Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes  
No

The number of shares outstanding of the registrant's Common Stock, \$0.001 par value, as of May 13, 2016 was 8,699,712.

## EXPLANATORY NOTE

Pioneer Power Solutions, Inc. (the “Company,” “we,” “us,” or “our”) is filing this Amendment No. 1 on Form 10-Q/A (this “Amendment”) to its quarterly report on Form 10-Q for the quarterly period ended March 31, 2016, which was originally filed on May 13, 2016 (the “Original Form 10-Q Filing”), to amend Item 4 in Part I, “Controls and Procedures—Management’s Conclusions Regarding Effectiveness of Disclosure Controls and Procedures”, to disclose the conclusions of the Company’s principal executive and principal officers regarding the effectiveness of the Company’s disclosure controls and procedures as of the end of the period covered by this report.

In accordance with Rule 12b-15 under the Securities and Exchange Act of 1934, as amended (the “Exchange Act”), we have set forth the complete text of Item 4, which shall amend and restate Item 4 in the Original Form 10-Q Filing in its entirety. We are also including with this Amendment the complete text of Item 6 of the Original Filing as amended. Except as described above, no other changes have been made to the Original Form 10-Q Filing. This Form 10-Q/A speaks as of the filing date of the Original Form 10-Q Filing and has not been updated to reflect events occurring subsequent to the date of the Original Form 10-Q Filing. Accordingly, this Form 10-Q/A should be read in conjunction with the Original Form 10-Q Filing and our other filings with the SEC subsequent to the filing of the Original Form 10-Q Filing. As required by Rule 12b-15 promulgated under the Exchange Act, new certifications by the Company’s principal executive officer and principal financial officer are filed as exhibits to this Amendment.

## PART I – FINANCIAL INFORMATION

### ITEM 4. CONTROLS AND PROCEDURES

#### Management’s Conclusions Regarding Effectiveness of Disclosure Controls and Procedures

A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of our annual or interim financial statements will not be prevented or detected on a timely basis. The matters that management identified in our Annual Report on Form 10-K for the year ended December 31, 2015, continued to exist and were still considered material weaknesses in our internal control over financial reporting at March 31, 2016.

We conducted an evaluation of the effectiveness of our “disclosure controls and procedures” (“Disclosure Controls”), as defined by Rules 13a-15e and 15d-15e of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), as of March 31, 2016, the end of the period covered by this Quarterly Report on Form 10-Q. The Disclosure Controls evaluation was done under the supervision and with the participation of management, including our chief executive officer and chief financial officer. There are inherent limitations to the effectiveness of any system of disclosure controls and procedures. As of March 31, 2016, based on the evaluation of these disclosure controls and procedures, and in light of the material weaknesses found in our internal controls over financial reporting, our chief executive officer and chief financial officer have concluded that our disclosure controls and procedures were not effective.

#### Remediation Plan

As of March 31, 2016, there were control deficiencies which constituted material weaknesses in our internal control over financial reporting. Management has taken, and is taking steps to strengthen our internal control over financial reporting. Specifically:

- We have contracted with a third party to process our payroll, prepare all payroll reports and timely remit payroll taxes to the appropriate tax authorities.
- We have approved a plan that provides for the recruitment of new senior personnel at our reporting unit locations, as well as additional training for existing accounting staff as it relates to our financial reporting

requirements.

- Members of management and the accounting staff have and will receive additional training related to policies, procedures and internal controls, including Pioneer's policies regarding monthly reconciliations and supervisory review procedures for all significant accounts.
- Additional training has and will be provided to financial and non-financial personnel related to the ERP business system that was implemented at Bemag Transformer and Pioneer Critical Power to foster utilization of tools available for timely review of production runs and projects in progress.
- Our corporate accounting group, assisted by an independent consulting firm that has been engaged, will review and assess progress on the remediation plan noted above.

While we have taken certain actions to address the material weaknesses identified, additional measures may be necessary as we work to improve the overall effectiveness of our internal controls over financial reporting. Through the actions in the remediation plan reported in our Annual Report on Form 10-K for the year ended December 31, 2015, and new actions which have since been initiated, we believe that we are addressing the deficiencies that affected our internal control over financial reporting for the year then ended. The new actions initiated are a component part of our restructuring and integration plan, designed to reduce the number of our production facilities from six locations to three. As a result, the controls and procedures which were previously identified as ineffective at our Bemag Transformer and Pioneer Critical Power reporting units will become inapplicable, as performance of their relevant business activities is transferred to other Pioneer locations having suitable entity-level controls and financial closing and reporting processes. Until the remediation plan is fully implemented and operating for a sufficient period of time, we will not be able to conclude that the material weaknesses have been remediated. We will continue to monitor and assess our remediation activities to address the material weaknesses discussed above through remediation as soon as practicable.

### **Changes in Internal Control over Financial Reporting**

Other than changes that have been enacted pursuant to our remediation plan, there were no changes in our internal control over financial reporting during the quarter ended March 31, 2016 that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

### **ITEM 6. EXHIBITS**

See the Exhibit Index following the signature page to this Quarterly Report on Form 10-Q/A for a list of exhibits filed or furnished with this report, which Exhibit Index is incorporated herein by reference.

**SIGNATURES**

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.
