Item 2.05. Costs Associated with Exit or Disposal Activities.

In April 2014, Hudson Global, Inc. (the “Company”) engaged AlixPartners, LLP, (“AlixPartners”) to assist management in a comprehensive assessment of the Company’s organization and operations. In July 2014, in conjunction with the AlixPartners review, the Company’s Board of Directors (the “Board”) approved a program to restructure and realign the Company’s cost base with current and anticipated future market conditions. At that time, the Board approved a \$7,000,000 plan of reorganization at the regional and corporate level (the “2014 Plan”), with such charge to be increased as appropriate depending on the timing of other strategic actions, such as the sale of the Company’s Legal eDiscovery business and formulation of action plans. Following the sale of the Company’s Legal eDiscovery business in November 2014, the Company determined that additional restructuring actions were appropriate to align the Company’s cost base with its operations. Accordingly, on December 13, 2014, the Board approved an increase of \$4,100,000 (all of which will result in future cash expenditures) for additional actions under the 2014 Plan, consisting of actions for optimizations of existing real estate, including approximately \$2,500,000 for exiting certain real estate related to the Company’s former Legal eDiscovery business which is expected to be recorded as discontinued operations. The Company expects to substantially complete these additional actions by the third quarter of 2015.
