PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

General

This proxy statement is being furnished to stockholders of Geron Corporation, a Delaware corporation (the Company), in connection with the solicitation by the Board of Directors of the Company of proxies to be used at the Annual Meeting of Stockholders to be held on May 23, 2007, at 8:30 a.m. local time (the Annual Meeting), or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at the Company's headquarters at 230 Constitution Drive, Menlo Park, California 94025. This proxy statement and accompanying proxy card are being mailed to all stockholders entitled to vote at the Annual Meeting on or about April 11, 2007.

Solicitation and Voting of Proxies

Only holders of record at the close of business on Monday, March 19, 2007 (the Record Date) will be entitled to notice of and to vote at the Annual Meeting or any adjournment or postponement thereof. At the close of business on the Record Date, there were 72,866,080 shares of common stock, par value \$0.001 per share (the Common Stock), outstanding. Each holder of record of Common Stock on such date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting.

The Company will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of Common Stock beneficially owned by others to forward to such beneficial owners. In addition, the Company may reimburse persons representing beneficial owners of Common Stock for their costs of forwarding solicitation materials to such beneficial owners. The original solicitation of proxies by mail may be supplemented by solicitation by mail, telephone or other electronic means, or in person, by directors, officers, or other regular employees of the Company. No additional compensation will be paid to directors, officers or other regular employees for such services.

Quorum Requirement and Votes Required for the Proposals

In order to constitute a quorum and to transact business at the Annual Meeting, a majority of the outstanding shares of Common Stock on the Record Date must be represented at the Annual Meeting. Shares represented by proxies that reflect abstentions or "broker non-votes" (i.e., shares held by a broker or nominee which are represented at the Annual Meeting, but not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum. Directors will be elected by a favorable vote of a plurality of the aggregate votes present, in person or by proxy, at the Annual Meeting. Accordingly, abstentions will not affect the outcome of the election of candidates for director. The election of directors is a matter on which a broker or other nominee is empowered to vote. Accordingly, no broker non-votes will result from this proposal. Stockholders are not permitted to cumulate their shares for the purpose of electing directors or otherwise.

The proposal to ratify the selection of Ernst & Young LLP as independent registered public accounting firm for the fiscal year ending December 31, 2007 requires the affirmative vote of a majority of the aggregate votes present, in person or by proxy, and entitled to vote at the Annual Meeting. Abstentions will have the same effect as a vote against this proposal. However, the ratification of our selection of Ernst & Young LLP is a matter on which a broker or other nominee is empowered to vote. Accordingly, no broker non-votes will result from this proposal.

Geron Plan Participants

Participants in the Geron 401(k) Plan will receive a proxy that incorporates all shares owned through the Geron 401(k) Plan, assuming the shares are registered in the same name. The proxy will serve as voting instructions for the trustee of the 401(k) Plan. If the proxy is not voted, the plan trustee will vote those shares in the same proportion as other 401(k) participants vote their 401(k) Plan shares.

Shares purchased through the Geron Employee Stock Purchase Plan will follow standard brokerage industry practices. Shares held in the name of the broker will be voted on behalf of the holder on certain routine matters. To the extent the brokerage firm votes shares on the behalf of the holder, the shares will be counted for the purpose of determining a quorum.

Householding of Annual Meeting Materials

Some brokers and other nominee record holders may be participating in the practice of "householding" proxy statements. This means that only one (1) copy of this proxy may have been sent to multiple stockholders in a stockholder's household. The Company will promptly deliver copies of the proxy statement and annual report to any stockholder who contacts the Company's investor relations department at (650) 473-7765 or by mail addressed to Investor Relations, Geron Corporation, 230 Constitution Drive, Menlo Park, California 94025, requesting such copies. If a stockholder is receiving multiple copies of the proxy statement and annual report at the stockholder's household and would like to receive a single copy of the proxy statement and annual report for a stockholder's household in the future, stockholders should contact their broker, other nominee record holder, or the Company's investor relations department to request mailing of a single copy of the proxy statement and annual report.

Voting Via the Internet or by Telephone

Most beneficial owners whose stock is held in street name receive voting instruction forms from their banks, brokers, or other agents, rather than the Company's proxy card.

A number of brokers and banks are participating in a program provided through ADP Investor Communication Services that offers telephone and Internet grants of proxies. If your shares are held in an account with a broker or bank participating in the ADP Investor Communication Services program, you may grant your proxy for those shares telephonically by calling the telephone number shown on the form received from your broker or bank, or via the Internet at ADP Investor Communication Services' website <http://www.proxyvote.com>.

Submitting your proxy via the Internet or by telephone will not affect your right to revoke your proxy and vote in person, should you decide to attend the Annual Meeting.

The telephone and Internet proxy granting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their proxy granting instructions and to confirm that stockholders' instructions have been recorded properly. Stockholders granting proxies via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies that must be borne by the stockholder.

Revocability of Proxies

Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is voted. A proxy may be revoked by filing a written notice of revocation or a duly executed proxy bearing a later date with

the Secretary at the Company's offices, 230 Constitution Drive, Menlo Park, California 94025, or it may be revoked by attending the meeting and voting in person. Attendance at the meeting will not, by itself, revoke a proxy.

MATTERS TO BE CONSIDERED AT THE 2007 ANNUAL MEETING

PROPOSAL 1

ELECTION OF DIRECTORS

The Company's Board of Directors consists of seven members. The Company's Bylaws provide for the classification of the Board of Directors into three classes, as nearly equal in number as possible, with staggered terms of office. The Company's Bylaws also provide that upon expiration of the term of office for a class of directors, nominees for such class will be elected for a term of three years or until their successors are duly elected and qualified.

The term of office of the Class II directors will expire in May 2007, and two nominees for director are to be elected as Class II directors. The two nominees are Thomas D. Kiley, Esq. and Edward V. Fritzky. The Class III directors, Alexander E. Barkas, Ph.D. and Charles J. Homcy, M.D., have one year remaining on their term of office. The Class I directors, Thomas B. Okarma, Ph.D., M.D., John P. Walker and Patrick J. Zenner, have two years remaining on their term of office.

The Board of Directors has selected two nominees for Class II directors, both of whom are currently directors of the Company. The two candidates receiving the highest number of affirmative votes of the shares represented and entitled to vote at the Annual Meeting will be elected as Class II directors of the Company. Accordingly, abstentions will not affect the outcome of the proposal. The election of directors is a matter on which a broker or other nominee is empowered to vote. Accordingly, no broker non-votes will result from this proposal.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the two nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as management may propose. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve.

Set forth below is information regarding the nominees for Class II director, the periods during which they have served as director, and information furnished by them as to principal occupations and directorships held by them in corporations whose shares are publicly registered.

Board Committees and Meetings

During the fiscal year ended December 31, 2006, the Board of Directors held six meetings and acted by written consent on two occasions. The Board has an Audit Committee, a Compensation Committee, a Stock Option Committee and a Nominating Committee. During the fiscal year ended December 31, 2006, each of the incumbent directors attended 100% of the meetings of the Board and the committees on which he served. Currently the Company does not maintain a formal policy regarding director attendance at the Annual Meeting of Stockholders. However, it is expected that, absent compelling circumstances, directors will be in attendance. Last year all seven incumbent directors were in attendance.

Audit Committee. The Audit Committee acts pursuant to a written charter adopted by the Board of Directors. The Audit Committee, which is comprised of Messrs. Fritzky, Kiley and Walker, met five times in 2006 and acted by written consent on one occasion. All of the members of the Audit Committee are "independent," as that term is defined by Nasdaq Marketplace Rule 4200(a)(15). The Board of Directors has determined that all of the members of the Audit Committee are financially literate and that at least one member of the Audit Committee, Mr. Walker, has accounting and financial management expertise. The Audit Committee's responsibilities include: (i) recommending the selection of the Company's independent registered public accounting firm to the Board of Directors and pre-approval of any fees paid to such firm, (ii) consulting with the independent auditors with regard to the plan and scope of the audit, (iii) reviewing, in consultation with the independent auditors, their report of the audit or proposed report of the audit, and the accompanying management letter, if any, and (iv) consulting with the independent auditors and management with regard to the adequacy of the Company's internal controls. See more information about the Audit Committee in the Audit Committee report on page 26.

Compensation Committee. The Compensation Committee, which is comprised of Dr. Barkas and Mr. Zenner, met two times in 2006 and acted by written consent on eight occasions. All of the members of the Compensation Committee are "independent," as that term is defined by Nasdaq Marketplace Rule 4200(a)(15). The Compensation Committee makes recommendations concerning salaries and incentive compensation, administers the incentive compensation and benefit plans of the Company, and performs such other functions regarding compensation as the Board may delegate. In addition, the Compensation Committee has exclusive authority to administer the 2002 Equity Incentive Plan with respect to executive officers and directors. The Compensation Committee charter was adopted in March 2004. See more information about the Compensation Committee in the Compensation Committee report on page 20.

Stock Option Committee. The Stock Option Committee was formed in December 1996 in order to provide timely option grants to new employees and consultants (other than executive officers and directors of the Company) and currently consists of one member, Dr. Okarma. The Stock Option Committee has limited authority to administer the Company's 2002 Equity Incentive Plan concurrently with the Compensation Committee. The Stock Option Committee has the authority to grant options for up to 50,000 shares of Common Stock to employees, other than executive officers, and consultants in accordance with procedures approved by the Board of Directors. The Stock Option Committee acted by written consent on 15 occasions during fiscal 2006.

Nominating Committee. The Nominating Committee was formed in February 2001 in order to make recommendations to the Board for candidates to be nominated for election or re-election as a director by the stockholders or by the Board. The members of the Nominating Committee are Dr. Barkas and Mr. Fritzky. All members of the Nominating Committee are "independent" as defined in the Nasdaq Marketplace Rules. The Nominating Committee did not meet during fiscal 2006. The Nominating Committee will consider nominees for director nominated by stockholders upon submission in writing to the Secretary of the Company of the names of

such nominees in accordance with the Company's Bylaws. The Nominating Committee will investigate, evaluate and interview, as appropriate, a director candidate with regard to his or her individual characteristics as well as how those characteristics fit with the needs of the Board of Directors as a whole. Specific qualifications and the process for identification and recommendation of director candidates are provided in more detail on page 29.

2006 Directors□ Stock Option Plan

Each non-employee director receives periodic option grants for shares of Common Stock pursuant to the Company□s 2006 Directors□ Stock Option Plan (the 2006 Directors□ Plan). The 2006 Directors□ Plan provides for the grant of nonqualified stock options to non-employee directors of the Company. It is designed to work automatically and not to require administration; however, to the extent administration is necessary, it will be provided by the Board of Directors. The 2006 Directors□ Plan was adopted by stockholders in May 2006 and replaced the 1996 Directors□ Stock Option Plan that expired in July 2006. No further option grants can be made under the 1996 Directors□ Stock Option Plan.

The purpose of the 2006 Directors□ Plan is to provide an incentive for directors to continue to serve the Company as directors and to assist the Company in recruiting highly qualified individuals when vacancies occur on the Board of Directors. As of December 31, 2006, six non-employee directors of the Company were eligible to receive option grants under the 2006 Directors□ Plan.

The following is a description of the principal terms of options under the 2006 Directors□ Plan.

Option Grants. The 2006 Directors□ Plan provides that each person who becomes a non-employee director after the effective date of the 2006 Directors□ Plan, whether by election of the stockholders of the Company or by appointment by the Board of Directors to fill a vacancy, will automatically be granted an option to purchase 45,000 shares of Common Stock on the date on which such person first becomes a non-employee director (the First Option). In addition, non-employee directors (other than the Chairman of the Board of Directors and any director receiving a First Option on the date of the annual meeting) will automatically be granted a subsequent option on the date of the Annual Meeting of Stockholders in each year during such director□s service on the Board (a Subsequent Option) to purchase 20,000 shares of Common Stock under the 2006 Directors□ Plan. In the case of the Chairman of the Board of Directors, the Subsequent Option will be for 40,000 shares of Common Stock. In addition, the Company will grant the Chairman of the Audit Committee an option to purchase 10,000 shares of Common Stock under the 2006 Directors□ Plan (a Committee Chair Option). The Committee Chair Option for the Compensation Committee Chairman and the Nominating Committee Chairman shall be for 5,000 shares of Common Stock. Finally, the Company will grant an option to purchase 2,500 shares to each non-employee director upon such director□s appointment to the Audit Committee, Compensation Committee or Nominating Committee of the Board of Directors, as well as on the date of each Annual Meeting during the director□s service on such committee (a Committee Service Option), other than the Chairman of such committee. There is currently no stock option grant contemplated for participation on other committees.

The 2006 Directors' Plan provides that each First Option granted thereunder becomes exercisable in installments cumulatively as to one-third of the shares subject to the First Option on each of the first, second and third anniversaries of the date of grant of the First Option. Each Subsequent Option, Committee Chair Option and Committee Service Option is fully vested on the date of its grant. The options issued pursuant to the 2006 Directors' Plan remain exercisable for up to 90 days following the optionee's termination of service as a director of the Company, unless such termination is a result of death or permanent and total disability, in which case the options (both those already exercisable and those that would have become exercisable had the director remained on the board for an additional 36 months) remain exercisable for up to a 24 month period or unless there is a death of an optionee within 3 months following his or her termination of service, in which case the options will remain exercisable for an additional 6 month period from the date of death.

Exercise Price and Term of Options. The exercise price of all stock options granted under the 2006 Directors' Plan is equal to the fair market value of a share of the Company's Common Stock on the date of grant of the option. The Board of Directors will determine the fair market value; provided, however, that where there is a public market for the Common Stock, the fair market value per share shall be determined based on the public market. Currently, the Common Stock is traded on the Nasdaq Global Market and the fair market value per share is equal to the closing price of the Company's Common Stock on the Nasdaq Global Market on the date of grant of the option. Options granted under the 2006 Directors' Plan will have a term of ten years.

Effect of Certain Corporate Events. In the event of the dissolution or liquidation of the Company, a sale of all or substantially all of the assets of the Company, the merger or consolidation of the Company with or into another corporation in which the Company is not the surviving corporation or any other capital reorganization in

8

which more than 50% of the shares of the Company entitled to vote are exchanged, each non-employee director shall have a reasonable time within which to exercise the option, including any part of the option that would not otherwise be exercisable, prior to the effectiveness of such dissolution, liquidation, sale, merger or reorganization, at the end of which time the option shall terminate, or shall receive a substitute option with comparable terms, as to an equivalent number of shares of stock of the corporation succeeding the Company or acquiring its business by reason of such dissolution, liquidation, sale, merger, consolidation or reorganization.

Duration and Termination. The Board of Directors may at any time amend or terminate the 2006 Directors' Plan, except that such termination cannot affect options previously granted without the agreement of any optionee so affected. If not terminated earlier, the 2006 Directors' Plan will expire in 2016.

The following table sets forth information with respect to stock options granted under the 2006 Directors' Plan to the non-employee directors of the Company (6 persons) in the fiscal year ended December 31, 2006. As discussed above, the executive officers and employees of the Company are not eligible for grants under the 2006 Directors' Plan.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

On the recommendation of the Audit Committee, the Board of Directors has selected Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2007, and has further directed that management submit the selection of the independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. Ernst & Young LLP has served as the Company's independent registered public accounting firm since 1992. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions from stockholders.

Stockholder ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm is not required by the Company's Bylaws or otherwise. However, the Board of Directors is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee and the Board of Directors in their discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

REQUIRED VOTE

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote on the proposal at the meeting will be required to ratify the selection of Ernst & Young LLP. Abstentions will have the same effect as a vote against this proposal. However, the ratification of our selection of Ernst & Young LLP is a matter on which a broker or other nominee is empowered to vote. Accordingly, no broker non-votes will result from this proposal.

**The Board of Directors Unanimously Recommends That
Stockholders Vote FOR Proposal 2**

COMPENSATION DISCUSSION AND ANALYSIS**Executive Compensation Philosophy**

Executive compensation programs impact all employees by establishing a general framework for compensation and creating a work environment focused on expectations, goals and rewards. Because the performance of every employee is important to our success, we are mindful of the impact executive compensation and incentive programs on all our employees. Geron's executive compensation strategy and structure are based on the following principles:

- Reward Successful Execution of Business Strategy:

Executive bonus compensation is predicated on organizational success in addition to individual achievement. The compensation program is designed to support the corporate business strategy and business plan by clearly communicating what is expected of each executive with respect to goals and results, and reward entity/team success, not just individual effort.

- Attract and Retain Qualified Talent:

Successful execution of the business strategy necessitates keeping the Company's management team in place and focused on business goals. Therefore, the Company's program must be competitive including equity awards granted with vesting schedules designed to promote retention.

- Align Management and Stockholder Interests:

Long-term equity compensation underscores the common interests of stockholders and management by providing a continuing financial incentive to maximize long-term value to stockholders.

Objectives of the Executive Compensation Program

The executive compensation program is designed to achieve four primary objectives:

1. Ensure base pay is competitive for the role or job to be performed.
2. Recognize performance of annual goals and milestones achieved through annual incentives.
3. Reward achievement of long-term goals and enhancement of shareholder wealth through the long-term incentive program.
4. Provide a cost effective but competitive benefits package that promotes a positive work environment.

Compensation Elements and Purpose

Executive compensation at Geron consists of the following elements:

- Base salary: Compensation for ongoing performance throughout the year.
- Annual incentive bonus: Awarded to recognize and reward performance, in the context of individual, team and company performance, in the fiscal year just ended.
- Long-term incentive awards: Equity compensation to provide an incentive to manage the Company from the perspective of an owner with an equity stake in the business.
- Other benefits: Employee benefit plans in which executives and all employees participate.
- Severance and change in control benefits: Remuneration paid to executives in the event of a change in control of the Company or involuntary employment termination.

The component elements of the compensation plan work together to help us attract, retain and incentivize an experienced and highly capable management team. The Compensation Committee (the Committee) evaluates the performance of each executive officer using the following factors in the process of setting salaries and granting incentive awards:

- performance against corporate and individual objectives for the previous year;

- difficulty of achieving desired results in the coming year;
- value of unique skills and capabilities to support long-term performance of the Company;
- performance of general management responsibilities;
- reporting structure and internal pay relationships; and
- extraordinary contributions as a member of the executive management team.

The Committee exercises judgment in allocating between cash and non-cash compensation. We do not currently engage any consultant related to executive compensation matters.

Calculation of Compensation Elements

Base salary

Base salaries are reviewed annually and adjustments are made at the beginning of the year to reflect changes in job description and market conditions. When establishing or reviewing compensation levels for each executive officer, the Committee considers numerous factors, including the qualifications of the executive, his or her level of relevant experience, nature and responsibility of the position, salary norms for persons in comparable positions at comparable companies, the competitiveness of the market for the executive's services, strategic goals for which the executive has responsibility and individual performance.

The Committee annually evaluates executive officer compensation after a review of company performance, individual achievement and consideration of industry compensation levels. The Committee reviews independent survey data, such as the Radford Biotech Survey, as well as publicly available data from companies with which Geron competes for talent. The businesses chosen for comparison may differ from one executive to the next depending on the scope and nature of the business for which the particular executive is responsible. Companies used for compensation evaluation may include Genentech Inc., Chiron Corporation, Gilead Sciences Inc., Amgen Inc., Genzyme Corporation, Biogen Idec Inc., CV Therapeutics Inc., MedImmune Inc., Neurocrine Biosciences Inc., Arqule Inc, CuraGen Corporation, Praecis Pharmaceuticals, XOMA Ltd. and others. In the biopharmaceutical industry, many traditional measures of corporate performance, such as earnings per share or sales growth, may not readily apply in reviewing performance of executives. Because of Geron's current stage of development, the Committee evaluates other indications of performance, including progress of the Company's research and development programs and corporate development activities, as well as the Company's success in securing capital sufficient to enable the Company to continue research and development activities.

2006 Compensation Decisions

The Committee met in December 2006 to evaluate executive officer performance and compensation. The Committee reviewed executive compensation of comparable companies and determined that recruitment of qualified individuals for the Company would require considerable increases in compensation from current internal levels. The Committee also recognized the need to retain current management given individual and collective performance. Utilizing recent hiring experience and information from search firms employed to recruit senior level talent, the Committee awarded the following merit salary increases to the Principal Executive Officer, the Principal Financial Officer and the three most highly compensated executive officers of the Company (the Named Executive Officers or NEO):

Officer and Position	2007 Salary	% Increase From 2006 Salary
Thomas B. Okarma, Ph.D., M.D. President and CEO	\$ 510,000	7%
David L. Greenwood		

Executive Vice President, CFO	\$ 395,000	8%
David J. Earp, Ph.D., J.D. Senior Vice President, Business Development and Chief Patent Counsel	\$ 310,000	8%
Calvin B. Harley, Ph.D. Chief Scientific Officer	\$ 305,000	8%
Jane S. Lebkowski, Ph.D. Senior Vice President, Regenerative Medicine	\$ 320,000	12%

Annual Incentive Awards

Annual incentive awards are awarded on a discretionary basis, usually following the Company's fiscal year-end, and are based on the achievement of corporate and individual goals set by the Board at the beginning of the year, as well as the financial condition of the Company. All employees, including executive officers, have an established potential award which is equal to a percentage of the employee's base salary. The percentage increases with increasing rank in the company. The bonus targets for executive officers in 2006 ranged from 35% to 60% of base salary depending on the officer's position. In addition, the bonus targets are weighted for individual and company performance as noted below.

At the end of each year, the Committee determines the level of achievement with respect to each corporate goal, and decides the overall percent of corporate goal achievement for purposes of bonus awards. For this assessment, the Committee evaluates the status of Geron's development programs and clinical progress and corporate development activities. These qualitative factors are also typically used by comparable companies to evaluate performance. This necessarily involves a subjective assessment of corporate performance by the Committee. Moreover, the Committee does not base its considerations on a single performance factor, but rather considers a mix of factors and evaluates company and individual performance against that mix.

2006 Compensation Decisions

Following were the bonus targets and weighting percentages used to calculate the 2006 bonus for the Named Executive Officers:

Officer and Position	Bonus Potential As a % of Salary	Corporate Performance Weighting	Individual Performance Weighting	Bonus Awarded as a % of Salary
Thomas B. Okarma, Ph.D., M.D. President and CEO	60%	50%	50%	54%
David L. Greenwood Executive Vice President, CFO	45%	50%	50%	41%
David J. Earp, Ph.D., J.D. Senior Vice President, Business Development and Chief Patent Counsel	40%	50%	50%	30%
Calvin B. Harley, Ph.D. Chief Scientific Officer	35%	50%	50%	32%
Jane S. Lebkowski, Ph.D. Senior Vice President, Regenerative Medicine	40%	50%	50%	30%

The Committee concluded that the Company in large part successfully achieved established goals, including:

Edgar Filing: GERON CORP - Form DEF 14A

- Establishing a manufacturer for the telomerase cancer vaccine, GRNVAC1;
- Licensing a technology platform for GRNVAC1 closed system;
- Licensing rights to the LAMP antigen targeting sequence for GRNVAC1;
- Licensing intellectual property from the Oxford University for dendritic cells derived from human embryonic stem cells (hESC);
- Establishing a collaboration with Corning Inc. for hESC production technology;
- Establishing a jointly funded collaboration with the University of Edinburgh;
- Reaching favorable resolution of ES Cell International and Advanced Cell Technology intellectual property disputes;
- Raising \$40 million in proceeds from a private financing;
- Initiating the solid tumor trial for the telomerase inhibitor drug, GRN163L;
- Recruiting the President of Oncology;
- Reengineering methods to synthesize monomers, reducing cost of goods sold for GRN163L;
- Developing multiple drug-supply vendor relationships;
- Filing the Initial New Drug application to conduct a Phase I clinical trial of GRNVAC1 in patients with acute myelogenous leukemia;
- Transitioning TAT2 from research to development;
- Resolving the pre-clinical program with the Food and Drug Administration for GRNOPC1, hESC-derived oligodendroglial cells for the treatment of subacute spinal cord injury;
- Recruiting a technical management team for hESC production; and
- Progressing hESC-derived cardiomyocyte and islet programs into animal studies.

As a result, the Committee assigned an 80% corporate performance factor for 2006.

The Chief Executive Officer evaluates individual performance (for officers other than himself) through written evaluations. He provides the evaluations to the Committee along with his recommendations for each individual performance factor. The Committee reviews the performance and assessment of each executive officer and then evaluates the Chief Executive Officer and assigns each individual achievement factor. For 2006, the Committee concluded that Dr. Okarma had achieved 100% of his individual goals which included recruitment of drug development and process and manufacturing expertise to the company, recruitment of a President, Oncology to the company, building regulatory and quality control/quality assurance teams at the company and managing the progress of all research and development programs. Individual performance factors for other executive officers ranged from 70% to 100%.

Long-Term Incentive Awards

The Company has used the grant of options under its 2002 Equity Incentive Plan to encourage employee ownership in Geron, link pay with performance and align interests of stockholders and employees. All Geron employees are eligible for stock option grants. Stock option grants to our employees, including executive officers, are typically granted annually on the same date of the annual meeting of stockholders which is also the date that non-employee board members receive their stock option grants in accordance with the 2006 Directors' Stock Option Plan. The Committee determines the size of the stock option grant according to each executive's position within the Company and sets a level it considers appropriate to create an opportunity for reward predicated on increasing stockholder value. The Committee takes into account an individual's performance history, his or her

potential for future responsibility and promotion, and competitive total compensation targets for the individual's position and level of contribution. The relative weight given to each of these factors varies among individuals at the Committee's discretion. There is no set formula for the granting of stock options to individual executives or employees. Stock option grants to all newly hired employees are made on the third Wednesday following the new employee's hire date. To facilitate this practice, the Committee has authorized the Chief Executive Officer to approve individual stock option grants up to 50,000 shares to non-executive employees. Stock option grants greater than 50,000 shares or for executive officers must be approved by the Committee. The exercise price of all stock options is equal to the closing price of Geron common stock as reported by the Nasdaq Global Market on the date of grant. Geron's standard practice is to grant options that vest over four years from the date of grant.

2006 Compensation Decisions

In May 2006, the Committee granted stock options to all Geron employees, including all executive officers. The option grant allows each executive officer to acquire shares of Geron common stock at a fixed price per share, the closing price on the grant date as reported by the Nasdaq Global Market. The option grants will provide a return only if Geron common stock appreciates over the option term. See section "Grants of Plan-Based Awards" on page 22 for additional information regarding stock option grants to Named Executive Officers in 2006.

During 2006, Geron hired a number of senior executive and operating managers. In order to attract highly qualified individuals in a highly competitive marketplace for managerial talent, it was necessary to offer compensation packages, including sign-on grants of cash and stock, base salaries and guaranteed bonuses that were non-comparable to compensation levels for management already in the company. The Committee consequently determined it appropriate and necessary to grant restricted stock to executive officers and selected other highly valued employees. The restricted stock grants, noted below for the Named Executive Officers, occurred in January 2007 and vest over two years.

Officer and Position	Grant Date	Shares Granted (#)	Grant Date Fair Value (1)
Thomas B. Okarma, Ph.D., M.D. President and CEO	1/3/07	61,416	\$538,004
David L. Greenwood Executive Vice President, CFO	1/3/07	51,416	\$450,404
David J. Earp, Ph.D., J.D. Senior Vice President, Business Development and Chief Patent Counsel	1/3/07	41,416	\$362,804
Calvin B. Harley, Ph.D. Chief Scientific Officer	1/3/07	41,416	\$362,804
Jane S. Lebkowski, Ph.D. Senior Vice President, Regenerative Medicine	1/3/07	41,416	\$362,804

- (1) Amounts represent the stock-based compensation cost to be recognized for restricted stock under the provisions of Statement of Financial Accounting Standards No. 123R, "Share-Based Payment" (SFAS 123R). See Note 11 of the consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2006 regarding assumptions underlying the valuation of equity awards and the calculation method.

Other Benefits

Geron offers a comprehensive array of benefit programs to its employees, including all executive officers. These include:

- Comprehensive medical, dental, vision coverage and life insurance;
- A cafeteria plan administered pursuant to Section 125 of the Internal Revenue Code of 1986, as amended (the Code). The cafeteria plan includes Geron's medical and dental insurance, medical reimbursement, and dependent care reimbursement plans;
- A 401(k) plan. In 2006, the Company matched 100% of each employee's annual contributions in Geron common stock, subject to a four-year vesting schedule from the employee's start date; and
- An Employee Stock Purchase Plan implemented and administered pursuant to Section 423 of the Code.

Executive officers pay for 25% of their individual health premiums which is deducted from their gross salary. Other employees pay either 8% or 15% of the insurance premium cost. The Company does not offer any pension plans or health benefits during retirement.

Severance and Change in Control Benefits

In September 2002, the Board of Directors approved a Change of Control Severance Plan (the Severance Plan) that became effective on January 21, 2003 and was subsequently revised in October 2006. The Severance Plan applies to all employees, and provides for each employee to receive a severance payment upon a triggering event following a change of control. A triggering event is defined as an event where (i) an employee is terminated by the Company without cause in connection with a change of control or within 12 months following a change of control; or (ii) an employee is not offered comparable employment (new or continuing) by the Company or the Company's successor or acquirer within 30 days after the change of control or any employment offer is rejected; or (iii) after accepting (or continuing) employment with the Company after a change of control, an employee resigns within six 6 months following a change of control due to a material change in the terms of employment. Severance payments range from two to 18 months of base salary, depending on the employee's position with the Company, payable in a lump sum payment, plus benefits continuation matching the severance payment period.

In the event of a merger, acquisition or similar change in control of the Company, the 1992 Stock Option Plan, the 1996 Directors' Stock Option Plan, the 2002 Equity Incentive Plan and the 2006 Directors' Stock Option Plan provide that each outstanding option will accelerate so that each option will be fully exercisable for all of the shares subject to such option immediately prior to the effective date of the transaction. In addition, upon the occurrence of such transaction, the 2002 Plan provides that all of the outstanding repurchase rights of the Company with respect to shares of Common Stock acquired upon exercise of options granted under the 2002 Plan will terminate.

In January 2003, the Company entered into employment agreements with certain executive officers and key employees. These agreements provide for severance pay, in lump-sum payment, equal to a percentage of annual salary (150% in the case of the Chief Executive Officer, 125% in the case of the Chief Financial Officer, and 110% in the case of each of the other executive officers) plus benefits continuation for one year to the affected executive officer in the event his or her employment is terminated involuntarily without cause. Payments under these agreements are to be reduced by the amount of any payments made under the Severance Plan previously described. The employment agreements provide that such executive officers may not interfere with the business of the Company by soliciting or attempting to solicit any employee of the Company to terminate his or her employment in order to become an employee, consultant or independent contractor to or for any competitor of the Company.

The table below summarizes the potential payments under the Severance Plan or individual employment agreements for the Named Executive Officers:

Section 162(m) Implications for Executive Compensation

The Committee is responsible to address the issues raised by Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), which makes certain "non-performance-based" compensation to certain executives of the Company in excess of \$1,000,000 non-deductible to the Company. To qualify as "performance-based" under Section 162(m), compensation payments must be determined pursuant to a plan, by a committee of at least two "outside" directors (as defined in the regulations promulgated under the Code) and must be based on achieving objective performance goals. In addition, the material terms of the plan must be disclosed to and approved by stockholders, and the outside directors or the Committee, as applicable, must certify that the performance goals were achieved before payments can be awarded.

The Committee will continue to examine the effects of Section 162(m), to monitor the level of compensation paid to the Company's executive officers and take appropriate action in response to the provisions of Section 162(m) to the extent practicable while maintaining competitive compensation practices.

To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Committee reserves the right to recommend and award compensation that is not deductible under Section 162(m).

The Committee has reviewed and discussed the Compensation Discussion and Analysis (the CD&A) for the year ended December 31, 2006 with management. In reliance on the reviews and discussion referred to above, the Committee recommended to the Board, and the Board has approved, that the CD&A be included in the proxy statement for the year ended December 31, 2006 for filing with the Securities and Exchange Commission.

through their service on the Board.

The Board maintains four committees whose functions are described on page 6 of this Proxy Statement. Committee membership is determined by the Board, and, except for the Stock Option Committee composed of Dr. Okarma, all committee members are independent directors as determined by the Board. Each committee maintains a written charter detailing its authority and responsibilities. These charters are reviewed periodically as legislative and regulatory developments and business circumstances warrant and are available in their entirety on the Company's website at <http://www.geron.com> and to any stockholder otherwise requesting a copy. The Nominating Committee Charter was adopted by the Board of Directors in March 2004.

Stockholders wishing to communicate with the Board of Directors, or with a specific Board member, may do so by writing to the Board, or to the particular Board member, and delivering the communication in person or mailing it to: Board of Directors, c/o David L. Greenwood, Corporate Secretary, Geron Corporation, 230 Constitution Drive, Menlo Park, CA 94025. All mail addressed in this manner will be delivered to the Chair or Chairs of the Committees with responsibilities touching most closely on the matters addressed in the communication. From time to time, the Board may change the process by means of which stockholders may communicate with the Board or its members. Please refer to the Company's website for any changes in this process.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities (collectively, Reporting Persons), to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Reporting Persons are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

28

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, the Company believes that during fiscal year ended December 31, 2006, all Reporting Persons complied with the applicable filing requirement on a timely basis.

Stockholder Nominations and Proposals for 2008 Annual Meeting

The Company expects to hold its 2008 Annual Meeting of Stockholders in May 2008. All proposals of stockholders intended to be presented at the 2008 Annual Meeting of Stockholders must be directed to the attention of the Company's Secretary, at the address set forth on the first page of this proxy statement, so that they are received by December 20, 2007, if they are to be considered for possible inclusion in the proxy statement and form of proxy used in connection with such meeting. In compliance with Exchange Act Rule 14a-8, stockholders wishing to submit proposals or director nominations that are not to be included in such proxy statement and proxy must do so by January 20, 2008. In addition, the Company's Bylaws provide for notice procedures to recommend a person for nomination as a director and to propose business to be considered by stockholders at a meeting. Copies of the Company's Bylaws may be obtained from the Company's Secretary.

Stockholders who wish to submit a proposed nominee to the Nominating Committee (the Committee) should send written notice to Dr. Alexander Barkas, Nominating Committee Chairman, Geron Corporation, 230 Constitution Drive, Menlo Park, CA 94025, within the time periods set forth above. Such notification should set forth all information relating to such nominee as is required to be disclosed in solicitations of proxies for elections of directors pursuant to Regulation 14A under the Exchange Act, including such person's written consent to being named in a proxy statement as a nominee and to serving as a director if elected, the name and address of such stockholder or beneficial owner on whose behalf the nomination is being made, and the class and number of shares of the Company owned beneficially and of record by such stockholder or beneficial owner. The Committee will consider stockholder nominees on the same terms as nominees selected by the Committee.

The Committee believes that nominees for election to the Board must possess certain minimum qualifications and attributes. The nominee: 1) must meet the objective independence requirements set forth by the SEC and

Nasdaq, 2) must exhibit strong personal integrity, character and ethics, and a commitment to ethical business and accounting practices, 3) must not be involved in on-going litigation with the Company or be employed by an entity which is engaged in such litigation and 4) must not be the subject of any on-going criminal investigations, including investigations for fraud or financial misconduct. In addition, the Committee may consider the following criteria, among others:

- (i) experience in corporate management, such as serving as an officer or former officer of a publicly held company, and a general understanding of marketing, finance and other elements relevant to the success of a publicly traded company in today's business environment;
- (ii) experience in the Company's industry and with relevant social policy concerns;
- (iii) experience as a board member of another publicly held company;
- (iv) expertise in an area of the Company's operations; and
- (v) practical and mature business judgment, including ability to make independent analytical inquiries.

Directors are expected to rigorously prepare for, attend and participate in Board meetings and meetings of the Committees of the Board of Directors on which they serve, to ask direct questions and require straight answers, and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities and duties as directors. Each Board member is expected to ensure that other existing and planned future commitments do not materially interfere with the member's service as an outstanding director.

OTHER MATTERS

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

By Order of the Board of Directors,
David L. Greenwood
Secretary
