determine that, regardless of the Termination Date with respect to any other Plan Year or Plan Years, the Termination Date with respect to the Plan Year in which the employment of the Participant with the Company and its Affiliates terminates, and the Plan Year immediately preceding such Plan Year if such employment terminates prior to the date on which the Capital Accumulation Account of such Participant is credited pursuant to Section 5.1 hereof with respect to such immediately preceding Plan Year, shall be the last day of the Fiscal Year immediately preceding the Plan Year in which such employment terminates or, if applicable, the prior Plan Year; and

(iv) the Appropriate Committee may permit a Participant whose employment with the Company and its Affiliates terminates more than five years after the last day of his first Plan Year and who has elected a Deferral Period of more than five Fiscal Years for any Plan Year to participate in the Plan with respect to any such Plan Year for one or more Fiscal Years (but not beyond his Termination Date as otherwise determined hereunder) on substantially the same terms as other Participants whose employment has not terminated, in which case the Capital Accumulation Account of such Participant shall continue to be adjusted in the manner provided in Section 5.10 for other Participants except that subparagraph (d) of Section 5.4 shall apply to such a Participant, and the Termination Date with respect to each such Plan Year shall be the last day of such Fiscal Year as shall be determined by the Appropriate Committee.

(c) If a Participant shall take a Personal Leave of Absence prior to the end of all his Deferral Periods, the Appropriate Committee shall have the right in its sole discretion to require the Participant to become subject to the provisions of paragraph (b) above (to the same extent as a Participant whose employment had terminated) during the period of such Personal Leave of Absence, except that in the event the Participant resumes full-time employment after the first day of a Fiscal Year, all calculations under this Plan with respect to such Fiscal Year shall be made by treating the Participant in the same manner as a full-time employee for the number of full months of such employment during such Fiscal Year and as a Participant whose employment had been terminated for the balance of such Fiscal Year. If the Appropriate Committee shall not take such action the Participant shall continue to be treated under this Plan on the same basis as a Participant who is not on a Personal Leave of Absence; provided, however, that each of the applicable vesting periods shall be extended by the number of months that such Participant was on Personal Leave of Absence.

(d) In addition, in the event of hardship, actual or prospective change in tax laws, or any other unforeseen or unintended circumstance or event (including, without limitation, if the tax laws of any foreign jurisdiction do not provide for tax consequences to Participants or the Company that are comparable to those provided under United States tax laws), or if desirable to preserve the deductibility for federal income taxes of compensation paid or payable by the Company to any Participant, the Appropriate Committee, in its sole discretion, may accelerate any Termination Date of any Participant (and may accelerate the vesting of such Participant's Total CAP Units and Cash Account) to the last day of any Fiscal Year, in which case the accelerated date determined by the Appropriate Committee shall be the Termination Date for all purposes of this Plan.

6.3 *Change in Control and Parachute Limitation.* Notwithstanding the provisions of Sections 6.1 and 6.2, within sixty (60) days of the occurrence of a Change in Control, the Board Committee in its sole discretion may provide that (a) a distribution may be made in respect of each Participant of that number of shares of Common Stock which is equal to all or any portion of the Total CAP Units credited to his Capital Accumulation Account as of the date of such Change in Control and an amount in cash equal to all or a portion of the Cash Balance, if any, as of such date, and/or (b) each Participant's Total CAP Units and Cash Account shall be fully vested by reason of such Change in Control; *provided, however*, no amount shall be immediately distributable or payable under the Plan if and to the extent that the Appropriate Committee determines that such distribution or payment would subject a Reporting Person to liability under Section 16(b) of the Exchange Act or any rule

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEF 14A

or regulation thereunder by reason of transactions or events occurring on or prior to the occurrence of the Change in Control. Payment of amounts not distributed by reason of this Section 6.3 shall be made as soon as practicable, consistent with this Section 6.3.

6.4 *Additional Distributions in Certain Cases.* In addition to the amounts provided by Section 6.1, 6.2 or 6.3, if (a) upon making any distribution, the Company determines that the Company or Bear Stearns would realize a tax benefit calculated at its Marginal Tax Rate in the year of such distribution (without giving effect to any carryovers or carrybacks of losses, credits or deductions from any prior or succeeding Fiscal Year) in excess of the amount of Deferred Tax Benefit in respect of its liability to such Participant on account of such distribution, and (b) such Participant's Cash Balance Account or the number of CAP Units credited to his Capital Accumulation Account had been reduced in a prior Fiscal Year as a result of the application of subparagraphs (d) or (e) of Section 5.4 or Section 5.6, then at the time of the distribution pursuant to this Section 6 the Company also shall pay to such Participant, in cash, an additional amount equal to the lesser of (i) the

-12-

amount by which the actual tax benefit to be received by the Company or Bear Stearns exceeds such Deferred Tax Benefit and (ii) the amount by which such Participant's Cash Balance Account or Capital Accumulation Account was so reduced. Notwithstanding the foregoing, no Participant shall be entitled to require that any payment from the Company is made pursuant to this Section 6.4 in respect of any reduction in his Cash Balance Account or in the number of CAP Units credited to his Capital Accumulation Account for any period commencing with the first day of the month following the month in which his employment by the Company and its Affiliates was terminated.

6.5 *Special Provisions for Reporting Persons.* If required by Rule 16b-3, shares of Common Stock distributed to Participants who are Reporting Persons shall bear an appropriate legend to the effect that such shares of Common Stock may not be transferred for a period of six (6) months after they are credited to the Account of such Participant.

6.6 *Form of Payments.* Except as otherwise provided herein, all distributions in respect of CAP Units to be made under the Plan shall be made in whole shares of Common Stock. Payment in respect of any fractional CAP Unit shall be made in cash based upon the Fair Market Value of a share of Common Stock on the second Business Day preceding the payment date. Shares of Common Stock distributed hereunder shall be treasury shares, shares of authorized but unissued Common Stock or a combination thereof, and shall be fully paid and nonassessable. If shares of Common Stock are distributed pursuant to Sections 6.1, 6.2(a) or 6.2(b) to any Participant after the record date for any cash dividend occurring after the Termination Date with respect to which such shares are distributed or, in the cases of Sections 6.2(a) or 6.2(b), after the end of the Fiscal Year in which the death or Disability of a Participant occurs, then such Participant (or his estate or Beneficiary) shall be entitled to receive from the Company an amount of cash equal to the cash dividends per share payable to holders of record on such record date multiplied by the number of shares of Common Stock so distributed to such Participant after such record date. Where a payment is made under the Plan, the payment may be made at the discretion of the Company either to the Participant or by way of contribution to any pension plan established by the Company of which the Participant is a member.

6.7 *Registration and Listing of Common Stock.* Prior to the date on which any shares of Common Stock are required to be issued to any Participant under this Plan without taking into account any acceleration of such distribution date pursuant to the provisions of Section 6.2 of the Plan, the Company shall file a registration statement (a Registration Statement) on Form S-3 and/or Form S-8 (or any successor form then in effect) under the Securities Act, with respect to all shares of Common Stock which the Company then estimates are distributable under the Plan; *provided, however*, that the Company need not file a Registration Statement hereunder if, prior to such date, the Company receives a written opinion of counsel to the effect that such shares of Common Stock may be sold, transferred or otherwise disposed of under the Securities Act without registration thereunder. The Company shall use its best efforts to have any such Registration Statement declared effective as soon as reasonably practicable after filing and shall use reasonable efforts to keep each such Registration Statement continuously in effect until all shares of Common Stock to which such Registration Statement relates have been so issued, and for a two-year period thereafter. From time to time the Company also shall amend such Registration Statement to cover any additional shares of Common Stock which become distributable under the Plan and otherwise would not be covered by such Registration Statement. In the event that Participants would be precluded from selling any shares of Common Stock distributable hereunder unless such shares were registered or qualified under the securities or blue sky laws of any state (or otherwise received the approval of any state governmental or regulatory authority), then the Company shall use its best efforts to cause such shares of Common Stock to be duly registered or qualified (or to receive such approval) as may be required. If the shares of Common Stock distributable hereunder satisfy the criteria for listing on any exchange on which the Common Stock is then listed, then (unless such shares of Common Stock already are listed on such exchange) the Company shall apply for and use its best efforts to obtain a listing of all such shares of Common Stock on such exchange. All costs and expenses incurred by the Company in connection with the satisfaction of its obligations under this Section 6.7 shall be borne by the Company. The Company shall immediately notify each Participant in the event that a Registration Statement which has been filed and remains effective contains an untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein not misleading. Upon receipt of such notice, no Participant shall sell or agree to sell any shares of Common Stock pursuant to such Registration Statement unless and until the Company has notified each Participant that such Registration Statement no longer contains such misstatement or omission. In the event that shares of Common Stock are issued to Participants hereunder other than pursuant to a Registration Statement, then, unless the Company shall have obtained the opinion of counsel referred to above, each certificate representing such shares shall bear a legend

substantially to the following effect:

The securities represented by this Certificate have not been registered under the Securities Act of 1933, as amended, or applicable state securities laws, and may not be sold, assigned, transferred, pledged or otherwise disposed of except in compliance with the requirements of such Act.

By accepting an Award hereunder, each Participant shall be deemed to have agreed to the foregoing provisions of this Section 6.7.

6.8 *Reservation of Shares.* The Company, as soon as practicable after the end of each Fiscal Year prior to the termination of this Plan, shall reserve such number of shares of Common Stock (which may be authorized but unissued shares or treasury shares) as shall be required so that the total of all shares reserved hereunder, including shares reserved pursuant to this Section 6.8 in preceding Fiscal Years, shall be equal to the number of shares of Common Stock which the Company would be obligated to issue to all Participants in accordance with the terms of the Plan if the Plan were to be terminated at such time.

SECTION 7

Source of Payments

Notwithstanding any other provision of this Plan, the Company shall not be required to establish a special or separate fund or otherwise segregate any assets to assure any payments hereunder. If the Company shall make any investment to aid it in meeting its obligations hereunder, a Participant and his Beneficiary shall have no right, title or interest whatsoever in or to any such investments. Nothing contained in this Plan, and no action taken pursuant to its provisions, including without limitation the acquisition of any shares of Common Stock by the Company, or the crediting of Cash Balances or CAP Units to the Accounts of Participants, shall create or be construed to create a trust of any kind between the Company and any Participant or Beneficiary, or to create any right, title or interest on the part of any Participant or Beneficiary in or to any asset of the Company. To the extent that any Participant or Beneficiary acquires a right to receive payments from the Company hereunder, such right shall be no greater than the right of a general unsecured creditor of the Company.

SECTION 8

Administration of the Plan

8.1 *Authority of Committee.* The Plan shall be administered by the Appropriate Committees, which shall have full power and authority as set forth herein to interpret, to construe and to administer the Plan and to review claims for benefits under the Plan. Each Appropriate Committee's interpretations and constructions of the Plan and actions thereunder, including but not limited to the determination of the amounts to be credited to any Capital Accumulation Account or Cash Balance Account, shall be binding and conclusive on all persons and for all purposes.

8.2 *Duties of Committee.* The Appropriate Committees shall cause the Company to establish and maintain records of the Plan, of each Capital Accumulation Account and Cash Balance Account and of each subaccount thereof established for any Participant hereunder. Either of the Appropriate Committees may engage such certified public accountants, who may be accountants for the Company, as it shall require or may deem advisable for purposes of the Plan, may arrange for the engagement of such legal counsel, who may be counsel for the Company, and may make use of such agents and clerical or other personnel as it shall require or may deem advisable for purposes of the Plan. Each such Committee may rely upon the written opinion of the accountants and counsel engaged by it. Subject to any limitations imposed by applicable law (including Rule 16b-3), either Appropriate Committee may delegate to any agent or to any subcommittee or member of such Committee its authority to perform any act hereunder, including, without limitation, those matters involving the exercise of discretion, provided that such delegation of authority shall be subject to revocation at any time at the discretion of such Committee.

8.3 *Purchase of Common Stock.* The Company intends to purchase shares of Common Stock in the open market or in private transactions or otherwise during the term of the Plan for issuance to Participants in accordance with the terms hereof. Shares of Common Stock shall be purchased for purposes of the Plan and for purposes of the PUP Plan on a combined or joint basis without identifying shares so purchased as having been purchased for this Plan or the PUP Plan. Notwithstanding the foregoing, the Company will specifically designate all such shares at the time they are purchased as having been purchased for the purpose of making determinations under this Plan and the PUP Plan; *provided, however*, that any shares so purchased shall be the sole property of the Company and no Participant or Beneficiary shall have any right, title or interest whatsoever in or to any such shares. All shares of Common Stock purchased by the Company on or after July 1, 1992 and designated by the Company as having been purchased for the CAP Plan shall be considered, notwithstanding such designation, to have been purchased for purposes of both this Plan and the PUP Plan. The acquisition of Common Stock as described above will be subject to the sole

discretion of the Board Committee, which shall determine the time and price at which and the manner in which such shares are to be acquired, subject to applicable law. In making any such determination, the Board Committee may, but shall in no event be obligated to, consider the recommendations of the Advisory Committee.

8.4 *Plan Expenses.* The Company shall pay the fees and expenses of accountants, counsel, agents and other personnel and all other costs of administration of the Plan.

8.5 *Indemnification.* To the maximum extent permitted by applicable law, no member of any Committee shall be personally liable by reason of any contract or other instrument executed by him or on his behalf in his capacity as a member of such Committee or for any mistake of judgment made in good faith, and the Company shall indemnify and hold harmless, directly from its own assets (including the proceeds of any insurance policy the premiums of which are paid from the Company's own assets), each member of each Committee and each other director, officer, employee or agent of the Company to whom any duty or power relating to the administration or interpretation of the Plan or to the management or control of the assets of the Plan may be delegated or allocated, against any cost or expense (including fees, disbursements and other charges of legal counsel) or liability (including any sum paid in settlement of a claim with the approval of the Company) arising out of any act or omission to act in connection with the Plan, unless arising out of such person's own fraud, willful misconduct or bad faith. The foregoing shall not be deemed to limit the Company's obligation to indemnify any member of any Committee under the Company's Restated Certificate of Incorporation or Bylaws, or under any other agreement between the Company and such member.

-14-

8.6 *Maximum Number of Shares.*

(a) The aggregate number of CAP Units that may be credited to Participants' Capital Accumulation Accounts under the Plan for any Plan Year shall not exceed the equivalent number of shares of Common Stock equal to the sum of 15% of the outstanding shares of Common Stock as of the last day of such Plan Year (the Base Shares) and the number, if any, by which the sum of the Base Shares in all prior Fiscal Years beginning on or after July 1, 1993 exceeds the number of shares credited to Participants' Capital Accumulation Accounts under this Plan in all such prior Fiscal Years. For purposes of determining the number of shares of Common Stock outstanding as of the last day of any Plan Year, such number shall be calculated as the sum of (i) the number of shares of Common Stock outstanding at such year end, (ii) the number of shares underlying CAP Units credited to Participants' Capital Accumulation Accounts as of such date and Earnings Units credited to Participants' Earnings Unit Accounts under the PUP Plan as of such date and (iii) the number of shares underlying CAP Units to be credited to all such Accounts as a result of making any adjustment to such Accounts required by Sections 5.1 and 5.10 in respect of all Fiscal Years ending on or prior to the date of determination and the number of Earnings Units credited to the Earnings Unit Accounts of all Participants in the PUP Plan as a result of making any adjustment to such Accounts required by Section 4.2 of the PUP Plan in respect of all Fiscal Years ending on or prior to the date of such determination.

(b) If there shall be any change in the Common Stock of the Company, through merger, consolidation, reorganization, recapitalization, stock dividend, stock split, spin-off, split up, dividend in kind or other change in the corporate structure or distribution to the stockholders, appropriate adjustments may be made by the Board Committee (or if the Company is not the surviving corporation in any such transaction, the board of directors of the surviving corporation) in the aggregate number and kind of shares subject to the Plan, and the number and kind of shares which may be issued under the Plan. Appropriate adjustments may also be made by the Board Committee in the terms of any awards under the Plan to reflect such changes and to modify any other terms of outstanding awards on an equitable basis as the Board Committee in its discretion determines.

8.7 *Forward Repurchases of Common Stock.*

The Company shall have the right, upon authorization of the Board Committee, to enter into forward contracts for the repurchase from one or more Participants of any or all shares of Common Stock representing vested CAP Units previously credited to the Capital Accumulation Accounts of such Participants with respect to any Plan Year and distributed on or after the relevant Termination Date of the Deferral Period ending in the then current Fiscal Year, having such terms and conditions as shall be determined by the Board Committee, for a purchase price per share equal to the average of the closing prices of the Common Stock as reported on the New York Stock Exchange Consolidated Tape for each day of trading in the Common Stock during the period from the effective date of the contract to the date of repurchase, provided that such price is within the range defined by the Board Committee, and provided further that a contract may not be entered into more than twelve (12) months prior to the expiration of the applicable Deferral Period and will terminate, and be null and void, unless the Company satisfies performance goals established by the Board Committee in writing, by resolution of the Board Committee or other appropriate action, not later than ninety (90) days after the commencement of the Fiscal Year to which the performance goals relate, and certified by the Board Committee in writing as having been satisfied prior to the relevant Termination Date. The formula for calculating the performance goals shall be based upon one or more of the following criteria, individually or in combination, adjusted in such manner as the Board Committee shall determine, for a period of not less than nine (9) months of the applicable Fiscal Year: (a) pre-tax or after-tax return on equity; (b) earnings per share; (c) pre-tax or after-tax net income; (d) business unit or departmental pre-tax or after-tax income; (e) book value per share; (f) market price

per share; (g) relative performance to peer group companies; (h) expense management; and (i) total return to stockholders.

SECTION 9

Amendment and Termination

The Plan shall terminate when all distributions required to be made hereunder have been made following the last Termination Date. The Plan may be amended, suspended or earlier terminated, in whole or in part as to a particular Plan Year, and at any time and from time to time, by the Board Committee, but except as provided below no such action shall retroactively impair or otherwise adversely affect the rights of any person to benefits under the Plan which have accrued prior to the date of such action. Except as provided in the following sentence, if the Plan is terminated prior to the end of any Fiscal Year, (i) the Company shall credit the Capital Accumulation Accounts of all Participants (other than those whose employment with the Company and its Affiliates had terminated prior to the date the Plan terminates, except a Participant referred to in subparagraph (iii) of Section 6.2(b)) in the manner provided in Section 5.10 in respect of the portion of the Company's Fiscal Year ended on the date of such termination, and (ii) as soon as practicable following the end of the Fiscal Year in which such termination occurs, the Company shall deliver to each Participant the number of shares of Common Stock corresponding to the number of CAP Units credited to his Capital Accumulation Account and an amount in cash equal to his Cash Balance which the Participant otherwise would be entitled to receive pursuant to Section 6 as of the designated Termination Date in respect of the Plan Year or Plan Years involved. Notwithstanding the foregoing, if the Company shall determine that the Plan should be terminated immediately, either in its entirety or in part in respect of any Plan Year, no adjustments or credits shall be made to the Capital Accumulation Accounts of the Participants pursuant to Section 5 in respect of the Fiscal Year in which such termination occurs and each Participant shall be entitled to receive from the Company, as soon as practicable following the date of

-15-

such termination, shares of Common Stock and/or amounts in cash determined in accordance with Section 6 hereof as if the Termination Date in respect of the Plan Year or Plan Years involved were the last day of the Fiscal Year preceding the Fiscal Year in which such termination occurs.

In such event, however, the Capital Accumulation Account of each Participant who is an employee of the Company and/or its Affiliates (or who is a Participant who has suffered a Disability or who has become a Managing Director Emeritus of Bear Stearns and whom the Appropriate Committee shall have determined to treat in the manner specified in clause (1) or (2) of subparagraph (i) of Section 6.2(b)) on the date of such termination shall be adjusted in respect of the Fiscal Year in which such termination occurs as follows: Each such Account shall be credited with a Net Earnings Adjustment for the Fiscal Year in which such termination occurs except that, for purposes of computing such Net Earnings Adjustment, Income Per Share for purposes of calculating the Earnings Adjustment shall be computed for each terminated Plan Year based only on the consolidated income or loss before taxes of the Company and its subsidiaries accrued from the beginning of such Fiscal Year through and including the end of the month in which such termination occurred, and the Book Value Adjustment for the Fiscal Year in which such termination occurs shall be calculated on the basis of the shares distributed pursuant to the preceding sentence in respect of each terminated Plan Year, provided that for purposes of computing such Book Value Adjustment, the definition of Adjusted Common Stockholders' Equity used in the computation of Adjusted Book Value Per Share shall be modified by deleting the adjustments to Adjusted Common Stockholders' Equity specified therein and substituting in lieu thereof the following: plus all increases (or less any decreases) in retained earnings of the Company and its subsidiaries attributable to net income (or loss), determined on a consolidated basis, minus all amounts accrued in respect of cash dividends declared with respect to any capital stock of the Company during such Fiscal Year, for the period from the beginning of such Fiscal Year through and including the month in which such termination occurred. If the Plan is not terminated in its entirety but one or more Plan Years are terminated, then any amounts credited to Participants' Accounts pursuant to the preceding sentence shall continue to be subject to the provisions of the Plan for the balance of the original Deferral Period with respect to the terminated Plan Year or Plan Years, as if such Plan Year or Plan Years had not been terminated. If the Plan is terminated in its entirety, then as soon as may be practicable thereafter, the Company shall deliver to each Participant (in addition to amounts distributable pursuant to the fourth sentence of this paragraph) a number of shares of Common Stock equal to the number of CAP Units credited to each such Participant's Account pursuant to the second preceding sentence;

Upon termination of the Plan in its entirety or with respect to one or more Plan Years, the Board Committee, in its sole and absolute discretion, may accelerate the vesting of all or any portion of the Total CAP Units credited to a Participant's Capital Accumulation Account, or the Cash Balance credited to a Participant's Cash Account, which would not then be vested.

SECTION 10

Designation of Beneficiaries

10.1 *General.* Each Participant may file with the Appropriate Committee a written designation of one or more persons as the Beneficiary who shall be entitled to receive the amount, if any, which the Participant is entitled to receive under the Plan upon his death. A Participant, from time to time, may revoke or change his Beneficiary designation without the consent of any prior Beneficiary by filing a new

such designation with the Appropriate Committee. The most recent such designation received by the Appropriate Committee shall be controlling; *provided, however*, that no designation, or change of revocation thereof, shall be effective unless received by the Appropriate Committee prior to the Participant's death, and in no event shall any such designation be effective as of a date prior to such receipt.

10.2 *Lack of Designated Beneficiary.* If no such Beneficiary designation is in effect at the time of a Participant's death, or if no designated Beneficiary survives the Participant, or if such designation conflicts with law, the Participant's estate shall be deemed to have been designated as his Beneficiary and shall receive the payment of the amount, if any, payable under the Plan upon his death. If the Appropriate Committee is in doubt as to the right of any person to receive such amount, the Committee may cause the Company to retain such amount, without liability for any interest thereon, until the rights thereto are determined, or the Appropriate Committee may pay and deliver such amount into any court of appropriate jurisdiction, and such payment shall be a complete discharge of the liability of the Plan and the Company therefor.

SECTION 11

General Provisions

11.1 *Successors.* The Plan shall be binding upon and inure to the benefit of the Company, its successors and assigns, and each Participant and his Beneficiary.

11.2 *No Continued Employment.* Neither the Plan nor any action taken thereunder shall be construed as giving to a Participant the right to be retained in the employ of the Company or any of its Affiliates or as affecting the right of the Company or any of its Affiliates to dismiss any Participant.

11.3 *Withholding.* As a condition to receiving any distribution or payment of amounts hereunder, the Company may require the Participant to make a cash payment to the Company or, in its sole discretion, upon the request of a Participant, may withhold from any

-16-

amount or amounts payable under the Plan, in either case, in an amount equal to all federal, state, city or other taxes as may be required to be withheld in respect of such payments pursuant to any law or governmental regulation or ruling.

11.4 *Non-alienation of Benefits.* No right to any amount payable at any time under the Plan may be assigned, transferred, pledged or encumbered, either voluntarily or by operation of law, except as expressly provided herein or as may otherwise be required by law. If, by reason of any attempted assignment, transfer, pledge or encumbrance, or any bankruptcy or other event happening at any time, any amount payable under the Plan would be made subject to the debts or liabilities of the Participant or his Beneficiary or would otherwise not be enjoyed by him, then the Appropriate Committee, if it so elects, may terminate such person's interest in any such payment and direct that the same be held and applied to or for the benefit of the Participant, his Beneficiary or any other person or persons deemed to be the natural objects of his bounty, taking into account the expressed wishes of the Participant (or, in the event of his death, his Beneficiary).

11.5 *Incompetency.* If the Appropriate Committee shall find that any person to whom any amount is or was distributable or payable hereunder is unable to care for his affairs because of illness or accident, or has died, then the Appropriate Committee, if it so elects, may direct that any payment due him or his estate (unless a prior claim therefor has been made by a duly appointed legal representative) or any part thereof be paid or applied for the benefit of such person or to or for the benefit of his spouse, children or other dependents, an institution maintaining or having custody of such person, any guardian or any other person deemed by such Appropriate Committee to be a proper recipient on behalf of such person otherwise entitled to payment, or any of them, in such manner and proportion as such Appropriate Committee may deem proper. Any such payment shall be in complete discharge of the liability therefor of the Company, the Plan, the Committee or any member, officer or employee thereof.

11.6 *Offsets.* To the extent permitted by law, the Company or any of its Affiliates shall have the absolute right to withhold any shares of Common Stock or any amounts otherwise required to be distributed or paid to any Participant or Beneficiary under the terms of the Plan, to the extent of any amount owed or which in the sole judgment of the Appropriate Committee may in the future be owed for any reason by such Participant, in the case of a payment to such Participant, or to the extent of any amount owed or which in the sole judgment of the Appropriate Committee may in the future be owed for any reason by the Participant or such Beneficiary, in the case of payment to a Beneficiary, to the Company or any of its Affiliates, and to set off and apply the amounts so withheld to payment of any such amount ultimately determined by the Appropriate Committee, in its sole discretion, to be owed to the Company or any of its Affiliates, whether or not such amounts shall then be immediately due and payable and in such order or priority as among such amounts owed as the Appropriate Committee, in its sole discretion, shall determine. In determining the amount of a permitted offset under this Section 11.6, any shares of Common Stock required to be distributed to a Participant or a Beneficiary shall be valued at the Fair Market Value of such Shares on the date of offset.

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEF 14A

11.7 *Notices, etc.* All elections, designations, requests, notices, instructions and other communications from a Participant, Beneficiary or other person to any Appropriate Committee required or permitted under the Plan shall be in such form as is prescribed from time to time by the Appropriate Committee, shall be mailed by first-class mail or delivered to such location as shall be specified by the Appropriate Committee, and shall be deemed to have been given and delivered only upon actual receipt thereof at such location.

11.8 *Other Benefits.* The benefits, if any, payable under the Plan shall be in addition to any other benefits provided for Participants.

11.9 *Interpretation, etc.* The captions of the sections and paragraphs of this Plan have been inserted solely as a matter of convenience and in no way define or limit the scope or intent of any provisions of the Plan. References to sections herein are to the specified sections of this Plan unless another reference is specifically stated. The masculine pronoun wherever used herein shall include the feminine pronoun, and a singular number shall be deemed to include the plural unless a different meaning is plainly required by the context.

11.10 *Laws; Severability.* The Plan shall be governed by, and construed in accordance with, the laws of the State of New York, except to the extent preempted by the Employee Retirement Income Security Act of 1974, as amended. If any provision of the Plan shall be held by a court of competent jurisdiction to be invalid or unenforceable, the remaining provisions shall continue to be effective.

11.11 *Effective Date.* This amendment and restatement of the Plan shall be effective as of July 1, 1999, and shall apply to Awards granted for Plan Years beginning on or after that date. CAP Units credited and attributable to deferrals of compensation made for prior Plan Years shall be subject to the terms of this Plan as in effect on June 30, 1999.

The Appropriate Committee may approve any election of an Additional Deferral Amount and any election of a Deferral Period in excess of five Fiscal Years, or may deny any such request, in its sole discretion. If the Appropriate Committee shall deny any

-8-

election of any Additional Deferral Amount, then the Additional Plan Election shall be deemed to relate only to the Participant's Required Deferral Amount for the Fiscal Year involved and, if the Appropriate Committee shall deny any election of a Deferral Period in excess of five Fiscal Years, then the Deferral Period applicable to the Required Deferral Amount and any Additional Deferral Amount for the Fiscal Year involved shall be five Fiscal Years.

4.2 *Effect of Initial Plan Election.* An Initial Plan Election filed during the Enrollment Period in respect of a Plan Year in accordance with Section 4.1 shall constitute an election (a) to become a Participant in this Plan with respect to such Fiscal Year and the two succeeding Fiscal Years, (b) to defer for Deferral Period receipt of the Required Deferral Amount and the Additional Deferral Amount (if any) approved by the Appropriate Committee for such Fiscal Year and (c) to defer receipt of the Required Deferral Amount for the second and third Fiscal Years of the Required Deferral Period beginning with such Fiscal Year for the Deferral Period or such other period as may be approved by the Appropriate Committee pursuant to Section 4.1, unless, in the case of such second and third Fiscal Years, such Participant is excluded

from participation in respect of subsequent Fiscal Years of a Required Deferral Period upon approval of the Appropriate Committee pursuant to Section 4.5(a).

4.3 *Elective Deferrals.* For each Plan Year occurring after the third Fiscal Year of a Participant's Required Deferral Period as to which such Participant has not theretofore had the opportunity to elect to defer compensation (each such Plan Year being referred to as an Elective Plan Year), such Participant may, subject as provided below, during the Enrollment Period in respect of any Plan Year during which the Board Committee has determined pursuant to Section 3.1 to allow any Eligible Employees to defer compensation for such Elective Plan Year, execute and file with the Appropriate Committee an Additional Plan Election electing to defer for the applicable Deferral Period the Required Deferral Amount of his current compensation for such Elective Plan Year. Thereafter, during the Enrollment Period occurring during each such Elective Plan Year (or if there is no Enrollment Period for such Fiscal Year, the period commencing on the anniversary of the first day of the most recent preceding Enrollment Period and ending on the anniversary of the last day of such Enrollment Period) a Participant may execute and file an Additional Plan Election, electing, subject to the approval of the Appropriate Committee, an Additional Deferral Amount for such Elective Plan Year and a Deferral Period (in whole Fiscal Years) in respect of the Required Deferral Amount and any Additional Deferral Amount for such Elective Plan Year of more than five Fiscal Years or, if applicable, a shorter Deferral Period. If the Appropriate Committee shall deny any election of an Additional Deferral Amount, then the additional Plan Election shall be deemed to relate only to the Participant's Required Deferral Amount for the Elective Plan Year involved and, if the Appropriate Committee shall deny any election of a Deferral Period in excess of five Fiscal Years, then the Deferral Period applicable to the Required Deferral Amount and any Additional Deferral Amount for the Elective Plan Year involved shall be five Fiscal Years. If the Appropriate Committee determines that such Plan Election shall relate to more than one Elective Plan Year, then the additional Plan Election to be filed by such Participant shall constitute an election to defer the Required Deferral Amount of his current compensation for each of such Elective Plan Years. Notwithstanding the foregoing, however, if an Eligible Employee does not elect to defer at least the Required Deferral Amount in respect of any Elective Plan Year, such Eligible Employee shall be ineligible to submit an additional Plan Election in respect of any succeeding Elective Plan Year unless the Appropriate Committee, in its sole discretion, shall determine (including, without limitation, by reason of hardship as contemplated by Section 4.5(a)) that such Eligible Employee shall once again be eligible to elect to defer compensation under this Section 4.3. In the event that the Appropriate Committee shall make the determination contemplated by the preceding sentence in respect of any Elective Plan Year for which the Enrollment Period has already expired, then the Appropriate Committee, may, in its discretion, establish a supplementary enrollment period for the Eligible Employee involved, in which case such supplementary enrollment period shall be deemed the Enrollment Period for such Eligible Employee for purposes of this Plan in respect of the Elective Plan Year involved.

The Appropriate Committee, in its sole discretion, shall determine whether or not to grant any such request. A Participant who requests and is granted such an exclusion shall not be eligible to participate in the Plan in respect of the Plan

-9-

Year for which such request is granted, but shall continue to participate in the Plan in respect of any other Plan Years for which an election has previously been made hereunder and shall be eligible to participate in the Plan for future Plan Years.

(b) A Participant may request a reduction in any Deferral Period by one or more Fiscal Years at any time by filing with the Appropriate Committee a written request setting forth the circumstances that have arisen since the Enrollment Period for the related Plan Year that would make the failure to reduce the Deferral Period an unanticipated financial hardship for such Participant. The Appropriate Committee, in its sole discretion, shall determine whether or not to grant any such request and, if so, the number of whole Fiscal Years by which the Deferral

Period shall be so reduced.

4.6 *Special Elections.* The Appropriate Committee shall have the right in its sole discretion to permit a Participant to execute and file with the Appropriate Committee, at such times and on such terms and conditions as the Appropriate Committee shall determine, a Plan Election (a *Special Plan Election*) in form provided by the Company, electing to extend the Deferral Period previously selected with respect to any Required Deferral Amount and/or Additional Deferral Amount for such periods and in such proportions as shall be determined by the Appropriate Committee, provided that the Deferral Period being extended shall terminate no earlier than the end of the Fiscal Year following the Fiscal Year in which the Special Plan Election is made, except that any election with respect to the Deferral Period ending on June 30, 1997 shall be made on or before December 31, 1996. The Available Shares for this purpose shall be the total number of Available Shares for such Plan Year less a number of shares equal to any CAP Units credited to Participants in respect of any fiscal quarter during such Plan Year pursuant to Section 5.3 and less a number of shares equal to the number of CAP Units to be credited to Participants as a Net Earnings Adjustment pursuant to Section 5.10(a) for such Plan Year. Notwithstanding the foregoing, if the aggregate number of CAP Units that otherwise would be credited to the Capital Accumulation Accounts of all Participants pursuant to the first sentence of this Section 5.1 would exceed the number of Available Shares, then the aggregate number of CAP Units to be credited to the Capital Accumulation Accounts of all Participants shall be limited to the number of Available Shares and such aggregate number of CAP Units shall be allocated on a *pro rata* basis, based on the respective Total Deferral Amounts of each Participant in respect of such Plan Year. The Company shall record CAP Units credited in respect of each Plan Year in a separate subaccount of each Participant's Capital Accumulation Account and any credits or adjustments hereunder to such CAP Units shall be made separately with respect to the CAP Units credited to each such subaccount.

5.2 *Cash Balance Account.* If the number of CAP Units which the Company is able to credit to Participants in respect of any Plan Year is limited by the third sentence of Section 5.1, then the Company shall also credit to each Participant an amount equal to (a) the Total Deferral Amount for such Plan Year for such Participant, less (b) the product of (i) the number of CAP Units credited to such Participant in respect of such Plan Year and (ii) the Average Cost per Share of the Available Shares taken into account in such determination. Such amounts shall be credited as of the last day of such Plan Year by means of a bookkeeping entry established and maintained by the Company for each Participant (a *Cash Balance Account*). The Company shall record Cash Balances credited in respect of each Plan Year in a separate subaccount of each Participant's Cash Balance Account and any credits or adjustments hereunder to such Cash Balances shall be made separately with respect to each such subaccount.

5.3 *Quarterly Credits in Respect of Cash Balances.* If there shall exist a Cash Balance in the Cash Balance Account of any Participant on the last day of any fiscal quarter of the Company, including the last day of a Plan Year (a *Quarter End Date*), the Company shall credit the Capital Accumulation Account of each such Participant, as of such Quarter End Date, with a number of additional CAP Units determined by dividing such Cash Balance by the Average Cost Per Share of the Available Shares acquired by the Company and designated by the Board Committee as being allocated to such period. If the aggregate number of CAP Units required to be credited to the Capital Accumulation Accounts of all such Participants pursuant to the preceding sentence would exceed the number of Available Shares, then the aggregate number of CAP Units to be credited shall be limited to the number of Available Shares and such CAP Units shall be allocated on a *pro rata* basis, based on the respective Cash Balances of each Participant. In connection with any crediting of CAP Units pursuant to this Section 5.3, the Cash Balance of each such Participant shall be reduced by debiting to his Cash Balance Account an amount equal to the product of the number of CAP Units credited to his Capital Accumulation Account and the Average Cost Per Share of the Available Shares acquired by the Company during the annual or quarterly period specified by the Board Committee.

-10-

5.4 *Earnings Adjustments.* For purposes of calculating the Net Earnings Adjustment with respect to any Deferral Year pursuant to Section 5.10, the Earnings Adjustment shall be calculated with respect to such Deferral Year, after making any credits to the Capital Accumulation Accounts of the Participants in respect of the fourth fiscal quarter of such Deferral Year pursuant to Section 5.3, as follows:

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEF 14A

(a) first, the Company shall determine a dollar amount of interest to be credited to each Participant who had a positive Cash Balance at any time during the Deferral Year by multiplying the daily weighted average amount of each such Participant's Cash Balance (such weighted average to be determined by adding the amounts of the Participant's Cash Balance on each day during such Deferral Year and dividing the total so obtained by the number of days in such Deferral Year) by a percentage equal to the daily average of the highest rates of interest paid by Bear Stearns to its employees from time to time during such Deferral Year on free credit balances;

(b) the Company next shall determine a dollar amount to be credited or debited to each Participant in respect of CAP Units credited to such Participant's Capital Accumulation Account as of the first day of the Deferral Year and at all times throughout such Deferral Year (Full Year Units) by multiplying such number of Full Year Units by the Income Per Share for the Deferral Year; *provided, however*, that the amount to be credited or debited pursuant to this clause (b) to a Participant whose employment with the Company and its Affiliates was terminated during such Deferral Year shall be the amount determined as aforesaid multiplied by a fraction, the numerator of which shall be the number of whole months in such Deferral Year prior to the month in which his employment terminated and the denominator of which shall be 12;

(c) the Company then shall determine a dollar amount to be credited to each Participant in respect of CAP Units credited or debited to his Capital Accumulation Account as of any date subsequent to the first day of the Deferral Year (Part Year Units) by multiplying such number of Part Year Units by the Income Per Share for the Deferral Year and multiplying the product so obtained by a fraction, the numerator of which shall be the number of whole months in such Deferral Year during which such Part Year Units were so credited (less, in the case of a Participant whose employment by the Company and its Affiliates is terminated in such Deferral Year, the number of whole months following the effective date of such termination, plus one) and the denominator of which shall be 12 (if a Participant's Capital Accumulation Account has been credited with Part Year Units which initially were credited to such Account as of different dates during the Deferral Year, then the calculation required by this clause (c) shall be made separately for each such group of Part Year Units);

(d) the Company then shall calculate a dollar amount to be charged to each Participant who has any Additional Deferral Amount by determining the Cost of Carry for such Participant with respect to each Plan Year for which he has any such Additional Deferral Amount and multiplying each such amount by a fraction, the numerator of which shall be the Participant's Additional Deferral Amount for such Plan Year and the denominator of which shall be his Total Deferral Amount for such Plan Year; *provided* that the charge computed pursuant to this subparagraph (d) resulting from an Additional Deferral Amount in Plan Year 1993 or Plan Year 1994 shall be taken into account only with respect to a Participant who has elected to defer such Additional Deferral Amount for more than five Fiscal Years and then only with respect to Deferral Years after the fifth Deferral Year;

(e) the Company then shall calculate a dollar amount to be charged to each Participant who elected to defer any Required Deferral Amount in respect of any Plan Year for more than five Fiscal Years by determining the Cost of Carry for such Participant with respect to each such Plan Year and multiplying each such amount by a fraction, the numerator of which shall be the Participant's Required Deferral Amount for such Plan Year and the denominator of which shall be his Total Deferral Amount for such Plan Year; *provided* that the charge computed pursuant to this subparagraph (e) shall be taken into account only with respect to Deferral Years after the fifth Deferral Year;

(f) the Company shall then calculate an amount to be charged to each Participant whose employment with the Company and its Affiliates has terminated equal to the Cost of Carry for such Participant for such Deferral Year or, if his employment terminated in such Deferral Year, for the portion thereof beginning with the month in which his employment terminated; and

(g) finally, (i) if the sum (or net amount) of the amounts determined for a Participant in subparagraphs (a), (b) and (c) above is a positive number and such sum (or net amount) exceeds the aggregate of the charges, if any, determined for such Participant pursuant to subparagraphs (d), (e) and (f) above, then the Earnings Adjustment shall equal such sum (or net amount), as determined for purposes of this Section 5.4, or (ii) if the net amount of the amounts determined for a Participant in subparagraphs (a), (b) and (c) less the aggregate of the charges, if any, determined pursuant to subparagraphs (d), (e) and (f) is a negative number (an Earnings Charge) and such Participant has a positive Cash Balance, then (A) such Cash Balance first shall be reduced by an amount equal to such Earnings Charge (provided that no such reduction shall be made to the extent the Earnings Charge relates to a negative result from sub-paragraph (b) or (c)) and (B) if, after reducing such Cash Balance to zero, any amount determined in accordance with the preceding clause (ii)(A) remains unapplied, or if such Participant has no Cash Balance, then the Earnings Adjustment shall be zero.

5.5 *Book Value Adjustment.* For purposes of calculating the Net Earnings Adjustment with respect to any Deferral Year pursuant to Section 5.10, the Book Value Adjustment shall equal the sum of (1) the amount maintained in the Book Value Adjustment Carry Forward Account pursuant to Section 5.10(a), if any, and (2) the product of (a) the total number of CAP Units credited to the Capital Accumulation Account of each Participant as of the last day of such Deferral Year but without including any CAP Units credited on such date

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEF 14A

pursuant to Sections 5.1, 5.3 and 5.10 multiplied by (b) the difference between Adjusted Book Value Per Share as of the last day of the Deferral Year and Adjusted Book Value Per Share as of the last day of the preceding Deferral Year.

5.6 *Overall Cost Limitation.* Notwithstanding the provisions of Section 5.10, if the operation of the Plan (without giving effect to this Section 5.6) would result in Adjusted Earnings Per Share for any Fiscal Year being less than 98.5% of Pre-Plan Earnings Per Share for such Fiscal Year, then, after making the other credits and adjustments required by Section 5.3, (a) the Net Earnings Adjustments required by Section 5.10(a) first shall be reduced or eliminated, and (b) if necessary after eliminating all such Net Earnings Adjustments, the Cash Balance Accounts of all Participants shall be reduced or eliminated so that to the extent possible, after giving effect to all such reductions and eliminations, Adjusted Earnings Per Share for such Fiscal Year will be 98.5% of Pre-Plan Earnings Per Share.

5.7 *Antidilution Adjustments.* In the event of a stock split or if the Company makes any distribution (other than a cash dividend) with respect to Common Stock after the date CAP Units initially are credited to a Participant's Capital Accumulation Account in accordance with this Section 5, the number of CAP Units held in each Participant's Capital Accumulation Account shall be equitably adjusted (as determined by the Appropriate Committee in its sole discretion) to reflect such event. If there shall be any other change in the number or kind of outstanding shares of Common Stock as a result of a recapitalization, combination of shares, merger, consolidation or otherwise, the number of CAP Units credited to each Participant's Capital Accumulation Account shall be equitably adjusted (as determined by the Appropriate Committee in its sole discretion) to reflect such event.

5.8 *Apportionment of Credits.* Whenever CAP Units are credited to a Participant's Capital Accumulation Account pursuant to Section 5.3 or 5.10 in respect of any Deferral Year, they shall be apportioned among the CAP Units originally credited to such Account in respect of each Plan Year on a *pro rata* basis, based on the respective number of the CAP Units originally credited in respect of each such Plan Year, and such additional CAP Units shall have the same Termination Date as the original CAP Units to which they are so apportioned.

5.9 *Amounts Vested.* A Participant shall be fully vested at all times in the CAP Units credited to his Capital Accumulation Account and in the Cash Balance credited to his Cash Balance Account; *provided, however*, that the establishment and maintenance of, or credits to, such Capital Accumulation Account and Cash Balance Account shall not vest in any Participant or his Beneficiary any right, title or interest in or to any specific asset of the Company.

5.10 *Net Earnings Adjustments.*

(a) After making any credits to the Capital Accumulation Accounts of the Participants in respect of the fourth fiscal quarter of such Deferral Year pursuant to Section 5.3, each Participant's Account shall be adjusted, effective as of the last day of such Deferral Year, as provided in this Section 5.10(a). The Company shall credit the Capital Accumulation Account of each Participant with an additional number of CAP Units (a Net Earnings Adjustment) equal to the quotient of (i) the difference between the Earnings Adjustment calculated in accordance with Section 5.4 and the Book Value Adjustment calculated in accordance with Section 5.5 for such Deferral Year, divided by (ii) the Average Cost Per Share of the Available Shares acquired by the Company and designated by the Board Committee as being allocated to such period. Notwithstanding the foregoing, however, if (i) the Earnings Adjustment is a negative number or (ii) the Book Value Adjustment exceeds the Earnings Adjustment then no CAP Units shall be credited to the Accounts of any Participants and the amounts of each of such Book Value Adjustment and Earnings Adjustment shall be disregarded and shall not be taken into account for purposes of the Plan in any subsequent Deferral Year.

If the aggregate number of CAP Units required to be credited to the Accounts of all Participants pursuant to this Section 5.10(a) shall exceed the number of Available Shares in respect of such Plan Year, then the Company shall credit to each Participant only that number of CAP Units as shall equal the number of Available Shares, on a *pro rata* basis, based on the number of CAP Units which each Participant otherwise would have been entitled to be credited. In such event, the Company shall also carry forward to subsequent Deferral Years the respective amounts obtained by multiplying each of the Earnings Adjustment and the Book Value Adjustment applicable for each Participant by the fraction which is one minus the quotient obtained by dividing (a) the number of Available Shares by (b) the aggregate number of CAP Units required to be credited pursuant to this Section 5.10(a). Such respective amount shall be credited (or debited) by means of separate bookkeeping entries established and maintained by the Company to the Cash Balance Account in respect of the Earnings Adjustment and a Book Value Adjustment Carryforward Account in respect of the applicable Book Value Adjustment of each Participant. The amounts credited to the Cash Balance Account in respect of the Earnings Adjustment shall equal the product of (a) the applicable amount carried forward in respect of Earnings Adjustment and (b) the Average Cost Per Share for the Plan Year involved.

(b) Notwithstanding anything in the Plan to the contrary, for purposes of determining Historical Book Value Per Share and Adjusted Book Value Per Share, the Net Earnings Adjustments credited to each Participant's Capital Accumulation Account pursuant to Section 5.10(a) shall be disregarded and in lieu thereof the Earnings Adjustments provided for in Section 5.4 and the Book Value Adjustments provided for in Section 5.5 shall be deemed made without giving effect to Section 5.10(a). In addition, for purposes of calculating the Earnings Adjustment and the Book Value Adjustment (except as required by Section 5.2 any amounts credited to a Book Value Adjustment Carryforward Account in a prior Deferral Year shall be deemed made as a Book Value Adjustment in the year so credited and not carried forward to subsequent Deferral Years.

5.11 *Certification of the Board Committee.* As a condition to the right of any Participant to receive any shares payable in respect of CAP Units credited to such Participant's Capital Accumulation Account or cash in respect of such Participant's Cash Account, in respect of fractional CAP Units credited to such Participant's Capital Accumulation Account or payable pursuant to Section 6.6, prior to the time CAP Units or cash is credited to the appropriate Accounts of such Participant or a Participant receives cash pursuant to Section 6.6, the Board Committee shall be required to certify, by resolution of the Board Committee or other appropriate action, that the amounts to which such Participant is entitled have been accurately determined in accordance with the provisions of the Plan.

SECTION 6

Payment of Benefits

6.1 *Distributions.* As soon as practicable following each Termination Date, each Participant shall be entitled to receive from the Company, in respect of the Total Deferral Amount for the related Plan Year, a number of shares of Common Stock equal to the Total CAP Units credited to his Capital Accumulation Account in respect of such Plan Year and an amount in cash equal to his Cash Balance, if any, in respect of such Plan Year, each determined as of such Termination Date.

6.2 *Accelerated Distributions.* Notwithstanding the provisions of Section 6.1 and in lieu of any distribution on a Termination Date selected by a Participant, a Participant may receive a distribution prior to a Termination Date as follows:

(a) If a Participant shall die during any Fiscal Year prior to the end of all of his Deferral Periods, the Participant's estate (or his Beneficiary) shall be entitled to receive from the Company, as soon as practicable after the end of the Fiscal Year in which such Participant's death occurs, a number of shares of Common Stock equal to the Total CAP Units credited to his Capital Accumulation Account, as adjusted pursuant to Sections 5.6 and 5.10 as of the end of the Fiscal Year in which such Participant's death occurs, and an amount in cash equal to his Cash Balance, if any, as of the end of the Fiscal Year in which such Participant's death occurs.

(b) If a Participant's employment with the Company and its Affiliates shall be terminated for any reason prior to the end of all of his Deferral Periods (other than by reason of death), or if such Participant shall suffer a Disability or shall become a Managing Director Emeritus of Bear Stearns, then such Participant (or his Beneficiary) shall, unless otherwise determined by the Appropriate Committee as hereinafter provided, continue to be bound by, and to be subject to, all the terms and provisions of this Plan, except that (i) in lieu of making any calculations pursuant to subparagraphs (ii) and (iii) of Section 5.4 in respect of the portion of the Deferral Year beginning with the month in which his employment terminates and for any subsequent Deferral Year prior to any Termination Date, the Company shall credit to the Cash Balance Account of such Participant, on an annual basis as of the last day of each Fiscal Year, a dollar amount equal to the cash dividends declared by the Company, in the fiscal quarter of the Company following the fiscal quarter in which his employment terminated or in any subsequent fiscal quarter ending on or prior to a Termination Date, on that number of shares of Common Stock corresponding to the number of CAP Units credited to his Capital Accumulation Account (A) as of the last day of the month before his employment terminates in respect of the Fiscal Year in which his employment terminated and (B) as of the first day of the Fiscal Year after which his employment terminated in respect of all subsequent Fiscal Years, and (ii) notwithstanding the provisions of Section 5.5, the Book Value Adjustment for any Fiscal Year following the Fiscal Year in which his employment terminated shall be zero. For purposes of calculating the Book Value Adjustment for the Fiscal Year in which the employment of a Participant is terminated, the denominator of the fraction referred to in Section 5.5 of the Plan shall be (in lieu of the Adjusted Book Value Per Share on the last day of the Deferral Year for which the adjustment is being made) the Adjusted Book Value Per Share calculated by including in the definition of Adjusted Common Stockholder Equity (in lieu of all increases (or decreases) in retained earnings attributable to net income (or loss) minus all amounts accrued in respect of cash dividends declared with respect to any capital stock of the Company) the amount determined by multiplying (A) the increase (or decrease) in retained earnings in such Fiscal Year attributable to net income (or loss) minus all amounts accrued in respect of cash dividends declared with respect to any capital stock of the Company by (B) a fraction, the numerator of which is the number of months in the Fiscal Year prior to but not including the month in which his employment terminates, and the denominator of which is 12.

Notwithstanding the foregoing:

(i) the Appropriate Committee shall have the right in its sole discretion (A) to treat a Participant who has suffered a Disability or who has become a Managing Director Emeritus of Bear Stearns as a Participant (1) in all respects under this Plan, (2) to whom the provisions of Section 5.4 but not the provisions of Section 4.1 shall apply or (3) whose employment with the Company and its Affiliates has terminated and to whom the foregoing provisions of this paragraph (b) shall apply, and (B) at any time or from time to time, to change any such treatment with respect to any such Participant to any other such treatment;

(ii) the Appropriate Committee shall have the right in its sole discretion to accelerate any Termination Date with respect to any Plan Year of a Participant whose employment with the Company and its Affiliates terminates to the last day of the Fiscal Year in

which such employment terminates or to the last day of any subsequent Fiscal Year, in which case the date so determined by the Appropriate Committee with respect to each such Plan Year shall be the Participant's Termination Date for all purposes of this

-13-

Plan with respect to each such Plan Year. The Appropriate Committee shall give notice of any such determination to the Participant at least ten days prior to the earliest of such accelerated Termination Dates. In addition, if a Participant whose employment with the Company has terminated shall request the Appropriate Committee to accelerate the Termination Date with respect to any Plan Year of such Participant to the last day of the Fiscal Year immediately preceding the Fiscal Year in which such Participant's employment terminates, the Appropriate Committee may in its sole discretion so accelerate the Termination Date with respect to any such Plan Year of such Participant. If the Appropriate Committee takes such action, such Participant's distribution from the Plan for any Plan Year the Termination Date of which is so accelerated shall be based on the Total CAP Units and his Cash Balance at the end of such prior Fiscal Year for each such Plan Year, without giving effect to any adjustments otherwise required to be made during the Fiscal Year in which his employment terminates, including, without limitation, for Net Earnings Adjustments, dividends on the Common Stock, or interest, and the distributions called for in Section 6.1 of the Plan shall be made as soon as practicable after such action is taken by the Appropriate Committee;

(iii) Notwithstanding clause (ii) above, the Appropriate Committee shall have the right in its sole discretion to determine that, regardless of the Termination Date with respect to any other Plan Year or Plan Years, the Termination Date with respect to the Plan Year in which the employment of the Participant with the Company and its Affiliates terminates, and the Plan Year immediately preceding such Plan Year if such employment terminates prior to the date on which the Capital Accumulation Account of such Participant is credited pursuant to Section 5.1 hereof with respect to such immediately preceding Plan Year, shall be the last day of the Fiscal Year immediately preceding the Plan Year in which such employment terminates or, if applicable, the prior Plan Year; and

(iv) the Appropriate Committee may permit a Participant whose employment with the Company and its Affiliates terminates more than five years after the last day of his first Plan Year and who has elected a Deferral Period of more than five Fiscal Years for any Plan Year to participate in the Plan with respect to any such Plan Year for one or more Fiscal Years (but not beyond his Termination Date as determined in accordance with his applicable Plan Election) on substantially the same terms as other Participants whose employment has not terminated, in which case the Capital Accumulation Account of such Participant shall continue to be adjusted in the manner provided in Section 5.10 for other Participants except that subparagraph (f) of Section 5.4 shall apply to such a Participant, and the Termination Date with respect to each such Plan Year shall be the last day of such Fiscal Year as shall be determined by the Appropriate Committee.

(c) If a Participant shall take a Personal Leave of Absence prior to the end of all his Deferral Periods, the Appropriate Committee shall have the right in its sole discretion to require the Participant to become subject to the provisions of paragraph (b) above (to the same extent as a Participant whose employment had terminated) during the period of such Personal Leave of Absence, except that in the event the Participant resumes full-time employment after the first day of a Fiscal Year, all calculations under this Plan with respect to such Fiscal Year shall be made by treating the Participant in the same manner as a full-time employee for the number of full months of such employment during such Fiscal Year and as a Participant whose employment had been terminated for the balance of such Fiscal Year. If the Appropriate Committee shall not take such action the Participant shall continue to be treated under this Plan on the same basis as a Participant who is not on a Personal Leave of Absence.

(d) In addition, in the event of hardship, actual or prospective change in tax laws, or any other unforeseen or unintended circumstance or event (including, without limitation, if the tax laws of any foreign jurisdiction do not provide for tax consequences to Participants or the Company that are comparable to those provided under United States tax laws), or if desirable to preserve the deductibility for federal income taxes of compensation paid or payable by the Company to any Participant, the Appropriate Committee, in its sole discretion, may accelerate any Termination Date of any Participant to the last day of any Fiscal Year, in which case the accelerated date determined by the Appropriate Committee shall be the Termination Date for all purposes of this Plan.

(e) Notwithstanding anything else contained in this Plan, upon determination by the Appropriate Committee to accelerate any Termination Date or distribution of payment pursuant to this Plan, in consideration of such decision, the Appropriate Committee shall require the Participant to execute an agreement, in form and substance satisfactory to the Appropriate Committee, providing for the Participant's agreement not to solicit any employees of the Company for a period terminating on the last deferral date when the Participant would have otherwise received a distribution from the Plan; and the Appropriate Committee may require, in its sole discretion, the Participant to further agree to such terms and conditions as determined by the Appropriate Committee in its sole discretion.

6.3 *Change in Control and Parachute Limitation.* Notwithstanding the provisions of Sections 6.1 and 6.2, within sixty (60) days of the occurrence of a Change in Control, the Board Committee in its sole discretion may provide that payment shall be made in respect of each Participant of that number of shares of common stock which is equal to all or any portion of the Total CAP Units credited to his Capital Accumulation Account as of the date of such Change in Control and an amount in cash equal to his Cash Balance, if any, as of such date; *provided, however,* no amount shall be immediately distributable or payable under the Plan if and to the extent that the Appropriate Committee

determines that such distribution or payment would subject a Reporting Person to liability under Section 16(b) of the Exchange Act or any rule or regulation thereunder by reason of transactions or events occurring on or prior to the occurrence of the Change in Control. Payment of amounts not distributed by reason of this Section 6.3 shall be made as soon as practicable, consistent with this Section 6.3.

-14-

6.4 *Additional Distributions in Certain Cases.* In addition to the amounts provided by Section 6.1, 6.2 or 6.3, if (a) upon making any distribution to any Participant, the Company determines that the Company or Bear Stearns would realize a tax benefit calculated at its Marginal Tax Rate in the year of such distribution (without giving effect to any carryovers or carrybacks of losses, credits or deductions from any prior or succeeding Fiscal Year) in excess of the amount of Deferred Tax Benefit in respect of its liability to such Participant on account of such distribution, and (b) such Participant's Cash Balance Account or the number of CAP Units credited to his Capital Accumulation Account had been reduced in a prior Fiscal Year as a result of the application of subparagraphs (d) or (e) of Section 5.4 or Section 5.6, then at the time of the distribution pursuant to this Section 6 the Company also shall pay to such Participant, in cash, an additional amount equal to the lesser of (i) the amount by which the actual tax benefit to be received by the Company or Bear Stearns exceeds such Deferred Tax Benefit and (ii) the amount by which such Participant's Cash Balance Account or Capital Accumulation Account was so reduced. Notwithstanding the foregoing, a Participant shall not be entitled to any payment from the Company pursuant to this Section 6.4 in respect of any reduction in his Cash Balance Account or in the number of CAP Units credited to his Capital Accumulation Account for any period commencing with the first day of the month following the month in which his employment by the Company and its Affiliates was terminated.

6.5 *Special Provisions for Reporting Persons.* If required by Rule 16b-3, shares of Common Stock distributed to Participants who are Reporting Persons shall bear an appropriate legend to the effect that such shares of Common Stock may not be transferred for a period of six (6) months after they are credited to the Account of such Participant.

6.6 *Form of Payments.* Except as otherwise provided herein, all distributions in respect of CAP Units to be made to a Participant (or his Beneficiary) under the Plan shall be made in whole shares of Common Stock. Payment in respect of any fractional CAP Unit shall be made in cash based upon the Fair Market Value of a share of Common Stock on the second Business Day preceding the payment date. Shares of Common Stock distributed hereunder may be treasury shares, shares of authorized but unissued Common Stock, or a combination thereof, and shall be fully paid and nonassessable. If shares of Common Stock are distributed pursuant to Sections 6.1, 6.2(a) or 6.2(b) to any Participant after the record date for any cash dividend occurring after the Termination Date with respect to which such shares are distributed or, in the cases of Sections 6.2(a) or 6.2(b), after the end of the Fiscal Year in which the death or Disability of a Participant occurs, then such Participant (or his estate or Beneficiary) shall be entitled to receive from the Company an amount of cash equal to the cash dividends per share payable to holders of record on such record date multiplied by the number of shares of Common Stock so distributed to such Participant after such record date.

6.7 *Registration and Listing of Common Stock.* Prior to the date on which any shares of Common Stock are required to be issued to any Participant under this Plan without taking into account any acceleration of such distribution date pursuant to the provisions of Section 6.2 of the Plan, the Company shall file a registration statement (a Registration Statement) on Form S-3 and/or Form S-8 (or any successor form then in effect) under the Securities Act, with respect to all shares of Common Stock which the Company then estimates are distributable under the Plan; *provided, however*, that the Company need not file a Registration Statement hereunder if, prior to such date, the Company receives a written opinion of counsel to the effect that such shares of Common Stock may be sold, transferred or otherwise disposed of under the Securities Act without registration thereunder. The Company shall use its best efforts to have any such Registration Statement declared effective as soon as reasonably practicable after filing and shall use reasonable efforts to keep each such Registration Statement continuously in effect until all shares of Common Stock to which such Registration Statement relates have been so issued, and for a two-year period thereafter. From time to time the Company also shall amend such Registration Statement to cover any additional shares of Common Stock which become distributable under the Plan and otherwise would not be covered by such Registration Statement. In the event that Participants would be precluded from selling any shares of Common Stock distributable hereunder unless such shares were registered or qualified under the securities or blue sky laws of any state (or otherwise received the approval of any state governmental or regulatory authority), then the Company shall use its best efforts to cause such shares of Common Stock to be duly registered or qualified (or to receive such approval) as may be required. If the shares of Common Stock distributable hereunder satisfy the criteria for listing on any exchange on which the Common Stock is then listed, then (unless such shares of Common Stock already are listed on such exchange) the Company shall apply for and use its best efforts to obtain a listing of all such shares of Common Stock on such exchange. All costs and expenses incurred by the Company in connection with the satisfaction of its obligations under this Section 6.7 shall be borne by the Company. The Company shall immediately notify each Participant in the event that a Registration Statement which has been filed and remains effective contains an untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein not misleading. Upon receipt of such notice, no Participant shall sell or agree to sell any shares of Common Stock pursuant to such Registration Statement unless and until the Company has notified each Participant that such Registration Statement no longer contains such misstatement or omission. In the event that shares of Common Stock are issued to Participants hereunder other than pursuant to a Registration Statement, then, unless the Company shall have obtained the opinion of counsel referred to above, each certificate representing such shares shall bear a legend substantially to the following effect:

The securities represented by this Certificate have not been registered under the Securities Act of 1933, as amended, or applicable state securities laws, and may not be sold, assigned, transferred, pledged or otherwise disposed of except in compliance with the requirements of such Act.

By submitting a Plan Election, each Participant shall be deemed to have agreed to the foregoing provisions of this Section 6.7.

-15-

6.8 *Reservation of Shares.* The Company, as soon as practicable after the end of each Fiscal Year prior to the termination of this Plan, shall reserve such number of shares of Common Stock (which may be authorized but unissued shares or treasury shares) as shall be required so that the total of all shares reserved hereunder, including shares reserved pursuant to this Section 6.8 in preceding Fiscal Years, shall be equal to the number of shares of Common Stock which the Company would be obligated to issue to all Participants in accordance with the terms of the Plan if the Plan were to be terminated at such time.

SECTION 7

Source of Payments

Notwithstanding any other provision of this Plan, the Company shall not be required to establish a special or separate fund or otherwise segregate any assets to assure any payments hereunder. If the Company shall make any investment to aid it in meeting its obligations hereunder, a Participant and his Beneficiary shall have no right, title or interest whatsoever in or to any such investments. Nothing contained in this Plan, and no action taken pursuant to its provisions, including without limitation the acquisition of any shares of Common Stock by the Company, shall create or be construed to create a trust of any kind between the Company and any Participant or Beneficiary. To the extent that any Participant or Beneficiary acquires a right to receive payments from the Company hereunder, such right shall be no greater than the right of a general unsecured creditor of the Company.

SECTION 8

Administration of the Plan

8.1 *Authority of Committee.* The Plan shall be administered by the Appropriate Committees, which shall have full power and authority as set forth herein to interpret, to construe and to administer the Plan and to review claims for benefits under the Plan. Each Appropriate Committee's interpretations and constructions of the Plan and actions thereunder, including but not limited to the determination of the amounts to be credited to any Capital Accumulation Account or Cash Balance Account, shall be binding and conclusive on all persons and for all purposes.

8.2 *Duties of Committee.* The Appropriate Committees shall cause the Company to establish and maintain records of the Plan, of each Capital Accumulation Account and Cash Balance Account and of each subaccount thereof established for any Participant hereunder. Either of the Appropriate Committees may engage such certified public accountants, who may be accountants for the Company, as it shall require or may deem advisable for purposes of the Plan, may arrange for the engagement of such legal counsel, who may be counsel for the Company, and may make use of such agents and clerical or other personnel as it shall require or may deem advisable for purposes of the Plan. Each such Committee may rely upon the written opinion of the accountants and counsel engaged by it. Subject to any limitations imposed by applicable law (including Rule 16b-3), either Appropriate Committee may delegate to any agent or to any subcommittee or member of such Committee its authority to perform any act hereunder, including, without limitation, those matters involving the exercise of discretion, provided that such delegation of authority shall be subject to revocation at any time at the discretion of such Committee.

8.3 *Purchase of Common Stock.* The Company intends to purchase shares of Common Stock in the open market or in private transactions or otherwise during the term of the Plan for issuance to Participants in accordance with the terms hereof. Shares of Common Stock shall be purchased for purposes of the Plan and for purposes of the PUP Plan on a combined or joint basis without identifying shares so purchased as having been purchased for this Plan or the PUP Plan. Notwithstanding the foregoing, the Company will specifically designate all such shares at the time they are purchased as having been purchased for the purpose of making determinations under this Plan and the PUP Plan; *provided, however*, that any shares so purchased shall be the sole property of the Company and no Participant or Beneficiary shall have any right, title or interest whatsoever in or to any such shares. All shares of Common Stock purchased by the Company on or after July 1, 1992 and designated by the Company as having been purchased for the CAP Plan shall be considered, notwithstanding such designation, to have been purchased for purposes of both this Plan and the PUP Plan. The acquisition of Common Stock as described above will be subject to the sole discretion of the Board Committee, which shall determine the time and price at which and the manner in which such shares are to be acquired, subject to applicable law. In making any such determination, the Board Committee may, but shall in no event be obligated to, consider the recommendations of the Advisory Committee.

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEF 14A

8.4 *Plan Expenses.* The Company shall pay the fees and expenses of accountants, counsel, agents and other personnel and all other costs of administration of the Plan.

8.5 *Indemnification.* To the maximum extent permitted by applicable law, no member of any Committee shall be personally liable by reason of any contract or other instrument executed by him or on his behalf in his capacity as a member of such Committee or for any mistake of judgment made in good faith, and the Company shall indemnify and hold harmless, directly from its own assets (including the proceeds of any insurance policy the premiums of which are paid from the Company's own assets), each member of each Committee and each

-16-

other director, officer, employee or agent of the Company to whom any duty or power relating to the administration or interpretation of the Plan or to the management or control of the assets of the Plan may be delegated or allocated, against any cost or expense (including fees, disbursements and other charges of legal counsel) or liability (including any sum paid in settlement of a claim with the approval of the Company) arising out of any act or omission to act in connection with the Plan, unless arising out of such person's own fraud, willful misconduct or bad faith. The foregoing shall not be deemed to limit the Company's obligation to indemnify any member of any Committee under the Company's Restated Certificate of Incorporation or Bylaws, or under any other agreement between the Company and such member.

8.6 *Maximum Number of Shares.*

(a) The aggregate number of CAP Units that may be credited to Participants' Capital Accumulation Accounts under the Plan for any Plan Year shall not exceed the equivalent number of shares of Common Stock equal to the sum of 15% of the outstanding shares of Common Stock as of the last day of such Plan Year (the Base Shares) and the number, if any, by which the sum of the Base Shares in all prior Fiscal Years beginning on or after July 1, 1993 exceeds the number of shares credited to Participants' Capital Accumulation Accounts under this Plan in all such prior Fiscal Years. For purposes of determining the number of shares of Common Stock outstanding as of the last day of any Plan Year, such number shall be calculated as the sum of (i) the number of shares of Common Stock outstanding at such year end, (ii) the number of shares underlying CAP Units credited to Participants' Capital Accumulation Accounts as of such date and Earnings Units credited to Participants' Earnings Unit Accounts under the PUP Plan as of such date and (iii) the number of shares underlying CAP Units to be credited to all such Accounts as a result of making any adjustment to such Accounts required by Sections 5.1 and 5.10 in respect of all Fiscal Years ending on or prior to the date of determination and the number of Earnings Units credited to the Earnings Unit Accounts of all Participants in the PUP Plan as a result of making any adjustment to such Accounts required by Section 4.2 of the PUP Plan in respect of all Fiscal Years ending on or prior to the date of such determination.

(b) If there shall be any change in the Common Stock of the Company, through merger, consolidation, reorganization, recapitalization, stock dividend, stock split, spinoff, split up, dividend in kind or other change in the corporate structure or distribution to the stockholders, appropriate adjustments may be made by the Board Committee (or if the Company is not the surviving corporation in any such transaction, the board of directors of the surviving corporation) in the aggregate number and kind of shares subject to the Plan, and the number and kind of shares which may be issued under the Plan. Appropriate adjustments may also be made by the Board Committee in the terms of any awards under the Plan to reflect such changes and to modify any other terms of outstanding awards on an equitable basis as the Board Committee in its discretion determines.

8.7 *Forward Repurchases of Common Stock.*

The Company shall have the right, upon authorization of the Board Committee, to enter into forward contracts for the repurchase from one or more Participants of any or all shares of Common Stock representing CAP Units previously credited to the Capital Accumulation Accounts of such Participants with respect to any Plan Year and distributed on or after the relevant Termination Date of the Deferral Period ending in the then current Fiscal Year, having such terms and conditions as shall be determined by the Board Committee, for a purchase price per share equal to the average of the closing prices of the Common Stock as reported on the New York Stock Exchange Consolidated Tape for each day of trading in the Common Stock during the period from the effective date of the contract to the date of repurchase, provided that such price is within the range defined by the Board Committee, and provided further that a contract may not be entered into more than twelve (12) months prior to the expiration of the applicable Deferral Period and will terminate, and be null and void, unless the Company satisfies performance goals established by the Board Committee in writing, by resolution of the Board Committee or other appropriate action, not later than ninety (90) days after the commencement of the Fiscal Year to which the performance goals relate, and certified by the Board Committee in writing as having been satisfied prior to the relevant Termination Date. The formula for calculating the performance goals shall be based upon one or more of the following criteria, individually or in combination, adjusted in such manner as the Board Committee shall determine, for a period of not less than nine (9) months of the applicable Fiscal Year: (a) pre-tax or after-tax return on equity; (b) earnings per share; (c) pre-tax or after-tax net income; (d) business unit or departmental pre-tax or after-tax income; (e) book value per share; (f) market price per share; (g) relative performance to peer group companies; (h) expense management; and (i) total return to stockholders.

Amendment and Termination

The Plan shall terminate when all distributions required to be made hereunder have been made following the last Termination Date. The Plan may be amended, suspended or earlier terminated, in whole or in part as to a particular Plan Year, and at any time and from time to time, by the Board Committee, but except as provided below no such action shall retroactively impair or otherwise adversely affect the rights of any person to benefits under the Plan which have accrued prior to the date of such action. Except as provided in the following sentence, if the Plan is terminated prior to the end of any Fiscal Year, (i) Participants' Plan Elections in respect of the Plan Year in which such termination occurs and any subsequent Plan Year shall be canceled, (ii) the Company shall credit the Capital Accumulation Accounts of all Participants (other than those whose employment with the Company and its Affiliates had terminated prior to the date the Plan terminates, except a Participant referred to

-17-

in subparagraph (iii) of Section 6.2(b)) in the manner provided in Section 5.10 in respect of the portion of the Company's Fiscal Year ended on the date of such termination, and (iii) as soon as practicable following the end of the Fiscal Year in which such termination occurs, the Company shall deliver to each Participant the number of shares of Common Stock corresponding to the number of CAP Units credited to his Capital Accumulation Account and an amount in cash equal to his Cash Balance which the Participant otherwise would be entitled to receive pursuant to Section 6 as of the designated Termination Date in respect of the Plan Year or Plan Years involved. Notwithstanding the foregoing, if the Company shall determine that the Plan should be terminated immediately, either in its entirety or in part in respect of any Plan Year, no adjustments or credits shall be made to the Capital Accumulation Accounts of the Participants pursuant to Section 5 in respect of the Fiscal Year in which such termination occurs and each Participant shall be entitled to receive from the Company, as soon as practicable following the date of such termination, shares of Common Stock and/or amounts in cash determined in accordance with Section 6 hereof as if the Termination Date in respect of the Plan Year or Plan Years involved were the last day of the Fiscal Year preceding the Fiscal Year in which such termination occurs.

In such event, however, the Capital Accumulation Account of each Participant who is an employee of the Company and/or its Affiliates (or who is a Participant who has suffered a Disability or who has become a Managing Director Emeritus of Bear Stearns and whom the Appropriate Committee shall have determined to treat in the manner specified in clause (1) or (2) of subparagraph (i) of Section 6.2(b)) on the date of such termination shall be adjusted in respect of the Fiscal Year in which such termination occurs as follows: Each such Account shall be credited with a Net Earnings Adjustment for the Fiscal Year in which such termination occurs except that, for purposes of computing such Net Earnings Adjustment, Income Per Share for purposes of calculating the Earnings Adjustment shall be computed for each terminated Plan Year based only on the consolidated income or loss before taxes of the Company and its subsidiaries accrued from the beginning of such Fiscal Year through and including the end of the month in which such termination occurred, and the Book Value Adjustment for the Fiscal Year in which such termination occurs shall be calculated on the basis of the shares distributed pursuant to the preceding sentence in respect of each terminated Plan Year, provided that for purposes of computing such Book Value Adjustment, the definition of Adjusted Common Stockholders' Equity used in the computation of Adjusted Book Value Per Share shall be modified by deleting the adjustments to Adjusted Common Stockholders' Equity specified therein and substituting in lieu thereof the following: plus all increases (or less any decreases) in retained earnings of the Company and its subsidiaries attributable to net income (or loss), determined on a consolidated basis, minus all amounts accrued in respect of cash dividends declared with respect to any capital stock of the Company during such Fiscal Year, for the period from the beginning of such Fiscal Year through and including the month in which such termination occurred. If the Plan is not terminated in its entirety but one or more Plan Years are terminated, then any amounts credited to Participants' Accounts pursuant to the preceding sentence shall continue to be subject to the provisions of the Plan for the balance of the original Deferral Period with respect to the terminated Plan Year or Plan Years, as if such Plan Year or Plan Years had not been terminated. If the Plan is terminated in its entirety, then as soon as may be practicable thereafter, the Company shall deliver to each Participant (in addition to amounts distributable pursuant to the fourth sentence of this paragraph) a number of shares of Common Stock equal to the number of CAP Units credited to each such Participant's Account pursuant to the second preceding sentence, provided that if the aggregate number of such CAP Units exceeds the number of Available Shares for such Fiscal Year as of the date of determination, then the Company shall deliver to each such Participant only that number of shares of Common Stock as shall equal the number of Available Shares on a *pro rata* basis, based on the number of shares which each Participant otherwise would have been entitled to receive, and shall distribute to each Participant an amount in cash equal to the number of additional shares of Common Stock that would have been distributed to such Participant but for the limitation contained in this sentence, multiplied by the Average Cost Per Share of the Available Shares in respect of such Fiscal Year.

SECTION 10

Designation of Beneficiaries

10.1 *General.* Each Participant may file with the Appropriate Committee a written designation of one or more persons as the Beneficiary who shall be entitled to receive the amount, if any, which the Participant is entitled to receive under the Plan upon his death. A Participant, from time to time, may revoke or change his Beneficiary designation without the consent of any prior Beneficiary by filing a new such designation with the Appropriate Committee. The most recent such designation received by the Appropriate Committee shall be controlling; *provided, however*, that no designation, or change of revocation thereof, shall be effective unless received by the Appropriate

Committee prior to the Participant's death, and in no event shall any such designation be effective as of a date prior to such receipt.

10.2 *Lack of Designated Beneficiary.* If no such Beneficiary designation is in effect at the time of a Participant's death, or if no designated Beneficiary survives the Participant, or if such designation conflicts with law, the Participant's estate shall be deemed to have been designated as his Beneficiary and shall receive the payment of the amount, if any, payable under the Plan upon his death. If the Appropriate Committee is in doubt as to the right of any person to receive such amount, the Committee may cause the Company to retain such amount, without liability for any interest thereon, until the rights thereto are determined, or the Appropriate Committee may pay and deliver such amount into any court of appropriate jurisdiction, and such payment shall be a complete discharge of the liability of the Plan and the Company therefor.

-18-

SECTION 11

General Provisions

11.1 *Successors.* The Plan shall be binding upon and inure to the benefit of the Company, its successors and assigns, and each Participant and his Beneficiary.

11.2 *No Continued Employment.* Neither the Plan nor any action taken thereunder shall be construed as giving to a Participant the right to be retained in the employ of the Company or any of its Affiliates or as affecting the right of the Company or any of its Affiliates to dismiss any Participant.

11.3 *Withholding.* As a condition to receiving any distribution or payment of amounts hereunder, the Company may require the Participant to make a cash payment to the Company or, in its sole discretion, upon the request of a Participant, may withhold from any amount or amounts payable under the Plan, in either case, in an amount equal to all federal, state, city or other taxes as may be required to be withheld in respect of such payments pursuant to any law or governmental regulation or ruling.

11.4 *Non-alienation of Benefits.* No right to any amount payable at any time under the Plan may be assigned, transferred, pledged or encumbered, either voluntarily or by operation of law, except as expressly provided herein or as may otherwise be required by law. If, by reason of any attempted assignment, transfer, pledge or encumbrance, or any bankruptcy or other event happening at any time, any amount payable under the Plan would be made subject to the debts or liabilities of the Participant or his Beneficiary or would otherwise not be enjoyed by him, then the Appropriate Committee, if it so elects, may terminate such person's interest in any such payment and direct that the same be held and applied to or for the benefit of the Participant, his Beneficiary or any other person or persons deemed to be the natural objects of his bounty, taking into account the expressed wishes of the Participant (or, in the event of his death, his Beneficiary).

11.5 *Incompetency.* If the Appropriate Committee shall find that any person to whom any amount is or was distributable or payable hereunder is unable to care for his affairs because of illness or accident, or has died, then the Appropriate Committee, if it so elects, may direct that any payment due him or his estate (unless a prior claim therefor has been made by a duly appointed legal representative) or any part thereof be paid or applied for the benefit of such person or to or for the benefit of his spouse, children or other dependents, an institution maintaining or having custody of such person, any guardian or any other person deemed by such Appropriate Committee to be a proper recipient on behalf of such person otherwise entitled to payment, or any of them, in such manner and proportion as such Appropriate Committee may deem proper. Any such payment shall be in complete discharge of the liability therefor of the Company, the Plan, the Committee or any member, officer or employee thereof.

11.6 *Offsets.* To the extent permitted by law, the Company or any of its Affiliates shall have the absolute right to withhold any shares of Common Stock or any amounts otherwise required to be distributed or paid to any Participant or Beneficiary under the terms of the Plan, to the extent of any amount owed or which in the sole judgment of the Appropriate Committee may in the future be owed for any reason by such Participant, in the case of a payment to such Participant, or to the extent of any amount owed or which in the sole judgment of the Appropriate Committee may in the future be owed for any reason by the Participant or such Beneficiary, in the case of payment to a Beneficiary, to the Company or any of its Affiliates, and to set off and apply the amounts so withheld to payment of any such amount ultimately determined by the Appropriate Committee, in its sole discretion, to be owed to the Company or any of its Affiliates, whether or not such amounts shall then be immediately due and payable and in such order or priority as among such amounts owed as the Appropriate Committee, in its sole discretion, shall determine. In determining the amount of a permitted offset under this Section 11.6, any shares of Common Stock required to be distributed to a Participant or a Beneficiary shall be valued at the Fair Market Value of such Shares on the date of offset.

11.7 *Notices, etc.* All elections, designations, requests, notices, instructions and other communications from a Participant, Beneficiary or other person to any Appropriate Committee required or permitted under the Plan shall be in such form as is prescribed from time to time by the Appropriate Committee, shall be mailed by first-class mail or delivered to such location as shall be specified by the Appropriate

Edgar Filing: BEAR STEARNS COMPANIES INC - Form DEF 14A

Committee, and shall be deemed to have been given and delivered only upon actual receipt thereof at such location.

11.8 *Other Benefits.* The benefits, if any, payable under the Plan shall be in addition to any other benefits provided for Participants.

11.9 *Interpretation, etc.* The captions of the sections and paragraphs of this Plan have been inserted solely as a matter of convenience and in no way define or limit the scope or intent of any provisions of the Plan. References to sections herein are to the specified sections of this Plan unless another reference is specifically stated. The masculine pronoun wherever used herein shall include the feminine pronoun, and a singular number shall be deemed to include the plural unless a different meaning is plainly required by the context.

-19-

11.10 *Laws; Severability.* The Plan shall be governed by, and construed in accordance with, the laws of the State of New York, except to the extent preempted by the Employee Retirement Income Security Act of 1974, as amended. If any provision of the Plan shall be held by a court of competent jurisdiction to be invalid or unenforceable, the remaining provisions shall continue to be effective.

11.11 *Effective Date; Board Committee and Stockholder Approval.* This Plan shall be subject to the approval by a vote of the stockholders of the Company at the 1993 Annual Meeting, and such stockholder approval shall be a condition to the right of a Participant to receive any benefits hereunder other than CAP Units and cash credited to Participants' Accounts prior to such approval.
